ARTIFICIAL INTELLIGENCE FOR ENGINEERING DATA ANALYTICS, GRADUATE/ PROFESSIONAL CERTIFICATE

The *Artificial Intelligence for Engineering Data Analytics* graduate certificate comprises courses from the College of Engineering's online Master of Engineering in Data Analytics (MEDA) program and the Department of Industrial and Systems Engineering's graduate curriculum. This certificate equips graduate students with specialized expertise in AI-driven data analysis, as well as the design, development, and deployment of AI applications. The nine-credit graduate certificate is designed to integrate with all online graduate programs offered by the College of Engineering and the professional Master of Science programs within the Department of Industrial and Systems Engineering.
