Students should contact the CEAS advisor (see contact information in the box on the right) with questions regarding courses and requirements for the certificate.

Students are encouraged to seek the assistance of SuccessWorks at the College of Letters & Science early in their academic careers. Take advantage of all the services offered such as mock interviews, resume and cover letter review sessions, career preparation workshops, and so on.

Students interested in international internships should contact the International Internships Program (<http://internships.international.wisc.edu/>) office.

### L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (<https://careers.ls.wisc.edu/handshake/>) to take care of everything they need to explore career events, manage their campus interviews, and apply to jobs and internships from 200,000+ employers around the country.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://careers.ls.wisc.edu/make-an-appointment/>)
- Handshake (<https://careers.ls.wisc.edu/handshake/>)

Learn how we're transforming career preparation: L&S Career Initiative (<http://ls.wisc.edu/lsci/>)

## PEOPLE

### PEOPLE

Please visit our website to learn more about our CEAS faculty and staff:

Staff (<https://eastasia.wisc.edu/staff/>)

Faculty (<https://eastasia.wisc.edu/ceas-faculty/>)

Steering Committee (<https://eastasia.wisc.edu/steering-committee/2020-21/>)

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies (<https://iris.wisc.edu/>), we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, learn foreign languages, and expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and prospective students, and more broadly to K-12 teachers and students, postsecondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who is interested.

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

Please visit our Funding Opportunities page for information on funding available to CEAS students.

Please join the CEAS mailing list (<https://wisc.us19.list-manage.com/subscribe/?u=fccb9f121aa754e663a765bfc&id=c7aa1cbdaf>) to receive "This Week at CEAS," a weekly newsletter that contains information on events and opportunities related to East Asia.

## EUROPEAN STUDIES, CERTIFICATE

The European Studies Program (<https://europe.wisc.edu/>), in cooperation with the Center for European Studies, the Jean Monnet European Union Center of Excellence (JMEUCE), and the DAAD Center for German and European Studies (CGES), promotes knowledge and understanding of Europe both on and off campus. Established in 1968, the program provides integrated interdisciplinary studies on contemporary Europe for both undergraduate and graduate students. The program brings together scholars on campus interested in different aspects of Europe to discuss topics of mutual interest. More than 30 departments offer courses on

Europe (excluding language courses), providing the largest number of courses on any region of the world other than the United States.

## HOW TO GET IN

### HOW TO GET IN

Students interested in declaring the undergraduate certificate should contact the Center for European Studies or the undergraduate advisor.

## REQUIREMENTS

### REQUIREMENTS

#### LANGUAGE REQUIREMENT

Students may satisfy the European language requirement by taking college courses, or through high school units. There are two options to complete the requirement—students can either complete:

1. Four units of a single European language  
**or**
2. Three units of one European language and two units of a second European language.

#### Fourth, Third, and Second Unit Courses

Code	Title	Credits
<b>Fourth unit courses:</b>		
<i>Courses above fourth semester may be used to satisfy this requirement.</i>		
FRENCH 204	Fourth Semester French	
GERMAN 204	Fourth Semester German	
GERMAN 214	Fourth Semester Dutch	
GNS 440	Fourth Semester Turkish	
GREEK 306	Fourth Semester Ancient Greek	
ITALIAN 204	Fourth Semester Italian	
PORTUG 202	Fourth Semester Portuguese	
SCAND ST 202	Second Year Norwegian	
SCAND ST 212	Second Year Swedish	
SCAND ST 222	Second Year Danish	
SPANISH 204	Fourth Semester Spanish	
SLAVIC 208	Fourth Semester Polish	
SLAVIC 218	Fourth Semester Czech	
SLAVIC 252	Fourth Semester Serbo-Croatian	

#### Third unit courses:

FRENCH 203	Third Semester French	
GERMAN 203	Third Semester German	
GERMAN 213	Third Semester Dutch	
GNS 439	Third Semester Turkish	
GREEK 305	Third Semester Ancient Greek	
ITALIAN 203	Third Semester Italian	
PORTUG 201	Third Semester Portuguese	
SCAND ST 201	Second Year Norwegian	
SCAND ST 211	Second Year Swedish	
SCAND ST 221	Second Year Danish	
SPANISH 203	Third Semester Spanish	

SLAVIC 207	Third Semester Polish	
SLAVIC 217	Third Semester Czech	
SLAVIC 251	Third Semester Serbo-Croatian	
<b>Second unit courses:</b>		
FRENCH 102	Second Semester French	
GERMAN 102	Second Semester German	
GERMAN 112	Second Semester Dutch	
GNS 340	Second Semester Turkish	
GREEK 104	Second Semester Ancient Greek	
GREEK 304	Second Semester Ancient Greek	
ITALIAN 102	Second Semester Italian	
PORTUG 102	Second Semester Portuguese	
SCAND ST 102	Second Semester Norwegian	
SCAND ST 112	Second Semester Swedish	
SCAND ST 122	Second Semester Danish	
SCAND ST 132	Second Semester Finnish	
SPANISH 102	Second Semester Spanish	
SLAVIC 116	Second Semester Czech	
SLAVIC 112	Second Semester Polish	
SLAVIC 142	Second Semester Serbo-Croatian	

### EUROPEAN AREA STUDIES REQUIREMENT

Complete seven courses and 21 credits, with courses being taken in at least two **subjects**, and distributed in one of **two** ways:

1. **Option 1:** Seven courses on **Europe as a whole**: focusing on topics such as the European Union, European history, or European literature.
2. **Option 2:** Seven courses distributed across **three or more regional/national areas**. (Students may use Europe as a whole courses in partial fulfillment of this option combined with courses on two other regional/national areas).

#### Option 1: Europe as a Whole Europe as a Whole

## RESIDENCE AND QUALITY OF WORK

- Minimum 2.500 GPA on all certificate courses.
- At least 11 certificate credits must be completed in residence.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. (Historical Grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in the region today.
2. (Multi-disciplinarity) analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. (Depth of knowledge) mastering at the undergraduate generalist level a particular facet of life in the region by taking seven courses on three particular sub-regions or countries or by taking seven courses on the region in more than one discipline
4. (Language knowledge) mastering at undergraduate generalist level a particular facet of life in the region by studying a regional language to the intermediate level.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Advising (<https://europe.wisc.edu/certificate/>) for the certificate is through the Institute for Regional and International Studies (IRIS). The IRIS Assistant Director for Students and Curriculum can assist students in developing a plan of study for the certificate, track progress toward the certificate, explore study abroad and international internship options, and begin the career exploration process. We offer walk-in advising, advising workshops, and scheduled appointments. We strongly encourage students to begin career exploration early on and to make use of the many resources available on campus.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

Faculty: Copelovitch (Political Science and Public Affairs), Ringe (Political Science), Brossard (Life Sciences Communication), Covington (European Studies), Klug (Law), Livorni (French and Italian), Olds (Geography), Potter (German), Klocke (Director, CGES; Director, European Studies, GNS+), Wolf (Scandinavian Studies)

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies, we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, learn foreign languages, and expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students and prospective students, and more broadly to K-12 teachers and students, postsecondary educators and graduate students,

businesses, the media, the military, the community at large, and anyone else who wants it.

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

Information about funding through the Center for European Studies is available on our website (<http://europe.wisc.edu/outreach-opportunities/>). We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (<https://iris.wisc.edu/funding/>).

## INTERNATIONAL STUDIES, BA

International studies (IS) is an interdisciplinary major with a broad background in international and transnational political, social, economic, commercial, and environmental affairs, together with a comparative study of politics, economics, security, and culture. The goal is to provide students with the necessary tools to understand global processes in their totality and how they are situated and lived in specific regions. The major provides an integrated program of courses that lays the foundation for professional training in a wide variety of areas. Such a foundation can be invaluable in securing a place in competitive graduate or professional schools, which, in turn, prepare students for government service, or for other careers with an international focus, including those in multinational corporations, international finance, non-governmental organizations, and institutions of teaching and research.

The IS major complements numerous majors across campus. Many students choose to double major or enhance their studies with one or more certificates, such as the global health certificate or those offered by the area studies centers.

This major is interdisciplinary, offering a wealth of options. Careful planning and consultation with the IS advisor is especially important.

### IS MAJORS SPECIALIZE IN ONE OF THREE OPTIONS:

#### OPTION I: GLOBAL SECURITY

In this option, majors explore conditions that challenge the ability of people and societies to survive. Students consider the causes of and solutions to political crises and violent conflicts in interstate, transnational, and domestic settings. Using historical and regional approaches, students develop a better understanding of the dilemmas the state and the global community face when confronted by threats to human rights, peace, and stability.

#### OPTION II: POLITICS AND POLICY IN THE GLOBAL ECONOMY

This option offers a multidisciplinary survey of international economic and political institutions and transactions, as well as the policy issues pertaining to international commerce and trade, international finance and monetary relations, international macroeconomic policy coordination, U.S. trade

imbalances, aid and development, and related environmental and natural resource problems.

### OPTION III: CULTURE IN THE AGE OF GLOBALIZATION

In this option, majors investigate cross-cultural interactions at different levels: local, national, and transnational. Students engage in such issues as cosmopolitanism; international and global flows of images, ideas, and people; questions of identity; changing assumptions of what it means to be indigenous and foreign; globalization and technology; and the impact of globalization on cultures.

## STUDY ABROAD

International studies and studying abroad are a natural combination. While study abroad is not a requirement for the major, all IS students are strongly encouraged to pursue a significant international experience during the course of the undergraduate career. Whether through a study abroad program, an internship, or service learning, the experience of studying or working in a foreign culture is invaluable. Many courses taken abroad will count toward the IS major. See the IS advisor for specific guidelines. More information about study abroad and internships is available through International Academic Programs (<http://www.studyabroad.wisc.edu/>).

### HOW TO GET IN

#### HOW TO GET IN

Students are advised to declare the major by the end of the sophomore year and/or before studying abroad.

To be eligible to declare the international studies major a student must have completed these courses:

Code	Title	Credits
INTL ST 101	Introduction to International Studies	3-4
Introductory Economics (complete one):		4-8
ECON 101 & ECON 102	Principles of Microeconomics and Principles of Macroeconomics	
ECON 111	Principles of Economics—Accelerated Treatment <sup>2</sup>	
A A E 101 & ECON 102	Introduction to Agricultural and Applied Economics and Principles of Macroeconomics	
POLI SCI 350	International Political Economy	
<b>Complete the 5th unit of a foreign language</b>		<b>3-4</b>
Consult the list of Foreign Language courses on the Requirements page		

### REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world.

Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth—Humanities/Literature/Arts: 6 credits</li> <li>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth—Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

Mathematics	Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.
Language	<ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul>
LS Breadth	<ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include 6 credits of literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul>
Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced work	Complete at least 60 credits at the intermediate or advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.

UW-Madison Experience • 30 credits in residence, overall; and  
• 30 credits in residence after the 86th credit.

Quality of Work • 2.000 in all coursework at UW-Madison  
• 2.000 in Intermediate/Advanced level coursework at UW-Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS OF THE MAJOR

Students must declare the major, complete the common requirements, and the requirements for one of these options (p. 934) within the international studies major:

- Culture in the Age of Globalization
- Global Security
- Politics and Policy in the Global Economy

A student may not declare or earn more than one major option. The major requires 35 credits total.<sup>1</sup>

## COMPLETE THE OPTION CORE AND ISSUES AND ADDITIONAL ELECTIVES OF THE DECLARED OPTION (P. 934)

## OPTIONS IN THE MAJOR

View as listView as grid

- **INTERNATIONAL STUDIES: CULTURE IN AN AGE OF GLOBALIZATION (P. 937)**
- **INTERNATIONAL STUDIES: GLOBAL SECURITY (P. 948)**
- **INTERNATIONAL STUDIES: POLITICS AND POLICY IN THE GLOBAL ECONOMY (P. 958)**

Each option in the major **requires 35 credits**. This is in addition to completing the introductory requirements. Students select one Area Studies course (above), and the option-specific requirements for Core, Issues, and Elective classes.<sup>1</sup>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all INTL ST courses and courses approved for the major
- 2.000 GPA on 15 Upper-Level major credits, taken in residence<sup>2</sup>
- 15 credits in the major, taken on the UW-Madison campus

## HONORS IN THE MAJOR

Students may declare Honors in the International Studies Major in consultation with the International Studies advisor(s). They must declare prior to enrollment in their Senior Honors Thesis (typically second semester of junior year).

## REQUIREMENTS FOR HONORS IN THE MAJOR

To earn Honors in the Major in International Studies, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA in major courses
- Complete 16 upper-level major credits, taken for Honors, with individual grades of B or better in each course<sup>2,3</sup>
- Complete a two-semester Senior Honors Thesis, for a total of 6 credits, or two Senior Seminars, with grades of B or better; choose from:

Code	Title	Credits
<b>Senior Honors Thesis (2 courses):</b>		
AFRICAN 681 & AFRICAN 682	Senior Honors Thesis and Senior Honors Thesis	
ECON 681 & ECON 682	Senior Honors Thesis and Senior Honors Thesis	
FRENCH 681 & FRENCH 682	Senior Honors Thesis and Senior Honors Thesis	
GERMAN 681 & GERMAN 682	Senior Honors Thesis-First Semester and Senior Honors Thesis-Second Semester	
HISTORY 681 & HISTORY 682	Senior Honors Thesis and Senior Honors Thesis	
INTL ST 681 & INTL ST 682	Senior Honors Thesis and Senior Honors Thesis	
POLI SCI 681 & POLI SCI 682	Senior Honors Thesis and Senior Honors Thesis	
PORTUG 681 & PORTUG 682	Senior Honors Thesis and Senior Honors Thesis	
SLAVIC 681 & SLAVIC 682	Senior Honors Thesis and Senior Honors Thesis	
SPANISH 681 & SPANISH 682	Senior Honors Thesis and Senior Honors Thesis	
<b>Senior Seminar (2 courses):</b>		
INTL ST 601	Topics in Global Security	
INTL ST 602	Topics in Politics and Policy in the Global Economy	
INTL ST 603	Topics in Culture in the Age of Globalization	

## FOOTNOTES

<sup>1</sup> A maximum four courses from a single SUBJECT may be applied to the 35 credits in the major. This excludes INTL ST courses and courses cross-listed in INTL ST. For example: A student with five POLI SCI courses that could apply to the major will see only four of those courses applying in the International Studies major. (However, if one of those POLI SCI courses is also cross-listed in INTL ST, that course will not count against the limit, and thus, all five POLI SCI courses will apply in the major.) The degree audit (DARS) enforces this limitation.

Though some courses are identified as acceptable for two or more requirements, a course may meet only one requirement within the major. For example, a course that could count in either Option Core or Option Issues will meet only one of those requirements, based on which requirement needs that course to become satisfied. The degree audit (DARS) determines the best scenario.

<sup>2</sup> Major courses designated Intermediate and Advanced level are considered upper-level.

<sup>3</sup> A maximum of two courses and 8 credits from UW-Madison Study Abroad may apply to this requirement.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

- (Interdisciplinarity) analyzing contemporary political, economic, security and cultural realities globally from multi-disciplinary perspectives, ideally including humanities, social sciences, humanitarian, and sometimes natural science approaches.
- (Depth of knowledge) mastering at the undergraduate generalist level major issues related to key themes in International Studies (e.g. culture, global security and political economy) by taking 15 credits in one particular theme area.
- (Regional (studies) grounding) understanding the social, political, economic and cultural forces and conditions that have given rise to the unity and diversity of a specific region of the world today.
- (Language knowledge) mastering at the undergraduate generalist level a particular facet of life in one or more region of the world by studying a foreign language to at least the advanced (5th semester) level.
- (Analytical skills) demonstrating the ability to think critically and analytically, the capacity to write clearly and effectively, and the ability to identify and evaluate research methods and outcomes.

## FOUR-YEAR PLAN

### SAMPLE FOUR-YEAR PLAN

This Sample Four-Year Plan is a tool to assist students and their advisor(s). Students should use it—along with their DARS report, the Degree Planner, and Course Search & Enroll tools—to make their own four-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests. As students become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, they might adjust the order of their courses to accommodate these experiences. Students will likely revise their own four-year plan several times during college.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING STAFF

International studies majors have a wide variety of academic advising and career resources and support. Academic advising is essential to a

successful undergraduate experience. For this reason, the international studies major has a professional advisor, a peer advisor, and a career advisor. We recommend that you meet with your advisor at least once per semester to track progress toward your degree, explore study abroad options, and begin the career exploration process. The IS major offers walk-in advising, advising workshops, and scheduled appointments. Students exploring the IS major should plan to attend an Intro to the IS Major workshop, watch the Intro to the IS Major video, or meet with a peer advisor. To learn more about academic advising information, please visit the IS Major website (<https://ismajor.wisc.edu/academic-advising/>).

Students should also begin the career advising process early. The international studies major offers a one-credit career class designed for sophomores or juniors. Students are strongly encouraged to meet with both the IS career advisor and SuccessWorks at the College of Letters & Science, and to apply for internship opportunities – both domestically and via International Internship Programs or the Washington, D.C. Internship Program. The IS major also advertises career events across campus that will benefit undergraduate students, hosts career workshops, and has a transition checklist to help students prepare for post-undergraduate life. For more information, please visit our website (<https://ismajor.wisc.edu/career-advising/>).

**Molly Donnellan, Academic Advisor**  
**Csanád Siklós, PhD, Academic Advisor**  
**Ryan Zavodnik, MA, Academic Advisor**  
**Emmeline Prattke, Career Advisor**

The program encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks (<https://careers.ls.wisc.edu>) at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)

- INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

The International Studies Major is directed by Dr. Erica Simmons, Associate Professor of Political Science.

The advisors for the international studies major are Molly Donnellan, Dr. Csanád Siklós, and Ryan Zavodnik .

The career advisor is Emmeline Prattke.

Please visit our website for a list of faculty and instructional staff (<https://ismajor.wisc.edu/people/>).

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE

#### STUDY ABROAD

International studies majors are strongly encouraged to study abroad. The International Studies Major website (<http://www.ismajor.wisc.edu/about/current-students/study-abroad/>) provides information about how to plan your experience abroad.

#### INTERNSHIP ABROAD

International studies majors are strongly encouraged to study abroad. Please review information on the International Studies Major website (<http://www.ismajor.wisc.edu/about/current-students/internships/>) and the International Internship Program website (<http://internships.international.wisc.edu/>) about opportunities.

#### UNDERGRADUATE RESEARCH

The international studies major encourages students to become engaged in undergraduate research. There are numerous programs (<https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research/>) that provide research opportunities for undergraduates at UW-Madison, including:

- Hilldale Undergraduate/Faculty Research Fellowships (<https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship/>)
- McNair Scholars (<http://grad.wisc.edu/mcnair/>)
- Summer Research Programs (<https://grad.wisc.edu/diversity/srop/>)
- Undergraduate Research Scholars (<https://urs.ls.wisc.edu/>)
- The Wisconsin Idea Undergraduate Fellowship Program (<https://morgridge.wisc.edu/students/wisconsin-idea-fellowships/>)

RESOURCES AND SCHOLARSHIPS

RESOURCES AND SCHOLARSHIPS

For information on scholarships and awards through the IS Major, please see our website (<https://ismajor.wisc.edu/scholarships-and-grants/>) or contact our advisors. IS Majors are also strongly encouraged to contact the Awards Office (<https://iris.wisc.edu/funding/>) at the Institute for Regional and International Studies to explore multiple international awards and scholarships.

INTERNATIONAL STUDIES: CULTURE IN AN AGE OF GLOBALIZATION

REQUIREMENTS

REQUIREMENTS

In this option, majors investigate cross-cultural interactions at different levels: local, national, and transnational. Students engage in such issues as cosmopolitanism; international and global flows of images, ideas, and people; questions of identity; changing assumptions of what it means to be indigenous and foreign; globalization and technology; and the impact of globalization on cultures.

In addition to the Common Requirements of the International Studies major, complete these requirements specific to the Culture in the Age of Globalization Option:

CULTURE IN THE AGE OF GLOBALIZATION CORE

Code	Title	Credits
<b>Complete Two of:</b>		
AFRICAN 403	Theories of African Cultural Studies	<b>6</b>

## INTERNATIONAL STUDIES: GLOBAL SECURITY

### REQUIREMENTS

### GLOBAL SECURITY OPTION

In this option, majors explore conditions that challenge the ability of people and societies to survive. Students consider the causes of and

solutions to political crises and violent conflicts in interstate, transnational, and domestic settings. Using historical and regional approaches, students develop a better understanding of the dilemmas the state and the global community face when confronted by threats to human rights, peace, and stability.

In addition to the Common Requirements of the International Studies major, complete these requirements specific to the Global Security Option:

### GLOBAL SECURITY OPTION CORE

Code	Title	Credits
<b>Complete two courses:</b>		
ASIAN/ ART HIST 621	Mapping, Making, and Representing Colonial Spaces	
C&E SOC/ ENVIR ST/ SOC 540	Sociology of International Development, Environment, and Sustainability

## INTERNATIONAL STUDIES: POLITICS AND POLICY IN THE GLOBAL ECONOMY

### REQUIREMENTS

## POLITICS AND POLICY IN THE GLOBAL ECONOMY OPTION REQUIREMENTS

This option offers a multidisciplinary survey of international economic and political institutions and transactions, as well as the policy issues pertaining to international commerce and trade, international finance and monetary relations, international macroeconomic policy coordination, U.S. trade imbalances, aid and development, and related environmental and natural resource problems.

In addition to the Common Requirements of the International Studies major, complete these requirements specific to the Politics and Policy in the Global Economy Option:

## POLITICS AND POLICY IN THE GLOBAL ECONOMY CORE

## INTERNATIONAL STUDIES, BS

International studies (IS) is an interdisciplinary major with a broad background in international and transnational political, social, economic, commercial, and environmental affairs, together with a comparative study of politics, economics, security, and culture. The goal is to provide students with the necessary tools to understand global processes in their totality and how they are situated and lived in specific regions. The major provides an integrated program of courses that lays the foundation for professional training in a wide variety of areas. Such a foundation can be invaluable in securing a place in competitive graduate or professional schools, which, in turn, prepare students for government service, or for other careers with an international focus, including those in multinational corporations, international finance, non-governmental organizations, and institutions of teaching and research.

The IS major complements numerous majors across campus. Many students choose to double major or enhance their studies with one or more certificates, such as the global health certificate or those offered by the area studies centers.

This major is interdisciplinary, offering a wealth of options. Careful planning and consultation with the IS advisor is especially important.

### IS MAJORS SPECIALIZE IN ONE OF THREE OPTIONS:

#### OPTION I: GLOBAL SECURITY

In this option, majors explore conditions that challenge the ability of people and societies to survive. Students consider the causes of and solutions to political crises and violent conflicts in interstate, transnational, and domestic settings. Using historical and regional approaches, students develop a better understanding of the dilemmas the state and the global community face when confronted by threats to human rights, peace, and stability.

#### OPTION II: POLITICS AND POLICY IN THE GLOBAL ECONOMY

This option offers a multidisciplinary survey of international economic and political institutions and transactions, as well as the policy issues pertaining to international commerce and trade, international finance and monetary relations, international macroeconomic policy coordination, U.S. trade imbalances, aid and development, and related environmental and natural resource problems.

#### OPTION III: CULTURE IN THE AGE OF GLOBALIZATION

In this option, majors investigate cross-cultural interactions at different levels: local, national, and transnational. Students engage in such issues as cosmopolitanism; international and global flows of images, ideas, and people; questions of identity; changing assumptions of what it means to be indigenous and foreign; globalization and technology; and the impact of globalization on cultures.

## STUDY ABROAD

International studies and studying abroad are a natural combination. While study abroad is not a requirement for the major, all IS students are strongly encouraged to pursue a significant international experience during the course of the undergraduate career. Whether through a study abroad program, an internship, or service learning, the experience of studying or working in a foreign culture is invaluable. Many courses taken abroad will count toward the IS major. See the IS advisor for specific guidelines. More information about study abroad and internships is available through International Academic Programs (<http://www.studyabroad.wisc.edu/>).

### HOW TO GET IN

## HOW TO GET IN

Students are advised to declare the major by the end of the sophomore year and/or before studying abroad.

To be eligible to declare the international studies major a student must have completed these courses:

Code	Title	Credits
INTL ST 101	Introduction to International Studies	3-4
Introductory Economics (complete one):		4-8
ECON 101 & ECON 102	Principles of Microeconomics and Principles of Macroeconomics	
ECON 111	Principles of Economics- Accelerated Treatment <sup>2</sup>	
A A E 101 & ECON 102	Introduction to Agricultural and Applied Economics and Principles of Macroeconomics	
POLI SCI 350	International Political Economy	
<b>Complete the 5th unit of a foreign language</b>		<b>3-4</b>
Consult the list of Foreign Language courses on the Requirements page		

### REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

### General Education

- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A Part B \*
- Ethnic Studies \*
- Quantitative Reasoning Part A Part B \*

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW–Madison
- 2.000 in Intermediate/Advanced level coursework at UW–Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS OF THE MAJOR

Students must declare the major, complete the common requirements, and the requirements for one of these options (p. 973) within the international studies major:

- Culture in the Age of Globalization
- Global Security
- Politics and Policy in the Global Economy

A student may not declare or earn more than one major option. The major requires 35 credits total.<sup>1</sup>

## COMPLETE THE OPTION CORE AND ISSUES AND ADDITIONAL ELECTIVES OF THE DECLARED OPTION (P. 973)

## OPTIONS IN THE MAJOR

View as listView as grid

- **INTERNATIONAL STUDIES: CULTURE IN AN AGE OF GLOBALIZATION (P. 937)**
- **INTERNATIONAL STUDIES: GLOBAL SECURITY (P. 948)**
- **INTERNATIONAL STUDIES: POLITICS AND POLICY IN THE GLOBAL ECONOMY (P. 958)**

Each option in the major **requires 35 credits**. This is in addition to completing the introductory requirements. Students select one Area Studies course (above), and the option-specific requirements for Core, Issues, and Elective classes.<sup>1</sup>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all INTL ST courses and courses approved for the major
- 2.000 GPA on 15 Upper-Level major credits, taken in residence<sup>2</sup>
- 15 credits in the major, taken on the UW–Madison campus

## HONORS IN THE MAJOR

Students may declare Honors in the International Studies Major in consultation with the International Studies advisor(s). They must declare prior to enrollment in their Senior Honors Thesis (typically second semester of junior year).

## REQUIREMENTS FOR HONORS IN THE MAJOR

To earn Honors in the Major in International Studies, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA in major courses
- Complete 16 upper-level major credits, taken for Honors, with individual grades of B or better in each course<sup>2,3</sup>
- Complete a two-semester Senior Honors Thesis, for a total of 6 credits, or two Senior Seminars, with grades of B or better; choose from:

Code	Title	Credits
<b>Senior Honors Thesis (2 courses):</b>		
AFRICAN 681 & AFRICAN 682	Senior Honors Thesis and Senior Honors Thesis	
ECON 681 & ECON 682	Senior Honors Thesis and Senior Honors Thesis	
FRENCH 681 & FRENCH 682	Senior Honors Thesis and Senior Honors Thesis	

GERMAN 681 & GERMAN 682 Senior Honors Thesis–First Semester and Senior Honors Thesis–Second Semester

HISTORY 681 & HISTORY 682 Senior Honors Thesis and Senior Honors Thesis

INTL ST 681 & INTL ST 682 Senior Honors Thesis and Senior Honors Thesis

POLI SCI 681 & POLI SCI 682 Senior Honors Thesis and Senior Honors Thesis

PORTUG 681 & PORTUG 682 Senior Honors Thesis and Senior Honors Thesis

SLAVIC 681 & SLAVIC 682 Senior Honors Thesis and Senior Honors Thesis

SPANISH 681 & SPANISH 682 Senior Honors Thesis and Senior Honors Thesis

Senior Seminar (2 courses):

INTL ST 601 Topics in Global Security

INTL ST 602 Topics in Politics and Policy in the Global Economy

INTL ST 603 Topics in Culture in the Age of Globalization

## FOOTNOTES

<sup>1</sup> A maximum four courses from a single SUBJECT may be applied to the 35 credits in the major. This excludes INTL ST courses and courses cross-listed in INTL ST. For example: A student with five POLI SCI courses that could apply to the major will see only four of those courses applying in the International Studies major. (However, if one of those POLI SCI courses is also cross-listed in INTL ST, that course will not count against the limit, and thus, all five POLI SCI courses will apply in the major.) The degree audit (DARS) enforces this limitation.

Though some courses are identified as acceptable for two or more requirements, a course may meet only one requirement within the major. For example, a course that could count in either Option Core or Option Issues will meet only one of those requirements, based on which requirement needs that course to become satisfied. The degree audit (DARS) determines the best scenario.

<sup>2</sup> Major courses designated Intermediate and Advanced level are considered upper-level.

<sup>3</sup> A maximum of two courses and 8 credits from UW–Madison Study Abroad may apply to this requirement.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. (Interdisciplinarity) analyzing contemporary political, economic, security and cultural realities globally from multi-disciplinary perspectives, ideally including humanities, social sciences, humanitarian, and sometimes natural science approaches.
2. (Depth of knowledge) mastering at the undergraduate generalist level major issues related to key themes in International Studies (e.g. culture, global security and political economy) by taking 15 credits in one particular theme area.
3. (Regional (studies) grounding) understanding the social, political, economic and cultural forces and conditions that have given rise to the unity and diversity of a specific region of the world today.
4. (Language knowledge) mastering at the undergraduate generalist level a particular facet of life in one or more region of the world by studying a foreign language to at least the advanced (5th semester) level.
5. (Analytical skills) demonstrating the ability to think critically and analytically, the capacity to write clearly and effectively, and the ability to identify and evaluate research methods and outcomes.

## FOUR-YEAR PLAN

### SAMPLE FOUR-YEAR PLAN

This Sample Four-Year Plan is a tool to assist students and their advisor(s). Students should use it—along with their DARS report, the Degree Planner, and Course Search & Enroll tools—to make their own four-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests. As students become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, they might adjust the order of their courses to accommodate these experiences. Students will likely revise their own four-year plan several times during college.

## ADVISING AND CAREERS

### ADVISING AND CAREERS ADVISING STAFF

International studies majors have a wide variety of academic advising and career resources and support. Academic advising is essential to a successful undergraduate experience. For this reason, the international studies major has a professional advisor, a peer advisor, and a career advisor. We recommend that you meet with your advisor at least once per semester to track progress toward your degree, explore study abroad options, and begin the career exploration process. The IS major offers walk-in advising, advising workshops, and scheduled appointments. Students exploring the IS major should plan to attend an Intro to the IS Major workshop, watch the Intro to the IS Major video, or meet with a peer

advisor. To learn more about academic advising information, please visit the IS Major website (<https://ismajor.wisc.edu/academic-advising/>).

Students should also begin the career advising process early. The international studies major offers a one-credit career class designed for sophomores or juniors. Students are strongly encouraged to meet with both the IS career advisor and SuccessWorks at the College of Letters & Science, and to apply for internship opportunities – both domestically and via International Internship Programs or the Washington, D.C. Internship Program. The IS major also advertises career events across campus that will benefit undergraduate students, hosts career workshops, and has a transition checklist to help students prepare for post-undergraduate life. For more information, please visit our website (<https://ismajor.wisc.edu/career-advising/>).

**Molly Donnellan, Academic Advisor**  
**Csanád Siklós, PhD, Academic Advisor**  
**Ryan Zavodnik, MA, Academic Advisor**  
**Emmeline Prattke, Career Advisor**

The program encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks (<https://careers.ls.wisc.edu>) at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

The International Studies Major is directed by Dr. Erica Simmons, Associate Professor of Political Science.

The advisors for the international studies major are Molly Donnellan, Dr. Csanád Siklós, and Ryan Zavodnik .

The career advisor is Emmeline Prattke.

Please visit our website for a list of faculty and instructional staff (<https://ismajor.wisc.edu/people/>).

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE STUDY ABROAD

International studies majors are strongly encouraged to study abroad. The International Studies Major website (<http://www.ismajor.wisc.edu/about/current-students/study-abroad/>) provides information about how to plan your experience abroad.

### INTERNSHIP ABROAD

International studies majors are strongly encouraged to study abroad. Please review information on the International Studies Major website (<http://www.ismajor.wisc.edu/about/current-students/internships/>) and the International Internship Program website (<http://internships.international.wisc.edu/>) about opportunities.

### UNDERGRADUATE RESEARCH

The international studies major encourages students to become engaged in undergraduate research. There are numerous programs (<https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research/>) that provide research opportunities for undergraduates at UW-Madison, including:

- Hilldale Undergraduate/Faculty Research Fellowships (<https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship/>)
- McNair Scholars (<http://grad.wisc.edu/mcnair/>)
- Summer Research Programs (<https://grad.wisc.edu/diversity/srop/>)
- Undergraduate Research Scholars (<https://urs.ls.wisc.edu/>)
- The Wisconsin Idea Undergraduate Fellowship Program (<https://morgridge.wisc.edu/students/wisconsin-idea-fellowships/>)

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

For information on scholarships and awards through the IS Major, please see our website (<https://ismajor.wisc.edu/scholarships-and-grants/>) or contact our advisors. IS Majors are also strongly encouraged to contact the Awards Office (<https://iris.wisc.edu/funding/>) at the Institute for

Regional and International Studies to explore multiple international awards and scholarships.

# INTERNATIONAL STUDIES: CULTURE IN AN AGE OF GLOBALIZATION

## REQUIREMENTS

In this option, majors investigate cross-cultural interactions at different levels: local, national, and transnational. Students engage in such issues as cosmopolitanism; international and global flows of images, ideas, and people; questions of identity; changing assumptions of what it means to be indigenous and foreign; globalization and technology; and the impact of globalization on cultures.

In addition to the Common Requirements of the International Studies major, complete these requirements specific to the Culture in the Age of Globalization Option:

### CULTURE IN THE AGE OF GLOBALIZATION CORE

Code	Title	Credits
<b>Complete Two of:</b>		
AFRICAN 403	Theories of African Cultural Studies	<b>6</b>
AFRICAN 405	Topics in African Cultural Studies (The Problem of Whiteness)

## INTERNATIONAL STUDIES: GLOBAL SECURITY

### REQUIREMENTS

### GLOBAL SECURITY OPTION

In this option, majors explore conditions that challenge the ability of people and societies to survive. Students consider the causes of and solutions to political crises and violent conflicts in interstate, transnational, and domestic settings. Using historical and regional approaches, students develop a better understanding of the dilemmas the state and the global community face when confronted by threats to human rights, peace, and stability.

In addition to the Common Requirements of the International Studies major, complete these requirements specific to the Global Security Option:

### GLOBAL SECURITY OPTION CORE

Code	Title	Credits
<b>Complete two courses:</b>

# INTERNATIONAL STUDIES: POLITICS AND POLICY IN THE GLOBAL ECONOMY

## REQUIREMENTS

### POLITICS AND POLICY IN THE GLOBAL ECONOMY OPTION REQUIREMENTS

This option offers a multidisciplinary survey of international economic and political institutions and transactions, as well as the policy issues pertaining to international commerce and trade, international finance and monetary

relations, international macroeconomic policy coordination, U.S. trade imbalances, aid and development, and related environmental and natural resource problems.

In addition to the Common Requirements of the International Studies major, complete these requirements specific to the Politics and Policy in the Global Economy Option:

### POLITICS AND POLICY IN THE GLOBAL ECONOMY CORE

## LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES, BA

The Latin American, Caribbean, and Iberian Studies Program is one of the major U.S. centers for research about Latin America. This program is for those who seek a multidisciplinary education on Latin America, the Caribbean, Spain, and Portugal. It offers a wide range of courses in fields such as anthropology, business, economics, geography, history, journalism, music, political science, sociology, Spanish and Portuguese, and indigenous languages such as Yucatec Maya or Quechua.

### HOW TO GET IN

## HOW TO GET IN

Students should contact the LACIS undergraduate advisor (<https://lacis.wisc.edu/staff/ripp-sarah/>) in order to declare the major.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

- |                 |  |
|-----------------|--|
| <b>Language</b> | <ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul> |
|-----------------|--|

- LS Breadth
- 12 credits of Humanities, which must include 6 credits of literature; and
  - 12 credits of Social Science; and
  - 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced work	Complete at least 60 credits at the intermediate or advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	<ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2,000 in all coursework at UW-Madison</li> <li>• 2,000 in Intermediate/Advanced level coursework at UW-Madison</li> </ul>

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

## HONORS IN THE LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all major courses
- Complete 18 credits, taken for Honors, with individual grades of B or better, to include:

Code	Title	Credits
<b>LACIS Introductory Course, taken for Honors (Complete one course)</b>		<b>3-4</b>
LACIS/ AFROAMER/ ANTHRO/ C&E SOC/ GEOG/HISTORY/ POLI SCI/SOC/ SPANISH 260	Latin America: An Introduction	
LACIS/CHICLA/ HISTORY/ POLI SCI 268	The U.S. & Latin America from the Colonial Era to the Present: A Critical Survey	
HISTORY 241	Latin America from 1780 to 1940	
HISTORY/ INTL ST/ LACIS 242	Modern Latin America	
<b>LACIS Seminar, taken for Honors (Complete one course)</b>		<b>3-4</b>
LACIS 440	Topics in Latin American, Caribbean, and Iberian Studies (Only courses that count for at least 3 credits will meet this requirement.) <sup>1</sup>	
SPANISH/ ENVIR ST 445	Culture and the Environment in the Luso-Hispanic World	
SPANISH 470	Undergraduate Seminars in Hispanic Literature/Culture/Linguistics	
<b>A two-semester Senior Honors Thesis, taken for Honors (Complete both courses)</b>		<b>6</b>
LACIS 681	Senior Honors Thesis	
LACIS 682	Senior Honors Thesis	

**Additional LACIS courses taken for Honors to achieve 18 credits**

## FOOTNOTES

- <sup>1</sup> Can only meet requirements in multiple sections if the topic title is different
- <sup>2</sup> Only one Quechua or Yucatec Maya course may be used to meet this requirement (and may not meet both Depth/Interdisciplinary and Language & Cultural Studies requirement)
- <sup>3</sup> May meet either the Depth/Interdisciplinary or Language & Cultural Studies requirement, but not both.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. (Interdisciplinarity) analyzing contemporary political, economic, and cultural realities in the LACIS regions from multi-disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
2. (Depth of knowledge) mastering at the undergraduate expert level a particular disciplinary (e.g. history, anthropology etc.) or topical (e.g. poverty, gender, social justice etc.) theme in the LACIS regions by taking five courses in an area of concentration.
3. (Historical and cultural grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in LACIS regions today.
4. (Language knowledge) mastering at the undergraduate generalist level a particular facet of life in one or more LACIS regions by studying a foreign language to the advanced (3rd year) level and beyond.
5. (Analytical skills) demonstrating the ability to think critically and analytically, the capacity to write clearly and effectively, and the ability to identify and evaluate research methods and outcomes.

## FOUR-YEAR PLAN

### SAMPLE FOUR-YEAR PLAN

This Sample Four-Year Plan is a tool to assist students and their advisor(s). Students should use it—along with their DARS report, the Degree Planner, and Course Search & Enroll tools—to make their own four-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests. As students become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, they might adjust the order of their courses to accommodate these experiences. Students will likely revise their own four-year plan several times during college.

**Freshman**

Students should contact Sarah Ripp, the LACIS undergraduate advisor, at [skripp@wisc.edu](mailto:skripp@wisc.edu) to determine which courses may satisfy major requirements.

Students are encouraged to seek the assistance of SuccessWorks at the College of Letters & Science early in their academic career. Take advantage of all the services offered such as mock interviews, resume and cover letter review sessions, career preparation workshops, and so on.

Students interested in international internships should contact the International Internships Program (<http://internships.international.wisc.edu/>) office.

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

**PEOPLE****PEOPLE**

The Latin American, Caribbean, and Iberian Studies (LACIS) teaching staff consists of more than 100 faculty (<https://lacs.wisc.edu/people/affiliated-faculty/>) who teach Latin American, Caribbean, and Iberian language and area content courses.

LACIS also has a Steering Committee. (<https://lakis.wisc.edu/people/lakis-steering-committee/>)

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies, we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, learn foreign languages, and expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and prospective students, and more broadly to K-12 teachers and students, post-secondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who is interested.

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

Undergraduate students (from any major or discipline) can apply to receive one-time funds (<https://lakis.wisc.edu/funding/for-undergraduates/>) for internships or volunteer programs in Latin America, the Caribbean, the Iberian Peninsula. Domestic programs will be considered if the work is related to the LACIS field of study. The internships and volunteer programs will be carried out in public institutions or well-established NGOs. Students from any nationality and citizenship are eligible to apply. *Please note that preference is given to declared LACIS majors.* Please check with the LACIS undergraduate advisor, Sarah Ripp (<https://lakis.wisc.edu/staff/ripp-sara/>), about your plans before submitting an application to ensure it meets our criteria. Read post-internship reports from former grant recipients. We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (<https://iris.wisc.edu/funding/>).

## LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES, BS

The Latin American, Caribbean, and Iberian Studies Program is one of the major U.S. centers for research about Latin America. This program is for those who seek a multidisciplinary education on Latin America, the Caribbean, Spain, and Portugal. It offers a wide range of courses in fields such as anthropology, business, economics, geography, history, journalism, music, political science, sociology, Spanish and Portuguese, and indigenous languages such as Yucatec Maya or Quechua.

## HOW TO GET IN

### HOW TO GET IN

Students should contact the LACIS undergraduate advisor (<https://lakis.wisc.edu/staff/ripp-sarah/>) in order to declare the major.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth—Humanities/Literature/Arts: 6 credits</li> <li>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth—Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

- |             |   |
|-------------|---|
| Mathematics | Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement. |
| Language    | Complete the third unit of a language other than English.   |

LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.</li> </ul>
Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW-Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW-Madison</li> </ul>

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

## HONORS IN THE LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all major courses
- Complete 18 credits, taken for Honors, with individual grades of B or better, to include:

Code	Title	Credits
<b>LACIS Introductory Course, taken for Honors (Complete one course)</b>		<b>3-4</b>
LACIS/ AFROAMER/ ANTHRO/ C&E SOC/ GEOG/HISTORY/ POLI SCI/SOC/ SPANISH 260	Latin America: An Introduction	
LACIS/CHICLA/ HISTORY/ POLI SCI 268	The U.S. & Latin America from the Colonial Era to the Present: A Critical Survey	
HISTORY 241	Latin America from 1780 to 1940	
HISTORY/ INTL ST/ LACIS 242	Modern Latin America	
<b>LACIS Seminar, taken for Honors (Complete one course)</b>		<b>3-4</b>
LACIS 440	Topics in Latin American, Caribbean, and Iberian Studies (Only courses that count for at least 3 credits will meet this requirement.) <sup>1</sup>	
SPANISH/ ENVIR ST 445	Culture and the Environment in the Luso-Hispanic World	
SPANISH 470	Undergraduate Seminars in Hispanic Literature/Culture/Linguistics	
<b>A two-semester Senior Honors Thesis, taken for Honors (Complete both courses)</b>		<b>6</b>
LACIS 681	Senior Honors Thesis	
LACIS 682	Senior Honors Thesis	

**Additional LACIS courses taken for Honors to achieve 18 credits**

## FOOTNOTES

- <sup>1</sup> Can only meet requirements in multiple sections if the topic title is different
- <sup>2</sup> Only one Quechua or Yucatec Maya course may be used to meet this requirement (and may not meet both Depth/Interdisciplinary and Language & Cultural Studies requirement)
- <sup>3</sup> May meet either the Depth/Interdisciplinary or Language & Cultural Studies requirement, but not both.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. (Interdisciplinarity) analyzing contemporary political, economic, and cultural realities in the LACIS regions from multi-disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
2. (Depth of knowledge) mastering at the undergraduate expert level a particular disciplinary (e.g. history, anthropology etc.) or topical (e.g. poverty, gender, social justice etc.) theme in the LACIS regions by taking five courses in an area of concentration.
3. (Historical and cultural grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in LACIS regions today.
4. (Language knowledge) mastering at the undergraduate generalist level a particular facet of life in one or more LACIS regions by studying a foreign language to the advanced (3rd year) level and beyond.
5. (Analytical skills) demonstrating the ability to think critically and analytically, the capacity to write clearly and effectively, and the ability to identify and evaluate research methods and outcomes.

## FOUR-YEAR PLAN

### SAMPLE FOUR-YEAR PLAN

This Sample Four-Year Plan is a tool to assist students and their advisor(s). Students should use it—along with their DARS report, the Degree Planner, and Course Search & Enroll tools—to make their own four-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests. As students become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, they might adjust the order of their courses to accommodate these experiences. Students will likely revise their own four-year plan several times during college.

**PEOPLE****PEOPLE**

The Latin American, Caribbean, and Iberian Studies (LACIS) teaching staff consists of more than 100 faculty (<https://lacs.wisc.edu/people/affiliated-faculty/>) who teach Latin American, Caribbean, and Iberian language and area content courses.

LACIS also has a Steering Committee. (<https://lacis.wisc.edu/people/lacis-steering-committee/>)

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

Undergraduate students (from any major or discipline) can apply to receive one-time funds (<https://lacis.wisc.edu/funding/for-undergraduates/>) for internships or volunteer programs in Latin America, the Caribbean, the Iberian Peninsula. Domestic programs will be considered if the work is related to the LACIS field of study. The internships and volunteer programs will be carried out in public institutions or well-established NGOs. Students from any nationality and citizenship are eligible to apply. *Please note that preference is given to declared LACIS majors.* Please check with the LACIS undergraduate advisor, Sarah Ripp (<https://lacis.wisc.edu/staff/ripp-sara/>), about your plans before submitting an application to ensure it meets our criteria. Read post-internship reports from former grant recipients. We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (<https://iris.wisc.edu/funding/>).

### MIDDLE EAST STUDIES, CERTIFICATE

Given the immense importance of the Middle East and North Africa (MENA) region in shaping contemporary world politics, the Middle East Studies certificate is designed to provide an interdisciplinary perspective of the region's history and contemporary dynamics and their representations across the diaspora. The MES certificate offers a unique opportunity for students to develop their interest and knowledge of the MENA region through a wide range of courses taught by UW professors with great expertise in the fields of political science, history, religious studies, sociology/anthropology, art history, literature, and modern languages.

MES certificate will give students a variety of career opportunities in international affairs, public policy, journalism, governmental institutions, education, public health, humanitarian organizations, economic development, and security, or going on to graduate school and a career in academia.

### HOW TO GET IN

#### HOW TO GET IN

Students interested in declaring the undergraduate certificate should contact the advisor.

### REQUIREMENTS

#### REQUIREMENTS

**18 credits** are required, as follows:

### CORE COURSE

JEWISH/PHILOS/ RELIG ST 435	Jewish Philosophy from Antiquity to the Seventeenth Century	3

## RESIDENCE AND QUALITY OF WORK

- At least 9 certificate credits must be completed in residence.
- Minimum 2.000 GPA on all certificate courses.

## FOOTNOTES

<sup>1</sup> A maximum of 3 credits of Advanced Language may apply to the certificate.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. (Historical and Cultural Grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in the region today.
2. (Multi-disciplinarity) analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.

3. (Depth of knowledge) mastering at the undergraduate generalist level a particular facet of life in the region by taking courses on a particular sub-region or country, or by studying a regional language, or by taking at least two courses on the region in one discipline.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Advising for the certificate is run by the Institute for Regional and International Studies (<https://iris.wisc.edu/>) (IRIS). The IRIS Assistant Director for Students and Curriculum advises the certificate and can assist you in developing your plan of study, track progress toward your certificate, explore study abroad and international internship options, and begin the career exploration process. We offer walk-in advising, advising workshops, and scheduled appointments. We strongly encourage students to begin career exploration early on and to make use of the many resources available on campus.

### RESOURCES

- Language and International Directions Advising (<http://www.languages.wisc.edu/languageadvising/>) (Language Institute)
- International Internship Program (<http://internships.international.wisc.edu/>)

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

**Tsela Barr**, Assistant Director

MESP Core Faculty (<https://mideast.wisc.edu/core-faculty/>) and Staff (<https://mideast.wisc.edu/staff/>)

## WISCONSIN EXPERIENCE

## WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies (<https://iris.wisc.edu/>), we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, and learn foreign languages, and we expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and prospective students, and more broadly to K-12 teachers and students, postsecondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who is interested.

## RESOURCES AND SCHOLARSHIPS

## RESOURCES AND SCHOLARSHIPS

Information about funding through the Middle East Studies Program is available on our website (<https://mideast.wisc.edu/funding-resources/>). We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (<https://iris.wisc.edu/funding/>).

## RUSSIAN, EAST EUROPEAN, AND CENTRAL ASIAN STUDIES, CERTIFICATE

The undergraduate certificate program in Russian, East European, and Central Asian studies seeks to provide undergraduate students with area knowledge of the societies and cultures of the peoples of Eastern Europe and Eurasia, drawing on the disciplines of anthropology, communication arts, economics, folklore, geography, history, language and literature, law, political science, and sociology. The certificate can be a valuable addition to a major in business, economics, education, geography, history, international studies, political science, Slavic languages and literature, and other departments.

Applicants must fulfill the UW-Madison requirements for an established major in their school or college and achieve a minimum GPA of 2.500 in all courses they wish to count toward the certificate. Courses may **not** be taken on a pass/fail basis. At least two years of a Slavic, East European, or

Central Asian language are strongly recommended for the certificate, but are not formally required.

(For information on the major in Russian, the major in Polish, and/or the certificate in East Central European Languages, Literatures, and Cultures, see German, Nordic, and Slavic+ (<https://gns.wisc.edu/>).)

## HOW TO GET IN

## HOW TO GET IN

Students interested in declaring the undergraduate certificate should contact the advisor.

## REQUIREMENTS

## REQUIREMENTS

Seven courses are required, at least one from each of the following three groups.<sup>1</sup>

## INTERDISCIPLINARY COURSES (GROUP 1)

Complete at least one course:

Code	Title	Credits
HISTORY/POLI SCI/GEOG/ SLAVIC 253	Russia: An Interdisciplinary Survey	
HISTORY/POLI SCI/GEOG/ SLAVIC 254	Eastern Europe: An Interdisciplinary Survey	
HISTORY/ GNS 265	An Introduction to Central Asia: From the Silk Route to Afghanistan	

## HISTORY AND THE SOCIAL SCIENCES (GROUP 2):

Complete at least one course from any of these areas:

## Agricultural and Applied Economics

Code	Title	Credits

We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (<https://iris.wisc.edu/funding/>).

## SOUTH ASIAN STUDIES, CERTIFICATE

Undergraduates interested in cross-disciplinary study of South Asia (generally defined as the countries of Afghanistan, Bangladesh, Bhutan, India, Nepal, Pakistan, Sri Lanka, and the Tibetan region) may earn a certificate in South Asian studies. The certificate can be a valuable addition to a major in anthropology, archeology, business, communications, economics, education, gender and women's studies, geography, history, international studies, journalism, languages and cultures of Asia, political science, zoology, and other departments. Completion of the certificate provides a concentration in the area through language and/or interdisciplinary training that provides enhanced career opportunities or increased preparation for graduate study.

The certificate in South Asian studies can be partially fulfilled through completion of a study abroad program in South Asia administered by International Academic Programs (<http://www.studyabroad.wisc.edu>).

## HOW TO GET IN

### HOW TO GET IN

Students interested in declaring the undergraduate certificate should contact the undergraduate advisor.

Students declared in the Asian Languages and Cultures: South Asian Studies BA/BS/MAJ are not eligible to declare the South Asian Studies certificate.

## RESIDENCE AND QUALITY OF WORK

- Minimum 2.750 GPA on all certificate courses.
- At least 11 certificate credits must be completed in residence.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. (Historical Grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in the region today.
2. (Multi-disciplinarity) analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. (Depth of knowledge) mastering at the undergraduate generalist level a particular facet of life in the region by taking courses on a particular sub-region or country, or by studying a regional language, or by taking at least two courses on the region in one discipline.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Advising for the certificate is administered by the Institute for Regional and International Studies (IRIS). The IRIS assistant director for students and curriculum can assist you in developing your plan of study for the certificate, track progress towards your certificate, explore study abroad and international internship options, and begin the career exploration process. We offer walk-in advising, advising workshops, and scheduled appointments. We strongly encourage students to begin career exploration early on and to make use of the many resources available on campus.

Contact the certificate advisor (<https://southasia.wisc.edu/undergraduate-studies/>) to create a plan that includes a well-balanced selection of area studies and disciplinary courses and for approval of appropriate introductory and capstone seminar courses.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

Center for South Asia Advisory Committee: Anthony Cerulli (Director), Sarah Beckham, Uchita Vaid, Jamal Jones, Sumudu Atapattu, Anirban Baishya, Todd Michelson-Ambelang, Felecia Lucht

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies, we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, learn foreign languages, and expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and prospective students, and more broadly to K-12 teachers and students, postsecondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who is interested.

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

Information about resources and scholarships through the Center for South Asia is available on our website (<http://southasia.wisc.edu/>). Please contact the Center for more information about the South Asian Flagship Languages Initiative (SAFLI), the South Asia Summer Language Institute (SASLI), and the Annual Conference on South Asia. We also strongly encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (<https://iris.wisc.edu/funding/>).

## SOUTHEAST ASIAN STUDIES, CERTIFICATE

The undergraduate certificate in Southeast Asian studies is available to students working toward a baccalaureate degree in any of the University of Wisconsin-Madison schools and colleges. This certificate meets the needs of students choosing to focus on the Southeast Asia region (Brunei, Cambodia, East Timor, Indonesia, Laos, Malaysia, Myanmar/Burma, Philippines, Singapore, Thailand, Vietnam) within their primary major, but not wishing to commit to the more rigorous language and area studies courses required for the BA in Asian Languages and Cultures (named option in Southeast Asia). Students select coursework reflecting their interests from classes offered through many university departments and can work toward a variety of undergraduate majors. Upon earning the certificate, this emphasis is noted on the student's transcript. The certificate is of value to students wishing to demonstrate their knowledge of the Southeast Asian region either to potential employers or to graduate schools.

Students interested in more specialized study of the languages and literature of East Asia, South Asia, or Southeast Asia should see the Department of Asian Languages and Cultures, the Center for East Asian Studies, or the Center for South Asia. Those interested in the study of languages and cultures of Central Asia should see the Center for Russian, East European, and Central Asian Studies. All questions pertaining to Southeast Asian studies at UW-Madison should be addressed to the Center for Southeast Asian Studies (see the box to the right).

## HOW TO GET IN

### HOW TO GET IN

Students interested in declaring the certificate in Southeast Asian studies should contact the program advisor.

Students declared in the Asian Languages and Cultures: Southeast Asian Studies BA/BS/MAJ are not eligible to declare the Southeast Asian Studies certificate.

## REQUIREMENTS

### RESOURCES AND SCHOLARSHIPS

## RESOURCES AND SCHOLARSHIPS

Information about resources, scholarships, and funding through the Center for Southeast Asian Studies is available on our website (<http://seasia.wisc.edu/>) on the "For Students" and the "Resources" tabs. We

also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (<https://iris.wisc.edu/funding/>).

## INTEGRATED LIBERAL STUDIES

The mission of Integrated Liberal Studies (<https://ils.wisc.edu/>) (ILS) is to provide an integrated exploration of the great themes of human inquiry and expression in scientific, literary, political, economic, historical and artistic thought. The ILS curriculum offers a set of related courses specially tailored to meet the breadth requirements of the College of Letters & Science. ILS draws exemplary, dynamic faculty from departments across campus to create courses that challenge students with a rigorous program of interdisciplinary study emphasizing critical thinking and judgment rather than passive absorption of information. Although these courses may be taken as single electives, the purpose of the program is to counter the fragmentation of undergraduate education by providing a common ground of learning.

Because ILS courses are interdisciplinary, students are encouraged to make connections between the various subject areas that comprise the ILS curriculum. Students encounter the relations between literature and the arts; science, technology, and philosophy; and political, economic, and social thought. The content of the curriculum has been developed in the belief that historical perspective is required for a full understanding of contemporary issues. Courses numbered 201-206 progress from historical to contemporary topics in each of the three core areas. Those numbered 250 and above cover interdisciplinary special topics in the natural sciences, social sciences, and humanities, including "Magical Realism," "Modern Jewish Thought," and "Machiavelli and His World." ILS also includes a course (ILS 200 Critical Thinking and Expression) to sharpen communication and research skills necessary for college work. This course satisfies the university's Communications B requirement. ILS/LACIS 367 The Literature of Migration and the Migrant Experience in the Americas fulfills the university's ethnic studies requirement. ILS 400 Capstone Integration Seminar, a senior capstone seminar addressing an interdisciplinary topic, serves as the culmination of the ILS curriculum and is required in order to complete the ILS certificate.

## HEALTH AND THE HUMANITIES, CERTIFICATE

The humanities are about the human experience, and this certificate will give you exposure to a range of historical, cultural, and philosophical reasons why people make decisions about their health care. Everyone who comes in contact with the health care system, from health care providers to patients, needs to understand more than just the biological aspects of medicine in order to support health and wellness.

To learn more about HatH-related resources, events, and opportunities on campus, visit our website. (<https://ils.wisc.edu/>)

## HOW TO GET IN

### HOW TO GET IN CERTIFICATE DECLARATION REQUIREMENTS

- Must be enrolled in an undergraduate degree program at UW-Madison
- Attend a certificate information session.
- Complete a Core Course with a grade of C or higher.
- Submit an application form and essay. Check our webpage (<https://ils.wisc.edu/>) for details about the next application cycle.
- If selected for the program, meet with the certificate advisor to declare the certificate and plan your coursework.
- Students who declare the Health and the Humanities certificate are not eligible to declare the Global Health major or the Global Health certificate.

#### Core Courses

Code	Title	Credits

## CULTURAL COMPETENCY

Complete one course aimed at understanding the social, cultural, and linguistic needs of patients:

Code	Title	Credits
AFRICAN 201	Introduction to African Literature	3
AFRICAN 230	Introduction to Yoruba Life and Culture	3
AFRICAN 231	Introduction to Arabic Literary Culture	3
AFRICAN/ AFROAMER/ HISTORY/ POLI SCI 297	African and African-American Linkages: An Introduction	4
AFRICAN/ASIAN/ RELIG ST 370	Islam: Religion and Culture	3-4
AFRICAN 412	Contemporary African Fiction	3-4
AFROAMER 151	Introduction to Contemporary Afro-American Society	3
AFROAMER 155	They: Race in American Literature	3
AFROAMER/ GEN&WS 222	Introduction to Black Women Writers	3
AFROAMER 225	Introduction to African American Dramatic Literature	3
AFROAMER 227	Masterpieces of African American Literature	3
AMER IND 100	Introduction to American Indian Studies	3
ANTHRO 104	Cultural Anthropology and Human Diversity	3
ASIAN AM 101	Introduction to Asian American Studies	3
ASIAN AM/ AFROAMER/ AMER IND/CHICLA/ FOLKLORE 102	Introduction to Comparative US Ethnic and American Indian Studies	3
ASIAN AM 240	Topics in Asian American Studies	3
CHICLA 201	Introduction to Chicana/o and Latina/o Studies	3

## CAPSTONE

Complete one of the following health-focused service learning course:

Code	Title	Credits
HIST SCI/ENGL/ MED HIST 525	Health and the Humanities	3
NURSING 511	Community Supports for People with Dementia	3
RP & SE 300	Individuals with Disabilities	3
DANCE 231	Introduction to Dance/Movement Therapy	3
DANCE 232	Introduction to Dynamics of Dance Therapy	3

## ELECTIVE (IF NEEDED)

Complete additional coursework to reach 15 credits from any of the courses listed above or ENGL/HIST SCI/MED HIST 599 Directed Study in Health and the Humanities

## RESIDENCE AND QUALITY OF WORK

- Minimum 2.000 GPA on all Certificate courses
- At least 8 Certificate credits in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

### LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Identify major developments in the history of medicine and the medical profession.
2. Describe how the meaning of "health" has varied over time and space.
3. Comprehend and evaluate complex arguments about politics, values, healthcare, and health in contemporary society.
4. Understand health and illness as grounded in personal experience, develop empathy for others' experiences and use creative means to reflect on those experiences.
5. Develop sensitivity for what health means among differently positioned people (e.g., with respect to race, class, gender, culture, disability, age).

### ADVISING AND CAREERS

## ADVISING AND CAREERS

The Health and the Humanities (HatH) academic advisor can help you create a meaningful course plan and stay on track as you complete the certificate requirements. We recommend that you connect with the HatH advisor as early as possible. The advisor is available to consult on a variety of topics including: applying to the certificate, HatH course selection, exploring how HatH courses fit with breadth and general education degree requirements, campus resources, and getting the most from your Wisconsin Experience.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career

skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ils.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

### PEOPLE

## PEOPLE

### CERTIFICATE DIRECTOR

Anthony Cerulli (<https://alc.wisc.edu/staff/anthony-cerulli/>), Professor of South Asian Studies

Anthony's main fields of research are medicine and religion. In much of his teaching and writing he combines ethnography, history, and philology to explore these fields in South Asia, although his work also draws from and contributes to discussions in the medical and health humanities more broadly. Exhibitions and publications via Anthony's ongoing photo-ethnography project, "Manuscriptistan," explore links between art-making, aesthetics, and the history of knowledge production in India.

## INTEGRATED LIBERAL STUDIES, CERTIFICATE

The mission of Integrated Liberal Studies (<https://ils.wisc.edu/>) (ILS) is to provide an integrated exploration of the great themes of human inquiry and expression in scientific, literary, political, economic, historical and artistic thought. The ILS curriculum offers a set of related courses specially tailored to meet the breadth requirements of the College of Letters & Science. ILS draws exemplary, dynamic faculty from departments across campus to create courses that challenge students with a rigorous program of interdisciplinary study emphasizing critical thinking and judgment rather than passive absorption of information. Although these courses may be taken as single electives, the purpose of the program is to counter the fragmentation of undergraduate education by providing a common ground of learning.

Because ILS courses are interdisciplinary, students are encouraged to make connections between the various subject areas that comprise the ILS curriculum. Students encounter the relations between literature and the arts; science, technology, and philosophy; and political, economic, and social thought. The content of the curriculum has been developed in the belief that historical perspective is required for a full understanding of contemporary issues. Courses numbered 201-206 progress from historical to contemporary topics in each of the three core areas. Those numbered 250 and above cover interdisciplinary special topics in the natural sciences, social sciences, and humanities, including "Magical Realism," "Modern Jewish Thought," and "Machiavelli and His World." ILS also includes a course (ILS 200 Critical Thinking and Expression) to sharpen communication and research skills necessary for college work. This course satisfies the university's Communications B requirement. ILS/LACIS 367 The Literature of Migration and the Migrant Experience in the Americas fulfills the university's ethnic studies requirement. ILS 400 Capstone Integration Seminar, a senior capstone seminar addressing an interdisciplinary topic, serves as the culmination of the ILS curriculum and is required in order to complete the ILS certificate.

### HOW TO GET IN

## HOW TO GET IN CERTIFICATE DECLARATION REQUIREMENTS

Students are eligible to declare the ILS Certificate at any point in their undergraduate career, and there are no prerequisites for declaring. Students should declare as early as possible in order to plan the required coursework. Students are encouraged to meet with the Integrated Liberal Studies academic advisor to discuss certificate requirements and ensure it fits with their academic goals.

Students who are ready to declare the certificate now may do so via the ILS Website (<https://ils.wisc.edu/certificateprogram/>).

## REQUIREMENTS

### REQUIREMENTS

The certificate in Integrated Liberal Studies consists of two Core ILS courses, one additional ILS course, another non-ILS course from an approved list, and the ILS Capstone Integration Seminar.

A total of 15 credits are required, of which 6 are in Core ILS courses, 3 in Integrative Breadth, 3 in Integrative Diversity, and 3 in the Capstone Integration Seminar.

### CORE ILS COURSES

Code	Title	Credits
<b>Complete any two of the following core ILS courses:</b>		
ILS 200	Critical Thinking and Expression	3
ILS 201	Western Culture: Science, Technology, Philosophy I	3
or HIST SCI 201	The Origins of Scientific Thought	
ILS 202	Western Culture: Science, Technology, Philosophy II	3
or HIST SCI 202	The Making of Modern Science	
ILS 203	Western Culture: Literature and the Arts I	3
ILS 204	Western Culture: Literature and the Arts II	3-4
ILS 205	Western Culture: Political, Economic, and Social Thought I	3
ILS 206	Western Culture: Political, Economic, and Social Thought II	3

### INTEGRATIVE BREADTH

Code	Title	Credits
<b>Excluding any ILS courses used towards the required Core ILS courses above, complete one additional ILS course from the following:</b>		
ILS 110	First-year Topics Seminar in Integrated Liberal Studies	3
ILS/ENVIR ST 126	Principles of Environmental Science	4
ILS 153	Ways of Knowing in the Sciences	4
ILS 200	Critical Thinking and Expression	3
ILS 201	Western Culture: Science, Technology, Philosophy I	3
or HIST SCI 201	The Origins of Scientific Thought	
ILS 202	Western Culture: Science, Technology, Philosophy II	3
or HIST SCI 202	The Making of Modern Science	
ILS 203	Western Culture: Literature and the Arts I	3
ILS 204	Western Culture: Literature and the Arts II	3-4
ILS 205	Western Culture: Political, Economic, and Social Thought I	3

ILS 206	Western Culture: Political, Economic, and Social Thought II	3
ILS/RELIG ST 234	Genres of Western Religious Writing	3
ILS 251	Contemporary Physical Sciences	3
ILS 253	Literature and Society	3
ILS 254	Literature and Science	3
ILS/ENVIR ST 255	Introduction to Sustainability Science	4
ILS 298	Directed Study	3
ILS 299	Directed Study	3
ILS/ITALIAN 350	Rome: Lust for Glory	3-4
ILS/ITALIAN/ LITTRANS/ POLI SCI 365	Machiavelli and His World	3
ILS/LACIS 367	The Literature of Migration and the Migrant Experience in the Americas	3
ILS 369	Magical Realism and Postmodernity	3
ILS 371	Interdisciplinary Studies in the Arts and Humanities	3
ILS 372	Interdisciplinary Studies in the Social Sciences	3
ILS/JEWISH/ SOC 423	Modern Jewish Thought	3

## CAPSTONE INTEGRATION SEMINAR

Code	Title	Credits
<b>Complete the ILS Capstone Integration Seminar:</b>		<b>3</b>
ILS 400	Capstone Integration Seminar	3

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA with all courses taken on graded basis
- 8 credits in the certificate, in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Identify and explain how people make meaning across times, cultures, media, and disciplines.
2. Critically analyze diverse approaches to how people make meaning in the past and present.
3. Recognize and synthesize diverse types of knowledge and disciplinary approaches to how people make meaning.

4. Formulate new questions about and integrate new approaches to how people make meaning.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ACADEMIC ADVISING

The Integrated Liberal Studies (ILS) academic advisor can help you create a meaningful course plan and stay on track as you complete the certificate requirements. We recommend that you connect with the ILS advisor as early as possible. The advisor is available to consult on a variety of topics, including declaring the certificate, course selection, exploring how ILS courses fit with breadth and general education degree requirements, campus resources, and getting the most from your Wisconsin Experience.

#### CAREER INFORMATION

The Integrated Liberal Studies Program encourages certificate students to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks in the College of Letters & Science to help you leverage the academic skills learned in your major and liberal arts degree, explore and try out different career paths, participate in internships, prepare for the job search and/or graduate school applications, and network with professionals in the field (alumni and employers).

Letters & Science graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

#### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:

- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)

Daniel Kapust, *Director of ILS*

Laura Bradley, *ILS Academic Advisor*

Beth Shipman, *Program Administrative Manager*

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE "A SMALL LIBERAL ARTS EXPERIENCE WITHIN A GREAT UNIVERSITY"

ILS is not only a certificate, but a community on campus.

---

"The University of Wisconsin needs programs like ILS to give students the indispensable liberal arts experience and I am happy that it was part of my experience here on campus." Brett Tietz (ILS graduate)

---

"I love that the history and literature I learn in my ILS courses makes me a better conversationalist." Paul Sutherland (ILS graduate)

---

"I love ILS because there is so much to learn. Through ILS I was able to trace the history of science from natural philosophy all the way up to Newtonian physics, and the impact of science on the contemporary art & literature. I really enjoyed being able to study the humanities, and the insights these classes have provided me on the interaction between science and culture. The program was a great way for me to study things that I am interested in, but are unrelated to my major, such as astronomy, geology, philosophy, literature, art history, geopolitics." Brad Glasco (ILS graduate)

---

"The main goal of ILS is to get its students to recognize how different subjects of knowledge connect with one another. Our student-led class in our ILS capstone attempted to accomplish this goal through the topic of tattoos. By reading articles and books on tattoos, witnessing a classmate receive a tattoo, interviewing veteran tattoo artists in the field, debating case studies, and discussing stigmas and stereotypes of tattoos, we wove together knowledge from history, psychology, sociology, criminology, philosophy, and art. My views about tattoos, and people who choose to get them, will be forever better informed. I will always remember my classmates and this capstone!" Ryan Fleming (ILS graduate)

---

"Virtually every ILS class threatens to fundamentally change the way you see the world." Eric Schmidt, political science major

---

"Some of the best professors on campus teach ILS classes, and they love the program as much as the students! How many other programs offer Aristophanes, Nietzsche and Jon Stewart in the same class?" Jeff Landow, English major

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

ILS offers multiple scholarship and award opportunities for declared certificate students.

#### MEIKLEJOHN TRAVEL AWARD

##### Up to \$1500

Named for Alexander Meiklejohn, founder of the University of Wisconsin Experimental College (1927–32), the forerunner to the ILS program, this prize is intended to help support an ILS student in a university-sponsored or an independent program of education-centered travel or study abroad, taking place during the summer or academic year (or in the United States if the destination is remote from the student's home or the campus).

#### POOLEY PRIZE

##### Up to \$2,000 each (based on available funds)

Named for Professor Robert Pooley, the first chair of the Integrated Liberal Studies program (1948), this prize is given annually to outstanding ILS students on the basis of:

- academic achievement (GPA of at least 3.0 for the 3 preceding semesters),
- evidence of good character,
- student leadership in the ILS program, including involvement in extracurricular activities, and
- available for travel purposes relating to their ILS courses.

#### RUTH KNATZ MEMORIAL PRIZE

##### Up to \$5,000 (based on available funds)

Named for Ruth Knatz Gross Wisniewsky and given by her husband, Edward Wisniewsky, this prize will be given only to a truly outstanding student who:

- is majoring in at least one humanities discipline (including history and history of science, but not social science or science); this means you may be double-majoring in one non-humanities major, but the other must be a humanities major,
- gives promise of making a valuable contribution to the humanities,
- has done exemplary work in their ILS courses,
- has achieved junior or senior standing, and
- has signed up for the certificate and plans to complete the ILS certificate program.

## INTEGRATIVE BIOLOGY

### RESEARCH AND EDUCATION

With 19 faculty and 14 affiliated faculty members from campus, research, and education, the Department of Integrative Biology spans all levels of biological organization (from the molecular level to whole ecosystems and regions), considers a diverse range of taxa (microbes, plants, animals) and systems (terrestrial, aquatic), and addresses a wide array of basic and applied research questions. The Department of Integrative Biology

is committed to providing the best training and education in the field of biology for UW–Madison undergraduate and graduate students.

## MAJORS

As one of the largest departments in the College of Letters & Science, the Department of Integrative Biology is home to the biology (L&S), molecular biology, neurobiology, and zoology undergraduate majors. Nearly 2,500 students enroll in our introductory biology courses (BIOLOGY/ZOOLOGY 101 Animal Biology and ZOOLOGY/BIOLOGY 102 Animal Biology Laboratory; BOTANY/BIOLOGY/ZOOLOGY 151 Introductory Biology/ZOOLOGY 153 Introductory Biology 153 and ZOOLOGY/BIOLOGY/BOTANY 152 Introductory Biology), and another 1,000 students enroll in a variety of courses in the field of biology.

## DEGREES/MAJORS/CERTIFICATES

### DEGREES/MAJORS/CERTIFICATES

- Biology, BA (L&S) (p. 1042)
- Biology, BS (L&S) (p. 1057)
- Molecular and Cell Biology, BA (p. 1072)
- Molecular and Cell Biology, BS (p. 1078)
- Neurobiology, BA (p. 1084)
- Neurobiology, BS (p. 1091)
- Zoology, BA (p. 1097)
- Zoology, BS (p. 1103)

## PEOPLE

### PEOPLE

Please visit the Faculty (<https://integrativebiology.wisc.edu/faculty/>) and Affiliate Faculty (<https://integrativebiology.wisc.edu/affiliated-faculty/>) pages on the Integrative Biology website for information about our faculty and their research areas.

## BIOLOGY, BA (L&S)

The biology major is designed for students with broad interests in the biological sciences. It is intended primarily to:

1. prepare undergraduates for graduate studies in diverse areas of biology;
2. prepare certain preprofessional students (e.g., medicine, veterinary medicine, dentistry) for advanced study in the health professions;
3. provide a broad exposure to biology for students who want a general science education as biologists; and
4. serve as initial preparation for students who later choose a more specialized major.

The major is offered by the College of Letters & Science and the College of Agricultural and Life Sciences.

## HOW TO GET IN

### HOW TO GET IN

Students interested in declaring the biology major should set up an appointment to speak with biology academic advisor. Information can be found at advising (<http://biologymajor.wisc.edu/advising/>).

Students who intend to major in Biology in either the College of Letters and Science (L&S) or the College of Agricultural and Life Sciences (CAL S) may not combine this major ("double major") with the Molecular and Cell Biology Major or the Neurobiology Major.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>Breadth–Humanities/Literature/Arts: 6 credits</li> <li>Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>Breadth–Social Studies: 3 credits</li> <li>Communication Part A Part B *</li> <li>Ethnic Studies *</li> <li>Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW–Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2,000 in all coursework at UW–Madison
- 2,000 in Intermediate/Advanced level coursework at UW–Madison

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

Students must complete a minimum of 31 credits of Biological Science courses within the Introductory Biology, Foundation Course, Upper-Level Breadth in the Major, and Additional Lab or Field Research requirements.

Unless specifically stated otherwise, courses may not be used to meet multiple requirements of the major.

In addition to the standard Biology major, there is a Named Option in Evolutionary Biology. Students may complete only one Biology major/named option and must declare the named option they are pursuing.

### CORE REQUIREMENTS

#### Mathematics and Statistics

Code	Title	Credits
Complete one of the following:		
MATH 221	Calculus and Analytic Geometry 1	4–10
MATH 211	Survey of Calculus	

MATH 171 & MATH 217	Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II	
Complete one of the following:		3-4
MATH 222	Calculus and Analytic Geometry 2	
STAT 240	Data Science Modeling I	
STAT 301	Introduction to Statistical Methods	
STAT 371	Introductory Applied Statistics for the Life Sciences	

**Total Credits** **7-14**

### Chemistry

Code	Title	Credits
General Chemistry (Complete one of the following):		5-10
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	
CHEM 109	Advanced General Chemistry	
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II	
Organic Chemistry		
CHEM 343	Organic Chemistry I	3
CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry II	3

**Total Credits** **13-18**

### Physics

Code	Title	Credits
First Semester Physics (complete one of the following):		4-5
PHYSICS 103	General Physics	
PHYSICS 201	General Physics	
PHYSICS 207	General Physics	
Second Semester Physics (complete one of the following):		4-5
PHYSICS 104	General Physics	
PHYSICS 202	General Physics	
PHYSICS 208	General Physics	

**Total Credits** **8-10**

### Introductory Biology

Code	Title	Credits
Select one of the following options:		10-13
Option A:		
BIOLOGY/ BOTANY/ ZOOLOGY 151	Introductory Biology	
BIOLOGY/ BOTANY/ ZOOLOGY 152	Introductory Biology	
Option B:		
BIOCORE 381	Evolution, Ecology, and Genetics	
BIOCORE 382	Evolution, Ecology, and Genetics Laboratory	
BIOCORE 383	Cellular Biology	
BIOCORE 384	Cellular Biology Laboratory	

BIOCORE 485	Principles of Physiology	
Option C:		
ZOOLOGY/ BIOLOGY 101	Animal Biology	
ZOOLOGY/ BIOLOGY 102	Animal Biology Laboratory	
BOTANY/ BIOLOGY 130	General Botany	
<b>Total Credits</b>		<b>10-13</b>

### Foundation Course (complete one of the following):

Students may use BIOCORE 381 and BIOCORE 383 toward **both** Introductory Biology **and** Foundation.

