

AUDIOLOGY, AUD

The first term for enrollment in the Doctor of Audiology is fall 2027.

The University of Wisconsin–Madison Doctor of Audiology (Au.D.) program prepares students for professional practice in audiology through academic coursework, clinical education, and community engagement experiences. The four-year professional doctorate includes training in the prevention, evaluation, diagnosis, and treatment of hearing and balance disorders across the lifespan.

Students participate in clinical experiences in a variety of settings, including hospitals, schools, private practices, and community clinics. The program emphasizes evidence-based practice, interprofessional collaboration, and preparation for clinical licensure and professional certification.

For additional information about the program, including admissions, curriculum, clinical education, and student resources, please visit the UW–Madison Doctor of Audiology Program website (<https://csd.wisc.edu/aud/>).

The Doctor of Audiology (Au.D.) program in audiology (residential) at the University of Wisconsin–Madison is an Applicant for Accreditation by the Council on Academic Accreditation in Audiology and Speech–Language Pathology of the American Speech–Language–Hearing Association, 2200 Research Boulevard, #310, Rockville, MD 20850, 800-498-2071 or 301-296-5700.
