ENGINEERING: ENGINEERING MANAGEMENT, MENG

This degree has evolved to a Master of Science: Engineering Management degree (http://guide.wisc.edu/graduate/engineering-college-wide/engineering-management-ms/).

Admissions to the MEng. Engineering: Engineering Management are **suspended as of spring 2024 and will be discontinued as of fall 2026.** If you have any questions, please contact the department. Prospective students should apply to the Master of Science: Engineering Management (http://guide.wisc.edu/graduate/engineering-college-wide/engineering-management-ms/) degree.

If you have any questions, please contact the program.

This is a named option within the Engineering MEng. (http://guide.wisc.edu/graduate/engineering-college-wide/engineering-meng/)

The named option Engineering Management (https://interpro.wisc.edu/online-degrees/engineering-management/) is an online engineering master's degree, designed in content and format to help engineering professionals become exceptional leaders and managers.

In this high-impact, cross-disciplinary degree, engineers learn to:

- Exercise appropriate leadership and management strategies and practices aligned to the needs of their teams, projects, and organizations.
- Confidently lead engineering teams and projects.
- Improve the impact of their engineering decisions and project proposals on the financial bottom line of their employer.
- Knowledgeably navigate engineering-related legal issues, marketing opportunities, and data-driven decisions.
- Successfully communicate, advocate, and negotiate for positive results with stakeholders, decision-makers, and partners.

More information about this graduate degree can be found here (https://interpro.wisc.edu/online-degrees/ms-engineering-management/).