Code	Title	Credits
AGRONOMY/ HORT 338	Plant Breeding and Biotechnology	3
BIOCHEM 501	Introduction to Biochemistry	3
BIOCHEM 508	General Biochemistry II	3-4
BIOCORE 381 & BIOCORE 383	Evolution, Ecology, and Genetics and Cellular Biology	6
GENETICS 466	Principles of Genetics	3
GENETICS 468	General Genetics 2	3
MICROBIO 470	Microbial Genetics & Molecular Machines	3

### UPPER-LEVEL BREADTH IN THE MAJOR

Minimum of 13 credits required and must include **one approved lab course**. Approved lab courses are indicated by footnote. A course taken to meet the Foundation requirement may not also count as Upper-Level Breadth in the Major.

- Complete at least two credits from either category A or B.
- Complete at least two credits from either category C or D.
- Complete at least two credits from an unused category (A, B, C, D or E).

### A. Cellular and Subcellular Biology

## ADDITIONAL LAB OR FIELD RESEARCH

In addition to the Lab requirement, complete one of the following requirements:

- Complete one *additional* lab course and at least two credits from categories A–E in the Upper-Level Breadth in the Major course lists, **or**
- Complete at least two credits of directed study in a biological science discipline, or
- Complete a two-semester thesis in biological science.<sup>2</sup>

## Approved Directed Study Courses

To have Directed Study count for the Additional Lab/Field Research requirement, students must first complete an Introductory Biology sequence.

## BIOLOGY NAMED OPTION

Instead of completing the requirements above, students may choose to select the named option below.

View as listView as grid

- **BIOLOGY: EVOLUTIONARY BIOLOGY (P. 1066)**

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all BIOLOGY and major courses
- 2.000 GPA on at least 15 credits of Upper-Level work in the major, in Residence<sup>2</sup>
- 15 credits in the major, taken on the UW-Madison campus

## HONORS IN THE MAJOR

Students may declare Honors in the Biology major with permission of the major advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in the major
- Complete 13 credits from Foundation and Upper-Level Breadth in the Major requirements, taken for Honors
- Complete an approved two-semester Senior Honors Thesis for a total of 6 credits

## FOOTNOTES

<sup>1</sup> Course also approved for lab credit

<sup>2</sup> Foundation and Upper-Level Breadth in the Major are considered Upper-Level for purposes of this requirement.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Know and understand core concepts that unify the breadth of biological sciences including: evolution; structure and function; information flow, exchange, and storage; pathways for transformations of energy and matter; and systems.
2. Demonstrate practical skills of a professional biologist including: problem-solving by engaging the process of science; written and verbal proficiency; laboratory skills; quantitative analysis skills; and teamwork skills.
3. Graduates will be able to engage and make broader connections to other scientific disciplines and society.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

Four-year Plans for the Biology major are designed to support biological science major exploration and planning your academic career. Your specific program of study could, and probably will, look different. You should customize the Four-Year Plan to fit your unique interests at UW-Madison. Consult with your advisor about the best plan for you.

### SAMPLE BIOLOGY MAJOR FOUR-YEAR PLAN

#### Freshman

Fall	Credits Spring	Credits
CHEM 103	4 CHEM 104	5
MATH 221 <sup>1</sup>	5 STAT 371 <sup>1</sup>	3
Communication A	3 Literature Breadth	3
Social Science Breadth	3 Ethnic Studies/Social Science Breadth	4
	<b>15</b>	<b>15</b>

#### Sophomore

Fall	Credits Spring	Credits
BIOLOGY/BOTANY/ ZOOLOGY 151 <sup>2</sup>	5 BIOLOGY/BOTANY/ ZOOLOGY 152 <sup>2</sup>	5
CHEM 343	3 CHEM 344	2
Literature Breadth	3 CHEM 345	3
Social Science Breadth	3 Humanities Breadth	3
INTER-LS 210	1 Elective	2
	<b>15</b>	<b>15</b>

#### Junior

Fall	Credits Spring	Credits
Foundation Course for Major	3 Upper-Level Breadth in the Major	4
PHYSICS 103	4 PHYSICS 104	4
Social Science Breadth	3 Humanities Breadth	3
Electives	5 Electives	4
Declare the Major		
	<b>15</b>	<b>15</b>

#### Senior

Fall	Credits Spring	Credits
Upper-Level Breadth in the Major	3 Upper-Level Breadth in the Major	6

Upper-Level Breadth in the Major Lab or Field Research	3 Additional Lab or Field Research	2
Electives	9 Electives	7
	<b>15</b>	<b>15</b>

#### Total Credits 120

- Follow the guidance of Math placement scores when choosing a Mathematics and/or Statistics course.
- Students may complete one of three Introductory Biology sequences. See the Requirements tab for more information.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

Your advisor is here to guide you through the biology major. We can address your questions and concerns, provide advice, help you create a four-year degree plan that meets your major and professional goals, and connect you to resources. It is important to remember that advising is about the process, and some questions do not have a quick and easy answer. Your advisor will challenge you to self-reflect, to critically think about your goals and strategies, and to develop decision-making skills. For more information about what to expect during your advising appointment, visit UW Undergraduate Advising (<https://advising.wisc.edu/soar/advising-101/>).

In the biology major, students are assigned to an adviser according to last name. Please visit us here (<http://biologymajor.wisc.edu/advising/>) to schedule an advising appointment.

#### CAREERS

The biology major encourages our students to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

#### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)

- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

Brian Asen  
 Carley Garvens  
 Sarah Kuba, Program Director  
 Brittany Magrady  
 Damien Parks

#### BIOLOGY MAJOR PROGRAM COMMITTEE

(voting members)

Joseph Dillard  
 Nazan Gillie, ex officio  
 Anna Kowalkowski  
 Sarah Kuba, ex officio  
 Kate McCulloh, L&S Co-Chair  
 Timothy Paustian, ex officio  
 Federico Rey  
 Nathaniel Sharp, Evolutionary Biology Named Option Representative  
 Jon Woods  
 Jae-Hyuk Yu, CALS Co-Chair

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE

The following opportunities can help students connect with other students interested in biology, build relationships with faculty and staff, and contribute to out-of-classroom learning:

- Many study abroad programs offer a plethora of excellent upper level bioscience courses. Students often complete courses abroad that meet upper-level breadth in the major requirements (categories A-E) while others use this opportunity to focus on non-science coursework and explore other topics that interest them. Review the Biology Major advising page (<https://studyabroad.wisc.edu/academics/major-advising-pages-maps/biology/>) on the Study Abroad website to explore international academic programs.
- Students are encouraged to get involved in research in any life science department. Research can be performed for either course credit or pay, depending on the opportunity. Research opportunities can be identified by inquiring directly (<https://wisconsin.wisc.edu/resources/#ugrad>) with faculty members, reading the *Biology Major*

*Newsletter*, or announcement on the Student Job Center (<https://studentjobs.wisc.edu/>).

## BIOLOGY: EVOLUTIONARY BIOLOGY

The **Evolutionary Biology Option** allows biology majors to concentrate their studies in evolution and to have this reflected on their transcript. Since there is no evolutionary biology major available at UW-Madison, this is the only mechanism to indicate specialization in this rapidly growing and popular field. In taking this option students will be able to fulfill their intermediate/advanced biology requirement with courses that emphasize evolutionary biology, ranging from required courses in fundamental evolutionary biology to more advanced optional courses that cover a wide range of evolutionary biology topics. They will also get to take a one-credit seminar course in evolutionary biology.

Who should enroll in this option? Students with broad interest in the biological sciences who want to:

- Prepare for graduate study in evolutionary biology or related fields
- Prepare for professional studies (e.g. medical school, veterinary school, dentistry)
- Concentrate their biological studies in evolutionary biology

## REQUIREMENTS

### REQUIREMENTS FOR THE NAMED OPTION

Students must complete a minimum of 31 credits of Biological Science courses within the Introductory Biology, Foundation Course, Upper-Level Breadth in the Major, Additional Lab or Field Research, and Evolutionary Biology Seminar requirements. Unless specifically stated otherwise, courses may not be used to meet multiple requirements of the major.

#### CORE REQUIREMENTS

##### Mathematics and Statistics

Code	Title	Credits
Complete one of the following:		4-10
MATH 221	Calculus and Analytic Geometry 1	
MATH 211	Survey of Calculus	
MATH 171 & MATH 217	Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II	
Complete one of the following:		3-4
STAT 240	Data Science Modeling I	
STAT 301	Introduction to Statistical Methods	
STAT 371	Introductory Applied Statistics for the Life Sciences	

**Total Credits**

**7-14**

**Chemistry**

Code	Title	Credits
General Chemistry (Complete one of the following):		5-10
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	
CHEM 109	Advanced General Chemistry	
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II	
Organic Chemistry		
CHEM 343	Organic Chemistry I	3
CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry II	3
<b>Total Credits</b>		<b>13-18</b>

**Physics**

Code	Title	Credits
First Semester Physics (complete one of the following):		4-5
PHYSICS 103	General Physics	
PHYSICS 201	General Physics	
PHYSICS 207	General Physics	
Second Semester Physics (complete one of the following):		4-5
PHYSICS 104	General Physics	
PHYSICS 202	General Physics	
PHYSICS 208	General Physics	
<b>Total Credits</b>		<b>8-10</b>

**Introductory Biology**

Code	Title	Credits
Complete one sequence:		10-13
Option A:		10
BIOLOGY/ BOTANY/ ZOOLOGY 151	Introductory Biology	
BIOLOGY/ BOTANY/ ZOOLOGY 152	Introductory Biology	
Option B:		13
BIOCORE 381	Evolution, Ecology, and Genetics	
BIOCORE 382	Evolution, Ecology, and Genetics Laboratory	
BIOCORE 383	Cellular Biology	
BIOCORE 384	Cellular Biology Laboratory	
BIOCORE 485	Principles of Physiology	
Option C:		10
ZOOLOGY/ BIOLOGY 101	Animal Biology	
ZOOLOGY/ BIOLOGY 102	Animal Biology Laboratory	
BOTANY/ BIOLOGY 130	General Botany	

**Foundation Course (complete one of the following):**

Students may use BIOCORE 381 and BIOCORE 383 toward both Introductory Biology and Foundation.

Code	Title	Credits
BIOCORE 381 & BIOCORE 383	Evolution, Ecology, and Genetics and Cellular Biology	6
GENETICS 466	Principles of Genetics	3
GENETICS 468	General Genetics 2	3

**UPPER-LEVEL BREADTH IN THE MAJOR**

Minimum of 13 credits required as follows and must include **one approved lab course**. (Approved lab courses are indicated by footnote). A course taken to meet the Foundation requirement may not also count as Upper-Level Breadth in the Major.

- Complete the Evolutionary Biology course
- Complete at least two credits from either category A or B.
- Complete at least two credits from category C.
- Complete at least two credits from category D.
- Additional courses needed to reach 13 credits Upper-Level Breadth in the Major may be taken from any category (A, B, C, D, E).

**Required Evolutionary Biology Course**

Code	Title	Credits
ZOOLOGY/ ANTHRO/ BOTANY 410	Evolutionary Biology	3

**A. Cellular and Subcellular Biology**

Code	Title	Credits
AGRONOMY/ HORT 338	Plant Breeding and Biotechnology	3

## ADDITIONAL LAB OR FIELD RESEARCH

In addition to the Lab requirement, complete one of the following requirements:

- Complete one *additional* lab course from categories A-E in the [Upper-Level Breadth in the Major](#) course lists, **or**
- Complete at least 2 credits of directed study in a biological science discipline, **or**
- Complete a two-semester thesis in biological science.

### Approved Directed Study Courses

To have Directed Study count for the Additional Lab/Field Research requirement students must first complete an Introductory Biology sequence.

Code	Title	Credits

## EVOLUTIONARY BIOLOGY SEMINAR

Code	Title	Credits
BIOLOGY/ GENETICS 522	Communicating Evolutionary Biology	2-3

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all BIOLOGY and major courses
- 2.000 GPA on at least 15 credits of Upper-Level work in the major, in Residence<sup>2</sup>
- 15 credits in the major, taken on the UW-Madison campus

## FOOTNOTES

<sup>1</sup> Course also approved for lab credit

<sup>2</sup> Foundation and Upper-Level Breadth in the Major courses are considered Upper-Level for purposes of this requirement.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

Four-year Plans for the Biology major are designed to support biological science major exploration and planning your academic career. Your specific program of study could, and probably will, look different. You should customize the Four-Year Plan to fit your unique interests at UW-Madison. Consult with your advisor about the best plan for you.

## SAMPLE EVOLUTIONARY BIOLOGY OPTION FOUR-YEAR PLAN

### Total Credits 120

<sup>1</sup> Follow the guidance of Math placement scores when choosing a Mathematics and/or Statistics course.

<sup>2</sup> Students may complete one of three Introductory Biology sequences. See the Requirements tab for more information.

## BIOLOGY, BS (L&S)

The biology major is designed for students with broad interests in the biological sciences. It is intended primarily to:

1. prepare undergraduates for graduate studies in diverse areas of biology;
2. prepare certain preprofessional students (e.g., medicine, veterinary medicine, dentistry) for advanced study in the health professions;

- provide a broad exposure to biology for students who want a general science education as biologists; and
- serve as initial preparation for students who later choose a more specialized major.

The major is offered by the College of Letters & Science and the College of Agricultural and Life Sciences.

## HOW TO GET IN

### HOW TO GET IN

Students interested in declaring the biology major should set up an appointment to speak with biology academic advisor. Information can be found at advising (<http://biologymajor.wisc.edu/advising/>).

Students who intend to major in Biology in either the College of Letters and Science (L&S) or the College of Agricultural and Life Sciences (CALS) may not combine this major ("double major") with the Molecular and Cell Biology Major or the Neurobiology Major.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>Breadth–Humanities/Literature/Arts: 6 credits</li> <li>Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>Breadth–Social Studies: 3 credits</li> <li>Communication Part A Part B *</li> <li>Ethnic Studies *</li> <li>Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of

Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW–Madison
- 2.000 in Intermediate/Advanced level coursework at UW–Madison

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

Students must complete a minimum of 31 credits of Biological Science courses within the Introductory Biology, Foundation Course, Upper-Level Breadth in the Major, and Additional Lab or Field Research requirements.

Unless specifically stated otherwise, courses may not be used to meet multiple requirements of the major.

In addition to the standard Biology major, there is a Named Option in Evolutionary Biology. Students may complete only one Biology major/named option and must declare the named option they are pursuing.

### CORE REQUIREMENTS

#### Mathematics and Statistics

Code	Title	Credits
Complete one of the following:		4–10
MATH 221	Calculus and Analytic Geometry 1	
MATH 211	Survey of Calculus	

MATH 171 & MATH 217	Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II	
Complete one of the following:		3-4
MATH 222	Calculus and Analytic Geometry 2	
STAT 240	Data Science Modeling I	
STAT 301	Introduction to Statistical Methods	
STAT 371	Introductory Applied Statistics for the Life Sciences	

**Total Credits** **7-14**

### Chemistry

Code	Title	Credits
General Chemistry (Complete one of the following):		5-10
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	
CHEM 109	Advanced General Chemistry	
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II	
Organic Chemistry		
CHEM 343	Organic Chemistry I	3
CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry II	3

**Total Credits** **13-18**

### Physics

Code	Title	Credits
First Semester Physics (complete one of the following):		4-5
PHYSICS 103	General Physics	
PHYSICS 201	General Physics	
PHYSICS 207	General Physics	
Second Semester Physics (complete one of the following):		4-5
PHYSICS 104	General Physics	
PHYSICS 202	General Physics	
PHYSICS 208	General Physics	

**Total Credits** **8-10**

### Introductory Biology

Code	Title	Credits
Select one of the following options:		10-13
Option A:		
BIOLOGY/ BOTANY/ ZOOLOGY 151	Introductory Biology	
BIOLOGY/ BOTANY/ ZOOLOGY 152	Introductory Biology	
Option B:		
BIOCORE 381	Evolution, Ecology, and Genetics	
BIOCORE 382	Evolution, Ecology, and Genetics Laboratory	
BIOCORE 383	Cellular Biology	
BIOCORE 384	Cellular Biology Laboratory	

BIOCORE 485	Principles of Physiology	
Option C:		
ZOOLOGY/ BIOLOGY 101	Animal Biology	
ZOOLOGY/ BIOLOGY 102	Animal Biology Laboratory	
BOTANY/ BIOLOGY 130	General Botany	

**Total Credits** **10-13**

### Foundation Course (complete one of the following):

Students may use BIOCORE 381 and BIOCORE 383 toward **both** Introductory Biology **and** Foundation.

Code	Title	Credits
AGRONOMY/ HORT 338	Plant Breeding and Biotechnology	3
BIOCHEM 501	Introduction to Biochemistry	3
BIOCHEM 508	General Biochemistry II	3-4
BIOCORE 381 & BIOCORE 383	Evolution, Ecology, and Genetics and Cellular Biology	6
GENETICS 466	Principles of Genetics	3
GENETICS 468	General Genetics 2	3
MICROBIO 470	Microbial Genetics & Molecular Machines	3

### UPPER-LEVEL BREADTH IN THE MAJOR

Minimum of 13 credits required and must include **one approved lab course**. Approved lab courses are indicated by footnote. A course taken to meet the Foundation requirement may not also count as Upper-Level Breadth in the Major.

- Complete at least two credits from either category A or B.
- Complete at least two credits from either category C or D.
- Complete at least two credits from an unused category (A, B, C, D or E).

### A. Cellular and Subcellular Biology

## ADDITIONAL LAB OR FIELD RESEARCH

In addition to the Lab requirement, complete one of the following requirements:

- Complete one *additional* lab course and at least two credits from categories A–E in the Upper-Level Breadth in the Major course lists, **or**
- Complete at least two credits of directed study in a biological science discipline, or
- Complete a two-semester thesis in biological science.<sup>2</sup>

## Approved Directed Study Courses

To have Directed Study count for the Additional Lab/Field Research requirement, students must first complete an Introductory Biology sequence.

Code	Title	Credits

## BIOLOGY NAMED OPTION

Instead of completing the requirements above, students may choose to select the named option below.

View as listView as grid

- **BIOLOGY: EVOLUTIONARY BIOLOGY (P. 1066)**

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all BIOLOGY and major courses
- 2.000 GPA on at least 15 credits of Upper-Level work in the major, in Residence<sup>2</sup>
- 15 credits in the major, taken on the UW-Madison campus

## HONORS IN THE MAJOR

Students may declare Honors in the Biology major with permission of the major advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in the major
- Complete 13 credits from Foundation and Upper-Level Breadth in the Major requirements, taken for Honors
- Complete an approved two-semester Senior Honors Thesis for a total of 6 credits

## FOOTNOTES

<sup>1</sup> Course also approved for lab credit

<sup>2</sup> Foundation and Upper-Level Breadth in the Major are considered Upper-Level for purposes of this requirement.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Know and understand core concepts that unify the breadth of biological sciences including: evolution; structure and function; information flow, exchange, and storage; pathways for transformations of energy and matter; and systems.
2. Demonstrate practical skills of a professional biologist including: problem-solving by engaging the process of science; written and verbal proficiency; laboratory skills; quantitative analysis skills; and teamwork skills.
3. Graduates will be able to engage and make broader connections to other scientific disciplines and society.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

Four-year Plans for the Biology major are designed to support biological science major exploration and planning your academic career. Your specific program of study could, and probably will, look different. You should customize the Four-Year Plan to fit your unique interests at UW-Madison. Consult with your advisor about the best plan for you.

### SAMPLE BIOLOGY MAJOR FOUR-YEAR PLAN

#### Freshman

Fall	Credits Spring	Credits
CHEM 103	4 CHEM 104	5
MATH 221 <sup>1</sup>	5 STAT 371 <sup>1</sup>	3
Communication A	3 Literature Breadth	3
Social Science Breadth	3 Ethnic Studies/Social Science Breadth	4
	<b>15</b>	<b>15</b>

#### Sophomore

Fall	Credits Spring	Credits

CHEM 343	3 CHEM 344	2
Literature Breadth	3 CHEM 345	3
Social Science Breadth	3 Humanities Breadth	3
INTER-LS 210	1 Elective	2
	<b>15</b>	<b>15</b>

#### Junior

Fall	Credits Spring	Credits
Foundation Course for Major	3 Upper-Level Breadth in the Major	4
PHYSICS 103	4 PHYSICS 104	4
Social Science Breadth	3 Humanities Breadth	3
Electives	5 Electives	4
Declare the Major		
	<b>15</b>	<b>15</b>

#### Senior

Fall	Credits Spring	Credits
Upper-Level Breadth in the Major	3 Upper-Level Breadth in the Major	6

Upper-Level Breadth in the Major Lab or Field Research	3 Additional Lab or Field Research	2
Electives	9 Electives	7
	<b>15</b>	<b>15</b>

#### Total Credits 120

- Follow the guidance of Math placement scores when choosing a Mathematics and/or Statistics course.
- Students may complete one of three Introductory Biology sequences. See the Requirements tab for more information.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

Your advisor is here to guide you through the biology major. We can address your questions and concerns, provide advice, help you create a four-year degree plan that meets your major and professional goals, and connect you to resources. It is important to remember that advising is about the process, and some questions do not have a quick and easy answer. Your advisor will challenge you to self-reflect, to critically think about your goals and strategies, and to develop decision-making skills. For more information about what to expect during your advising appointment, visit UW Undergraduate Advising (<https://advising.wisc.edu/soar/advising-101/>).

In the biology major, students are assigned to an adviser according to last name. Please visit us here (<http://biologymajor.wisc.edu/advising/>) to schedule an advising appointment.

#### CAREERS

The biology major encourages our students to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

#### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)

- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

 Jae-Hyuk Yu, CALS Co-Chair

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE

The following opportunities can help students connect with other students interested in biology, build relationships with faculty and staff, and contribute to out-of-classroom learning:

- Many study abroad programs offer a plethora of excellent upper level bioscience courses. Students often complete courses abroad that meet upper-level breadth in the major requirements (categories A-E) while others use this opportunity to focus on non-science coursework and explore other topics that interest them. Review the Biology Major advising page (<https://studyabroad.wisc.edu/academics/major-advising-pages-maps/biology/>) on the Study Abroad website to explore international academic programs.
- Students are encouraged to get involved in research in any life science department. Research can be performed for either course credit or pay, depending on the opportunity. Research opportunities can be identified by inquiring directly (<https://wiscience.wisc.edu/resources/#ugrad>) with faculty members, reading the *Biology Major*

*Newsletter*, or announcement on the Student Job Center (<https://studentjobs.wisc.edu/>).

## BIOLOGY: EVOLUTIONARY BIOLOGY

The **Evolutionary Biology Named Option** allows biology majors to concentrate their studies in evolution and to have this reflected on their transcript. Since there is no evolutionary biology major available at UW-Madison, this is the only mechanism to indicate specialization in this rapidly growing and popular field. In taking this named option, students will be able to fulfill their intermediate/advanced biology requirement with courses that emphasize evolutionary biology, ranging from required courses in fundamental evolutionary biology to more advanced optional courses that cover a wide range of evolutionary biology topics. They will also take a seminar course in evolutionary biology.

Who should enroll in this option? Students with broad interest in the biological sciences who want to:

- Prepare for graduate study in evolutionary biology or related fields
- Prepare for professional studies (e.g. medical school, veterinary school, dentistry)
- Concentrate their biological studies in evolutionary biology

## REQUIREMENTS

### REQUIREMENTS FOR THE NAMED OPTION

Students must complete a minimum of 31 credits of Biological Science courses within the Introductory Biology, Foundation Course, Upper-Level Breadth in the Major, Additional Lab or Field Research, and Evolutionary Biology Seminar requirements. Unless specifically stated otherwise, courses may not be used to meet multiple requirements of the major.

#### CORE REQUIREMENTS

##### Mathematics and Statistics

Code	Title	Credits
Complete one of the following:		4-10
MATH 221	Calculus and Analytic Geometry 1	
MATH 211	Survey of Calculus	
MATH 171 & MATH 217	Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II	
Complete one of the following:		3-4
STAT 240	Data Science Modeling I	
STAT 301	Introduction to Statistical Methods	
STAT 371	Introductory Applied Statistics for the Life Sciences	

**Total Credits**

**7-14**

**Chemistry**

Code	Title	Credits
General Chemistry (Complete one of the following):		5-10
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	
CHEM 109	Advanced General Chemistry	
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II	
Organic Chemistry		
CHEM 343	Organic Chemistry I	3
CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry II	3
<b>Total Credits</b>		<b>13-18</b>

**Physics**

Code	Title	Credits
First Semester Physics (complete one of the following):		4-5
PHYSICS 103	General Physics	
PHYSICS 201	General Physics	
PHYSICS 207	General Physics	
Second Semester Physics (complete one of the following):		4-5
PHYSICS 104	General Physics	
PHYSICS 202	General Physics	
PHYSICS 208	General Physics	
<b>Total Credits</b>		<b>8-10</b>

**Introductory Biology**

Code	Title	Credits
Complete one sequence:		10-13
Option A:		10
BIOLOGY/ BOTANY/ ZOOLOGY 151	Introductory Biology	
BIOLOGY/ BOTANY/ ZOOLOGY 152	Introductory Biology	
Option B:		13
BIOCORE 381	Evolution, Ecology, and Genetics	
BIOCORE 382	Evolution, Ecology, and Genetics Laboratory	
BIOCORE 383	Cellular Biology	
BIOCORE 384	Cellular Biology Laboratory	
BIOCORE 485	Principles of Physiology	
Option C:		10
ZOOLOGY/ BIOLOGY 101	Animal Biology	
ZOOLOGY/ BIOLOGY 102	Animal Biology Laboratory	
BOTANY/ BIOLOGY 130	General Botany	

**Foundation Course (complete one of the following):**

Students may use BIOCORE 381 and BIOCORE 383 toward both Introductory Biology and Foundation.

Code	Title	Credits
BIOCORE 381 & BIOCORE 383	Evolution, Ecology, and Genetics and Cellular Biology	6
GENETICS 466	Principles of Genetics	3
GENETICS 468	General Genetics 2	3

**UPPER-LEVEL BREADTH IN THE MAJOR**

Minimum of 13 credits required as follows and must include **one approved lab course**. (Approved lab courses are indicated by footnote). A course taken to meet the Foundation requirement may not also count as Upper-Level Breadth in the Major.

- Complete the Evolutionary Biology course
- Complete at least two credits from either category A or B.
- Complete at least two credits from category C.
- Complete at least two credits from category D.
- Additional courses needed to reach 13 credits Upper-Level Breadth in the Major may be taken from any category (A, B, C, D, E).

**Required Evolutionary Biology Course**

Code	Title	Credits
ZOOLOGY/ ANTHRO/ BOTANY 410	Evolutionary Biology	3

**A. Cellular and Subcellular Biology**

## ADDITIONAL LAB OR FIELD RESEARCH

In addition to the Lab requirement, complete one of the following requirements:

- Complete one *additional* lab course from categories A-E in the [Upper-Level Breadth in the Major](#) course lists, **or**
- Complete at least 2 credits of directed study in a biological science discipline, **or**
- Complete a two-semester thesis in biological science.

### Approved Directed Study Courses

To have Directed Study count for the Additional Lab/Field Research requirement students must first complete an Introductory Biology sequence.

Code	Title	Credits
AGRONOMY 699	Special Problems	
ANATOMY 699	Independent Study	
ANESTHES 699	Independent Study	
AN SCI 699	Special Problems	
BIOCHEM 699	Special Problems	
BIOLOGY 699	Directed Studies	
BOTANY 699	Directed Study	
BMOLCHEM 699	Special Research Problems	
COMP BIO 699	Directed Study	
CRB 699	Independent Study	
DY SCI 699	Special Problems	
ENTOM 699	Special Problems	
FAM MED 699	Directed Study	
FOOD SCI 699	Special Problems	
F&W ECOL 699	Special Problems	
GENETICS 699	Special Problems	
HORT 699	Special Problems	
M&ENVTOX 699	Special Problems	
MEDICINE 699	Independent Study	
MED SC-V 699	Directed Study	
MICROBIO 699	Special Problems	
M M & I 699	Directed Study

ZOOLOGY 681 & ZOOLOGY 682	Senior Honors Thesis and Senior Honors Thesis
ZOOLOGY 691 & ZOOLOGY 692	Senior Thesis and Senior Thesis

## EVOLUTIONARY BIOLOGY SEMINAR

Code	Title	Credits
BIOLOGY/ GENETICS 522	Communicating Evolutionary Biology	2-3

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all BIOLOGY and major courses
- 2.000 GPA on at least 15 credits of Upper-Level work in the major, in Residence<sup>2</sup>
- 15 credits in the major, taken on the UW-Madison campus

## FOOTNOTES

<sup>1</sup> Course also approved for lab credit

<sup>2</sup> Foundation and Upper-Level Breadth in the Major courses are considered Upper-Level for purposes of this requirement.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

Four-year Plans for the Biology major are designed to support biological science major exploration and planning your academic career. Your specific program of study could, and probably will, look different. You should customize the Four-Year Plan to fit your unique interests at UW-Madison. Consult with your advisor about the best plan for you.

## SAMPLE EVOLUTIONARY BIOLOGY OPTION FOUR-YEAR PLAN

### Freshman

Fall	Credits Spring	Credits

	<b>15</b>	<b>15</b>

### Total Credits 120

<sup>1</sup> Follow the guidance of Math placement scores when choosing a Mathematics and/or Statistics course.

<sup>2</sup> Students may complete one of three Introductory Biology sequences. See the Requirements tab for more information.

## MOLECULAR AND CELL BIOLOGY, BA

Molecular and Cell Biology is the basic science that seeks an understanding of biological processes in terms of the properties and functions of the molecules that make up living cells. The scope of questions addressed in molecular and cell biology ranges from evolution to development to the regulation of gene expression. A career in molecular

and cell biology requires a strong background in biology as well as a solid foundation in chemistry, mathematics, and physics.

The Molecular and Cell Biology major has been designed primarily for three groups of students:

1. those who plan to enter a research career in molecular and cell biology or related areas such as biochemistry, genetics, oncology, microbiology, cell biology, or developmental biology;
2. pre-professional students who plan to enter either a research or clinical career in medicine or allied health fields; and
3. students who plan to pursue careers in the biotechnology and pharmaceutical science industries.

Students with other interests are also welcome, of course. Career opportunities for students with an undergraduate degree in molecular and cell biology are amazingly diverse. Graduates of the program have gone into patent law, science journalism, forensics, philosophy, nutrition, genetic counseling, veterinary medicine, anthropology, archeology, marine biology, theology, and much more ([https://molecularbiologymajor.wiscweb.wisc.edu/wp-content/uploads/sites/290/2017/07/What\\_can\\_I\\_do\\_with\\_a\\_MolBio\\_Major\\_.pdf](https://molecularbiologymajor.wiscweb.wisc.edu/wp-content/uploads/sites/290/2017/07/What_can_I_do_with_a_MolBio_Major_.pdf)).

Major requirements have been set to assure a high degree of proficiency in the various areas specified while still allowing as much flexibility as possible for students to individualize their programs. For the undergraduate interested in life sciences, this major uniquely provides access to the extraordinary scope and strength of biology courses and laboratories on the UW–Madison campus. Each student in the major is assigned a faculty advisor, and it is hoped that students will take advantage of both the staff and faculty advising service available to make a judicious choice of courses, as well as to gain scholarly experience outside the classroom that will further their academic and career goals.

Students who wish to obtain further information about the program or to declare a molecular biology major should contact the student services coordinator. (<https://molecularbio.ls.wisc.edu/advising/>) Faculty advisors are assigned through the program office and are located in many related departments throughout campus. Molecular and Cell Biology faculty advisors are especially competent to provide counsel regarding the major and career opportunities in molecular biology.

## UNDERGRADUATE RESEARCH

Undergraduate Molecular and Cell Biology students at UW–Madison are fortunate to have the opportunity to work with some of the world's leading researchers. Many opportunities for laboratory research experience are available on campus for undergraduate students, and this type of experience is strongly encouraged. Such an experience provides students the opportunity to apply what they're learning and complement their knowledge with practical skills. Research experience is highly valued by employers, graduate programs, and professional schools. See the major website (<https://molecularbio.ls.wisc.edu/undergraduate-research/>) for more information on how to get involved in undergraduate research.

## HOW TO GET IN

### HOW TO GET IN

To declare the Molecular and Cell Biology major, students must make an appointment with the Molecular and Cell Biology academic advising manager through Starfish.

Students who intend to major in Molecular and Cell Biology may not combine this major ("double major") with the Biology or Biochemistry majors in either the College of Letters and Science or the College of Agricultural and Life Sciences (CALs).

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

Mathematics	Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.
Language	<ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul>

LS Breadth	<ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include 6 credits of literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul>
------------	--

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced work	Complete at least 60 credits at the intermediate or advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	<ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2,000 in all coursework at UW-Madison</li> <li>• 2,000 in Intermediate/Advanced level coursework at UW-Madison</li> </ul>

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR MATHEMATICS, CHEMISTRY & PHYSICS

Code	Title	Credits
<b>Mathematics and Statistics</b>		<b>6-10</b>
<i>Complete one of the following:</i>		
MATH 221	Calculus and Analytic Geometry 1	5
MATH 217	Calculus with Algebra and Trigonometry II	5
<i>Complete one of the following:</i>		
MATH 222	Calculus and Analytic Geometry 2	4
MATH 213	Calculus and Introduction to Differential Equations	3
STAT 240	Data Science Modeling I	4
STAT 301	Introduction to Statistical Methods	3
STAT 371	Introductory Applied Statistics for the Life Sciences	3
<b>General Chemistry--complete one option:</b>		<b>5-10</b>
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	9
CHEM 109	Advanced General Chemistry	5
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II (by consent of instructor only)	10
<b>Organic Chemistry --complete the sequence</b>		<b>8</b>
CHEM 343	Organic Chemistry I	3

CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry II	3
<b>Physics --Choose a first and a second calculus based physics option OR elementary based physics sequence with additional calculus</b>		<b>10-12</b>
<i>Calculus Based Physics: First Introductory Course--complete one class:</i>		
PHYSICS 207	General Physics	5
PHYSICS 201	General Physics	5
PHYSICS 247	A Modern Introduction to Physics	5
<i>Calculus Based Physics: Second Introductory Course--complete one class:</i>		
PHYSICS 208	General Physics	5
PHYSICS 202	General Physics	5
PHYSICS 248	A Modern Introduction to Physics	5
<i>Elementary Based Physics --complete three</i>		
PHYSICS 103	General Physics	4
PHYSICS 104	General Physics	4
MATH 234	Calculus--Functions of Several Variables	4

## INTRODUCTORY BIOLOGY

Code	Title	Credits
<b>Complete one option:</b>		<b>10-13</b>
<i>Option A:</i>		
ZOOLOGY/ BIOLOGY/ BOTANY 151	Introductory Biology	5
ZOOLOGY/ BIOLOGY/ BOTANY 152	Introductory Biology	5
<i>Option B: <sup>1</sup></i>		
BIOCORE 381	Evolution, Ecology, and Genetics	3
BIOCORE 382	Evolution, Ecology, and Genetics Laboratory	2
BIOCORE 383	Cellular Biology	3
BIOCORE 384	Cellular Biology Laboratory	2
BIOCORE 485	Principles of Physiology	3
<i>Option C:</i>		
ZOOLOGY/ BIOLOGY 101	Animal Biology	3
ZOOLOGY/ BIOLOGY 102	Animal Biology Laboratory	2
BOTANY/ BIOLOGY 130	General Botany	5

## BREADTH COURSEWORK

Code	Title	Credits
<b>Biochemistry --complete one of the following:</b>		
BIOCHEM 501	Introduction to Biochemistry	3
BIOCHEM 507 & BIOCHEM 508	General Biochemistry I and General Biochemistry II	6
<b>Cell Biology</b>		
ZOOLOGY 570	Cell Biology	3

**Molecular Biology and Genetics -complete one of the following:**

BIOCORE 381 & BIOCORE 383 & BIOCORE 587	Evolution, Ecology, and Genetics and Cellular Biology and Biological Interactions	9
GENETICS 466	Principles of Genetics	3
GENETICS 467 & GENETICS 468	General Genetics 1 and General Genetics 2	6
MICROBIO 470	Microbial Genetics & Molecular Machines	3
Total Credits		9-18

**DEPTH COURSEWORK**

Code	Title	Credits
------	-------	---------

Students must complete 6 unique credits of depth coursework. Courses may be concentrated in one area or distributed across multiple areas. <sup>2</sup>

**Biochemistry and Biophysics (no minimum)**

CHEM 575	Advanced Topics in Chemistry	1-4
BIOCHEM/ NUTR SCI 560	Principles of Human Disease and Biotechnology	2
BIOCHEM 601	Protein and Enzyme Structure and Function	2
BIOCHEM/ GENETICS/ MICROBIO 612	Prokaryotic Molecular Biology	3
BIOCHEM/ GENETICS/ MD GENET 620	Eukaryotic Molecular Biology	3
BIOCHEM/ BOTANY 621	Plant Biochemistry	3
BIOCHEM 625	Mechanisms of Action of Vitamins and Minerals	2

**Cellular Systems (no minimum)**

ZOOLOGY 470	Introduction to Animal Development	3
ZOOLOGY/ PSYCH 523	Neurobiology	3
ZOOLOGY 603	Endocrinology	3-4
GENETICS 627	Animal Developmental Genetics	3
ONCOLOGY 401	Introduction to Experimental Oncology	2
PATH-BIO/ M M & I 528	Immunology	3
BIOCORE 587	Biological Interactions	3
NTP/ NEURODPT 610	Cellular and Molecular Neuroscience	4

**Genetics (no minimum)**

AN SCI/DY SCI 361	Introduction to Animal and Veterinary Genetics	2
AGRONOMY/ HORT 338	Plant Breeding and Biotechnology	3
GENETICS 520	Neurogenetics	3
GENETICS/ HORT 550	Molecular Approaches for Potential Crop Improvement	3
GENETICS/ MD GENET 565	Human Genetics	3

HORT/AGRONOMY/ BOTANY 340	Plant Cell Culture and Genetic Engineering	3
MICROBIO 607	Advanced Microbial Genetics	3
GENETICS/ BIOCHEM/ MICROBIO 612	Prokaryotic Molecular Biology	3
GENETICS/ BIOCHEM/ MD GENET 620	Eukaryotic Molecular Biology	3
GENETICS 627	Animal Developmental Genetics	3
GENETICS/ BIOCHEM 631	Plant Genetics and Development	3
GENETICS/ MD GENET 662	Cancer Genetics	3

**Microbiology and Virology (no minimum)**

MICROBIO 303	Biology of Microorganisms	3
MICROBIO/AN SCI/ BOTANY 335	The Microbiome of Plants, Animals, and Humans	3
MICROBIO/ SOIL SCI 425	Environmental Microbiology	3
MICROBIO/ SOIL SCI 523	Soil Microbiology and Biochemistry	3
MICROBIO 526	Physiology of Microorganisms	3
PL PATH 622	Plant-Bacterial Interactions	2-3
BOTANY/ENTOM/ PL PATH 505	Plant-Microbe Interactions: Molecular and Ecological Aspects	3
BIOCHEM/ M M & I 575	Biology of Viruses	2
ONCOLOGY/ M M & I/ PL PATH 640	General Virology-Multiplication of Viruses	3

**Quantitative Biology (no minimum)**

MATH/ COMP SCI 240	Introduction to Discrete Mathematics	3
MATH 340	Elementary Matrix and Linear Algebra	3
STAT 303	R for Statistics I	1
STAT 304	R for Statistics II	1
STAT 305	R for Statistics III	1
STAT 333	Applied Regression Analysis	3
STAT 421	Applied Categorical Data Analysis	3
B M E 556	Systems Biology: Mammalian Signaling Networks	3
COMP SCI 300	Programming II	3
COMP SCI 368	Learning a Programming Language	1
COMP SCI 540	Introduction to Artificial Intelligence	3
COMP SCI/ B M I 567	Medical Image Analysis	3
COMP SCI/ B M I 576	Introduction to Bioinformatics	3
MICROBIO 657	Bioinformatics for Microbiologists	3

**LABORATORY COURSE**

Complete 2 credits minimum:

Code	Title	Credits
Students who complete at least 4 credits of MOL BIOL 699 fulfill both the Laboratory Course and Directed/Independent Study requirements		
CHEM 327	Fundamentals of Analytical Science	4
CHEM 329	Fundamentals of Analytical Science	4
COMP SCI 220	Data Science Programming I	4
MICROBIO 304	Biology of Microorganisms Laboratory	2
MICROBIO 657	Bioinformatics for Microbiologists	3
MOL BIOL 681	Senior Honors Thesis	3
MOL BIOL 691	Senior Thesis	3
MOL BIOL 699	Directed Studies in Molecular Biology	1-4
ZOOLOGY 555	Laboratory in Developmental Biology	3

## DIRECTED/INDEPENDENT STUDY

Code	Title	Credits
Students who complete at least 4 credits of MOL BIOL 699 fulfill both the Laboratory Course and Directed/Independent Study requirements		
Complete two credits minimum:		
<b>Directed/Independent Research</b>		
MOL BIOL 699	Directed Studies in Molecular Biology	1-4
<b>Senior Thesis</b>		
MOL BIOL 682	Senior Honors Thesis	3
MOL BIOL 692	Senior Thesis	3

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all MOL BIOL and major courses
- 2.000 GPA on at least 15 credits of upper-level in the major, taken in residence<sup>3</sup>
- 15 credits in MOL BIOL, taken on the UW–Madison campus

## HONORS IN THE MAJOR

Students may declare Honors in the Molecular Biology and Cell Biology major in consultation with the Molecular and Cell Biology undergraduate advisor.

## HONORS IN THE MOLECULAR AND CELL BIOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Molecular and Cell Biology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.300 GPA for all courses accepted in the major
- Complete at least 15 credits of honors courses in the major while in residence at UW–Madison. This requirement can be broken down as indicated below:
  - At least 9 credits from the Breadth and Depth course options in the Molecular and Cell Biology major

- Complete two semester Senior Honors Thesis, a piece of original research composition.

Code	Title	Credits
MOL BIOL 681	Senior Honors Thesis	3
MOL BIOL 682	Senior Honors Thesis	3

- Complete one semester of the Molecular Biology senior honors seminar course.

Code	Title	Credits
MOL BIOL 686	Senior Honors Seminar in Molecular Biology	1

## FOOTNOTES

- <sup>1</sup> BIOCORE is a competitive honors program and certificate.
- <sup>2</sup> Students are encouraged to see their advisor for assistance in choosing depth coursework.
- <sup>3</sup> Courses accepted in the major that are Intermediate or Advanced are considered upper-level in this major.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Integrate the energetic and thermodynamic bases of life, with an emphasis on the molecular mechanisms underlying them
2. Integrate the nature of genetic material and its roles in inheritance, evolution, and cellular function
3. Summarize the fundamental relationship between the structure and function of biological macromolecules
4. Summarize the principles of cell structure, function, and biological dynamics
5. Appraise the molecular mechanisms and quantitative principles in biochemistry/physical chemistry, cellular systems, genetics, and microbiology.

6. Develop skills to communicate scientific information in oral and written form
7. Develop the ability to formulate hypotheses and plan, design, and carry out scientific experiments to test them
8. Developing quantitative reasoning skills and the ability to use quantitative approaches to understand basic principles of life.

Elective	3 Elective	3
	<b>15</b>	<b>15</b>

**Total Credits 120**

<sup>1</sup> INTER-LS 210 L&S Career Development: Taking Initiative is an option, but not required for students pursuing the Molecular and Cell Biology major.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

**Freshman**

## ADVISING AND CAREERS

### ADVISING AND CAREERS

The MCB Academic Advising Manager provides guidance specific to the discipline and also helps students with major declarations, course selection, registration, DARS, L&S degree and major requirements, and tracking progress toward graduation, as well as connecting students with important resources on campus.

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

MCB Steering Committee: Bement (Integrative Biology, Major Chair), Hoskins (Biochemistry) Grinblat (Integrative Biology), Otegui (Botany), Ritters (Integrative Biology), Roy (Biostatistics and Medical Informatics)

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

#### HILLDALE UNDERGRADUATE/FACULTY RESEARCH FELLOWSHIP

The Hilldale (<https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship/>) Undergraduate/Faculty Research Fellowships support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 97–100 Hilldale awards are available each year. The student researcher receives \$3,000, and the faculty/staff research advisor receives \$1,000 to help offset research costs (e.g., supplies, faculty or student travel related to the project).

#### HOLSTROM ENVIRONMENTAL RESEARCH FELLOWSHIP

The Holstrom Environmental Research Fellowship (<https://awards.advising.wisc.edu/all-scholarships/holstrom-environmental-research-fellowship/>) supports undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Research proposals must have an environmental focus, and applicants must have at least a junior standing at the time of application.

#### SOPHOMORE RESEARCH FELLOWSHIP

Funded by grants from the Brittingham Fund and the Kemper K. Knapp Bequest, the Sophomore Research Fellowships (<https://awards.advising.wisc.edu/all-scholarships/sophomore-research-fellowship/>) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 15 awards are available.

#### UNDERGRADUATE RESEARCH SCHOLARS

The Undergraduate Research Scholars (<https://urs.ls.wisc.edu/>) (URS) program is dedicated to enhancing the academic experience of UW–Madison students by providing first- and second-year undergraduates with opportunities to earn credit for participating in research and creative work with UW–Madison faculty and staff. The program has been designed to include partnerships between students and mentors, seminars on research-relevant issues, and practice in research/artistic presentations. The many benefits of the program are found in the fluid interaction between these activities.

#### UNDERGRADUATE SYMPOSIUM

The annual Undergraduate Symposium (<https://ugradsymposium.wisc.edu/>) showcases undergraduate creativity, achievement, research, service-learning, and community-based research from all areas of study at UW–Madison, including the humanities, fine arts, biological sciences, physical sciences, and social sciences. This past year nearly 700 students presented, displayed, or performed their work for members of the university, the surrounding community, family, and friends.

#### UNIVERSITY BOOK STORE AWARD

Supported by a generous grant from the University Book Store, (<https://awards.advising.wisc.edu/all-scholarships/university-book-store-award/>) this award recognizes undergraduate students who have completed an

outstanding independent project, such as a senior thesis, at UW–Madison. Projects in all academic fields are eligible.

#### WISCONSIN IDEA FELLOWSHIPS

Wisconsin Idea Fellowships (<https://morgridge.wisc.edu/students/wisconsin-idea-fellowships/>) are awarded annually to undergraduate student projects working toward solving a challenge identified along with local or global community partners. Fellowships are awarded to semester-long or year-long projects designed by an undergraduate student (or group of students) in collaboration with a community organization and a UW–Madison faculty or academic staff member.

## MOLECULAR AND CELL BIOLOGY, BS

Molecular and Cell Biology is the basic science that seeks an understanding of biological processes in terms of the properties and functions of the molecules that make up living cells. The scope of questions addressed in molecular and cell biology ranges from evolution to development to the regulation of gene expression. A career in molecular and cell biology requires a strong background in biology as well as a solid foundation in chemistry, mathematics, and physics.

The Molecular and Cell Biology major has been designed primarily for three groups of students:

1. those who plan to enter a research career in molecular and cell biology or related areas such as biochemistry, genetics, oncology, microbiology, cell biology, or developmental biology;
2. pre-professional students who plan to enter either a research or clinical career in medicine or allied health fields; and
3. students who plan to pursue careers in the biotechnology and pharmaceutical science industries.

Students with other interests are also welcome, of course. Career opportunities for students with an undergraduate degree in molecular and cell biology are amazingly diverse. Graduates of the program have gone into patent law, science journalism, forensics, philosophy, nutrition, genetic counseling, veterinary medicine, anthropology, archeology, marine biology, theology, and much more ([https://molecularbiologymajor.wiscweb.wisc.edu/wp-content/uploads/sites/290/2017/07/What\\_can\\_I\\_do\\_with\\_a\\_MolBio\\_Major\\_.pdf](https://molecularbiologymajor.wiscweb.wisc.edu/wp-content/uploads/sites/290/2017/07/What_can_I_do_with_a_MolBio_Major_.pdf)).

Major requirements have been set to assure a high degree of proficiency in the various areas specified while still allowing as much flexibility as possible for students to individualize their programs. For the undergraduate interested in life sciences, this major uniquely provides access to the extraordinary scope and strength of biology courses and laboratories on the UW–Madison campus. Each student in the major is assigned a faculty advisor, and it is hoped that students will take advantage of both the staff and faculty advising service available to make a judicious choice of courses, as well as to gain scholarly experience outside the classroom that will further their academic and career goals.

Students who wish to obtain further information about the program or to declare a molecular biology major should contact the student services coordinator. (<https://molecularbio.ls.wisc.edu/advising/>) Faculty advisors are assigned through the program office and are located in many related departments throughout campus. Molecular and Cell Biology faculty

advisors are especially competent to provide counsel regarding the major and career opportunities in molecular biology.

## UNDERGRADUATE RESEARCH

Undergraduate Molecular and Cell Biology students at UW–Madison are fortunate to have the opportunity to work with some of the world's leading researchers. Many opportunities for laboratory research experience are available on campus for undergraduate students, and this type of experience is strongly encouraged. Such an experience provides students the opportunity to apply what they're learning and complement their knowledge with practical skills. Research experience is highly valued by employers, graduate programs, and professional schools. See the major website (<https://molecularbio.ls.wisc.edu/undergraduate-research/>) for more information on how to get involved in undergraduate research.

## HOW TO GET IN

### HOW TO GET IN

To declare the Molecular and Cell Biology major, students must make an appointment with the Molecular and Cell Biology academic advising manager through Starfish.

Students who intend to major in Molecular and Cell Biology may not combine this major ("double major") with the Biology or Biochemistry majors in either the College of Letters and Science or the College of Agricultural and Life Sciences (CALS).

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>Breadth–Humanities/Literature/Arts: 6 credits</li> <li>Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>Breadth–Social Studies: 3 credits</li> <li>Communication Part A Part B *</li> <li>Ethnic Studies *</li> <li>Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW–Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW–Madison
- 2.000 in Intermediate/Advanced level coursework at UW–Madison

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR MATHEMATICS, CHEMISTRY & PHYSICS

Code	Title	Credits
<b>Mathematics and Statistics</b>		
<b>6-10</b>		
<i>Complete one of the following:</i>		
MATH 221	Calculus and Analytic Geometry 1	5
MATH 217	Calculus with Algebra and Trigonometry II	5

*Complete one of the following:*

MATH 222	Calculus and Analytic Geometry 2	4
MATH 213	Calculus and Introduction to Differential Equations	3
STAT 240	Data Science Modeling I	4
STAT 301	Introduction to Statistical Methods	3
STAT 371	Introductory Applied Statistics for the Life Sciences	3

**General Chemistry—complete one option: 5-10**

CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	9
CHEM 109	Advanced General Chemistry	5
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II (by consent of instructor only)	10

**Organic Chemistry -complete the sequence 8**

CHEM 343	Organic Chemistry I	3
CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry II	3

**Physics -Choose a first and a second calculus based physics option OR elementary based physics sequence with additional calculus 10-12**

*Calculus Based Physics: First Introductory Course—complete one class:*

PHYSICS 207	General Physics	5
PHYSICS 201	General Physics	5
PHYSICS 247	A Modern Introduction to Physics	5

*Calculus Based Physics: Second Introductory Course—complete one class:*

PHYSICS 208	General Physics	5
PHYSICS 202	General Physics	5
PHYSICS 248	A Modern Introduction to Physics	5

*Elementary Based Physics --complete three*

PHYSICS 103	General Physics	4
PHYSICS 104	General Physics	4
MATH 234	Calculus--Functions of Several Variables	4

**INTRODUCTORY BIOLOGY**

Code	Title	Credits
<b>Complete one option: 10-13</b>		

*Option A:*

MOL BIOL 691	Senior Thesis	3
MOL BIOL 699	Directed Studies in Molecular Biology	1-4
ZOOLOGY 555	Laboratory in Developmental Biology	3

## DIRECTED/INDEPENDENT STUDY

Code	Title	Credits
Students who complete at least 4 credits of MOL BIOL 699 fulfill both the Laboratory Course and Directed/Independent Study requirements		
Complete two credits minimum:		
<b>Directed/Independent Research</b>		
MOL BIOL 699	Directed Studies in Molecular Biology	1-4

### Senior Thesis

MOL BIOL 682	Senior Honors Thesis	3
MOL BIOL 692	Senior Thesis	3

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all MOL BIOL and major courses
- 2.000 GPA on at least 15 credits of upper-level in the major, taken in residence<sup>3</sup>
- 15 credits in MOL BIOL, taken on the UW-Madison campus

## HONORS IN THE MAJOR

Students may declare Honors in the Molecular Biology and Cell Biology major in consultation with the Molecular and Cell Biology undergraduate advisor.

## HONORS IN THE MOLECULAR AND CELL BIOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Molecular and Cell Biology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.300 GPA for all courses accepted in the major
- Complete at least 15 credits of honors courses in the major while in residence at UW-Madison. This requirement can be broken down as indicated below:
  - At least 9 credits from the Breadth and Depth course options in the Molecular and Cell Biology major
  - Complete two semester Senior Honors Thesis, a piece of original research composition.

Code	Title	Credits
MOL BIOL 681	Senior Honors Thesis	3
MOL BIOL 682	Senior Honors Thesis	3

- Complete one semester of the Molecular Biology senior honors seminar course.

Code	Title	Credits
MOL BIOL 686	Senior Honors Seminar in Molecular Biology	1

## FOOTNOTES

- <sup>1</sup> BIOCORE is a competitive honors program and certificate.
- <sup>2</sup> Students are encouraged to see their advisor for assistance in choosing depth coursework.
- <sup>3</sup> Courses accepted in the major that are Intermediate or Advanced are considered upper-level in this major.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work**

Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Integrate the energetic and thermodynamic bases of life, with an emphasis on the molecular mechanisms underlying them
2. Integrate the nature of genetic material and its roles in inheritance, evolution, and cellular function
3. Summarize the fundamental relationship between the structure and function of biological macromolecules
4. Summarize the principles of cell structure, function, and biological dynamics
5. Appraise the molecular mechanisms and quantitative principles in biochemistry/physical chemistry, cellular systems, genetics, and microbiology.
6. Develop skills to communicate scientific information in oral and written form
7. Develop the ability to formulate hypotheses and plan, design, and carry out scientific experiments to test them
8. Developing quantitative reasoning skills and the ability to use quantitative approaches to understand basic principles of life.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

<sup>1</sup> INTER-LS 210 L&S Career Development: Taking Initiative is an option, but not required for students pursuing the Molecular and Cell Biology major.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

## PEOPLE

MCB Steering Committee: Bement (Integrative Biology, Major Chair), Hoskins (Biochemistry) Grinblat (Integrative Biology), Otegui (Botany), Ritters (Integrative Biology), Roy (Biostatistics and Medical Informatics)

## RESOURCES AND SCHOLARSHIPS

## RESOURCES AND SCHOLARSHIPS

## HILLDALE UNDERGRADUATE/FACULTY RESEARCH FELLOWSHIP

The Hilldale (<https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship/>) Undergraduate/Faculty Research Fellowships support undergraduate research done in collaboration with UW-Madison faculty or research/instructional academic staff. Approximately 97-100 Hilldale awards are available each year. The student researcher receives \$3,000, and the faculty/staff research advisor receives \$1,000 to help offset research costs (e.g., supplies, faculty or student travel related to the project).

## HOLSTROM ENVIRONMENTAL RESEARCH FELLOWSHIP

The Holstrom Environmental Research Fellowship (<https://awards.advising.wisc.edu/all-scholarships/holstrom-environmental-research-fellowship/>) supports undergraduate research done in collaboration with UW-Madison faculty or research/instructional academic staff. Research proposals must have an environmental focus, and applicants must have at least a junior standing at the time of application.

## SOPHOMORE RESEARCH FELLOWSHIP

Funded by grants from the Brittingham Fund and the Kemper K. Knapp Bequest, the Sophomore Research Fellowships (<https://awards.advising.wisc.edu/all-scholarships/sophomore-research-fellowship/>) support undergraduate research done in collaboration with UW-Madison faculty or research/instructional academic staff. Approximately 15 awards are available.

## ADVISING AND CAREERS

## ADVISING AND CAREERS

The MCB Academic Advising Manager provides guidance specific to the discipline and also helps students with major declarations, course selection, registration, DARS, L&S degree and major requirements, and tracking progress toward graduation, as well as connecting students with important resources on campus.

## L&amp;S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

## UNDERGRADUATE RESEARCH SCHOLARS

The Undergraduate Research Scholars (<https://urs.ls.wisc.edu/>) (URS) program is dedicated to enhancing the academic experience of UW–Madison students by providing first- and second-year undergraduates with opportunities to earn credit for participating in research and creative work with UW–Madison faculty and staff. The program has been designed to include partnerships between students and mentors, seminars on research-relevant issues, and practice in research/artistic presentations. The many benefits of the program are found in the fluid interaction between these activities.

## UNDERGRADUATE SYMPOSIUM

The annual Undergraduate Symposium (<https://ugradsymposium.wisc.edu/>) showcases undergraduate creativity, achievement, research, service-learning, and community-based research from all areas of study at UW–Madison, including the humanities, fine arts, biological sciences, physical sciences, and social sciences. This past year nearly 700 students presented, displayed, or performed their work for members of the university, the surrounding community, family, and friends.

## UNIVERSITY BOOK STORE AWARD

Supported by a generous grant from the University Book Store, (<https://awards.advising.wisc.edu/all-scholarships/university-book-store-award/>) this award recognizes undergraduate students who have completed an outstanding independent project, such as a senior thesis, at UW–Madison. Projects in all academic fields are eligible.

## WISCONSIN IDEA FELLOWSHIPS

Wisconsin Idea Fellowships (<https://morgridge.wisc.edu/students/wisconsin-idea-fellowships/>) are awarded annually to undergraduate student projects working toward solving a challenge identified along with local or global community partners. Fellowships are awarded to semester-long or year-long projects designed by an undergraduate student (or group of students) in collaboration with a community organization and a UW–Madison faculty or academic staff member.

# NEUROBIOLOGY, BA

Neuroscience is the scientific study of the central (brain and spinal cord) and peripheral (nerves in body) nervous system. The neurobiology major at UW–Madison will provide a rigorous education in neuroscience principles that will prepare students for health-related careers (physician, physician assistant, veterinarian, dentist, neuroimaging technician, speech-language pathologist, neuropsychologist, drug rehabilitation counselor, physical therapists), academic careers (college and university faculty, research scientists, lab technician, K-12 teachers), and careers in pharmaceutical and biotech industries, venture capital and scientific consulting firms, medical and scientific journals, intellectual property law, neuroscience-related nonprofit organizations and foundations, and government agencies. UW–Madison is one of the leading universities in the world with more than 90 faculty engaged in neuroscience research and undergraduates will have access to this research faculty in formal classroom environments and through undergraduate research opportunities. Please see the Neurobiology Major (<https://neuromajor.wisc.edu/>) website for more information.

## ABOUT THE CURRICULUM

The curriculum is designed to give students a solid foundation in basic biology, chemistry, physics, and mathematics before going on to study neuroscience at the molecular, cellular, systems, and cognitive levels. It is strongly encouraged that students engage in independent research in a neuroscience laboratory on campus. The Neurobiology Major Program Committee is committed to increasing opportunities for all students with interests in neuroscience and helping students accomplish their academic goals at UW–Madison. This major is tailored to attract students from a diverse array of backgrounds. Please see the Neurobiology Major website (<https://neuromajor.wisc.edu/>) for more information.

## HOW TO GET IN

### HOW TO GET IN

The advisors for the Neurobiology Major (<https://neuromajor.wisc.edu/>) are committed to providing students with first-rate guidance through the major to graduation and beyond. Most students are ready to declare a major by the end of the 3rd or 4th semester.

If you are interested in declaring the Neurobiology Major, you must first make an appointment to meet with an advisor.

See our website (<https://neuromajor.wisc.edu/advising/>) to schedule an appointment.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW-Madison
- 2.000 in Intermediate/Advanced level coursework at UW-Madison

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR MATH, STATISTICS, CHEMISTRY & PHYSICS

Code	Title	Credits
<b>Mathematics (complete one):</b>		<b>5</b>
MATH 211	Survey of Calculus	

MATH 217	Calculus with Algebra and Trigonometry II	
MATH 221	Calculus and Analytic Geometry I	
<b>Statistics (complete one):</b>		<b>3</b>
STAT 371	Introductory Applied Statistics for the Life Sciences	
STAT/B M I 541	Introduction to Biostatistics	
<b>General Chemistry (complete one):</b>		<b>5-9</b>
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	
CHEM 109	Advanced General Chemistry	
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II	
<b>Organic Chemistry (complete one):</b>		<b>3-6</b>
CHEM 341	Elementary Organic Chemistry	
CHEM 343 & CHEM 345	Organic Chemistry I and Organic Chemistry II	
<b>Physics (complete one)</b>		<b>8-10</b>
PHYSICS 103 & PHYSICS 104	General Physics and General Physics	
PHYSICS 201 & PHYSICS 202	General Physics and General Physics	
PHYSICS 207 & PHYSICS 208	General Physics and General Physics	
PHYSICS 247 & PHYSICS 248	A Modern Introduction to Physics and A Modern Introduction to Physics	
<b>Total Credits</b>		<b>24-33</b>

### BIOLOGY AND NEUROBIOLOGY

Complete 30 credits from General Biology, Neurobiology, Lab/Research Experience and Additional Elective (if required) sections.

#### General Biology

ZOOLOGY 400	Topics in Biology (Neuroscience and Society)
ZOOLOGY 400	Topics in Biology (Neural Movement Health Disease)
ZOOLOGY 400	Topics in Biology (Neuroanatomy and Systems)
ZOOLOGY 400	Topics in Biology (Cell Biology: Neurons and Neural Circuits)
ZOOLOGY 470	Introduction to Animal Development <sup>1</sup>
ZOOLOGY 555	Laboratory in Developmental Biology
ZOOLOGY 603	Endocrinology
ZOOLOGY 604	Computer-based Gene and Disease/Disorder Research Lab
ZOOLOGY 611	Comparative and Evolutionary Physiology
ZOOLOGY/ ANTHRO/NTP/ PSYCH 619	Biology of Mind

ZOOLOGY/ NTP 620	Neuroethology Seminar
ZOOLOGY 625	Development of the Nervous System
ZOOLOGY 655	Modeling Neurodevelopmental Disease
ZOOLOGY/ NEURODPT/ PSYCH 674	Behavioral Neuroendocrinology Seminar

### Lab/Research Experience

Choose one option from the 3 listed: Neuroscience Laboratory Course, or Directed Study, or Honors/Senior Thesis.

Code	Title	Credits
<i>1. Neuroscience Laboratory Course—one course:<sup>2</sup></i>		
BIOCORE 486	Principles of Physiology Laboratory	
ANAT&PHY 435	Fundamentals of Human Physiology	
NTP/ NEURODPT 640	Computational Neuroscience: From Single Cells to Whole Brain Models	
ZOOLOGY 555	Laboratory in Developmental Biology	
ZOOLOGY 604	Computer-based Gene and Disease/Disorder Research Lab	
ZOOLOGY 612	Comparative Physiology Laboratory	
ZOOLOGY/ NEURODPT 616	Lab Course in Neurobiology and Behavior	
<i>2. Directed Study—3 credits from:<sup>3</sup></i>		
ANATOMY 699	Independent Study	
ANESTHES 699	Independent Study	
BIOCHEM 699	Special Problems	
BIOLOGY 699	Directed Studies	
B M E 399	Independent Study	
BMOLCHEM 699	Special Research Problems	
CBE 699	Advanced Independent Studies	
CHEM 699	Directed Study	
COMP BIO 699	Directed Study	
CRB 699	Independent Study	
CS&D 699	Directed Study	
ED PSYCH 470	Research Experience in Educational Psychology	
ED PSYCH 699	Independent Reading Undergrad	
FAM MED 699	Directed Study	
GENETICS 699	Special Problems	
H ONCOL 699	Independent Study in Human Cancer Biology	
KINES 399	Independent Study	
KINES 699	Independent Study	
MED PHYS 699	Independent Reading or Research	
MEDICINE 699	Independent Study	
MED SC-V 669	Small Animal Cardiology Rotation	
M M & I 699	Directed Study	
MOL BIOL 699	Directed Studies in Molecular Biology	

NEURSURG 699	Neurosurgery: Directed in Study in Research
NEUROL 699	Directed Research in Neurology
NEURODPT 699	Directed Study
NUTR SCI 699	Special Problems
OBS&GYN 699	Directed Study
ONCOLOGY 699	Special Research Problems
OPHTHALM 699	Directed Study
PATH 699	Independent Study
PATH-BIO 699	Directed Study
PEDIAT 699	Independent Study
PHMCOL-M 699	Independent Study
PHM SCI 699	Advanced Independent Study
PHYSIOL 699	Independent Work
POP HLTH 699	Independent Reading
PSYCH 621	Mentored Research and Seminar
PSYCH 699	Directed Study
PSYCHIAT 699	Independent Study
SURGERY 699	Independent Study
SURG SCI 699	Directed Study
ZOOLOGY 699	Directed Studies in Zoology

### *3. Honors/Senior Thesis (two semesters):*

ZOOLOGY 681 & ZOOLOGY 682	Senior Honors Thesis and Senior Honors Thesis
ZOOLOGY 691 & ZOOLOGY 692	Senior Thesis and Senior Thesis
B M E 389 & B M E 489	Honors in Research and Honors in Research

### Additional Electives (if needed)

Students may take additional credits from the list of Distributed Neuroscience Coursework, Independent/Directed study, or the following list, to attain 30 credits in the major:

Code	Title	Credits
ANAT&PHY 337	Human Anatomy	
ANAT&PHY 338	Human Anatomy Laboratory	
AN SCI/ DY SCI 362	Veterinary Genetics	
AN SCI/ DY SCI 434	Reproductive Physiology	
AN SCI/ F&W ECOL/ ZOOLOGY 520	Ornithology	
AN SCI 610	Quantitative Genetics	
ANATOMY 329	Human Anatomy-Kinesiology	
BIOCHEM 507	General Biochemistry I	
BIOCHEM/ NUTR SCI 510	Nutritional Biochemistry and Metabolism	
BIOCHEM 601	Protein and Enzyme Structure and Function	
BIOCHEM/ GENETICS/ MICROBIO 612	Prokaryotic Molecular Biology	

BIOCHEM/ GENETICS/ MD GENET 620	Eukaryotic Molecular Biology	ONCOLOGY/ M M & I/ PL PATH 640	General Virology–Multiplication of Viruses
BIOCHEM 625	Mechanisms of Action of Vitamins and Minerals	PHM SCI 558	Laboratory Techniques in Pharmacology and Toxicology
F&W ECOL 401	Physiological Animal Ecology	PSYCH 449	Animal Behavior
GENETICS 466	Principles of Genetics	PSYCH 450	Primate Psychology: Insights into Human Behavior
GENETICS 545	Genetics Laboratory	PSYCH 505	Depth Topic in Biological Science (Comparative Psychology: What Animals Think)
GENETICS/ MD GENET 565	Human Genetics	ZOOLOGY/ ANTHRO/ BOTANY 410	Evolutionary Biology
GENETICS/ BIOCHEM/ MD GENET 620	Eukaryotic Molecular Biology	ZOOLOGY 425	Behavioral Ecology

NUTR SCI 431	Nutrition in the Life Span		
NUTR SCI 631	Clinical Nutrition I		
ONCOLOGY 401	Introduction to Experimental Oncology		

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence<sup>4</sup>
- 15 credits in in the major, taken on the UW–Madison campus

## HONORS IN THE MAJOR

Students may declare Honors in the Neurobiology Major in consultation with the Neurobiology undergraduate advisor(s).

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major in Neurobiology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all major courses
- Complete 14 credits, taken for Honors, with individual grades of B or better, while in residence, to include:
  - Two courses from PSYCH 454, ZOOLOGY/PSYCH 523, and ZOOLOGY 500
  - One course from the Required Neuroscience or Distributed Neuroscience course lists (above), taken for honors credit
  - A two-semester Senior Honors Thesis<sup>5</sup>, for a total of 6 credits, from:

Code	Title	Credits
BIOCHEM 681 & BIOCHEM 682	Senior Honors Thesis and Senior Honors Thesis	
BIOLOGY 681 & BIOLOGY 682	Senior Honors Thesis and Senior Honors Thesis	

B M E 389 & B M E 489	Honors in Research and Honors in Research
CHEM 681 & CHEM 682	Senior Honors Thesis and Senior Honors Thesis
CS&D 681 & CS&D 682	Senior Honors Thesis and Senior Honors Thesis
GENETICS 681 & GENETICS 682	Senior Honors Thesis and Senior Honors Thesis
H ONCOL 681 & H ONCOL 682	Senior Honors Thesis in Human Oncology 1 and Senior Honors Thesis in Human Oncology 2
NUTR SCI 681 & NUTR SCI 682	Senior Honors Thesis and Senior Honors Thesis
PSYCH 681 & PSYCH 682	Senior Honors Thesis and Senior Honors Thesis
ZOOLOGY 681 & ZOOLOGY 682	Senior Honors Thesis and Senior Honors Thesis

## FOOTNOTES

- Students may apply only one DNS course toward the elective requirement
- Lab courses may also count in the Distributed Neuroscience Coursework above.
- Only Directed Study courses taken **after**—and not concurrent with—the completion of an Introductory Biology sequence are accepted in the major.
- Major courses numbered 300–699 are considered upper-level.
- The Senior Honors Thesis project must be approved by the Neurobiology Major Program Committee at least one month before beginning the first course (681). The project must focus on its relevance to a neuroscience-related topic. Please see the Neurobiology major website (<https://neuromajor.wisc.edu/>) for more information.

## UNIVERSITY DEGREE REQUIREMENTS

Total Degree	To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.
Residency	Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.
Quality of Work	Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

- Demonstrate understanding of basic concepts in biology, chemistry, mathematics, statistics, and physics.
- Demonstrate understanding of the ionic basis for the neuronal membrane potential and action potential, and as well as the factors that determine neuronal excitability.
- Demonstrate understanding of the basic mechanisms for synaptic transmission, neurotransmitter release, postsynaptic effects, and modulation of pre- and postsynaptic mechanisms. Predict how specific physiological and pathological conditions alter neuronal function at the cellular and synaptic levels.
- Differentiate between examples of neuroplasticity at cellular, systems, and organismal levels.
- Demonstrate understanding of central and peripheral neuroanatomy, basic functions of brain regions, and well-known neural pathways. Predict how localized disruptions of neuronal function alter behavior, motor function, or perception.
- Demonstrate understanding of basic principles underlying motor function, sensory function (auditory, visual, touch, taste), emotion, autonomic regulation, and higher order cognitive functions (language, memory, attention, decision-making).
- Demonstrate how experimental tools in neuroscience are used to address experimental questions, such as intra/extracellular recording, molecular biology techniques, immunohistochemical staining, fluorescent and electron microscopy, genetic manipulation, brain imaging, behavioral testing.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

The grid below is a suggested plan for finishing your Neurobiology major in 4 years. Please see an advisor for more information, as you may have completed some of the requirements listed.

Freshman	Credits Spring	Credits
Fall Communication A	3 Ethnic Studies	3
Quantitative Reasoning A	3 MATH 221	5
Foreign Language (if required)	4 L&S Breadth	3

**Total Credits 120**

<sup>1</sup> There are several options for fulfilling the introductory biology requirement. See listed Requirements.

<sup>2</sup> There are several options for fulfilling the Physics requirement. See listed Requirements.

<sup>3</sup> Students must declare a major by the time they reach 86 credits.

<sup>4</sup> It is recommended that students in the Neurobiology major participate in multiple semesters of research.

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

**ADVISING AND CAREERS****ADVISING AND CAREERS  
NEUROBIOLOGY MAJOR ADVISING**

The advisors for the neurobiology major are committed to providing students with first-rate guidance through the major and to graduation. The neurobiology major advisors are also dedicated to helping a student focus their future plans after undergraduate study. If you are interested in declaring the neurobiology major, make an appointment to discuss this.

## NEUROBIOLOGY, BS

Neuroscience is the scientific study of the central (brain and spinal cord) and peripheral (nerves in body) nervous system. The neurobiology major at UW–Madison will provide a rigorous education in neuroscience principles that will prepare students for health-related careers (physician, physician assistant, veterinarian, dentist, neuroimaging technician, speech-language pathologist, neuropsychologist, drug rehabilitation counselor, physical therapists), academic careers (college and university faculty, research scientists, lab technician, K-12 teachers), and careers in pharmaceutical and biotech industries, venture capital and scientific consulting firms, medical and scientific journals, intellectual property law, neuroscience-related nonprofit organizations and foundations, and government agencies. UW–Madison is one of the leading universities in the world with more than 90 faculty engaged in neuroscience research and undergraduates will have access to this research faculty in formal classroom environments and through undergraduate research opportunities. Please see the Neurobiology Major (<https://neuromajor.wisc.edu>) website for more information.

## ABOUT THE CURRICULUM

The curriculum is designed to give students a solid foundation in basic biology, chemistry, physics, and mathematics before going on to study neuroscience at the molecular, cellular, systems, and cognitive levels. It is strongly encouraged that students engage in independent research in a neuroscience laboratory on campus. The Neurobiology Major Program Committee is committed to increasing opportunities for all students with interests in neuroscience and helping students accomplish their academic goals at UW–Madison. This major is tailored to attract students from a diverse array of backgrounds. Please see the Neurobiology Major website (<https://neuromajor.wisc.edu>) for more information.

## HOW TO GET IN

### HOW TO GET IN

The advisors for the Neurobiology Major (<https://neuromajor.wisc.edu/>) are committed to providing students with first-rate guidance through the major to graduation and beyond. Most students are ready to declare a major by the end of the 3rd or 4th semester.

If you are interested in declaring the Neurobiology Major, you must first make an appointment to meet with an advisor.

See our website (<https://neuromajor.wisc.edu/advising/>) to schedule an appointment.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

- |             |   |
|-------------|---|
| Mathematics | Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.   |
| Language    | Complete the third unit of a language other than English.   |
| LS Breadth  | Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.</li> </ul> |

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW-Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW-Madison</li> </ul>

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR MATH, STATISTICS, CHEMISTRY & PHYSICS

Code	Title	Credits
<b>Mathematics (complete one):</b>		<b>5</b>
MATH 211	Survey of Calculus	
MATH 217	Calculus with Algebra and Trigonometry II	
MATH 221	Calculus and Analytic Geometry I	
<b>Statistics (complete one):</b>		<b>3</b>
STAT 371	Introductory Applied Statistics for the Life Sciences	
STAT/B M I 541	Introduction to Biostatistics	
<b>General Chemistry (complete one):</b>		<b>5-9</b>
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	
CHEM 109	Advanced General Chemistry	
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II	
<b>Organic Chemistry (complete one):</b>		<b>3-6</b>
CHEM 341	Elementary Organic Chemistry	
CHEM 343 & CHEM 345	Organic Chemistry I and Organic Chemistry II	
<b>Physics (complete one)</b>		<b>8-10</b>
PHYSICS 103 & PHYSICS 104	General Physics and General Physics	
PHYSICS 201 & PHYSICS 202	General Physics and General Physics	
PHYSICS 207 & PHYSICS 208	General Physics and General Physics	

PHYSICS 247 & PHYSICS 248	A Modern Introduction to Physics and A Modern Introduction to Physics
---------------------------	---

**Total Credits** **24-33**

## BIOLOGY AND NEUROBIOLOGY

Complete 30 credits from General Biology, Neurobiology, Lab/Research Experience and Additional Elective (if required) sections.

