

PSYCHOLOGY, PHD

CERTIFICATION/LICENSURE

CERTIFICATION/LICENSURE CLINICAL PSYCHOLOGICAL SCIENCE PATHWAY¹

Students pursuing the limited enrollment accredited Clinical Psychological Science pathway in the program complete the requirements for the doctoral program with specified coursework comprising Foundations in Clinical Psychological Science within the first two years of matriculation, as well as Advanced Clinical Psychological Science. Coursework includes the etiology and treatment of psychopathology, the theory and application of clinical assessment, clinical research methods, statistics/methodology courses, as well as other coursework in nonclinical areas both in and outside of the department. Working from this foundation, students may complete an approved internship or engage in further research.

To achieve this, students generally complete the following:

Requirements:

- Three required doctoral program courses as noted in the Requirements tab
- Weekly area proseminar for at least their first three years (students on the Clinical Psychological Science pathway students must take the CPS area group meeting)
- Area of specialization credit (in CPS area courses)
- Research Credit to complete doctoral study/thesis

Students pursuing licensure also complete (see course list below for corresponding coursework):

1. Breadth requirement with the following American Psychological Association (APA) approved breadth coursework.
2. Clinical Placement
3. Predoctoral Internship
