

ENGINEERING: ENGINEERING MANAGEMENT, M.ENG.

This degree has evolved to a Master of Science: Engineering Management degree (<http://guide.wisc.edu/graduate/engineering-college-wide/engineering-management-ms/>).

Admissions to the M.Eng. Engineering: Engineering Management are suspended as of spring 2024 and will be discontinued as of fall 2026. If you have any questions, please contact the department. Prospective students should apply to the Master of Science: Engineering Management degree.

If you have any questions, please contact the program.

This is a named option within the Engineering M. Eng. (<http://guide.wisc.edu/graduate/engineering-college-wide/engineering-meng/>)

The named option Engineering Management (<https://interpro.wisc.edu/online-degrees/engineering-management/>) is an online engineering master's degree, designed in content and format to help engineering professionals become exceptional leaders and managers.

In this high-impact, cross-disciplinary degree, engineers learn to:

- Exercise appropriate leadership and management strategies and practices aligned to the needs of their teams, projects, and organizations.
- Confidently lead engineering teams and projects.
- Improve the impact of their engineering decisions and project proposals on the financial bottom line of their employer.
- Knowledgeably navigate engineering-related legal issues, marketing opportunities, and data-driven decisions.
- Successfully communicate, advocate, and negotiate for positive results with stakeholders, decision-makers, and partners.

More information about this graduate degree can be found here (<https://interpro.wisc.edu/online-degrees/engineering-management/>).
