International Public Affairs and Urban and Regional Planning (MIPA/M.S. URPL)

The La Follette School of Public Affairs and the Department of Planning and Landscape Architecture offer a double degree Master of Science in Urban and Regional Planning and a Master of International Public Affairs. Students completing the double degree must follow the double degree plan. The Department of Planning and Landscape Architecture requires 46 credits for the Master of Science in Urban and Regional Planning. The La Follette School requires 42 credits for the Master of International Public Affairs. Per UW-Madison Graduate School policy, an overlap of 25% of credits is permitted (11 credits can count toward both degrees). Students can graduate with both degrees by completing 77 credits in three years.

Graduate coordinators for both programs have sample curricular plans that they will share with prospective or current students to assist with successful completion of all degree requirements.