### General Biology

ZOOLOGY 625	Development of the Nervous System
ZOOLOGY 655	Modeling Neurodevelopmental Disease
ZOOLOGY/ NEURODPT/ PSYCH 674	Behavioral Neuroendocrinology Seminar

### Lab/Research Experience

Choose one option from the 3 listed: Neuroscience Laboratory Course, or Directed Study, or Honors/Senior Thesis.

Code	Title	Credits
<i>1. Neuroscience Laboratory Course—one course:<sup>2</sup></i>		
BIOCORE 486	Principles of Physiology Laboratory	
ANAT&PHY 435	Fundamentals of Human Physiology	
NTP/ NEURODPT 640	Computational Neuroscience: From Single Cells to Whole Brain Models	
ZOOLOGY 555	Laboratory in Developmental Biology	
ZOOLOGY 604	Computer-based Gene and Disease/Disorder Research Lab	
ZOOLOGY 612	Comparative Physiology Laboratory	

ZOOLOGY/ NEURODPT 616	Lab Course in Neurobiology and Behavior
2. <i>Directed Study—3 credits from:</i> <sup>3</sup>	
ANATOMY 699	Independent Study
ANESTHES 699	Independent Study
BIOCHEM 699	Special Problems
BIOLOGY 699	Directed Studies
B M E 399	Independent Study
BMOLCHEM 699	Special Research Problems
CBE 699	Advanced Independent Studies
CHEM 699	Directed Study
COMP BIO 699	Directed Study
CRB 699	Independent Study
CS&D 699	Directed Study
ED PSYCH 470	Research Experience in Educational Psychology
ED PSYCH 699	Independent Reading Undergrad
FAM MED 699	Directed Study
GENETICS 699	Special Problems
H ONCOL 699	Independent Study in Human Cancer Biology
KINES 399	Independent Study
KINES 699	Independent Study
MED PHYS 699	Independent Reading or Research
MEDICINE 699	Independent Study
MED SC-V 669	Small Animal Cardiology Rotation
M M & I 699	Directed Study
MOL BIOL 699	Directed Studies in Molecular Biology
NEURSURG 699	Neurosurgery: Directed in Study in Research
NEUROL 699	Directed Research in Neurology
NEURODPT 699	Directed Study
NUTR SCI 699	Special Problems
OBS&GYN 699	Directed Study
ONCOLOGY 699	Special Research Problems
OPHTHALM 699	Directed Study
PATH 699	Independent Study
PATH-BIO 699	Directed Study
PEDIAT 699	Independent Study
PHMCOL-M 699	Independent Study
PHM SCI 699	Advanced Independent Study
PHYSIOL 699	Independent Work
POP HLTH 699	Independent Reading
PSYCH 621	Mentored Research and Seminar
PSYCH 699	Directed Study
PSYCHIAT 699	Independent Study
SURGERY 699	Independent Study
SURG SCI 699	Directed Study
ZOOLOGY 699	Directed Studies in Zoology
3. <i>Honors/Senior Thesis (two semesters):</i>	
ZOOLOGY 681 & ZOOLOGY 682	Senior Honors Thesis and Senior Honors Thesis

ZOOLOGY 691 & ZOOLOGY 692	Senior Thesis and Senior Thesis
B M E 389 & B M E 489	Honors in Research and Honors in Research

### Additional Electives (if needed)

Students may take additional credits from the list of Distributed Neuroscience Coursework, Independent/Directed study, or the following list, to attain 30 credits in the major:

Code	Title	Credits
ANAT&PHY 337	Human Anatomy	
ANAT&PHY 338	Human Anatomy Laboratory	
AN SCI/ DY SCI 362	Veterinary Genetics	
AN SCI/ DY SCI 434	Reproductive Physiology	
AN SCI/ F&W ECOL/ ZOOLOGY 520	Ornithology	
AN SCI 610	Quantitative Genetics	
ANATOMY 329	Human Anatomy-Kinesiology	
BIOCHEM 507	General Biochemistry I	
BIOCHEM/ NUTR SCI 510	Nutritional Biochemistry and Metabolism	
BIOCHEM 601	Protein and Enzyme Structure and Function	
BIOCHEM/ GENETICS/ MICROBIO 612	Prokaryotic Molecular Biology	
BIOCHEM/ GENETICS/ MD GENET 620	Eukaryotic Molecular Biology	
BIOCHEM 625	Mechanisms of Action of Vitamins and Minerals	
F&W ECOL 401	Physiological Animal Ecology	
GENETICS 466	Principles of Genetics	
GENETICS 545	Genetics Laboratory	
GENETICS/ MD GENET 565	Human Genetics	
GENETICS/ BIOCHEM/ MD GENET 620	Eukaryotic Molecular Biology	
KINES 200	Introductory Neuroscience	
KINES 227	Introduction to Clinical Anatomy of Human Movement	
KINES 314	Physiology of Exercise	
M M & I 301	Pathogenic Bacteriology	
M M & I 341	Immunology	
M M & I/ENTOM/ PATH-BIO/ ZOOLOGY 350	Parasitology	
M M & I/ BIOCHEM 575	Biology of Viruses	
MICROBIO 303	Biology of Microorganisms	
MICROBIO 304	Biology of Microorganisms Laboratory	

MICROBIO 330	Host-Parasite Interactions
MICROBIO 450	Diversity, Ecology and Evolution of Microorganisms
MICROBIO 470	Microbial Genetics & Molecular Machines
MICROBIO/ SOIL SCI 523	Soil Microbiology and Biochemistry
MICROBIO 526	Physiology of Microorganisms
MICROBIO 527	Advanced Laboratory Techniques in Microbiology
MICROBIO 551	Capstone Research Project in Microbiology
MICROBIO 607	Advanced Microbial Genetics
PATH-BIO/ M M & I 528	Immunology
PL PATH/M M & I/ ONCOLOGY 640	General Virology-Multiplication of Viruses
MICROBIO/ BMOLCHEM 668	Microbiology at Atomic Resolution
NTP/NEURODPT/ PSYCH 611	Systems Neuroscience
NTP 660	Neuroscience & Public Policy Seminar
NUTR SCI 431	Nutrition in the Life Span
NUTR SCI 631	Clinical Nutrition I
ONCOLOGY 401	Introduction to Experimental Oncology
ONCOLOGY/ M M & I/ PL PATH 640	General Virology-Multiplication of Viruses
PHM SCI 558	Laboratory Techniques in Pharmacology and Toxicology
PSYCH 449	Animal Behavior
PSYCH 450	Primate Psychology: Insights into Human Behavior
PSYCH 505	Depth Topic in Biological Science (Comparative Psychology: What Animals Think)
ZOOLOGY/ ANTHRO/ BOTANY 410	Evolutionary Biology
ZOOLOGY 425	Behavioral Ecology
ZOOLOGY 430	Comparative Anatomy of Vertebrates
ZOOLOGY 470	Introduction to Animal Development
ZOOLOGY/ GEOSCI 541	Paleobiology
ZOOLOGY/ GEOSCI 542	Invertebrate Paleontology
ZOOLOGY 570	Cell Biology

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence<sup>4</sup>
- 15 credits in the major, taken on the UW-Madison campus

## HONORS IN THE MAJOR

Students may declare Honors in the Neurobiology Major in consultation with the Neurobiology undergraduate advisor(s).

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major in Neurobiology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all major courses
- Complete 14 credits, taken for Honors, with individual grades of B or better, while in residence, to include:
  - Two courses from PSYCH 454, ZOOLOGY/PSYCH 523, and ZOOLOGY 500
  - One course from the Required Neuroscience or Distributed Neuroscience course lists (above), taken for honors credit
  - A two-semester Senior Honors Thesis<sup>5</sup>, for a total of 6 credits, from:

Code	Title	Credits
BIOCHEM 681 & BIOCHEM 682	Senior Honors Thesis and Senior Honors Thesis	
BIOLOGY 681 & BIOLOGY 682	Senior Honors Thesis and Senior Honors Thesis	
B M E 389 & B M E 489	Honors in Research and Honors in Research	
CHEM 681 & CHEM 682	Senior Honors Thesis and Senior Honors Thesis	
CS&D 681 & CS&D 682	Senior Honors Thesis and Senior Honors Thesis	
GENETICS 681 & GENETICS 682	Senior Honors Thesis and Senior Honors Thesis	
H ONCOL 681 & H ONCOL 682	Senior Honors Thesis in Human Oncology 1 and Senior Honors Thesis in Human Oncology 2	
NUTR SCI 681 & NUTR SCI 682	Senior Honors Thesis and Senior Honors Thesis	
PSYCH 681 & PSYCH 682	Senior Honors Thesis and Senior Honors Thesis	
ZOOLOGY 681 & ZOOLOGY 682	Senior Honors Thesis and Senior Honors Thesis	

## FOOTNOTES

<sup>1</sup> Students may apply only one DNS course toward the elective requirement

<sup>2</sup> Lab courses may also count in the Distributed Neuroscience Coursework above.

<sup>3</sup> Only Directed Study courses taken **after**—and not concurrent with—the completion of an Introductory Biology sequence are accepted in the major.

<sup>4</sup> Major courses numbered 300–699 are considered upper-level.

<sup>5</sup> The Senior Honors Thesis project must be approved by the Neurobiology Major Program Committee at least one month before beginning the first course (681). The project must focus on its relevance to a neuroscience-related topic. Please see the Neurobiology major website (<https://neuromajor.wisc.edu/>) for more information.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Demonstrate understanding of basic concepts in biology, chemistry, mathematics, statistics, and physics.
2. Demonstrate understanding of the ionic basis for the neuronal membrane potential and action potential, and as well as the factors that determine neuronal excitability.
3. Demonstrate understanding of the basic mechanisms for synaptic transmission, neurotransmitter release, postsynaptic effects, and modulation of pre- and postsynaptic mechanisms. Predict how specific physiological and pathological conditions alter neuronal function at the cellular and synaptic levels.
4. Differentiate between examples of neuroplasticity at cellular, systems, and organismal levels.
5. Demonstrate understanding of central and peripheral neuroanatomy, basic functions of brain regions, and well-known neural pathways. Predict how localized disruptions of neuronal function alter behavior, motor function, or perception.
6. Demonstrate understanding of basic principles underlying motor function, sensory function (auditory, visual, touch, taste), emotion, autonomic regulation, and higher order cognitive functions (language, memory, attention, decision-making).
7. Demonstrate how experimental tools in neuroscience are used to address experimental questions, such as intra/extracellular recording, molecular biology techniques, immunohistochemical staining,

fluorescent and electron microscopy, genetic manipulation, brain imaging, behavioral testing.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

The grid below is a suggested plan for finishing your Neurobiology major in 4 years. Please see an advisor for more information, as you may have completed some of the requirements listed.

#### Freshman

Fall	Credits Spring	Credits
Communication A	3 Ethnic Studies	3
Quantitative Reasoning A	3 MATH 221	5
Foreign Language (if required)	4 L&S Breadth	3
CHEM 103 or 109	4 CHEM 104	5
	<b>14</b>	<b>16</b>

#### Sophomore

Fall	Credits Spring	Credits
BIOLOGY/BOTANY/ZOOLOGY 151 <sup>1</sup>	5 BIOLOGY/BOTANY/ZOOLOGY 152	5
CHEM 343	3 CHEM 345	3
INTER-LS 210 (optional)	1 Social Science Breadth	3
Social Science Breadth	3 PHYSICS 207 <sup>2</sup>	5
	<b>12</b>	<b>16</b>

#### Junior

Fall	Credits Spring	Credits
Declare the Major <sup>3</sup>	PSYCH 454	3-4
ZOOLOGY/PSYCH 523	3 Distributed Neuroscience Course	2-4
STAT 371	3 L&S Breadth	3
L&S Breadth	3 Elective	3
PHYSICS 208	5 Lab Research	3
Lab Research <sup>4</sup>	3	
	<b>17</b>	<b>16</b>

#### Senior

Fall	Credits Spring	Credits
Distributed Neuroscience Course	3-4 ZOOLOGY 500	1
Social Science Breadth	3 Distributed Neuroscience Course	3
Electives	6 L&S Breadth	3
Lab Research	3 Social Science Breadth	3

Lab Research	3
<b>16</b>	<b>13</b>

**Total Credits 120**

- <sup>1</sup> There are several options for fulfilling the introductory biology requirement. See listed Requirements.
- <sup>2</sup> There are several options for fulfilling the Physics requirement. See listed Requirements.
- <sup>3</sup> Students must declare a major by the time they reach 86 credits.
- <sup>4</sup> It is recommended that students in the Neurobiology major participate in multiple semesters of research.

## ADVISING AND CAREERS

### ADVISING AND CAREERS NEUROBIOLOGY MAJOR ADVISING

The advisors for the neurobiology major are committed to providing students with first-rate guidance through the major and to graduation. The neurobiology major advisors are also dedicated to helping a student focus their future plans after undergraduate study. If you are interested in declaring the neurobiology major, make an appointment to discuss this.

#### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## ZOOLOGY, BA

The zoology major is a gateway to the diverse areas of modern biology. The major can be tailored to prepare students for advanced study and careers in many different areas: health professions and public health; law; life sciences research in university, government, and industrial settings; education including museum, nature center, secondary school, and college teaching; biotechnology; and environmental studies.

Specialized preparation is offered in ecology, systematics, limnology, morphology, molecular biology, cellular biology, developmental biology, genetics, neurobiology, physiology, evolution, and behavior. Several possible areas, emphasizing different interests, are outlined in the requirements tab. They include ecology, evolution, and behavior; anatomy, physiology, and organismal biology; and cellular, molecular, and developmental biology. The department encourages undergraduate

participation in research and offers summer research scholarships to outstanding students.

## GOALS OF THE ZOOLOGY MAJOR

The zoology major emphasizes critical thinking and conceptual skills that come from an understanding of how scientific information is obtained and evaluated, and of how this information can be applied to societal issues. The major provides a solid foundation in genetic, cellular, physiological, ecological, and evolutionary principles, and in the related disciplines of chemistry, physics, and mathematics. As a result, the major fosters an understanding of biological complexity including the interrelationships among humans and natural systems.

The unique characteristics of the zoology major include:

- broad-based, yet integrated training in wide-ranging areas of biology;
- solid foundation of basic principles and processes in biology;
- flexibility and advising needed to allow students to tailor the major to their specific goals;
- wide range of opportunities for undergraduate involvement in independent research and senior thesis.

### HOW TO GET IN

## HOW TO GET IN

All students who are interested in pursuing the zoology major must schedule an appointment with the Zoology Major advisor (<https://integrativebiology.wisc.edu/undergraduate-programs/zoology-major/zoology-undergraduate-major-advising/>). No major declaration forms are required to declare zoology major.

### REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth—Humanities/Literature/Arts: 6 credits</li> <li>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth—Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>
-----------------	--

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR MATH, CHEMISTRY & PHYSICS

Code	Title	Credits
<b>Math—complete one:</b>		<b>4-10</b>
MATH 112 & MATH 113	Algebra and Trigonometry	
MATH 114	Algebra and Trigonometry	
MATH 171 & MATH 217	Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II	
MATH 211	Survey of Calculus	
<b>Chemistry—complete one:</b>		<b>5-9</b>
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	
CHEM 109	Advanced General Chemistry	
<b>Physics—complete one:</b>		<b>8-10</b>
PHYSICS 103 & PHYSICS 104	General Physics and General Physics	
PHYSICS 201 & PHYSICS 202	General Physics and General Physics	
PHYSICS 207 & PHYSICS 208	General Physics and General Physics	
<b>Total Credits</b>		<b>17-29</b>

## BIOLOGY AND ZOOLOGY

Complete 30 credits from the sections below.

### Introductory Biology

Code	Title	Credits
<b>Option 1: Introductory Biology</b>		<b>10</b>
ZOOLOGY/ BIOLOGY/ BOTANY 151 & ZOOLOGY/ BIOLOGY/ BOTANY 152	Introductory Biology and Introductory Biology	
<b>Option 2: BIOCORE—complete both:</b>		<b>10</b>
BIOCORE 381 & BIOCORE 382	Evolution, Ecology, and Genetics and Evolution, Ecology, and Genetics Laboratory	
BIOCORE 383 & BIOCORE 384	Cellular Biology and Cellular Biology Laboratory	
<b>Option 3: Animal Biology<sup>1</sup></b>		<b>5</b>

ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102	Animal Biology and Animal Biology Laboratory
---	--

<b>Total Credits</b>	<b>5-10</b>
----------------------	-------------

<sup>1</sup> BOTANY/BIOLOGY 130 is recommended, but not required for students pursuing Option 3 (Animal Biology).

### Electives

		PSYCH 450	Primate Psychology: Insights into Human Behavior
		PSYCH 454	Behavioral Neuroscience
		PSYCH 513	Hormones, Brain, and Behavior
		<b>Total Credits</b>	<b>20-25</b>

A maximum of 6 credits of approved non-ZOOLOGY subject courses count toward the 30 credits required for the major. Students can take ZOOLOGY/BIOLOGY 101 Animal Biology and ZOOLOGY/BIOLOGY 102 Animal Biology Laboratory for the Introductory Biology requirement is recommended for students who complete this sequence.

<sup>1</sup> Only 3 credits of ANAT&PHY 335 Physiology count toward the 6 credits of approved non-ZOOLOGY subject courses.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all ZOOLOGY and major courses
- 2.000 GPA on 15 Upper Level major credits, taken in Residence <sup>1</sup>
- 15 credits in ZOOLOGY, or courses that count for the major, taken on the UW-Madison campus

<sup>1</sup> ZOOLOGY 299–699, intermediate/advanced BIOCORE, and courses that count toward the major that have an intermediate/advanced designation are considered Upper Level in the major.

## HONORS IN THE ZOOLOGY MAJOR

To earn Honors in the Major in Zoology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all courses that count toward the major
- Complete 12 credits, taken for Honors, with individual grades of B or better. Select 6 credits from ZOOLOGY 300–680 or approved non-ZOOLOGY subject courses (above).
- Complete ZOOLOGY 681 and ZOOLOGY 682, for a total of 6 credits.<sup>1</sup>

<sup>1</sup> A written thesis proposal must be approved by the thesis mentor and a department advisor. While most theses are completed during the fall and spring of a student's senior year, other combinations of terms are possible. More information about the proposal process, timing, and grading of a thesis can be found on the Department of Integrative Biology website.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Connect and describe the concepts that make up the structure and function of all living things through the principles of genetics, cellular biology, and physiology.
2. Demonstrate an understanding of the diversity of life through the principles of evolution.
3. Make connections between organisms, their habitats, and systems through the principles of ecology.
4. Make connections between the biological sciences to humans and ecological systems and appreciate the complexity of these systems.
5. Identify, think through, and solve a problem using quantitative reasoning and critical thinking skills.
6. Develop an ability to plan and carry out scientific experiments by obtaining and evaluating scientific information and effectively communicating information through oral and written presentations.
7. Understand current issues in biology and apply scientific knowledge to societal issues.
8. Make connections between self and natural world, and personal responsibility with social issues.
9. Develop a sense of competence in the field of study through research experiences and written and oral communication of findings.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### Freshman

Fall	Credits Spring	Credits
CHEM 103 or 109	4-5 CHEM 104	5
MATH 112, 114, or 171	3-5 MATH 113 or 217	3-5
Communication A <sup>1</sup>	3 L&S Breadth	3

Elective		3-6 Social Science Breadth	3
	<b>17</b>		<b>15</b>
<b>Total Credits 120</b>			

<sup>1</sup> Students can take ZOOLOGY/BIOLOGY 101 Animal Biology and ZOOLOGY/BIOLOGY 102 Animal Biology Laboratory for the Introductory Biology requirement is recommended for students who complete this sequence.

Student may also satisfy Introductory Biology with BIOCORE. Consult the advisor for the program regarding this option.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

Students are encouraged to consult with a department advisor to construct individual programs appropriate to their own needs. Please use Starfish or call 608-262-2742 to make an appointment with the zoology advisor. iBio Starfish (<https://wisc.starfishsolutions.com/starfish-ops/dl/instructor/serviceCatalog.html?bookmark=connection/78583/schedule>)

#### Directed Study

The zoology major is an excellent scaffold for students interested in an undergraduate research experience. A maximum of 10 credits of Directed Studies (ZOOLOGY 299, ZOOLOGY 698, ZOOLOGY 699), Senior Thesis (ZOOLOGY 691, ZOOLOGY 692), or Senior Honors Thesis (ZOOLOGY 681, ZOOLOGY 682) will count toward the 30 credits required for the major.

The Department of Integrative Biology offers both ZOOLOGY 299 Directed Studies in Zoology and ZOOLOGY 699 Directed Studies in Zoology. ZOOLOGY 299 is recommended for students before they have completed their introductory biology course sequence, and ZOOLOGY 699 is recommended for students who have completed their introductory biology course sequence. Directed Studies in Zoology are graded on an A to F scale. Students cannot take Directed Studies on a pass/fail basis.

Directed Studies allows students to gain experience in a wide range of research areas in biology and to learn research techniques that are not easily taught in the classroom. Such experiences allow students to make more informed decisions about their future goals and careers.

Before students can enroll in ZOOLOGY 299 or ZOOLOGY 699, they must set up an appointment with a professor/mentor of their choice, and work with the professor/mentor to:

1. Decide the specific number of credits, and
2. Plan the work required to earn those credits.

Such plans can involve reviewing relevant literature in the area, developing a proposal for independent research, and/or conducting an experiment in the mentor's study area.

Students interested in doing in-depth research as undergraduates in an area of interest can elect to do a Senior Thesis or Senior Honors Thesis (see below). Students should contact a department advisor at the beginning of their junior year to explore possible research areas.

#### Senior Thesis

Students interested in making a longer-term commitment to a research project may consider undertaking a Senior Thesis. Students should contact a department advisor during their junior year to explore possible research areas in zoology.

Zoology Senior Thesis Requirements:

1. Approval of a department advisor, and
2. Completion of ZOOLOGY 691 and ZOOLOGY 692, a two-semester thesis research sequence, during the senior year (6 credits).

It is recommended that candidates for the Senior Thesis take ZOOLOGY 699 during the second semester of their junior year to prepare for the thesis.

#### CAREERS

The Department of Integrative Biology encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science (<https://careers.ls.wisc.edu/>). L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

#### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

- broad-based, yet integrated training in wide-ranging areas of biology;
- solid foundation of basic principles and processes in biology;
- flexibility and advising needed to allow students to tailor the major to their specific goals;
- wide range of opportunities for undergraduate involvement in independent research and senior thesis.

## HOW TO GET IN

### HOW TO GET IN

All students who are interested in pursuing the zoology major must schedule an appointment with the Zoology Major advisor (<https://integrativebiology.wisc.edu/undergraduate-programs/zoology-major/zoology-undergraduate-major-advising/>). No major declaration forms are required to declare zoology major.

## PEOPLE

### PEOPLE

Please visit the Faculty (<https://integrativebiology.wisc.edu/faculty/>) and Affiliate Faculty (<https://integrativebiology.wisc.edu/affiliated-faculty/>) pages on the Integrative Biology website for information about our faculty and their research areas.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

## ZOOLOGY, BS

The zoology major is a gateway to the diverse areas of modern biology. The major can be tailored to prepare students for advanced study and careers in many different areas: health professions and public health; law; life sciences research in university, government, and industrial settings; education including museum, nature center, secondary school, and college teaching; biotechnology; and environmental studies.

Specialized preparation is offered in ecology, systematics, limnology, morphology, molecular biology, cellular biology, developmental biology, genetics, neurobiology, physiology, evolution, and behavior. Several possible areas, emphasizing different interests, are outlined in the requirements tab. They include ecology, evolution, and behavior; anatomy, physiology, and organismal biology; and cellular, molecular, and developmental biology. The department encourages undergraduate participation in research and offers summer research scholarships to outstanding students.

### GOALS OF THE ZOOLOGY MAJOR

The zoology major emphasizes critical thinking and conceptual skills that come from an understanding of how scientific information is obtained and evaluated, and of how this information can be applied to societal issues. The major provides a solid foundation in genetic, cellular, physiological, ecological, and evolutionary principles, and in the related disciplines of chemistry, physics, and mathematics. As a result, the major fosters an understanding of biological complexity including the interrelationships among humans and natural systems.

The unique characteristics of the zoology major include:

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW-Madison
- 2.000 in Intermediate/Advanced level coursework at UW-Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR MATH, CHEMISTRY & PHYSICS

Code	Title	Credits
<b>Math—complete one:</b>		<b>4-10</b>
MATH 112 & MATH 113	Algebra and Trigonometry	
MATH 114	Algebra and Trigonometry	
MATH 171 & MATH 217	Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II	
MATH 211	Survey of Calculus	
<b>Chemistry—complete one:</b>		<b>5-9</b>
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	
CHEM 109	Advanced General Chemistry	
<b>Physics—complete one:</b>		<b>8-10</b>
PHYSICS 103 & PHYSICS 104	General Physics and General Physics	

PHYSICS 201 & PHYSICS 202	General Physics and General Physics
PHYSICS 207 & PHYSICS 208	General Physics and General Physics

**Total Credits** **17-29**

## BIOLOGY AND ZOOLOGY

Complete 30 credits from the sections below.

### Introductory Biology

Code	Title	Credits
<b>Option 1: Introductory Biology</b>		<b>10</b>
ZOOLOGY/ BIOLOGY/ BOTANY 151 & ZOOLOGY/ BIOLOGY/ BOTANY 152	Introductory Biology and Introductory Biology	
<b>Option 2: BIOCORE—complete both:</b>		<b>10</b>
BIOCORE 381 & BIOCORE 382	Evolution, Ecology, and Genetics and Evolution, Ecology, and Genetics Laboratory	
BIOCORE 383 & BIOCORE 384	Cellular Biology and Cellular Biology Laboratory	
<b>Option 3: Animal Biology<sup>1</sup></b>		<b>5</b>
ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102	Animal Biology and Animal Biology Laboratory	
<b>Total Credits</b>		<b>5-10</b>

<sup>1</sup> BOTANY/BIOLOGY 130 is recommended, but not required for students pursuing Option 3 (Animal Biology).

<b>Total Credits</b>	<b>20-25</b>

A maximum of 6 credits of approved non-ZOOLOGY subject courses count toward the 30 credits required for the major. Students can take ZOOLOGY/BIOLOGY 101 Animal Biology and ZOOLOGY/BIOLOGY 102 Animal Biology Laboratory for the Introductory Biology requirement is recommended for students who complete this sequence.

<sup>1</sup> Only 3 credits of ANAT&PHY 335 Physiology count toward the 6 credits of approved non-ZOOLOGY subject courses.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all ZOOLOGY and major courses
- 2.000 GPA on 15 Upper Level major credits, taken in Residence <sup>1</sup>
- 15 credits in ZOOLOGY, or courses that count for the major, taken on the UW–Madison campus

<sup>1</sup> ZOOLOGY 299–699, intermediate/advanced BIOCORE, and courses that count toward the major that have an intermediate/advanced designation are considered Upper Level in the major.

## HONORS IN THE ZOOLOGY MAJOR

To earn Honors in the Major in Zoology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all courses that count toward the major
- Complete 12 credits, taken for Honors, with individual grades of B or better. Select 6 credits from ZOOLOGY 300–680 or approved non-ZOOLOGY subject courses (above).
- Complete ZOOLOGY 681 and ZOOLOGY 682, for a total of 6 credits.<sup>1</sup>

<sup>1</sup> A written thesis proposal must be approved by the thesis mentor and a department advisor. While most theses are completed during the fall and spring of a student's senior year, other combinations of terms are possible. More information about the proposal process, timing, and grading of a thesis can be found on the Department of Integrative Biology website.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Connect and describe the concepts that make up the structure and function of all living things through the principles of genetics, cellular biology, and physiology.
2. Demonstrate an understanding of the diversity of life through the principles of evolution.
3. Make connections between organisms, their habitats, and systems through the principles of ecology.
4. Make connections between the biological sciences to humans and ecological systems and appreciate the complexity of these systems.
5. Identify, think through, and solve a problem using quantitative reasoning and critical thinking skills.
6. Develop an ability to plan and carry out scientific experiments by obtaining and evaluating scientific information and effectively communicating information through oral and written presentations.
7. Understand current issues in biology and apply scientific knowledge to societal issues.
8. Make connections between self and natural world, and personal responsibility with social issues.
9. Develop a sense of competence in the field of study through research experiences and written and oral communication of findings.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage

in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

### Freshman

Fall	Credits Spring	Credits
CHEM 103 or 109	4-5 CHEM 104	5
MATH 112, 114, or 171	3-5 MATH 113 or 217	3-5
Communication A <sup>1</sup>	3 L&S Breadth	3
Foreign Language (if required)	3-4 Social Science Breadth	3
	<b>14</b>	<b>14</b>

### Sophomore

Fall	Credits Spring	Credits
ZOOLOGY/BIOLOGY/ BOTANY 151 <sup>1</sup>	5 ZOOLOGY/BIOLOGY/ BOTANY 152 (Satisfies Communication B) <sup>1</sup>	5
Ethnic Studies	3 L&S Breadth	3
INTER-LS 210	1 Social Science Breadth	3
Social Science Breadth	3 Elective	3
Elective	4	
	<b>16</b>	<b>14</b>

### Junior

Fall	Credits Spring	Credits
PHYSICS 103, 201, or 207	4-5 PHYSICS 104, 202, or 208	4-5
I/A COMP SCI, MATH, or STAT (if required for the BS)	3-5 I/A COMP SCI, MATH, or STAT (required for the BS)	3-5
I/A ZOOLOGY	3-6 I/A ZOOLOGY	4
Elective	3 L&S Breadth	3
	<b>16</b>	<b>14</b>

### Senior

Fall	Credits Spring	Credits
I/A ZOOLOGY	3-4 I/A ZOOLOGY	3-4
Elective	3-4 I/A ZOOLOGY	3-4
L&S Breadth	3 Elective	6
Elective	3-6 Social Science Breadth	3
	<b>17</b>	<b>15</b>

### Total Credits 120

<sup>1</sup> Students can take ZOOLOGY/BIOLOGY 101 Animal Biology and ZOOLOGY/BIOLOGY 102 Animal Biology Laboratory for the Introductory Biology requirement is recommended for students who complete this sequence.

Student may also satisfy Introductory Biology with BIOCORE. Consult the advisor for the program regarding this option.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

Students are encouraged to consult with a department advisor to construct individual programs appropriate to their own needs. Please use Starfish or call 608-262-2742 to make an appointment with the zoology advisor. iBio Starfish (<https://wisc.starfishsolutions.com/starfish-ops/dl/instructor/serviceCatalog.html?bookmark=connection/78583/schedule>)

#### Directed Study

The zoology major is an excellent scaffold for students interested in an undergraduate research experience. A maximum of 10 credits of Directed Studies (ZOOLOGY 299, ZOOLOGY 698, ZOOLOGY 699), Senior Thesis (ZOOLOGY 691, ZOOLOGY 692), or Senior Honors Thesis (ZOOLOGY 681, ZOOLOGY 682) will count toward the 30 credits required for the major.

The Department of Integrative Biology offers both ZOOLOGY 299 Directed Studies in Zoology and ZOOLOGY 699 Directed Studies in Zoology. ZOOLOGY 299 is recommended for students before they have completed their introductory biology course sequence, and ZOOLOGY 699 is recommended for students who have completed their introductory biology course sequence. Directed Studies in Zoology are graded on an A to F scale. Students cannot take Directed Studies on a pass/fail basis.

Directed Studies allows students to gain experience in a wide range of research areas in biology and to learn research techniques that are not easily taught in the classroom. Such experiences allow students to make more informed decisions about their future goals and careers.

Before students can enroll in ZOOLOGY 299 or ZOOLOGY 699, they must set up an appointment with a professor/mentor of their choice, and work with the professor/mentor to:

1. Decide the specific number of credits, and
2. Plan the work required to earn those credits.

Such plans can involve reviewing relevant literature in the area, developing a proposal for independent research, and/or conducting an experiment in the mentor's study area.

Students interested in doing in-depth research as undergraduates in an area of interest can elect to do a Senior Thesis or Senior Honors Thesis (see below). Students should contact a department advisor at the beginning of their junior year to explore possible research areas.

#### Senior Thesis

Students interested in making a longer-term commitment to a research project may consider undertaking a Senior Thesis. Students should contact a department advisor during their junior year to explore possible research areas in zoology.

Zoology Senior Thesis Requirements:

1. Approval of a department advisor, and
2. Completion of ZOOLOGY 691 and ZOOLOGY 692, a two-semester thesis research sequence, during the senior year (6 credits).

It is recommended that candidates for the Senior Thesis take ZOOLOGY 699 during the second semester of their junior year to prepare for the thesis.

## CAREERS

The Department of Integrative Biology encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science (<https://careers.ls.wisc.edu/>). L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

## PEOPLE

Please visit the Faculty (<https://integrativebiology.wisc.edu/faculty/>) and Affiliate Faculty (<https://integrativebiology.wisc.edu/affiliated-faculty/>) pages on the Integrative Biology website for information about our faculty and their research areas.

# LA FOLLETTE SCHOOL OF PUBLIC AFFAIRS

## DEGREES/MAJORS/CERTIFICATES

- Health Policy, Certificate (p. 1108)
- Public Policy, Certificate (p. 1111)

## HEALTH POLICY, CERTIFICATE

The certificate in health policy offered through the La Follette School of Public Affairs prepares undergraduate students to navigate and shape health policy in Wisconsin and in the United States. Coursework covers key concepts and contemporary issues relevant to work within the complex world of U.S. health policy. Courses also build familiarity with analytic methods and approaches used to foster evidence-based health policy, focusing especially on policy levers that influence health equity.

UW-Madison graduates occupy a wide range of professional roles in the health sector, such as health care providers, accountants, IT professionals, small business owners, researchers, human resources specialists, engineers, and advocates. Across these roles, a foundational understanding of health policy has emerged as a key professional competency. Recognizing that leaders in this realm must engage diverse perspectives to successfully address complex issues, required courses are designed to foster interdisciplinary discussion and analysis, and a fieldwork experience will deepen learning in a professional setting.

## HOW TO GET IN

## HOW TO GET IN

To declare the Certificate in Health Policy through the La Follette School of Public Affairs, students must:

- Hold UW-Madison sophomore standing or above, and be in good academic standing, according to the rules of your school or college
- Have taken, are enrolled, or are registered for at least one class that meets certificate requirements

Each year, the La Follette School invites students to declare the certificate in health policy. To declare the certificate:

- Review certificate requirements so that you are familiar with the program
- Declare the certificate (<https://lafollette.wisc.edu/academics/undergraduate-certificate-in-health-policy/>)

## REQUIREMENTS

## REQUIREMENTS

Students must complete a minimum of four courses, one from each area listed below, and a minimum of 12 total credits.

Code	Title	Credits		
<b>Introductory Course (complete one):</b>			<b>3</b>	
PUB AFFR 201	Introduction to Health Policy in the United States			
<b>Analytic Tools for Health Policy (complete one):</b>			<b>3</b>	
PUB AFFR 242	Foundations of Data Analysis for Health Policy			
PUB AFFR 281	Discovering What Works in Health Policy			
<b>Internship/Fieldwork Experience (complete one):</b>			<b>3</b>	
PUB AFFR 327	Administrative Internship			
LEGAL ST 473	Health Impacts of Unmet Social Needs			
POLI SCI 402	Wisconsin in Washington Internship Course			
<b>Policy Specialization (complete one course from any one area below):</b>			<b>3</b>	
<i>Life Sciences Communication</i>				
LSC 251	Science, Media and Society			
LSC/COM ARTS/ JOURN 617	Health Communication in the Information Age			
COM ARTS 318	Introduction to Health Communication

MED HIST/ PHILOS 515	Public Health Ethics
<b>Total Credits</b>	<b>12</b>

## RESIDENCE AND QUALITY OF WORK

- At least 6 certificate credits must be completed in residence.
- Minimum 2.000 GPA on all certificate courses.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

### LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Students will demonstrate understanding of major underpinnings and challenges of contemporary U.S. health policy, and how to approach issues using a public policy lens.
2. Students will gain knowledge and demonstrate application of analytical and methodological tools used in the health sector (e.g., policy writing, analysis, familiarity with data used in health policy and clinical research, and quantitative and qualitative methods used in social policy).
3. Students will demonstrate understanding and application of knowledge regarding a substantive health policy interest of their choice, such as health care policy and innovation, social determinants of health, reproductive health policy, social policy, analysis of health behaviors, and others.
4. Students will gain applied experience in a setting relevant for navigating, interpreting, and contributing to effective health policy throughout their careers.

### ADVISING AND CAREERS

## ADVISING AND CAREERS

The La Follette School of Public Affairs welcomes you to reach out to our student services team. Here are some quick steps toward getting what you need. Before getting in touch, be sure to check our website (<https://>

[lafollette.wisc.edu/academics/undergraduate-certificate-in-health-policy/](https://lafollette.wisc.edu/academics/undergraduate-certificate-in-health-policy/)). It is updated regularly and just may hold the answers you seek!

- If you're interested in **learning more about the certificate or would like guidance as a current certificate student**, contact Kelly Otto at [klotto@wisc.edu](mailto:klotto@wisc.edu).
- If you're unable to get in touch with Kelly, contact Mary Michaud at [mdmichaud@wisc.edu](mailto:mdmichaud@wisc.edu).
- If you're already a certificate student, you can connect with Marie Koko, our Career Services Coordinator, about **careers and internships**: Send her an email at [marie.koko@wisc.edu](mailto:marie.koko@wisc.edu).
- If you have a **technical question** about your DARS report, enrollment, or other things administrative, connect with David Wright-Racette at [wrightracette@lafollette.wisc.edu](mailto:wrightracette@lafollette.wisc.edu).
- If you're interested in learning more about La Follette's **graduate programs in public and international affairs**, or joint graduate degree programs (<https://lafollette.wisc.edu/academics/>) (e.g., MPH/MPA, JD/MPA, PhD/MPA in neuroscience), contact Mo O'Connor, our graduate advisor, at [mcoconnor@lafollette.wisc.edu](mailto:mcoconnor@lafollette.wisc.edu).
- If you're an alumnus, parent, or student who is curious about **how to get involved or contribute to the mission of the La Follette School**, please contact Associate Director Steve Kulig at [skulig@lafollette.wisc.edu](mailto:skulig@lafollette.wisc.edu).

## PEOPLE

Please take a few minutes to review La Follette School's list of faculty in Public Affairs (<https://lafollette.wisc.edu/about/faculty-and-staff/>) and our research and work in health policy (<https://lafollette.wisc.edu/research/health-and-aging/>).

## CAREERS

Health policy issues affect every resident and community in the United States. Because of its complexity, people working in the health sector

benefit from understanding specific terminology, issues, and systems involved in policymaking. Through the certificate in health policy, students will build the knowledge base for this work while also gaining skills in quantitative analysis, communication, writing, critical thinking, and problem-solving. More and more, employers across the health sector value this combination of skills and insights.

Students interested in health care, advocacy, business, or research will earn a credential highlighting highly sought-after skills that, through the fieldwork component of the certificate, they have applied in the context of real-world practice. Focused on evidence-based health policy and practice, courses help students hone skills to gather data and information from a variety of sources, analyze and synthesize the findings, and communicate key insights using clear, concise communication strategies.

Career development is an integral part of the La Follette School experience, with staff members and alumni eager to support and mentor students with diverse interests. Students benefit from networking opportunities, employer visits, professional development seminars, and other services.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE

**Empathy and humility.** The effects of health policy reach into every corner of life, including access to health care and the rising costs of health

benefits. To address complex issues, students in health policy learn to value and engage diverse perspectives and question their own biases and assumptions.

**Relentless curiosity.** Like peeling an onion, the study of health policy invites learners to uncover layers of data and history to explore root causes of poor health outcomes. Why does a person's zip code predict so much about their health outcomes? Why is U.S. health insurance largely tied to a person's employment status? What drives the high cost of health care, and what are options for reform? For those with an insatiable curiosity, health policy offers endless discoveries and an ever-changing landscape.

**Intellectual confidence.** In many cases, great leadership emerges when leaders themselves have the confidence to say "I don't know." Public policy studies include deep analysis of the stakeholders in systems, the relationships among those actors, and the incentives that drive behavior. Because of this, students learn to define problems in new ways, ask better questions, and use data to drive insight.

**Purposeful action.** Health policy has broad implications for the distribution of resources across the public and private sectors. As we learn more about addressing the "upstream" factors that influence health, students gain insights about how to build more prevention-oriented health policy.

## PUBLIC POLICY, CERTIFICATE

UW-Madison's undergraduate certificate in public policy complements existing majors across campus and extends the La Follette School of Public Affairs' mission to training and mentoring the next generation of leaders in their careers and communities.

The certificate program allows undergraduate students to apply a policy perspective to their major course of study and bolsters their skills for success in the workforce or in their graduate school coursework. Students build a strong foundation for careers in government, nonprofit organizations, or the private sector.

The undergraduate certificate in public policy is ideal for students seeking careers related to key domestic and international issues such as criminal justice, education, energy, environmental studies, finance, transportation, and poverty. It also prepares students to be engaged citizens, ready to use their talents to improve the world around them.

## HOW TO GET IN

### HOW TO GET IN

To declare the certificate in public policy through the La Follette School of Public Affairs, students must:

- Hold UW-Madison sophomore standing or above, and be in good academic standing, according to the rules of your school or college
- Have taken, are enrolled, or are registered for at least one class that meets certificate requirements

Each year, the La Follette School invites students to declare the certificate in public policy. To declare the certificate:

- Review certificate requirements so that you are familiar with the program
- Declare the certificate (<https://lafollette.wisc.edu/academics/undergraduate-certificate-in-public-policy/>)

## RESIDENCE & QUALITY OF WORK

- At least 6 credits must be completed in residence
- Minimum 2.000 GPA on all certificate courses

<sup>1</sup> Courses taken Pass/Fail do not meet certificate requirements or calculate in the GPA.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Students will demonstrate understanding of major current and past public policy debates, and how to approach questions and research with a public policy lens.
2. Students will gain knowledge and demonstrate application of methodological tools utilized in the public policy arena (e.g., policy memo writing, policy analysis, experience working with administrative data, program evaluation, cost-benefit analysis, performance management).
3. Students will demonstrate understanding and application of knowledge regarding the substantive policy area of interest of their choice (e.g., education, health, social, environmental, science).
4. Students will gain practical professional experience in a public policy work setting.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

The La Follette School of Public Affairs welcomes you to reach out to our student services team. Here are some quick steps toward getting what you need. Before getting in touch, be sure to visit our undergraduate certificate in public policy webpage (<https://lafollette.wisc.edu/academics/undergraduate-certificate-in-public-policy/>) as many questions you may have may be answered there. It is updated regularly and just may hold the answers you seek!

- If you're interested in learning more about the certificate or would like guidance as a current certificate student, contact Kelly Otto at [klotto@wisc.edu](mailto:klotto@wisc.edu).
- If you're unable to get in touch with Kelly, contact Mary Michaud at [mdmichaud@wisc.edu](mailto:mdmichaud@wisc.edu).
- If you're already a certificate student, you can connect with Marie Koko, our Career Services Coordinator, about careers and internships. Send her an email at [marie.koko@wisc.edu](mailto:marie.koko@wisc.edu).
- If you have a technical question about your DARS report, enrollment, or other things administrative, connect with David Wright-Racette at [wrightracette@lafollette.wisc.edu](mailto:wrightracette@lafollette.wisc.edu).
- If you're interested in learning more about La Follette's graduate programs in public and international affairs, contact Mo O'Connor, our graduate advisor, at [mcoconnor@lafollette.wisc.edu](mailto:mcoconnor@lafollette.wisc.edu).
- If you're an alumnus, parent, or student who is curious about how to get involved or contribute to the mission of the La Follette School, please contact Associate Director Steve Kulig at [skulig@lafollette.wisc.edu](mailto:skulig@lafollette.wisc.edu).

## SKILLS AND CAREERS

Given the increasing complexity in every realm of public policy, students in the undergraduate certificate in public policy program gain skills in quantitative analysis, communication, writing, critical thinking, and problem-solving that are in demand by more and more employers in almost every sector.

The certificate program focuses on evidence-based practices and provides students with the skills to gather data and information from various sources, analyze and synthesize the findings, and write a clear and concise report to illustrate the main points.

With the focus on evidence-based practices, the public policy certificate program provides research and data analysis skills that are transferrable to nearly any occupation. Students maximize their electives and earn a credential that highlights these highly sought-after skills in the context of real-world practice.

Career development is an integral part of the La Follette School experience, with staff members and alumni eager to support and mentor students with diverse interests. Students benefit from networking opportunities, employer visits, professional development seminars, and other services.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE FACULTY

The undergraduate certificate in public policy gives students access to the La Follette School's award-winning faculty members (<https://lafollette.wisc.edu/faculty-staff/>). These interdisciplinary faculty have expertise in social policy, health policy and management, public management, policy analysis, environmental policy, poverty, and government finance.

## LANGUAGE SCIENCES

Language Sciences at UW-Madison is an interdisciplinary hub for research and collaboration that houses the Linguistics major.

Linguistics is the scientific study of human language. It investigates the common principles underlying all languages, as well as the organization of particular languages. It is expected that undergraduates with a major in linguistics will be able to:

- demonstrate a sound knowledge of the fields of phonetics (articulatory and acoustic properties of speech), phonology (the organization of the sound system of languages), morphology (the structure of words), syntax (the structure of sentences), and semantics (the interpretation of structures);
- demonstrate that they are able to analyze data in all these areas of linguistics;
- apply their linguistic training without prejudice, as expected in any science; and
- apply their analytical abilities beyond the study of linguistics.

Our undergraduate major emphasizes strong foundational training in the core areas of theoretical linguistics. Students also have access to breadth courses in a wide variety of interdisciplinary areas, including first and second language acquisition, psycholinguistics, sociolinguistics, language

and data science, historical linguistics, neurolinguistics, and indigenous language documentation and revitalization. Coursework is also available in the linguistics of specific languages or language families, such as American Sign Language, Germanic, Spanish and Romance, Chinese, Japanese, and Native American linguistics.

## DEGREES/MAJORS/CERTIFICATES

### DEGREES/MAJORS/ CERTIFICATES

- Linguistics, BS (p. 1119)

## PEOPLE

### PEOPLE

Please visit the Language Sciences website (<https://langsci.wisc.edu/faculty-academic-staff/>) for a complete list of our faculty and their areas of interest and expertise.

## LINGUISTICS, BA

Language Sciences at UW–Madison is an interdisciplinary hub for research and collaboration that houses the Linguistics major.

Linguistics is the scientific study of human language. It investigates the common principles underlying all languages, as well as the organization of particular languages. It is expected that undergraduates with a major in linguistics will be able to:

- demonstrate a sound knowledge of the fields of phonetics (articulatory and acoustic properties of speech), phonology (the organization of the sound system of languages), morphology (the structure of words), syntax (the structure of sentences), and semantics (the interpretation of structures);
- demonstrate that they are able to analyze data in all these areas of linguistics;
- apply their linguistic training without prejudice, as expected in any science; and
- apply their analytical abilities beyond the study of linguistics.

Our undergraduate major emphasizes strong foundational training in the core areas of theoretical linguistics. Students also have access to breadth courses in a wide variety of interdisciplinary areas, including first and second language acquisition, psycholinguistics, sociolinguistics, language and data science, historical linguistics, neurolinguistics, and indigenous language documentation and revitalization. Coursework is also available in the linguistics of specific languages or language families, such as American Sign Language, Germanic, Spanish and Romance, Chinese, Japanese, and Native American linguistics.

## HOW TO GET IN

### HOW TO GET IN

Undergraduate students wishing to major in Linguistics should make an appointment with the Linguistics Undergraduate Advisor. Current advisor

contact information can be found on the Language Sciences Advising Page (<https://langsci.wisc.edu/advising/>).

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

- |                 |  |
|-----------------|--|
| <b>Language</b> | <ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul> |
|-----------------|--|

LS Breadth	<ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include 6 credits of literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul>
------------	--

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced work	Complete at least 60 credits at the intermediate or advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	<ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2,000 in all coursework at UW-Madison</li> <li>• 2,000 in Intermediate/Advanced level coursework at UW-Madison</li> </ul>

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR LANGUAGE

Code	Title	Credits
	Complete the fourth unit or higher in a foreign language, by course or by examination	0-16
<b>Total Credits</b>		<b>0-16</b>

Students pursuing the linguistics major must complete 30 credits as follows:

## REQUIRED FOUNDATIONAL COURSES (4 COURSES)

Code	Title	Credits
LINGUIS 101	Human Language	3
LINGUIS 310	Phonology	3
LINGUIS 322	Morphology	3
LINGUIS 330	Syntax	3
<b>Total Credits</b>		<b>12</b>

## ADVANCED LINGUISTICS COURSEWORK (2 COURSES)

Code	Title	Credits
<b>One 500-level LINGUIS course (choose one of the following):</b>		<b>3</b>
LINGUIS 510	Phonological Theories	

LINGUIS 522	Advanced Morphology	
LINGUIS 530	Syntactic Theories	
LINGUIS 571	Structure of a Language	
<b>Capstone course</b>		
LINGUIS 690	Capstone in Linguistics	3
<b>Total Credits</b>		<b>6</b>

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Linguistics Undergraduate Advisor (<http://guide.wisc.edu/undergraduate/letters-science/linguistics/linguistics-ba/#advisingandcareerstext>).

## HONORS IN THE LINGUISTICS MAJOR: REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all LINGUIS courses, and all courses accepted in the major
- Complete two LINGUIS courses, taken for Honors, with concurrent 1-credit enrollment in LINGUIS 481 Junior Honors Tutorial, LINGUIS 482 Junior Honors Tutorial, or LINGUIS 583 Senior Honors Tutorial, for a total of 2 additional credits. A grade of B or better must be earned in each course taken for honors.
- Complete a two-semester Senior Honors Thesis in LINGUIS 681 Honors Seminar-Senior Thesis and LINGUIS 682 Honors Seminar-Senior Thesis, leading to submission of an acceptable paper, for a total of 6 credits. A grade of B or better must be earned in the thesis project.

Note that Honors tutorial credits and the Senior Honors Thesis do not count toward the 30 credits required for the major in linguistics.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Familiarity with data from a wide range of languages from different language families.
2. Ability to respond to biased views of language in their communities.
3. Knowledge in all core areas of linguistics: Phonetics, phonology, morphology, syntax, and semantics.
4. Sound grasp of linguistic concepts.
5. Sound grasp of linguistic methodology.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### Freshman

## ADVISING AND CAREERS

### ADVISING AND CAREERS UNDERGRADUATE ADVISING

Rebecca Shields, Undergraduate Advisor

1166 Van Hise Hall  
rashields@wisc.edu

Contact the undergraduate advisor (<https://langsci.wisc.edu/advising/>) via email or using the Starfish app to set up an appointment. The advisor is happy to meet with students who want to learn more about the major, careers in linguistics, linguistics course selection, and opportunities for participation in research in language sciences. A meeting with the advisor is required to declare the major.

### LETTERS & SCIENCE CAREER SERVICES

Language Sciences encourages our majors to begin working on their career exploration and preparation soon after declaring their major. Our career advisor also partners with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or

## PEOPLE

### PEOPLE

Please visit the Language Sciences website (<https://langsci.wisc.edu/faculty-academic-staff/>) for a complete list of our faculty and their areas of interest and expertise.

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS LINGUISTICS OPPORTUNITY AWARD

The Linguistics Opportunity Award (<https://langsci.wisc.edu/scholarships/>) provides several scholarships to Linguistics majors each year. Awardees are recognized for excellence in linguistics research and academic achievement, outreach and volunteering activities related to language science, and/or relevance of linguistics to their future plans.

The scholarship is funded through generous donations to the Linguistics Fund from alumni and other supporters of our program.

**Deadline:** December 31, apply through the WiSH portal.

## LINGUISTICS, BS

Language Sciences at UW-Madison is an interdisciplinary hub for research and collaboration that houses the Linguistics major.

Linguistics is the scientific study of human language. It investigates the common principles underlying all languages, as well as the organization of particular languages. It is expected that undergraduates with a major in linguistics will be able to:

- demonstrate a sound knowledge of the fields of phonetics (articulatory and acoustic properties of speech), phonology (the organization of the sound system of languages), morphology

- (the structure of words), syntax (the structure of sentences), and semantics (the interpretation of structures);
- demonstrate that they are able to analyze data in all these areas of linguistics;
  - apply their linguistic training without prejudice, as expected in any science; and
  - apply their analytical abilities beyond the study of linguistics.

Our undergraduate major emphasizes strong foundational training in the core areas of theoretical linguistics. Students also have access to breadth courses in a wide variety of interdisciplinary areas, including first and second language acquisition, psycholinguistics, sociolinguistics, language and data science, historical linguistics, neurolinguistics, and indigenous language documentation and revitalization. Coursework is also available in the linguistics of specific languages or language families, such as American Sign Language, Germanic, Spanish and Romance, Chinese, Japanese, and Native American linguistics.

## HOW TO GET IN

### HOW TO GET IN

Undergraduate students wishing to major in Linguistics should make an appointment with the Linguistics Undergraduate Advisor. Current advisor contact information can be found on the Language Sciences Advising Page (<https://langsci.wisc.edu/advising/>).

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

Mathematics	Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.
Language	Complete the third unit of a language other than English.
LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.</li> </ul>
Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR LANGUAGE

Code	Title	Credits
	Complete the fourth unit or higher in a foreign language, by course or by examination	0-16
<b>Total Credits</b>		<b>0-16</b>

Students pursuing the linguistics major must complete 30 credits as follows:

## REQUIRED FOUNDATIONAL COURSES (4 COURSES)

Code	Title	Credits
LINGUIS 101	Human Language	3
LINGUIS 310	Phonology	3
LINGUIS 322	Morphology	3
LINGUIS 330	Syntax	3
<b>Total Credits</b>		<b>12</b>

## ADVANCED LINGUISTICS COURSEWORK (2 COURSES)

Code	Title	Credits
<b>One 500-level LINGUIS course (choose one of the following):</b>		<b>3</b>
LINGUIS 510	Phonological Theories	
LINGUIS 522	Advanced Morphology	
LINGUIS 530	Syntactic Theories	
LINGUIS 571	Structure of a Language	
<b>Capstone course</b>		
LINGUIS 690	Capstone in Linguistics	3
<b>Total Credits</b>		<b>6</b>

## ELECTIVES IN THE MAJOR (4 COURSES)

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Linguistics Undergraduate Advisor (<http://guide.wisc.edu/undergraduate/letters-science/linguistics/linguistics-ba/#advisingandcareerstext>).

### HONORS IN THE LINGUISTICS MAJOR: REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all LINGUIS courses, and all courses accepted in the major
- Complete two LINGUIS courses, taken for Honors, with concurrent 1-credit enrollment in LINGUIS 481 Junior Honors Tutorial, LINGUIS 482 Junior Honors Tutorial, or LINGUIS 583 Senior Honors Tutorial, for a total of 2 additional credits. A grade of B or better must be earned in each course taken for honors.
- Complete a two-semester Senior Honors Thesis in LINGUIS 681 Honors Seminar–Senior Thesis and LINGUIS 682 Honors Seminar–Senior Thesis, leading to submission of an acceptable paper, for a total of 6 credits. A grade of B or better must be earned in the thesis project.

Note that Honors tutorial credits and the Senior Honors Thesis do not count toward the 30 credits required for the major in linguistics.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Familiarity with data from a wide range of languages from different language families.
2. Ability to respond to biased views of language in their communities.
3. Knowledge in all core areas of linguistics: Phonetics, phonology, morphology, syntax, and semantics.
4. Sound grasp of linguistic concepts.
5. Sound grasp of linguistic methodology.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### Freshman

Fall	Credits Spring	Credits
Communication A	3 Ethnic Studies	3
Quantitative Reasoning A	3 4th semester of Foreign Language (if needed) <sup>2</sup>	3
3rd semester of Foreign Language (if needed)	3 LINGUIS 101	3

Fall	Credits Spring	Credits
Linguistics major elective #4	3 LINGUIS 690	3
Electives	12 Electives	12
	<b>15</b>	<b>15</b>

#### Total Credits 120

<sup>1</sup> Linguistics majors will have varying needs for L&S Breadth courses outside the major, depending on which Linguistics major electives they choose. Many Linguistics major electives are Humanities courses, but some are Social Science or Natural Sciences. Consult with your advisor to determine your individual needs.

<sup>2</sup> Linguistics majors are required to complete the 4th unit or higher of a foreign language, whether they are doing the BA or the BS degree.

## ADVISING AND CAREERS

### ADVISING AND CAREERS UNDERGRADUATE ADVISING

Rebecca Shields, Undergraduate Advisor

1166 Van Hise Hall  
rashields@wisc.edu

Contact the undergraduate advisor (<https://langsci.wisc.edu/advising/>) via email or using the Starfish app to set up an appointment. The advisor is happy to meet with students who want to learn more about the major, careers in linguistics, linguistics course selection, and opportunities for participation in research in language sciences. A meeting with the advisor is required to declare the major.

### LETTERS & SCIENCE CAREER SERVICES

Language Sciences encourages our majors to begin working on their career exploration and preparation soon after declaring their major. Our career advisor also partners with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps

students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

- Microbiology, BS (L&S) (p. 1156)

## APPLIED SOCIAL SCIENCE, BLS

**Admissions to the Applied Social Science, BLS have been suspended as of fall 2024 and will be discontinued as of fall 2032. If you have any questions, please contact the department.**

The Major in Applied Social Science (MASS) is completed with the Bachelor of Liberal Studies (BLS) degree. The BLS and MASS are offered fully online and are ideal for returning students with some college credit. UW-Madison Online programs are designed with adult students in mind; they give students the flexibility to earn their degree while still meeting obligations at work and home.

Students in the MASS program will learn about how Social and Behavioral Science apply to their own lives and the world around them. BLS and MASS students will learn about world language study and global issues; understanding and engaging with diverse communities; ethical communication; and broader social issues that shape current events. Applied Social Sciences explores systematic and evidence-based study of the social world, encompassing all of the political, economic, legal, technological, and cultural ideas, structures, and processes that humans create to live together as a society. Social science data, methods, and theories help students understand how social life works to help social life work better.

Applied study across the social sciences, combined with integrated study of the liberal arts and sciences, is an ideal framework for identifying issues, questions, and opportunities that are important to humans, groups, institutions, and society. Students in this program will improve their skills as communicators and as knowledgeable participants in a civil and just society. They will increase their skills and develop their abilities to create and support more effective and equitable solutions to social problems.

For more information, visit the UW-Madison Online admissions website or email a UW-Madison Online enrollment coach. They are here to help you navigate the application process.

<b>Total Credits</b>		<b>30</b>

**RESIDENCE AND QUALITY OF WORK**

- 2.000 GPA in all major courses
- 15 upper-level credits, taken in residence<sup>1</sup>
- 15 credit in the major, taken on campus

**FOOTNOTES**

<sup>1</sup> Upper-level courses in the major are course with the Intermediate or Advanced level designation

**UNIVERSITY DEGREE REQUIREMENTS**

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

**LEARNING OUTCOMES****LEARNING OUTCOMES**

1. Recognize, reason with, and combine multiple forms of qualitative and quantitative information and data that are common to the social sciences, from diverse perspectives and sources.
2. Critically evaluate and analyze information using a variety of methods common to the social sciences, informed by diverse perspectives.
3. Approach complex social, interpersonal, and institutional issues and opportunities for innovation from multiple perspectives, understanding them in a variety of contexts and from different cultural lenses.
4. Use tools and techniques common to the social sciences to combine their rigorous analysis of relevant evidence to develop and defend creative insights and effective solutions concerning these important issues.

5. Based on an understanding of the varied ways in which people experience social life and social institutions, students will collaborate and communicate proposed solutions effectively and ethically with people from a range of perspectives, cultures, and backgrounds.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This program is designed for transfer students, most of whom will enroll on a part-time basis. As such, there is not a four-year plan for this program. Please refer to the [Requirements](#) tab for more information about the curriculum and program plan.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

Each UW-Madison Online student is assigned an academic and career (AC) advisor (<https://oss.wisc.edu/about-us/>).

##### Contact Information

Office of Online Student Success  
 oss@advising.wisc.edu  
 Ingraham Hall  
 155 Observatory Dr., Madison, WI 53706

#### CAREERS

Completion of the BLS+MASS complements many career paths. Coursework designed around a liberal arts education provides students with critical thinking, qualitative and quantitative analysis, and communication skills needed in all industries. A focused study of social sciences helps graduates understand how:

- The social world can be understood and explored in a structured and guided way.
- The tools used in the study of the social world can help identify issues that need attention and problems that could be solved.

Active engagement in the career development process is a vital component of a student's personal growth in college and future success as a lifelong learner, professional, and global citizen. AC advisors help prepare students for life post-graduation through individual and group advising.

## PEOPLE

### PEOPLE

#### BLS+MASS PROGRAM COMMITTEE

Derek Bean, Faculty Associate (Statistics)  
 Nina Valeo Cooke, Director of Curricular & Student Services (Gender & Women's Studies)  
 Greg Downey, Professor of Journalism and of Information Studies, Associate Dean for the Social Sciences Founding Chair  
 Amy Gangl, Director of Undergraduate Studies, Instructor (Political Science)  
 Melanie Jones, Undergraduate Program Coordinator (Psychology)  
 Rick Keyser, Senior Lecturer (Legal Studies)

Lyn Macgregor, Academic Advisor & Curriculum Planner (Sociology)  
 Sara McKinnon, Associate Professor (Communication Arts)  
 James Messina, Associate Professor (Philosophy)  
 Kris Olds, Professor (Geography)  
 Greg Pac, Senior Lecturer (Economics)  
 Rajiv Rao, Associate Professor (Language Sciences)  
 Hernando Rojas, Professor (School of Journalism and Mass Communication)  
 Dorothea Salo, Distinguished Faculty Associate (The Information School)  
 Rebecca Shields, Instructional Administrator (Language Sciences)  
 Michelle Szabo, Academic Department Manager (Geoscience)  
 Benedek Valko, Professor (Mathematics)  
 David Zimmerman, Professor (English)

#### EX OFFICIO

Kimbrin Cornelius, Assistant Dean for Teaching & Learning Administration and Interim L&S OUD Coordinator  
 Elaine M. Klein, Associate Dean (Academic Planning)  
 Christopher Lee, Assistant Dean and Director, Academic Deans Services  
 Shirin Malekpour, Associate Dean (Teaching & Learning Administration)

## BIOCHEMISTRY, BA (L&S)

Biochemistry is a very broad science that studies the molecules and chemistry of life. Biochemistry focuses on the structure, properties, and interactions of molecules such as proteins, nucleic acids, sugars and lipids. Biochemistry's aim is to understand how these molecules participate in the processes that support the various functions of the living cell. These studies are therefore essential for understanding disease and finding cures, for improving agriculture and the production of food and biofuels, and to produce innovation in biotechnology.

Whereas other biological science majors may focus on cellular, organismal, or population-level biology, biochemistry focuses on processes that occur at the molecular to cellular levels. Therefore, this major has a greater focus on basic and quantitative sciences, such as math and, particularly, on chemistry.

Biochemistry graduates go on to a variety of careers in science and science-related fields. The major is designed to fit the needs of the student who wishes to achieve bachelor's-level training as well as those planning to pursue graduate or professional study. The degree serves as an excellent background for medical school or veterinary school admission, as well as for graduate study in biochemistry or other allied fields (biology, bacteriology, genetics, molecular biology, or oncology).

## HOW TO GET IN

### HOW TO GET IN

Students may declare the major via an appointment with the undergraduate advisor at any time.

The Biochemistry major is offered through either CALS or the College of Letters & Science (L&S). Students interested in the differences or transferring between CALS and L&S should meet with the advisor to discuss this in more detail.

Students who attend Student Orientation, Advising, and Registration (SOAR) with the College of Agricultural and Life Sciences (CALS) have

the option to declare biochemistry at SOAR. Students may otherwise declare after they have begun their undergraduate studies.

Students who intend to major in Biochemistry may not combine this major ("double major") with the Molecular and Cell Biology major.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

- |                 |  |
|-----------------|--|
| <b>Language</b> | <ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul> |
|-----------------|--|

- |                   |  |
|-------------------|--|
| <b>LS Breadth</b> | <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include 6 credits of literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul> |
|-------------------|--|

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced work	Complete at least 60 credits at the intermediate or advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	<ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2,000 in all coursework at UW–Madison</li> <li>• 2,000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR MATHEMATICS

#### Mathematics Requirements

Code	Title	Credits
Complete one of the following options:		
MATH 221 & MATH 222	Calculus and Analytic Geometry 1 and Calculus and Analytic Geometry 2	9
MATH 171 & MATH 217 & MATH 222	Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II and Calculus and Analytic Geometry 2	14

#### CHEMISTRY

##### General Chemistry

Code	Title	Credits
Complete one sequence:		
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	9
CHEM 109	Advanced General Chemistry	5
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II (satisfies both general and analytical chemistry requirements)	10

**Organic Chemistry**

Code	Title	Credits
Complete All:		
CHEM 343	Organic Chemistry I	3
CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry II	3

**Analytical Chemistry**

Code	Title	Credits
Complete one:		
CHEM 327	Fundamentals of Analytical Science	4
CHEM 329	Fundamentals of Analytical Science	4
CHEM 116	Chemical Principles II (satisfies both general and analytical chemistry requirements)	5

**Physical Chemistry**

Code	Title	Credits
Complete one:		
CHEM 665	Biophysical Chemistry (Recommended)	3
CHEM 561 & CHEM 563	Physical Chemistry and Physical Chemistry Laboratory I	4

**BIOLOGY**

Students must complete either Option A (introductory + upper-level biology), or Option B (biocore), for 16 total credits of biological science coursework.

**Option A (Introductory and Upper-Level Biology)****Option A Introductory Biology**

Code	Title	Credits
Complete one of the following introductory biology options:		
BIOLOGY/BOTANY/ ZOOLOGY 151 & BIOLOGY/ BOTANY/ ZOOLOGY 152	Introductory Biology and Introductory Biology (recommended)	10
BIOLOGY/ ZOOLOGY 101 & BIOLOGY/ ZOOLOGY 102 & BOTANY/ BIOLOGY 130	Animal Biology and Animal Biology Laboratory and General Botany	10

**And Option A Upper-Level Biology**

At least 6 credits of upper-level biological science coursework are required (to achieve 16 total credits—more than 6 credits may be required if introductory biology totals less than 10 credits due to transfer credits). Select from the course list below. To see courses offered in specific upcoming semesters, please see the biochemistry website ([https://biochem.wisc.edu/undergraduate\\_program/advanced-biology-courses-undergraduate-program/](https://biochem.wisc.edu/undergraduate_program/advanced-biology-courses-undergraduate-program/)).

**Important:** A course may not double count in both the "upper-level biology" and the "biochemistry" requirements for the major. Biochemistry courses on this list can count only for

"upper-level biology" if they are above-and-beyond what is needed to fulfill the "biochemistry" portion of the major. For example, if students have taken BIOCHEM 501 (<http://guide.wisc.edu/search/?P=BIOCHEM%20501>), they will need one advanced biochemistry elective to fulfill the biochemistry requirement, and then any additional biochemistry courses taken can count for upper-level biology.

### Option B (Biocore)

Biocore is an honors-level, integrated sequence of lecture and lab courses that covers introductory and intermediate biology topics. Students must apply and be accepted to the program to take BIOCORE classes.

Code	Title	Credits
Complete these lecture courses:		
BIOCORE 381	Evolution, Ecology, and Genetics	3
BIOCORE 383	Cellular Biology	3
BIOCORE 485	Principles of Physiology	3
BIOCORE 587	Biological Interactions	3
Complete two of these lab classes:		
BIOCORE 382	Evolution, Ecology, and Genetics Laboratory	4
BIOCORE 384	Cellular Biology Laboratory	

BIOCORE 486 Principles of Physiology Laboratory

**Total Credits** 16**PHYSICS (CALCULUS-BASED)****Physics Requirements**

Code	Title	Credits
------	-------	---------

Complete one of the following options:<sup>1</sup>

PHYSICS 207 & PHYSICS 208	General Physics and General Physics (recommended)	10
PHYSICS 201 & PHYSICS 202	General Physics and General Physics	10

**BIOCHEMISTRY**

One set of introductory coursework and the capstone course are required, for a total of three BIOCHEM courses.

**Introductory Courses**

Code	Title	Credits
------	-------	---------

**Select one of the following options:**

BIOCHEM 507 & BIOCHEM 508	General Biochemistry I and General Biochemistry II (recommended)	6-7
------------------------------	--	-----

**OR**

BIOCHEM 501	Introduction to Biochemistry	3
-------------	------------------------------	---

And one of the following advanced biochemistry electives:

BIOCHEM/ NUTR SCI 510	Nutritional Biochemistry and Metabolism	
BIOCHEM/ NUTR SCI 560	Principles of Human Disease and Biotechnology	
BIOCHEM 570	Computational Modeling of Biological Systems	
BIOCHEM/ M M & I 575	Biology of Viruses	
BIOCHEM 601	Protein and Enzyme Structure and Function	
BIOCHEM/B M I/ BMOLCHEM/ MATH 609	Mathematical Methods for Systems Biology	
BIOCHEM/ GENETICS/ MICROBIO 612	Prokaryotic Molecular Biology	
BIOCHEM/ GENETICS/ MD GENET 620	Eukaryotic Molecular Biology	
BIOCHEM/ BOTANY 621	Plant Biochemistry	
BIOCHEM 625	Mechanisms of Action of Vitamins and Minerals	
BIOCHEM/ NUTR SCI 645	Molecular Control of Metabolism and Metabolic Disease	

**Capstone**

Code	Title	Credits
------	-------	---------

BIOCHEM 551	Biochemical Methods	4
-------------	---------------------	---

**Total Credits** 4**RESIDENCE AND QUALITY OF WORK**

- 2.000 GPA in all BIOCHEM and major courses
- 2.000 GPA on at least 15 upper-level major credits in Residence.<sup>2</sup>
- 15 credits in BIOCHEM, taken on campus

<sup>1</sup> Students should consult with their advisor to discuss options if they have credit for PHYSICS 103 (<http://guide.wisc.edu/search/?P=PHYSICS%20103>) and PHYSICS 104 (<http://guide.wisc.edu/search/?P=PHYSICS%20104>).

<sup>2</sup> Major courses numbered 300-699 are considered Upper-Level in the major for purposes of this requirement.

**HONORS IN THE MAJOR**

Students may declare Honors in the Biochemistry Major in consultation with their Biochemistry undergraduate advisor. To be admitted to Honors in the Major in Biochemistry, students must have declared a major in Biochemistry and have a 3.300 overall university GPA.

**HONORS IN THE MAJOR IN BIOCHEMISTRY: REQUIREMENTS**

To earn honors in the major in biochemistry, students must satisfy the requirements for the major (above) as well as the following requirements. All courses used for honors in the major requirements must receive "B" or better grades to fulfill requirements.

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all BIOCHEM courses, and all courses accepted in the major
- Complete BIOCHEM 507 and BIOCHEM 508 for Honors
- Complete a two-semester Senior Honors Thesis for 6 credits total
- Complete at least 14 credits of any combination of the following coursework:
  - Honors courses that would fulfill the Biology or Biochemistry requirements in the major (see above)
  - Statistics coursework (does not need to be taken for honors): STAT 301, STAT 371, or STAT/B M I 541
  - Biochemistry elective coursework beyond the major requirements (does not need to be taken for honors): NUTR SCI/BIOCHEM 510, BIOCHEM/NUTR SCI 560, BIOCHEM 570 M M & I/BIOCHEM 575, BIOCHEM 601, MATH/B M I/BIOCHEM/BMOLCHEM 609, MICROBIO/BIOCHEM/GENETICS 612, MD GENET/BIOCHEM/GENETICS 620, BOTANY/BIOCHEM 621, BIOCHEM 625, BIOCHEM/NUTR SCI 645
  - Honors coursework in MATH, CHEM, or PHYSICS, from the list below:

**Math**

Code	Title	Credits
MATH 341	Linear Algebra	3
MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	5
MATH 376	Topics in Multi-Variable Calculus and Differential Equations	5

MATH 521	Analysis I	3
MATH 522	Analysis II	3
MATH 541	Modern Algebra	3
MATH 542	Modern Algebra	3

## Chemistry

Code	Title	Credits
CHEM 109	Advanced General Chemistry	5
CHEM 115	Chemical Principles I	5
CHEM 116	Chemical Principles II	5
CHEM 343	Organic Chemistry I	3
CHEM 345	Organic Chemistry II	3
CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 329	Fundamentals of Analytical Science	4
CHEM 547	Advanced Organic Chemistry	3
CHEM 561	Physical Chemistry	3
CHEM 565	Biophysical Chemistry	4
CHEM 563	Physical Chemistry Laboratory I	1
CHEM 562	Physical Chemistry	3
CHEM 564	Physical Chemistry Laboratory II	1

## Physics

Code	Title	Credits
PHYSICS 201	General Physics	5
PHYSICS 202	General Physics	5
PHYSICS 207	General Physics	5
PHYSICS 208	General Physics	5
PHYSICS 241	Introduction to Modern Physics	3
PHYSICS 247	A Modern Introduction to Physics	5
PHYSICS 248	A Modern Introduction to Physics	5
PHYSICS 249	A Modern Introduction to Physics	4

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Identify the fundamental biochemical principles that underlie all biological processes.
2. Communicate biochemical knowledge in both written reports and oral presentations to scientists and non-scientists.
3. Evaluate how biochemistry relates to other scientific disciplines and to contemporary issues in our society.
4. Demonstrate professional and ethical responsibility in scientific research.
5. Design and conduct quantitative experiments and/or interpret data to address a scientific question.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

### SAMPLE BIOCHEMISTRY FOUR-YEAR PLAN

#### Freshman

Fall	Credits Spring	Credits
CHEM 103 or 109	4-5 CHEM 104 (if needed)	5
MATH 221	5 MATH 222	4
Communications Part A	3 Literature Breadth	3
BIOCHEM 100 <sup>1</sup>	1 Social Science Breadth	3
	<b>13</b>	<b>15</b>

#### Sophomore

Fall	Credits Spring	Credits
ZOOLOGY/BIOLOGY/BOTANY 151 <sup>2</sup>	5 ZOOLOGY/BIOLOGY/BOTANY 152	5
CHEM 343	3 CHEM 344	2
Literature Breadth	3 CHEM 345	3
Social Science Breadth	3 Ethnic Studies	3
INTER-LS 210	1 Social Science Breadth	3
	<b>15</b>	<b>16</b>

#### Junior

Fall	Credits Spring	Credits
BIOCHEM 507	3 BIOCHEM 508	3-4
PHYSICS 207 or 201	5 PHYSICS 208 or 202	5
Humanities Breadth	3 CHEM 327	4
Electives	4 Electives	4
	<b>15</b>	<b>16</b>

**Senior**

Fall	Credits Spring	Credits
CHEM 665 or BIOCHEM 551	3-4 BIOCHEM 551 or CHEM 665	3-4
Upper-Level Biology for major	3 Upper-Level Biology for major	3
Social Science Breadth	3 Humanities Breadth	3
Electives	2 Electives	2
BIOCHEM 691 or 681 (if needed) <sup>3</sup>	3 BIOCHEM 692 or 682 (if needed)	3
	<b>15</b>	<b>15</b>

**Total Credits 120**

- <sup>1</sup> First-year students interested in exploring the major can enroll in BIOCHEM 100.
- <sup>2</sup> Students may wish to consider pursuing the Biology Core Curriculum (Biocore) Honors certificate. For more details about how BIOCORE coursework can help them meet requirements for this major, see the Requirements page (<https://guide.wisc.edu/undergraduate/letters-science/college-wide/biochemistry-bs/#requirementstext>). Students should consult with their advisor to identify the biological science sequence that best suits their academic and personal goals.
- <sup>3</sup> Senior Thesis, Directed Study, or work experience in laboratory are recommended, but are not required for the major. However, a Senior Honors Thesis is required to earn Honors in the Major.

