

# BIOCHEMISTRY, DOCTORAL MINOR

## REQUIREMENTS

### REQUIREMENTS

For a doctoral minor in biochemistry, a doctoral candidate must complete a required course series and earn a total of 9 credits in biochemistry courses.

Code	Title	Credits
<b>Foundation in Biochemistry<sup>1</sup></b>		
BIOCHEM 507	General Biochemistry I	3
BIOCHEM 508	General Biochemistry II	3
<b>Additional Biochemistry Courses</b>		
Biochemistry coursework as approved by the Education and Career Development Committee (ECDC).		3
<b>Total Credits</b>		<b>9</b>

<sup>1</sup> Students with a background in biochemistry may replace this with 6 credits of other Biochemistry coursework with prior approval from the program's Education and Career Development Committee (ECDC). Transcripts demonstrating prior undergraduate or graduate coursework must be provided.
