

ECONOMICS, M.S.

There are two M.S. in Economics Named Option degrees. The M.S. Named Option in Graduate Foundations is a terminal master's degree that students apply to directly. See information about the Graduate Foundations program here (<http://guide.wisc.edu/graduate/economics/economics-ms/economics-graduate-foundations-ms/#text>). The other M.S. Named Option Economics degree is part of the Ph.D. program and does not admit students directly.