**ADVISING AND CAREERS****ADVISING AND CAREERS****HOW TO SEEK ADVISING**

- To schedule an appointment with the advisor, use Starfish (<https://advising.wisc.edu/facstaff/starfish/starfish-student-resources/>).
- Send an email with brief questions to [biochemmicrobio-advisor@wisc.edu](mailto:biochemmicrobio-advisor@wisc.edu).
- Drop-in advising hours for quick (10–15 minute) questions, on a first-come, first-serve basis, are posted on the Biochemistry / Microbiology Undergraduate Advising Hub website (<https://biochemmicrobio.wisc.edu/>) each semester.

**CAREER EXAMPLES**

- Take your skills to a rewarding career in product development, quality control, hospitals, biotechnology, university labs, pharmaceuticals, forensics, and more. Possibilities at top organizations and leading companies include positions such as protein purification scientist, lab manager, medical scribe, clinical research coordinator, and food safety and quality chemist.
- Pursue a professional degree in medical, dental, or veterinary school, using your background in biochemistry to aid your admission and success.
- Build on your research experience and continue graduate studies in biochemistry or a related field to shape a career in academia as a professor or in industry.
- Use your science background to inform patent law, science policy and ethics, sales and marketing for science and technology companies, scientific article publishing, and related fields.

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

**PEOPLE****PEOPLE PROFESSORS**

Amasino, Rick  
 Attie, Alan  
 Bednarek, Sebastian  
 Butcher, Sam  
 Chaudhari, Snehal  
 Fox, Brian (Chair)

Biochemistry & Microbiology Undergraduate Advising Hub (<https://biochemmicrobio.wisc.edu/advising/>)

For more information, see the Department of Biochemistry directory (<https://bact.wisc.edu/people.php>).

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE

The following opportunities can help students connect with other students interested in biochemistry, build relationships with faculty and staff, and contribute to out-of-classroom learning:

- The American Society for Biochemistry and Molecular Biology (ASBMB) UW–Madison Student Chapter (<https://win.wisc.edu/organization/ASBMB/>) is a student organization for students interested in biochemistry. ASBMB provides information about careers and job opportunities, how to get involved in research, and volunteer and outreach opportunities.
- Several biochemistry faculty members offer experiential study abroad programs, where students can immerse themselves in research or global health field experiences. Students can review the Biochemistry Major Advising Page (<https://studyabroad.wisc.edu/academics/major-advising-pages-maps/biochemistry/>) on the International Academic Programs website for information on these and other programs, as well as requirements that can typically be fulfilled abroad and things to consider when fitting study abroad into an academic plan.
- Students are encouraged to get involved in research, whether in the biochemistry department or through other life science or chemistry-related departments. Research can be performed for either course credit or pay, depending on the opportunity. The Biochemistry website ([https://biochem.wisc.edu/undergraduate\\_program/research-opportunities-undergraduate-program/](https://biochem.wisc.edu/undergraduate_program/research-opportunities-undergraduate-program/)) and the advisors can provide more information on finding research opportunities. Summer funding awards for research are available through the department.

## BIOCHEMISTRY, BS (L&S)

Biochemistry is a very broad science that studies the molecules and chemistry of life. Biochemistry focuses on the structure, properties, and

interactions of molecules such as proteins, nucleic acids, sugars and lipids. Biochemistry's aim is to understand how these molecules participate in the processes that support the various functions of the living cell. These studies are therefore essential for understanding disease and finding cures, for improving agriculture and the production of food and biofuels, and to produce innovation in biotechnology.

Whereas other biological science majors may focus on cellular, organismal, or population-level biology, biochemistry focuses on processes that occur at the molecular to cellular levels. Therefore, this major has a greater focus on basic and quantitative sciences, such as math and, particularly, on chemistry.

Biochemistry graduates go on to a variety of careers in science and science-related fields. The major is designed to fit the needs of the student who wishes to achieve bachelor's-level training as well as those planning to pursue graduate or professional study. The degree serves as an excellent background for medical school or veterinary school admission, as well as for graduate study in biochemistry or other allied fields (biology, bacteriology, genetics, molecular biology, or oncology).

## HOW TO GET IN

### HOW TO GET IN

Students may declare the major via an appointment with the undergraduate advisor at any time.

The Biochemistry major is offered through either CALS or the College of Letters & Science (L&S). Students interested in the differences or transferring between CALS and L&S should meet with the advisor to discuss this in more detail.

Students who attend Student Orientation, Advising, and Registration (SOAR) with the College of Agricultural and Life Sciences (CALS) have the option to declare biochemistry at SOAR. Students may otherwise declare after they have begun their undergraduate studies.

Students who intend to major in Biochemistry may not combine this major ("double major") with the Molecular and Cell Biology major.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- General Education
- Breadth—Humanities/Literature/Arts: 6 credits
  - Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
  - Breadth—Social Studies: 3 credits
  - Communication Part A Part B \*
  - Ethnic Studies \*
  - Quantitative Reasoning Part A Part B \*

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW-Madison
- 2.000 in Intermediate/Advanced level coursework at UW-Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR MATHEMATICS

### Mathematics Requirements

Code	Title	Credits
Complete one of the following options:		
MATH 221 & MATH 222	Calculus and Analytic Geometry 1 and Calculus and Analytic Geometry 2	9
MATH 171 & MATH 217 & MATH 222	Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II and Calculus and Analytic Geometry 2	14

## CHEMISTRY

### General Chemistry

Code	Title	Credits
Complete one sequence:		
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	9
CHEM 109	Advanced General Chemistry	5
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II (satisfies both general and analytical chemistry requirements)	10

### Organic Chemistry

Code	Title	Credits
Complete All:		
CHEM 343	Organic Chemistry I	3
CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry II	3

### Analytical Chemistry

Code	Title	Credits
Complete one:		
CHEM 327	Fundamentals of Analytical Science	4
CHEM 329	Fundamentals of Analytical Science	4
CHEM 116	Chemical Principles II (satisfies both general and analytical chemistry requirements)	5

### Physical Chemistry

Code	Title	Credits
Complete one:		
CHEM 665	Biophysical Chemistry (Recommended)	3

CHEM 561 Physical Chemistry 4  
& CHEM 563 and Physical Chemistry Laboratory I

## BIOLOGY

Students must complete either Option A (introductory + upper-level biology), or Option B (biocore), for 16 total credits of biological science coursework.

### Option A (Introductory and Upper-Level Biology)

#### Option A Introductory Biology

Code	Title	Credits
Complete one of the following introductory biology options:		
BIOLOGY/BOTANY/ ZOOLOGY 151 & BIOLOGY/ BOTANY/ ZOOLOGY 152	Introductory Biology and Introductory Biology (recommended)	10
BIOLOGY/ ZOOLOGY 101 & BIOLOGY/ ZOOLOGY 102 & BOTANY/ BIOLOGY 130	Animal Biology and Animal Biology Laboratory and General Botany	10

#### And Option A Upper-Level Biology

At least 6 credits of upper-level biological science coursework are required (to achieve 16 total credits—more than 6 credits may be required if introductory biology totals less than 10 credits due to transfer credits). Select from the course list below. To see courses offered in specific upcoming semesters, please see the biochemistry website ([https://biochem.wisc.edu/undergraduate\\_program/advanced-biology-courses-undergraduate-program/](https://biochem.wisc.edu/undergraduate_program/advanced-biology-courses-undergraduate-program/)).

**Important:** A course may not double count in both the "upper-level biology" and the "biochemistry" requirements for the major. Biochemistry courses on this list can count only for "upper-level biology" if they are above-and-beyond what is needed to fulfill the "biochemistry" portion of the major. For example, if students have taken BIOCHEM 501 (<http://guide.wisc.edu/search/?P=BIOCHEM%20501>), they will need one advanced biochemistry elective to fulfill the biochemistry requirement, and then any additional biochemistry courses taken can count for upper-level biology.

Code	Title	Credits

### Option B (Biocore)

Biocore is an honors-level, integrated sequence of lecture and lab courses that covers introductory and intermediate biology topics. Students must apply and be accepted to the program to take BIOCORE classes.

Code	Title	Credits
Complete these lecture courses:		
BIOCORE 381	Evolution, Ecology, and Genetics	3
BIOCORE 383	Cellular Biology	3
BIOCORE 485	Principles of Physiology	3
BIOCORE 587	Biological Interactions	3
Complete two of these lab classes:		
BIOCORE 382	Evolution, Ecology, and Genetics Laboratory	4
BIOCORE 384	Cellular Biology Laboratory	
BIOCORE 486	Principles of Physiology Laboratory	
<b>Total Credits</b>		<b>16</b>

### PHYSICS (CALCULUS-BASED)

#### Physics Requirements

Code	Title	Credits
Complete one of the following options: <sup>1</sup>		
PHYSICS 207 & PHYSICS 208	General Physics and General Physics (recommended)	10
PHYSICS 201 & PHYSICS 202	General Physics and General Physics	10

### BIOCHEMISTRY

One set of introductory coursework and the capstone course are required, for a total of three BIOCHEM courses.

#### Introductory Courses

Code	Title	Credits
Select one of the following options:		
BIOCHEM 507 & BIOCHEM 508	General Biochemistry I and General Biochemistry II (recommended)	6-7

**OR**

BIOCHEM 501	Introduction to Biochemistry	3
-------------	------------------------------	---

And one of the following advanced biochemistry electives:

BIOCHEM/ NUTR SCI 510	Nutritional Biochemistry and Metabolism
BIOCHEM/ NUTR SCI 560	Principles of Human Disease and Biotechnology
BIOCHEM 570	Computational Modeling of Biological Systems
BIOCHEM/ M M & I 575	Biology of Viruses
BIOCHEM 601	Protein and Enzyme Structure and Function
BIOCHEM/B M I/ BMOLCHEM/ MATH 609	Mathematical Methods for Systems Biology
BIOCHEM/ GENETICS/ MICROBIO 612	Prokaryotic Molecular Biology
BIOCHEM/ GENETICS/ MD GENET 620	Eukaryotic Molecular Biology
BIOCHEM/ BOTANY 621	Plant Biochemistry
BIOCHEM 625	Mechanisms of Action of Vitamins and Minerals
BIOCHEM/ NUTR SCI 645	Molecular Control of Metabolism and Metabolic Disease

### Capstone

Code	Title	Credits
BIOCHEM 551	Biochemical Methods	4
<b>Total Credits</b>		<b>4</b>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all BIOCHEM and major courses
- 2.000 GPA on at least 15 upper-level major credits in Residence.<sup>2</sup>
- 15 credits in BIOCHEM, taken on campus

<sup>1</sup> Students should consult with their advisor to discuss options if they have credit for PHYSICS 103 (<http://guide.wisc.edu/search/?P=PHYSICS%20103>) and PHYSICS 104 (<http://guide.wisc.edu/search/?P=PHYSICS%20104>).

<sup>2</sup> Major courses numbered 300–699 are considered Upper-Level in the major for purposes of this requirement.

## HONORS IN THE MAJOR

Students may declare Honors in the Biochemistry Major in consultation with their Biochemistry undergraduate advisor. To be admitted to Honors in the Major in Biochemistry, students must have declared a major in Biochemistry and have a 3.300 overall university GPA.

## HONORS IN THE MAJOR IN BIOCHEMISTRY: REQUIREMENTS

To earn honors in the major in biochemistry, students must satisfy the requirements for the major (above) as well as the following requirements. All courses used for honors in the major requirements must receive "B" or better grades to fulfill requirements.

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all BIOCHEM courses, and all courses accepted in the major
- Complete BIOCHEM 507 and BIOCHEM 508 for Honors
- Complete a two-semester Senior Honors Thesis for 6 credits total
- Complete at least 14 credits of any combination of the following coursework:
  - Honors courses that would fulfill the Biology or Biochemistry requirements in the major (see above)
  - Statistics coursework (does not need to be taken for honors): STAT 301, STAT 371, or STAT/B M I 541
  - Biochemistry elective coursework beyond the major requirements (does not need to be taken for honors): NUTR SCI/BIOCHEM 510, BIOCHEM/NUTR SCI 560, BIOCHEM 570 M M & I/BIOCHEM 575, BIOCHEM 601, MATH/B M I/BIOCHEM/BMOLCHEM 609, MICROBIO/BIOCHEM/GENETICS 612, MD GENET/BIOCHEM/GENETICS 620, BOTANY/BIOCHEM 621, BIOCHEM 625, BIOCHEM/NUTR SCI 645
  - Honors coursework in MATH, CHEM, or PHYSICS, from the list below:

### Math

Code	Title	Credits
MATH 341	Linear Algebra	3
MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	5
MATH 376	Topics in Multi-Variable Calculus and Differential Equations	5
MATH 521	Analysis I	3
MATH 522	Analysis II	3
MATH 541	Modern Algebra	3
MATH 542	Modern Algebra	3

### Chemistry

Code	Title	Credits
CHEM 109	Advanced General Chemistry	5
CHEM 115	Chemical Principles I	5
CHEM 116	Chemical Principles II	5
CHEM 343	Organic Chemistry I	3
CHEM 345	Organic Chemistry II	3
CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 329	Fundamentals of Analytical Science	4
CHEM 547	Advanced Organic Chemistry	3
CHEM 561	Physical Chemistry	3
CHEM 565	Biophysical Chemistry	4
CHEM 563	Physical Chemistry Laboratory I	1

CHEM 562	Physical Chemistry	3
CHEM 564	Physical Chemistry Laboratory II	1

## Physics

Code	Title	Credits
PHYSICS 201	General Physics	5
PHYSICS 202	General Physics	5
PHYSICS 207	General Physics	5
PHYSICS 208	General Physics	5
PHYSICS 241	Introduction to Modern Physics	3
PHYSICS 247	A Modern Introduction to Physics	5
PHYSICS 248	A Modern Introduction to Physics	5
PHYSICS 249	A Modern Introduction to Physics	4

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Identify the fundamental biochemical principles that underlie all biological processes.
2. Communicate biochemical knowledge in both written reports and oral presentations to scientists and non-scientists.
3. Evaluate how biochemistry relates to other scientific disciplines and to contemporary issues in our society.
4. Demonstrate professional and ethical responsibility in scientific research.
5. Design and conduct quantitative experiments and/or interpret data to address a scientific question.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned

by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

## SAMPLE BIOCHEMISTRY FOUR-YEAR PLAN

### Freshman

Fall	Credits Spring	Credits
CHEM 103 or 109	4-5 CHEM 104 (if needed)	5
MATH 221	5 MATH 222	4
Communications Part A	3 Literature Breadth	3
BIOCHEM 100 <sup>1</sup>	1 Social Science Breadth	3
	<b>13</b>	<b>15</b>

### Sophomore

Fall	Credits Spring	Credits
ZOOLOGY/BIOLOGY/ BOTANY 151 <sup>2</sup>	5 ZOOLOGY/BIOLOGY/ BOTANY 152	5
CHEM 343	3 CHEM 344	2
Literature Breadth	3 CHEM 345	3
Social Science Breadth	3 Ethnic Studies	3
INTER-LS 210	1 Social Science Breadth	3
	<b>15</b>	<b>16</b>

### Junior

Fall	Credits Spring	Credits
BIOCHEM 507	3 BIOCHEM 508	3-4
PHYSICS 207 or 201	5 PHYSICS 208 or 202	5
Humanities Breadth	3 CHEM 327	4
Electives	4 Electives	4
	<b>15</b>	<b>16</b>

### Senior

Fall	Credits Spring	Credits
CHEM 665 or BIOCHEM 551	3-4 BIOCHEM 551 or CHEM 665	3-4
Upper-Level Biology for major	3 Upper-Level Biology for major	3
Social Science Breadth	3 Humanities Breadth	3
Electives	2 Electives	2
BIOCHEM 691 or 681 (if needed) <sup>3</sup>	3 BIOCHEM 692 or 682 (if needed)	3
	<b>15</b>	<b>15</b>

### Total Credits 120

<sup>1</sup> First-year students interested in exploring the major can enroll in BIOCHEM 100.

<sup>2</sup> Students may wish to consider pursuing the Biology Core Curriculum (Biocore) Honors certificate. For more details about how BIOCORE coursework can help them meet requirements for this major, see the Requirements page (<https://guide.wisc.edu/undergraduate/letters-science/college-wide/biochemistry-bs/#requirementstext>). Students should consult with their advisor to identify the biological science sequence that best suits their academic and personal goals.

<sup>3</sup> Senior Thesis, Directed Study, or work experience in laboratory are recommended, but are not required for the major. However, a Senior Honors Thesis is required to earn Honors in the Major.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### HOW TO SEEK ADVISING

- To schedule an appointment with the advisor, use Starfish (<https://advising.wisc.edu/facstaff/starfish/starfish-student-resources/>).
- Send an email with brief questions to [biochemmicrobio-advisor@wisc.edu](mailto:biochemmicrobio-advisor@wisc.edu).
- Drop-in advising hours for quick (10–15 minute) questions, on a first-come, first-serve basis, are posted on the Biochemistry / Microbiology Undergraduate Advising Hub website (<https://biochemmicrobio.wisc.edu/>) each semester.

#### CAREER EXAMPLES

- Take your skills to a rewarding career in product development, quality control, hospitals, biotechnology, university labs, pharmaceuticals, forensics, and more. Possibilities at top organizations and leading companies include positions such as protein purification scientist, lab manager, medical scribe, clinical research coordinator, and food safety and quality chemist.
- Pursue a professional degree in medical, dental, or veterinary school, using your background in biochemistry to aid your admission and success.
- Build on your research experience and continue graduate studies in biochemistry or a related field to shape a career in academia as a professor or in industry.
- Use your science background to inform patent law, science policy and ethics, sales and marketing for science and technology companies, scientific article publishing, and related fields.

#### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:

- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

For more information, see the Department of Biochemistry directory (<https://bact.wisc.edu/people.php>).

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE

The following opportunities can help students connect with other students interested in biochemistry, build relationships with faculty and staff, and contribute to out-of-classroom learning:

- The American Society for Biochemistry and Molecular Biology (ASBMB) UW–Madison Student Chapter (<https://win.wisc.edu/organization/ASBMB/>) is a student organization for students interested in biochemistry. ASBMB provides information about careers and job opportunities, how to get involved in research, and volunteer and outreach opportunities.
- Several biochemistry faculty members offer experiential study abroad programs, where students can immerse themselves in research or global health field experiences. Students can review the Biochemistry Major Advising Page (<https://studyabroad.wisc.edu/academics/major-advising-pages-maps/biochemistry/>) on the International Academic Programs website for information on these and other programs, as well as requirements that can typically be fulfilled abroad and things to consider when fitting study abroad into an academic plan.
- Students are encouraged to get involved in research, whether in the biochemistry department or through other life science or chemistry-related departments. Research can be performed for either course credit or pay, depending on the opportunity. The Biochemistry website ([https://biochem.wisc.edu/undergraduate\\_program/research-opportunities-undergraduate-program/](https://biochem.wisc.edu/undergraduate_program/research-opportunities-undergraduate-program/)) and the advisors can provide more information on finding research opportunities. Summer funding awards for research are available through the department.

## COLLEGE OF LETTERS & SCIENCE HONORS IN THE LIBERAL ARTS

The College of Letters & Science Honors Program provides a community for many of the university's most talented and engaged undergraduates. Students of all backgrounds and academic interests challenge and learn from each other while working closely with faculty members and completing Honors coursework. The Honors Program is home to around 1,500 motivated, curious students, all pursuing one of three degree tracks: Honors in the Liberal Arts, Honors in the Major, or Comprehensive Honors – the highest undergraduate degree awarded by the college. In addition to an enhanced curriculum that offers small, faculty-led courses, the program also offers academic advising services; grants, scholarships, and awards; and many professional development and co-curricular opportunities. Events, term-specific deadlines, course descriptions for the upcoming semester, and much more can be found on the L&S Honors Program website (<http://honors.ls.wisc.edu/>). We welcome inquiries via email at [honors@honors.ls.wisc.edu](mailto:honors@honors.ls.wisc.edu). The L&S Honors Program is located in the historic Washburn Observatory at 1401 Observatory Drive.

## HOW TO GET IN

### HOW TO GET IN

To become a candidate for the Honors in the Liberal Arts degree, a student must apply directly to the L&S Honors Program. Students follow different application procedures based on whether they are an incoming (non-transfer) student newly admitted to the College of Letters and Science, a transfer student, or a continuing L&S student.

All students admitted to the university and to the College of Letters & Science are invited to apply to be considered for admission to the Honors Program to pursue the Honors in the Liberal Arts degree. Interested incoming students can apply via an online application. L&S admitted students receive an invitation message by email that contains application instructions, and instructions are also on the Honors Program website. Admission to the program is competitive, and space is limited.

Continuing L&S undergraduates and transfer students with a cumulative grade point average of 3.300 or above who are currently enrolled at UW–Madison or who are transferring to UW–Madison from another college or university may apply. Application instructions and decision timelines are available on the Honors Program website (<http://honors.ls.wisc.edu/>). While continuing or transfer students having 60 or more credits at the time of application to the Honors Program are eligible to pursue the Honors in the Liberal Arts (HLA) degree track, they are encouraged to consider Honors in the Major (HM) as an option (see below), since they may find it difficult to prioritize and complete the HLA degree requirements. Meeting with an Honors advisor can help interested students understand Honors requirements and possible paths forward.

## REQUIREMENTS

### REQUIREMENTS

Honors in the Liberal Arts requires students earn Honors credits in a breadth of disciplines and is meant to enrich and enhance a student's academic experience outside of the major. Coursework toward Honors in the Liberal Arts should be started as soon as possible and spread throughout a student's undergraduate degree. Students who complete this curriculum build connections with faculty and peers and develop strong skills in communication, critical thinking and complex problem solving, which will serve them well regardless of career path. The specific requirements for the HLA degree are:

- completion of the L&S general degree requirements
- a University GPA of 3.300 or higher at the time of graduation
- completion of at least 24 credits in Honors courses with the Liberal Arts & Science (LAS) designation and with grades of B or better, of which:
  - at least 15 credits must be in courses with the Honors Only or Accelerated Honors designation
    - 6 of the credits must be courses designated as Humanities (may include Literature designation)
    - 6 of the credits must be courses designated as Social Science
    - 6 of the credits must be courses designated as Biological, Physical, or Natural Science

Honors may be earned in any L&S undergraduate degree (Bachelor of Arts; Bachelor of Science; Bachelor of Science–Applied Mathematics, Engineering, and Physics; Bachelor of Arts–Journalism or Bachelor of Science–Journalism; Bachelor of Landscape Architecture; Bachelor of Music; and Bachelor of Social Work). For students who complete the requirements, Honors will appear on diplomas and transcripts (for example, BA with Honors in the Liberal Arts or BS with Honors in the Major).

## ADVISING AND CAREERS

### ADVISING AND CAREERS

The L&S Honors Program has a team of dedicated advisors who offer individualized support and guidance to Honors students through their graduation. Advisors help individual students as they navigate a large, complex university, explore diverse education and co-curricular experiences, and develop and pursue long term goals. Advising occurs through a variety of formats including small group workshops, individual appointments, drop-in hours and email. Additional information is available on the Honors Program website (<http://honors.ls.wisc.edu/>).

The L&S Honors Program encourages our students to begin working on their career exploration and preparation soon after arriving on campus. We partner with the L&S SuccessWorks office to help students leverage the academic skills learned in your major(s) and liberal arts degree, explore and try out different career paths, participate in internships, prepare for the job search and/or graduate school applications, and network with professionals in the field (alumni and employers).

## PEOPLE

### PEOPLE

Please visit the Honors Program website (<http://honors.ls.wisc.edu/>) to view Honors Team Members, including the Director, Associate Directors, Program Administrator, and Academic Advisors.

We welcome inquiries via email at [honors@honors.ls.wisc.edu](mailto:honors@honors.ls.wisc.edu). Current students can connect with Honors advising via Starfish or by emailing [advisor@honors.ls.wisc.edu](mailto:advisor@honors.ls.wisc.edu).

## INDIVIDUAL MAJOR, BA

The Individual Major (IM) within the College of Letters & Science is a method of fulfilling the depth requirement for students whose interests bridge existing departments and disciplines in ways not accommodated by an existing major or interdisciplinary program. The individual major must consist of a coherent pattern of courses in more than one department or recognized interdisciplinary program in the College of Letters & Science and must be approved by a faculty committee consisting of faculty from appropriate faculty from the College of Letters & Science.

### **Getting approval to pursue an individual major is never guaranteed.**

Thus, students should discuss alternative majors with their academic advisors and be willing to pursue them. Students interested in learning more about the individual major should contact L&S Undergraduate Academic Deans' Services at 608-262-0617 in 101 Ingraham Hall and set up an individual appointment with the coordinator for the individual major **prior** to starting this process.

## HOW TO GET IN

### HOW TO GET IN ELIGIBILITY

To declare an Individual Major, students must

- Be an L&S degree student
- Have a minimum University GPA of 2.000
- Receive committee approval (see below) by the first semester of the junior.
- A student may only earn one individual major.

### APPLYING FOR AN INDIVIDUAL MAJOR

Applications for the individual major are accepted up to Friday of the fourth week of classes in the fall and spring semesters only. Applications received after that deadline will be reviewed during the following term. Individual major applications are not reviewed during the summer.

The application **must** include:

1. A meeting with the academic dean coordinator for the L&S undergraduate individual major;
2. A cover letter from the student to the Faculty Committee on Individual Majors describing the area of interest, explaining why the academic goals of the individual major cannot be achieved through an existing major or combination of majors and certificates, and discussing the individual major's applicability to future goals and plans;
3. A list of courses that will be included in the major along with a narrative explaining how the courses included on the list apply to the proposed individual major program (**NOTE: students can use a maximum of two (2) courses completed prior to getting the Individual Major approved as part of their list of courses**);
4. A letter of recommendation and support for the proposal from the individual major advisor; and
5. The student's current student record (unofficial transcript).

Additional supporting materials may also be included. Students must submit the original completed application with all supporting documentation in an electronic format to the individual major coordinator by the deadline.

Each individual major application is reviewed by a committee of three faculty members from the College of Letters & Science, each representing a department related to the proposed major. The faculty committee evaluates the proposal for coherence, appropriate breadth and depth, and similarity to existing majors. The committee may approve the proposal as submitted, recommend modifications, reject the proposal altogether, or reject it with an invitation to revise and resubmit in a later semester. The committee's decision is final. Committee approval is necessary for the student to declare the individual major.

Students may propose to complete an Individual Major with Honors by appending an Honors in the Major proposal to the regular individual major proposal.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

- |                 |  |
|-----------------|--|
| <b>Language</b> | <ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul> |
|-----------------|--|

- |                   |  |
|-------------------|--|
| <b>LS Breadth</b> | <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include 6 credits of literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul> |
|-------------------|--|

<b>Liberal Arts and Science Coursework</b>	Complete at least 108 credits.
<b>Depth of Intermediate/Advanced work</b>	Complete at least 60 credits at the intermediate or advanced level.
<b>Major</b>	Declare and complete at least one major.
<b>Total Credits</b>	Complete at least 120 credits.
<b>UW-Madison Experience</b>	<ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
<b>Quality of Work</b>	<ul style="list-style-type: none"> <li>• 2,000 in all coursework at UW–Madison</li> <li>• 2,000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR DEVELOPING AN INDIVIDUAL MAJOR

Students are required to complete at least 30 credits after the term in which approval is given, and complete their approved individual major course plan (see below)

The student takes primary responsibility for developing an individual major proposal. A well-written proposal must meet the requirements and rigor for a major in the College of Letters & Science; therefore, a proposal must be more than a list of courses that are similar in content area or subject matter. The student proposing an individual major must also demonstrate that the proposed individual major is not currently available as an option in any of the L&S majors or certificate programs.

Students interested in the individual major should consult with the individual major coordinator as part of the process of defining the theme or topic for the individual major. The coordinator will provide information and feedback about the construction of the major and how it might relate to other majors in the college as well.

Once a theme or topic has been identified, the student must find a tenured faculty member in the College of Letters & Science who is willing to serve as the individual major adviser. This designated faculty advisor will:

- assist the student in constructing the individual major proposal by defining the relevant themes, learning objectives, and rationale for the major and by sharpening presentation of the student's individual major proposal;

- assist in the review and selection of courses for the major plan included in the proposal;
- advise the student in course selection after the proposal is approved and, in consultation with the individual major coordinator, track progress toward completion of the major.

As soon as the topic and the advisor (i.e., a tenured faculty member in an L&S academic department) are known, the student should meet with the individual major coordinator within L&S Academic Deans' Services by calling 608-262-0617 to set up a meeting. *The purpose of this meeting is to review the details of individual major requirements and to review procedures.*

## HONORS IN THE INDIVIDUAL MAJOR: REQUIREMENTS

To earn Honors in the Individual Major, students must:

- Complete 36 credits toward the individual major
- Complete 20 credits, taken for Honors, with individual grades of B or better, toward the individual major, to include a two-semester Senior Honors Thesis for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

Due to the nature of the Individual Major, the following four-year plan is meant solely as a guide. Once/if a student is approved to pursue an Individual Major, the student will develop and discuss their four-year plan with their advisor.

#### First Year

Fall	Credits Spring	Credits
Communication-A (complete during your first year)	3 Ethnic Studies (complete within your first 60 credits)	3

Quantitative Reasoning-A (complete during your first year)	3-4 Foreign Language (if needed)	4
Foreign Language (if required)	4 Elective	3
L&S Breadth	3 L&S Breadth	3
	I/A Comp Sci, Math, or Stats (if required for the BS degree)	4-5
<b>13</b>		<b>17</b>

#### Second Year

Fall	Credits Spring	Credits
Quantitative Reasoning-B	3 Communication-B	3
I/A Comp Sci, Math, or Stats (if required for the BS degree)	3-4 INTER-LS 215 (optional)	3
INTER-LS 210 (optional)	1 L&S Breadth	3
L&S Breadth	3 Elective	3
Elective	3 Elective	3
Elective	3	
<b>16</b>		<b>15</b>

#### Third Year

Fall	Credits Spring	Credits
L&S Breadth	3 Approved IM Major Course	3
Approved IM Major Course	3 Approved IM Major Course	3
Approved IM Major Course	3 L&S Breadth	3
Elective	3 Elective	3
Elective	3 Elective	3
<b>15</b>		<b>15</b>

#### Fourth Year

Fall	Credits Spring	Credits
Approved IM Major Course	3 Approved IM Major Course	3
Approved IM Major Course	3 Approved IM Major Course	3
Elective	3 Elective	3
Elective	3 Elective	3
Elective	3 Elective	2-3
<b>15</b>		<b>14</b>

**Total Credits 120**

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Students interested in learning more about the L&S Individual Major (IM) should contact L&S Undergraduate Academic Deans' Services at 608-262-0617 in 101 Ingraham Hall and set up an individual appointment with the coordinator for the Individual Major prior to starting this process.

***The purpose of this meeting is solely to review the details of individual major requirements, go over procedures, and determine***

**whether an individual major is a viable option based on the student's academic interest and the resources available within the College of Letters & Science.**

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## INDIVIDUAL MAJOR, BS

The Individual Major (IM) within the College of Letters & Science is a method of fulfilling the depth requirement for students whose interests bridge existing departments and disciplines in ways not accommodated by an existing major or interdisciplinary program. The individual major must consist of a coherent pattern of courses in more than one department or recognized interdisciplinary program in the College of Letters & Science and must be approved by a faculty committee consisting of faculty from appropriate faculty from the College of Letters & Science.

**Getting approval to pursue an individual major is never guaranteed.**

Thus, students should discuss alternative majors with their academic advisors and be willing to pursue them. Students interested in learning more about the individual major should contact L&S Undergraduate Academic Deans' Services at 608-262-0617 in 101 Ingraham Hall and set up an individual appointment with the coordinator for the individual major **prior** to starting this process.

## HOW TO GET IN

### HOW TO GET IN ELIGIBILITY

To declare an Individual Major, students must

- Be an L&S degree student
- Have a minimum University GPA of 2.000
- Receive committee approval (see below) by the first semester of the junior.
- A student may only earn one individual major.

### APPLYING FOR AN INDIVIDUAL MAJOR

Applications for the individual major are accepted up to Friday of the fourth week of classes in the fall and spring semesters only. Applications received after that deadline will be reviewed during the following term. Individual major applications are not reviewed during the summer.

The application **must** include:

1. A meeting with the academic dean coordinator for the L&S undergraduate individual major;
2. A cover letter from the student to the Faculty Committee on Individual Majors describing the area of interest, explaining why the academic goals of the individual major cannot be achieved through an existing major or combination of majors and certificates, and discussing the individual major's applicability to future goals and plans;
3. A list of courses that will be included in the major along with a narrative explaining how the courses included on the list apply to the proposed individual major program (**NOTE: students can use a maximum of two (2) courses completed prior to getting the Individual Major approved as part of their list of courses**);
4. A letter of recommendation and support for the proposal from the individual major advisor; and
5. The student's current student record (unofficial transcript).

Additional supporting materials may also be included. Students must submit the original completed application with all supporting documentation in an electronic format to the individual major coordinator by the deadline.

Each individual major application is reviewed by a committee of three faculty members from the College of Letters & Science, each representing a department related to the proposed major. The faculty committee evaluates the proposal for coherence, appropriate breadth and depth, and similarity to existing majors. The committee may approve the proposal as submitted, recommend modifications, reject the proposal altogether, or reject it with an invitation to revise and resubmit in a later semester. The committee's decision is final. Committee approval is necessary for the student to declare the individual major.

Students may propose to complete an Individual Major with Honors by appending an Honors in the Major proposal to the regular individual major proposal.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

Mathematics	Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.
Language	Complete the third unit of a language other than English.
LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.</li> </ul>

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Advanced Coursework	Complete at least 60 credits at the Intermediate or Intermediate/Advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW–Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR DEVELOPING AN INDIVIDUAL MAJOR

Students are required to complete at least 30 credits after the term in which approval is given, and complete their approved individual major course plan (see below)

The student takes primary responsibility for developing an individual major proposal. A well-written proposal must meet the requirements and rigor for a major in the College of Letters & Science; therefore, a proposal must be more than a list of courses that are similar in content area or subject matter. The student proposing an individual major must also demonstrate that the proposed individual major is not currently available as an option in any of the L&S majors or certificate programs.

Students interested in the individual major should consult with the individual major coordinator as part of the process of defining the theme or topic for the individual major. The coordinator will provide information and feedback about the construction of the major and how it might relate to other majors in the college as well.

Once a theme or topic has been identified, the student must find a tenured faculty member in the College of Letters & Science who is willing to serve as the individual major adviser. This designated faculty advisor will:

- assist the student in constructing the individual major proposal by defining the relevant themes, learning objectives, and rationale for the major and by sharpening presentation of the student's individual major proposal;
- assist in the review and selection of courses for the major plan included in the proposal;
- advise the student in course selection after the proposal is approved and, in consultation with the individual major coordinator, track progress toward completion of the major.

As soon as the topic and the advisor (i.e., a tenured faculty member in an L&S academic department) are known, the student should meet with

the individual major coordinator within L&S Academic Deans' Services by calling 608-262-0617 to set up a meeting. *The purpose of this meeting is to review the details of individual major requirements and to review procedures.*

## HONORS IN THE INDIVIDUAL MAJOR: REQUIREMENTS

To earn Honors in the Individual Major, students must:

- Complete 36 credits toward the individual major
- Complete 20 credits, taken for Honors, with individual grades of B or better, toward the individual major, to include a two-semester Senior Honors Thesis for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

Due to the nature of the Individual Major, the following four-year plan is meant solely as a guide. Once/if a student is approved to pursue an Individual Major, the student will develop and discuss their four-year plan with their advisor.

#### First Year

Fall	Credits Spring	Credits
Communication-A (complete during your first year)	3 Ethnic Studies (complete within your first 60 credits)	3
Quantitative Reasoning-A (complete during your first year)	3-4 Foreign Language (if needed)	4
Foreign Language (if required)	4 Elective	3
L&S Breadth	3 L&S Breadth	3

Elective	3 Elective	2-3

**15** **14**

**Total Credits 120**

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Students interested in learning more about the L&S Individual Major (IM) should contact L&S Undergraduate Academic Deans' Services at 608-262-0617 in 101 Ingraham Hall and set up an individual appointment with the coordinator for the Individual Major prior to starting this process.

***The purpose of this meeting is solely to review the details of individual major requirements, go over procedures, and determine whether an individual major is a viable option based on the student's academic interest and the resources available within the College of Letters & Science.***

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps

students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

of hands-on experiences with modern equipment that employers and graduate schools seek. Additionally, students can conduct mentored and independent research projects in faculty laboratories.

The bachelor's degree provides a strong background in the biological sciences for students planning to enter medical, dental, veterinary, or other professional schools, as well as those planning graduate studies in any branch of microbiology or other biological sciences such as biochemistry, pathology, and molecular or cell biology.

Students who end their training with a bachelor's degree are well-prepared for a variety of career opportunities, including laboratory positions in pharmaceutical firms, biotechnology firms, university laboratories, and government laboratories. They also work as specialists in industrial quality testing and control and as regulatory workers in government agencies and public health laboratories. Exposure to the scientific process as well as training in microbiology allows microbiology graduates to enter fields as diverse as business, technical service, sales, and technical writing.

## HOW TO GET IN

### HOW TO GET IN

Admissions to the Microbiology [BA or BS (L&S)] have been suspended as of fall 2023, and the program will be discontinued as of fall 2027.

Students interested in Microbiology can contact the microbiology major advisors ([biochemmicrobio-advisor@wisc.edu](mailto:biochemmicrobio-advisor@wisc.edu)) to discuss the College of Agricultural and Life Sciences Microbiology major. For other questions, please contact CALS Academic Affairs ([academicaffairs@cals.wisc.edu](mailto:academicaffairs@cals.wisc.edu)).

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin-Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. ## MICROBIOLOGY, BA (L&S)

**Admissions to the Microbiology [BA or BS (L&S)] has been suspended as of fall 2023, and the program will be discontinued as of fall 2027. Students interested in Microbiology can contact the Microbiology major advisors ([academicaffairs@cals.wisc.edu](mailto:academicaffairs@cals.wisc.edu)) to discuss the College of Agricultural and Life Sciences Microbiology major. For other questions, please contact CALS Academic Affairs ([academicaffairs@cals.wisc.edu](mailto:academicaffairs@cals.wisc.edu)).**

Microbiology, the study of microorganisms, helps us understand our world and solve major problems. Microorganisms, or microbes, were the first life forms on Earth and influence our lives and our planet in innumerable ways. The field of microbiology is constantly expanding as we learn more about the role of microbes in infectious disease, environmental remediation, bioenergy, food safety, antibiotic resistance, biotechnology, and much more. Communities of microbes (or "microbiomes") are critically important in human health, global warming, agricultural yield, criminal justice, economic development, and other issues of national concern.

The **microbiology major**, offered by the Department of Bacteriology, is a rigorous path of study, providing a curriculum packed with deep knowledge on broad aspects of microbiology and emphasizing modern laboratory skills. The core courses focus on the diversity, genetics, biochemistry, and physiology of microorganisms. A variety of elective courses provide the opportunity to study environmental microbiology, food microbiology, microbial pathogenesis, immunology, virology, microbiomes, and microbial biotechnology, as well as advanced topics in microbial genetics and physiology. In the instructional laboratory courses, students learn beginning through advanced laboratory techniques – gaining the type

# COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

## BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW-Madison
- 2.000 in Intermediate/Advanced level coursework at UW-Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

Code	Title	Credits
<b>Mathematics</b>		
Complete one of the following:		5-10

MATH 171 & MATH 217 Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II

MATH 221 Calculus and Analytic Geometry I

### Statistics

Complete one of the following: 3

STAT 301 Introduction to Statistical Methods

STAT 371 Introductory Applied Statistics for the Life Sciences

### General Chemistry

Complete one of the following: 5-10

CHEM 103 & CHEM 104 General Chemistry I and General Chemistry II

CHEM 109 Advanced General Chemistry

CHEM 115 & CHEM 116 Chemical Principles I and Chemical Principles II

### Organic Chemistry

Complete ALL of the following:

CHEM 343 Organic Chemistry I 3

CHEM 344 Introductory Organic Chemistry Laboratory 2

CHEM 345 Organic Chemistry II 3

### Biology Foundation

Complete one of the following: 10-13

BIOLOGY/ BOTANY/ ZOOLOGY 151 & BIOLOGY/ BOTANY/ ZOOLOGY 152

BIOCORE 381 & BIOCORE 382 & BIOCORE 383 & BIOCORE 384 & BIOCORE 485 Evolution, Ecology, and Genetics and Evolution, Ecology, and Genetics Laboratory and Cellular Biology and Cellular Biology Laboratory and Principles of Physiology

ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102 & BOTANY/ BIOLOGY 130

### Physics

Complete one of the following: 8-10

PHYSICS 103 & PHYSICS 104 General Physics and General Physics

PHYSICS 207 & PHYSICS 208 General Physics and General Physics

PHYSICS 201 & PHYSICS 202 General Physics and General Physics

### Biochemistry

Complete one of the following: 3-6

BIOCHEM 501 Introduction to Biochemistry

BIOCHEM 507 & BIOCHEM 508 General Biochemistry I and General Biochemistry II

**Microbiology Courses***Microbiology Core (all required):*

Except where noted, all Microbiology Core courses are offered every fall and spring semester.

MICROBIO 303	Biology of Microorganisms	3
MICROBIO 304	Biology of Microorganisms Laboratory	2
MICROBIO 305	Critical Analyses in Microbiology	1
MICROBIO 450	Diversity, Ecology and Evolution of Microorganisms (SPRING ONLY)	3
MICROBIO 470	Microbial Genetics & Molecular Machines	3
MICROBIO 526	Physiology of Microorganisms	3
MICROBIO 527	Advanced Laboratory Techniques in Microbiology (FALL ONLY)	2

*Microbiology Capstone (required):*

MICROBIO 551	Capstone Research Project in Microbiology (SPRING ONLY)	2
--------------	---	---

*Microbiology Electives*

Complete at least 6 credits; at least 3 credits must come from Set A. Not all elective courses are offered every semester.

Set A: 3-6

MICROBIO/ FOOD SCI 324	Food Microbiology Laboratory	
MICROBIO/ FOOD SCI 325	Food Microbiology	
MICROBIO 330	Host-Parasite Interactions	
MICROBIO/ AN SCI/ BOTANY 335	The Microbiome of Plants, Animals, and Humans

M M & I/ENTOM/ PATH-BIO/ ZOOLOGY 350	Parasitology	
M M & I 554	Emerging Infectious Diseases and Bioterrorism	
ONCOLOGY/ M M & I/ PL PATH 640	General Virology-Multiplication of Viruses	
PATH-BIO/ M M & I 528	Immunology	
PL PATH 622	Plant-Bacterial Interactions	
PL PATH/ BOTANY/ GENETICS/ M M & I 655	Biology and Genetics of Fungi	

**Total Credits****64-88****RESIDENCE AND QUALITY OF WORK**

- 2.000 GPA in all MICROBIO courses and courses approved for the major
- 2.000 GPA on 15 upper-level major credits, in residence<sup>1</sup>
- 15 credits of MICROBIO or courses counting toward the major, taken on campus

<sup>1</sup> MICROBIO 300 through 699 count as upper level in the major, excluding MICROBIO 303 and MICROBIO 304. Intermediate- and advanced-level courses outside of MICROBIO that count for the major are also considered upper level.

**HONORS IN THE MAJOR**

Students may declare Honors in the Microbiology Major in consultation with the Microbiology undergraduate advisor.

**HONORS IN THE MAJOR REQUIREMENTS**

To earn Honors in the Major in Microbiology, students must satisfy both the requirements for the major (above) and the following requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all courses accepted in the major

- MICROBIO 681 and MICROBIO 682 for a total of 6 credits
- 9 credits of Honors course work (with grade B or better) from:

Code	Title	Credits
MICROBIO 303	Biology of Microorganisms	3
MICROBIO 304	Biology of Microorganisms Laboratory	2
MICROBIO 330	Host-Parasite Interactions	3
MICROBIO/ SOIL SCI 425	Environmental Microbiology	3
MICROBIO 450	Diversity, Ecology and Evolution of Microorganisms	3
MICROBIO 470	Microbial Genetics & Molecular Machines	3
MICROBIO 526	Physiology of Microorganisms	3
PATH-BIO/ M M & I 528	Immunology	3
MICROBIO 607	Advanced Microbial Genetics	3
MICROBIO/ BIOCHEM/ GENETICS 612	Prokaryotic Molecular Biology	3
PL PATH 622	Plant-Bacterial Interactions	2-3
MICROBIO 632	Industrial Microbiology/ Biotechnology	2
ONCOLOGY/ M M & I/ PL PATH 640	General Virology-Multiplication of Viruses	3
MICROBIO/ BMOLCHEM 668	Microbiology at Atomic Resolution	3

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Develop a fundamental understanding of the principles of microbiology and the necessary skills for a professional career in microbiology.
2. Apply the scientific method to questions. Formulate a hypothesis, gather data, and analyze that data to assess the degree to which their work supports the hypothesis.
3. Demonstrate proficiency in the techniques used in microbiology and an ability to critically analyze data and integrate ideas for problem solving.
4. Access the primary and secondary literature and, in combination with their own findings, effectively communicate their ideas both orally and in written form.
5. Learn about and demonstrate personal and professional ethics.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

### SAMPLE MICROBIOLOGY FOUR-YEAR PLAN

#### Freshman

Fall	Credits Spring	Credits
General Chemistry	4-5 General Chem or Electives	5
Math	3 Math	3-5
Communication A	3 Foreign Language (if needed)	4
Foreign Language (if needed)	4 Literature Breadth	3
<b>15</b>		<b>15</b>

#### Sophomore

**Total Credits 120****ADVISING AND CAREERS****ADVISING AND CAREERS**

Current UW–Madison students should use Starfish to schedule an appointment with an advisor in the Biochemistry & Microbiology Undergraduate Advising Hub (<http://biochemmicrobio.wisc.edu/>).

Prospective/future UW–Madison students should send an email to the Biochemistry & Microbiology Undergraduate Advising Hub ([biochemmicrobio-advisor@wisc.edu](mailto:biochemmicrobio-advisor@wisc.edu)) to set up an appointment, which can be conducted in person or via phone call.

Read about and explore possible microbiology careers at the American Society for Microbiology website.

Learn more about health-related careers through the ExploreHealthCareers.org (<https://explorehealthcareers.org/>) website.

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) – a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW–Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

**MICROBIOLOGY, BS (L&S)**

**Admissions to the Microbiology [BA or BS (L&S)] has been suspended as of fall 2023, and the program will be discontinued as**

**of fall 2027. Students interested in Microbiology can contact the Microbiology major advisors ([academicaffairs@cal.wisc.edu](mailto:academicaffairs@cal.wisc.edu)) to discuss the College of Agricultural and Life Sciences Microbiology major. For other questions, please contact CALS Academic Affairs ([academicaffairs@cal.wisc.edu](mailto:academicaffairs@cal.wisc.edu)).**

Microbiology, the study of microorganisms, helps us understand our world and solve major problems. Microorganisms, or microbes, were the first life forms on Earth and influence our lives and our planet in innumerable ways. The field of microbiology is constantly expanding as we learn more about the role of microbes in infectious disease, environmental remediation, bioenergy, food safety, antibiotic resistance, biotechnology, and much more. Communities of microbes (or "microbiomes") are critically important in human health, global warming, agricultural yield, criminal justice, economic development, and other issues of national concern.

The **microbiology major**, offered by the Department of Bacteriology, is a rigorous path of study, providing a curriculum packed with deep knowledge on broad aspects of microbiology and emphasizing modern laboratory skills. The core courses focus on the diversity, genetics, biochemistry, and physiology of microorganisms. A variety of elective courses provide the opportunity to study environmental microbiology, food microbiology, microbial pathogenesis, immunology, virology, microbiomes, and microbial biotechnology, as well as advanced topics in microbial genetics and physiology. In the instructional laboratory courses, students learn beginning through advanced laboratory techniques – gaining the type of hands-on experiences with modern equipment that employers and graduate schools seek. Additionally, students can conduct mentored and independent research projects in faculty laboratories.

The bachelor's degree provides a strong background in the biological sciences for students planning to enter medical, dental, veterinary, or other professional schools, as well as those planning graduate studies in any branch of microbiology or other biological sciences such as biochemistry, pathology, and molecular or cell biology.

Students who end their training with a bachelor's degree are well-prepared for a variety of career opportunities, including laboratory positions in pharmaceutical firms, biotechnology firms, university laboratories, and government laboratories. They also work as specialists in industrial quality testing and control and as regulatory workers in government agencies and public health laboratories. Exposure to the scientific process as well as training in microbiology allows microbiology graduates to enter fields as diverse as business, technical service, sales, and technical writing.

## HOW TO GET IN

### HOW TO GET IN

Admissions to the Microbiology [BA or BS (L&S)] have been suspended as of fall 2023, and the program will be discontinued as of fall 2027. Students interested in Microbiology can contact the microbiology major advisors ([biochemmicrobio-advisor@wisc.edu](mailto:biochemmicrobio-advisor@wisc.edu)) to discuss the College of Agricultural and Life Sciences Microbiology major. For other questions, please contact CALS Academic Affairs ([academicaffairs@cal.wisc.edu](mailto:academicaffairs@cal.wisc.edu)).

## REQUIREMENTS

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW-Madison
- 2.000 in Intermediate/Advanced level coursework at UW-Madison

#### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin-Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic

values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	• Breadth—Humanities/Literature/Arts: 6 credits
	• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
	• Breadth—Social Studies: 3 credits
	• Communication Part A Part B *
	• Ethnic Studies *
	• Quantitative Reasoning Part A Part B *

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## REQUIREMENTS FOR THE MAJOR

Code	Title	Credits
<b>Mathematics</b>		
Complete one of the following:		5-10
MATH 171 & MATH 217	Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II	
MATH 221	Calculus and Analytic Geometry I	
<b>Statistics</b>		
Complete one of the following:		3
STAT 301	Introduction to Statistical Methods	
STAT 371	Introductory Applied Statistics for the Life Sciences	
<b>General Chemistry</b>		
Complete one of the following:		5-10
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	
CHEM 109	Advanced General Chemistry	
CHEM 115 & CHEM 116	Chemical Principles I and Chemical Principles II	
<b>Organic Chemistry</b>		
Complete ALL of the following:		
CHEM 343	Organic Chemistry I	3
CHEM 344	Introductory Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry II	3
<b>Biology Foundation</b>		
Complete one of the following:		10-13
BIOLOGY/ BOTANY/ ZOOLOGY 151 & BIOLOGY/ BOTANY/ ZOOLOGY 152	Introductory Biology and Introductory Biology	

BIOCORE 381 & BIOCORE 382 & BIOCORE 383 & BIOCORE 384 & BIOCORE 485	Evolution, Ecology, and Genetics and Evolution, Ecology, and Genetics Laboratory and Cellular Biology and Cellular Biology Laboratory and Principles of Physiology
ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102 & BOTANY/ BIOLOGY 130	Animal Biology and Animal Biology Laboratory and General Botany

### Physics

Complete one of the following: 8-10

PHYSICS 103 & PHYSICS 104	General Physics and General Physics
PHYSICS 207 & PHYSICS 208	General Physics and General Physics
PHYSICS 201 & PHYSICS 202	General Physics and General Physics

### Biochemistry

Complete one of the following: 3-6

BIOCHEM 501	Introduction to Biochemistry
BIOCHEM 507 & BIOCHEM 508	General Biochemistry I and General Biochemistry II

### Microbiology Courses

*Microbiology Core (all required):*

Except where noted, all Microbiology Core courses are offered every fall and spring semester.

MICROBIO 303	Biology of Microorganisms	3
MICROBIO 304	Biology of Microorganisms Laboratory	2
MICROBIO 305	Critical Analyses in Microbiology	1
MICROBIO 450	Diversity, Ecology and Evolution of Microorganisms (SPRING ONLY)	3
MICROBIO 470	Microbial Genetics & Molecular Machines	3
MICROBIO 526	Physiology of Microorganisms	3
MICROBIO 527	Advanced Laboratory Techniques in Microbiology (FALL ONLY)	2

*Microbiology Capstone (required):*

MICROBIO 551	Capstone Research Project in Microbiology (SPRING ONLY)	2
--------------	---	---

*Microbiology Electives*

Complete at least 6 credits; at least 3 credits must come from Set A. Not all elective courses are offered every semester.

Set A: 3-6

MICROBIO/ FOOD SCI 324	Food Microbiology Laboratory
MICROBIO/ FOOD SCI 325	Food Microbiology
MICROBIO 330	Host-Parasite Interactions
MICROBIO/ AN SCI/ BOTANY 335	The Microbiome of Plants, Animals, and Humans

MICROBIO 345	Introduction to Disease Biology
MICROBIO 357	General Bioinformatics for Microbiologists
MICROBIO/ SOIL SCI 425	Environmental Microbiology
MICROBIO 520	Planetary Microbiology: What Life Here Tells Us About Life Out There
MICROBIO/ SOIL SCI 523	Soil Microbiology and Biochemistry
MICROBIO/ ONCOLOGY 545	Topics in Biotechnology (topics vary by semester)
MICROBIO 607	Advanced Microbial Genetics
MICROBIO/ BIOCHEM/ GENETICS 612	Prokaryotic Molecular Biology
MICROBIO 657	Bioinformatics for Microbiologists
MICROBIO/ BMOLCHEM 668	Microbiology at Atomic Resolution
<b>Set B:</b>	<b>0-3</b>
BIOCHEM 570	Computational Modeling of Biological Systems
BIOCHEM/M M & I 575	Biology of Viruses
BIOCHEM 601	Protein and Enzyme Structure and Function
BOTANY 330	Algae
BOTANY/PL PATH 332	Fungi
BOTANY/ ENTOM/PL PATH 505	Plant-Microbe Interactions: Molecular and Ecological Aspects
CHEM 665	Biophysical Chemistry
COMP SCI/ B M I 576	Introduction to Bioinformatics
F&W ECOL/SURG SCI 548	Diseases of Wildlife
FOOD SCI 550	Fermented Foods and Beverages
M M & I 301	Pathogenic Bacteriology
M M & I 341	Immunology
M M & I/ENTOM/ PATH-BIO/ ZOOLOGY 350	Parasitology
M M & I 554	Emerging Infectious Diseases and Bioterrorism
ONCOLOGY/ M M & I/ PL PATH 640	General Virology-Multiplication of Viruses
PATH-BIO/ M M & I 528	Immunology
PL PATH 622	Plant-Bacterial Interactions
PL PATH/ BOTANY/ GENETICS/ M M & I 655	Biology and Genetics of Fungi

**Total Credits****64-88**

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all MICROBIO courses and courses approved for the major
- 2.000 GPA on 15 upper-level major credits, in residence<sup>1</sup>
- 15 credits of MICROBIO or courses counting toward the major, taken on campus

<sup>1</sup> MICROBIO 300 through 699 count as upper level in the major, excluding MICROBIO 303 and MICROBIO 304. Intermediate- and advanced-level courses outside of MICROBIO that count for the major are also considered upper level.

## HONORS IN THE MAJOR

Students may declare Honors in the Microbiology Major in consultation with the Microbiology undergraduate advisor.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major in Microbiology, students must satisfy both the requirements for the major (above) and the following requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all courses accepted in the major
- MICROBIO 681 and MICROBIO 682 for a total of 6 credits
- 9 credits of Honors course work (with grade B or better) from:

Code	Title	Credits
MICROBIO 303	Biology of Microorganisms	3
MICROBIO 304	Biology of Microorganisms Laboratory	2
MICROBIO 330	Host-Parasite Interactions	3
MICROBIO/ SOIL SCI 425	Environmental Microbiology	3
MICROBIO 450	Diversity, Ecology and Evolution of Microorganisms	3
MICROBIO 470	Microbial Genetics & Molecular Machines	3
MICROBIO 526	Physiology of Microorganisms	3
PATH-BIO/ M M & I 528	Immunology	3
MICROBIO 607	Advanced Microbial Genetics	3
MICROBIO/ BIOCHEM/ GENETICS 612	Prokaryotic Molecular Biology	3
PL PATH 622	Plant-Bacterial Interactions	2-3
MICROBIO 632	Industrial Microbiology/ Biotechnology	2
ONCOLOGY/ M M & I/ PL PATH 640	General Virology-Multiplication of Viruses	3
MICROBIO/ BMOLCHEM 668	Microbiology at Atomic Resolution	3

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Develop a fundamental understanding of the principles of microbiology and the necessary skills for a professional career in microbiology.
2. Apply the scientific method to questions. Formulate a hypothesis, gather data, and analyze that data to assess the degree to which their work supports the hypothesis.
3. Demonstrate proficiency in the techniques used in microbiology and an ability to critically analyze data and integrate ideas for problem solving.
4. Access the primary and secondary literature and, in combination with their own findings, effectively communicate their ideas both orally and in written form.
5. Learn about and demonstrate personal and professional ethics.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

## SAMPLE MICROBIOLOGY FOUR-YEAR PLAN

## MATHEMATICS

Mathematics is about understanding the world through studies of quantity, structure, pattern, and change to create logical solutions that make life more meaningful and more beautiful. Mathematics bridges the humanities and the sciences. Its position among the humanities is based on the study of mathematics as one of the liberal arts for more than two thousand years. The natural sciences have invariably turned to mathematics for techniques needed to explore the consequences of scientific theories. In the last few decades, social scientists have increasingly found higher mathematics of value in their training and research. Still an expanding subject, mathematics is a part of more new and challenging frontiers than at any time in its long history – with many new fields, from data science to quantum computing, requiring new techniques and inspiring ideas for exploration.

Graduating math majors have obtained employment in a variety of jobs in business, industry, and governmental agencies and also have obtained teaching positions at the secondary school level (such teaching positions normally require teaching certification). Others have continued their education at the graduate level in mathematics and other fields. Departments in a variety of fields that use mathematics, including some in the social and biological sciences as well as in engineering and the physical sciences, are interested in attracting math majors into their graduate programs. Math PhDs obtain academic positions at the college and university level and nonacademic positions entailing consulting and research. The math major requirements are flexible enough to allow preparation for various goals, interests, and careers.

Students interested in mathematics might also consider the related degree program in applied mathematics, engineering, and physics (p. 1162).

## DEGREES/MAJORS/CERTIFICATES

### DEGREES/MAJORS/ CERTIFICATES

- Applied Mathematics, Engineering, and Physics, BS AMEP (p. 1162)

## APPLIED MATHEMATICS, ENGINEERING, AND PHYSICS, BS AMEP

This four-year degree program in the interdisciplinary physical sciences offers a strong foundation in related areas of engineering sciences, mathematics, and physics for professional work in the field of industrial research and technology. It also provides a foundation for graduate degree work in applied mathematics, engineering sciences, and physics.

The Applied Mathematics, Engineering, and Physics (AMEP) program is an excellent choice for the student with broad interests in mathematics, physics, and engineering. AMEP emphasizes an integrated mathematics and physics curriculum and strives to achieve an optimum balance of breadth and depth in the physical sciences within the confines of a four-year degree.

## HOW TO GET IN

## HOW TO GET IN DECLARATION REQUIREMENTS

Because admission into AMEP is internal to UW–Madison, a student must be admitted to UW–Madison or already be a UW–Madison student to join AMEP.

The general expectation for admission to the AMEP program is completion of the introductory calculus and physics sequences with appropriate success. Specifically a student must have

- Completed MATH 221, MATH 222, and MATH 234 with at least a 2.75 GPA.
  - MATH 375 and MATH 376 (together) may be substituted for MATH 234.
- Completed PHYSICS 247, PHYSICS 248, PHYSICS 249 with at least a 2.75 GPA.
  - For alternate Introductory Physics courses, see the Requirements (<https://guide.wisc.edu/undergraduate/letters-science/mathematics/applied-mathematics-engineering-physics-bs-amep/#requirementstext>) tab.

Students who do not meet the above qualifications (transfer students, freshmen with advanced standings, etc.) may be admitted to the program on a probationary basis. However, such students who do not eventually meet the above admission requirement or maintain a 2.000 GPA in quality of work program requirements in their first term at UW–Madison may be reassigned to a standard BA or BS degree.

Finally, students who have accrued 86 or more credits will be admitted to the AMEP program only if:

- the student has above a 2.000 GPA in both the general and upper-level quality of work requirements (see Requirements (<https://guide.wisc.edu/undergraduate/letters-science/mathematics/applied-mathematics-engineering-physics-bs-amep/#requirementstext>)) and
- the student has fewer than 60 outstanding credits needed to complete the BS-AMEP degree.

## DECLARING THE APPLIED MATHEMATICS, ENGINEERING, AND PHYSICS UNDERGRADUATE DEGREE PROGRAM

Any student who is interested in the AMEP program should meet with a program advisor as soon as possible. The advisor will help the student negotiate pre-AMEP status and eventually assist in declaration for the program. In general, this should be the AMEP academic advisor or an AMEP math faculty advisor.

Advising information can be found in the Advising and Careers (<https://guide.wisc.edu/undergraduate/letters-science/mathematics/applied-mathematics-engineering-physics-bs-amep/#advisingandcareerstext>) tab.

Students pursuing the BS-AMEP degree are not eligible to declare the following programs:

- Mathematics for Physical and Biological Sciences named option of the Mathematics major
- Mathematics certificate
- Physics certificate

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE-APPLIED MATHEMATICS, ENGINEERING, AND PHYSICS (BS-AMEP)

Students pursuing a Bachelor of Science–Applied Mathematics, Engineering, and Physics degree in the College of Letters & Science must complete all of the requirements below. The BS–AMEP is a special degree program; it is not considered a major. The BS–AMEP degree is not available to students who intend to earn a degree outside the College of Letters & Science.

### BACHELOR OF SCIENCE - AMEP DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language** Complete the second unit of a language other than English.

**Liberal Arts and Science Requirement** Complete a minimum of 20 credits in Liberal Arts and Science (LAS) coursework outside the physical and mathematical sciences, including:

- at least of 12 credits of Humanities and/or Social Science, including at least 6 credits in Humanities and at least 3 credits of Social Science
- a maximum of 8 credits of Biological Science
- additional eligible coursework to reach 20 total credits.

Courses that carry the Physical Science breadth designation, or are listed (or cross-listed) in the MATH or COMP SCI subjects, are not eligible.

**Total Credits** Complete at least 125 credits.

**UW–Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 90th credit.

**Quality of Work** • 2.000 in all coursework at UW–Madison

### PROGRAM OVERVIEW

A total of at least 125 credits with a minimum GPA of 2.000 is required for this degree plan. Of these credits, at least 83 must be devoted to the Applied Math, Engineering and Physics (AMEP) program requirements; 20 must be devoted to University General Education requirements; and the balance should be taken to meet the Bachelor of Science – AMEP Degree Requirements and Electives.

Code	Title	Credits
	University General Education Requirements	20
	Bachelor of Science – AMEP Degree Requirements	22
	AMEP Program Requirements	83
<b>Total Credits</b>		<b>125</b>

## AMEP PROGRAM REQUIREMENTS FOUNDATIONAL MATHEMATICS

Code	Title	Credits
<b>Single Variable Calculus</b>		
Complete both.		
MATH 221	Calculus and Analytic Geometry 1	5
MATH 222	Calculus and Analytic Geometry 2	4
<b>Multivariable Calculus</b>		
Complete one of the following:		4-10
MATH 234	Calculus--Functions of Several Variables	
MATH 375 & MATH 376	Topics in Multi-Variable Calculus and Linear Algebra and Topics in Multi-Variable Calculus and Differential Equations <sup>1</sup>	
<b>Total Credits</b>		<b>13-19</b>

### FOUNDATIONAL PHYSICS

Code	Title	Credits
<b>First Introductory Course</b>		
Complete one of the following:		3-5
PHYSICS 247	A Modern Introduction to Physics	
PHYSICS 207	General Physics	
PHYSICS 201	General Physics	
E M A 202	Dynamics	
M E 240	Dynamics	
<b>Second Introductory Course</b>		
Complete one of the following:		5
PHYSICS 248	A Modern Introduction to Physics	
PHYSICS 208	General Physics	
PHYSICS 202	General Physics	
<b>Third Introductory Course</b>		
Complete one of the following:		3-4
PHYSICS 249	A Modern Introduction to Physics	
PHYSICS 241	Introduction to Modern Physics	
PHYSICS 205	Modern Physics for Engineers	
PHYSICS/ E C E 235	Introduction to Solid State Electronics	
<b>Total Credits</b>		<b>11-14</b>

### CHEMISTRY

Code	Title	Credits
Complete one of the following:		5-9
CHEM 109	Advanced General Chemistry	
CHEM 103 & CHEM 104	General Chemistry I and General Chemistry II	
CHEM 115	Chemical Principles I	
<b>Total Credits</b>		<b>5-9</b>

### MATHEMATICS

Complete at least six courses for 18 credits.

Code	Title	Credits
<b>Core: Linear Algebra</b>		
Complete one of the following:		3-5
MATH 320	Linear Algebra and Differential Equations <sup>2</sup>	
MATH 340	Elementary Matrix and Linear Algebra	
MATH 341	Linear Algebra	
MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
<b>Core: Differential Equations</b>		
Complete one of the following:		0-5
MATH 320	Linear Algebra and Differential Equations <sup>2</sup>	
MATH 319	Techniques in Ordinary Differential Equations	
MATH 376	Topics in Multi-Variable Calculus and Differential Equations	
<b>Core: Applied Analysis</b>		
Complete both.		
MATH 321	Applied Mathematical Analysis	3
MATH 322	Applied Mathematical Analysis	3
<b>Math Electives</b>		
Complete at least three courses for 9 credits. Select from:		9
MATH 415	Applied Dynamical Systems, Chaos and Modeling	
MATH 421	The Theory of Single Variable Calculus	
MATH/STAT 431	Introduction to the Theory of Probability	
or MATH/STAT 309	Introduction to Probability and Mathematical Statistics I	
MATH 443	Applied Linear Algebra	
MATH/COMP SCI 513	Numerical Linear Algebra	
MATH/COMP SCI 514	Numerical Analysis	
MATH 519	Ordinary Differential Equations	
MATH 521	Analysis I	
MATH 522	Analysis II	
MATH 531	Probability Theory	
MATH 561	Differential Geometry	
MATH 616	Data-Driven Dynamical Systems, Stochastic Modeling and Prediction	
MATH 619	Analysis of Partial Differential Equations	
MATH 623	Complex Analysis	
MATH 627	Introduction to Fourier Analysis	
MATH/ISYE/OTM/STAT 632	Introduction to Stochastic Processes	
<b>Total Credits</b>		<b>18-25</b>

## PHYSICS

Complete at least five courses for 15 credits.

Code	Title	Credits
<b>Core: Physics</b>		
Complete both.		
PHYSICS 311	Mechanics	3
PHYSICS 322	Electromagnetic Fields	3
<b>Physics Electives</b>		
Remaining courses/credits from any PHYSICS course numbered 307 and above.		9
<b>Total Credits</b>		<b>15</b>

## ENGINEERING

Code	Title	Credits
<b>Complete 21 credits meeting the following criteria:</b>		<b>21</b>
Must be distinct from any courses used to fulfill math and physics requirements above.		
Selected from the following:		
Biomedical Engineering (B M E) 300-699		
Chemical and Biological Engineering (CBE) 300-699		
Civil and Environmental Engineering (CIV ENGR) 300-699		
Electrical and Computer Engineering (E C E) 300-699		
Engineering Mechanics and Aerospace Engineering (E M A) 300-699		
Engineering Physics (E P) 300-699		
Engineering Professional Development (E P D) 300-699		
Geological Engineering (G L E) 300-699		
Industrial and Systems Engineering (I S Y E) 300-699		
Interdisciplinary Courses (Engineering) (INTEREGR) 300-699		
Materials Science and Engineering (M S E) 300-699		
Mechanical Engineering (M E) 300-699		
Nuclear Engineering (N E) 300-699		

## LABORATORY EXPERIENCE<sup>3</sup>

Code	Title	Credits
<b>Completed with a minimum of 3 credits selected from the options below.</b>		<b>0-3</b>
The following course applies as 3 credits of lab:		
E M A 522	Aerodynamics Lab	
The following courses apply as 2 credits of lab each:		
PHYSICS 307	Intermediate Laboratory-Mechanics and Modern Physics	
PHYSICS 321	Electric Circuits and Electronics	
PHYSICS 325	Optics	
PHYSICS 407	Advanced Laboratory	
PHYSICS 623	Electronic Aids to Measurement	
PHYSICS 625	Applied Optics	
The following courses apply as 1 credit of lab each:		
E C E 270	Circuits Laboratory I	
E M A/M E 307	Mechanics of Materials Lab	

## COMPUTATIONAL EXPERIENCE<sup>3</sup>

Code	Title	Credits
<b>Select one of the following:</b>		
COMP SCI 412	Introduction to Numerical Methods	0-3
E P/E MA 471	Intermediate Problem Solving for Engineers	
MATH/ COMP SCI 513	Numerical Linear Algebra	0-3
MATH/ COMP SCI 514	Numerical Analysis	

## RESIDENCE AND QUALITY OF WORK

- Minimum 2.000 GPA in AMEP program courses.<sup>4</sup>
- Minimum 2.000 GPA and 15 upper-level AMEP program credits, taken in residence.<sup>4,5</sup>
- 15 credits in AMEP program courses, taken on the UW-Madison campus.<sup>4</sup>

## HONORS IN THE MAJOR

Honors in the Major is not available in Applied Mathematics, Engineering, and Physics.

## FOOTNOTES

<sup>1</sup> MATH 375 may also be used to fulfill the Linear Algebra requirement below. MATH 376 may be used to fulfill the Differential Equations requirement below.

<sup>2</sup> MATH 320 fulfills both the Linear Algebra and Differential Equations requirements. AMEP students are encouraged to consider the honors version of the course which is taught by AMEP faculty.

<sup>3</sup> Courses used to fulfill this requirement need not be distinct from courses used to fulfill Mathematics, Physics, and Engineering requirements in AMEP.

<sup>4</sup> This includes only those courses which may be used to fulfill Mathematics, Physics, Engineering, Chemistry, Laboratory, and Computational requirements described in the tables above.

<sup>5</sup> A course numbered 300 or above is considered upper-level in the program.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. State, explain and apply principal theorems and techniques of applied mathematics, including (but not limited to) the subject areas of vector and complex calculus, linear algebra, and differential equations.
2. State, explain and apply theory and methods of classical and modern physics such as mechanics (classical, statistical, quantum), electricity, magnetism, thermodynamics, radiation and atomic physics.
3. Develop strategies to synthesize applied mathematics and physical sciences to address engineering problems, with emphasis on problems of current interest.
4. Design and conduct experiments to explore hypotheses regarding science and/or technology and/or engineering problems, and will use mathematics to help interpret experimental results.
5. Work in multidisciplinary groups of mathematicians, physical scientists, and engineers to formulate and solve STEM problems, which includes the creation and evaluation of models for natural phenomena.
6. Through written and oral presentations, students will communicate technical/scientific ideas and results to experts and non-experts.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

### PROGRAM EXPECTATIONS

AMEP students come to UW-Madison with a wide range of mathematics preparation. Please see Advising and Careers (<https://guide.wisc.edu/undergraduate/letters-science/mathematics/applied-mathematics-engineering-physics-bs-amep/#advisingandcareerstext>) for more information and alternative plans.

#### First Year

Fall	Credits Spring	Credits
PHYSICS 247	5 Communication A	3
MATH 234	4 MATH 320 (honors)	3
CHEM 109	5 PHYSICS 248	5
Foreign Language 1	4 Foreign Language 2	4
	<b>18</b>	<b>15</b>

**Second Year**

Fall	Credits Spring	Credits
MATH 321	3 INTER-LS 210	1
PHYSICS 249	4 MATH 322	3
PHYSICS 311	3 PHYSICS 322	3
Humanities Breadth	3 Core Math Elective 2	3
Core Math Elective 1	3 Humanities Breadth	3
	Biological/Social Science or Humanities	3
<b>16</b>		<b>16</b>

**Third Year**

Fall	Credits Spring	Credits
Core Math Elective 3	3 Core Physics 2	4
Physics Elective 1	4 Core Physics 3	4
Lab Experience	2-4 Computational Experience	3
Humanities/Social Science Breadth	3 Engineering 1	3
Ethnic Studies/Social Science Breadth	3	
<b>16</b>		<b>14</b>

**Fourth Year**

Fall	Credits Spring	Credits
Communication B	3 Engineering courses	9
Engineering Courses	12 Humanities Breadth Electives	3
		3
<b>15</b>		<b>15</b>

**Total Credits 125****ADVISING AND CAREERS****ADVISING AND CAREERS**

For information about advising for this special Letters & Science degree program, students should refer to AMEP Advising (<https://amep.math.wisc.edu/advising/>).

**RECOMMENDED ADVANCED COURSES**

A number of intermediate and advanced courses are recommended by AMEP advisors for use as electives beyond the core math and physics curricula. Please see our Courses (<https://amep.math.wisc.edu/courses/>) page for a list of recommended courses.

**ALTERNATIVE FOUR-YEAR PLANS**

Students pursuing an AMEP degree start college with a wide variety of preparations in mathematics. We have examples of some different paths students may take through the degree on the Four-Year Plans (<https://amep.math.wisc.edu/four-year-plans/>) page of the program website.

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

**MATHEMATICS, BA**

Mathematics is about understanding the world through studies of quantity, structure, pattern, and change to create logical solutions that make life more meaningful and more beautiful. Mathematics bridges the humanities and the sciences. Its position among the humanities is based on the study of mathematics as one of the liberal arts for more than two thousand years. The natural sciences have invariably turned to mathematics for techniques needed to explore the consequences of scientific theories. In the last few decades, social scientists have increasingly found higher mathematics of value in their training and research. Still an expanding subject, mathematics is a part of more new and challenging frontiers than at any time in its long history – with many new fields, from data science to quantum computing, requiring new techniques and inspiring ideas for exploration.

Graduating math majors have obtained employment in a variety of jobs in business, industry, and governmental agencies and also have obtained teaching positions at the secondary school level (such teaching positions normally require teaching certification). Others have continued their education at the graduate level in mathematics and other fields. Departments in a variety of fields that use mathematics, including some in the social and biological sciences as well as in engineering and the physical sciences, are interested in attracting math majors into their graduate programs. Math PhDs obtain academic positions at the college and university level and nonacademic positions entailing consulting and research. The math major requirements are flexible enough to allow preparation for various goals, interests, and careers.

Students interested in mathematics might also consider the related degree program in applied mathematics, engineering, and physics (p. 1162).

