

# BIOCHEMISTRY, DOCTORAL MINOR

## REQUIREMENTS

For a doctoral minor in biochemistry, a doctoral candidate must complete a required course series and earn a total of 9 credits in biochemistry courses.

Code	Title	Credits
<b>Foundation in Biochemistry <sup>1</sup></b>		
BIOCHEM 507	General Biochemistry I	3
BIOCHEM 508	General Biochemistry II	3
<b>Additional Biochemistry Courses</b>		
	Biochemistry coursework as approved by the Examination and Certification Committee (ECC)	3
<b>Total Credits</b>		<b>9</b>

<sup>1</sup>

Students with a background in biochemistry may replace this with 6 credits of other Biochemistry coursework with prior approval from the program's Examination and Certification Committee (ECC). Transcripts demonstrating prior undergraduate or graduate coursework must be provided.
