The subject GRE is recommended in these circumstances:

- If your transcript does not accurately reflect your academic strengths
- If including the score would significantly strengthen your application
- If you are particularly interested in pursuing Physics Theory as a research focus

Admission is competitive. All applicants are reviewed and evaluated on the basis of previous academic record, three letters of recommendation, statement of purpose for graduate studies, and resume. The Graduate Record Exam (GRE) subject scores will be considered if submitted. All eligible applicants with complete files are considered for teaching or research assistantships and fellowships. To be considered for admission, students must submit all application materials via the Graduate School electronic application site (<https://www.gradsch.wisc.edu/eapp/eapp.pl>) by December 15.