## HOW TO GET IN

### HOW TO GET IN DECLARATION

To declare a major in mathematics, a student must have completed the sequence MATH 221, MATH 222, and MATH 234, or the sequence MATH 375 and MATH 376, with a 2.500 GPA or better. Major advisors may waive this requirement for students with alternative coursework and experiences (e.g., transfer students). Students should meet with a math advisor before declaring in order to discuss course selection and major plan. Advising information can be found in the Advising and Careers (<https://guide.wisc.edu/undergraduate/letters-science/mathematics/mathematics-bs/#advisingandcareerstext>) link.

Students who are declared in the Bachelor of Science–Applied Mathematics, Engineering, and Physics degree may not be declared in the Mathematics for Physical and Biological Sciences named option.

Students declared in the Mathematics certificate may not be declared in the Mathematics major at the same time. Students who wish to declare this major must first cancel their declaration in the Mathematics certificate.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

<b>Language</b>	<ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul>
-----------------	--

<b>LS Breadth</b>	<ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include 6 credits of literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul>
-------------------	--

<b>Liberal Arts and Science Coursework</b>	Complete at least 108 credits.
--	--------------------------------

<b>Depth of Intermediate/Advanced work</b>	Complete at least 60 credits at the intermediate or advanced level.
--	---

<b>Major</b>	Declare and complete at least one major.
--------------	--

<b>Total Credits</b>	Complete at least 120 credits.
----------------------	--------------------------------

<b>UW-Madison Experience</b>	<ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
------------------------------	---

<b>Quality of Work</b>	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>
------------------------	--

#### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

#### REQUIREMENTS FOR THE MAJOR

The mathematics major requirements include exposure to at least two areas of advanced mathematics. The program is ideal for any student who has a broad interest in mathematics both pure and applied, and functions well as a standalone or complementary program. The mathematics major

also offers six named options (p. 1169) for students interested in pursuing an applied focus area outside of mathematics as part of their major.

The mathematics major requires 7 distinct courses for at least 21 credits as described below. Note that at most one course from each of the following groupings may be used to fulfill the minimum course and credit requirement (i.e.: seven courses and at least 21 credits): Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375), Intro Differential Equations (MATH 319, MATH 320, or MATH 376), and Intro Probability (MATH/STAT 309 or MATH/STAT 431).

**At least seven MATH courses for at least 21 credits are required for the major as follows<sup>1</sup>:**

Code	Title	Credits
<b>Linear Algebra (complete one)<sup>2</sup></b>		<b>3-5</b>
MATH 341	Linear Algebra	
or MATH 320	Linear Algebra and Differential Equations	
or MATH 340	Elementary Matrix and Linear Algebra	
or MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	

Code	Title	Credits
<b>Analysis, Topology, Algebra (complete two)</b>		<b>6</b>
MATH 521	Analysis I	
MATH 541	Modern Algebra	
MATH 551	Elementary Topology	

## ADVANCED MATH ELECTIVE (COMPLETE ONE)

Code	Title	Credits
<b>Complete at least one for three credits:</b>		<b>3</b>
MATH/ COMP SCI 513	Numerical Linear Algebra	
MATH/ COMP SCI 514	Numerical Analysis	
MATH 519	Ordinary Differential Equations	
MATH 521	Analysis I	
MATH 522	Analysis II	
MATH/ COMP SCI/I SY E/ STAT 525	Linear Optimization	
MATH 531	Probability Theory	
MATH 535	Mathematical Methods in Data Science	
MATH 540	Linear Algebra II	
MATH 541	Modern Algebra	
MATH 542	Modern Algebra	
MATH 551	Elementary Topology	
MATH 552	Elementary Geometric and Algebraic Topology	
MATH 561	Differential Geometry	
MATH 567	Modern Number Theory	
MATH 570	Fundamentals of Set Theory	
MATH/ PHILOS 571	Mathematical Logic	
MATH 605	Stochastic Methods for Biology	

MATH 607	Topics in Mathematics Study Abroad
MATH/B M I/ BIOCHEM/ BMOLCHEM 609	Mathematical Methods for Systems Biology
MATH 616	Data-Driven Dynamical Systems, Stochastic Modeling and Prediction
MATH 619	Analysis of Partial Differential Equations
MATH 621	Introduction to Manifolds
MATH 623	Complex Analysis
MATH 627	Introduction to Fourier Analysis
MATH 629	Introduction to Measure and Integration
MATH/I SY E/ OTM/STAT 632	Introduction to Stochastic Processes
MATH 635	An Introduction to Brownian Motion and Stochastic Calculus
MATH/E C E 641	Introduction to Error-Correcting Codes
MATH 681	Senior Honors Thesis
MATH 682	Senior Honors Thesis
MATH 691	Undergraduate Thesis
MATH 692	Undergraduate Thesis
MATH 698	Directed Study
MATH 699	Directed Study

## ADDITIONAL MATH ELECTIVE TO ACHIEVE 7 COURSES AND 21 CREDITS IN THE MAJOR

Code	Title	Credits
<b>Choose from the following:</b>		<b>9</b>
MATH/STAT 431	Introduction to the Theory of Probability <sup>3</sup>	
or MATH/ STAT 309	Introduction to Probability and Mathematical Statistics I	
MATH/STAT 310	Introduction to Probability and Mathematical Statistics II	
MATH 319	Techniques in Ordinary Differential Equations <sup>4</sup>	
or MATH 376	Topics in Multi-Variable Calculus and Differential Equations	
MATH 321	Applied Mathematical Analysis	
MATH 322	Applied Mathematical Analysis	
MATH 390	Undergraduate Research with Madison Experimental Mathematics Lab	
MATH 407	Topics in Mathematics Study Abroad	
MATH 415	Applied Dynamical Systems, Chaos and Modeling	
MATH 421	The Theory of Single Variable Calculus	
MATH/ COMP SCI/ I SY E 425	Introduction to Combinatorial Optimization	
MATH/ COMP SCI/ E C E 435	Introduction to Cryptography	

MATH 443	Applied Linear Algebra
MATH 444	Graphs and Networks in Data Science
MATH 461	College Geometry I
MATH 467	Introduction to Number Theory
MATH/ HIST SCI 473	History of Mathematics
MATH/ COMP SCI/ STAT 475	Introduction to Combinatorics
MATH 490	Undergraduate Seminar
MATH 491	Topics in Undergraduate Mathematics
MATH/ COMP SCI 513	Numerical Linear Algebra
MATH/ COMP SCI 514	Numerical Analysis
MATH 519	Ordinary Differential Equations
MATH 521	Analysis I
MATH 522	Analysis II
MATH/ COMP SCI/ISYE/ STAT 525	Linear Optimization
MATH 531	Probability Theory
MATH 535	Mathematical Methods in Data Science
MATH 540	Linear Algebra II
MATH 541	Modern Algebra
MATH 542	Modern Algebra
MATH 551	Elementary Topology
MATH 552	Elementary Geometric and Algebraic Topology
MATH 561	Differential Geometry
MATH 567	Modern Number Theory
MATH 570	Fundamentals of Set Theory
MATH/ PHILOS 571	Mathematical Logic
MATH 605	Stochastic Methods for Biology
MATH 607	Topics in Mathematics Study Abroad
MATH/B M I/ BIOCHEM/ BMOLCHEM 609	Mathematical Methods for Systems Biology

MATH 699	Directed Study

**Total Credits****9**

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all MATH and major courses.
- 2.000 GPA on 15 upper-level major credits, taken in residence.<sup>5</sup>
- 15 credits in MATH, taken on the UW-Madison campus.

## NAMED OPTIONS

View as listView as grid

- **MATHEMATICS: MATHEMATICS FOR DATA SCIENCE (P. 1173)**
- **MATHEMATICS: MATHEMATICS FOR ECONOMICS AND FINANCE (P. 1175)**
- **MATHEMATICS: MATHEMATICS FOR PROGRAMMING AND COMPUTING (P. 1177)**
- **MATHEMATICS: MATHEMATICS FOR SECONDARY EDUCATION (P. 1180)**
- **MATHEMATICS: MATHEMATICS FOR STATISTICAL ANALYSIS AND RISK ASSESSMENT ([HTTP://GUIDE.WISC.EDU/UNDERGRADUATE/LETTERS-SCIENCE/MATHEMATICS/MATHEMATICS-BA/MATHEMATICS-MATHEMATICS-STATISTICAL-ANALYSIS-RISK-ASSESSMENT-BA/](http://guide.wisc.edu/undergraduate/letters-science/mathematics/mathematics-ba/mathematics-mathematics-statistical-analysis-risk-assessment-ba/))**
- **MATHEMATICS: MATHEMATICS FOR THE PHYSICAL AND BIOLOGICAL SCIENCES (P. 1182)**

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Mathematics Honors advisor (<https://www.math.wisc.edu/undergraduate/advising/>); this should be done by the start of the junior year. Honors in the major is not available in any Named Option program.

## HONORS IN THE MATHEMATICS MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the mathematics major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all MATH courses, and all courses accepted in the major
- Complete the following courses, with individual grades of B or better:

Code	Title	Credits
MATH 521 & MATH 522	Analysis I and Analysis II (Taken for Honors) <sup>6</sup>	
MATH 541 & MATH 542	Modern Algebra and Modern Algebra (Taken for Honors) <sup>6</sup>	

Select at least two more courses from MATH 500 through MATH/E C E 641. These course must be taken for honors. The following will usually be one of the courses:<sup>7</sup>

MATH 551	Elementary Topology
----------	---------------------

Select one of these Capstone projects:

MATH 681 & MATH 682	Senior Honors Thesis and Senior Honors Thesis (For a total of 6 credits)
------------------------	--

or

A sequence of two upper-level mathematics courses deemed acceptable by the Mathematics Honors advisor<sup>7</sup>

## FOOTNOTES

<sup>1</sup> A course may only apply once toward the courses/credits required for the major. Thus, a course used to meet the Analysis, Topology and Algebra requirement may *not* also be used to meet the requirement for MATH 500-699 requirement and a course used to meet the MATH 500-699 requirement may *not* also be used in the Additional Math requirement.

<sup>2</sup> Only one of these courses will be used to fulfill minimum course/credit requirements for the major: MATH 320, MATH 340, MATH 341, MATH 375

<sup>3</sup> At most one course in Introductory Probability may be used to fulfill the course/credit requirements for the major: MATH/STAT 309 and MATH/STAT 431.

<sup>4</sup> At most one course in Elementary Differential Equations may be used to fulfill the course/credit requirements for the major: MATH 319, MATH 320, MATH 376.

<sup>5</sup> MATH courses numbered 307-699 are considered upper level in the major.

<sup>6</sup> At least one of the two sequences (MATH 521-MATH 522 or MATH 541-MATH 542) must be completed prior to enrolling in the Capstone project.

<sup>7</sup> Chosen in consultation with the Mathematics Honors advisor.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. State, explain, and apply the principal results, definitions, and theorems of a wide collection of mathematical areas including at least one area of advanced undergraduate mathematics.
2. Construct and evaluate mathematical proofs and arguments.
3. Acquire a diverse set of skills and strategies in mathematical reasoning/problem solving.
4. Use mathematics to model and analyze phenomena in other disciplines.
5. Write, explain, and present mathematics to both experts and non-experts.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

## MATHEMATICS MAJOR - BACHELOR OF ARTS/SCIENCE DEGREE

### Freshman

Elective	3 Elective	3
Elective	3 Elective	3
Elective	3 Elective	3
	<b>15</b>	<b>15</b>

**Total Credits 120**

<sup>1</sup> Math majors will naturally complete Quantitative Reasoning requirements with the introductory calculus courses required to declare the major.

<sup>2</sup> Declaration of the Mathematics major requires a 2.500 cumulative GPA across the introductory calculus sequence. Students that are unable to establish a GPA for any courses in the introductory calculus sequence are encouraged to speak with a math major advisor as soon as possible.

<sup>3</sup> An intermediate level math course is any numbered above 306 excluding MATH 320, MATH 340, or MATH 341, or MATH/CURRIC 471.

<sup>4</sup> An advanced level MATH course is any numbered above 500.

completion of the following with either course credit or via placement examination:

- MATH 221 and MATH 222
- Communication Part A
- 3-4 units of foreign language

Therefore the plan below assumes these requirements, but none other. When considering the plan below, students should note the following:

- Advanced standing credits may satisfy Ethnic Studies, Communication Part B, and/or Letters & Science Breadth degree requirements which are listed in the plan. In this case, students should adjust their plan by reorganizing the remaining degree requirements using the following priorities:
  - a. Ethnic Studies and Communication Part B (obligatory in the first year)
  - b. Physical, Biological, and Social Science Breadth (which may be prerequisites for more advanced electives)
  - c. Humanities and Literature.
  - d. Remaining schedule space should be considered electives.
- At least 26 of the non-MATH credits must be at the Intermediate or Advanced level.
- Consider using the elective space in the plan as follows: additional major or certificate, career readiness, graduate school preparation, and other personal interests.

**First Year**

Fall	Credits Spring	Credits
MATH 234	4 MATH Linear Algebra	3
Ethnic Studies	3 Intermediate MATH	3
Communication B	3 Physical Science Breadth	3
Biological Science Breadth	3 Biological Science Breadth	3
Physical Science Breadth	3 Foreign Language (if needed for the BA) or Elective	3
	<b>16</b>	<b>15</b>

**Second Year**

Fall	Credits Spring	Credits
Intermediate MATH	3 Advanced MATH	3
Advanced MATH	3 Intermediate MATH	3
Literature Breadth	3 Literature Breadth	3
Social Science Breadth	3 Social Science Breadth	3
Elective (Intermediate or Advanced level)	3 Elective (Intermediate or Advanced level)	3
	<b>15</b>	<b>15</b>

**Third Year**

Fall	Credits Spring	Credits
Advanced MATH	3 Humanities Breadth (Intermediate or Advanced level)	3
Social Science Breadth	3 Social Science Breadth (Intermediate or Advanced level)	3
Humanities Breadth	3 Elective (Intermediate or Advanced level)	9

**THREE-YEAR PLAN****THREE-YEAR PLAN**

This Sample Three-Year Plan is a tool to assist students and their advisor(s). Students should use it –along with their DARS report, the Degree Planner, and Course Search & Enroll tools – to make their own three-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests.

Three-year plans may vary considerably from student to student, depending on their individual preparation and circumstances. Students interested in graduating in three years should meet with an advisor as early as possible to discuss feasibility, appropriate course sequencing, post-graduation plans (careers, graduate school, etc.), and opportunities they might forgo in pursuit of a three-year graduation plan.

**DEPARTMENTAL EXPECTATIONS**

Historically, students who have successfully complete a three year undergraduate degree with a major in Mathematics have the following qualifications: a minimum of 29 advanced standing credits, which include

Elective (Intermediate or Advanced level)	6	
	<b>15</b>	<b>15</b>

**Total Credits 91**

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

Students who are interested in the math major should visit a faculty advisor. Information about current advisor availability is on the Math advising page (<https://www.math.wisc.edu/undergraduate/advising/>).

For advice on college algebra, pre-calculus, and calculus, see the placement advising pages (<https://www.math.wisc.edu/undergraduate/placement/>) of the department.

#### Transition Courses

All majors are required to complete at least one of the following. It is suggested that majors (and those interested in the major) complete such a course as soon in their academic career as possible.

Code	Title	Credits
MATH 341	Linear Algebra	
MATH 321 & MATH 322	Applied Mathematical Analysis and Applied Mathematical Analysis	
MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
MATH 421	The Theory of Single Variable Calculus	
MATH 467	Introduction to Number Theory	

#### Graduate Study

Students preparing for graduate work in mathematics should take the following courses:

Code	Title	Credits
MATH 341	Linear Algebra	3
or MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
MATH 521	Analysis I	3
MATH 522	Analysis II	3
MATH 541	Modern Algebra	3
MATH 542	Modern Algebra	3
MATH 551	Elementary Topology	3
or MATH 561	Differential Geometry	

Select at least two other courses at the 500 level or higher

Students who plan to enter a mathematics PhD program should acquire a reading knowledge of at least one foreign language as early as possible. For mathematics study, the most useful languages are French, German, and Russian.

#### CAREERS

In recent years graduating math majors have obtained employment in a variety of jobs in business, industry, and governmental agencies and also have obtained teaching positions at the secondary school level (such teaching positions normally require teaching certification). Others

have continued their education at the graduate level in mathematics and other fields. Departments in a variety of fields that use mathematics, including the social and biological sciences as well as in engineering and the physical sciences, are interested in attracting math majors into their graduate programs. Math PhD's obtain academic positions at the college and university level and nonacademic positions entailing consulting and research. The math major requirements are flexible enough to allow preparation for various goals.

#### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

Please visit the Math Department website (<https://math.wisc.edu>) for a complete list of faculty (<https://math.wisc.edu/math-faculty/>) and instructional academic staff (<https://math.wisc.edu/academic-staff/>).

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

The Department of Mathematics offers scholarships, awards, and prizes (<https://math.wisc.edu/undergraduate/awards/>) to declared math majors. Award applications are open during the spring semester so that award

recipients may be selected before the end of spring semester and applied to fall enrollment.

Awards vary in scope and criteria. Some awards are open to students who exhibit financial need, while others are granted to students based on academic merit. Other awards are related to undergraduate research. Awards may be open to specific student populations, such as:

- Underrepresented students of color
- Self-identified women
- Graduating majors
- Early-career majors

Declared math majors are encouraged to apply for any awards in which they meet the qualifications.

# MATHEMATICS: MATHEMATICS FOR DATA SCIENCE

The mathematics named option programs allow students to develop a deep understanding of how the subject relates to other areas of human inquiry. The requirements for these programs feature mathematics courses with topics inspired by and commonly applied to problems in these associated fields. Though often paired with a second major in a related area, these programs function well alone and are suited to any mathematics student with a variety of interests. Students interested in a named option program are recommended to meet with an advisor to navigate the various plans and courses available to them. Advising information can be found on the BA or BS pages (p. 1172).

The named options do not support honors in the major.

## REQUIREMENTS

### REQUIREMENTS

The Mathematics for Data Science program requires 10 distinct courses for at least 30 credits as described below. Note that while some courses may be used to fulfill more than one requirement it is still considered only a single course and may only contribute once to the total course count. Finally, at most one course from each of the following groupings may be used to fulfill the minimum course and credit requirement (i.e.: minimum of ten courses and at least 30 credits): Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375), Intro Differential Equations (MATH 319, MATH 320 or MATH 376), and Intro Probability (MATH/STAT 309 or MATH/STAT 431).

Code	Title	Credits
<b>Core Math Requirement (minimum of six distinct MATH courses for at least 18 credits)</b>		
<i>Linear Algebra</i>		3-5
MATH 341	Linear Algebra	
or MATH 320	Linear Algebra and Differential Equations	
or MATH 340	Elementary Matrix and Linear Algebra	
or MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	

<i>Intermediate Mathematics Requirement (complete at least one)</i>		0-6
MATH 421	The Theory of Single Variable Calculus	
MATH 341	Linear Algebra	
MATH 321 & MATH 322	Applied Mathematical Analysis and Applied Mathematical Analysis	
MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
<i>Probability (complete at least one)</i>		3
MATH/STAT 431	Introduction to the Theory of Probability	
or MATH/STAT 309	Introduction to Probability and Mathematical Statistics I	
MATH 531	Probability Theory

**30**

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA on all MATH courses and courses eligible for the major.<sup>4</sup>
- 2.000 GPA on at least 15 credits of upper level credit in the major.<sup>5</sup>
- 15 credits in MATH in the major taken on the UW-Madison campus.<sup>6</sup>

## FOOTNOTES

- <sup>1</sup> Elective courses must be distinct from those used to fulfill the above requirements.
- <sup>2</sup> Courses below may have prerequisites outside of this program.
- <sup>3</sup> MATH courses must be distinct from any used to fulfill an above requirement.
- <sup>4</sup> This includes any course with a MATH prefix (or crosslisted with MATH) regardless of its appearance in the tables above and any non-MATH class explicitly listed in the tables above.
- <sup>5</sup> This includes any MATH course (including those crosslisted with MATH) numbered 307 and above, regardless of its appearance in the tables above, as well as only those non-MATH classes which appear in the tables above and have the advanced LAS attribute.
- <sup>6</sup> This includes any MATH course (and those crosslisted with MATH) numbered 307 and above.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

In general, your four year plan in mathematics should be organized along the following sequence:

1. Calculus
2. Linear Algebra
3. Required Intermediate level course
4. Additional intermediate level courses as needed
5. Required advanced level course
6. Additional advanced level courses

**Freshman**

## MATHEMATICS: MATHEMATICS FOR ECONOMICS AND FINANCE

The mathematics named option programs allow students to develop a deep understanding of how the subject relates to other areas of human inquiry. The requirements for these programs feature mathematics courses with topics inspired by and commonly applied to problems in these associated fields. Though often paired with a second major in a related area, these programs function well alone and are suited to any mathematics student with a variety of interests. Students interested in a named option program are recommended to meet with an advisor

to navigate the various plans and courses available to them. Advising information can be found on the BA or BS pages (p. 1172).

The named options do not support honors in the major.

## REQUIREMENTS

### REQUIREMENTS

The Mathematics Major with Economics and Finance focus requires 10 distinct courses for at least 30 credits as described below. Note that while some courses may be used to fulfill more than one requirement it is still considered only a single course and may only contribute once to the total course count. Finally, at most one course from each of the following groupings may be used to fulfill the minimum course and credit requirement (i.e.: minimum of ten courses and at least 30 credits): Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375), Intro Differential Equations (MATH 319, MATH 320 or MATH 376), and Intro Probability (MATH/STAT 309 or MATH/STAT 431).

Code	Title	Credits
<b>Core Math Requirement (minimum of six distinct MATH courses for at least 18 credits)<sup>1</sup></b>		
<i>Linear Algebra</i>		3-5
MATH 341	Linear Algebra

<b>Total Credits</b>				<b>30</b>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA on all MATH courses and courses eligible for the major.<sup>3</sup>
- 2.000 GPA on at least 15 credits of upper level credit in the major.<sup>4</sup>
- 15 credits in MATH in the major taken on the UW-Madison campus.<sup>5</sup>

## FOOTNOTES

- <sup>1</sup> Some courses which follow may have prerequisites outside of the courses approved for this named option.
- <sup>2</sup> Any MATH course from the elective list above may be used in lieu of any of the following courses.
- <sup>3</sup> This includes any MATH courses (and those cross-listed with MATH) regardless of appearing in the tables above as well as only those non-MATH courses which are explicitly listed in the tables above.
- <sup>4</sup> This includes any MATH courses (and those cross-listed with MATH) numbered 307 and above, regardless of appearing in the tables above, as well as only those non-MATH course explicitly listed in the tables above which carry the advanced LAS designation.
- <sup>5</sup> This includes any MATH courses (and courses cross-listed with MATH) numbered 307 and above regardless of appearing in the tables above.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

In general, your four year plan in mathematics should be organized along the following sequence:

1. Calculus
2. Linear Algebra
3. Required Intermediate level course
4. Additional intermediate level courses as needed
5. Required advanced level course
6. Additional advanced level courses

#### Freshman

Fall	Credits Spring	Credits

#### Total Credits 120

Students must declare a major by the time they reach Senior standing (86 credits).

Please refer to the Requirements tab in Guide for additional College of Letters & Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major.

- <sup>1</sup> Students should declare the math major upon successful completion of this course

## MATHEMATICS: MATHEMATICS FOR PROGRAMMING AND COMPUTING

The mathematics named option programs allow students to develop a deep understanding of how the subject relates to other areas of human inquiry. The requirements for these programs feature mathematics courses with topics inspired by and commonly applied to problems in these associated fields. Though often paired with a second major in a related area, these programs function well alone and are suited to any mathematics student with a variety of interests. Students interested in a named option program are recommended to meet with an advisor to navigate the various plans and courses available to them. Advising information can be found on the BA or BS pages (p. 1172).

The named options do not support honors in the major.

## REQUIREMENTS

### REQUIREMENTS

The Mathematics for Programming and Computing program requires 10 distinct courses for at least 30 credits as described below. While a single courses may be used to fulfill more than one requirement, it will only contribute once to the total course count. Finally, at most one course from each of the following groupings may be used to fulfill the minimum course and credit requirement (i.e.: minimum of ten courses and at least 30 credits): Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375), Intro Differential Equations (MATH 319, MATH 320 or MATH 376), and Intro Probability (MATH/STAT 309 or MATH/STAT 431).

Code	Title	Credits
<b>Core Math Requirement (minimum of six distinct MATH courses for at least 18 credits)</b>		
<i>Linear Algebra</i>		3-5
MATH 341	Linear Algebra	
or MATH 320	Linear Algebra and Differential Equations	
or MATH 340	Elementary Matrix and Linear Algebra	
or MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
<i>Intermediate Mathematics Requirement (complete at least one)</i>		0-6
MATH 321 & MATH 322	Applied Mathematical Analysis and Applied Mathematical Analysis	
MATH 341	Linear Algebra	
MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
MATH 421	The Theory of Single Variable Calculus	
MATH 467	Introduction to Number Theory	
<i>Advanced Mathematics Requirement (complete one)</i>		3
MATH/COMP SCI 514	Numerical Analysis	
MATH 521	Analysis I	
MATH 531	Probability Theory	
MATH 535	Mathematical Methods in Data Science	
MATH 540	Linear Algebra II	
MATH 541	Modern Algebra	
MATH/PHILOS 571	Mathematical Logic	
<i>MATH Elective to reach required minimum of six courses for at least 18 credits</i>		6-12
<i>At least one course must be from:<sup>1</sup></i>		
MATH/COMP SCI 513	Numerical Linear Algebra	
MATH/COMP SCI 514	Numerical Analysis	
MATH 521	Analysis I	
MATH 522	Analysis II	
MATH/COMP SCI/ISYE/STAT 525	Linear Optimization	

MATH 531	Probability Theory	
MATH 535	Mathematical Methods in Data Science	
MATH 540	Linear Algebra II	
MATH 541	Modern Algebra	
MATH 542	Modern Algebra	
MATH 567	Modern Number Theory	
MATH 570	Fundamentals of Set Theory	
MATH/PHILOS 571	Mathematical Logic	
MATH 605	Stochastic Methods for Biology	
MATH 616	Data-Driven Dynamical Systems, Stochastic Modeling and Prediction	
MATH 619	Analysis of Partial Differential Equations	
MATH 627	Introduction to Fourier Analysis	
MATH 629	Introduction to Measure and Integration	
MATH/ISYE/OTM/STAT 632	Introduction to Stochastic Processes	
MATH 635	An Introduction to Brownian Motion and Stochastic Calculus	
<i>Select remaining courses from:</i>		
MATH/STAT 310	Introduction to Probability and Mathematical Statistics II	
MATH 319	Techniques in Ordinary Differential Equations	
or MATH 376	Topics in Multi-Variable Calculus and Differential Equations

# MATHEMATICS: MATHEMATICS FOR SECONDARY EDUCATION

The mathematics named option programs allow students to develop a deep understanding of how the subject relates to other areas of human inquiry. The requirements for these programs feature mathematics courses with topics inspired by and commonly applied to problems in these associated fields. Though often paired with a second major in a related area, these programs function well alone and are suited to any mathematics student with a variety of interests. Students interested in a named option program are recommended to meet with an advisor to navigate the various plans and courses available to them. Advising information can be found on the BA or BS pages (p. 1172).

The named options do not support honors in the major.

## REQUIREMENTS

### REQUIREMENTS

The Mathematics Major for Secondary Education named option requires at least 8 distinct courses for at least 24 credits as described below. While a single courses may be used to fulfill more than one requirement, it will only contribute once to the total course/credit

count. Finally, at most one course from each of the following groupings may be used to fulfill the minimum course and credit requirement (i.e.: minimum of 8 courses and at least 24 credits): Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375), Intro Differential Equations (MATH 319, MATH 320 or MATH 376), and Intro Probability (MATH/STAT 309 or MATH/STAT 431).

Code	Title	Credits
<b>Requirements (minimum of eight distinct courses for at least 24 credits) <sup>1</sup></b>		
<i>Linear Algebra</i>		3-5
MATH 341 or MATH 320 or MATH 340 or MATH 375	Linear Algebra Linear Algebra and Differential Equations Elementary Matrix and Linear Algebra Topics in Multi-Variable Calculus and Linear Algebra

<b>Total Credits</b>		<b>24</b>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA on all MATH courses and courses eligible for the major.<sup>2</sup>
- 2.000 GPA on at least 15 credits of upper level credit in the major.<sup>3</sup>
- 15 credits in MATH in the major taken on the UW-Madison campus.<sup>4</sup>

## FOOTNOTES

<sup>1</sup> Course options below may have prerequisites outside of those listed for this program.

<sup>2</sup> This includes any course with a MATH prefix (including those cross-listed with MATH) regardless of its appearance in the tables above as well as only those specific non-MATH courses listed in the tables above.

<sup>3</sup> This includes all MATH courses (including those crosslisted with MATH) which are numbered 307 and above, regardless of appearing in the course lists above, as well as only those non-MATH courses which appear in the lists above and carry the advanced LAS designation.

<sup>4</sup> This includes only those courses with a MATH prefix (or cross-listed with MATH) numbered 307 and above.

**Total Credits** **30**

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA for all MATH courses and courses eligible for the major.<sup>3</sup>
- 2.000 GPA on at least 15 credits of upper level credit in the major.<sup>4</sup>
- 15 credits in MATH in the major taken on the UW-Madison campus.<sup>5</sup>

## FOOTNOTES

<sup>1</sup> Courses listed in the tables below may have prerequisites outside of the program requirements.

<sup>2</sup> Any MATH course from the elective list above may be used in lieu of any of the following courses.

<sup>3</sup> This includes any course with the MATH prefix (or cross-listed with MATH) regardless of appearing in the tables above as well as only those non-MATH courses which appear in the tables above.

<sup>4</sup> This includes any MATH courses (or courses cross-listed with MATH) numbered 307 and above, regardless of appearing in the tables above, as well as any non-MATH course listed in the tables above which carries the advanced LAS designation.

<sup>5</sup> This includes any course with the MATH prefix (or cross-listed with MATH) numbered 307 and above.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

In general, your four year plan in mathematics should be organized along the following sequence:

1. Calculus
2. Linear Algebra
3. Required Intermediate level course
4. Additional intermediate level courses as needed
5. Required advanced level course
6. Additional advanced level courses

#### Freshman

Fall	Credits Spring	Credits
MATH 221	5 MATH 222	4
Literature Breadth	3 Literature Breadth	3
Communication A	3 Ethnic Studies	3
Foreign Language <sup>if required</sup>	4 Foreign Language (if required)	4
	<b>15</b>	<b>14</b>

#### Sophomore

Fall	Credits Spring	Credits
MATH 234 <sup>1</sup>	4 MATH 321	3
MATH 320	3 Humanities Breadth	3

**Total Credits 120****FOOTNOTES**

<sup>1</sup> Students should declare their major upon the successful completion of this course

**MATHEMATICS, BS**

Mathematics is about understanding the world through studies of quantity, structure, pattern, and change to create logical solutions that make life more meaningful and more beautiful. Mathematics bridges the humanities and the sciences. Its position among the humanities is based on the study of mathematics as one of the liberal arts for more than two thousand years. The natural sciences have invariably turned to mathematics for techniques needed to explore the consequences of scientific theories. In the last few decades, social scientists have increasingly found higher mathematics of value in their training and research. Still an expanding subject, mathematics is a part of more new and challenging frontiers than at any time in its long history – with many new fields, from data science to quantum computing, requiring new techniques and inspiring ideas for exploration.

Graduating math majors have obtained employment in a variety of jobs in business, industry, and governmental agencies and also have obtained teaching positions at the secondary school level (such teaching positions normally require teaching certification). Others have continued their education at the graduate level in mathematics and other fields. Departments in a variety of fields that use mathematics, including some in the social and biological sciences as well as in engineering and the physical sciences, are interested in attracting math majors into their graduate programs. Math PhDs obtain academic positions at the college and university level and nonacademic positions entailing consulting and research. The math major requirements are flexible enough to allow preparation for various goals, interests, and careers.

Students interested in mathematics might also consider the related degree program in applied mathematics, engineering, and physics (p. 1162).

**HOW TO GET IN****HOW TO GET IN DECLARATION**

To declare a major in mathematics, a student must have completed the sequence MATH 221, MATH 222, and MATH 234, or the sequence MATH 375 and MATH 376, with a 2.500 GPA or better. Major advisors may waive this requirement for students with alternative coursework and experiences (e.g., transfer students). Students should meet with a math advisor before declaring in order to discuss course selection and major plan. Advising information can be found in the Advising and Careers (<https://guide.wisc.edu/undergraduate/letters-science/mathematics/mathematics-bs/#advisingandcareerstext>) link.

Students who are declared in the Bachelor of Science–Applied Mathematics, Engineering, and Physics degree may not be declared in the Mathematics for Physical and Biological Sciences named option.

Students declared in the Mathematics certificate may not be declared in the Mathematics major at the same time. Students who wish to declare this major must first cancel their declaration in the Mathematics certificate.

**REQUIREMENTS****UNIVERSITY GENERAL EDUCATION REQUIREMENTS**

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:  
 • 12 credits of Humanities, which must include at least 6 credits of Literature; and  
 • 12 credits of Social Science; and  
 • 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:  
 • 30 credits in residence, overall, and  
 • 30 credits in residence after the 86th credit.

**Quality of Work**  
 • 2.000 in all coursework at UW-Madison  
 • 2.000 in Intermediate/Advanced level coursework at UW-Madison

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

The mathematics major requirements include exposure to at least two areas of advanced mathematics. The program is ideal for any student who has a broad interest in mathematics both pure and applied, and functions well as a standalone or complementary program. The mathematics major also offers six named options (p. 1189) for students interested in pursuing an applied focus area outside of mathematics as part of their major.

The mathematics major requires 7 distinct courses for at least 21 credits as described below. Note that at most one course from each of the

following groupings may be used to fulfill the minimum course and credit requirement (i.e.: seven courses and at least 21 credits): Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375), Intro Differential Equations (MATH 319, MATH 320, or MATH 376), and Intro Probability (MATH/STAT 309 or MATH/STAT 431).

**At least seven MATH courses for at least 21 credits are required for the major as follows<sup>1</sup>:**

Code	Title	Credits
<b>Linear Algebra (complete one)<sup>2</sup></b>		<b>3-5</b>
MATH 341	Linear Algebra	
or MATH 320	Linear Algebra and Differential Equations	
or MATH 340	Elementary Matrix and Linear Algebra	
or MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	

Code	Title	Credits
<b>Analysis, Topology, Algebra (complete two)</b>		<b>6</b>
MATH 521	Analysis I	
MATH 541	Modern Algebra	
MATH 551	Elementary Topology	

### ADVANCED MATH ELECTIVE (COMPLETE ONE)

Code	Title	Credits
<b>Complete at least one for three credits:</b>		<b>3</b>
MATH/ COMP SCI 513	Numerical Linear Algebra	
MATH/ COMP SCI 514	Numerical Analysis	
MATH 519	Ordinary Differential Equations	
MATH 521	Analysis I	
MATH 522	Analysis II	
MATH/ COMP SCI/ I SY E/ STAT 525	Linear Optimization	
MATH 531	Probability Theory	
MATH 535	Mathematical Methods in Data Science	
MATH 540	Linear Algebra II	
MATH 541	Modern Algebra	
MATH 542	Modern Algebra	
MATH 551	Elementary Topology	
MATH 552	Elementary Geometric and Algebraic Topology	
MATH 561	Differential Geometry	
MATH 567	Modern Number Theory	
MATH 570	Fundamentals of Set Theory

MATH 607	Topics in Mathematics Study Abroad	
MATH/B M I/ BIOCHEM/ BMOLCHEM 609	Mathematical Methods for Systems Biology	

MATH 616	Data-Driven Dynamical Systems, Stochastic Modeling and Prediction
MATH 619	Analysis of Partial Differential Equations
MATH 621	Introduction to Manifolds
MATH 623	Complex Analysis
MATH 627	Introduction to Fourier Analysis
MATH 629	Introduction to Measure and Integration
MATH/ISYE/ OTM/STAT 632	Introduction to Stochastic Processes
MATH 635	An Introduction to Brownian Motion and Stochastic Calculus
MATH/ECE 641	Introduction to Error-Correcting Codes
MATH 681	Senior Honors Thesis
MATH 682	Senior Honors Thesis
MATH 691	Undergraduate Thesis
MATH 692	Undergraduate Thesis
MATH 698	Directed Study
MATH 699	Directed Study

### ADDITIONAL MATH ELECTIVE TO ACHIEVE 7 COURSES AND 21 CREDITS IN THE MAJOR

Code	Title	Credits
<b>Choose from the following:</b>		<b>9</b>
MATH/STAT 431	Introduction to the Theory of Probability <sup>3</sup>	
or MATH/ STAT 309	Introduction to Probability and Mathematical Statistics I	
MATH/STAT 310	Introduction to Probability and Mathematical Statistics II	
MATH 319	Techniques in Ordinary Differential Equations <sup>4</sup>	
or MATH 376	Topics in Multi-Variable Calculus and Differential Equations	
MATH 321	Applied Mathematical Analysis	
MATH 322	Applied Mathematical Analysis	
MATH 390	Undergraduate Research with Madison Experimental Mathematics Lab	
MATH 407	Topics in Mathematics Study Abroad	
MATH 415	Applied Dynamical Systems, Chaos and Modeling	
MATH 421	The Theory of Single Variable Calculus	
MATH/ COMP SCI/ ISYE 425	Introduction to Combinatorial Optimization	
MATH/ COMP SCI/ ECE 435	Introduction to Cryptography	
MATH 443	Applied Linear Algebra	
MATH 444	Graphs and Networks in Data Science	

MATH 461	College Geometry I
MATH 467	Introduction to Number Theory
MATH/ HIST SCI 473	History of Mathematics
MATH/ COMP SCI/ STAT 475	Introduction to Combinatorics
MATH 490	Undergraduate Seminar
MATH 491	Topics in Undergraduate Mathematics
MATH/ COMP SCI 513	Numerical Linear Algebra
MATH/ COMP SCI 514	Numerical Analysis
MATH 519	Ordinary Differential Equations
MATH 521	Analysis I
MATH 522	Analysis II
MATH/ COMP SCI/ISYE/ STAT 525	Linear Optimization
MATH 531	Probability Theory
MATH 535	Mathematical Methods in Data Science
MATH 540	Linear Algebra II
MATH 541	Modern Algebra
MATH 542	Modern Algebra
MATH 551	Elementary Topology
MATH 552	Elementary Geometric and Algebraic Topology
MATH 561	Differential Geometry
MATH 567	Modern Number Theory
MATH 570	Fundamentals of Set Theory
MATH/ PHILOS 571	Mathematical Logic
MATH 605	Stochastic Methods for Biology
MATH 607	Topics in Mathematics Study Abroad
MATH/BMI/ BIOCHEM/ BMOLCHEM 609	Mathematical Methods for Systems Biology
MATH 616	Data-Driven Dynamical Systems, Stochastic Modeling and Prediction
MATH 619	Analysis of Partial Differential Equations
MATH 621	Introduction to Manifolds
MATH 623	Complex Analysis
MATH 627	Introduction to Fourier Analysis
MATH 629	Introduction to Measure and Integration
MATH/ISYE/ OTM/STAT 632	Introduction to Stochastic Processes
MATH 635	An Introduction to Brownian Motion and Stochastic Calculus
MATH/ECE 641	Introduction to Error-Correcting Codes
MATH 681	Senior Honors Thesis

MATH 682	Senior Honors Thesis
MATH 691	Undergraduate Thesis
MATH 692	Undergraduate Thesis
MATH 698	Directed Study
MATH 699	Directed Study
<b>Total Credits</b>	<b>9</b>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all MATH and major courses.
- 2.000 GPA on 15 upper-level major credits, taken in residence.<sup>5</sup>
- 15 credits in MATH, taken on the UW–Madison campus.

## NAMED OPTIONS

View as listView as grid

- **MATHEMATICS: MATHEMATICS FOR DATA SCIENCE (P. 1173)**
- **MATHEMATICS: MATHEMATICS FOR ECONOMICS AND FINANCE (P. 1175)**
- **MATHEMATICS: MATHEMATICS FOR PROGRAMMING AND COMPUTING (P. 1177)**
- **MATHEMATICS: MATHEMATICS FOR SECONDARY EDUCATION (P. 1180)**
- **MATHEMATICS: MATHEMATICS FOR STATISTICAL ANALYSIS AND RISK ASSESSMENT ([HTTP://GUIDE.WISC.EDU/UNDERGRADUATE/LETTERS-SCIENCE/MATHEMATICS/MATHEMATICS-BA/MATHEMATICS-MATHEMATICS-STATISTICAL-ANALYSIS-RISK-ASSESSMENT-BA/](http://guide.wisc.edu/undergraduate/letters-science/mathematics/mathematics-ba/mathematics-mathematics-statistical-analysis-risk-assessment-ba/))**
- **MATHEMATICS: MATHEMATICS FOR THE PHYSICAL AND BIOLOGICAL SCIENCES (P. 1182)**

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Mathematics Honors advisor (<https://www.math.wisc.edu/undergraduate/advising/>); this should be done by the start of the junior year. Honors in the major is not available in any Named Option program.

## HONORS IN THE MATHEMATICS MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the mathematics major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all MATH courses, and all courses accepted in the major
- Complete the following courses, with individual grades of B or better:

Code	Title	Credits
MATH 521 & MATH 522	Analysis I and Analysis II (Taken for Honors) <sup>6</sup>	
MATH 541 & MATH 542	Modern Algebra and Modern Algebra (Taken for Honors) <sup>6</sup>	

Select at least two more courses from MATH 500 through MATH/E C E 641. These course must be taken for honors. The following will usually be one of the courses:<sup>7</sup>

MATH 551	Elementary Topology
MATH 681 & MATH 682	Senior Honors Thesis and Senior Honors Thesis (For a total of 6 credits)

or

A sequence of two upper-level mathematics courses deemed acceptable by the Mathematics Honors advisor<sup>7</sup>

## FOOTNOTES

- <sup>1</sup> A course may only apply once toward the courses/credits required for the major. Thus, a course used to meet the Analysis, Topology and Algebra requirement may *not* also be used to meet the requirement for MATH 500–699 requirement and a course used to meet the MATH 500–699 requirement may *not* also be used in the Additional Math requirement.
- <sup>2</sup> Only one of these courses will be used to fulfill minimum course/credit requirements for the major: MATH 320, MATH 340, MATH 341, MATH 375
- <sup>3</sup> At most one course in Introductory Probability may be used to fulfill the course/credit requirements for the major: MATH/STAT 309 and MATH/STAT 431.
- <sup>4</sup> At most one course in Elementary Differential Equations may be used to fulfill the course/credit requirements for the major: MATH 319, MATH 320, MATH 376.
- <sup>5</sup> MATH courses numbered 307–699 are considered upper level in the major.
- <sup>6</sup> At least one of the two sequences (MATH 521–MATH 522 or MATH 541–MATH 542) must be completed prior to enrolling in the Capstone project.
- <sup>7</sup> Chosen in consultation with the Mathematics Honors advisor.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

Quality of Work Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. State, explain, and apply the principal results, definitions, and theorems of a wide collection of mathematical areas including at least one area of advanced undergraduate mathematics.
2. Construct and evaluate mathematical proofs and arguments.
3. Acquire a diverse set of skills and strategies in mathematical reasoning/problem solving.
4. Use mathematics to model and analyze phenomena in other disciplines.
5. Write, explain, and present mathematics to both experts and non-experts.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

### MATHEMATICS MAJOR - BACHELOR OF ARTS/SCIENCE DEGREE

Elective	3 Elective	3
	<b>15</b>	<b>15</b>

#### Total Credits 120

- <sup>1</sup> Math majors will naturally complete Quantitative Reasoning requirements with the introductory calculus courses required to declare the major.
- <sup>2</sup> Declaration of the Mathematics major requires a 2.500 cumulative GPA across the introductory calculus sequence. Students that are unable to establish a GPA for any courses in the introductory calculus sequence are encouraged to speak with a math major advisor as soon as possible.
- <sup>3</sup> An intermediate level math course is any numbered above 306 excluding MATH 320, MATH 340, or MATH 341, or MATH/CURRIC 471.
- <sup>4</sup> An advanced level MATH course is any numbered above 500.

## THREE-YEAR PLAN

### THREE-YEAR PLAN

This Sample Three-Year Plan is a tool to assist students and their advisor(s). Students should use it –along with their DARS report, the Degree Planner, and Course Search & Enroll tools – to make their own three-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests.

Three-year plans may vary considerably from student to student, depending on their individual preparation and circumstances. Students interested in graduating in three years should meet with an advisor as early as possible to discuss feasibility, appropriate course sequencing, post-graduation plans (careers, graduate school, etc.), and opportunities they might forgo in pursuit of a three-year graduation plan.

### DEPARTMENTAL EXPECTATIONS

Historically, students who have successfully complete a three year undergraduate degree with a major in Mathematics have the following qualifications: a minimum of 29 advanced standing credits, which include completion of the following with either course credit or via placement examination:

- MATH 221 and MATH 222
- Communication Part A
- 3-4 units of foreign language

Therefore the plan below assumes these requirements, but none other. When considering the plan below, students should note the following:

- Advanced standing credits may satisfy Ethnic Studies, Communication Part B, and/or Letters & Science Breadth degree requirements which are listed in the plan. In this case, students should adjust their plan by reorganizing the remaining degree requirements using the following priorities:
  - a. Ethnic Studies and Communication Part B (obligatory in the first year)
  - b. Physical, Biological, and Social Science Breadth (which may be prerequisites for more advanced electives)
  - c. Humanities and Literature.
  - d. Remaining schedule space should be considered electives.
- At least 26 of the non-MATH credits must be at the Intermediate or Advanced level.
- Consider using the elective space in the plan as follows: additional major or certificate, career readiness, graduate school preparation, and other personal interests.

First Year		
Fall	Credits Spring	Credits
MATH 234	4 MATH Linear Algebra	3
Ethnic Studies	3 Intermediate MATH	3
Communication B	3 Physical Science Breadth	3
Biological Science Breadth	3 Biological Science Breadth	3
Physical Science Breadth	3 Foreign Language (if needed for the BA) or Elective	3
<b>16</b>		<b>15</b>

Second Year		
Fall	Credits Spring	Credits
Intermediate MATH	3 Advanced MATH	3
Advanced MATH	3 Intermediate MATH	3
Literature Breadth	3 Literature Breadth	3
Social Science Breadth	3 Social Science Breadth	3
Elective (Intermediate or Advanced level)	3 Elective (Intermediate or Advanced level)	3
<b>15</b>		<b>15</b>

Third Year		
Fall	Credits Spring	Credits
Advanced MATH	3 Humanities Breadth (Intermediate or Advanced level)	3
Social Science Breadth	3 Social Science Breadth (Intermediate or Advanced level)	3
Humanities Breadth	3 Elective (Intermediate or Advanced level)	9
Elective (Intermediate or Advanced level)	6	
<b>15</b>		<b>15</b>

**Total Credits 91**

## ADVISING AND CAREERS

### ADVISING AND CAREERS ADVISING

Students who are interested in the math major should visit a faculty advisor. Information about current advisor availability is on the Math advising page (<https://www.math.wisc.edu/undergraduate/advising/>).

For advice on college algebra, pre-calculus, and calculus, see the placement advising pages (<https://www.math.wisc.edu/undergraduate/placement/>) of the department.

#### Transition Courses

All majors are required to complete at least one of the following. It is suggested that majors (and those interested in the major) complete such a course as soon in their academic career as possible.

Code	Title	Credits
MATH 341	Linear Algebra	
MATH 321 & MATH 322	Applied Mathematical Analysis and Applied Mathematical Analysis	
MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
MATH 421	The Theory of Single Variable Calculus	
MATH 467	Introduction to Number Theory	

#### Graduate Study

Students preparing for graduate work in mathematics should take the following courses:

Code	Title	Credits
MATH 341 or MATH 375	Linear Algebra Topics in Multi-Variable Calculus and Linear Algebra	3
MATH 521	Analysis I	3
MATH 522	Analysis II	3
MATH 541	Modern Algebra	3
MATH 542	Modern Algebra	3
MATH 551 or MATH 561	Elementary Topology Differential Geometry	3

Select at least two other courses at the 500 level or higher

Students who plan to enter a mathematics PhD program should acquire a reading knowledge of at least one foreign language as early as possible. For mathematics study, the most useful languages are French, German, and Russian.

### CAREERS

In recent years graduating math majors have obtained employment in a variety of jobs in business, industry, and governmental agencies and also have obtained teaching positions at the secondary school level (such teaching positions normally require teaching certification). Others have continued their education at the graduate level in mathematics and other fields. Departments in a variety of fields that use mathematics, including the social and biological sciences as well as in engineering and the physical sciences, are interested in attracting math majors into their graduate programs. Math PhD's obtain academic positions at the college

and university level and nonacademic positions entailing consulting and research. The math major requirements are flexible enough to allow preparation for various goals.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

## PEOPLE

Please visit the Math Department website (<https://math.wisc.edu>) for a complete list of faculty (<https://math.wisc.edu/math-faculty/>) and instructional academic staff (<https://math.wisc.edu/academic-staff/>).

## RESOURCES AND SCHOLARSHIPS

## RESOURCES AND SCHOLARSHIPS

The Department of Mathematics offers scholarships, awards, and prizes (<https://math.wisc.edu/undergraduate/awards/>) to declared math majors. Award applications are open during the spring semester so that award recipients may be selected before the end of spring semester and applied to fall enrollment.

Awards vary in scope and criteria. Some awards are open to students who exhibit financial need, while others are granted to students based

on academic merit. Other awards are related to undergraduate research. Awards may be open to specific student populations, such as:

- Underrepresented students of color
- Self-identified women
- Graduating majors
- Early-career majors

Declared math majors are encouraged to apply for any awards in which they meet the qualifications.

# MATHEMATICS: MATHEMATICS FOR DATA SCIENCE

## REQUIREMENTS

## REQUIREMENTS

The Mathematics for Data Science program requires 10 distinct courses for at least 30 credits as described below. Note that while some courses may be used to fulfill more than one requirement it is still considered only a single course and may only contribute once to the total course count. Finally, at most one course from each of the following groupings may be used to fulfill the minimum course and credit requirement (i.e.: minimum of ten courses and at least 30 credits): Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375), Intro Differential Equations (MATH 319, MATH 320 or MATH 376), and Intro Probability (MATH/STAT 309 or MATH/STAT 431).

Code	Title	Credits
<b>Core Math Requirement (minimum of six distinct MATH courses for at least 18 credits)</b>		
<i>Linear Algebra</i>		3-5
MATH 341	Linear Algebra	
or MATH 320	Linear Algebra and Differential Equations	
or MATH 340	Elementary Matrix and Linear Algebra	
or MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
<i>Intermediate Mathematics Requirement (complete at least one)</i>		0-6
MATH 421	The Theory of Single Variable Calculus	
MATH 341	Linear Algebra	
MATH 321 & MATH 322	Applied Mathematical Analysis and Applied Mathematical Analysis	
MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
<i>Probability (complete at least one)</i>		3
MATH/STAT 431	Introduction to the Theory of Probability	
or MATH/STAT 309	Introduction to Probability and Mathematical Statistics I	
MATH 531	Probability Theory	
<i>Numerical and optimization methods (complete at least one)</i>		3

MATH/ COMP SCI 513	Numerical Linear Algebra	
MATH/ COMP SCI/I SY E/ STAT 525	Linear Optimization	
MATH/ COMP SCI 514	Numerical Analysis	
MATH 443	Applied Linear Algebra	
MATH/ COMP SCI/ I SY E 425	Introduction to Combinatorial Optimization	
<i>Mathematics of data</i>		3
MATH 535	Mathematical Methods in Data Science	
<i>Advanced Electives (complete at least one):</i>		0-3
MATH/ COMP SCI 513	Numerical Linear Algebra	
MATH/ COMP SCI 514	Numerical Analysis	
MATH 521	Analysis I	
MATH/ COMP SCI/I SY E/ STAT 525	Linear Optimization	
MATH 531	Probability Theory	
MATH 540	Linear Algebra II	
MATH 616	Data-Driven Dynamical Systems, Stochastic Modeling and Prediction	
MATH/I SY E/ OTM/STAT 632	Introduction to Stochastic Processes	
<i>Electives to reach required six courses for at least 18 credits in MATH<sup>1</sup></i>		0-6
MATH/STAT 310	Introduction to Probability and Mathematical Statistics II	
MATH/ COMP SCI/ I SY E 425	Introduction to Combinatorial Optimization	
MATH 443	Applied Linear Algebra	
MATH 444	Graphs and Networks in Data Science	
MATH/ COMP SCI 513	Numerical Linear Algebra	
MATH/ COMP SCI 514	Numerical Analysis	
MATH 521	Analysis I	
MATH/ COMP SCI/I SY E/ STAT 525	Linear Optimization	
MATH 531	Probability Theory	
MATH 540	Linear Algebra II	
MATH 616	Data-Driven Dynamical Systems, Stochastic Modeling and Prediction	
MATH/I SY E/ OTM/STAT 632	Introduction to Stochastic Processes	

**Data Science Requirement (at least four courses for at least 12 credits)<sup>2</sup>** 12

*Data Science Fundamentals (choose one)*

STAT 340	Data Science Modeling II
COMP SCI 320	Data Science Programming II
<i>Remaining courses may be selected from below or from the MATH elective lists above.<sup>3</sup></i>	
COMP SCI/E C E/ I SY E 524	Introduction to Optimization

ECON 410	Introductory Econometrics
ECON 570	Fundamentals of Data Analytics for Economists
I SY E 412	Fundamentals of Industrial Data Analytics
I SY E 612	Information Sensing and Analysis for Manufacturing Processes
M E 536	Data Driven Engineering Design

**Total Credits** 30

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA on all MATH courses and courses eligible for the major.<sup>4</sup>
- 2.000 GPA on at least 15 credits of upper level credit in the major.<sup>5</sup>
- 15 credits in MATH in the major taken on the UW-Madison campus.<sup>6</sup>

## FOOTNOTES

<sup>1</sup> Elective courses must be distinct from those used to fulfill the above requirements.

<sup>2</sup> Courses below may have prerequisites outside of this program.

- <sup>3</sup> MATH courses must be distinct from any used to fulfill an above requirement.
- <sup>4</sup> This includes any course with a MATH prefix (or crosslisted with MATH) regardless of its appearance in the tables above and any non-MATH class explicitly listed in the tables above.
- <sup>5</sup> This includes any MATH course (including those crosslisted with MATH) numbered 307 and above, regardless of its appearance in the tables above, as well as only those non-MATH classes which appear in the tables above and have the advanced LAS attribute.
- <sup>6</sup> This includes any MATH course (and those crosslisted with MATH) numbered 307 and above.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

In general, your four year plan in mathematics should be organized along the following sequence:

1. Calculus
2. Linear Algebra
3. Required Intermediate level course
4. Additional intermediate level courses as needed
5. Required advanced level course
6. Additional advanced level courses

#### Freshman

Fall	Credits Spring	Credits
MATH 221	5 MATH 222	4

## MATHEMATICS: MATHEMATICS FOR ECONOMICS AND FINANCE

### REQUIREMENTS

### REQUIREMENTS

The Mathematics Major with Economics and Finance focus requires 10 distinct courses for at least 30 credits as described below. Note that while some courses may be used to fulfill more than one requirement it is still considered only a single course and may only contribute once to the total course count. Finally, at most one course from each of the following groupings may be used to fulfill the minimum course and credit requirement (i.e.: minimum of ten courses and at least 30 credits): Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375), Intro Differential Equations (MATH 319, MATH 320 or MATH 376), and Intro Probability (MATH/STAT 309 or MATH/STAT 431).

Code	Title	Credits
<b>Core Math Requirement (minimum of six distinct MATH courses for at least 18 credits)<sup>1</sup></b>		
<i>Linear Algebra</i>		3-5
MATH 341	Linear Algebra	
or MATH 320	Linear Algebra and Differential Equations	
or MATH 340	Elementary Matrix and Linear Algebra	
or MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
<i>Differential equations</i>		0-5
MATH 319	Techniques in Ordinary Differential Equations	
or MATH 320	Linear Algebra and Differential Equations	
or MATH 322	Applied Mathematical Analysis	

or MATH 376	Topics in Multi-Variable Calculus and Differential Equations	
or MATH 415	Applied Dynamical Systems, Chaos and Modeling	
or MATH 519	Ordinary Differential Equations	
<i>Intermediate Mathematics Requirement (complete at least one)</i>		0-6
MATH 321 & MATH 322	Applied Mathematical Analysis and Applied Mathematical Analysis	
MATH 341	Linear Algebra	
MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
MATH 421	The Theory of Single Variable Calculus	
<i>Analysis Requirement</i>		3
MATH 521	Analysis I	
<i>Electives to reach required six courses for at least 18 credits of MATH</i>		6-9
<i>At least one course must be selected from:</i>		
MATH/COMP SCI 513	Numerical Linear Algebra	
MATH/COMP SCI 514	Numerical Analysis	
MATH 519	Ordinary Differential Equations	
MATH 522	Analysis II	
MATH/COMP SCI/ISY E/STAT 525	Linear Optimization	
MATH 531	Probability Theory	
MATH 535	Mathematical Methods in Data Science	
MATH 540	Linear Algebra II	
MATH 605	Stochastic Methods for Biology	
MATH 616	Data-Driven Dynamical Systems, Stochastic Modeling and Prediction	
MATH 619	Analysis of Partial Differential Equations	
MATH 627	Introduction to Fourier Analysis	
MATH 629	Introduction to Measure and Integration	
MATH/ISY E/OTM/STAT 632	Introduction to Stochastic Processes	
MATH 635	An Introduction to Brownian Motion and Stochastic Calculus	
<i>Remaining courses/credits may be from:</i>		
MATH/STAT 310	Introduction to Probability and Mathematical Statistics II	
MATH 321	Applied Mathematical Analysis	
MATH 322	Applied Mathematical Analysis	
MATH 415	Applied Dynamical Systems, Chaos and Modeling	
MATH 421	The Theory of Single Variable Calculus	
MATH/COMP SCI/ISY E 425	Introduction to Combinatorial Optimization	

MATH/STAT 431	Introduction to the Theory of Probability	
or MATH/STAT 309	Introduction to Probability and Mathematical Statistics I	
MATH 443	Applied Linear Algebra	
MATH 444	Graphs and Networks in Data Science	
MATH/COMP SCI/STAT 475	Introduction to Combinatorics	
<b>Economics/Finance Requirement (Four Courses distinct from the above for at least 12 credits)<sup>1</sup></b>		
<i>Select one of the following introductory sequences:</i>		6-8
ECON 311 & ECON 312	Intermediate Microeconomic Theory - Advanced Treatment and Intermediate Macroeconomic Theory - Advanced Treatment	
ECON 301 & ECON 302	Intermediate Microeconomic Theory and Intermediate Macroeconomic Theory	
ECON/FINANCE 300 & ECON/FINANCE 320	Introduction to Finance and Investment Theory	
<i>Economics/Finance Elective (choose at least two)<sup>2</sup></i>		6-8
ECON 400	Introduction to Applied Econometrics	
ECON 410	Introductory Econometrics	
ECON/A A E 421	Economic Decision Analysis	
ECON 435	The Financial System	
ECON 441	Analytical Public Finance	
ECON 442	Macroeconomic Policy	
ECON 448	Human Resources and Economic Growth	
ECON 450	Wages and the Labor Market	
ECON 451	The Economic Approach to Human Behavior	
ECON 455	Behavioral Economics	
ECON 458	Industrial Structure and Competitive Strategy	
ECON 460	Economic Forecasting	
ECON 461	International Macroeconomics	
ECON 464	International Trade

# MATHEMATICS: MATHEMATICS FOR SECONDARY EDUCATION

## REQUIREMENTS

### REQUIREMENTS

The Mathematics Major for Secondary Education named option requires at least 8 distinct courses for at least 24 credits as described below. While a single courses may be used to fulfill more than one requirement, it will only contribute once to the total course/credit count. Finally, at most one course from each of the following groupings may be used to fulfill the minimum course and credit requirement (i.e.: minimum of 8 courses and at least 24 credits): Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375), Intro Differential

Equations (MATH 319, MATH 320 or MATH 376), and Intro Probability (MATH/STAT 309 or MATH/STAT 431).

Code	Title	Credits
<b>Requirements (minimum of eight distinct courses for at least 24 credits)<sup>1</sup></b>		
<i>Linear Algebra</i>		3-5
MATH 341	Linear Algebra	
or MATH 320	Linear Algebra and Differential Equations	
or MATH 340	Elementary Matrix and Linear Algebra

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA on all MATH courses and courses eligible for the major.<sup>2</sup>
- 2.000 GPA on at least 15 credits of upper level credit in the major.<sup>3</sup>
- 15 credits in MATH in the major taken on the UW-Madison campus.<sup>4</sup>

## FOOTNOTES

<sup>1</sup> Course options below may have prerequisites outside of those listed for this program.

<sup>2</sup> This includes any course with a MATH prefix (including those cross-listed with MATH) regardless of its appearance in the tables above as well as only those specific non-MATH courses listed in the tables above.

<sup>3</sup> This includes all MATH courses (including those crosslisted with MATH) which are numbered 307 and above, regardless of appearing in the course lists above, as well as only those non-MATH courses which appear in the lists above and carry the advanced LAS designation.

<sup>4</sup> This includes only those courses with a MATH prefix (or cross-listed with MATH) numbered 307 and above.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning,

including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

In general, your four year plan in mathematics should be organized along the following sequence:

1. Calculus
2. Linear Algebra
3. Required Intermediate level courses
4. Additional intermediate level courses as needed
5. Required advanced level course
6. Additional advanced level courses

#### Freshman

Fall	Credits Spring	Credits

Elective	3 Elective	3
	<b>15</b>	<b>15</b>

**Total Credits 120****FOOTNOTES**

<sup>1</sup> Students should declare their major upon the successful completion of this course

<sup>2</sup> Taught only in odd-numbered springs. Take spring of junior year if graduating in an even-numbered spring.

# MATHEMATICS: MATHEMATICS FOR THE PHYSICAL AND BIOLOGICAL SCIENCES

**REQUIREMENTS****REQUIREMENTS**

The Mathematics for the Physical and Biological Sciences program requires 10 distinct courses for at least 30 credits as described below. While a single courses may be used to fulfill more than one requirement, it will only contribute once to the total course count. Finally, at most one course from each of the following groupings may be used to fulfill the minimum course and credit requirement (i.e.: minimum of ten courses and at least 30 credits): Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375), Intro Differential Equations (MATH 319, MATH 320 or MATH 376), and Intro Probability (MATH/STAT 309 or MATH/STAT 431).

Code	Title	Credits
<b>Core Math Requirement (minimum of six distinct MATH courses for at least 18 credits) <sup>1</sup></b>		
<i>Linear Algebra</i>		3-5
MATH 341	Linear Algebra	
or MATH 320	Linear Algebra and Differential Equations	
or MATH 340	Elementary Matrix and Linear Algebra	
or MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	
<i>Differential Equations</i>		0-5
MATH 319	Techniques in Ordinary Differential Equations	
or MATH 320	Linear Algebra and Differential Equations	
or MATH 322	Applied Mathematical Analysis	
or MATH 376	Topics in Multi-Variable Calculus and Differential Equations	
or MATH 415	Applied Dynamical Systems, Chaos and Modeling	
or MATH 519	Ordinary Differential Equations	
<i>Intermediate Mathematics Requirement (complete one)</i>		0-6
MATH 321 & MATH 322	Applied Mathematical Analysis and Applied Mathematical Analysis	
MATH 375	Topics in Multi-Variable Calculus and Linear Algebra	

MATH 341	Linear Algebra	
MATH 421	The Theory of Single Variable Calculus	
<i>Advanced Mathematics Requirement (complete one)</i>		3
MATH/ COMP SCI 514	Numerical Analysis	
MATH 519	Ordinary Differential Equations	
MATH 521	Analysis I	
MATH 531	Probability Theory	
MATH 540	Linear Algebra II	
MATH 541	Modern Algebra	
MATH 551	Elementary Topology	
MATH 561	Differential Geometry	
MATH 619	Analysis of Partial Differential Equations	
MATH 623	Complex Analysis	
<i>MATH Elective to reach six courses and 18 credits</i>		3-9
<i>At least one from: <sup>1</sup></i>		
MATH/ COMP SCI 513	Numerical Linear Algebra	
MATH/ COMP SCI 514	Numerical Analysis	
MATH 519	Ordinary Differential Equations	
MATH 521	Analysis I

## FOOTNOTES

<sup>1</sup> Students should declare their major upon the successful completion of this course

## MATHEMATICS, CERTIFICATE

The primary purpose of the mathematics certificate is to serve those students who wish to enhance their content knowledge in mathematics but are unable to complete the requirements of a second major.

### HOW TO GET IN

## HOW TO GET IN

Students must meet with a math advisor in order to declare and to discuss course selection. Math advisor information is provided at the math advising page (<http://www.math.wisc.edu/undergraduate/advising/>).

Students pursuing the Applied Mathematics, Engineering, and Physics degree program (BS-AMEP) are not eligible to declare the Mathematics certificate.

Students declared in the Mathematics major are not eligible to declare the Mathematics certificate.

### REQUIREMENTS

## REQUIREMENTS

The certificate requires a minimum of 12 credits. Note that **at most one** course from each of the following groupings may be used to fulfill the minimum credit requirement: Intro Linear Algebra (MATH 320, MATH 340, MATH 341, MATH 375 ), Intro Differential Equations (MATH 319, MATH 320, MATH 376), and Intro Probability (MATH/STAT 309, MATH 331, MATH/STAT 431).

Code	Title	Credits
<b>Requirements <sup>1,2</sup></b>		
3 credits	MATH 400–699	3
9 credits from	MATH 307–699	9
<b>Total Credits</b>		<b>12</b>

## FOOTNOTES

<sup>1</sup> Excluding MATH/CURRIC 471.

<sup>2</sup> At most one (1) course each from these groups may apply:

- Linear Algebra: MATH 320, MATH 340, MATH 341, MATH 375
- Differential Equations: MATH 319, MATH 320, MATH 376
- Probability: MATH/STAT 309, MATH 331, MATH/STAT 431

## RESIDENCE & QUALITY OF WORK

- At least 9 certificate credits must be completed in residence.
- Minimum 2.000 GPA on all certificate courses.

## UNDERGRADUATE/SPECIAL STUDENT CERTIFICATES

This certificate is intended to be completed in the context of an undergraduate degree and for those seeking this certificate that is preferred. For students who have substantially completed this certificate at UW–Madison and may need one or two courses to complete the certificate, they may do so immediately after completion of the bachelor’s degree by enrolling in the course as a University Special (nondegree) student. The certificate must be completed within a year of completion of the bachelor’s degree. Students should keep in mind that University Special students have the last registration priority and that may limit availability of desired courses. Financial aid is not available when enrolled as a University Special student to complete an undergraduate certificate.

### LEARNING OUTCOMES

## LEARNING OUTCOMES

1. State, explain, and apply the principal results, definitions, and theorems of a wide collection of mathematical areas.
2. Acquire a diverse set of skills and strategies in mathematical reasoning/problem solving.
3. Use mathematics to model and analyze problems in other disciplines.

### ADVISING AND CAREERS

## ADVISING AND CAREERS

### ADVISING

Students who are interested in the Mathematics certificate should visit with the Mathematics certificate advisor or a Mathematics faculty advisor. Information about current advisor availability is on the Math advising page (<https://www.math.wisc.edu/undergraduate/advising/>).

For advice on college algebra, pre-calculus, and calculus, see the placement advising pages (<https://www.math.wisc.edu/undergraduate/placement/>) of the department.

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)

- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

Please visit the Math Department website (<https://math.wisc.edu>) for a complete list of faculty (<https://math.wisc.edu/math-faculty/>) and instructional academic staff (<https://math.wisc.edu/academic-staff/>).

## MEAD WITTER SCHOOL OF MUSIC

The Mead Witter School of Music is a community of musicians, scholars, and teachers. Since its beginning in 1895, the School of Music has lived out a commitment to a student-centered musical education.

As one of the largest departments within the College of Letters & Science, we offer flexible programs with innovative and global approaches to music study. Our teaching, research, and performances reflect UW-Madison's progressive history of creating change through innovation and exploration.

Learn more about the Mead Witter School of Music on our website: <https://music.wisc.edu/>

### ACCREDITATION

We are accredited by the National Association of Schools of Music (NASM) and have been an institutional member of NASM since 1966. NASM is located at 11250 Roger Bacon Dr., Suite 21, Reston, VA 20190, and can be reached by phone at 703-437-0700. <https://nasm.arts-accredit.org/>

### FACILITIES

Learn more about our facilities on our website at: <https://music.wisc.edu/facilities/>

### CONCERT & EVENTS

We offer concerts and events throughout the year that are open to everyone: <https://music.wisc.edu/events> (<https://music.wisc.edu/events/>)

### CHOOSING A MUSIC MAJOR

Mead Witter School of Music offers several degree programs at the undergraduate level. Programs provide a foundation for graduate study and a career in music. We encourage conversations with Mead Witter

School of Music professors at any point during your first year as a music major to learn as much as possible about options that are available.

- The **Bachelor of Arts** and **Bachelor of Science** are liberal arts majors in the College of Letters & Science and are excellent programs for students interested in exploring the wide array of course offerings in the college or in two or more majors. Students outside of Letters & Science can earn an additional major in music with the permission of their home school or college.
- The **Bachelor of Music Performance** is a professional degree in music, with a majority of total coursework within the Mead Witter School of Music. Students in this program are looking for depth in performance study along with a large complement of other musical studies at an advanced level.
- The **Bachelor of Music Education** offers a degree that helps students prepare for the "K-12 Music" teacher certification.

### GRADES AND ADVISING

The School of Music is a department of the UW-Madison College of Letters & Science. Information on the grading system and academic procedures/policies is available in the College of Letters & Science section of this *Guide* under the policies and regulations (<http://guide.wisc.edu/undergraduate/letters-science/#policiesandregulationstext>) tab.

The undergraduate advisor of the Mead Witter School of Music serves as the advisor for all music majors. The advisor maintains records and assists students in determining an appropriate course schedule each semester.

### MUSIC COURSES AND ENSEMBLES FOR NON-MUSIC MAJORS

The School of Music offers a variety of courses in music theory, history, and literature to all UW-Madison students. Check out Course Search & Enroll each semester to see what is being offered. More information can be found at Mead Witter School of Music - Areas of Study (<https://music.wisc.edu/areas-of-study/>).

The School of Music also offers numerous bands, chamber ensembles, choirs, jazz ensembles, operas, and orchestras that are open to all UW-Madison students. Some ensembles require an audition and others do not. Learn more about School of Music ensembles at Student Ensembles (<https://music.wisc.edu/ensembles/>).

The School of Music has very limited availability for non-majors to take performance study (lessons) for credit and requires an audition before enrolling. Students interested in performance study should reach out to either the listed course instructor or undergraduate advisor for more information.

### SPECIAL STUDENTS

Persons who are interested in courses offered by the School of Music but who are not working toward a UW-Madison degree should contact the Division of Continuing Studies, 21 North Park Street, Madison, WI 53715; 608-263-6960. Enrollment is limited to certain music courses.

## DEGREES/MAJORS/CERTIFICATES

### DEGREES/MAJORS/ CERTIFICATES

#### UNDERGRADUATE DEGREE PROGRAMS

Mead Witter School of Music offers several options for majoring in music. Each requires a performance audition for admission. Continuation to upper-level study in these programs is contingent upon faculty approval and upon specific GPA minimums in several categories. Refer to the Requirements tab in each program description for details.

**Bachelor of Music: Performance**, with options in Brass, Percussion & Woodwinds, Composition, Guitar, Jazz, Organ, Piano, Strings, or Voice.

**Bachelor of Music: Music Education**, with options in Choral/General and Instrumental/General.

**Bachelor of Arts** or **Bachelor of Science**, with a music major: options in performance, jazz studies, composition, or an individualized music curriculum.

- Music, BA (p. 1207)
- Music, BS (p. 1219)
- Music: Education, BM (p. 1231)
- Music: Performance, BM (p. 1238)

## PEOPLE

### PEOPLE

The School of Music faculty are a distinguished group of educators, performing musicians, and active scholars. More information about our faculty can be found at: <https://music.wisc.edu/faculty/>

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

#### SCHOLARSHIPS AND FINANCIAL AID FOR MUSIC STUDENTS

The Mead Witter School of Music is able to offer some scholarships to its applicants based on the quality of the audition performance and the School of Music application. Continuing students are also considered for scholarship based on their progress in the School of Music. Please see the School of Music (<https://music.wisc.edu/undergraduate-admissions/>) website for more information regarding music scholarships.

Students are also encouraged to fill out the FAFSA and consult the Office of Student Financial Aid (<https://financialaid.wisc.edu/>) to regarding other available grants and loans.

#### HIRE A MUSICIAN

The School of Music maintains a blog for posting part-time job opportunities, gigs in the area, and other professional development opportunities at: <https://musicgigs.music.wisc.edu/>

## MUSICIAN HEALTH

For more information on student resources and information on the prevention and treatment of music-related injuries, please check out our musician health page: <https://music.wisc.edu/musician-health/>

## MUSIC, BA

The Mead Witter School of Music is a community of musicians, scholars, and teachers. Since its beginning in 1895, the School of Music has lived out a commitment to a student-centered musical education.

As one of the largest departments within the College of Letters & Science, we offer flexible programs with innovative and global approaches to music study. Our teaching, research, and performances reflect UW-Madison's progressive history of creating change through innovation and exploration.

Learn more about the Mead Witter School of Music on our website: Mead Witter School of Music (<https://music.wisc.edu/>).

## FACILITIES

Learn more about our facilities on our website at: Mead Witter School of Music - Facilities (<https://music.wisc.edu/facilities/>).

## CONCERT & EVENTS

We offer concerts and events throughout the year that are open to everyone. See Concerts & Events (<https://music.wisc.edu/concerts-events/>).

## HOW TO GET IN

### HOW TO GET IN

#### ADMISSION PROCEDURES

To be admitted to the Mead Witter School of Music a student needs to apply to and be admitted by both UW-Madison and the Mead Witter School of Music:

- Prospective (new or transfer) and re-entry students should apply to UW-Madison through the Office of Admissions and Recruitment (<https://admissions.wisc.edu/>).
- All students must also complete an application and pass an audition. See the Mead Witter School of Music website (<https://music.wisc.edu/undergraduate-admissions/>) for more information. Questions about the Music application and audition process should be directed to the Music Undergraduate Audition and Admissions Coordinator ([admissions@music.wisc.edu](mailto:admissions@music.wisc.edu)).
- Students declared in the Music major are not eligible to declare Music: Performance or Music: Education.

#### DECLARING A MUSIC MAJOR

Students admitted to UW-Madison and the Mead Witter School of Music will be declared in their music major or music degree program.

All students must make satisfactory progress, as described below, to continue in their major or degree program. Students not meeting these requirements should meet with the Undergraduate Music Advisor ([ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)) to discuss their options for continuing in the Mead Witter School of Music.

## MUSIC MAJOR CONTINUATION REQUIREMENTS

Students must meet all of the requirements below to continue in the program. Students not meeting any one of these requirements will be removed from the program and must choose a new major. Contact the Undergraduate Music Advisor ([ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)) for consideration of extenuating circumstances or if the student is considering a leave of absence (such as family emergency, personal wellness, study abroad, or approved accommodations)

### (1) Enrollment Requirements

- Enroll every fall and spring semester in a course that meets the Performance Study Requirements, until that requirement is completed.
- Enroll in MUSIC 121 and MUSIC 171 to begin the music theory/history sequence in the first possible fall semester after declaration.

### (2) Performance Study Jury and Progress Report

At least once a year, students must pass a performance jury with their major instrument. The purpose of this jury will be to evaluate performance study progress and to set goals for the coming year. Students who do not pass will receive guidance about making improvements and a warning letter and will have a semester to work with their professor to make improvements needed to remain in the program.

