MA Library and Information Studies Transfers

The program would accept up to 10 credits (1 semester) from students who begin the MA program but then seek to change to the MS Information program. Courses from outside the MS Information approved course list are subject to approval by the advisor and must not exceed the 9 elective credits allowed within the program.

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.
