# **HEALTH SERVICES RESEARCH IN** PHARMACY, PH.D.

#### **REQUIREMENTS**

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum academic progress and degree requirements (http://guide.wisc.edu/graduate/ #policiesandrequirementstext), in addition to the program requirements listed below.

#### MAJOR REQUIREMENTS MODE OF INSTRUCTION

Face to Face	Evening/ Weekend	Online	Hybrid	Accelerated
Yes	No	No	No	No

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

Evening/Weekend: Courses meet on the UW-Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

Face-to-Face: Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

Online: These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICUL AR REQUIREMENTS

COIM	COLANTICOCINEINIC
Requirement	t Detail
Minimum Credit Requirement	51 credits
Minimum Residence Credit Requirement	32 credits
Minimum Graduate Coursework Requirement	26 credits must be graduate-level coursework. Details can be found in the Graduate School's Minimum Graduate Coursework (50%) policy (https://policy.wisc.edu/library/ UW-1244 (https://policy.wisc.edu/library/UW-1244/)).

Overall	3.00 GPA required for graduate-level courses (numbered
Graduate	300 and above, excluding research) to receive a degree.
GPA	This program follows the Graduate School's policy: https://
Requirement	policy.wisc.edu/library/UW-1203~(https://policy.wisc.edu/library/UW-1203/).
	Candidates may be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. This applies to formal courses, seminars, and research credits.
Assessments and	Doctoral students must pass both written and oral preliminary examinations to achieve dissertator status

Examinations (see https://pharmacy.wisc.edu/handbook-sas/phddegree-requirements/preliminary-exams (https:// pharmacy.wisc.edu/handbook-sas/phd-degreerequirements/preliminary-exams/)/). The written preliminary examination is evaluated on a pass/fail basis. The oral preliminary examination must be completed within six months after having passed the written preliminary examination.

> A dissertation and final oral defense are required. See https://pharmacy.wisc.edu/handbook-sas/phddegree-requirements/dissertation-final-exams (https:// pharmacy.wisc.edu/handbook-sas/phd-degreerequirements/dissertation-final-exams/)/ for details.

Language

Candidates with an emphasis in the history of pharmacy Requirements are required to achieve competence in two foreign languages (one in addition to the language acquired for the M.S. degree). Contact the school's graduate programs coordinator for more information.

Breadth Requirement

All doctoral students are required to complete a doctoral minor or Graduate/Professional certificate.

Students completing Option B minors must complete a minimum of 9 credits outside of HSRP, reflecting a cohesive and logical combination of courses for specialization emphasis. For Option B, the doctoral minor is developed by the student and faculty advisor as a plan for specialization. In HSRP, the student's committee approves the minor Option B plan. The minor supports the theoretical foundations for the Ph.D. and should consist of a majority of courses that are theory-focused (i.e., not focused on research methods or analytical/statistical techniques); that is, theoretical courses should comprise all or most of the minor plan.

#### **REQUIRED COURSES**

At least 14 credits in core courses (seminar and core principles and methods), 15 credits in research and analysis (additional research methods, analytic techniques), and 22 credits in specialty/advanced courses is required.
