

AGRONOMY, PH.D.

ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	December 1
Spring Deadline	September 1
Summer Deadline	December 1
GRE (Graduate Record Examinations)	Not required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).
Other Test(s) (e.g., GMAT, MCAT)	n/a
Letters of Recommendation Required	3

Candidates for graduate study should have a bachelor's degree in agriculture or in the biological, chemical, or physical sciences. Contact the department or visit the website (<http://agronomy.wisc.edu/graduate-admissions/for-prospective-graduate-students/>) for details. Students considering graduate study in Agronomy should make inquiries to the department several months before the desired enrollment date. In addition to the online application, the department requires a statement of purpose, transcripts, and three letters of recommendation with two from academic sources.

Candidates for department research and teaching assistantships can be accepted twice a year, at summer/fall and spring admissions.

Agronomy admissions FAQs. (<https://agronomy.wisc.edu/graduate-admissions/for-prospective-graduate-students/>)

The following courses are entrance requirements to pursue a Ph.D. in the Department of Agronomy. Applicants are required to have taken the following coursework. At the department's discretion, students may be admitted with deficiencies. These deficiencies are expected to be completed within the first semester of study.

- 1 year general chemistry with labs
- 1 semester organic chemistry with labs

- 1 semester physics
- 1 semester calculus
- 1 semester statistics
- 4 semesters of biology distributed among three of the following four areas: biochemistry; genetics; plant morphology, anatomy or physiology; and taxonomy, evolution, or ecology.