### (3) Progression to 400-Level Performance Study

At the end of the fourth semester of enrollment in Performance Study, students will be evaluated for permission to advance to 400-level performance study. Students who do not meet progression requirements to advance to 400-level performance study may be given an additional semester to meet those requirements.

### (4) Meet GPA Requirements in three areas:

- 2.000 overall cumulative GPA
- 2.000 cumulative GPA in all MUSIC and MUSIC PERFORMANCE courses
- 2.000 cumulative GPA in music theory (MUSIC 121, MUSIC 171, MUSIC 122, MUSIC 172, MUSIC 221, MUSIC 221 and MUSIC 271) and music history (MUSIC 211 and MUSIC 212)

### General Education

- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A Part B \*
- Ethnic Studies \*
- Quantitative Reasoning Part A Part B \*

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>
-----------------	--

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

Students who do not declare a Named Option must complete the requirements below.

View as [list](#) [view](#) as [grid](#)

### • MUSIC: PERFORMANCE (P. 1215)

Student must work with a School of Music faculty member to create a cohesive plan to meet requirements; the plan must be approved by the appropriate faculty area committee(s) and by the Curriculum Committee.

### PERFORMANCE STUDY - THREE SEMESTERS IN ONE OF THE FOLLOWING AREAS:

Code	Title	Credits
<i>Bass</i>		
MUS PERF 237	Elementary/Intermediate Double Bass	2-4
or MUS PERF 437	Advanced Double Bass	
<i>Bassoon</i>		
MUS PERF 215	Elementary/Intermediate Bassoon	2-4
or MUS PERF 415	Advanced Bassoon	
<i>Cello</i>		
MUS PERF 235	Elementary/Intermediate Cello	2-4
or MUS PERF 435	Advanced Cello	
<i>Clarinet</i>		
MUS PERF 211	Elementary/Intermediate Clarinet	2-4
or MUS PERF 411	Advanced Clarinet	
<i>Euphonium</i>		
MUS PERF 223	Elementary/Intermediate Euphonium	2-4
or MUS PERF 423	Advanced Euphonium	
<i>Flute</i>		
MUS PERF 207	Elementary/Intermediate Flute	2-4
or MUS PERF 407	Advanced Flute	
<i>Guitar</i>		
MUS PERF 240	Elementary/Intermediate Guitar	2-4
or MUS PERF 440	Advanced Guitar	
<i>Harp</i>		
MUS PERF 239	Elementary/Intermediate Harp	2-4
or MUS PERF 439	Advanced Harp	
<i>Harpsichord</i>		
MUS PERF 202	Elementary/Intermediate Harpsichord	2-4

or MUS PERF 402 Advanced Harpsichord		
<i>Horn</i>		
MUS PERF 217	Elementary/Intermediate Horn	2-4
or MUS PERF 417	Advanced Horn	
<i>Percussion</i>		
MUS PERF 227	Elementary/Intermediate Percussion	2-4
or MUS PERF 427	Advanced Percussion	
<i>Piano</i>		
MUS PERF 201	Elementary/Intermediate Piano	2-4
or MUS PERF 401	Advanced Piano	
<i>Oboe</i>		
MUS PERF 209	Elementary/Intermediate Oboe	2-4
or MUS PERF 409	Advanced Oboe	
<i>Organ</i>		
MUS PERF 203	Elementary/Intermediate Organ	2-4
or MUS PERF 403	Advanced Organ	
<i>Saxophone</i>		
MUS PERF 213	Elementary/Intermediate Saxophone	2-4
or MUS PERF 413	Advanced Saxophone	
<i>Trombone</i>		
MUS PERF 221	Elementary/Intermediate Trombone	2-4
or MUS PERF 421	Advanced Trombone	
<i>Trumpet</i>		
MUS PERF 219	Elementary/Intermediate Trumpet	2-4
or MUS PERF 419	Advanced Trumpet	
<i>Tuba</i>		
MUS PERF 225	Elementary/Intermediate Tuba	2-4
or MUS PERF 425	Advanced Tuba	
<i>Viola</i>		
MUS PERF 233	Elementary/Intermediate Viola	2-4
or MUS PERF 433	Advanced Viola	
<i>Violin</i>		
MUS PERF 231	Elementary/Intermediate Violin	2-4
or MUS PERF 231	Elementary/Intermediate Violin	
<i>Voice</i>		
MUS PERF 205	Elementary/Intermediate Voice	2-4
or MUS PERF 405	Advanced Voice	

### MUSIC THEORY, MUSIC HISTORY, AND PIANO SKILLS

Code	Title	Credits
MUSIC 121 & MUSIC 171	Musica Practica 1 and Musica Practica: Aural Skills 1	4
MUSIC 122 & MUSIC 172	Musica Practica 2 and Musica Practica: Aural Skills 2	4
MUSIC 211	Survey of the History of Western Music	3
MUSIC 212	Survey of the History of Western Music	3

MUS PERF 102	Beginning Class Piano (Students who enroll in MUS PERF 201 or MUS PERF 203 are exempt from this course requirement.) <sup>1</sup>	2	MUSIC 222	Musica Practica 4	3
			MUSIC 229	Jazz Theory & Composition	3
			MUSIC 252	Introduction to Conducting and Pedagogy	2

**Total Credits** **16**

<sup>1</sup> A student may complete a proficiency exam in piano, instead of completing this course.

## MUSIC CORE COURSES

**Code** **Title** **Credits**  
**6 credits from at least two categories:** **6**

*Theory* 3-4

MUSIC 221 & MUSIC 271	Musica Practica 3 and Musica Practica: Aural Skills 3 (must be taken concurrently)	
-----------------------	--	--

MUSIC 222 & MUSIC 272	Musica Practica 4 and Musica Practica: Aural Skills 4 (must be taken concurrently)	
-----------------------	--	--

*History* 3

MUSIC/ FOLKLORE 402	Musical Cultures of the World	
---------------------	-------------------------------	--

MUSIC 405	Seminar: Cultural Study of Music	
-----------	----------------------------------	--

MUSIC 411	Survey of Music in the Middle Ages	
-----------	------------------------------------	--

MUSIC 412	Survey of Music in the Renaissance	
-----------	------------------------------------	--

MUSIC 413	Survey of Music in the Baroque Era	
-----------	------------------------------------	--

MUSIC 414	Survey of Music in the Classic Era	
-----------	------------------------------------	--

MUSIC 415	Survey of Music in the Romantic Era	
-----------	-------------------------------------	--

MUSIC 416	Survey of Music in the Twentieth Century	
-----------	--	--

MUSIC 417	Jazz Histories	
-----------	----------------	--

MUSIC 419	Music in the United States	
-----------	----------------------------	--

MUSIC 511	Historical Performance Practices	
-----------	----------------------------------	--

MUSIC 513	Survey of Opera	
-----------	-----------------	--

*Additional Performance* 3

Complete courses beyond the minimum three semesters required. Consult performance course list above.

**Total Credits** **15-16**

## MUSIC EMPHASIS - ELECTIVES TO MEET 42 CREDITS IN THE MAJOR<sup>2,3</sup>

**Code** **Title** **Credits**

MUSIC 40	Wind Ensemble	1

MUS PERF 499	Senior Recital	2

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## HONORS IN THE MAJOR

To participate in the Honors in the Major program, students must:

- Notify the School of Music undergraduate advisor of their intention to become a candidate for Honors in the Major. This will usually occur in the sophomore year.
- Present a minimum cumulative GPA of 3.300 in all courses taken at UW–Madison and maintain this average throughout the degree.
- Present a minimum 3.500 GPA in all music coursework
- Engage a faculty member and plan 12 credits of honors curriculum coursework; submit this plan to the undergraduate music advisor.
- Prior to beginning work on the Senior Honors Thesis sequence, confirm a faculty advisor for this sequence (who may be the same person as for the 12 credits above) and submit a prospectus outlining in detail the planned work including (a) the topic, (b) plans for research, and (c) a clear substantive written component, although it may also include oral and/or performance components. The faculty advisor must sign the prospectus indicating approval.

To complete and earn Honors in any Music major, students must satisfy the requirements for the major and these additional requirements:

- Earn a minimum 3.300 University GPA
- Earn a minimum 3.500 GPA in the major
- MUSIC 681–MUSIC 682 for a total of 6 credits
- 12 credits of Honors coursework in music: 6 of the 12 credits must be numbered 300 or above and only 6 credits can be taken in any one of the three music areas of theory, history, and performance.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Demonstrate technical proficiency in the major performance medium.
2. Demonstrate the ability to learn independently and collaboratively.
3. Integrate knowledge across domains of music research and applied studies.
4. Demonstrate artistry, creativity, and discipline in preparation and performance.
5. Employ an advanced vocabulary to discuss music verbally and in writing.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

Student must work with a School of Music faculty member to create a cohesive plan to meet requirements; the plan must be approved by the appropriate faculty area committee(s) and by the Curriculum Committee.

#### First Year

**Total Credits 120****ADVISING AND CAREERS****ADVISING AND CAREERS  
UNDERGRADUATE ADVISING****Advisor: Todd Reck**

Office: 3561G Humanities Building

Email: [ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)

Office Phone: 608-263-1918

**If you wish to schedule an advising appointment, please note the following:**

- Online access to schedule advising appointments is restricted to students who applied to, auditioned for, and have been admitted to the Mead Witter School of Music.
- Students considering applying to the School of Music should contact our undergraduate admissions coordinator, Jared Jellison, at [admissions@music.wisc.edu](mailto:admissions@music.wisc.edu) or 608-263-5986.

**INDIVIDUAL ACADEMIC ADVISING**

Current music majors can schedule an appointment with Todd via Starfish, which can be accessed via your MyUW student portal. If uncertain how to use Starfish, please see <https://advising.wisc.edu/facstaff/starfish/starfish-student-resources/>

Appointments can also be made by phone at 608-263-1918.

**Be Prepared for Your Advising Appointment**

Please bring the following to your appointment:

- Any questions you have about requirements, extracurricular opportunities, study abroad, or whatever is on your mind.
- A pen and paper for note-taking.
- Any form you may need signed. Be sure you have filled out all pertinent information and have read the form/document thoroughly.

**What to Expect from an Academic Advising Appointment**

Academic advisors help students learn and understand their degree and major requirements. Programs in the Mead Witter School of Music are highly sequential, and some required courses are offered only once each year. Many of our undergraduates are interested in earning an additional major and/or certificate; with careful planning each semester, this is possible. Advisors often can explain some of the differences between courses that meet the same degree requirement. For students considering study abroad, it's a good idea to begin exploring programs early in your degree and work with your advisor to determine the program length (semester/summer/year) that will best fit your needs and interests.

It is recommended that you see an advisor at least once a semester to plan your courses and check progress toward degree completion. Students sometimes need clarification of degree requirements, particularly if they are considering switching to a different major/degree program within the School of Music.

**GENERAL CONTACT INFORMATION**

Mead Witter School of Music

3561 Mosse Humanities Building

455 North Park St., Madison, WI 53706-1483

[music@music.wisc.edu](mailto:music@music.wisc.edu)**SCHOOL OF EDUCATION CAREER CENTER**

Need assistance with preparing for your next step after college? Want to explore career options linked to a Music Education major? Want help beginning your job search and don't know where to start? Need assistance with your résumé, cover letter, or interviewing skills? Want to connect with potential employers?

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

The School of Music faculty are a distinguished group of educators, performing musicians, and active scholars. More information about our faculty can be found at: <https://music.wisc.edu/faculty/>

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS AND FINANCIAL AID FOR MUSIC STUDENTS

The Mead Witter School of Music is able to offer some scholarships to its applicants based on the quality of the audition performance and the School of Music application. Continuing students are also considered for scholarship based on their progress in the School of Music. Please see the School of Music (<https://music.wisc.edu/undergraduate-admissions/>) website for more information regarding music scholarships.

Students are also encouraged to fill out the FAFSA and consult the Office of Student Financial Aid (<https://financialaid.wisc.edu/>) to regarding other available grants and loans.

### HIRE A MUSICIAN

The School of Music maintains a blog for posting part-time job opportunities, gigs in the area, and other professional development opportunities at: <https://musicgigs.music.wisc.edu/>

### MUSICIAN HEALTH

For more information on student resources and information on the prevention and treatment of music-related injuries, please check out our musician health page: <https://music.wisc.edu/musician-health/>

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022-2023.

Accreditation review process slated to be completed fall 2024.

## MUSIC: PERFORMANCE

### REQUIREMENTS

### REQUIREMENTS FOR THE PERFORMANCE OPTION <sup>4</sup>

42 credits required, as follows:

#### PERFORMANCE STUDY

Code	Title	Credits
<b>7 semesters in one instrument group below, with at least 3 semesters in the course numbered 400-499: <sup>1</sup></b>		

#### Bass

MUS PERF 237 Elementary/Intermediate Double Bass

or MUS PERF 437 Advanced Double Bass

#### Bassoon

MUS PERF 215	Elementary/Intermediate Bassoon (Requires concurrent enrollment in MUSIC 61, 62, 40, or 41)
or MUS PERF 417	Advanced Bassoon
<b>Cello</b>	
MUS PERF 235	Elementary/Intermediate Cello (Requires concurrent enrollment in MUSIC 61 or 62)
or MUS PERF 435	Advanced Cello
<b>Clarinet</b>	
MUS PERF 211	Elementary/Intermediate Clarinet (Requires concurrent enrollment in MUSIC 61, 62, 40, or 41)
or MUS PERF 411	Advanced Clarinet
<b>Euphonium</b>	
MUS PERF 223	Elementary/Intermediate Euphonium (Requires concurrent enrollment in MUSIC 61, 62, 40, or 41)
or MUS PERF 423	Advanced Euphonium
<b>Flute</b>	
MUS PERF 207	Elementary/Intermediate Flute (Requires concurrent enrollment in MUSIC 61, 62, 40, or Music 41)
or MUS PERF 407	Advanced Flute
<b>Guitar</b>	
MUS PERF 240	Elementary/Intermediate Guitar
or MUS PERF 440	Advanced Guitar
<b>Harp</b>	
MUS PERF 239	Elementary/Intermediate Harp (Requires concurrent enrollment in MUSIC 61, or 62)
or MUS PERF 439	Advanced Harp
<b>Horn</b>	
MUS PERF 217	Elementary/Intermediate Horn
or MUS PERF 417	Advanced Horn
<b>Percussion</b>	
MUS PERF 227	Elementary/Intermediate Percussion
or MUS PERF 427	Advanced Percussion
<b>Piano</b>	
MUS PERF 201	Elementary/Intermediate Piano
or MUS PERF 401	Advanced Piano
<b>Oboe</b>	
MUS PERF 209	Elementary/Intermediate Oboe
or MUS PERF 409	Advanced Oboe
<b>Organ</b>	
MUS PERF 203	Elementary/Intermediate Organ
or MUS PERF 403	Advanced Organ
<b>Saxophone</b>	
MUS PERF 213	Elementary/Intermediate Saxophone
or MUS PERF 413	Advanced Saxophone
<b>Trombone</b>	
MUS PERF 221	Elementary/Intermediate Trombone

or MUS PERF 421 Advanced Trombone

**Trumpet**

MUS PERF 219 Elementary/Intermediate Trumpet  
or MUS PERF 419 Advanced Trumpet

**Tuba**

MUS PERF 225 Elementary/Intermediate Tuba  
or MUS PERF 425 Advanced Tuba

**Viola**

MUS PERF 233 Elementary/Intermediate Viola  
or MUS PERF 433 Advanced Viola

**Violin**

MUS PERF 231 Elementary/Intermediate Violin  
or MUS PERF 431 Advanced Violin

**Voice**

MUS PERF 205 Elementary/Intermediate Voice  
or MUS PERF 405 Advanced Voice

**Total Credits****14-28**

<sup>1</sup> Concurrent enrollment in the appropriate performing organization, ensemble, or accompanying is required each semester of enrollment in performance study,

**MUSIC THEORY, HISTORY, AND PIANO SKILLS**

Code	Title	Credits
MUSIC 121 & MUSIC 171	Musica Practica 1 and Musica Practica: Aural Skills 1	4
MUSIC 122 & MUSIC 172	Musica Practica 2 and Musica Practica: Aural Skills 2	4
MUSIC 221 & MUSIC 271	Musica Practica 3 and Musica Practica: Aural Skills 3	4
MUSIC 211	Survey of the History of Western Music	3
MUSIC 212	Survey of the History of Western Music	3
MUS PERF 102	Beginning Class Piano <sup>2</sup>	2
<i>Additional Music History. Complete one of the following:</i>		3
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era

## MUSIC, BS

The Mead Witter School of Music is a community of musicians, scholars, and teachers. Since its beginning in 1895, the School of Music has lived out a commitment to a student-centered musical education.

As one of the largest departments within the College of Letters & Science, we offer flexible programs with innovative and global approaches to music study. Our teaching, research, and performances reflect UW–Madison’s progressive history of creating change through innovation and exploration.

Learn more about the Mead Witter School of Music on our website: Mead Witter School of Music (<https://music.wisc.edu/>).

## FACILITIES

Learn more about our facilities on our website at: Mead Witter School of Music – Facilities (<https://music.wisc.edu/facilities/>).

## CONCERT & EVENTS

We offer concerts and events throughout the year that are open to everyone. See Concerts & Events (<https://music.wisc.edu/concerts-events/>).

## HOW TO GET IN

### HOW TO GET IN ADMISSION PROCEDURES

To be admitted to the Mead Witter School of Music a student needs to apply to and be admitted by both UW-Madison and the Mead Witter School of Music:

- Prospective (new or transfer) and re-entry students should apply to UW-Madison through the Office of Admissions and Recruitment (<https://admissions.wisc.edu/>).
- All students must also complete an application and pass an audition. See the Mead Witter School of Music website (<https://music.wisc.edu/undergraduate-admissions/>) for more information. Questions about the Music application and audition process should be directed to the Music Undergraduate Audition and Admissions Coordinator ([admissions@music.wisc.edu](mailto:admissions@music.wisc.edu)).
- Students declared in the Music major are not eligible to declare Music: Performance or Music: Education.

### DECLARING A MUSIC MAJOR

Students admitted to UW-Madison and the Mead Witter School of Music will be declared in their music major or music degree program.

All students must make satisfactory progress, as described below, to continue in their major or degree program. Students not meeting these requirements should meet with the Undergraduate Music Advisor ([ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)) to discuss their options for continuing in the Mead Witter School of Music.

### MUSIC MAJOR CONTINUATION REQUIREMENTS

Students must meet all of the requirements below to continue in the program. Students not meeting any one of these requirements will be removed from the program and must choose a new major. Contact the Undergraduate Music Advisor ([ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)) for consideration of extenuating circumstances or if the student is considering a leave of absence (such as family emergency, personal wellness, study abroad, or approved accommodations).

#### (1) Enrollment Requirements

- Enroll every fall and spring semester in a course that meets the Performance Study Requirements, until that requirement is completed.
- Enroll in MUSIC 121 and MUSIC 171 to begin the music theory/history sequence in the first possible fall semester after declaration.

#### (2) Performance Study Jury and Progress Report

At least once a year, students must pass a performance jury with their major instrument. The purpose of this jury will be to evaluate performance study progress and to set goals for the coming year. Students who do not pass will receive guidance about making improvements and a warning letter and will have a semester to work with their professor to make improvements needed to remain in the program.

#### (3) Progression to 400-Level Performance Study

At the end of the fourth semester of enrollment in Performance Study, students will be evaluated for permission to advance to 400-level

performance study. Students who do not meet progression requirements to advance to 400-level performance study may be given an additional semester to meet those requirements.

#### (4) Meet GPA Requirements in three areas:

- 2.000 overall cumulative GPA
- 2.000 cumulative GPA in all MUSIC and MUSIC PERFORMANCE courses
- 2.000 cumulative GPA in music theory (MUSIC 121, MUSIC 171, MUSIC 122, MUSIC 172, MUSIC 221, MUSIC 221 and MUSIC 271) and music history (MUSIC 211 and MUSIC 212)

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW–Madison
- 2.000 in Intermediate/Advanced level coursework at UW–Madison

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

Students who do not declare a Named Option must complete the requirements below.

View as listView as grid

#### • MUSIC: PERFORMANCE (P. 1215)

Student must work with a School of Music faculty member to create a cohesive plan to meet requirements; the plan must be approved by the appropriate faculty area committee(s) and by the Curriculum Committee.

### PERFORMANCE STUDY - THREE SEMESTERS IN ONE OF THE FOLLOWING AREAS:

Code	Title	Credits
<i>Bass</i>		
MUS PERF 237	Elementary/Intermediate Double Bass	2-4
	or MUS PERF 437 Advanced Double Bass	
<i>Bassoon</i>		
MUS PERF 215	Elementary/Intermediate Bassoon	2-4

or MUS PERF 415	Advanced Bassoon	
<i>Cello</i>		
MUS PERF 235	Elementary/Intermediate Cello	2-4
or MUS PERF 435	Advanced Cello	
<i>Clarinet</i>		
MUS PERF 211	Elementary/Intermediate Clarinet	2-4
or MUS PERF 411	Advanced Clarinet	
<i>Euphonium</i>		
MUS PERF 223	Elementary/Intermediate Euphonium	2-4
or MUS PERF 423	Advanced Euphonium	
<i>Flute</i>		
MUS PERF 207	Elementary/Intermediate Flute	2-4
or MUS PERF 407	Advanced Flute	
<i>Guitar</i>		
MUS PERF 240	Elementary/Intermediate Guitar	2-4
or MUS PERF 440	Advanced Guitar	
<i>Harp</i>		
MUS PERF 239	Elementary/Intermediate Harp	2-4
or MUS PERF 439	Advanced Harp	
<i>Harpsichord</i>		
MUS PERF 202	Elementary/Intermediate Harpsichord	2-4
or MUS PERF 402	Advanced Harpsichord	
<i>Horn</i>		
MUS PERF 217	Elementary/Intermediate Horn	2-4
or MUS PERF 417	Advanced Horn	
<i>Percussion</i>		
MUS PERF 227	Elementary/Intermediate Percussion	2-4
or MUS PERF 427	Advanced Percussion	
<i>Piano</i>		
MUS PERF 201	Elementary/Intermediate Piano	2-4
or MUS PERF 401	Advanced Piano	
<i>Oboe</i>		
MUS PERF 209	Elementary/Intermediate Oboe	2-4
or MUS PERF 409	Advanced Oboe	
<i>Organ</i>		
MUS PERF 203	Elementary/Intermediate Organ	2-4
or MUS PERF 403	Advanced Organ	
<i>Saxophone</i>		
MUS PERF 213	Elementary/Intermediate Saxophone	2-4
or MUS PERF 413	Advanced Saxophone	
<i>Trombone</i>		
MUS PERF 221	Elementary/Intermediate Trombone	2-4
or MUS PERF 421	Advanced Trombone	
<i>Trumpet</i>		
MUS PERF 219	Elementary/Intermediate Trumpet	2-4
or MUS PERF 419	Advanced Trumpet	
<i>Tuba</i>		
MUS PERF 225	Elementary/Intermediate Tuba	2-4
or MUS PERF 425	Advanced Tuba	
<i>Viola</i>		

MUS PERF 233	Elementary/Intermediate Viola	2-4
or MUS PERF 433	Advanced Viola	
<i>Violin</i>		
MUS PERF 231	Elementary/Intermediate Violin	2-4
or MUS PERF 231	Elementary/Intermediate Violin	
<i>Voice</i>		
MUS PERF 205	Elementary/Intermediate Voice	2-4
or MUS PERF 405	Advanced Voice	

## MUSIC THEORY, MUSIC HISTORY, AND PIANO SKILLS

Code	Title	Credits
MUSIC 121 & MUSIC 171	Musica Practica 1 and Musica Practica: Aural Skills 1	4
MUSIC 122 & MUSIC 172	Musica Practica 2 and Musica Practica: Aural Skills 2	4
MUSIC 211	Survey of the History of Western Music	3
MUSIC 212	Survey of the History of Western Music	3
MUS PERF 102	Beginning Class Piano (Students who enroll in MUS PERF 201 or MUS PERF 203 are exempt from this course requirement.) <sup>1</sup>	2
<b>Total Credits</b>		<b>16</b>

<sup>1</sup> A student may complete a proficiency exam in piano, instead of completing this course.

## MUSIC CORE COURSES

Code	Title	Credits
<b>6 credits from at least two categories:</b>		<b>6</b>
<i>Theory</i>		3-4
MUSIC 221 & MUSIC 271	Musica Practica 3 and Musica Practica: Aural Skills 3 (must be taken concurrently)	
MUSIC 222 & MUSIC 272	Musica Practica 4 and Musica Practica: Aural Skills 4 (must be taken concurrently)	
<i>History</i>		3
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 417	Jazz Histories	
MUSIC 419	Music in the United States	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	

*Additional Performance* 3

Complete courses beyond the minimum three semesters required. Consult performance course list above.

**Total Credits** 15-16

## MUSIC EMPHASIS - ELECTIVES TO MEET 42 CREDITS IN THE MAJOR <sup>2,3</sup>

Code	Title	Credits
MUSIC 40	Wind Ensemble	1
MUSIC 41	Concert Band	1
MUSIC 50	Concert Choir	1
MUSIC 52	Treble Choir	1
MUSIC 56	Chorale	1
MUSIC 58	Madrigal Singers	1
MUSIC 61	Chamber Orchestra	1

MUSIC 682	Senior Honors Thesis	3			

### Music Performance

Code	Title	Credits
MUS PERF 311	Advanced Techniques: Clarinet	1-2
MUS PERF 327	Advanced Techniques: Percussion	1-2
MUS PERF 331	Advanced Techniques: Violin	1-2
MUS PERF 333	Advanced Techniques: Viola	1-2

## HONORS IN THE MAJOR

To participate in the Honors in the Major program, students must:

- Notify the School of Music undergraduate advisor of their intention to become a candidate for Honors in the Major. This will usually occur in the sophomore year.
- Present a minimum cumulative GPA of 3.300 in all courses taken at UW–Madison and maintain this average throughout the degree.
- Present a minimum 3.500 GPA in all music coursework
- Engage a faculty member and plan 12 credits of honors curriculum coursework; submit this plan to the undergraduate music advisor.
- Prior to beginning work on the Senior Honors Thesis sequence, confirm a faculty advisor for this sequence (who may be the same person as for the 12 credits above) and submit a prospectus outlining in detail the planned work including (a) the topic, (b) plans for research, and (c) a clear substantive written component, although it may also include oral and/or performance components. The faculty advisor must sign the prospectus indicating approval.

To complete and earn Honors in any Music major, students must satisfy the requirements for the major and these additional requirements:

- Earn a minimum 3.300 University GPA
- Earn a minimum 3.500 GPA in the major
- MUSIC 681–MUSIC 682 for a total of 6 credits
- 12 credits of Honors coursework in music: 6 of the 12 credits must be numbered 300 or above and only 6 credits can be taken in any one of the three music areas of theory, history, and performance.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

Student must work with a School of Music faculty member to create a cohesive plan to meet requirements; the plan must be approved by the appropriate faculty area committee(s) and by the Curriculum Committee.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Demonstrate technical proficiency in the major performance medium.
2. Demonstrate the ability to learn independently and collaboratively.
3. Integrate knowledge across domains of music research and applied studies.
4. Demonstrate artistry, creativity, and discipline in preparation and performance.
5. Employ an advanced vocabulary to discuss music verbally and in writing.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic

## ADVISING AND CAREERS

### ADVISING AND CAREERS UNDERGRADUATE ADVISING

#### Advisor: Todd Reck

Office: 3561G Humanities Building

Email: [ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)

Office Phone: 608-263-1918

#### If you wish to schedule an advising appointment, please note the following:

- Online access to schedule advising appointments is restricted to students who applied to, auditioned for, and have been admitted to the Mead Witter School of Music.
- Students considering applying to the School of Music should contact our undergraduate admissions coordinator, Jared Jellison, at [admissions@music.wisc.edu](mailto:admissions@music.wisc.edu) or 608-263-5986.

### INDIVIDUAL ACADEMIC ADVISING

Current music majors can schedule an appointment with Todd via Starfish, which can be accessed via your MyUW student portal. If uncertain how to use Starfish, please see <https://advising.wisc.edu/facstaff/starfish/starfish-student-resources/>

Appointments can also be made by phone at 608-263-1918.

#### Be Prepared for Your Advising Appointment

Please bring the following to your appointment:

- Any questions you have about requirements, extracurricular opportunities, study abroad, or whatever is on your mind.
- A pen and paper for note-taking.
- Any form you may need signed. Be sure you have filled out all pertinent information and have read the form/document thoroughly.

#### What to Expect from an Academic Advising Appointment

Academic advisors help students learn and understand their degree and major requirements. Programs in the Mead Witter School of Music are highly sequential, and some required courses are offered only once each year. Many of our undergraduates are interested in earning an additional major and/or certificate; with careful planning each semester, this is possible. Advisors often can explain some of the differences between courses that meet the same degree requirement. For students considering study abroad, it's a good idea to begin exploring programs early in your degree and work with your advisor to determine the program length (semester/summer/year) that will best fit your needs and interests.

It is recommended that you see an advisor at least once a semester to plan your courses and check progress toward degree completion. Students sometimes need clarification of degree requirements, particularly if they are considering switching to a different major/degree program within the School of Music.

### GENERAL CONTACT INFORMATION

Mead Witter School of Music

### SCHOOL OF EDUCATION CAREER CENTER

Need assistance with preparing for your next step after college? Want to explore career options linked to a Music Education major? Want help beginning your job search and don't know where to start? Need assistance with your résumé, cover letter, or interviewing skills? Want to connect with potential employers?

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

Accreditation status: Accredited. Next accreditation review: 2022-2023. Accreditation review process slated to be completed fall 2024.

# MUSIC: PERFORMANCE

## REQUIREMENTS

### REQUIREMENTS FOR THE PERFORMANCE OPTION <sup>4</sup>

42 credits required, as follows:

#### PERFORMANCE STUDY

Code	Title	Credits
<b>7 semesters in one instrument group below, with at least 3 semesters in the course numbered 400-499:</b> <sup>1</sup>		<b>14-28</b>

#### Bass

MUS PERF 237	Elementary/Intermediate Double Bass
or MUS PERF 437	Advanced Double Bass

#### Bassoon

MUS PERF 215	Elementary/Intermediate Bassoon (Requires concurrent enrollment in MUSIC 61, 62, 40, or 41)
or MUS PERF 415	Advanced Bassoon

#### Cello

MUS PERF 235	Elementary/Intermediate Cello (Requires concurrent enrollment in MUSIC 61 or 62)
or MUS PERF 435	Advanced Cello

#### Clarinet

MUS PERF 211	Elementary/Intermediate Clarinet (Requires concurrent enrollment in MUSIC 61, 62, 40, or 41)
or MUS PERF 411	Advanced Clarinet

#### Euphonium

MUS PERF 223	Elementary/Intermediate Euphonium (Requires concurrent enrollment in MUSIC 61, 62, 40, or 41)
or MUS PERF 423	Advanced Euphonium

#### Flute

MUS PERF 207	Elementary/Intermediate Flute (Requires concurrent enrollment in MUSIC 61, 62, 40, or Music 41)
or MUS PERF 407	Advanced Flute

#### Guitar

MUS PERF 240	Elementary/Intermediate Guitar
or MUS PERF 440	Advanced Guitar

#### Harp

MUS PERF 239	Elementary/Intermediate Harp (Requires concurrent enrollment in MUSIC 61, or 62)
or MUS PERF 439	Advanced Harp

## PEOPLE

### PEOPLE

The School of Music faculty are a distinguished group of educators, performing musicians, and active scholars. More information about our faculty can be found at: <https://music.wisc.edu/faculty/>

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

#### SCHOLARSHIPS AND FINANCIAL AID FOR MUSIC STUDENTS

The Mead Witter School of Music is able to offer some scholarships to its applicants based on the quality of the audition performance and the School of Music application. Continuing students are also considered for scholarship based on their progress in the School of Music. Please see the School of Music (<https://music.wisc.edu/undergraduate-admissions/>) website for more information regarding music scholarships.

Students are also encouraged to fill out the FAFSA and consult the Office of Student Financial Aid (<https://financialaid.wisc.edu/>) to regarding other available grants and loans.

#### HIRE A MUSICIAN

The School of Music maintains a blog for posting part-time job opportunities, gigs in the area, and other professional development opportunities at: <https://musicgigs.music.wisc.edu/>

#### MUSICIAN HEALTH

For more information on student resources and information on the prevention and treatment of music-related injuries, please check out our musician health page: <https://music.wisc.edu/musician-health/>

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

<b>Horn</b>		
MUS PERF 217	Elementary/Intermediate Horn	
or MUS PERF 417	Advanced Horn	
<b>Percussion</b>		
MUS PERF 227	Elementary/Intermediate Percussion	
or MUS PERF 427	Advanced Percussion	
<b>Piano</b>		
MUS PERF 201	Elementary/Intermediate Piano	
or MUS PERF 401	Advanced Piano	
<b>Oboe</b>		
MUS PERF 209	Elementary/Intermediate Oboe	
or MUS PERF 409	Advanced Oboe	
<b>Organ</b>		
MUS PERF 203	Elementary/Intermediate Organ	
or MUS PERF 403	Advanced Organ	
<b>Saxophone</b>		
MUS PERF 213	Elementary/Intermediate Saxophone	
or MUS PERF 413	Advanced Saxophone

MUS PERF 458	Jazz Composition and Arranging	3

<sup>3</sup> A maximum of 16 credits can be taken from courses numbered below 100.

<sup>4</sup> The same requirements for Residence & Quality of Work apply to the Performance Option. The same Honors in the Major requirements apply, as well.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

## MUSIC: EDUCATION, BM

### VALUES AND EDUCATIONAL PRIORITIES

At the Mead Witter School of Music:

- we teach by example, offering participatory, mentor-driven education;
- we provide individualized instruction and flexible curricula that encourage students to find their own musical pathways;
- we foster musical excellence and high academic standards;
- our faculty exhibit the best of their respective fields, are deeply engaged in artistic scholarship and research, and are committed to teaching at all levels;
- we whole-heartedly embrace the Wisconsin Idea;
- we have created a dynamic educational community, part of a large and vibrant research university within a city that values and supports the arts.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community. Facilities specifically designed for music study and performance offer excellent resources for students to pursue their interests.

In addition to a thriving undergraduate student body, BM: Music Education students have the advantage of working side by side with students in master's-level and doctoral-level music programs. Working collegially in class and studio, making music together on stage and off, and building professional relationships across program boundaries all enable the sharing of expertise, experience, and perspectives and add immeasurably to every student's development.

The music degree programs are demanding and require care in taking courses in the proper sequence. Graduation can be delayed if a course is not taken in the appropriate semester. Refer to the Requirements and Four-Year Plan tabs for more details.

### THE MUSIC EDUCATION UNDERGRADUATE MAJOR

The undergraduate music education major offers two options: a specialty in *Instrumental Music* and a specialty in *Choral Music*. Regardless of chosen specialty, the Degree Requirements prepare students to teach in all areas of Music (K-12) instruction, including General Music. Upon completion of both the BM: Music Education and additional statutory and certification requirements, students may choose to apply for a Wisconsin teaching license in Music (K-12). Music Education is a program offered jointly by the School of Music and the School of Education. The Bachelor of Music: Education degree is conferred by the College of Letters & Science; teacher certification is earned through the School of Education.

Recent revisions to the music education curricula accomplish several important goals:

- Enable broad teaching certification for music instruction in Wisconsin's elementary and secondary schools, grades K through 12. Students may specialize in vocal or instrumental music, but

all students successfully completing the program and additional certification requirements will qualify for certification in Music (K-12) in accordance with Wisconsin's PI 34 requirements as outlined by the Department of Public Instruction.

- Explore the relationships between popular culture and music education. Graduates will be prepared to teach multiple forms of musical literacy, not just the traditional band, orchestra, and choral curriculum.
- Expand the number of musical styles studied in the curriculum. Students also participate in performance ensembles that reflect the diverse array of musical activities in today's schools.
- Offer an introductory music education class to sophomores prior to admission into the program.
- Provide instruction and experiences so that graduates can teach in culturally responsive ways.
- Increase performance collaboration between students in the instrumental and vocal options.
- Create an interdisciplinary program by including a core set of courses for all music education students.
- Enable potential completion of the undergraduate degree in four years, including the final semester of student teaching.

Although these programs are designed with the goal of preparing teachers to work in K-12 schools, the programs also provide a good preparation for individuals seeking careers in continuing education or music education-related fields outside of the traditional K-12 teaching environment.

The student's principal performance area should be consistent with the chosen major option. One or more additional performance areas may be required. Prospective music education majors must audition and be accepted into any additional performance areas at the music major level (200 level) of performance study prior to beginning the methods and practicum sequence. Mead Witter School of Music cannot guarantee admission to additional performance areas, nor can it guarantee that appropriate substitute coursework will be available. During the time a student is enrolled in degree work, all performance study is expected to take place at UW-Madison.

## HOW TO GET IN

### HOW TO GET IN ADMISSION TO THE BACHELOR OF MUSIC: EDUCATION PROGRAM

To be admitted to the Mead Witter School of Music a student needs to apply to and be admitted by both UW-Madison and the Mead Witter School of Music:

- Prospective (new or transfer) and re-entry students should apply to UW-Madison through the Office of Admissions and Recruitment (<https://admissions.wisc.edu/>).
- All students must also complete an application and pass an audition. See the Mead Witter School of Music website (<https://music.wisc.edu/undergraduate-admissions/>) for more information. Questions about the Music application and audition process should be directed to the Music Undergraduate Audition and Admissions Coordinator ([admissions@music.wisc.edu](mailto:admissions@music.wisc.edu)).

**Note:** Students declared in the Bachelor of Music: Education program are not eligible to declare Music: Performance, or the Music major.

Students who are interested in pursuing a second major or certificate outside of music should meet with the Undergraduate Music Advisor to discuss their interests and ways of meeting their educational goals.

## DECLARE THE MUSIC EDUCATION PROGRAM

Students admitted to UW-Madison and the Mead Witter School of Music will be declared in their music major or music degree program.

All students must make satisfactory progress, as described below, to continue in their major or degree program. Students not meeting these requirements should meet with the Undergraduate Music Advisor ([ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)) to discuss their options for continuing in the Mead Witter School of Music.

## MUSIC EDUCATION CONTINUATION REQUIREMENTS

Students must meet all of the requirements below to continue in the program. Students not meeting any one of these requirements may be removed from the program and must choose a new major. Contact the Undergraduate Music Advisor ([ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)) for consideration of extenuating circumstances or if the student is considering a leave of absence (such as family emergency, personal wellness, study abroad, or approved accommodations).

### (1) Enrollment Requirements

- Enroll every fall and spring semester in courses that meet the Performance Study Requirements, until those requirements are completed.
- Enroll in MUSIC 121 & MUSIC 171 to begin the music theory/history sequence in the first possible fall semester after declaration.

### (2) Performance Study Jury and Progress Report

At least once a year, students must pass a performance jury with their major instrument. The purpose of this jury will be to evaluate performance study progress and to set goals for the coming year. Students who do not pass will receive guidance about making improvements and a warning letter and will have a semester to work with [their professor to make improvements needed to remain in the program.](#)

### (3) Progression to 400-Level Performance Study

At the end of the fourth semester of enrollment in Performance Study, students will be evaluated for permission to advance to 400-level performance study. Students who do not meet progression requirements to advance to 400-level performance study may be given an additional semester to meet those requirements.

### (4) Meet GPA Requirements in three areas:

As part of the Music Education application process, the School of Music requires students to be meeting the following GPA requirements:

- 2.750 overall cumulative GPA
- 3.000 cumulative GPA in all MUSIC and MUSIC PERFORMANCE courses
- 2.500 cumulative GPA in music theory (MUSIC 121, MUSIC 171, MUSIC 122, MUSIC 172, MUSIC 221, MUSIC 271, MUSIC 222, and MUSIC 272) and music history (MUSIC 211 and MUSIC 212)

## (5) Music Education Teacher Education Program (METEP) Application, Audition, and Background Check

While enrolled in MUSIC/CURRIC 300, students declared in Music Education will be required to:

- Complete the METEP application
- Pass a music education audition
- Pass a criminal background check
- Meet the GPA Requirements outlined in (4) at the end of the semester of application
- Students must meet all of these requirements before enrolling in a course with field placement requirements (MUSIC/CURRIC 301, MUSIC/CURRIC 302, MUSIC/CURRIC 337, MUSIC/CURRIC 409 and MUSIC/CURRIC 410).

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF MUSIC

The Mead Witter School of Music (MWSOM) is a professional school within the College of Letters & Science (L&S). The College confers the Bachelor of Music degree for two distinct programs within the MWSOM: BM-Performance and BM-Education.

Students pursuing a Bachelor of Music degree in the College of Letters & Science must complete all of the requirements below. The BM is a special degree program; it is not considered a major. The BM degree is not

available to students who intend to earn a degree outside the College of Letters & Science.

## BACHELOR OF MUSIC - DEGREE REQUIREMENTS

Language	Complete the second unit of a language other than English (some Named Options required additional or specific languages).
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Gain admission to and complete one option within the degree program.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW-Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW-Madison</li> </ul>

## REQUIREMENTS FOR THE PROGRAM

The Bachelor of Music: Education program includes core requirements common to both options within the program, as well as specific requirements unique to each option. Requirements common to both options are detailed below. Refer to the Named Options section below for links to the specific requirements of a particular option within the program.

## REQUIREMENTS FOR BOTH MUSIC EDUCATION PROGRAM OPTIONS

All students in the Bachelor of Music: Education program must complete the following requirements:

Code	Title	Credits
<b>Music</b>		
<i>Music Theory/Aural Skills (complete all):</i>		16
MUSIC 121 & MUSIC 171	Musica Practica 1 and Musica Practica: Aural Skills 1	
MUSIC 122 & MUSIC 172	Musica Practica 2 and Musica Practica: Aural Skills 2	
MUSIC 221 & MUSIC 271	Musica Practica 3 and Musica Practica: Aural Skills 3	
MUSIC 222 & MUSIC 272	Musica Practica 4 and Musica Practica: Aural Skills 4	
<i>Music History (complete both):</i>		6
MUSIC 211	Survey of the History of Western Music	
MUSIC 212	Survey of the History of Western Music	
<i>Cultural Breadth Ensemble (complete 2 courses from the following):</i>		2
MUSIC 260	Global Hand Drumming Ensemble: Survey of Selected Global Hand Drumming Traditions	
MUSIC 262	Jazz Ensemble	

MUSIC 266	Resistance Music Ensemble	
<i>Keyboard Skills (complete 4 credits):</i>		4
All students must pass MUS PERF 104 keyboard proficiency. Extra credits earned in reaching proficiency will count as music electives.		
MUS PERF 103	Elementary Class Piano	
MUS PERF 104	Intermediate Class Piano	
<i>Jazz (complete 2 credits):</i>		2
MUS PERF 108	Jazz Class Piano	
or MUSIC 331	Jazz Improvisation	
<i>Global Music Cultures (complete 3 credits):</i>		3
MUSIC 102	Jazz in 20th-Century America	
MUSIC/ FOLKLORE 103	Introduction to Music Cultures of the World	
MUSIC 202	Delta Blues	
MUSIC 203	American Ethnicities and Popular Song	
MUSIC 260	Global Hand Drumming Ensemble: Survey of Selected Global Hand Drumming Traditions	
MUSIC 262	Jazz Ensemble	
MUSIC 266	Resistance Music Ensemble	
MUSIC 268	Ensemble-Percussion	
MUSIC/ AFROAMER/ DANCE 318	Cultural Cross Currents: West African Dance/Music in the Americas	
MUSIC 319	Topics in Music and Ethnicity in the United States	
MUSIC 331	Jazz Improvisation	
MUSIC 332	Jazz Improvisation	
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
<i>Conducting (complete both):</i>		4
MUSIC 253	Conducting	
MUSIC 254	Conducting	
<b>Music Education</b>		
<i>Composition, Arrangement, Orchestration for the Music Teacher</i>		2
MUSIC/ CURRIC 304	Composition, Arrangement, and Orchestration for the Music Teacher	
<i>Teaching Popular Music (complete both):</i>		2
MUSIC/ CURRIC 420	Teaching Popular Instrumental Music 1	
MUSIC/ CURRIC 421	Teaching Popular Instrumental Music 2	
<i>Music Education Professional Sequence (complete all):</i>		8
MUSIC/ CURRIC 300	Principles of Music Education	
MUSIC/ CURRIC 301 & MUSIC/ CURRIC 337	Music Learning and Teaching 1 and Practicum in Teaching Music	

MUSIC/  
CURRIC 302 Music Learning and Teaching 2  
& MUSIC/  
CURRIC 337 and Practicum in Teaching Music

Education		
<i>Human Development (complete one):</i>		3
ED PSYCH 320	Human Development in Infancy and Childhood	
	or ED PSYCH 320 Human Development in Adolescence	
<i>Learning</i>		3
ED PSYCH 301	How People Learn	
<i>Foundations of the Profession (complete one):</i>		3
ED POL 300	School and Society	
	or ED POL/ HISTORY 412 History of American Education	
<i>Special Education</i>		3
RP & SE/ CURRIC 506	Strategies for Inclusive Schooling	
<i>Literacy</i>		3
CURRIC 305	Integrating the Teaching of Reading with Other Language Arts	
<b>Total Credits</b>		<b>64</b>

## ELECTIVES FOR THE DEGREE TO REACH 120 CREDITS

In addition to the requirements for the program, students need to earn additional free elective credit to total 120 credits to graduate.

## FURTHER DETAILS ON CERTIFICATION REQUIREMENTS

In addition to completing the requirements for the BM: Music Education program, students must also complete the statutory and certification requirements established by PI 34's Administrative Code and enacted by the Wisconsin Department of Public Instruction (DPI). **Completing the requirements for the BM: Music Education degree alone is not sufficient to obtain a music education license in the state of Wisconsin.** For more information see Certification/Licensure page.

## NAMED OPTIONS

View as listView as grid

- **MUSIC: EDUCATION: CHORAL/GENERAL, BM** ([HTTP://GUIDE.WISC.EDU/UNDERGRADUATE/LETTERS-SCIENCE/MUSIC/MUSIC-EDUCATION-BM/MUSIC-EDUCATION-CHORAL-GENERAL-BM/](http://guide.wisc.edu/undergraduate/letters-science/music/music-education-bm/music-education-choral-general-bm/))
- **MUSIC: EDUCATION: INSTRUMENTAL/GENERAL, BM** ([HTTP://GUIDE.WISC.EDU/UNDERGRADUATE/LETTERS-SCIENCE/MUSIC/MUSIC-EDUCATION-BM/MUSIC-EDUCATION-INSTRUMENTAL-GENERAL-BM/](http://guide.wisc.edu/undergraduate/letters-science/music/music-education-bm/music-education-instrumental-general-bm/))

## CHOOSING A MUSIC EDUCATION OPTION

The music education major consists of two main options, both leading to certification at both the elementary and secondary levels. Students choose to complete the certification option in either *General and Instrumental Music* or *General and Choral Music*. The Bachelor of Music: Education degree requires a minimum of 120 credits. The Undergraduate Advisor, supported by the music education faculty, can advise you on which option is most suited to your goals. Information on how to apply to the Music Education program can be found under the "How to Get In" tab.

## RESIDENCE & QUALITY OF WORK

- Minimum 2.000 GPA in all MUSIC, MUS PERF, and program courses
- Minimum 2.000 GPA on at least 15 credits of upper-level work in the program, in residence
- 15 credits in MUSIC and/or MUS PERF, taken on the UW-Madison campus

## UPPER-LEVEL COURSES

The following courses are approved for upper-level credit in both options of the Bachelor of Music: Education program:

Music Code	Title	Credits
MUSIC 40	Wind Ensemble	1
MUSIC 41	Concert Band	1
MUSIC 50	Concert Choir	1
MUSIC 52	Treble Choir	1
MUSIC 53	Choral Union	1
MUSIC 55	Masters' Singers	1
MUSIC 56	Chorale	1
MUSIC 58	Madrigal Singers	1
MUSIC 61	Chamber Orchestra	1
MUSIC 62	University Symphony Orchestra	1
MUSIC 211	Survey of the History of Western Music	3
MUSIC 212	Survey of the History of Western Music	3
MUSIC 221	Musica Practica 3	3
MUSIC 222	Musica Practica 4	3
MUSIC 229	Jazz Theory & Composition	3
MUSIC 252	Introduction to Conducting and Pedagogy	2

MUSIC 253	Conducting	2
MUSIC 254	Conducting	2
MUSIC 256	University Opera	1-2
MUSIC 257	Opera Workshop	2
MUSIC 262	Jazz Ensemble	1
MUSIC 265	Ensemble-Woodwind	1
MUSIC 266	Resistance Music Ensemble	1
MUSIC 267	Ensemble-Brass	1
MUSIC 268	Ensemble-Percussion	1
MUSIC 269	Ensemble-String	1
MUSIC 270	Ensemble-Guitar	1
MUSIC 271	Musica Practica: Aural Skills 3	1
MUSIC 272	Musica Practica: Aural Skills 4	1
MUSIC/CURRIC 301	Music Learning and Teaching 1	2
MUSIC/CURRIC 304	Composition, Arrangement, and Orchestration for the Music Teacher	2
MUSIC 317	Musical Women in Europe and America: Creativity, Performance, and Identity	3
MUSIC/AFROAMER/ DANCE 318	Cultural Cross Currents: West African Dance/Music in the Americas	3
MUSIC 319	Topics in Music and Ethnicity in the United States	3
MUSIC 331	Jazz Improvisation	3
MUSIC 332	Jazz Improvisation	3
MUSIC/CURRIC 337	Practicum in Teaching Music	1
MUSIC 340	Pedagogy	1-2
MUSIC/CURRIC 344	Teaching Vocal Styles in the Music Classroom	1
MUSIC 345	Practicum in String Pedagogy	2
MUSIC 346	Repertoire	1-2
MUSIC/ FOLKLORE 402	Musical Cultures of the World	3
MUSIC 405	Seminar: Cultural Study of Music	3
MUSIC/ CURRIC 409	Student Teaching in General and Vocal Music	6-12
MUSIC/CURRIC 410	Student Teaching in General and Instrumental Music	6-12
MUSIC 411	Survey of Music in the Middle Ages	3
MUSIC 412	Survey of Music in the Renaissance	3
MUSIC 413	Survey of Music in the Baroque Era	3
MUSIC 414	Survey of Music in the Classic Era	3
MUSIC 415	Survey of Music in the Romantic Era	3
MUSIC 416	Survey of Music in the Twentieth Century	3
MUSIC 417	Jazz Histories	3
MUSIC 419	Music in the United States	3
MUSIC/CURRIC 420	Teaching Popular Instrumental Music 1	1
MUSIC/CURRIC 421	Teaching Popular Instrumental Music 2	1
MUSIC 461	Collegium Musicum	1
MUSIC 463	Acting for Singers	1

MUSIC 465	Marching Band Techniques	1
MUSIC 466	Diction for Singers	2
MUSIC 467	Language Diction for Singing I	2
MUSIC 468	Language Diction for Singing II	2
MUSIC 497	Special Topics in Music	1-3
MUSIC 499	Directed Study	1-3
MUSIC 502	Figured Bass and Basso Continuo	3
MUSIC 511	Historical Performance Practices	3
MUSIC 513	Survey of Opera	3
MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	3
MUSIC 523	Orchestration I	3
MUSIC 540	Advanced Pedagogy	2
MUSIC 541	Seminar in Choral Literature	2
MUSIC 546	String Literature	2
MUSIC 548	Piano Pedagogy II	3
MUSIC 591	Organ Literature and Design	2
MUSIC 621	Renaissance Polyphony	3
MUSIC 622	Baroque Counterpoint	3
MUSIC 623	Form and Analysis	2-3
MUSIC 624	Form and Analysis II	2-3
MUSIC 629	Jazz Theory and Analysis	3
MUSIC 681	Senior Honors Thesis	3
MUSIC 682	Senior Honors Thesis	3

### Music Performance

Code	Title	Credits
MUS PERF 311	Advanced Techniques: Clarinet	1-2

MUS PERF 457	Jazz Composition and Arranging	3
MUS PERF 458	Jazz Composition and Arranging	3
MUS PERF 499	Senior Recital	2

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Demonstrate proficiency in foundational concepts of Pre-K-12 music education: planning, delivering, and assessing music learning experiences to a diverse population of learners.
2. Demonstrate the ability to integrate knowledge in music learning and teaching to bring novel, musical perspectives and solutions to challenging social, musical, and technological challenges in Pre-K-12 music settings.
3. Demonstrate the ability to think critically, musically, and creatively as a music educator to synthesize, analyze, and integrate ideas for decision-making and problem-solving in the best interest of a diverse student population.
4. Demonstrate the ability to communicate effectively with multiple and diverse constituencies (students, parents, colleagues, community) to share knowledge, values, and beliefs regarding music learning and teaching.
5. Develop and demonstrate the professionalism required as a music educator in the field of music education: acting ethically, allowing space for diverse views, recognizing and reducing bias in one's own thinking, and contributing to the profession as a whole.

## ADVISING AND CAREERS

### ADVISING AND CAREERS UNDERGRADUATE ADVISING

**Advisor: Todd Reck**

Office: 3561G Humanities Building

Email: [ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)

Office Phone: (608) 263-1918

**If you wish to schedule an advising appointment, please note the following:**

- Online access to schedule advising appointments is restricted to students who applied to, auditioned for, and have been admitted to the Mead Witter School of Music.
- Students considering applying to the School of Music should contact our undergraduate admissions coordinator, Jared Jellison, at [admissions@music.wisc.edu](mailto:admissions@music.wisc.edu) or 608-263-5986.

### INDIVIDUAL ACADEMIC ADVISING

Current music majors can schedule an appointment with Todd via Starfish, which can be accessed via your MyUW student portal. If you're unsure how to use Starfish, please see <https://advising.wisc.edu/facstaff/starfish/starfish-student-resources/>.

Appointments can also be made by phone at 608-263-1918.

### Be Prepared for Your Advising Appointment

Please bring the following to your appointment:

- Any questions you have about requirements, extracurricular opportunities, study abroad, or whatever is on your mind.
- A pen and paper for note-taking.
- Any form you may need signed. Be sure you have filled out all pertinent information and have read the form/document thoroughly.

### What to Expect From an Academic Advising Appointment

Academic advisors help students learn and understand their degree and major requirements. Programs in the Mead Witter School of Music are highly sequential, and some required courses are offered only once each year. Many of our undergraduates are interested in earning an additional major and/or certificate; with careful planning each semester, this is possible. Advisors often can explain some of the differences between courses that meet the same degree requirement. For students considering study abroad, it's a good idea to begin exploring programs early in your degree and work with your advisor to determine the program length (semester/summer/year) that will best fit your needs and interests.

It is recommended that you see an advisor at least once a semester to plan your courses and check progress toward degree completion. Students sometimes need clarification of degree requirements, particularly if they are considering switching to a different major/degree program within the School of Music.

### GENERAL CONTACT INFORMATION

Mead Witter School of Music

3561 Mosse Humanities Building

455 North Park Street

Madison, WI 53706-1483

## SCHOOL OF EDUCATION CAREER CENTER

Need assistance with preparing for your next step after college? Want to explore career options linked to a Music Education major? Want help beginning your job search and don't know where to start? Need assistance with your résumé, cover letter, or interviewing skills? Want to connect with potential employers?

Check out the School of Education Career Center! (<https://careercenter.education.wisc.edu/>)

## PEOPLE

### PEOPLE

The School of Music faculty are a distinguished group of educators, performing musicians, and active scholars. More information about our faculty can be found at: <https://music.wisc.edu/faculty/>

## CERTIFICATION/LICENSURE

### CERTIFICATION/LICENSURE ADDITIONAL CERTIFICATION REQUIREMENTS AND APPLYING FOR A LICENSE

In addition to completing UW–Madison's program requirements, students must also complete Wisconsin statutory requirements and certification requirements established by the Wisconsin Department of Public Instruction (DPI). For additional certification requirements and information about applying for a license, see Teacher Education Center (<https://tec.education.wisc.edu/>).

Some specific expectations for teaching licensure must be met while taking coursework.

- Multicultural Education and Human Relations: 50 hours of field experience are satisfied for music education students who successfully complete the required two semesters of CURRIC/MUSIC 337 Practicum in Teaching Music.
- Conflict Resolution Workshop: this non-credit bearing requirement is taught/fulfilled in CURRIC/MUSIC 300 Principles of Music Education.
- American Indian Studies and Education (Wis. Act 31): There are a variety of ways to earn certification. Consult with the MWSOM undergraduate advisor.
- Teacher Performance Assessment conducted by METEP faculty during student teaching semester.

The Department of Public Instruction (DPI) requires higher GPAs for licensure. Students who meet the GPA requirements for the BM: Music Education and not the GPA requirements for licensure will need to work with the Undergraduate Music Advisor, the Music Education Faculty, and the Teacher Education Center to complete alternative work. Requirements for licensure are as follows:

- 3.000 cumulative GPA in all MUSIC and MUSIC PERFORMANCE coursework
- 2.750 cumulative GPA in all UW–Madison coursework

### PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW–Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

#### The requirements of this program meet certification/licensure requirements in the following states:

Wisconsin

#### The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

For more information about teacher licensure in Wisconsin and other states please see the Teacher Education Center's website (<https://tec.education.wisc.edu/current-students/applying-for-your-wisconsin-licensure/>).

Updated: 1 June 2024

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022–2023. Accreditation review process slated to be completed fall 2024.

## MUSIC: PERFORMANCE, BM

### VALUES AND EDUCATIONAL PRIORITIES

At the Mead Witter School of Music:

- we teach by example offering participatory, mentor-driven education;
- we provide individualized instruction and flexible curricula that encourage students to find their own musical pathways;
- we foster musical excellence and high academic standards;
- our faculty exhibit the best of their respective fields, are deeply engaged in artistic scholarship and research, and are committed to teaching at all levels;
- we whole-heartedly embrace the Wisconsin Idea;
- our department is a dynamic educational community, part of a large and vibrant research university within a city that values and supports the arts.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community. Facilities specifically designed for music study and performance offer excellent resources for students to pursue their interests.

In addition to a thriving undergraduate student body, BM: Music Performance students have the advantage of working side-by-side with students in master's-level and doctoral-level music programs. Working collegially in class and studio, making music together on stage and off, and building professional relationships across program boundaries all enable the sharing of expertise, experience, and perspectives and add immeasurably to every student's development.

Majors in this program have professional interests in solo performance, chamber music performance, orchestra or wind ensemble performance, studio teaching (private or in a college or university), church music, conducting, music technology or production, opera or musical theater, or many combinations of these. Some students may consider this program as preparation for graduate study in music, arts administration, and other areas. The faculty has designed the curricula to include extensive course work in music (90 credits) while also meeting all UW-Madison General Education Requirements including Communication Parts A and B, Quantitative Reasoning Parts A and B, Natural Science, Social Science, and Ethnic Studies.

The music degree programs are demanding and require care in taking courses in the proper sequence. Though the programs have been designed to enable completion in four years, graduation could be delayed if courses are not taken in the appropriate sequence. Refer to the Requirements and Four-Year Plan tabs for more details.

### PEOPLE AND FACILITIES

The greatest asset of Mead Witter School of Music is its people – staff, faculty, and students – who are daily immersed in learning, building, researching, writing, and making music. Mentoring is the core of our teaching, manifest in one-on-one applied instruction as well as in small-group coaching and classes. Undergraduate students will build

professional relationships with many faculty, form friendships with peers across the boundaries of degree programs, and collaborate with staff in addressing the practical matters of academic study. Extensive information on faculty, including biographies, is available here.

The Mosse Humanities Building, built in 1969, houses most of the music classrooms, rehearsal rooms, faculty studios, and 111 practice rooms. Most recitals and concerts take place in one of three performance spaces: Mills Concert Hall, Morphy Recital Hall, and Eastman Organ Recital Hall. The school's extensive collection of instruments, both common and unusual, is available to both faculty and students. Music Hall with its clock tower, built in 1879, is a campus landmark. Renovated in 1985, it is the home of the opera program. The Hamel Music Center opened in fall 2019 and includes Mead Witter Foundation Concert Hall, Collins Recital Hall, Sing Man & Florence Lee/Annette Kauffman Rehearsal Hall, and a professional recording studio.

Memorial Library is the home of the Mills Music Library, which offers extensive research and circulating collections, attractive study space, and personal staff assistance with research. Music materials on campus number over half a million, ranging from scores and sheet music to archival collections and historic audio recordings. Through Mills Music Library and other UW-Madison libraries, students have access to a wide range of online research databases as well as millions of articles, books, and streaming media. All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams-Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

### HOW TO GET IN

#### HOW TO GET IN

##### ADMISSION TO THE BACHELOR OF MUSIC: PERFORMANCE PROGRAM

To be admitted to the Mead Witter School of Music a student needs to apply to and be admitted by both UW-Madison and the Mead Witter School of Music:

- Prospective (new or transfer) and re-entry students should apply to UW-Madison through the Office of Admissions and Recruitment (<https://admissions.wisc.edu/>).

All students must also complete an application and pass an audition. See the Mead Witter School of Music website (<https://music.wisc.edu/undergraduate-admissions/>) for more information. Questions about the Music application and audition process should be directed to the Music Undergraduate Audition and Admissions Coordinator ([admissions@music.wisc.edu](mailto:admissions@music.wisc.edu)).

Note: Students declared in the Bachelor of Music: Performance are not eligible to declare Music: Education, or the Music major. Students who are interested in pursuing a second major or certificate outside of music should meet with the Undergraduate Music Advisor to discuss their interests and ways of meeting their educational goals.

##### DECLARING THE BACHELOR OF MUSIC: PERFORMANCE PROGRAM

Students admitted to UW-Madison and the Mead Witter School of Music will be declared in their music major or music degree program.

All students must make satisfactory progress, as described below,

to continue in their major or degree program. Students not meeting these requirements should meet with the Undergraduate Music Advisor ([ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)) to discuss their options for continuing in the Mead Witter School of Music.

## BACHELOR OF MUSIC: PERFORMANCE PROGRAM CONTINUATION REQUIREMENTS

Students must meet all of the requirements below to continue in the program. Students not meeting any one of these requirements may be removed from the program and must choose a new major. Contact the Undergraduate Music Advisor ([ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)) for consideration of extenuating circumstances or if the student is considering a leave of absence (such as family emergency, personal wellness, study abroad, or approved accommodations)

### (1) Enrollment Requirements

- Enroll every fall and spring semester in a course that meets the Performance Study Requirements, until that requirement is completed.
- Enroll in MUSIC 121 & MUSIC 171 to begin the music theory/history sequence in the first possible fall semester after declaration.

### (2) Performance Study Jury and Progress Report

At least once a year, students must pass a performance jury with their major instrument. The purpose of this jury will be to evaluate performance study progress and to set goals for the coming year. [Students who do not pass will receive guidance about making improvements and a warning letter and will have a semester to work with their professor to make improvements needed to remain in the program.](#)

### (3) Progression to Four Credit Performance Study

At the end of the second semester of enrollment in Performance Study, students will be evaluated for permission to advance to four credit performance study. Students who do not meet progression requirements to advance to four credit performance study may be given an additional semester to meet those requirements.

### (4) Progression to 400-Level Performance Study

At the end of the fourth semester of enrollment in Performance Study, students will be evaluated for permission to advance to 400-level performance study. Students who do not meet progression requirements to advance to 400-level performance study may be given an additional semester to meet those requirements.

### (5) Meet GPA Requirements in three areas:

As part of the evaluation for progression to 400-level performance study, the School of Music requires students to be meeting the following GPA requirements:

- 2.750 overall cumulative GPA
- 3.000 cumulative GPA in all MUSIC and MUSIC PERFORMANCE courses
- 2.500 cumulative GPA in music theory (MUSIC 121, MUSIC 171, MUSIC 122, MUSIC 172, MUSIC 221, MUSIC 271, MUSIC 222, and MUSIC 272) and music history (MUSIC 211 and MUSIC 212)

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth—Humanities/Literature/Arts: 6 credits</li> <li>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth—Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF MUSIC

The Mead Witter School of Music (MWSOM) is a professional school within the College of Letters & Science (L&S). The College confers the Bachelor of Music degree for two distinct programs within the MWSOM: BM-Performance and BM-Education.

Students pursuing a Bachelor of Music degree in the College of Letters & Science must complete all of the requirements below. The BM is a special degree program; it is not considered a major. The BM degree is not available to students who intend to earn a degree outside the College of Letters & Science.

### BACHELOR OF MUSIC - DEGREE REQUIREMENTS

Language	Complete the second unit of a language other than English (some Named Options required additional or specific languages).
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Gain admission to and complete one option within the degree program.

Total Credits	Complete at least 120 credits.
UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW-Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW-Madison</li> </ul>

## REQUIREMENTS FOR THE PROGRAM

The Bachelor of Music: Performance curriculum includes core requirements common to all options within the program, as well as specific requirements unique to each option. Requirements common to all options are detailed below. Refer to the Named Options section below for links to the specific requirements of a particular option within the program.

### REQUIREMENTS FOR ALL MUSIC PERFORMANCE PROGRAM OPTIONS

All students in the Bachelor of Music: Performance program must complete the following requirements:

Code	Title	Credits
<b>Music History</b>		
<i>Survey (complete both):</i>		6
MUSIC 211	Survey of the History of Western Music	
MUSIC 212	Survey of the History of Western Music	
<i>Music History Electives (complete 6 credits):</i>		6
MUSIC/ FOLKLORE 402	Musical Cultures of the World	
MUSIC 405	Seminar: Cultural Study of Music	
MUSIC 411	Survey of Music in the Middle Ages	
MUSIC 412	Survey of Music in the Renaissance	
MUSIC 413	Survey of Music in the Baroque Era	
MUSIC 414	Survey of Music in the Classic Era	
MUSIC 415	Survey of Music in the Romantic Era	
MUSIC 416	Survey of Music in the Twentieth Century	
MUSIC 417	Jazz Histories	
MUSIC 419	Music in the United States	
MUSIC 511	Historical Performance Practices	
MUSIC 513	Survey of Opera	
<b>Core Music Theory (complete all):</b>		<b>12</b>
MUSIC 121 & MUSIC 171	Musica Practica 1 and Musica Practica: Aural Skills 1	
MUSIC 122 & MUSIC 172	Musica Practica 2 and Musica Practica: Aural Skills 2	
MUSIC 221 & MUSIC 271	Musica Practica 3 and Musica Practica: Aural Skills 3	
<b>Conducting/Pedagogy</b>		
MUSIC 252	Introduction to Conducting and Pedagogy	2
<b>Global Music Cultures (complete 3 credits):</b>		<b>3</b>

MUSIC/ FOLKLORE 103	Introduction to Music Cultures of the World
MUSIC 202	Delta Blues
MUSIC 203	American Ethnicities and Popular Song
MUSIC 260	Global Hand Drumming Ensemble: Survey of Selected Global Hand Drumming Traditions
MUSIC 262	Jazz Ensemble
MUSIC 266	Resistance Music Ensemble
MUSIC 268	Ensemble-Percussion
MUSIC/ AFROAMER/ DANCE 318	Cultural Cross Currents: West African Dance/Music in the Americas
MUSIC 319	Topics in Music and Ethnicity in the United States
MUSIC 331	Jazz Improvisation
MUSIC 332	Jazz Improvisation
MUSIC/ FOLKLORE 402	Musical Cultures of the World
MUSIC 405	Seminar: Cultural Study of Music

**Total Credits** **29**

### ELECTIVES FOR ALL MUSIC PERFORMANCE PROGRAM OPTIONS

The following courses have been approved as electives for all options within the Bachelor of Music: Performance program. The minimum number of Elective credits varies between options, but all options accept the list of courses below toward the minimum credits of Electives required within the option.

Code	Title	Credits
<b>MUSIC and MUS PERF Electives</b>		
MUSIC 40	Wind Ensemble	1
MUSIC 41	Concert Band	1
MUSIC 42	Varsity Band	1
MUSIC 50	Concert Choir	1
MUSIC 52	Treble Choir	1
MUSIC 56	Chorale	1
MUSIC 58	Madrigal Singers	1
MUSIC 61	Chamber Orchestra	1
MUSIC 62	University Symphony Orchestra	1
MUSIC 102	Jazz in 20th-Century America	3
MUSIC/ FOLKLORE 103	Introduction to Music Cultures of the World	3
MUSIC 107	Music & Film	3
MUSIC 201	Music and Society	2
MUSIC 202	Delta Blues	3
MUSIC 211	Survey of the History of Western Music	3
MUSIC 212	Survey of the History of Western Music	3
MUSIC 222	Musica Practica 4	3
MUSIC 229	Jazz Theory & Composition	3
MUSIC 253	Conducting	2

MUSIC 254	Conducting	2	MUSIC 468	Language Diction for Singing II	2
MUSIC 256	University Opera	1-2	MUSIC 497	Special Topics in Music	1-3
MUSIC 257	Opera Workshop	2	MUSIC 499	Directed Study	1-3
MUSIC 260	Global Hand Drumming Ensemble: Survey of Selected Global Hand Drumming Traditions	1	MUSIC 502	Figured Bass and Basso Continuo	3
MUSIC 262	Jazz Ensemble	1	MUSIC 511	Historical Performance Practices	3
MUSIC 265	Ensemble-Woodwind	1	MUSIC 513	Survey of Opera	3
MUSIC 266	Resistance Music Ensemble	1	MUSIC/ FOLKLORE 515	Proseminar in Ethnomusicology	3
MUSIC 267	Ensemble-Brass	1	MUSIC 523	Orchestration I	3
MUSIC 268	Ensemble-Percussion	1	MUSIC 540	Advanced Pedagogy	2
MUSIC 269	Ensemble-String	1	MUSIC 541	Seminar in Choral Literature	2
MUSIC 270	Ensemble-Guitar	1	MUSIC 546	String Literature	2
MUSIC 272	Musica Practica: Aural Skills 4	1	MUSIC 548	Piano Pedagogy II	3
MUSIC/ CURRIC 300	Principles of Music Education	2	MUSIC 573	Contemporary Chamber Ensemble	1
MUSIC/CURRIC 304	Composition, Arrangement, and Orchestration for the Music Teacher	2	MUSIC 591	Organ Literature and Design	2
MUSIC 317	Musical Women in Europe and America: Creativity, Performance, and Identity	3	MUSIC 621	Renaissance Polyphony	3
MUSIC/AFROAMER/ DANCE 318	Cultural Cross Currents: West African Dance/Music in the Americas	3	MUSIC 622	Baroque Counterpoint	3
MUSIC 319	Topics in Music and Ethnicity in the United States	3	MUSIC 623	Form and Analysis	2-3
MUSIC 331	Jazz Improvisation	3	MUSIC 624	Form and Analysis II	2-3
MUSIC 332	Jazz Improvisation	3	MUSIC 629	Jazz Theory and Analysis	3
MUSIC 340	Pedagogy	1-2	MUSIC 681	Senior Honors Thesis	3
MUSIC/CURRIC 344	Teaching Vocal Styles in the Music Classroom	1	MUSIC 682	Senior Honors Thesis	3
MUSIC 345	Practicum in String Pedagogy	2	MUS PERF 21	Brass Fundamentals	1
MUSIC 346	Repertoire	1-2	MUS PERF 22	Strings Fundamentals	1
MUSIC/ FOLKLORE 402	Musical Cultures of the World	3	MUS PERF 23	Woodwind Fundamentals	1
MUSIC 405	Seminar: Cultural Study of Music	3	MUS PERF 27	Fundamentals-Percussion	1
MUSIC 411	Survey of Music in the Middle Ages	3	MUS PERF 101	Beginning Class Piano	2
MUSIC 412	Survey of Music in the Renaissance	3	MUS PERF 102	Beginning Class Piano	2
MUSIC 413	Survey of Music in the Baroque Era	3	MUS PERF 103	Elementary Class Piano	2
MUSIC 414	Survey of Music in the Classic Era	3	MUS PERF 104	Intermediate Class Piano	2
MUSIC 415	Survey of Music in the Romantic Era	3	MUS PERF 108	Jazz Class Piano	2
MUSIC 416	Survey of Music in the Twentieth Century	3	MUS PERF 143	Introduction to Performance: Voice	1
MUSIC 417	Jazz Histories	3	MUS PERF 144	Vocal Instruction for Non-Voice Majors	1-2
MUSIC 419	Music in the United States	3	MUS PERF 146	Music Lessons for Non-Majors	1-2
MUSIC/CURRIC 420	Teaching Popular Instrumental Music 1	1	MUS PERF 148	First Year Composition	3
MUSIC/CURRIC 421	Teaching Popular Instrumental Music 2	1	MUS PERF 200	Elementary/Intermediate Piano for Non-Piano Majors	2
MUSIC 461	Collegium Musicum	1	MUS PERF 201	Elementary/Intermediate Piano	2-4
MUSIC 463	Acting for Singers	1	MUS PERF 202	Elementary/Intermediate Harpsichord	2-4
MUSIC 465	Marching Band Techniques	1	MUS PERF 203	Elementary/Intermediate Organ	2-4
MUSIC 466	Diction for Singers	2	MUS PERF 205	Elementary/Intermediate Voice	2-4
MUSIC 467	Language Diction for Singing I	2	MUS PERF 207	Elementary/Intermediate Flute	2-4
			MUS PERF 209	Elementary/Intermediate Oboe	2-4
			MUS PERF 211	Elementary/Intermediate Clarinet	2-4
			MUS PERF 213	Elementary/Intermediate Saxophone	2-4
			MUS PERF 215	Elementary/Intermediate Bassoon	2-4
			MUS PERF 217	Elementary/Intermediate Horn	2-4
			MUS PERF 219	Elementary/Intermediate Trumpet	2-4
			MUS PERF 221	Elementary/Intermediate Trombone	2-4

MUS PERF 223	Elementary/Intermediate Euphonium	2-4
MUS PERF 225	Elementary/Intermediate Tuba	2-4
MUS PERF 227	Elementary/Intermediate Percussion	2-4
MUS PERF 231	Elementary/Intermediate Violin	2-4
MUS PERF 233	Elementary/Intermediate Viola	2-4
MUS PERF 235	Elementary/Intermediate Cello	2-4
MUS PERF 237	Elementary/Intermediate Double Bass	2-4
MUS PERF 239	Elementary/Intermediate Harp	2-4
MUS PERF 240	Elementary/Intermediate Guitar	2-4
MUS PERF 241	Elementary/Intermediate Jazz Studio Instruction	2-4
MUS PERF 242	Accompanying	2
MUS PERF 248	Second Year Composition	3
MUS PERF 251	Keyboard Skills	2
MUS PERF 311	Advanced Techniques: Clarinet	1-2
MUS PERF 327	Advanced Techniques: Percussion	1-2
MUS PERF 331	Advanced Techniques: Violin	1-2
MUS PERF 333	Advanced Techniques: Viola	1-2
MUS PERF 339	Advanced Techniques: Harp	1-2
MUS PERF 342	Piano Accompanying Lab	1
MUS PERF 347	Third Year Composition	3
MUS PERF 348	Third Year Composition	3
MUS PERF 401	Advanced Piano	2-4
MUS PERF 402	Advanced Harpsichord	2-4
MUS PERF 403	Advanced Organ	2-4
MUS PERF 405	Advanced Voice	2-4
MUS PERF 407	Advanced Flute	2-4
MUS PERF 409	Advanced Oboe	2-4
MUS PERF 411	Advanced Clarinet	2-4
MUS PERF 413	Advanced Saxophone	2-4
MUS PERF 415	Advanced Bassoon	2-4
MUS PERF 417	Advanced Horn	2-4
MUS PERF 419	Advanced Trumpet	2-4
MUS PERF 421	Advanced Trombone	2-4
MUS PERF 423	Advanced Euphonium	2-4
MUS PERF 425	Advanced Tuba	2-4
MUS PERF 427	Advanced Percussion	2-4
MUS PERF 431	Advanced Violin	2-4
MUS PERF 433	Advanced Viola	2-4
MUS PERF 435	Advanced Cello	2-4
MUS PERF 437	Advanced Double Bass	2-4
MUS PERF 439	Advanced Harp	2-4
MUS PERF 440	Advanced Guitar	2-4
MUS PERF 441	Advanced Jazz Studio Instruction	2-4
MUS PERF 447	Fourth Year Composition	3
MUS PERF 448	Fourth Year Composition	3
MUS PERF 457	Jazz Composition and Arranging	3
MUS PERF 458	Jazz Composition and Arranging	3
MUS PERF 499	Senior Recital	2

## NAMED OPTIONS

Students must select one of the following named options:

View as listView as grid

## DEGREE PROGRESS

Upon admission as a Music major, all students begin applied study at the 200-level on the major instrument or voice. In the second or third year each student's progress is assessed by the faculty of the relevant performance area. If that assessment indicates that the student is ready, the faculty recommends the student for advanced-level (400-level) study. With a recommendation from the faculty at the end of the second year, and provided the student meets all GPA requirements and completes

the first- and second-year courses in music theory and music history, the student may formally declare for the Bachelor of Music: Performance degree.

