URB R PL 841	Urban Functions, Spatial Organization and Environmental Form

<b>Total Credits</b>	<b>12</b>
----------------------	-----------

## EXTRACURRICULAR ACTIVITIES

Certificate students are encouraged, but not required, to engage in extracurricular activities that enhance the certificate's learning outcomes. These include:

- Speaker events such as the Weston Lecture Series or the Sustainable Success Speaker Series
- Sustainability oriented student organizations such as NetImpact (<https://win.wisc.edu/organization/wisconsinmbanetimpact/>); other relevant student organizations can be found here (<https://sustainability.wisc.edu/student-organizations/>).
- UW's Green Fund Competition
- Conferences such as the Nelson's Institute Annual Earth Day conference

## ELECTIVES

The list of electives is dynamic and will be adjusted as new courses are offered and dropped. Students may request to substitute listed electives with courses that are currently not listed. Such a request requires the student to explain how the substitute class meets the learning outcomes of the certificate and assists the student in reaching their individual goals for taking the certificate. The request requires approval by the certificate director.

For courses with access restricted to School of Business students, non-business school students may select equivalent open-access lower-level courses numbered 300 and above (e.g., substitute M H R 723 Business Strategy with M H R 423 Strategic Management).