The minimum GPA requirements that must be met before declaring are as follows:

- Minimum 2.500 GPA in Musica Practica and in music history courses
- Minimum 3.000 GPA in all MUSIC courses
- Minimum 2.750 University GPA (all UW-Madison coursework)

## RESIDENCE & QUALITY OF WORK

- Minimum 2.000 GPA in all MUSIC, MUS PERF, and program courses
- Minimum 2.000 GPA on at least 15 credits of upper-level work in the program, in residence
- 15 credits in MUSIC and/or MUSIC PERF, taken on the UW-Madison campus

## UPPER-LEVEL COURSES

The following courses are approved for upper-level credit in all options of the Bachelor of Music: Performance program:

Music Code	Title	Credits
MUSIC 40	Wind Ensemble	1
MUSIC 41	Concert Band	1
MUSIC 50	Concert Choir	1
MUSIC 52	Treble Choir	1
MUSIC 53	Choral Union	1
MUSIC 55	Masters' Singers	1
MUSIC 56	Chorale	1
MUSIC 58	Madrigal Singers	1
MUSIC 61	Chamber Orchestra	1
MUSIC 62	University Symphony Orchestra	1
MUSIC 211	Survey of the History of Western Music	3
MUSIC 212	Survey of the History of Western Music	3
MUSIC 221	Musica Practica 3	3
MUSIC 222	Musica Practica 4	3
MUSIC 229	Jazz Theory & Composition	3
MUSIC 252	Introduction to Conducting and Pedagogy	2
MUSIC 253	Conducting	2
MUSIC 254	Conducting	2

			MUS PERF 448	Fourth Year Composition	3
			MUS PERF 457	Jazz Composition and Arranging	3
			MUS PERF 458	Jazz Composition and Arranging	3
			MUS PERF 499	Senior Recital	2

## HONORS IN THE MAJOR

To earn Honors in any music major, students must satisfy the requirements below as well as all other requirements for their music degree and major:

- 6 credits of MUSIC 681 Senior Honors Thesis–MUSIC 682 Senior Honors Thesis
- 12 credits of honors coursework in music: 6 of the 12 credits must be in courses numbered 300 or above and only 6 credits can be taken in any one of the three music areas of theory, history, and performance.

To participate in the Honors in the Major program, students must:

- Notify the School of Music undergraduate advisor of their intention to become a candidate for Honors in the Major. This will usually occur in the sophomore year.
- Present a minimum cumulative GPA of 3.300 in all courses taken at UW–Madison and maintain this average throughout the degree.
- Present a minimum 3.500 GPA in all music coursework and maintain a minimum 3.500 GPA in all music honors coursework.
- Engage a faculty member who will collaborate in planning the 12 credits of honors curriculum coursework; submit this plan to the undergraduate advisor. The course plan may change as students progress through their work.
- Prior to beginning work on the MUSIC 681–MUSIC 682 Senior Honors Thesis sequence, confirm a faculty advisor for this sequence (who may be the same person as for the 12 credits above) and submit a prospectus outlining in detail the planned work including (a) the topic, (b) plans for research, and (c) a clear substantive written component, although it may also include oral and/or performance components. The faculty advisor must sign the prospectus indicating approval.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Develop advanced levels of proficiency in solo, chamber and ensemble performance sufficient to enter music professions or graduate programs.
2. Understand, synthesize and apply foundational concepts of musical study in theory, history and pedagogy.
3. Demonstrate the ability to learn independently and to integrate knowledge across domains of research and applied studies.
4. Communicate verbally, in writing and through public performance, musical ideas and concepts.
5. Demonstrate ability to work collaboratively and professionally in multiple settings.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

Please see the Named Options pages for 4-year plan information.

## ADVISING AND CAREERS

### ADVISING AND CAREERS UNDERGRADUATE ADVISING

**Advisor: Todd Reck**

Office: 3561G Humanities Building

Email: [ugradadvisor@music.wisc.edu](mailto:ugradadvisor@music.wisc.edu)

Office Phone: 608-263-1918

**If you wish to schedule an advising appointment, please note the following:**

- Online access to schedule advising appointments is restricted to students who applied to, auditioned for, and have been admitted to the Mead Witter School of Music.
- Students considering applying to the School of Music should contact our undergraduate admissions coordinator, Jared Jellison, at [admissions@music.wisc.edu](mailto:admissions@music.wisc.edu) or 608-263-5986.

### INDIVIDUAL ACADEMIC ADVISING

Current music majors can schedule an appointment with Todd via Starfish, which can be accessed via your MyUW student portal. If uncertain how to use Starfish, please see <https://advising.wisc.edu/facstaff/starfish/starfish-student-resources/>

Appointments can also be made by phone at 608-263-1918.

### Be Prepared for Your Advising Appointment

Please bring the following to your appointment:

- Any questions you have about requirements, extracurricular opportunities, study abroad, or whatever is on your mind.
- A pen and paper for note-taking.
- Any form you may need signed. Be sure you have filled out all pertinent information and have read the form/document thoroughly.

## What to Expect from an Academic Advising Appointment

Academic advisors help students learn and understand their degree and major requirements. Programs in the Mead Witter School of Music are highly sequential, and some required courses are offered only once each year. Many of our undergraduates are interested in earning an additional major and/or certificate; with careful planning each semester, this is possible. Advisors often can explain some of the differences between courses that meet the same degree requirement. For students considering study abroad, it's a good idea to begin exploring programs early in your degree and work with your advisor to determine the program length (semester/summer/year) that will best fit your needs and interests.

It is recommended that you see an advisor at least once a semester to plan your courses and check progress toward degree completion. Students sometimes need clarification of degree requirements, particularly if they are considering switching to a different major/degree program within the School of Music.

## GENERAL CONTACT INFORMATION

Mead Witter School of Music  
3561 Mosse Humanities Building  
455 North Park St., Madison, WI 53706-1483  
608-263-1900

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

The School of Music faculty are a distinguished group of educators, performing musicians, and active scholars. More information about our faculty can be found at: <https://music.wisc.edu/faculty/>

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (<https://nasm.arts-accredit.org>)

Accreditation status: Accredited. Next accreditation review: 2022-2023.

## MOSSE/WEINSTEIN CENTER FOR JEWISH STUDIES

Founded in 1991, the Mosse/Weinstein Center for Jewish Studies brings together a variety of disciplines to study and interpret Jewish and ancient Israelite history, religion, literature, politics, society, and culture. The center offers a broad selection of courses at all levels, which are cross-listed with other departments, including Classical and Near Eastern Studies, English, Gender and Women's Studies, German/Nordic/Slavic Studies, History, Music, Philosophy, Political Science, Religious Studies, and Sociology.

The Jewish Studies major offers students an in-depth study of 3,500 years of Jewish civilization. The program is interdisciplinary in nature and aims to provide students with a broadly based, rigorous liberal arts education in the field. While learning about Jewish history, religion, language, and culture, students also develop skills in critical thinking, reading, writing, and research – skills that are valuable to a range of career paths.

**JEWISH STUDIES, BA**

From history to political science, sociology to music and the arts, Jewish Studies is a vibrant, interdisciplinary program that allows you to explore Jewish civilization from a variety of perspectives. We encourage all students to consider a Jewish Studies major (<https://cjs.wisc.edu/major-in-jewish-studies/>) or certificate (<https://cjs.wisc.edu/certificate-in-jewish-studies/>), regardless of your background or previous study.

As a student in Jewish Studies, you will study the intellectual and cultural values of Jews, their religious beliefs and practices, languages, literary creativity, and participation in the larger societies in which they live. You will sharpen your ability to think critically, read closely, and write effectively. And while learning how Jews have lived, survived, and sometimes flourished, you will gain a deeper comprehension of their rich, varied culture and the world they inhabit.

Since Jewish Studies is an interdisciplinary field, many students simultaneously pursue majors or certificates in other departments, including Art, Education, Geography, History, Music, Political Science, Religious Studies, and Sociology. Given the broad history and geography of the Jewish experience, Jewish Studies also pairs well with programs like African Studies, Classical and Near Eastern Studies, European Studies, German/Nordic/Slavic Studies, and Middle Eastern Studies. For the same reason, many of Jewish Studies courses fulfill General Education requirements, including Humanities and Literature, Ethnic Studies, Foreign Language, and Communications Part B. To sample the variety of Jewish Studies offerings, check out our current and recent courses (<https://cjs.wisc.edu/courses/>).

Building on a strong foundation in the humanities and social sciences, you may go on to pursue a variety of career paths, such as education, library

and information sciences, finance and international trade, journalism and mass media, social work, and the nonprofit sector. Our graduates are also well prepared to apply for law school, graduate school, or rabbinical studies.

Questions? Contact the undergraduate advisor (<https://cjs.wisc.edu/advising/>).

## HOW TO GET IN

### HOW TO GET IN DECLARING THE MAJOR

Prospective majors in Jewish Studies should make an appointment with the undergraduate advisor ([undergrad-adviser@cjs.wisc.edu](mailto:undergrad-adviser@cjs.wisc.edu)) to discuss requirements and courses.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW–Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW–Madison
- 2.000 in Intermediate/Advanced level coursework at UW–Madison

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

The Jewish Studies major requires 10 courses, totaling at least 30 credits, in 5 areas: 1) one Gateway Course; 2) two courses in Literature, Philosophy, and the Arts; 3) two courses in History and Social Science; 4) four courses in Modern Hebrew at an appropriate level; and 5) the Core Seminar. Each course may count toward only one required area.

### GATEWAY COURSE

Complete one Gateway Course.

Code	Title	Credits
<b>Gateway Course (complete one):</b>		
JEWISH/ LEGAL ST/ RELIG ST 203	Jewish Law, Business, and Ethics	
JEWISH/ RELIG ST 211	Introduction to Judaism	

JEWISH/  
RELIG ST 322      The Sabbath

JEWISH/  
CLASSICS/  
HEBR-BIB/  
LITTRANS/  
RELIG ST 332      Prophets of the Bible

## LITERATURE, PHILOSOPHY, AND THE ARTS

Complete two courses in Literature, Philosophy, and the Arts, at least one of which must fulfill the Jewish Diaspora requirement,

Code	Title	Credits
<b>Jewish Diaspora (complete at least one course):</b>		
JEWISH/ GERMAN/ LITTRANS 269	Yiddish Literature and Culture in Europe	
JEWISH/ RELIG ST 278	Food in Rabbinic Judaism	
JEWISH/ GERMAN/ LITTRANS 279	Yiddish Literature and Culture in America

CURRIC/ED POL/ HISTORY/ JEWISH 515	Holocaust: History, Memory and Education
JEWISH/ HISTORY 518	Anti-Semitism in European Culture, 1700-1945
POLI SCI 529	Arab-Israeli Conflict
JEWISH 631	Advanced Topics in Jewish History

## LANGUAGE REQUIREMENT

Complete four courses in Modern Hebrew at an appropriate level.

Code	Title	Credits
<b>Modern Hebrew (Complete 4 courses):</b>		
HEBR-MOD 101	First Semester Hebrew	
HEBR-MOD 102	Second Semester Hebrew	
HEBR-MOD 201	Third Semester Hebrew	
HEBR-MOD 202	Fourth Semester Hebrew	
HEBR-MOD/ JEWISH 301	Introduction to Hebrew Literature	
HEBR-MOD/ JEWISH 302	Introduction to Hebrew Literature	
HEBR-MOD/ JEWISH 401	Topics in Modern Hebrew / Israeli Literature and Culture I	
HEBR-MOD/ JEWISH 402	Topics in Modern Hebrew / Israeli Literature and Culture II	

## CORE SEMINAR

Complete the Core Seminar.

Code	Title	Credits
JEWISH 350	What Is Jewish Studies?	

## NOTE ON DIRECTED STUDY

With prior consent of the undergraduate advisor in Jewish studies and the relevant instructor, students may use one Directed Study course (JEWISH 699) to satisfy a requirement for the major.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all JEWISH courses and all courses accepted in the major
- 2.000 GPA on 15 upper-level major credits, taken in residence. Upper-level work includes all Intermediate or Advanced level courses in the Jewish Studies major.
- 15 credits in JEWISH, taken on campus

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Jewish Studies undergraduate advisor.

## HONORS IN THE JEWISH STUDIES MAJOR: REQUIREMENTS

To earn Honors in the Major students must satisfy both the requirements for the major and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all JEWISH courses, and all courses accepted in the major
- Complete at least two courses, taken for Honors, in the major, with grades of B or better in each
- Complete a two-semester Senior Honors Thesis, a piece of original research composition, in JEWISH 681 and JEWISH 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

Total Degree	To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.
Residency	Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.
Quality of Work	Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Proficiency in reading, writing, understanding, and conversing in Hebrew or another approved Jewish language, attained through four semesters of study
2. Ability to read Jewish texts closely and to write original, coherent, and compelling arguments that push beyond summary to analysis
3. Knowledge of Jewish civilization, culture, and society in both the past and the present
4. Development, pursuit, and presentation of original research in Jewish studies culminating in a substantive academic paper that utilizes and cites appropriate sources
5. Appreciation for diverse worldviews and value systems, including an understanding of interactions between Jews and non-Jews within the

context of minority-majority relationships in Wisconsin, in the United States, and across the globe

Elective (Intermediate or Advanced level) 3

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Like other liberal arts majors, a degree in Jewish Studies can prepare one for a variety of career paths. Graduates in Jewish Studies have followed a variety of different career paths, including law, medicine, education, finance, social work, and the nonprofit sector. Jewish Studies students are also well prepared to apply for graduate studies in fields such as law, education, business, and social work, as well as prime candidates for rabbinical or cantorial school, theological studies, and advanced levels of Jewish Studies. For more information, please reach out to academic advising (<https://cjs.wisc.edu/advising/>).

The Mosse/Weinstein Center for Jewish Studies encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)

- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

Mathematics	Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.
Language	Complete the third unit of a language other than English.
LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.</li> </ul>
Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

The Jewish Studies major requires 10 courses, totaling at least 30 credits, in 5 areas: 1) one Gateway Course; 2) two courses in Literature, Philosophy, and the Arts; 3) two courses in History and Social Science; 4) four courses in Modern Hebrew at an appropriate level; and 5) the Core Seminar. Each course may count toward only one required area.

### GATEWAY COURSE

Complete one Gateway Course.

Code	Title	Credits
<b>Gateway Course (complete one):</b>		
JEWISH/ LEGAL ST/ RELIG ST 203	Jewish Law, Business, and Ethics	
JEWISH/ RELIG ST 211	Introduction to Judaism	
JEWISH/ RELIG ST 322	The Sabbath	

### LITERATURE, PHILOSOPHY, AND THE ARTS

Complete two courses in Literature, Philosophy, and the Arts, at least one of which must fulfill the Jewish Diaspora requirement,

Code	Title	Credits
<b>Jewish Diaspora (complete at least one course):</b>		
JEWISH/ GERMAN/ LITTRANS 269	Yiddish Literature and Culture in Europe	
JEWISH/ RELIG ST 278	Food in Rabbinic Judaism	
JEWISH/ GERMAN/ LITTRANS 279	Yiddish Literature and Culture in America	
JEWISH/ LITTRANS 318	Modern Jewish Literature	
JEWISH/ RELIG ST 340	The American Jewish Life of DNA	
JEWISH/ ENGL 370	Jewish Humor	
JEWISH/PHILOS/ RELIG ST 435	Jewish Philosophy from Antiquity to the Seventeenth Century	
JEWISH/ AFRICAN/ MEDIEVAL/ RELIG ST 462	Muslims and Jews	
JEWISH/ GERMAN 510	German-Jewish Culture Since the 18th Century	
JEWISH/ ENGL 539	Jewish Literatures in Diaspora	

JEWISH/ ENGL 593	Literature of Jewish Identity in America
<b>Complete any additional Diaspora course from the list above, or any of the following:</b>	
JEWISH/ CLASSICS/ LITTRANS/ RELIG ST 227	Introduction to Biblical Literature (in English)
JEWISH 230	Elementary Topics in Jewish Literature
JEWISH 232	Elementary Topics in Jewish Philosophy and the Arts

JEWISH/ POLI SCI 341	Israeli Politics and Society	
JEWISH/ILS/ SOC 423	Modern Jewish Thought	
JEWISH 431	Intermediate Topics in Jewish History	
JEWISH 433	Intermediate Topics in Jewish Studies: Social Sciences	
JEWISH/ CLASSICS 451	Biblical Archaeology	
CURRIC/ED POL/ HISTORY/ JEWISH 515	Holocaust: History, Memory and Education	
JEWISH/ HISTORY 518	Anti-Semitism in European Culture, 1700-1945	
POLI SCI 529	Arab-Israeli Conflict	
JEWISH 631	Advanced Topics in Jewish History	

## LANGUAGE REQUIREMENT

Complete four courses in Modern Hebrew at an appropriate level.

Code	Title	Credits
<b>Modern Hebrew (Complete 4 courses):</b>		
HEBR-MOD 101	First Semester Hebrew	
HEBR-MOD 102	Second Semester Hebrew	
HEBR-MOD 201	Third Semester Hebrew	
HEBR-MOD 202	Fourth Semester Hebrew	
HEBR-MOD/ JEWISH 301	Introduction to Hebrew Literature	
HEBR-MOD/ JEWISH 302	Introduction to Hebrew Literature	
HEBR-MOD/ JEWISH 401	Topics in Modern Hebrew / Israeli Literature and Culture I	

HEBR-MOD/  
JEWISH 402 Topics in Modern Hebrew / Israeli Literature and Culture II

## CORE SEMINAR

Complete the Core Seminar.

Code	Title	Credits
JEWISH 350	What Is Jewish Studies?	

## NOTE ON DIRECTED STUDY

With prior consent of the undergraduate advisor in Jewish studies and the relevant instructor, students may use one Directed Study course (JEWISH 699) to satisfy a requirement for the major.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all JEWISH courses and all courses accepted in the major
- 2.000 GPA on 15 upper-level major credits, taken in residence. Upper-level work includes all Intermediate or Advanced level courses in the Jewish Studies major.
- 15 credits in JEWISH, taken on campus

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Jewish Studies undergraduate advisor.

## HONORS IN THE JEWISH STUDIES MAJOR: REQUIREMENTS

To earn Honors in the Major students must satisfy both the requirements for the major and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all JEWISH courses, and all courses accepted in the major
- Complete at least two courses, taken for Honors, in the major, with grades of B or better in each
- Complete a two-semester Senior Honors Thesis, a piece of original research composition, in JEWISH 681 and JEWISH 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

Quality of Work Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Proficiency in reading, writing, understanding, and conversing in Hebrew or another approved Jewish language, attained through four semesters of study
2. Ability to read Jewish texts closely and to write original, coherent, and compelling arguments that push beyond summary to analysis
3. Knowledge of Jewish civilization, culture, and society in both the past and the present
4. Development, pursuit, and presentation of original research in Jewish studies culminating in a substantive academic paper that utilizes and cites appropriate sources
5. Appreciation for diverse worldviews and value systems, including an understanding of interactions between Jews and non-Jews within the context of minority-majority relationships in Wisconsin, in the United States, and across the globe

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Like other liberal arts majors, a degree in Jewish Studies can prepare one for a variety of career paths. Graduates in Jewish Studies have followed a variety of different career paths, including law, medicine, education, finance, social work, and the nonprofit sector. Jewish Studies students are also well prepared to apply for graduate studies in fields such as law, education, business, and social work, as well as prime candidates for rabbinical or cantorial school, theological studies, and advanced levels of Jewish Studies. For more information, please reach out to academic advising (<https://cjs.wisc.edu/advising/>).

The Mosse/Weinstein Center for Jewish Studies encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps

students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## JEWISH STUDIES, CERTIFICATE

From history to political science, sociology to music and the arts, Jewish Studies is a vibrant, interdisciplinary program that allows you to explore Jewish civilization from a variety of perspectives. We encourage all students to consider a Jewish Studies major (<https://cjs.wisc.edu/major-in-jewish-studies/>) or certificate (<https://cjs.wisc.edu/certificate-in-jewish-studies/>), regardless of your background or previous study.

As a student in Jewish Studies, you will study the intellectual and cultural values of Jews, their religious beliefs and practices, languages, literary creativity, and participation in the larger societies in which they live. You will sharpen your ability to think critically, read closely, and write effectively. And while learning how Jews have lived, survived, and sometimes flourished, you will gain a deeper comprehension of their rich, varied culture and the world they inhabit.

Since Jewish Studies is an interdisciplinary field, many students simultaneously pursue majors or certificates in other departments, including Art, Education, Geography, History, Music, Political Science, Religious Studies, and Sociology. Given the broad history and geography of the Jewish experience, Jewish Studies also pairs well with programs like African Studies, Classical and Near Eastern Studies, European Studies, German/Nordic/Slavic Studies, and Middle Eastern Studies. For the same reason, many of Jewish Studies courses fulfill General Education requirements, including Humanities and Literature, Ethnic Studies, Foreign Language, and Communications Part B. To get a sense of the variety of our offerings, check out our current and recent courses (<https://cjs.wisc.edu/courses/>).

Building on a strong foundation in the humanities and social sciences, you may go on to pursue a variety of career paths, such as education, library and information sciences, finance and international trade, journalism and mass media, social work, and the nonprofit sector. Our graduates are also well prepared to apply for law school, graduate school, or rabbinical studies.

Questions? Contact undergraduate advisor Gwen Walker: [undergrad-adviser@cjs.wisc.edu](mailto:undergrad-adviser@cjs.wisc.edu).

## HOW TO GET IN

### HOW TO GET IN

Students interested in a certificate in Jewish Studies should make an appointment with the undergraduate advisor ([undergrad-adviser@cjs.wisc.edu](mailto:undergrad-adviser@cjs.wisc.edu)) to discuss requirements and courses.

## REQUIREMENTS

### REQUIREMENTS

The Jewish Studies certificate requires 5 courses, totaling at least 15 credits, in 4 areas (each course may count toward only one required area):

1. two courses in an approved Jewish language;
2. one course in Literature, Philosophy, or the Arts;
3. one course in History or Social Science; and
4. one course in Pre-Modern Jewish History, Culture, or Literature.

### LANGUAGE REQUIREMENT

Complete two courses in one of the following approved Jewish languages at the appropriate level.

Code	Title	Credits
<b>Biblical Hebrew (Select 2 courses):</b>		
HEBR-BIB 103	Elementary Biblical Hebrew, I	
HEBR-BIB 104	Elementary Biblical Hebrew, II	
HEBR-BIB 323	Intermediate Biblical Hebrew, I	
HEBR-BIB 324	Intermediate Biblical Hebrew, II	
HEBR-BIB 391	Intensive Elementary Biblical Hebrew	
HEBR-BIB/ JEWISH 513	Biblical Texts, Poetry	
HEBR-BIB/ JEWISH 514	Biblical Texts, Poetry	
<b>Modern Hebrew (Select 2 courses):</b>		
HEBR-MOD 101	First Semester Hebrew	
HEBR-MOD 102	Second Semester Hebrew	
HEBR-MOD 201	Third Semester Hebrew	
HEBR-MOD 202	Fourth Semester Hebrew	
HEBR-MOD/ JEWISH 301	Introduction to Hebrew Literature	
HEBR-MOD/ JEWISH 302	Introduction to Hebrew Literature	
HEBR-MOD/ JEWISH 401	Topics in Modern Hebrew / Israeli Literature and Culture I	
HEBR-MOD/ JEWISH 402	Topics in Modern Hebrew / Israeli Literature and Culture II	
<b>Yiddish (Select 2 courses)</b>		
JEWISH/GNS 105	First Semester Yiddish	
JEWISH/GNS 106	Second Semester Yiddish

JEWISH/ CLASSICS 451	Biblical Archaeology	

JEWISH/ AFRICAN/ MEDIEVAL/ RELIG ST 462	Muslims and Jews
JEWISH/HEBR- BIB 513	Biblical Texts, Poetry
JEWISH/HEBR- BIB 514	Biblical Texts, Poetry

## NOTE ON DIRECTED STUDY

With prior consent of the undergraduate advisor in Jewish Studies and the relevant instructor, students may use one Directed Study course (JEWISH 699 (<https://guide.wisc.edu/search/?P=JEWISH%20699>)) to satisfy a requirement for the certificate.

## RESIDENCE AND QUALITY OF WORK

- Minimum 2.000 GPA in all JEWISH courses and courses approved for the certificate
- 11 credits, counting toward the certificate, taken in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. At least two semesters of reading, understanding and conversing in Hebrew or another approved Jewish language.
2. Honed critical abilities in close reading, interpretation, and written analysis of ancient and modern Jewish texts.
3. Expanded knowledge of Jewish history, culture, philosophy, arts, religious practice, and politics in both the past and present.
4. Disposition of increased appreciation for diverse world views, value systems and interactions between Jews and non-Jews, minorities and majorities, in Wisconsin, the US, and across the globe.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Jewish studies can prepare one for a variety of career paths. zilbergerts@wisc.edu

**PHILOSOPHY**

Philosophy involves reflection upon and understanding of all phases of human activity. Philosophy especially directs itself to the nature of knowledge and the most basic concepts of human understanding and value: morality, society, art and aesthetic experience, as well as science, politics, and religion. Philosophy is thus closely involved with other disciplines because, as human activities and quests for knowledge, they and their findings provide the material for philosophical inquiry. The courses offered by the department are designed to help students develop their own capacities to reflect intelligently on questions of fundamental and lasting significance. The philosophy major is intended to meet the needs of four types of students:

- those who wish to use philosophy as the organizing core of a liberal education;
- those who desire to study philosophy in preparation for graduate work in some other field, such as law, government, or theology;
- those who plan to major jointly in philosophy and one of the social and natural sciences or humanities; and
- those who have a professional interest in philosophy and intend to do graduate work in the subject.

**DEGREES/MAJORS/CERTIFICATES****DEGREES/MAJORS/

**HOW TO GET IN****HOW TO GET IN**

Students should inform the Philosophy department of their intention to major by meeting with the Undergraduate Advisor.

**REQUIREMENTS****UNIVERSITY GENERAL  
EDUCATION REQUIREMENTS**

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- General Education
- Breadth–Humanities/Literature/Arts: 6 credits
  - Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
  - Breadth–Social Studies: 3 credits
  - Communication Part A Part B \*
  - Ethnic Studies \*
  - Quantitative Reasoning Part A Part B \*

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

- Quality of Work
- 2.000 in all coursework at UW–Madison
  - 2.000 in Intermediate/Advanced level coursework at UW–Madison

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

### 27 CREDITS AND 8 COURSES IN PHILOSOPHY (HTTPS://GUIDE.WISC.EDU/COURSES/PHILOS/)

Code	Title	Credits
PHILOS 211 or PHILOS 511	Elementary Logic Symbolic Logic	3-4
PHILOS 430	History of Ancient Philosophy	3-4
PHILOS 432	History of Modern Philosophy	3-4

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

PHILOS/ ED POL 550	Philosophy of Moral Education	
PHILOS 551	Philosophy of Mind	
PHILOS 553	Aesthetics	
PHILOS 555	Political Philosophy	
PHILOS 556	Topics in Feminism and Philosophy	
PHILOS 557	Issues in Social Philosophy	
PHILOS 560	Metaphysics	
PHILOS 562	Special Topics in Metaphysics	
PHILOS 567	Topics in Contemporary Philosophy	
PHILOS/ MATH 571	Mathematical Logic	
PHILOS 581	Senior Honors Seminar	
PHILOS 582	Senior Honors Seminar	
<i>Additional credits—if necessary—to achieve 27 for the major</i>		3
<b>Total Credits</b>		<b>27</b>

## DISTRIBUTION

Of the 27 credits, at least 1 course is required from each category ('Metaphysics and Epistemology' and 'Value Theory'):

### Category 'Metaphysics and Epistemology'

Complete one course:

Code	Title	Credits
PHILOS/ RELIG ST 501	Philosophy of Religion	3-4
PHILOS 503	Theory of Knowledge	3
PHILOS 504	Special Topics in the Theory of Knowledge (Bayesian Epistemology)	3
PHILOS 504	Special Topics in the Theory of Knowledge (Epistemic Ideals)	3
PHILOS 516	Language and Meaning	3
PHILOS 520	Philosophy of the Natural Sciences	3
PHILOS 530	Freedom Fate and Choice	3
PHILOS 551	Philosophy of Mind	3
PHILOS 560	Metaphysics	3
PHILOS 562	Special Topics in Metaphysics (Consciousness)	3
PHILOS 567	Topics in Contemporary Philosophy	3

### Category 'Value Theory'

Complete one course:

Code	Title	Credits
PHILOS 241	Introductory Ethics	3-4
PHILOS 454	Classical Philosophers (Aristotle's Ethics)	3
PHILOS 541	Modern Ethical Theories	3
PHILOS 549	Great Moral Philosophers	3
PHILOS 555	Political Philosophy	3

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all PHILOS courses and courses that count for the major

- 2.000 GPA on 15 upper-level credits in the major, taken in residence<sup>1</sup>
- 15 credits in PHILOS, taken on campus

## HONORS IN THE MAJOR

Students may declare Honors in the Philosophy Major in consultation with the Philosophy undergraduate advisor.

### HONORS IN THE PHILOSOPHY MAJOR: REQUIREMENTS

To earn Honors in the Major in Philosophy, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Minimum 3.300 University GPA
- Minimum a 3.500 GPA for all PHILOS and major courses
- One *additional* course from either the Metaphysics and Epistemology or Value Theory categories with a grade of B or better
- PHILOS 681 (for 1-3 credits) and PHILOS 682 (for 3 credits) with a grade of AB or better.<sup>2</sup>

## FOOTNOTES

<sup>1</sup> Courses between PHILOS 400–699 are considered upper-level in the major.

<sup>2</sup> Students will not be permitted to write a Senior Honors Thesis unless they have taken at least one advanced course on the topic on which they will be writing. Credits earned by writing a Senior Honors Thesis will not count toward the 27 minimum credits required for the major.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Ability to think critically about arguments.
2. Ability to interpret complex texts accurately and analyze them logically.
3. Ability to communicate precisely and concisely in both writing and speech.
4. Familiarity with the history of Western philosophy and the major debates within that tradition.
5. Ability to be engaged citizens who think carefully and well about their responsibilities to others.
6. Ability to exchange reasons about controversial matters respectfully and with the aim of uncovering the truth.
7. Interpretative charity and intellectual honesty, which includes appropriate attribution to others of their ideas, and recognition and frankness about the limitations of one's own ideas.

## FOUR-YEAR PLAN

## FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

## First Year

Fall	Credits Spring	Credits

Electives	12 Electives	12
	<b>15</b>	<b>15</b>

**Total Credits 120**

## ADVISING AND CAREERS

## ADVISING AND CAREERS

The Department of Philosophy encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. Philosophy majors develop important and widely marketable skills, like the ability to think critically, communicate clearly, and solve complex problems. This means that having a major in philosophy provides excellent preparation for a variety of careers. See major declaration (<https://philosophy.wisc.edu/undergraduate-program-2/major-declaration/>) for more information.

Studying philosophy can also help you get into graduate school. Philosophy majors excel on standardized tests like the GRE, GMAT, and LSAT. They rank first among all majors on the verbal and the analytical sections of the GRE. Philosophy majors also tend to do better than just about any other major on the LSAT. With a mean score of just over 157, they are second only to physics majors. When it comes to the GMAT, philosophy majors rank in the top five of all majors, and they consistently have higher scores than business majors (including management, finance, accounting, and marketing majors).

## L&amp;S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

## PEOPLE

Professors Brighthouse, Fletcher, Gibson, Goodrich, Gottlieb, Loets, Kelleher, Mackay, Masrour, Meehan, Messina, Nadler, Roberts, Shafer-Landau, Shapiro, Southgate, Steinberg, Streiffer, Titelbaum, Vranas, Whittle, Zimmerman

## RESOURCES AND SCHOLARSHIPS

## RESOURCES AND SCHOLARSHIPS UNDERGRADUATE SCHOLARSHIPS

The Department of Philosophy has received generous support in order to fund two scholarships each academic year.

The **Charles Manthey Winter Philosophy Scholarship** is given to a major in philosophy who will graduate within the next four terms of the award and who has at least a 3.5 grade point average over the past two terms, and who can demonstrate financial need.

The **Colonel Jerome Ellis Goodrich, USMC (retired), Scholarship** is awarded to an undergraduate major in philosophy with academic merit and financial need, and who is a U.S. citizen.

Applications for these scholarships are typically due in early April and winners are honored at our annual Awards Banquet in May.

We also have an annual paper prize called the **Temkin Undergraduate Essay Prize in Value Theory**. This prize recognizes an outstanding essay in value theory, where this is construed quite broadly to include topics in political philosophy, philosophy of law, metaethics, applied ethics, etc. Essays are typically submitted in early April and the winner is also honored at our Awards Banquet.

If you have any questions about these scholarships or essay prizes, you may send an email to [frontoffice@philosophy.wisc.edu](mailto:frontoffice@philosophy.wisc.edu).

## PHILOSOPHY, BS

Philosophy involves reflection upon and understanding of all phases of human activity. Philosophy especially directs itself to the nature of knowledge and the most basic concepts of human understanding and value: morality, society, art and aesthetic experience, as well as science, politics, and religion. Philosophy is thus closely involved with other disciplines because, as human activities and quests for knowledge, they and their findings provide the material for philosophical inquiry. The courses offered by the department are designed to help students develop their own capacities to reflect intelligently on questions of fundamental and lasting significance. The philosophy major is intended to meet the needs of four types of students:

- those who wish to use philosophy as the organizing core of a liberal education;
- those who desire to study philosophy in preparation for graduate work in some other field, such as law, government, or theology;
- those who plan to major jointly in philosophy and one of the social and natural sciences or humanities; and
- those who have a professional interest in philosophy and intend to do graduate work in the subject.

## HOW TO GET IN

## HOW TO GET IN

Students should inform the Philosophy department of their intention to major by meeting with the Undergraduate Advisor.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin-Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- General Education
- Breadth—Humanities/Literature/Arts: 6 credits
  - Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
  - Breadth—Social Studies: 3 credits
  - Communication Part A Part B \*
  - Ethnic Studies \*
  - Quantitative Reasoning Part A Part B \*

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW-Madison
- 2.000 in Intermediate/Advanced level coursework at UW-Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

**Total Credits 120**

## ADVISING AND CAREERS

### ADVISING AND CAREERS

The Department of Philosophy encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. Philosophy majors develop important and widely marketable skills, like the ability to think critically, communicate clearly, and solve complex problems. This means that having a major in philosophy provides excellent preparation for a variety of careers. See major declaration (<https://philosophy.wisc.edu/undergraduate-program-2/major-declaration/>) for more information.

Studying philosophy can also help you get into graduate school. Philosophy majors excel on standardized tests like the GRE, GMAT, and LSAT. They rank first among all majors on the verbal and the analytical sections of the GRE. Philosophy majors also tend to do better than just about any other major on the LSAT. With a mean score of just over 157, they are second only to physics majors. When it comes to the GMAT, philosophy majors rank in the top five of all majors, and they consistently have higher scores than business majors (including management, finance, accounting, and marketing majors).

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences

- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

Professors Brighthouse, Fletcher, Gibson, Goodrich, Gottlieb, Loets, Kelleher, Mackay, Masrou, Meehan, Messina, Nadler, Roberts, Shafer-Landau, Shapiro, Southgate, Steinberg, Streiffer, Titelbaum, Vranas, Whittle, Zimmerman

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS UNDERGRADUATE SCHOLARSHIPS

The Department of Philosophy has received generous support in order to fund two scholarships each academic year.

The **Charles Manthey Winter Philosophy Scholarship** is given to a major in philosophy who will graduate within the next four terms of the award and who has at least a 3.5 grade point average over the past two terms, and who can demonstrate financial need.

The **Colonel Jerome Ellis Goodrich, USMC (retired), Scholarship** is awarded to an undergraduate major in philosophy with academic merit and financial need, and who is a U.S. citizen.

Applications for these scholarships are typically due in early April and winners are honored at our annual Awards Banquet in May.

We also have an annual paper prize called the **Temkin Undergraduate Essay Prize in Value Theory**. This prize recognizes an outstanding essay in value theory, where this is construed quite broadly to include topics in political philosophy, philosophy of law, metaethics, applied ethics, etc. Essays are typically submitted in early April and the winner is also honored at our Awards Banquet.

If you have any questions about these scholarships or essay prizes, you may send an email to [frontoffice@philosophy.wisc.edu](mailto:frontoffice@philosophy.wisc.edu).

## PHYSICS

We have a long history of providing our students with a great educational experience. Our physics department awarded its first PhD in 1899. Since then, our students have earned degrees in virtually every area of physics, and our faculty have played key roles in a myriad of important research efforts.

Physics is the science of the properties of matter, radiation, and energy in all forms. As such, it is the most fundamental of the sciences. It provides the underlying framework for the other physical sciences and engineering and for understanding physical processes in biological and environmental sciences.

## CHOOSE TO BE A PHYSICS MAJOR

### WHY STUDY PHYSICS?

- **Intellectual Satisfaction.** First, and foremost, physics satisfies our deep desire to understand how the universe works. Physics is interesting.
- **Intellectual Challenge.** By striving for fundamental understanding, the physicist accepts the challenge to move past a merely descriptive approach of our world and probes deeply into how and why it works.
- **Physics Produces New Technology.** Today's esoteric physics research will become tomorrow's technological advances.
- **Technical Expertise.** Physicists exploit forefront technologies in their pursuits.
- **Flexibility.** In a fast-paced and changing world, it is much more important to have a broad substantive education than to be trained in a specific skill. We teach people how to think, and how to apply and extend what they know to new types of problems.
- **Physics is Analytical and Quantitative.** People who can reason analytically and quantitatively are essential for the success of almost any pursuit.

The undergraduate physics program will provide an overall view of both classical and modern physics with the flexibility to continue learning in fields that interest you. It will also help you develop skills in analysis, problem-solving, and quantitative reasoning that will aid you in whatever career you pursue after graduation.

### A MAJOR IN PHYSICS CAN...

- Prepare you for employment in industrial or governmental laboratories.
- Prepare you for graduate studies for master's or doctoral degrees in experimental or theoretical physics.
- Provide a broad background for further work in other sciences, such as materials sciences, aerospace, astronomy, computer science, geophysics, meteorology, radiology, medicine, biophysics, engineering, and environmental studies.
- Provide a science-oriented liberal education. This training can be useful in some areas of business administration, law, or other fields where a basic knowledge of science is useful.
- Provide part of the preparation you need to teach physics. To teach physics in high school, you will also take education courses to become certified. You will need a doctoral degree to become a college or university professor.

Interested in the undergraduate physics program? Check out the physics undergraduate page (<https://www.physics.wisc.edu/academics/undergrads/>) or browse the Undergraduate Physics Majors Handbook (<https://www.physics.wisc.edu/undergrads/handbook.pdf>).

## OTHER PROGRAMS

### AMEP

A program in applied mathematics, engineering and physics (AMEP) (p. 1162) is described in its own section of the *Guide*.

### ASTRONOMY-PHYSICS

Students interested in an Astronomy-Physics major should contact the Astronomy Department (p. 509).

## EDUCATION-PHYSICS

A student working toward the Bachelor of Science–Education degree may major or minor in physics. Interested students should contact the School of Education (p. 1535). Upon request, the physics department will assign an advisor.

## MEDICAL PHYSICS

A suggested curriculum for students interested in graduate study in medical physics is available on the medical physics webpage (<https://www.medphysics.wisc.edu/graduate-program/admissions/#requirements>).

## DEGREES/MAJORS/CERTIFICATES

## DEGREES/MAJORS/CERTIFICATES

- Physics, BA (p. 1271)
- Physics, BS (p. 1280)
- Physics, Certificate (p. 1288)

## PEOPLE

## PEOPLE FACULTY

More details about each faculty member (<https://www.physics.wisc.edu/people/faculty/>) and the research areas can be found on the Physics website.

Yang Bai, Professor

## PHYSICS, BA

We have a long history of providing our students with a great educational experience. Our physics department awarded its first PhD in 1899. Since then, our students have earned degrees in virtually every area of physics, and our faculty have played key roles in a myriad of important research efforts.

Physics is the science of the properties of matter, radiation, and energy in all forms. As such, it is the most fundamental of the sciences. It provides the underlying framework for the other physical sciences and engineering and for understanding physical processes in biological and environmental sciences.

## CHOOSE TO BE A PHYSICS MAJOR

### WHY STUDY PHYSICS?

- **Intellectual Satisfaction.** First, and foremost, physics satisfies our deep desire to understand how the universe works. Physics is interesting.
- **Intellectual Challenge.** By striving for fundamental understanding, the physicist accepts the challenge to move past a merely descriptive approach of our world and probes deeply into how and why it works.
- **Physics Produces New Technology.** Today's esoteric physics research will become tomorrow's technological advances.
- **Technical Expertise.** Physicists exploit forefront technologies in their pursuits.
- **Flexibility.** In a fast-paced and changing world, it is much more important to have a broad substantive education than to be trained in a specific skill. We teach people how to think, and how to apply and extend what they know to new types of problems.
- **Physics is Analytical and Quantitative.** People who can reason analytically and quantitatively are essential for the success of almost any pursuit.

The undergraduate physics program will provide an overall view of both classical and modern physics with the flexibility to continue learning in fields that interest you. It will also help you develop skills in analysis, problem-solving, and quantitative reasoning that will aid you in whatever career you pursue after graduation.

### A MAJOR IN PHYSICS CAN...

- Prepare you for employment in industrial or governmental laboratories.
- Prepare you for graduate studies for master's or doctoral degrees in experimental or theoretical physics.
- Provide a broad background for further work in other sciences, such as materials sciences, aerospace, astronomy, computer science, geophysics, meteorology, radiology, medicine, biophysics, engineering, and environmental studies.
- Provide a science-oriented liberal education. This training can be useful in some areas of business administration, law, or other fields where a basic knowledge of science is useful.
- Provide part of the preparation you need to teach physics. To teach physics in high school, you will also take education courses to become certified. You will need a doctoral degree to become a college or university professor.

Interested in the undergraduate physics program? Check out the physics undergraduate page (<https://www.physics.wisc.edu/academics/undergrads/>) or browse the Undergraduate Physics Majors Handbook (<https://www.physics.wisc.edu/undergrads/handbook.pdf>).

## OTHER PROGRAMS

### AMEP

A program in applied mathematics, engineering and physics (AMEP) (p. 1162) is described in its own section of the *Guide*.

### ASTRONOMY-PHYSICS

Students interested in an Astronomy-Physics major should contact the Astronomy Department (p. 509).

## EDUCATION-PHYSICS

A student working toward the Bachelor of Science-Education degree may major or minor in physics. Interested students should contact the School of Education (p. 1535). Upon request, the physics department will assign an advisor.

## MEDICAL PHYSICS

A suggested curriculum for students interested in graduate study in medical physics is available on the medical physics webpage (<https://www.medphysics.wisc.edu/graduate-program/admissions/#requirements>).

## HOW TO GET IN

### HOW TO GET IN DECLARING A PHYSICS MAJOR

Students should discuss declaration with one of the undergraduate advisors (p. 1276) as early as possible and bring a What-If DARS for the Physics major to their meeting.

To be eligible to declare the major, students must have a combined MATH and PHYSICS GPA of at least a 2.500. Eligible students can declare the physics major anytime by meeting with an advisor to complete the department's major declaration form (<https://www.physics.wisc.edu/sites/default/files/Physics%20Declaration%20Form.pdf>).

There are additional steps to declaring Physics as an Additional Major. Section C of the major declaration form (<https://www.physics.wisc.edu/sites/default/files/Physics%20Declaration%20Form.pdf>) has important information about this process. Students should consult the Guide page of their home school or college for more information about declaring an Additional Major in L&S.

Students pursuing the Physics major are not eligible to declare the Physics certificate.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin-Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	• Breadth—Humanities/Literature/Arts: 6 credits
	• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
	• Breadth—Social Studies: 3 credits
	• Communication Part A Part B *
	• Ethnic Studies *
	• Quantitative Reasoning Part A Part B *

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW-Madison
- 2.000 in Intermediate/Advanced level coursework at UW-Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

The physics major requires 35 credits from the following:

Code	Title	Credits
<b>Introductory Physics<sup>1</sup></b>		
<i>First Introductory Course (complete one):<sup>1</sup></i>		5
PHYSICS 247	A Modern Introduction to Physics (recommended)	
PHYSICS 207	General Physics	
PHYSICS 201	General Physics	
E M A 201 & E M A 202	Statics and Dynamics <sup>2</sup>	
E M A 201 & M E 240	Statics and Dynamics <sup>2</sup>	
<i>Second Introductory Course (complete one):</i>		5
PHYSICS 248	A Modern Introduction to Physics (recommended)	
PHYSICS 208	General Physics	
PHYSICS 202	General Physics	
<i>Third Introductory Course (complete one):</i>		3-4
PHYSICS 249	A Modern Introduction to Physics (recommended)	
PHYSICS 205	Modern Physics for Engineers (See advising and careers for more information.)	
PHYSICS/ E C E 235	Introduction to Solid State Electronics (See advising and careers for more information.)	
PHYSICS 241	Introduction to Modern Physics	
<b>Intermediate Mechanics</b>		
PHYSICS 311	Mechanics	3
<b>Electromagnetism (complete one):</b>		
PHYSICS 322	Electromagnetic Fields	
E C E 220 & E C E 320 & E C E 420	Electrodynamics I and Electrodynamics II and Electromagnetic Wave Transmission <sup>3</sup>	
<b>Quantum Mechanics (complete one):</b>		
PHYSICS 448	Atomic and Quantum Physics	3
PHYSICS 531	Introduction to Quantum Mechanics	
<b>Laboratory</b>		
<i>Full registered credit per course:</i>		
PHYSICS 307	Intermediate Laboratory-Mechanics and Modern Physics	4

PHYSICS 407	Advanced Laboratory	
<i>Two credits apply from each of the following:</i>		
PHYSICS 321	Electric Circuits and Electronics <sup>4</sup>	
PHYSICS 325	Optics <sup>4</sup>	
PHYSICS 623	Electronic Aids to Measurement <sup>4</sup>	
PHYSICS 625	Applied Optics <sup>4</sup>	
N E 427	Nuclear Instrumentation Laboratory <sup>5</sup>	
N E 428	Nuclear Reactor Laboratory <sup>5</sup>	
<i>One credit applies from each of the following:</i>		
E C E 305	Semiconductor Properties Laboratory <sup>5</sup>	
E C E 313	Optoelectronics Lab <sup>5</sup>	
<b>Advanced Physics Electives</b>		<b>4-9</b>
<b>Total Credits</b>		<b>35</b>

<sup>1</sup> PHYSICS 247/PHYSICS 248/PHYSICS 249 is the introductory course sequence recommended for prospective physics majors, PHYSICS 201/PHYSICS 202/PHYSICS 241 is recommended for engineers, and PHYSICS 207/PHYSICS 208/PHYSICS 241 is intended for life sciences and chemistry majors. Both PHYSICS 201 General Physics/PHYSICS 202 General Physics/PHYSICS 241 Introduction to Modern Physics and PHYSICS 207 General Physics/PHYSICS 208 General Physics/PHYSICS 241 Introduction to Modern Physics are suitable alternatives for physics majors. Although the department recommends following one of these sequences, students are allowed to mix them, with the exception that transfers into the PHYSICS 247/PHYSICS 248/PHYSICS 249 sequence are not permitted.

<sup>2</sup> Both courses must be taken and together count 5 credits toward the 35 required for the major. These credits can be counted toward the 35 required for the major only if these courses are used to satisfy this requirement.

<sup>3</sup> All three of E C E 220 and E C E 320 and E C E 420 must be taken, and together count 3 credits toward the 35 required for the major. These credits can be counted toward the 35 required for the major only if these courses are used to satisfy this requirement.

<sup>4</sup> All four credits for each course count toward 35-credit total.

<sup>5</sup> For non-PHYSICS courses, students will receive only the credit applied as lab toward the 35-credit requirement.

## ADVANCED PHYSICS ELECTIVE COURSES

Code	Title	Credits
PHYSICS 301	Physics Today (recommended) <sup>6</sup>	1
PHYSICS 307	Intermediate Laboratory-Mechanics and Modern Physics	2
PHYSICS 311	Mechanics	3
PHYSICS 321	Electric Circuits and Electronics	4
PHYSICS 322	Electromagnetic Fields	3
PHYSICS 323	Electromagnetic Fields	3
PHYSICS 325	Optics	4
PHYSICS 406	Special Topics in Physics	1-4
PHYSICS 407	Advanced Laboratory	2-4
PHYSICS 415	Thermal Physics	3
PHYSICS 448	Atomic and Quantum Physics	3
PHYSICS 449	Atomic and Quantum Physics	3

PHYSICS/ ENVIR ST 472	Scientific Background to Global Environmental Problems	3
PHYSICS 498	Directed Study	1-3
PHYSICS 499	Directed Study	1-3
PHYSICS/B M E/ H ONCOL/ MED PHYS 501	Radiation Physics and Dosimetry	3
PHYSICS/E C E/ N E 525	Introduction to Plasmas	3
PHYSICS/E C E/ N E 527	Plasma Confinement and Heating	3
PHYSICS 531	Introduction to Quantum Mechanics	3
PHYSICS 535	Introduction to Particle Physics	3
PHYSICS 545	Introduction to Atomic Structure	3
PHYSICS/E C E 546	Lasers	2-3
PHYSICS 551	Solid State Physics	3
PHYSICS/ MED PHYS 588	Radiation Production and Detection	4
PHYSICS 601	Scientific Presentation	2
PHYSICS 603	Workshop in College Physics Teaching	1-2
PHYSICS 623	Electronic Aids to Measurement	4
PHYSICS 625	Applied Optics	4
PHYSICS 681	Senior Honors Thesis	3
PHYSICS 682	Senior Honors Thesis	3
PHYSICS 691	Senior Thesis	2-3
PHYSICS 692	Senior Thesis	2-3

<sup>6</sup> It is recommended that the student's program include the seminar PHYSICS 301 Physics Today.

## RESIDENCE AND QUALITY OF WORK IN THE MAJOR

- 2.000 GPA in all PHYSICS and all major courses
- 2.000 on at least 15 credits in Upper Level work, taken in residence<sup>7</sup>
- 15 credits in PHYSICS, taken on campus

<sup>7</sup> Courses that meet the Core and Laboratory requirements, and Advanced level PHYSICS courses, count as upper-level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with their major advisor and the Honors Program.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all PHYSICS and all major courses
- 12 credits of Honors PHYSICS courses with grades of B or better, to include:

- PHYSICS 681 - PHYSICS 682, for a total of 6 credits
- 3 additional credits of Advanced level PHYSICS for Honors, with a grade of B or better
- 3 credits at any level in PHYSICS for Honors, with a grade of B or better<sup>8</sup>

<sup>8</sup> Note that enrolling in PHYSICS 247/PHYSICS 248/PHYSICS 249 provides honors credit towards Honors in the Major (not at the Advanced level, however).

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Understand basic physical principles.
2. Solve problems proficiently using both quantitative and qualitative applications of these physical principles.
3. Appreciate the excitement of physics and be acquainted with a wide range of research areas in physics.
4. Know how to perform quantitative measurements of physical phenomena and understand the statistical significance of observations made in the presence of statistical and systematic uncertainties.
5. Be prepared for graduate study and/or careers in STEM fields.
6. Communicate effectively with scientific peers and the public, both orally and in writing.
7. Understand their own learning processes and be able to continue to educate themselves after graduation.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many

students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

### Departmental Expectations

Students should arrange a meeting with a departmental advisor as soon as they are even thinking about a physics major. It is important to get major advising as early as possible.

This is one of many paths through the physics major. For other possibilities and details on math preparation and sequence of courses, see the Advising and Careers page (<https://guide.wisc.edu/undergraduate/letters-science/physics/physics-bs/#advisingandcareerstext>).

#### First Year

Fall	Credits Spring	Credits
MATH 222	4 PHYSICS 247	5
COMP SCI 220	4 MATH 234	4
Communication A	3 Ethnic Studies	3
Foreign Language (if needed)	4 Foreign Language (if needed)	4
	<b>15</b>	<b>16</b>

#### Second Year

Fall	Credits Spring	Credits
PHYSICS 248	5 PHYSICS 249	4
MATH 319	3 PHYSICS 311	3
MATH 340	3 PHYSICS 301	1
INTER-LS 210	1 MATH 321	3
Humanities Breadth	3 Literature Breadth	3
	<b>15</b>	<b>14</b>

#### Third Year

Fall	Credits Spring	Credits

Biological Science Breadth	3 Social Science Breadth	3
	<b>15</b>	<b>15</b>

**Total Credits 120**

## THREE-YEAR PLAN

### THREE-YEAR PLAN

This Sample Three-Year Plan is a tool to assist students and their advisor(s). Students should use it –along with their DARS report, the Degree Planner, and Course Search & Enroll tools – to make their own three-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests.

Three-year plans may vary considerably from student to student, depending on their individual preparation and circumstances. Students interested in graduating in three years should meet with an advisor as early as possible to discuss feasibility, appropriate course sequencing, post-graduation plans (careers, graduate school, etc.), and opportunities they might forgo in pursuit of a three-year graduation plan.

#### Departmental Expectations

This three-year degree plan is feasible for students with a minimum of 30 advanced standing credits and who have satisfied the following requirements with course credit or via placement examination:

- MATH 221 Calculus and Analytic Geometry 1
- MATH 222 Calculus and Analytic Geometry 2
- 3-4 units of foreign language

Therefore, this three-year plan can either be for those who completed these requirements in their first year or for students immediately starting with those requirements and who wish to take more advanced electives in their final year.

#### First Year

Fall	Credits Spring	Credits
PHYSICS 247	5 PHYSICS 248	5
MATH 234	4 MATH 319	3
Communication A	3 MATH 340	3
Social Science Breadth	4 INTER-LS 210	1
	Humanities Breadth w/ Ethnic Studies	3
	<b>16</b>	<b>15</b>

#### Second Year

Fall	Credits Spring	Credits
PHYSICS 249	4 PHYSICS 322	3
PHYSICS 311	3 PHYSICS 307	2
MATH 321	3 MATH 322	3
Humanities Breadth	3 PHYSICS 301	1
Literature Breadth	3 Social Science Breadth	4
	Biological Science Breadth	3
	<b>16</b>	<b>16</b>

#### Third Year

Fall	Credits Spring	Credits

## ADVISING AND CAREERS

### ADVISING AND CAREERS PHYSICS UNDERGRADUATE ADVISORS

Evan Heintz

Professor Tulika Bose

Professor Deniz Yavuz

#### Scheduling an Advising Appointment with a Physics Major Advisor

To meet with a Physics major advisor, you may either schedule a Starfish appointment with Evan Heintz, email [physics-advisors@wisc.edu](mailto:physics-advisors@wisc.edu) or contact one of them directly.

### PHYSICS AMEP ADVISORS

Professor Cary Forest

Professor Robert McDermott

Professor Thad Walker

Professor Deniz Yavuz

#### Scheduling an Advising Appointment with an AMEP Advisor

Applied Math Engineering Physics (AMEP) students may email [AMEP-advisors@wisc.edu](mailto:AMEP-advisors@wisc.edu). If you already have an assigned AMEP advisor in the physics department, please contact them directly.

### ADVISING FOR SOAR STUDENTS

Email [eheintz@wisc.edu](mailto:eheintz@wisc.edu), [physics-advisors@wisc.edu](mailto:physics-advisors@wisc.edu), or [AMEP-advisors@wisc.edu](mailto:AMEP-advisors@wisc.edu), depending on your interests. Include contact information and your availability.

The Department of Physics encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

A good starting point to begin exploring possible careers is to enroll in PHYSICS 301 Physics Today. This course, offered in the spring semester, includes a weekly talk where a topic of local research is discussed by one of the physics faculty, astronomy faculty, or SuccessWorks.

Additional Resources:

- Link to physics department student jobs and research opportunities (<https://www.physics.wisc.edu/academics/undergrads/news/>)

## ADVISORY INFORMATION

### Mathematics

There are specific math courses listed as prerequisites for our Physics courses. Depending on your interest in math (some Physics majors also major in Math as well), the courses you select may be different. A typical math sequence is: MATH 221, MATH 222, MATH 234, MATH 319, MATH 340, MATH 321, MATH 322. MATH 320 is an alternative course majors may pursue instead of taking both MATH 319 and MATH 340. Please consult with an advisor when choosing your Mathematics courses, particularly before deciding on one of the honors sequences in Math. We do not recommend the honors sequences for physics majors unless you are considering a second major in Math.

MATH 221 Calculus and Analytic Geometry 1: A prerequisite for PHYSICS 247, PHYSICS 207, and PHYSICS 201.

MATH 222 Calculus and Analytic Geometry 2: A prerequisite for PHYSICS 247 but can be taken concurrently.

MATH 234 Calculus--Functions of Several Variables: MATH 234 is a prerequisite for PHYSICS 248 but can be taken concurrently. If you are not taking the PHYSICS 247/PHYSICS 248/PHYSICS 249 intro sequence, you will still need this course for PHYSICS 311 and PHYSICS 322.

MATH 319 Techniques in Ordinary Differential Equations: Techniques for solving and approximating solutions to ordinary differential equations.

MATH 340 Elementary Matrix and Linear Algebra: An introduction to linear algebra. This course is a bridge between concrete and abstract math. You are strongly advised to take MATH 319 and MATH 340, or MATH 320 before PHYSICS 311 and PHYSICS 322.

MATH 320 Linear Algebra and Differential Equations: This course combines topics from MATH 319 and MATH 340. It is adequate for the rest of our undergraduate physics curriculum but is not recommended for those planning on continuing to graduate school. There is an accelerated honors section that thoroughly covers all of the material in MATH 319 and MATH 340. It is more challenging but is a good way to fit in both topics if you are unable to take MATH 319/MATH 340 before you take PHYSICS 311 or PHYSICS 322.

MATH 321 Applied Mathematical Analysis: Techniques for solving problems in the physical sciences, engineering, and applied mathematics, using advanced calculus and analytic function theory. For students interested in more abstract math, taking MATH 521 would be equivalent. It is recommended that MATH 321 be taken before PHYSICS 322 but especially before you take either PHYSICS 448 /PHYSICS 531. Note that this course is a significant time commitment.

MATH 322 Applied Mathematical Analysis: Techniques for solving partial differential equations, with an emphasis on practical problems in the physical sciences. Also covers special functions, Fourier Transformations, etc. MATH 321 and MATH 322 are recommended for those planning to continue on to graduate school in Physics.

### Computer Science & Data Science

Students should become familiar with scientific programming. The most useful languages are Python followed by C or C++. The computer sciences department offers introductory courses. The Division of Information Technology (DoIT) also offers short courses to introduce programming.

COMP SCI 220 Data Science Programming I is generally the best introductory computing course for physics majors interested in doing research due to its focus on Python.

Students interested in data science and machine learning are also recommended to take PHYSICS 361 Machine Learning in Physics.

### Chemistry

A college course in chemistry is useful for all physics students, but not required.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE FACULTY

More details about each faculty member (<https://www.physics.wisc.edu/people/faculty/>) and the research areas can be found on the Physics website.

Yang Bai, Professor  
 Baha Balantekin, Eugene P. Wigner Professor  
 Vernon Barger, Van Vleck Professor and Vilas Research Professor  
 Keith Bechtol, Associate Professor  
 Kevin Black, Professor  
 Stanislav Boldyrev, Professor  
 Uwe Bergmann, Martin L. Pearl Professor in Ultrafast X-Ray Science

Tulika Bose, Professor  
 Victor Brar, Van Vleck Associate Professor  
 Rogerio Manuel Jorge, Assistant Professor  
 Duncan Carlsmith, Professor  
 Daniel Chung, Professor  
 Susan Coppersmith, Emeritus Robert E. Fassnacht Professor and Vilas Research Professor  
 Kyle Cranmer, Professor & Data Science Institute Director  
 Sridhara Dasu, Professor  
 Jan Egedal, Professor  
 Mark Eriksson, John Bardeen Professor and Department Chair  
 Ilya Esterlis, Assistant Professor  
 Lisa Everett, Professor  
 Ke Fang, Assistant Professor  
 Cary Forest, Prager Professor of Experimental Physics  
 Pupa Gilbert, Vilas Distinguished Achievement Professor  
 Francis Halzen, Gregory Breit Professor, Hilldale Professor, & Vilas Research Professor  
 Kael Hanson, Professor  
 Aki Hashimoto, Professor  
 Matthew Herndon, Professor  
 Robert Joynt, Emeritus Professor  
 Albrecht Karle, Professor  
 Roman Kuzmin, Dunson Cheng Assistant Professor  
 Alex Levchenko, Professor  
 Lu Lyu (aka Lu Lu), Assistant Professor  
 Dan McCammon, Professor  
 Robert McDermott, Professor  
 Moritz Muenchmeyer, Assistant Professor  
 Matthew Otten, Assistant Professor  
 Yibin Pan, Associate Professor  
 Brian Rebel, Professor  
 Mark Rzchowski, Associate Chair and Professor  
 Mark Saffman, Professor  
 John Sarff, Professor  
 Tiancheng Song, Assistant Professor  
 Gary Shiu, Professor  
 Paul Terry, Professor  
 Peter Timbie, Professor  
 Justin Vandenbroucke, Associate Professor  
 Maxim Vavilov, Professor  
 Thad Walker, Vilas Distinguished Achievement Professor  
 Sau Lan Wu, Enrico Fermi Professor, Hilldale Professor, and Vilas Research Professor  
 Deniz Yavuz, Professor  
 Vladimir Zhdankin, Assistant Professor  
 Ellen Zweibel, William L Kraushaar Professor of Astronomy & Physics

## AFFILIATED FACULTY

David Anderson, Professor, Electrical & Computer Engineering  
 Paul Campagnola, Professor, Biomedical Engineering  
 Jennifer Choy, Assistant Professor, Engineering Physics  
 Elena D'Onghia, Professor, Astronomy  
 Chang-Beom Eom, Professor, Materials Science & Engineering  
 Chris Hegna, Professor, Engineering Physics  
 Sebastian Heinz, Professor, Astronomy  
 Mikhail Kats, Associate Professor, Electrical & Computer Engineering  
 Jason Kawasaki, Associate Professor, Materials Science & Engineering  
 Irena Knezevic, Professor, Electrical & Computer Engineering  
 Alexandre Lazarian, Professor, Astronomy  
 Daniel Rhodes, Assistant Professor, Materials Science & Engineering  
 Oliver Schmitz, Professor, Engineering Physics

Micheline Soley, Assistant Professor, Chemistry  
 Carl Sovinec, Professor, Engineering Physics  
 Richard Townsend, Professor, Astronomy  
 Ying Wang, Assistant Professor, Materials Science & Engineering  
 Jun Xiao, Assistant Professor, Materials Science & Engineering

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE PHYSICS CLUB

The Society of Physics Students (SPS) – also known as the Physics Club – is a student organization for people interested in physics and related fields.

#### What does the Physics Club do?

The Physics Club organizes events such as seminars, tours, trips, and socials for its members. Physics Club volunteers also offer free drop-in tutoring to students in introductory physics and astronomy classes. In addition, we maintain subscriptions to science-related magazines such as *Scientific American*, *Astronomy*, and *Physics Today*, which are kept in the club's room located at 2328 Chamberlin Hall. In addition, UPS sponsors a variety of other events. For example, in the past, we have taken a field trip to Fermilab, sponsored a racquetball tournament, and have frequently gathered for social events such as ice skating, movie night, and bowling.

#### Why should you join the Physics Club?

By joining the Physics Club you'll be meeting many physics majors, who are, in general, really cool people to hang out with. If you are thinking about declaring a physics major, this is the place to come for helpful advice about taking classes and finding an undergraduate job in the physics department. If you join, you can get access to the Physics Club room, 2328 Chamberlin Hall. Joining also adds you to the club email list, so you can be notified about club-sponsored events.

#### To Join

Either email [physics.society.wisc@gmail.com](mailto:physics.society.wisc@gmail.com) (physics.society.wisc.@gmail.com) or drop by Room 2328 Chamberlin Hall and pick up a membership form. Turn in a completed form with your annual dues to an SPS club officer.

## GENDER MINORITIES AND WOMEN IN PHYSICS

Gender Minorities and Women in Physics (GMaWiP) is a student organization open to undergraduates for the support and promotion of gender minorities and women in physics at UW-Madison. GMaWiP works to provide both professional development and support for women and gender minorities in physics at every step in their careers by taking concrete actions through the following methods:

1. Career Development
2. Mentorship
3. Fellowship
4. Outreach

In addition, they provide advocacy for other minorities in physics, including, but not limited to students of color, students with disability status, low-income students, and LGBT+ students. The group also hosts social events throughout the year aimed at building a sense of community among the members.

## GREAT IDEAS

GMaWiP also hosts a bi-weekly GREAT IDEAS (Group for Reading, Educating, And Talking about Inclusion, Diversity, Equity, & Advocacy in Science) seminar. GREAT IDEAS is a multimedia reading group dedicated to amplifying the experiences of underrepresented groups in science and academia in order to become better advocates for our peers. GREAT IDEAS is open to everyone, and all are welcome and encouraged to engage with the material and contribute to the discussions.

## Undergraduate Mentorship Program

GMaWiP also provides a mentorship program for undergraduate students. This program connects the undergraduate with a graduate student who will advise and mentor the undergraduate as they work to obtain their degree. If you are interested in this mentorship program or are interested in getting involved with GMaWiP, please contact the undergraduate advisor.

---

## PHYSICS LEARNING CENTER

The Physics Learning Center: Striving to help all students succeed in Physics.

- Do you enjoy Physics?
- Are you patient?
- Do you like to teach?
- Would you like to help other undergraduate students?

The Physics Learning Center (PLC) has job opportunities for physics undergraduates as Peer Mentor Tutors (PMT). The PLC is looking for PMTs who have a desire to help others learn physics and have an enthusiasm for learning new ways to solve physics problems.

The PLC provides supplemental instruction and a supportive learning environment to students in large challenging introductory physics courses. They include algebra-based PHYSICS 103- PHYSICS 104 and calculus-based PHYSICS 207-PHYSICS 208, which are requisites for many STEM majors and pre-health professional pathways. The majority of students in these classes are not physics majors.

PMTs lead a learning team twice a week helping students build a conceptual framework to solve a variety of physics problems. The PLC strives to create a supportive learning environment to help students gain skills, increase confidence, and meet potential study partners.

Peer Mentor Tutors receive extensive training in teaching Physics and in general pedagogy. Tutors meet with a PLC staff member each week to discuss strategies for teaching course content, including how to use teaching materials that stress conceptual understanding. In addition, PMTs from all courses meet as a group for a weekly teaching seminar to discuss issues such as group dynamics, techniques for actively involving students in learning, helping students to prepare for exams, raising awareness of diversity in student experiences, resources on campus, etc.

Our Peer Mentor Tutors report that they greatly enjoy working with their students. In the process, they strengthen their own foundation in Physics and presentation skills. They also tell us that teaching Physics helps to review for the Graduate Record Exam and to prepare for post-graduate teaching in middle/high school or as a university teaching assistant.

PMTs are a mix of students majoring in physics, astrophysics, secondary science education, and engineering, as well as from other majors. This is a paid position taking about eight hours per week that includes learning

team time, content and pedagogy meetings, reviews before exams, and time to prepare for teaching.

To find out more about the PLC Peer Mentor Tutor Program, please contact us. The PLC is located in Chamberlin 2337/2338.

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

The Physics Department is very happy to offer a number of awards for undergraduate students in physics each year. Many of these awards have been made possible through very generous donations by alumni and friends of the Department.

A list of all the undergraduate awards can be found on the physics website (<https://www.physics.wisc.edu/department/awards/apply/>).

---

## APPLICATION PROCESS

### Eligibility

- Must be enrolled as a full-time student at UW-Madison in both semesters of the Academic Year
- Must be a Physics (or Astronomy-Physics) major.

Applicants will be judged by the Student Awards Committee. You may apply for a specific award below; however, the Committee will consider all eligible applications for relevant awards. The Committee will review your transcript.

The call for applications is often sent out near the end of the fall semester with the deadline for applications often falling slightly after the beginning of the spring semester. The awards decisions will be made by the Awards Committee soon thereafter. Awardees will be notified and asked to attend the Physics Awards Banquet to be held at the end of the spring semester.

### To Apply

Once the call for applications has been sent out, each applicant is to submit the following (in PDF) by the deadline via WiSH (<https://wisc.academicworks.com/>):

- Resume/CV
  - Statement of current research/teaching activity and future plans as a physics major (one page)
  - Letter of recommendation from a faculty or staff member (one page)
  - Online application system will automatically prompt the letter writer to submit a letter
  - If indicated below, a statement of need (one page)
-

## For More information

Please visit the Department of Physics Awards webpage (<https://www.physics.wisc.edu/awards/>) or contact the Department of Physics at [info@physics.wisc.edu](mailto:info@physics.wisc.edu).

# PHYSICS, BS

We have a long history of providing our students with a great educational experience. Our physics department awarded its first PhD in 1899. Since then, our students have earned degrees in virtually every area of physics, and our faculty have played key roles in a myriad of important research efforts.

Physics is the science of the properties of matter, radiation, and energy in all forms. As such, it is the most fundamental of the sciences. It provides the underlying framework for the other physical sciences and engineering and for understanding physical processes in biological and environmental sciences.

## CHOOSE TO BE A PHYSICS MAJOR

### WHY STUDY PHYSICS?

- **Intellectual Satisfaction.** First, and foremost, physics satisfies our deep desire to understand how the universe works. Physics is interesting.
- **Intellectual Challenge.** By striving for fundamental understanding, the physicist accepts the challenge to move past a merely descriptive approach of our world and probes deeply into how and why it works.
- **Physics Produces New Technology.** Today's esoteric physics research will become tomorrow's technological advances.
- **Technical Expertise.** Physicists exploit forefront technologies in their pursuits.
- **Flexibility.** In a fast-paced and changing world, it is much more important to have a broad substantive education than to be trained in a specific skill. We teach people how to think, and how to apply and extend what they know to new types of problems.
- **Physics is Analytical and Quantitative.** People who can reason analytically and quantitatively are essential for the success of almost any pursuit.

The undergraduate physics program will provide an overall view of both classical and modern physics with the flexibility to continue learning in fields that interest you. It will also help you develop skills in analysis, problem-solving, and quantitative reasoning that will aid you in whatever career you pursue after graduation.

### A MAJOR IN PHYSICS CAN...

- Prepare you for employment in industrial or governmental laboratories.
- Prepare you for graduate studies for master's or doctoral degrees in experimental or theoretical physics.
- Provide a broad background for further work in other sciences, such as materials sciences, aerospace, astronomy, computer science, geophysics, meteorology, radiology, medicine, biophysics, engineering, and environmental studies.
- Provide a science-oriented liberal education. This training can be useful in some areas of business administration, law, or other fields where a basic knowledge of science is useful.

- Provide part of the preparation you need to teach physics. To teach physics in high school, you will also take education courses to become certified. You will need a doctoral degree to become a college or university professor.

Interested in the undergraduate physics program? Check out the physics undergraduate page (<https://www.physics.wisc.edu/academics/undergrads/>) or browse the Undergraduate Physics Majors Handbook (<https://www.physics.wisc.edu/undergrads/handbook.pdf>).

## OTHER PROGRAMS

### AMEP

A program in applied mathematics, engineering and physics (AMEP) (p. 1162) is described in its own section of the *Guide*.

### ASTRONOMY-PHYSICS

Students interested in an Astronomy-Physics major should contact the Astronomy Department (p. 509).

### EDUCATION-PHYSICS

A student working toward the Bachelor of Science-Education degree may major or minor in physics. Interested students should contact the School of Education (p. 1535). Upon request, the physics department will assign an advisor.

### MEDICAL PHYSICS

A suggested curriculum for students interested in graduate study in medical physics is available on the medical physics webpage (<https://www.medphysics.wisc.edu/graduate-program/admissions/#requirements>).

## HOW TO GET IN

### HOW TO GET IN DECLARING A PHYSICS MAJOR

Students should discuss declaration with one of the undergraduate advisors (p. 1276) as early as possible and bring a What-If DARS for the Physics major to their meeting.

To be eligible to declare the major, students must have a combined MATH and PHYSICS GPA of at least a 2.500. Eligible students can declare the physics major anytime by meeting with an advisor to complete the department's major declaration form (<https://www.physics.wisc.edu/sites/default/files/Physics%20Declaration%20Form.pdf>).

There are additional steps to declaring Physics as an Additional Major. Section C of the major declaration form (<https://www.physics.wisc.edu/sites/default/files/Physics%20Declaration%20Form.pdf>) has important information about this process. Students should consult the Guide page of their home school or college for more information about declaring an Additional Major in L&S.

Students pursuing the Physics major are not eligible to declare the Physics certificate.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

Mathematics	Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.
Language	Complete the third unit of a language other than English.
LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.</li> </ul>

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

The physics major requires 35 credits from the following:

Code	Title	Credits
<b>Introductory Physics<sup>1</sup></b>		
<i>First Introductory Course (complete one):<sup>1</sup></i>		5
PHYSICS 247	A Modern Introduction to Physics (recommended)	
PHYSICS 207	General Physics	
PHYSICS 201	General Physics	
E M A 201 & E M A 202	Statics and Dynamics <sup>2</sup>	
E M A 201 & M E 240	Statics and Dynamics <sup>2</sup>	
<i>Second Introductory Course (complete one):</i>		5
PHYSICS 248	A Modern Introduction to Physics (recommended)	
PHYSICS 208	General Physics	
PHYSICS 202	General Physics	
<i>Third Introductory Course (complete one):</i>		3–4
PHYSICS 249	A Modern Introduction to Physics (recommended)	
PHYSICS 205	Modern Physics for Engineers (See advising and careers for more information.)	
PHYSICS/ E C E 235	Introduction to Solid State Electronics (See advising and careers for more information.)	
PHYSICS 241	Introduction to Modern Physics	
<b>Intermediate Mechanics</b>		
PHYSICS 311	Mechanics	3
<b>Electromagnetism (complete one):</b>		
PHYSICS 322	Electromagnetic Fields	3

E C E 220 & E C E 320 & E C E 420	Electrodynamics I and Electrodynamics II and Electromagnetic Wave Transmission <sup>3</sup>	
<b>Quantum Mechanics (complete one):</b>		<b>3</b>
PHYSICS 448	Atomic and Quantum Physics	
PHYSICS 531	Introduction to Quantum Mechanics	
<b>Laboratory</b>		<b>4</b>
<i>Full registered credit per course:</i>		
PHYSICS 307	Intermediate Laboratory-Mechanics and Modern Physics	
PHYSICS 407	Advanced Laboratory	
<i>Two credits apply from each of the following:</i>		
PHYSICS 321	Electric Circuits and Electronics <sup>4</sup>	
PHYSICS 325	Optics <sup>4</sup>	
PHYSICS 623	Electronic Aids to Measurement <sup>4</sup>	
PHYSICS 625	Applied Optics <sup>4</sup>	
N E 427	Nuclear Instrumentation Laboratory <sup>5</sup>	
N E 428	Nuclear Reactor Laboratory <sup>5</sup>	
<i>One credit applies from each of the following:</i>		
E C E 305	Semiconductor Properties Laboratory <sup>5</sup>	
E C E 313	Optoelectronics Lab <sup>5</sup>	
<b>Advanced Physics Electives</b>		<b>4-9</b>
<b>Total Credits</b>		<b>35</b>

<sup>1</sup> PHYSICS 247/PHYSICS 248/PHYSICS 249 is the introductory course sequence recommended for prospective physics majors, PHYSICS 201/PHYSICS 202/PHYSICS 241 is recommended for engineers, and PHYSICS 207/PHYSICS 208/PHYSICS 241 is intended for life sciences and chemistry majors. Both PHYSICS 201 General Physics/PHYSICS 202 General Physics/PHYSICS 241 Introduction to Modern Physics and PHYSICS 207 General Physics/PHYSICS 208 General Physics/PHYSICS 241 Introduction to Modern Physics are suitable alternatives for physics majors. Although the department recommends following one of these sequences, students are allowed to mix them, with the exception that transfers into the PHYSICS 247/PHYSICS 248/PHYSICS 249 sequence are not permitted.

<sup>2</sup> Both courses must be taken and together count 5 credits toward the 35 required for the major. These credits can be counted toward the 35 required for the major only if these courses are used to satisfy this requirement.

<sup>3</sup> All three of E C E 220 and E C E 320 and E C E 420 must be taken, and together count 3 credits toward the 35 required for the major. These credits can be counted toward the 35 required for the major only if these courses are used to satisfy this requirement.

<sup>4</sup> All four credits for each course count toward 35-credit total.

<sup>5</sup> For non-PHYSICS courses, students will receive only the credit applied as lab toward the 35-credit requirement.

## ADVANCED PHYSICS ELECTIVE COURSES

Code	Title	Credits
PHYSICS 301	Physics Today (recommended) <sup>6</sup>	1
PHYSICS 307	Intermediate Laboratory-Mechanics and Modern Physics	2

PHYSICS 311	Mechanics	3
PHYSICS 321	Electric Circuits and Electronics	4
PHYSICS 322	Electromagnetic Fields	3
PHYSICS 323	Electromagnetic Fields	3
PHYSICS 325	Optics	4
PHYSICS 406	Special Topics in Physics	1-4
PHYSICS 407	Advanced Laboratory	2-4
PHYSICS 415	Thermal Physics	3
PHYSICS 448	Atomic and Quantum Physics	3
PHYSICS 449	Atomic and Quantum Physics	3
PHYSICS/ ENVIR ST 472	Scientific Background to Global Environmental Problems	3
PHYSICS 498	Directed Study	1-3
PHYSICS 499	Directed Study	1-3
PHYSICS/B M E/ H ONCOL/ MED PHYS 501	Radiation Physics and Dosimetry	3
PHYSICS/E C E/ N E 525	Introduction to Plasmas	3
PHYSICS/E C E/ N E 527	Plasma Confinement and Heating	3
PHYSICS 531	Introduction to Quantum Mechanics	3
PHYSICS 535	Introduction to Particle Physics	3
PHYSICS 545	Introduction to Atomic Structure	3
PHYSICS/E C E 546	Lasers	2-3
PHYSICS 551	Solid State Physics	3
PHYSICS/ MED PHYS 588	Radiation Production and Detection	4
PHYSICS 601	Scientific Presentation	2
PHYSICS 603	Workshop in College Physics Teaching	1-2
PHYSICS 623	Electronic Aids to Measurement	4
PHYSICS 625	Applied Optics	4
PHYSICS 681	Senior Honors Thesis	3
PHYSICS 682	Senior Honors Thesis	3
PHYSICS 691	Senior Thesis	2-3
PHYSICS 692	Senior Thesis	2-3

<sup>6</sup> It is recommended that the student's program include the seminar PHYSICS 301 Physics Today.

## RESIDENCE AND QUALITY OF WORK IN THE MAJOR

- 2.000 GPA in all PHYSICS and all major courses
- 2.000 on at least 15 credits in Upper Level work, taken in residence<sup>7</sup>
- 15 credits in PHYSICS, taken on campus

<sup>7</sup> Courses that meet the Core and Laboratory requirements, and Advanced level PHYSICS courses, count as upper-level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with their major advisor and the Honors Program.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all PHYSICS and all major courses
- 12 credits of Honors PHYSICS courses with grades of B or better, to include:
  - PHYSICS 681 - PHYSICS 682, for a total of 6 credits
  - 3 additional credits of Advanced level PHYSICS for Honors, with a grade of B or better
  - 3 credits at any level in PHYSICS for Honors, with a grade of B or better<sup>8</sup>

<sup>8</sup> Note that enrolling in PHYSICS 247/PHYSICS 248/PHYSICS 249 provides honors credit towards Honors in the Major (not at the Advanced level, however).

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Understand basic physical principles.
2. Solve problems proficiently using both quantitative and qualitative applications of these physical principles.
3. Appreciate the excitement of physics and be acquainted with a wide range of research areas in physics.
4. Know how to perform quantitative measurements of physical phenomena and understand the statistical significance of observations made in the presence of statistical and systematic uncertainties.
5. Be prepared for graduate study and/or careers in STEM fields.

6. Communicate effectively with scientific peers and the public, both orally and in writing.
7. Understand their own learning processes and be able to continue to educate themselves after graduation.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### Departmental Expectations

Students should arrange a meeting with a departmental advisor as soon as they are even thinking about a physics major. It is important to get major advising as early as possible.

This is one of many paths through the physics major. For other possibilities and details on math preparation and sequence of courses, see the Advising and Careers page (<https://guide.wisc.edu/undergraduate/letters-science/physics/physics-bs/#advisingandcareerstext>).

#### First Year

Fall	Credits Spring	Credits
MATH 222	4 PHYSICS 247	5
COMP SCI 220	4 MATH 234	4
Communication A	3 Ethnic Studies	3
Foreign Language (if needed)	4 Foreign Language (if needed)	4
	<b>15</b>	<b>16</b>

#### Second Year

Fall	Credits Spring	Credits
PHYSICS 248	5 PHYSICS 249	4
MATH 319	3 PHYSICS 311	3
MATH 340	3 PHYSICS 301	1
INTER-LS 210	1 MATH 321	3
Humanities Breadth	3 Literature Breadth	3
	<b>15</b>	<b>14</b>

#### Third Year

Fall	Credits Spring	Credits
PHYSICS 307	2 Physics Lab Course	4
PHYSICS 322	3 Physics Elective	3
MATH 322	3 Humanities Breadth	3
Social Science Breadth	3 Social Science Breadth	3
Communication B	3-4 Biological Science Breadth	3
	<b>14</b>	<b>16</b>

**Fourth Year**

Fall	Credits Spring	Credits
PHYSICS 448	3 PHYSICS 449	3
Physics Elective	3 PHYSICS 415	3
Social Science Breadth	3 Literature Breadth	3
Humanities Breadth	3 Humanities Breadth	3
Biological Science Breadth	3 Social Science Breadth	3
	<b>15</b>	<b>15</b>

**Total Credits 120****THREE-YEAR PLAN****THREE-YEAR PLAN**

This Sample Three-Year Plan is a tool to assist students and their advisor(s). Students should use it –along with their DARS report, the Degree Planner, and Course Search & Enroll tools – to make their own three-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests.

Three-year plans may vary considerably from student to student, depending on their individual preparation and circumstances. Students interested in graduating in three years should meet with an advisor as early as possible to discuss feasibility, appropriate course sequencing, post-graduation plans (careers, graduate school, etc.), and opportunities they might forgo in pursuit of a three-year graduation plan.

**Departmental Expectations**

This three-year degree plan is feasible for students with a minimum of 30 advanced standing credits and who have satisfied the following requirements with course credit or via placement examination:

- MATH 221 Calculus and Analytic Geometry 1
- MATH 222 Calculus and Analytic Geometry 2
- 3-4 units of foreign language

Therefore, this three-year plan can either be for those who completed these requirements in their first year or for students immediately starting with those requirements and who wish to take more advanced electives in their final year.

**First Year**

Fall	Credits Spring	Credits
PHYSICS 247	5 PHYSICS 248	5
MATH 234	4 MATH 319	3
Communication A	3 MATH 340	3
Social Science Breadth	4 INTER-LS 210	1
	Humanities Breadth w/ Ethnic Studies	3
	<b>16</b>	<b>15</b>

**Second Year**

**Total Credits 90****ADVISING AND CAREERS****ADVISING AND CAREERS**  
**PHYSICS UNDERGRADUATE ADVISORS**

Evan Heintz

Professor Tulika Bose

Professor Deniz Yavuz

**Scheduling an Advising Appointment with a Physics Major Advisor**

To meet with a Physics major advisor, you may either schedule a Starfish appointment with Evan Heintz, email [physics-advisors@wisc.edu](mailto:physics-advisors@wisc.edu) or contact one of them directly.

**PHYSICS AMEP ADVISORS**

Professor Cary Forest

Professor Robert McDermott

Professor Thad Walker

Professor Deniz Yavuz

**Scheduling an Advising Appointment with an AMEP Advisor**

Applied Math Engineering Physics (AMEP) students may email [AMEP-advisors@wisc.edu](mailto:AMEP-advisors@wisc.edu). If you already have an assigned AMEP advisor in the physics department, please contact them directly.

**ADVISING FOR SOAR STUDENTS**

Email [eheintz@wisc.edu](mailto:eheintz@wisc.edu), [physics-advisors@wisc.edu](mailto:physics-advisors@wisc.edu), or [AMEP-advisors@wisc.edu](mailto:AMEP-advisors@wisc.edu), depending on your interests. Include contact information and your availability.

The Department of Physics encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs.

It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

A good starting point to begin exploring possible careers is to enroll in PHYSICS 301 Physics Today. This course, offered in the spring semester, includes a weekly talk where a topic of local research is discussed by one of the physics faculty, astronomy faculty, or SuccessWorks.

Additional Resources:

- Link to physics department student jobs and research opportunities (<https://www.physics.wisc.edu/academics/undergrads/news/>)

## ADVISORY INFORMATION

### Mathematics

There are specific math courses listed as prerequisites for our Physics courses. Depending on your interest in math (some Physics majors also major in Math as well), the courses you select may be different. A typical math sequence is: MATH 221, MATH 222, MATH 234, MATH 319, MATH 340, MATH 321, MATH 322. MATH 320 is an alternative course majors may pursue instead of taking both MATH 319 and MATH 340. Please consult with an advisor when choosing your Mathematics courses, particularly before deciding on one of the honors sequences in Math. We do not recommend the honors sequences for physics majors unless you are considering a second major in Math.

MATH 221 Calculus and Analytic Geometry 1: A prerequisite for PHYSICS 247, PHYSICS 207, and PHYSICS 201.

MATH 222 Calculus and Analytic Geometry 2: A prerequisite for PHYSICS 247 but can be taken concurrently.

MATH 234 Calculus--Functions of Several Variables: MATH 234 is a prerequisite for PHYSICS 248 but can be taken concurrently. If you are not taking the PHYSICS 247/PHYSICS 248/PHYSICS 249 intro sequence, you will still need this course for PHYSICS 311 and PHYSICS 322.

MATH 319 Techniques in Ordinary Differential Equations: Techniques for solving and approximating solutions to ordinary differential equations.

MATH 340 Elementary Matrix and Linear Algebra: An introduction to linear algebra. This course is a bridge between concrete and abstract math. You are strongly advised to take MATH 319 and MATH 340, or MATH 320 before PHYSICS 311 and PHYSICS 322.

MATH 320 Linear Algebra and Differential Equations: This course combines topics from MATH 319 and MATH 340. It is adequate for the rest of our undergraduate physics curriculum but is not recommended for those planning on continuing to graduate school. There is an accelerated honors section that thoroughly covers all of the material in MATH 319 and MATH 340. It is more challenging but is a good way to fit in both topics if you are unable to take MATH 319/MATH 340 before you take PHYSICS 311 or PHYSICS 322.

MATH 321 Applied Mathematical Analysis: Techniques for solving problems in the physical sciences, engineering, and applied mathematics, using advanced calculus and analytic function theory. For students interested in more abstract math, taking MATH 521 would be equivalent. It is recommended that MATH 321 be taken before PHYSICS 322 but especially before you take either PHYSICS 448 /PHYSICS 531. Note that this course is a significant time commitment.

MATH 322 Applied Mathematical Analysis: Techniques for solving partial differential equations, with an emphasis on practical problems in the

physical sciences. Also covers special functions, Fourier Transformations, etc. MATH 321 and MATH 322 are recommended for those planning to continue on to graduate school in Physics.

### Computer Science & Data Science

Students should become familiar with scientific programming. The most useful languages are Python followed by C or C++. The computer sciences department offers introductory courses. The Division of Information Technology (DoIT) also offers short courses to introduce programming.

COMP SCI 220 Data Science Programming I is generally the best introductory computing course for physics majors interested in doing research due to its focus on Python.

Students interested in data science and machine learning are also recommended to take PHYSICS 361 Machine Learning in Physics.

### Chemistry

A college course in chemistry is useful for all physics students, but not required.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## WISCONSIN EXPERIENCE

WISCONSIN EXPERIENCE  
PHYSICS CLUB

The Society of Physics Students (SPS) – also known as the Physics Club – is a student organization for people interested in physics and related fields.

## What does the Physics Club do?

The Physics Club organizes events such as seminars, tours, trips, and socials for its members. Physics Club volunteers also offer free drop-in tutoring to students in introductory physics and astronomy classes. In addition, we maintain subscriptions to science-related magazines such as *Scientific American*, *Astronomy*, and *Physics Today*, which are kept in the club's room located at 2328 Chamberlin Hall. In addition, UPS sponsors a variety of other events. For example, in the past, we have taken a field trip to Fermilab, sponsored a racquetball tournament, and have frequently gathered for social events such as ice skating, movie night, and bowling.

## Why should you join the Physics Club?

By joining the Physics Club you'll be meeting many physics majors, who are, in general, really cool people to hang out with. If you are thinking about declaring a physics major, this is the place to come for helpful advice about taking classes and finding an undergraduate job in the physics department. If you join, you can get access to the Physics Club room, 2328 Chamberlin Hall. Joining also adds you to the club email list, so you can be notified about club-sponsored events.

## To Join

Either email [physics.society.wisc@gmail.com](mailto:physics.society.wisc@gmail.com) (physics.society.wisc.@gmail.com) or drop by Room 2328 Chamberlin Hall and pick up a membership form. Turn in a completed form with your annual dues to an SPS club officer.

## GENDER MINORITIES AND WOMEN IN PHYSICS

Gender Minorities and Women in Physics (GMAWiP) is a student organization open to undergraduates for the support and promotion of gender minorities and women in physics at UW–Madison. GMAWiP works to provide both professional development and support for women and gender minorities in physics at every step in their careers by taking concrete actions through the following methods:

1. Career Development
2. Mentorship
3. Fellowship
4. Outreach

In addition, they provide advocacy for other minorities in physics, including, but not limited to students of color, students with disability status, low-income students, and LGBT+ students. The group also hosts social events throughout the year aimed at building a sense of community among the members.

### GREAT IDEAS

GMAWiP also hosts a bi-weekly GREAT IDEAS (Group for Reading, Educating, And Talking about Inclusion, Diversity, Equity, & Advocacy in Science) seminar. GREAT IDEAS is a multimedia reading group dedicated to amplifying the experiences of underrepresented groups in science and academia in order to become better advocates for our peers. GREAT IDEAS is open to everyone, and all are welcome and encouraged to engage with the material and contribute to the discussions.

### Undergraduate Mentorship Program

GMAWiP also provides a mentorship program for undergraduate students. This program connects the undergraduate with a graduate student who will advise and mentor the undergraduate as they work to obtain their degree. If you are interested in this mentorship program or are interested in getting involved with GMAWiP, please contact the undergraduate advisor.

---

## PHYSICS LEARNING CENTER

The Physics Learning Center: Striving to help all students succeed in Physics.

- Do you enjoy Physics?
- Are you patient?
- Do you like to teach?
- Would you like to help other undergraduate students?

The Physics Learning Center (PLC) has job opportunities for physics undergraduates as Peer Mentor Tutors (PMT). The PLC is looking for PMTs who have a desire to help others learn physics and have an enthusiasm for learning new ways to solve physics problems.

The PLC provides supplemental instruction and a supportive learning environment to students in large challenging introductory physics courses. They include algebra-based PHYSICS 103- PHYSICS 104 and calculus-based PHYSICS 207-PHYSICS 208, which are requisites for many STEM majors and pre-health professional pathways. The majority of students in these classes are not physics majors.

PMTs lead a learning team twice a week helping students build a conceptual framework to solve a variety of physics problems. The PLC

strives to create a supportive learning environment to help students gain skills, increase confidence, and meet potential study partners.

Peer Mentor Tutors receive extensive training in teaching Physics and in general pedagogy. Tutors meet with a PLC staff member each week to discuss strategies for teaching course content, including how to use teaching materials that stress conceptual understanding. In addition, PMTs from all courses meet as a group for a weekly teaching seminar to discuss issues such as group dynamics, techniques for actively involving students in learning, helping students to prepare for exams, raising awareness of diversity in student experiences, resources on campus, etc.

Our Peer Mentor Tutors report that they greatly enjoy working with their students. In the process, they strengthen their own foundation in Physics and presentation skills. They also tell us that teaching Physics helps to review for the Graduate Record Exam and to prepare for post-graduate teaching in middle/high school or as a university teaching assistant.

PMTs are a mix of students majoring in physics, astrophysics, secondary science education, and engineering, as well as from other majors. This is a paid position taking about eight hours per week that includes learning team time, content and pedagogy meetings, reviews before exams, and time to prepare for teaching.

To find out more about the PLC Peer Mentor Tutor Program, please contact us. The PLC is located in Chamberlin 2337/2338.

## RESOURCES AND SCHOLARSHIPS

### RESOURCES AND SCHOLARSHIPS

The Physics Department is very happy to offer a number of awards for undergraduate students in physics each year. Many of these awards have been made possible through very generous donations by alumni and friends of the Department.

A list of all the undergraduate awards can be found on the physics website (<https://www.physics.wisc.edu/department/awards/apply/>).

---

## APPLICATION PROCESS

### Eligibility

- Must be enrolled as a full-time student at UW–Madison in both semesters of the Academic Year
- Must be a Physics (or Astronomy-Physics) major.

Applicants will be judged by the Student Awards Committee. You may apply for a specific award below; however, the Committee will consider all eligible applications for relevant awards. The Committee will review your transcript.

The call for applications is often sent out near the end of the fall semester with the deadline for applications often falling slightly after the beginning of the spring semester. The awards decisions will be made by the Awards Committee soon thereafter. Awardees will be notified and asked to attend the Physics Awards Banquet to be held at the end of the spring semester.

### To Apply

Once the call for applications has been sent out, each applicant is to submit the following (in PDF) by the deadline via WiSH (<https://wisc.academicworks.com/>):

- Resume/CV
- Statement of current research/teaching activity and future plans as a physics major (one page)
- Letter of recommendation from a faculty or staff member (one page)
- Online application system will automatically prompt the letter writer to submit a letter
- If indicated below, a statement of need (one page)

### For More information

Please visit the Department of Physics Awards webpage (<https://www.physics.wisc.edu/awards/>) or contact the Department of Physics at [info@physics.wisc.edu](mailto:info@physics.wisc.edu).

## PHYSICS, CERTIFICATE

The department offers an undergraduate certificate in physics. An understanding of the physical universe informs many disciplines. The study of physics is essential to understanding nature and to advancing technology in the coming century. A certificate in physics increases the opportunities for students to become better informed on technological issues at the local, state, national, and international levels.

The certificate is designed to serve undergraduates majoring in biology, chemistry, mathematics, engineering, education and other fields who wish to extend their study of physics beyond what may be required or recommended for their major without completing the full L&S physics major requirements.

### HOW TO GET IN

## HOW TO GET IN

To declare a certificate in physics, students must fill out a major/certificate declaration form. An undergraduate physics advisor must sign the form. The form to declare the certificate can be obtained at the Physics departmental office. All undergraduate students are eligible to declare the certificate, except those declared in the following majors:

- Physics,
- Astronomy-Physics, and
- Applied Mathematics, Engineering, and Physics (AMEP)

## REQUIREMENTS

### REQUIREMENTS

The physics certificate requires 18 credits of Intermediate or Advanced-level undergraduate PHYSICS courses, with the following restrictions:

- At least 9 of the credits must be in residence.
- At most one course from each of the three semesters of an introductory sequence can be counted.
- At most 3 credits of directed study can be counted.
- Only graded courses may be used toward the certificate.
- A minimum grade point average of 2.000 is required in all certificate courses.

Code	Title	Credits
<b>First Introductory Course (complete only one):</b>		<b>5</b>
PHYSICS 247	A Modern Introduction to Physics (recommended)	
PHYSICS 207	General Physics	
PHYSICS 201	General Physics	
E M A 201 & E M A 202	Statics and Dynamics <sup>1</sup>	
E M A 201 & M E 240	Statics and Dynamics <sup>1</sup>	
<b>Second Introductory Course (complete only one):</b>		<b>5</b>
PHYSICS 248	A Modern Introduction to Physics (recommended) <sup>2</sup>	
PHYSICS 208	General Physics	
PHYSICS 202	General Physics	
<b>Third Introductory Course (complete only one):</b>		<b>3-4</b>
PHYSICS 249	A Modern Introduction to Physics (recommended) <sup>2</sup>	
PHYSICS 205	Modern Physics for Engineers	
PHYSICS/ E C E 235	Introduction to Solid State Electronics	
PHYSICS 241	Introduction to Modern Physics	
<b>Directed Study (optional, maximum 3 credits)</b>		<b>0-3</b>
PHYSICS 299	Directed Study	
PHYSICS 499	Directed Study	
PHYSICS 681	Senior Honors Thesis	
PHYSICS 682	Senior Honors Thesis	
PHYSICS 691	Senior Thesis	
PHYSICS 692	Senior Thesis	
<b>Additional Intermediate and Advanced PHYSICS courses</b>		<b>1-5</b>
PHYSICS/ MED PHYS 265	Introduction to Medical Physics	
PHYSICS 301	Physics Today	
PHYSICS 307	Intermediate Laboratory-Mechanics and Modern Physics	
PHYSICS 311	Mechanics	
PHYSICS 321	Electric Circuits and Electronics	
PHYSICS 322	Electromagnetic Fields	
PHYSICS 323	Electromagnetic Fields	

PHYSICS 325	Optics
PHYSICS 361	Machine Learning in Physics
PHYSICS 371	Acoustics for Musicians
PHYSICS 406	Special Topics in Physics
PHYSICS 407	Advanced Laboratory
PHYSICS 415	Thermal Physics
PHYSICS 448	Atomic and Quantum Physics
PHYSICS 449	Atomic and Quantum Physics
PHYSICS/ ENVIR ST 472	Scientific Background to Global Environmental Problems
PHYSICS/B M E/ H ONCOL/ MED PHYS 501	Radiation Physics and Dosimetry
PHYSICS/E C E/ N E 525	Introduction to Plasmas
PHYSICS/E C E/ N E 527	Plasma Confinement and Heating
PHYSICS 531	Introduction to Quantum Mechanics
PHYSICS 535	Introduction to Particle Physics
PHYSICS 545	Introduction to Atomic Structure
PHYSICS/ E C E 546	Lasers
PHYSICS 551	Solid State Physics
PHYSICS/ MED PHYS 588	Radiation Production and Detection
PHYSICS/B M E/ MED PHYS/ PHMCOL-M/ RADIOL 619	Microscopy of Life
PHYSICS 623	Electronic Aids to Measurement
PHYSICS 625	Applied Optics

**Total Credits** **18**

<sup>1</sup> A maximum of 5 credits from E M A 201, E M A 202 and M E 240 count toward the 18 credits required for the certificate.

<sup>2</sup> Students may not transfer into the PHYSICS 247 - PHYSICS 248 - PHYSICS 249 sequence from another introductory sequence.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Understand basic physical principles.
2. Solve problems proficiently using both quantitative and qualitative applications of these physical principles.
3. Know how to perform quantitative measurements of physical phenomena and understand the statistical significance of observations made in the presence of statistical and systematic uncertainties.
4. Be prepared for graduate study and/or careers in STEM fields.

5. Communicate effectively with scientific peers and the public, both orally and in writing.

## ADVISING AND CAREERS

### ADVISING AND CAREERS PHYSICS UNDERGRADUATE ADVISORS

 Jan Egedal, Professor  
 Mark Eriksson, John Bardeen Professor and Department Chair  
 Ilya Esterlis, Assistant Professor  
 Lisa Everett, Professor  
 Ke Fang, Assistant Professor  
 Cary Forest, Prager Professor of Experimental Physics  
 Pupa Gilbert, Vilas Distinguished Achievement Professor  
 Francis Halzen, Gregory Breit Professor, Hilldale Professor, & Vilas Research Professor  
 Kael Hanson, Professor  
 Aki Hashimoto, Professor  
 Matthew Herndon, Professor  
 Robert Joynt, Emeritus Professor  
 Albrecht Karle, Professor  
 Roman Kuzmin, Dunson Cheng Assistant Professor  
 Alex Levchenko, Professor  
 Lu Lyu (aka Lu Lu), Assistant Professor  
 Dan McCammon, Professor  
 Robert McDermott, Professor  
 Moritz Muenchmeyer, Assistant Professor  
 Matthew Otten, Assistant Professor  
 Yibin Pan, Associate Professor  
 Brian Rebel, Professor  
 Mark Rzchowski, Associate Chair and Professor  
 Mark Saffman, Professor  
 John Sarff, Professor  
 Tiancheng Song, Assistant Professor  
 Gary Shiu, Professor  
 Paul Terry, Professor  
 Peter Timbie, Professor  
 Justin Vandenbroucke, Associate Professor  
 Maxim Vavilov, Professor  
 Thad Walker, Vilas Distinguished Achievement Professor  
 Sau Lan Wu, Enrico Fermi Professor, Hilldale Professor, and Vilas Research Professor  
 Deniz Yavuz, Professor  
 Vladimir Zhdarkin, Assistant Professor  
 Ellen Zweibel, William L. Kraushaar Professor of Astronomy & Physics

## AFFILIATED FACULTY

David Anderson, Professor, Electrical & Computer Engineering  
 Paul Campagnola, Professor, Biomedical Engineering  
 Jennifer Choy, Assistant Professor, Engineering Physics  
 Elena D'Onghia, Professor, Astronomy  
 Chang-Beom Eom, Professor, Materials Science & Engineering  
 Chris Hegna, Professor, Engineering Physics

Sebastian Heinz, Professor, Astronomy  
 Mikhail Kats, Associate Professor, Electrical & Computer Engineering  
 Jason Kawasaki, Associate Professor, Materials Science & Engineering  
 Irena Knezevic, Professor, Electrical & Computer Engineering  
 Alexandre Lazarian, Professor, Astronomy  
 Daniel Rhodes, Assistant Professor, Materials Science & Engineering  
 Oliver Schmitz, Professor, Engineering Physics  
 Micheline Soley, Assistant Professor, Chemistry  
 Carl Sovinec, Professor, Engineering Physics  
 Richard Townsend, Professor, Astronomy  
 Ying Wang, Assistant Professor, Materials Science & Engineering  
 Jun Xiao, Assistant Professor, Materials Science & Engineering

# PLANNING AND LANDSCAPE ARCHITECTURE

The Department of Planning and Landscape Architecture offers two undergraduate programs. One is a professional landscape design and planning program, fully accredited by the American Society of Landscape Architects, and leads to the Bachelor of Landscape Architecture special degree within the College of Letters & Science. The other program introduces the field of landscape studies and leads to either a Bachelor of Arts or a Bachelor of Science degree with a major in Landscape and Urban Studies.

## DEGREES/MAJORS/CERTIFICATES

### DEGREES/MAJORS/CERTIFICATES

- Integrative Design of Built and Natural Environments, Certificate (p. 1291)
- Landscape and Urban Studies, BA (p. 1293)
- Landscape and Urban Studies, BS (p. 1298)
- Landscape Architecture, BLA (p. 1303)

## PEOPLE

### PEOPLE

#### FACULTY

##### Landscape Architecture

David Bart, Professor; Jacob Blue, Associate Lecturer; Ed Bosewell, Assistant Faculty Associate; Samuel Dennis Jr., Professor; Doug Hadley, Senior Lecturer; Professor; Evelyn A. Howell, Professor; Shawn T. Kelly, Distinguished Faculty Associate; James LaGro, Jr., Professor; Eric Schuchardt, Associate Faculty Associate; James Steiner, Senior Lecturer

##### Urban and Regional Planning

Ken Genskow, Professor; James LaGro, Jr., Professor; Edna Ledesma, Assistant Professor; Dave Marcouiller, Professor; Alfonso Morales, Chair and Professor; Brian W. Ohm, Professor; Kurt Paulsen, Associate Professor; Revel Sims, Assistant Professor

#### ACADEMIC ADVISING

Deborah Griffin, Undergraduate Academic Advising Manager

Amy Rivera, Graduate Academic Advising Manager

## ADMINISTRATIVE STAFF

Tori Cooper, Financial Specialist-Senior; Kelsey Hughes, Department Administrator; Rob De Roos, IT Support Specialist; Alfonso Morales, Chair

For more contact information please go to <https://dpla.wisc.edu/facstaff/> faculty (<https://dpla.wisc.edu/facstaff/faculty/>).

# INTEGRATIVE DESIGN OF BUILT AND NATURAL ENVIRONMENTS, CERTIFICATE

The Certificate in Integrative Design of Built and Natural Environments, offered through the Department of Planning and Landscape Architecture, is focused around an exciting trans-disciplinary design approach that relies on design processes and thinking and integrates spatial data technologies to effectively and efficiently inventory, represent, analyze, evaluate, and communicate planning and design alternatives for landscapes, cities, and regions. Proactively co-designing and co-producing healthy places comprehends, plans, and acts on social and environmental information and, therefore, a diverse suite of elective courses addresses social and environmental considerations through stakeholder engagement, environmental justice, policy, conservation, and management. Required courses will apply spatial technologies (GIS, Geodesign) to enable collaborations among the design professions (landscape architects, planners, engineers, and scientists and humanists from various disciplines), and community members. This collaborative process will help prepare you to work in interdisciplinary teams and to appreciate diverse perspectives and values while addressing complex problems.

## HOW TO GET IN

### HOW TO GET IN

Undergraduate students from across campus are encouraged to consider completing the Certificate. To declare the Certificate in Integrative Design of Built and Natural Environments through the Department of Planning and Landscape Architecture, students must have completed at least one class that meets Certificate requirements, or be enrolled in at least one class in the current or upcoming semester that meets Certificate requirements. Students pursuing the program are encouraged to declare as early as possible so that they can best align the coursework with their interests. Students can declare the program by scheduling an appointment with the Department of Planning and Landscape Architecture Undergraduate Academic Advising Manager, or by filling out the online declaration form on the Department of Planning and Landscape Architecture website.

Students declared in the certificate should plan to complete the program before, or alongside, their degree and major requirements, as they are not able to extend their time on campus to complete a certificate.

## REQUIREMENTS

### REQUIREMENTS

Students are required to a minimum of 14 credits to include one introductory course, one methods and applications course, and elective courses.

Code	Title	Credits
<b>Introductory Course (complete one)</b>		<b>2-4</b>
LAND ARC 311	Introduction to Design Frameworks and Spatial Technologies	
GEOG/ CIV ENGR/ ENVIR ST 377	An Introduction to Geographic Information Systems	
<b>Methods and Applications</b>		<b>3</b>
LAND ARC 511	Geodesign Methods and Applications	
<b>Elective Courses</b>		<b>7-9</b>
<i>Stakeholder Engagement</i>		
LSC/ AMER IND 444	Native American Environmental Issues and the Media	
LSC 561	Writing Science for the Public	
LSC 625	Risk Communication	
LSC 250	Research Methods in the Communication Industry	
GEOG/ ENVIR ST 309	People, Land and Food: Comparative Study of Agriculture Systems	
<i>Environmental Justice and Policy</i>		
LAND ARC 363	Earth Partnership: Restoration Education for Equity and Resilience	
AMER IND/ ENVIR ST 306	Indigenous Peoples and the Environment	
AMER IND/ ENVIR ST/ GEOG 345	Caring for Nature in Native North America	
CHICLA/ LEGAL ST/ SOC 440	Ethnicity, Race, and Justice	
CHICLA/ LAND ARC 475	Latino Urbanism: Design and Engagement in the American City	
ENVIR ST 308	Outdoors For All: Inequities in Environmentalism	
GEOG/ URB R PL 305	Introduction to the City	
GEOG/ ENVIR ST 439	US Environmental Policy and Regulation	
GEOG/ ENVIR ST 534	Environmental Governance: Markets, States and Nature	
GEOG/ENVIR ST/ LAND ARC/ URB R PL 532	Applications of Geographic Information Systems in Planning	
GEOG/ ENVIR ST 537	Culture and Environment	

SOC/ C&E SOC 140	Introduction to Community and Environmental Sociology
URB R PL 512	Gentrification and Urban Restructuring
<i>Environmental Conservation Management</i>	
LAND ARC 668	Restoration Ecology
LAND ARC/ ENVIR ST/ SOIL SCI 695	Applications of Geographic Information Systems in Natural Resources
A A E/ F&W ECOL 652	Decision Methods for Natural Resource Managers
BOTANY/ ENVIR ST/ F&W ECOL/ ZOOLOGY 651	Conservation Biology
C&E SOC/ F&W ECOL/ SOC 248	Environment, Natural Resources, and Society
C&E SOC/ ENVIR ST/ GEOG 434	People, Wildlife and Landscapes
ENVIR ST/ GEOG 339	Environmental Conservation
ENVIR ST 413	Preserving Nature
GEOG/ ENVIR ST 333	Green Urbanism
GEOG/ ENVIR ST 337	Nature, Power and Society
GEOG/ AMER IND 410	Critical Indigenous Ecological Knowledges
GEOG/ENVIR ST/ HISTORY 469	The Making of the American Landscape
GEOG 538	The Humid Tropics: Ecology, Subsistence, and Development

**Total Credits** **14**

## PASS/FAIL COURSES

Courses taken on a pass/fail basis will not count toward the certificate.

## RESIDENCE AND QUALITY OF WORK

- At least 8 certificate credits must be completed in residence
- Minimum 3.000 GPA on all certificate courses

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Demonstrate an understanding of the frameworks and processes involved in integrative design of built and natural environments

2. Understand and demonstrate how to use techniques and research from biological, physical sciences, and social sciences in design, planning, and management contexts to create frameworks and designs
3. Select and evaluate geospatial technologies appropriate for a variety of design, planning, and management contexts
4. Understand and evaluate the role of stakeholder values and ethics in design frameworks relative to design, planning, and management of the built environment within social and natural systems

## ADVISING AND CAREERS

### ADVISING AND CAREERS

We encourage you to reach out to Debi Griffin, our undergraduate academic advising manager, if you're interested in learning more about the Certificate or would like guidance as a current Certificate student. You can make an appointment via Starfish (<https://wisc.starfishsolutions.com/starfish-ops/dl/instructor/serviceCatalog.html>) or email Debi ([dagriffin@wisc.edu](mailto:dagriffin@wisc.edu)).

### CAREERS

The interdisciplinary education provided through the Certificate in Integrative Design of the Built and Natural Environment will make graduates highly sought after by employers in local government, landscape and urban design, environmental science, management, and policy.

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students

- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## LANDSCAPE AND URBAN STUDIES, BA

Are you interested in climate justice? Are you interested in inclusive economic development and social justice? Do you want to preserve the beauty in cities and create ecologically sustainable cities? Those are some of the goals you can learn to achieve when you major Landscape and Urban Studies. You will learn to integrate the biological, physical, and social sciences; humanities; arts; and technology to develop the skills that will help you play an important role in creating a more inclusive and sustainable future.

The major provides students opportunities to specialize in several directions: Culture, Health and Community; Restoration and Ecological Design; and Urban Studies. The major also provides students opportunities to explore the design and planning professions. Students who graduate from the major are prepared for starting positions in public or private agencies that oversee conservation, land management, cultural landscape conservation, and planning or for continuing on to graduate school, in particular, professionally accredited programs in Landscape Architecture, Planning, or Environmental Studies. This is the major for people who care about the natural world and human creation by understanding cultural and natural resource protection, green infrastructure, social equity, and policy, and more.

### HOW TO GET IN

## HOW TO GET IN

Students who intend to declare their major in Landscape and Urban Studies are encouraged to schedule an appointment with the Undergraduate Advisor in the Department of Planning and Landscape Architecture.

Students who attend SOAR (Student Orientation, Advising, and Registration) session with the College of Letters and Science have the option to declare this major at SOAR. Students may otherwise declare after they have begun their undergraduate studies.

### REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

### General Education

- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A Part B \*
- Ethnic Studies \*
- Quantitative Reasoning Part A Part B \*

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>
-----------------	--

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

Students interested in the major are required to complete a set of introductory courses, breadth in the major under three categories: Biological and Physical Environment, Social and Cultural Studies and Technology and 15 credits of electives (see an Advisor and the Advising tab for recommended focused elective sets).

Landscape and Urban Studies majors must complete at least 48 credits in the major, including the following:

### INTRODUCTORY COURSES

Code	Title	Credits
LAND ARC 211	Shaping the Built Environment	3
URB R PL 215	Welcome to Your Urban Future	3
LAND ARC 250	Survey of Landscape Architecture Design	3
LAND ARC 260	History of Landscape Architecture	3
<b>Total Credits</b>		<b>12</b>

### BIOLOGICAL AND PHYSICAL ENVIRONMENT

Code	Title	Credits
<b>Complete two courses from:</b>		
BOTANY 100 or BOTANY/ BIOLOGY 130	Survey of Botany General Botany	3
BOTANY/ ENVIR ST/ ZOOLOGY 260 or BOTANY/ F&W ECOL/ ZOOLOGY 460	Introductory Ecology General Ecology	3
BOTANY/ GEOG 338	Environmental Biogeography	3
GEOG/ ENVIR ST 339	Environmental Conservation	3
SOIL SCI/ ENVIR ST/ GEOG 230 or SOIL SCI 301	Soil: Ecosystem and Resource General Soil Science	3
<b>Total Credits</b>		<b>6–9</b>

## SOCIAL AND CULTURAL STUDIES

Code	Title	Credits
<b>Complete two courses from:</b>		
ART HIST 457	History of American Vernacular Architecture and Landscapes	3
DS 221	Person and Environment Interactions	3
ECON 101 or ECON 111	Principles of Microeconomics Principles of Economics–Accelerated Treatment	3
ECON/REAL EST/ URB R PL 420	Urban and Regional Economics	3
GEOG 104	Introduction to Human Geography	3
GEOG/ ENVIR ST 139	Global Environmental Issues	3
GEOG/ENVIR ST/ HISTORY 469	The Making of the American Landscape	3
HISTORY/ ENVIR ST/ GEOG 460	American Environmental History	3
LAND ARC/ ANTHRO/ ART HIST/DS/ HISTORY 264	Dimensions of Material Culture	3
LAND ARC/ CHICLA 475	Latino Urbanism: Design and Engagement in the American City	3
LAND ARC 525	Social Justice and the Urban Landscape	3
POLI SCI 104	Introduction to American Politics and Government	3
SOC/ C&E SOC 140	Introduction to Community and Environmental Sociology	3
URB R PL/ECON/ REAL EST 420	Urban and Regional Economics	3
URB R PL/ LAND ARC 463	Evolution of American Planning	3
PUB AFFR 240	Evidence–Based Policy Making	3
PUB AFFR 380	Analytic Tools for Public Policy	3
<b>Total Credits</b>		<b>6–7</b>

### TECHNOLOGY

Code	Title	Credits
<b>Complete two courses from:</b>		
LAND ARC 311 or GEOG/ CIV ENGR/ ENVIR ST 377	Introduction to Design Frameworks and Spatial Technologies An Introduction to Geographic Information Systems	3
LAND ARC 460	Advanced Visual Communication in Landscape Architecture	3
LAND ARC/ ENVIR ST/GEOG/ URB R PL 532	Applications of Geographic Information Systems in Planning	3

LAND ARC/  
ENVIR ST/  
SOIL SCI 695 Applications of Geographic  
Information Systems in Natural  
Resources

**Total Credits** **6-8**

## CAPSTONE

Code	Title	Credits
<b>Complete one course from:</b>		
LAND ARC 525	Social Justice and the Urban Landscape	<b>3</b>
LAND ARC 677	Cultural Resource Preservation and Landscape History	
LAND ARC 668	Restoration Ecology	
URB R PL 601	Site Planning	
URB R PL 611	Urban Design: Theory and Practice	

**Total Credits** **3**

## ELECTIVES <sup>1</sup>

Code	Title	Credits
<b>15 credits, chosen from:</b>		
AGRONOMY/ BOTANY/ SOIL SCI 370	Grassland Ecology	<b>15</b>
ANTHRO/ AMER IND 354	Archaeology of Wisconsin	
or AMER IND 250	Indians of Wisconsin	
or AMER IND/ ANTHRO/ FOLKLORE 431	American Indian Folklore	
or AMER IND/ LSC 444	Native American Environmental Issues and the Media	
or AMER IND/ C&E SOC/ SOC 578	Poverty and Place	
ANTHRO/ AMER IND/ BOTANY 474	Ethnobotany	
ART HIST 457	History of American Vernacular Architecture and Landscapes	
or ART HIST/ ANTHRO/ DS/HISTORY/ LAND ARC 264	Dimensions of Material Culture	
BOTANY 400	Plant Systematics	
or BOTANY 401	Vascular Flora of Wisconsin	
BOTANY/ F&W ECOL 455	The Vegetation of Wisconsin	
DS 221	Person and Environment Interactions	
ENVIR ST/ F&W ECOL/ ZOOLOGY 360	Extinction of Species	
ENVIR ST/ BOTANY/ F&W ECOL/ ZOOLOGY 651	Conservation Biology	

GEOG/ ENVIR ST 309	People, Land and Food: Comparative Study of Agriculture Systems
or GEOG 501	Space and Place: A Geography of Experience
or GEOG/ URB R PL 305	Introduction to the City
or GEOG/ C&E SOC/ ENVIR ST 434	People, Wildlife and Landscapes
or GEOG 301	Revolutions and Social Change
GEOG/ ENVIR ST 439	US Environmental Policy and Regulation
GEOG/ENVIR ST/ HISTORY 460	American Environmental History
GEOG/ URB R PL 506	Historical Geography of European Urbanization
FOLKLORE 439	Foodways
or FOLKLORE 540	Local Culture and Identity in the Upper Midwest
LAND ARC 210	Introduction to Landscape Architecture Design Studio
LAND ARC 321	Environment and Behavior Studio - Designing Health Promoting Environments
LAND ARC/ ENVIR ST 361	Wetlands Ecology
LAND ARC/ CHICLA 475	Latino Urbanism: Design and Engagement in the American City
LAND ARC 525	Social Justice and the Urban Landscape
LAND ARC/ ENVIR ST 581	Prescribed Fire: Ecology and Implementation
LAND ARC 668	Restoration Ecology
LAND ARC 677	Cultural Resource Preservation and Landscape History
REAL EST/ A A E/ECON/ URB R PL 306	The Real Estate Process
REAL EST/ECON/ URB R PL 420	Urban and Regional Economics
SOIL SCI/ PL PATH 323	Soil Biology
URB R PL 411	Marketplaces and Entrepreneurship
URB R PL/ ECON/ENVIR ST/ POLI SCI 449	Government and Natural Resources
URB R PL 512	Gentrification and Urban Restructuring
URB R PL 550	Transportation and the Built Environment
URB R PL 551	Climate Action Planning: Sustainable Transportation
URB R PL 601	Site Planning
URB R PL 611	Urban Design: Theory and Practice

URB R PL/ C&E SOC/ SOC 617	Community Development
----------------------------------	-----------------------

**Total Credits** **15**

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all LAND ARC and URB R PL courses and courses that count toward the major
- 2.000 GPA on 15 upper-level credits, taken in Residence
- 15 combined credits in LAND ARC and URB PL , taken on the UW–Madison campus

<sup>1</sup> See an Advisor and the Advising tab for recommended focused elective sets

<sup>2</sup> Intermediate and Advanced level courses accepted in the major are Upper Level

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Demonstrate competence and critical judgment in creatively applying the intellectual and technical skills necessary for site and landscape-scale natural and cultural resource conservation, planning, and management; these skills include cultural, historical and landscape literacy, data collection and analysis, spatial and temporal analysis, multidisciplinary problem-solving approaches and communication skills.
2. Demonstrate critical thinking and the ability to explore ideas and synthesize information, both independently and in collaboration with interdisciplinary team members.
3. Understand, apply and evaluate the principles, theories and research findings underlying at least one of the following advising pathways, Ecological Restoration and Design; Culture, Health, and Community; and Urban Studies.

4. Integrate social, cultural, ecological and technological dimensions in solving design and planning problems concerning the conservation or management of sustainable natural and cultural landscapes.
5. Be able to perform as a member of a public, private or non-profits office or agency in the fields represented within the department.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits

**Total Credits 120****ADVISING AND CAREERS****ADVISING AND CAREERS**

Students enrolled in the major Landscape and Urban Studies have three opportunities for advising:

1. Our undergraduate coordinator (<https://dpla.wisc.edu/staff/debi-griffin/>) can assist with general questions about registration, student assistance, and progress in meeting major requirements.
2. All students entering the program may choose a faculty advisor (see People/Instructors) to assist with guidance specific to the curriculum (e.g. coursework, internships, research) and career opportunities.
3. The College of Letters & Science offers advice on career paths, networking, and job search preparation (see below).

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

**PEOPLE****PEOPLE PROFESSORS**

**WISCONSIN EXPERIENCE****WISCONSIN EXPERIENCE**

The Wisconsin Experience combines learning in and out of the classroom, helping students develop intellectual and personal growth. The Landscape and Urban Studies major mixes traditional learning with community-based learning in and out of the classroom. Students are encouraged to take opportunities that supplement classroom learning by engaging in research, study abroad, internships, student clubs, and community interactions. The major engages students in exploring people-place, culture-nature phenomena and how they might, in their professional and personal lives, apply continuous learning to the planning of environments that benefit people, cultures, and the environment at the local, state, national, and global levels.

**RESOURCES AND SCHOLARSHIPS****RESOURCES AND SCHOLARSHIPS****WISCONSIN SCHOLARSHIP HUB (WISH)**

This scholarship (<http://scholarships.wisc.edu/Scholarships/schlrDetails/?scholld=4101>) provides amounts ranging from \$2,000 to \$5,000 each

to help students participate in a first-time internship opportunity that is unpaid or provides a limited stipend.

## HILDALE UNDERGRADUATE/FACULTY RESEARCH FELLOWSHIP

The Hilldale Undergraduate/Faculty Research Fellowships (<https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship/>) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 97–100 Hilldale awards are available each year. The student researcher receives \$3,000, and faculty/staff research advisor receives \$1,000 to help offset research costs (e.g., supplies, faculty or student travel related to the project).

## HOLSTROM ENVIRONMENTAL SCHOLARSHIPS

The Holstrom Environmental Scholarships (<https://go.wisc.edu/55ox41/>) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Research proposals must have an environmental focus, and applicants must have at least junior standing at the time of application.

## UNDERGRADUATE SYMPOSIUM

The annual Undergraduate Symposium (<https://ugradsymposium.wisc.edu/>) showcases undergraduate creativity, achievement, research, service-learning and community-based research from all areas of study at UW–Madison, including the humanities, fine arts, biological sciences, physical sciences, and social sciences.

## UNDERGRADUATE RESEARCH SCHOLARS

The Undergraduate Research Scholars (<https://urs.ls.wisc.edu/>) program (URS) is dedicated to enhancing the academic experience of UW–Madison students by providing first- and second-year undergraduates with opportunities to earn credit for participating in the research and creative work with UW–Madison faculty and staff. The program has been designed to include partnerships between students and mentors, seminars on research-relevant issues, and practice in research/artistic presentations. The many benefits of the program are found in the fluid interaction between these activities.

## WISCONSIN IDEA FELLOWSHIPS

Wisconsin Idea Fellowships (<https://morgridge.wisc.edu/students/wisconsin-idea-fellowships/>) are awarded annually to undergraduate student projects working towards solving a challenge identified along with local or global community partner. Fellowships are awarded to semester-long or year-long projects designed by an undergraduate student (or group of students) in collaboration with a community organization and a UW–Madison faculty or academic staff member.

# LANDSCAPE AND URBAN STUDIES, BS

Are you interested in climate justice? Are you interested in inclusive economic development and social justice? Do you want to preserve the beauty in cities and create ecologically sustainable cities? Those are some of the goals you can learn to achieve when you major Landscape and Urban Studies. You will learn to integrate the biological, physical, and social sciences; humanities; arts; and technology to develop the skills

that will help you play an important role in creating a more inclusive and sustainable future.

The major provides students opportunities to specialize in several directions: Culture, Health and Community; Restoration and Ecological Design; and Urban Studies. The major also provides students opportunities to explore the design and planning professions. Students who graduate from the major are prepared for starting positions in public or private agencies that oversee conservation, land management, cultural landscape conservation, and planning or for continuing on to graduate school, in particular, professionally accredited programs in Landscape Architecture, Planning, or Environmental Studies. This is the major for people who care about the natural world and human creation by understanding cultural and natural resource protection, green infrastructure, social equity, and policy, and more.

## HOW TO GET IN

### HOW TO GET IN

Students who intend to declare their major in Landscape and Urban Studies are encouraged to schedule an appointment with the Undergraduate Advisor in the Department of Planning and Landscape Architecture.

Students who attend SOAR (Student Orientation, Advising, and Registration) session with the College of Letters and Science have the option to declare this major at SOAR. Students may otherwise declare after they have begun their undergraduate studies.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:  
 • 12 credits of Humanities, which must include at least 6 credits of Literature; and  
 • 12 credits of Social Science; and  
 • 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:  
 • 30 credits in residence, overall, and  
 • 30 credits in residence after the 86th credit.

**Quality of Work**  
 • 2.000 in all coursework at UW-Madison  
 • 2.000 in Intermediate/Advanced level coursework at UW-Madison

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

Students interested in the major are required to complete a set of introductory courses, breadth in the major under three categories: Biological and Physical Environment, Social and Cultural Studies and Technology and 15 credits of electives (see an Advisor and the Advising tab for recommended focused elective sets).

Landscape and Urban Studies majors must complete at least 48 credits in the major, including the following:

### INTRODUCTORY COURSES

Code	Title	Credits
LAND ARC 211	Shaping the Built Environment	3
URB R PL 215	Welcome to Your Urban Future	3
LAND ARC 250	Survey of Landscape Architecture Design	3
LAND ARC 260	History of Landscape Architecture	3
<b>Total Credits</b>		<b>12</b>

### BIOLOGICAL AND PHYSICAL ENVIRONMENT

Code	Title	Credits
<b>Complete two courses from:</b>		
BOTANY 100 or BOTANY/ BIOLOGY 130	Survey of Botany General Botany	6-9
BOTANY/ ENVIR ST/ ZOOLOGY 260 or BOTANY/ F&W ECOL/ ZOOLOGY 460	Introductory Ecology General Ecology	
BOTANY/ GEOG 338	Environmental Biogeography	6-9
GEOG/ ENVIR ST 339	Environmental Conservation	
SOIL SCI/ ENVIR ST/ GEOG 230 or SOIL SCI 301	Soil: Ecosystem and Resource General Soil Science	6-9
<b>Total Credits</b>		

### SOCIAL AND CULTURAL STUDIES

Code	Title	Credits
<b>Complete two courses from:</b>		
ART HIST 457	History of American Vernacular Architecture and Landscapes	6-7
DS 221	Person and Environment Interactions	
ECON 101 or ECON 111	Principles of Microeconomics Principles of Economics-Accelerated Treatment	6-7
ECON/REAL EST/ URB R PL 420	Urban and Regional Economics	
GEOG 104	Introduction to Human Geography	6-7
GEOG/ ENVIR ST 139	Global Environmental Issues	
GEOG/ENVIR ST/ HISTORY 469	The Making of the American Landscape	6-7
HISTORY/ ENVIR ST/ GEOG 460	American Environmental History	
LAND ARC/ ANTHRO/ ART HIST/DS/ HISTORY 264	Dimensions of Material Culture	6-7

LAND ARC/ CHICLA 475	Latino Urbanism: Design and Engagement in the American City
LAND ARC 525	Social Justice and the Urban Landscape
POLI SCI 104	Introduction to American Politics and Government
SOC/ C&E SOC 140	Introduction to Community and Environmental Sociology
URB R PL/ECON/ REAL EST 420	Urban and Regional Economics
URB R PL/ LAND ARC 463	Evolution of American Planning
PUB AFFR 240	Evidence-Based Policy Making
PUB AFFR 380	Analytic Tools for Public Policy
<b>Total Credits</b>	<b>6-7</b>

### TECHNOLOGY

Code	Title	Credits
<b>Complete two courses from:</b>		
LAND ARC 311	Introduction to Design Frameworks and Spatial Technologies	<b>6-8</b>
or GEOG/ CIV ENGR/ ENVR ST 377	An Introduction to Geographic Information Systems	
LAND ARC 460	Advanced Visual Communication in Landscape Architecture	
LAND ARC/ ENVR ST/GEOG/ URB R PL 532	Applications of Geographic Information Systems in Planning	
LAND ARC/ ENVR ST/ SOIL SCI 695	Applications of Geographic Information Systems in Natural Resources	
<b>Total Credits</b>		<b>6-8</b>

### CAPSTONE

Code	Title	Credits
<b>Complete one course from:</b>		
LAND ARC 525	Social Justice and the Urban Landscape	<b>3</b>
LAND ARC 677	Cultural Resource Preservation and Landscape History	
LAND ARC 668	Restoration Ecology	
URB R PL 601	Site Planning	
URB R PL 611	Urban Design: Theory and Practice	
<b>Total Credits</b>		<b>3</b>

### ELECTIVES <sup>1</sup>

Code	Title	Credits
<b>15 credits, chosen from:</b>		
AGRONOMY/ BOTANY/ SOIL SCI 370	Grassland Ecology	<b>15</b>
ANTHRO/ AMER IND 354	Archaeology of Wisconsin	
or AMER IND 250	Indians of Wisconsin	

or AMER IND/ ANTHRO/ FOLKLORE 431	American Indian Folklore
or AMER IND/ LSC 444	Native American Environmental Issues and the Media
or AMER IND/ C&E SOC/ SOC 578	Poverty and Place
ANTHRO/ AMER IND/ BOTANY 474	Ethnobotany
ART HIST 457	History of American Vernacular Architecture and Landscapes
or ART HIST/ ANTHRO/ DS/HISTORY/ LAND ARC 264	Dimensions of Material Culture
BOTANY 400	Plant Systematics
or BOTANY 401	Vascular Flora of Wisconsin
BOTANY/ F&W ECOL 455	The Vegetation of Wisconsin
DS 221	Person and Environment Interactions
ENVR ST/ F&W ECOL/ ZOOLOGY 360	Extinction of Species
ENVR ST/ BOTANY/ F&W ECOL/ ZOOLOGY 651	Conservation Biology
GEOG/ ENVR ST 309	People, Land and Food: Comparative Study of Agriculture Systems
or GEOG 501	Space and Place: A Geography of Experience
or GEOG/ URB R PL 305	Introduction to the City
or GEOG/ C&E SOC/ ENVR ST 434	People, Wildlife and Landscapes
or GEOG 301	Revolutions and Social Change
GEOG/ ENVR ST 439	US Environmental Policy and Regulation
GEOG/ENVR ST/ HISTORY 460	American Environmental History
GEOG/ URB R PL 506	Historical Geography of European Urbanization
FOLKLORE 439	Foodways
or FOLKLORE 540	Local Culture and Identity in the Upper Midwest
LAND ARC 210	Introduction to Landscape Architecture Design Studio
LAND ARC 321	Environment and Behavior Studio - Designing Health Promoting Environments
LAND ARC/ ENVR ST 361	Wetlands Ecology
LAND ARC/ CHICLA 475	Latino Urbanism: Design and Engagement in the American City

LAND ARC 525	Social Justice and the Urban Landscape
LAND ARC/ ENVIR ST 581	Prescribed Fire: Ecology and Implementation
LAND ARC 668	Restoration Ecology
LAND ARC 677	Cultural Resource Preservation and Landscape History
REAL EST/ A A E/ECON/ URB R PL 306	The Real Estate Process
REAL EST/ECON/ URB R PL 420	Urban and Regional Economics
SOIL SCI/ PL PATH 323	Soil Biology
URB R PL 411	Marketplaces and Entrepreneurship
URB R PL/ ECON/ENVIR ST/ POLI SCI 449	Government and Natural Resources
URB R PL 512	Gentrification and Urban Restructuring
URB R PL 550	Transportation and the Built Environment
URB R PL 551	Climate Action Planning: Sustainable Transportation
URB R PL 601	Site Planning
URB R PL 611	Urban Design: Theory and Practice
URB R PL/ C&E SOC/ SOC 617	Community Development

**Total Credits** **15**

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all LAND ARC and URB R PL courses and courses that count toward the major
- 2.000 GPA on 15 upper-level credits, taken in Residence
- 15 combined credits in LAND ARC and URB PL , taken on the UW-Madison campus

<sup>1</sup> See an Advisor and the Advising tab for recommended focused elective sets

<sup>2</sup> Intermediate and Advanced level courses accepted in the major are Upper Level

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Demonstrate competence and critical judgment in creatively applying the intellectual and technical skills necessary for site and landscape-scale natural and cultural resource conservation, planning, and management; these skills include cultural, historical and landscape literacy, data collection and analysis, spatial and temporal analysis, multidisciplinary problem-solving approaches and communication skills.
2. Demonstrate critical thinking and the ability to explore ideas and synthesize information, both independently and in collaboration with interdisciplinary team members.
3. Understand, apply and evaluate the principles, theories and research findings underlying at least one of the following advising pathways, Ecological Restoration and Design; Culture, Health, and Community; and Urban Studies.
4. Integrate social, cultural, ecological and technological dimensions in solving design and planning problems concerning the conservation or management of sustainable natural and cultural landscapes.
5. Be able to perform as a member of a public, private or non-profits office or agency in the fields represented within the department.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits
LAND ARC 250	3 LAND ARC 211	3
Communications A	3 URB R PL 215	3
Quantitative Reasoning A	3 Biological or Physical Environment (major requirement)	4

Foreign Language (if required)	4 Ethnic Studies (complete within your first 60 credits)	3
Physical Science Breadth	3 Quantitative Reasoning B	3
<b>16</b>		<b>16</b>

**Second Year**

<b>Fall</b>	<b>Credits Spring</b>	<b>Credits</b>
Major Elective	3 LAND ARC 260	3
Communications B	3 Biological and Physical Environment (major requirement)	3
Social and Cultural Studies (major requirement)	3 Social and Cultural Studies (major requirement)	3
Literature Breadth	3 Literature Breadth	3
INTER-LS 210	1 Electives	3
Elective	3	
<b>16</b>		<b>15</b>

**Third Year**

<b>Fall</b>	<b>Credits Spring</b>	<b>Credits</b>
Technology (major requirement)	3 Technology (major requirement)	3
Biological and Physical Environment (major requirement)	3 Biological and Physical Environment (major requirement)	3
Major elective	3 Major elective	3
L&S electives	6 L&S electives	6
<b>15</b>		<b>15</b>

**Fourth Year**

<b>Fall</b>	<b>Credits Spring</b>	<b>Credits</b>
L&S elective	9 Capstone (major requirement)	3
Major elective	6 Electives	9
<b>15</b>		<b>12</b>

**Total Credits 120****ADVISING AND CAREERS****ADVISING AND CAREERS**

Students enrolled in the major Landscape and Urban Studies have three opportunities for advising:

1. Our undergraduate coordinator (<https://dpla.wisc.edu/staff/debi-griffin/>) can assist with general questions about registration, student assistance and progress in meeting major requirements.
2. All students entering the program may choose a faculty advisor (see People/Instructors) to assist with guidance specific to the curriculum (e.g. coursework, internships, research) and career opportunities.
3. The College of Letters and Science offers advice on career paths, networking, and job search preparation (see below).

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps

students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

**PEOPLE****PEOPLE  
PROFESSORS**

David Bart, Ken Genskow, Evelyn Howell, James LaGro, Carey McAndrews, Alfonso Morales (department chair), Kurt Paulsen

**ASSISTANT PROFESSORS**

Anna Bierbrauer, Wenwen Cheng, Edna Ely-Ledesma, Revel Sims

**DISTINGUISHED TEACHING FACULTY**

## UNDERGRADUATE ACADEMIC SERVICES

Deborah Griffin

### WISCONSIN EXPERIENCE

## WISCONSIN EXPERIENCE

The Wisconsin Experience combines learning in and out of the classroom, helping students develop intellectual and personal growth. The Landscape and Urban Studies major mixes traditional learning with community-based learning in and out of the classroom. Students are encouraged to take opportunities that supplement classroom learning by engaging in research, study abroad, internships, student clubs, and community interactions. The major engages students in exploring people-place, culture-nature phenomena and how they might, in their professional and personal lives, apply continuous learning to the planning of environments that benefit people, cultures, and the environment at the local, state, national, and global levels.

### RESOURCES AND SCHOLARSHIPS

## RESOURCES AND SCHOLARSHIPS

### WISCONSIN SCHOLARSHIP HUB (WISH)

This scholarship (<http://scholarships.wisc.edu/Scholarships/schlrDetails/?schold=4101>) provides amounts ranging from \$2,000 to \$5,000 each to help students participate in a first-time internship opportunity that is unpaid or provides a limited stipend.

### HILLDALE UNDERGRADUATE/FACULTY RESEARCH FELLOWSHIP

The Hilldale Undergraduate/Faculty Research Fellowships (<https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship/>) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 97–100 Hilldale awards are available each year. The student researcher receives \$3,000, and faculty/staff research advisor receives \$1,000 to help offset research costs (e.g., supplies, faculty or student travel related to the project).

### HOLSTROM ENVIRONMENTAL SCHOLARSHIPS

The Holstrom Environmental Scholarships (<https://go.wisc.edu/55ox41/>) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Research proposals must have an environmental focus, and applicants must have at least a junior standing at time of application.

### UNDERGRADUATE SYMPOSIUM

The annual Undergraduate Symposium (<https://ugradsymposium.wisc.edu/>) showcases undergraduate creativity, achievement, research, service-learning, and community-based research from all areas of study at UW–Madison, including the humanities, fine arts, biological sciences, physical sciences, and social sciences.

### UNDERGRADUATE RESEARCH SCHOLARS

The Undergraduate Research Scholars (<https://urs.ls.wisc.edu/>) program (URS) is dedicated to enhancing the academic experience of UW–

Madison students by providing first- and second-year undergraduates with opportunities to earn credit for participating in the research and creative work with UW–Madison faculty and staff. The program has been designed to include partnerships between students and mentors, seminars on research-relevant issues, and practice in research/artistic presentations. The many benefits of the program are found in the fluid interaction between these activities.

### WISCONSIN IDEA FELLOWSHIPS

Wisconsin Idea Fellowships (<https://morgridge.wisc.edu/students/wisconsin-idea-fellowships/>) are awarded annually to undergraduate student projects working toward solving a challenge identified along with a local or global community partner. Fellowships are awarded to semester-long or year-long projects designed by an undergraduate student (or group of students) in collaboration with a community organization and a UW–Madison faculty or academic staff member.

## LANDSCAPE ARCHITECTURE, BLA

Students who enjoy art, science, technology, problem-solving, and design should consider a career in landscape architecture. Graduates in landscape architecture influence the design and management of cities, parks, and open spaces. They often advise park managers, citizen groups, landowners, and state agencies. Landscape architects design public and private outdoor spaces, restore and help preserve natural areas, develop and implement regional planning and public policy, and revitalize urban neighborhoods. The professional Bachelor of Landscape Architecture (BLA) degree program focuses on form-giving design, design implementation, and professional practice. Emphasis is placed on principles of design theory and process; problem solving in relationship to human needs and aspirations, environmental awareness and stewardship; and on the development of technical proficiencies required of professional practice. Students learn site analysis, graphic communication, design synthesis, construction technology, and the social and environmental factors that are part of design.

The BLA degree program provides professional education accredited by the American Society of Landscape Architects (ASLA) (<https://www.asla.org/AccreditationLAAB.aspx>). Students completing the requirements for this program are granted a BLA degree. Completion of this program is the first step in becoming a licensed landscape architect.

Please note that students completing the BLA degree **cannot** pursue an additional major, however, students may work towards and complete certificates.

### HOW TO GET IN

## HOW TO GET IN

Admission to the professional program during the sophomore year, or in the second year of the degree plan, is on a competitive basis.

Students completing the requirements for this program are awarded a BLA degree. Because the BLA is an integrated degree program, it cannot be added as an additional major (“double major”) by students pursuing other degree programs. Students who are admitted to and complete the BLA degree may not declare or be awarded additional majors in

combination with the BLA degree. However, BLA students are permitted to complete certificate programs.

- Eligibility for Consideration into the Landscape Architecture Accredited Professional Program.** Eligibility for consideration into the Landscape Architecture Accredited Professional Program depends on fulfillment of these requirements: students apply for formal admission to the program during the spring semester of each academic year. Selections are made only once a year for the fall semester. The first round of selections takes place in early summer. All students will be notified of their status at least two weeks before the start of the fall semester. Students who plan to complete their prerequisite courses during the summer session must so indicate on their application. The department will admit up to a maximum of 30 students, as resources permit. Selection will be based on a letter of intent, written by the applicant, which will address their reasons for entering the major, submission of portfolio, and on grades earned in the following two prerequisite courses: LAND ARC 250 **AND** LAND ARC 210 or LAND ARC 366.
- AND** the applicant must have completed a minimum of 24 credit hours. University GPA will be considered.  
For more information on the professional design degree program and the application process please go to this link (<https://dpla.wisc.edu/>).
- Selection Policies.** On-campus selections for admission will be made as soon as possible after spring semester grades are received.
- Notification of Status.** Applicants who have completed their prerequisite courses at the end of spring semester will be notified of their status between June 1 and July 1 of each year for fall semester admission. Decisions on those applicants completing prerequisites during summer session will be made as soon as grades are received.
- Appeal Procedures.** An appeal to the department's curriculum committee may be presented to clarify an error of fact or extenuating circumstances.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- General Education
- Breadth—Humanities/Literature/Arts: 6 credits
  - Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
  - Breadth—Social Studies: 3 credits
  - Communication Part A Part B \*
  - Ethnic Studies \*
  - Quantitative Reasoning Part A Part B \*

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS AND SCIENCE DEGREE REQUIREMENTS: BACHELOR OF LANDSCAPE ARCHITECTURE (BLA)

Students pursuing a Bachelor of Landscape Architecture degree in the College of Letters & Science must complete all of the requirements below. The BLA is a special degree program; it is not considered a major. The BLA degree is not available to students who intend to earn a degree outside the College of Letters & Science.

### BACHELOR OF LANDSCAPE ARCHITECTURE DEGREE REQUIREMENTS

Mathematics	Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.
Language	Complete the third unit of a language other than English.
LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, including at least 3 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include 6 credits in Biological Science and 6 credits in Physical Science.</li> </ul>
Liberal Arts Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Total Credits	Complete at least 120 credits.
UW–Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

<b>Capstone Sequence</b>		
LAND ARC 610 & LAND ARC 611	Landscape Architecture Seminar and Senior Capstone in Landscape Architecture	7
<b>Total Credits</b>		<b>72</b>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all LAND ARC courses and courses that count toward the BLA program
- 2.000 GPA on 15 Upper Level credits, taken in Residence<sup>1</sup>
- 15 credits in LAND ARC, taken on the UW-Madison campus

## FOOTNOTES

<sup>1</sup> LAND ARC and major courses numbered 500-699 are Upper Level.

## UNIVERSITY DEGREE REQUIREMENTS

Total Degree	To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.
Residency	Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.
Quality of Work	Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Demonstrate competence and critical judgement in applying intellectual and technical skills necessary for site and landscape-scale design, in particular skills of problem-solving using site inventory/analysis; spatial/temporal analysis; programming; synthesis; oral,

written, and visual communication; construction implementation; and post-occupancy evaluation.

2. Demonstrate critical thinking and the ability to explore ideas and synthesize information, both independently and in collaboration with interdisciplinary team members to identify and solve complicated landscape design and planning problems.
3. Understand, apply, and evaluate the principles, theories, and recent research findings in the discipline of landscape architecture.
4. Integrate humanistic, scientific, legal, political, economic, social, ecological, and technological dimensions in solving novel design and planning problems concerning the betterment of rural and urban natural and cultural landscapes.
5. Understand, analyze, and apply design and planning theories and principles to urban and rural landscapes to benefit human living conditions.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits
Communication A	3 Quantitative Reasoning A	4
Foreign Language (if needed)	4 Ethnic Studies	4
LAND ARC 210	4 BOTANY 100 or 130	3
LAND ARC 250	3 Elective	4
	<b>14</b>	<b>15</b>

#### Second Year

Fall	Credits Spring	Credits
Quantitative Reasoning B	3 LAND ARC 260	3
LAND ARC 261	4 LAND ARC 321	4
LAND ARC 380	2 LAND ARC 353	3
LAND ARC 311	2 LAND ARC 381	1
DS 221	3 SOIL SCI/ENVIR ST/ GEOG 230 or 301	3
BOTANY/ENVIR ST/ ZOOLOGY 260	3 Electives	2
	<b>17</b>	<b>16</b>

#### Third Year

Fall	Credits Spring	Credits
LAND ARC 354	3 LAND ARC/ ENVIR ST 361, 475, 525, 590, 668, 677, URB R PL 411, URB R PL 512, URB R PL 550, URB R PL 601, or URB R PL 611	3
LAND ARC 397	1 LAND ARC 562	4
LAND ARC 460	3 LAND ARC 511	3
LAND ARC 560	4 Physical Science Breadth	3
Electives	3	
	<b>14</b>	<b>13</b>

#### Fourth Year

Fall	Credits Spring	Credits
LAND ARC 563	4 LAND ARC 611 (also meets Communications B)	4
LAND ARC 550	3 Electives	11
LAND ARC 610	3	
Literature Breadth	3	
Elective	3	
	<b>16</b>	<b>15</b>

**Total Credits 120**

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Students are assigned to a faculty advisor once they are admitted to the major. Prospective students should contact the undergraduate academic coordinator, Debi Griffin ([dagriffin@wisc.edu](mailto:dagriffin@wisc.edu)) for more information.

The BLA degree program provides professional education accredited by the the Landscape Architecture Accreditation Board (LAAB) (<https://www.asla.org/AccreditationLAAB.aspx>).

Completion of this program is the first step in becoming a licensed landscape architect through the Council of Landscape Architectural Registration Boards (CLARB) (<https://www.clarb.org/>)

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## CERTIFICATION/LICENSURE

### CERTIFICATION/LICENSURE

Landscape Architecture Registration Exam (<http://www.clarb.org/>)

## PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

### The requirements of this program meet certification/ licensure requirements in the following states:

Wisconsin

### The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

Updated: 1 June 2024

## ACCREDITATION

### ACCREDITATION

Landscape Architecture Accreditation Board (<https://www.asla.org/AccreditationLAAB.aspx>)

Accreditation status: Accredited. Next accreditation review: 2025.

## POLITICAL SCIENCE

There are many definitions of political science. But whether a definition focuses on the analysis of governmental structures, or influences on voter choice, or the relationship between national governments, or the best form of government, at base, political science is about the systematic study of power. Whether power is exercised formally, as is the case between government and the individual, or informally, as is the case between individuals, it is the systematic study of power relationships that provides the subject matter for the discipline. Majors in political science obtain not only an understanding of the workings of government, but they also develop important skills in critical thinking and analysis. These skills make them ideal candidates for careers in law; in government at the state, national, and international levels; in business; in journalism; and in politics.

## DEGREES/MAJORS/CERTIFICATES

DEGREES/MAJORS/  
CERTIFICATES

- Political Economy, Philosophy, and Politics, Certificate (p. 1308)
- Political Science, BA (p. 1310)
- Political Science, BS (p. 1316)
- Political Science, Certificate (p. 1322)

POLITICAL ECONOMY,  
PHILOSOPHY, AND  
POLITICS, CERTIFICATE

Why enroll in the political economy, philosophy, and politics certificate?

The political economy, philosophy, and politics (PEPP) certificate is rooted in a core insight: social, economic, and political problems have ethical, political, and economic dimensions. While the first program (politics, philosophy, and economics, or PPE) formally combining these three approaches was created at Oxford University in 1920, it drew on a tradition of inquiry that brought the three perspectives together. Since its creation at Oxford, similar programs have been created at a wide range of the world's leading universities.

If we move from the insight behind the program to what it means in practice, we can see that understanding, for example, immigration requires understanding it from political, economic, and ethical perspectives. In short, understanding the pressing political, economic, or philosophical problems of the day entails seeing them from a perspective that brings together all three disciplines. As a result, the PEPP curriculum brings together faculty and coursework from three different academic departments: Economics, Philosophy, and Political Science. This cross-disciplinary curriculum is important not just for intellectual development, but also for fostering the habits of mind central to democratic citizenship.

Students who enroll in the PEPP certificate will thus take coursework from political science, economics, and philosophy, and the certificate program will culminate in a small-enrollment, research- and writing-oriented capstone seminar, POLI SCI 461. Combining breadth across the three disciplines with depth within two of the three, the PEPP certificate is a rigorous and exciting opportunity for cross-disciplinary study.

## HOW TO GET IN

## HOW TO GET IN

Students can declare the program via the online declaration form. (<https://polisci.wisc.edu/pepp-certificate/>)

## REQUIREMENTS

## REQUIREMENTS

18 credits are required, as follows: <sup>1</sup>

## CORE BREADTH

Four courses for 12 credits, one course each from these areas:

## Economics

Code	Title	Credits
ECON/HIST SCI 305	Development of Economic Thought	3-4
ECON 330	Money and Banking	4
ECON 435	The Financial System	3
ECON 461	International Macroeconomics	3-4
ECON 464	International Trade	3-4
ECON 465	The American Economy to 1865	3-4
ECON/ HISTORY 466	The American Economy Since 1865	3-4

## Philosophy

Code	Title	Credits
PHILOS 341	Contemporary Moral Issues	3-4
PHILOS/ ENVIR ST 441	Environmental Ethics	3-4
PHILOS/ MED HIST 505	Justice and Health Care	3
PHILOS/ MED HIST 515	Public Health Ethics	3
PHILOS/ECON 524	Philosophy and Economics	3
PHILOS 541	Modern Ethical Theories	3
PHILOS 549	Great Moral Philosophers	3
PHILOS 555	Political Philosophy	3

## Political Science: Political Theory

Code	Title	Credits
POLI SCI 360	History of American Political Thought	3-4
POLI SCI 361	Contemporary American Political Thought	3-4
POLI SCI 363	Literature and Politics	3-4
POLI SCI 364	Christian Political Thought	3-4
POLI SCI 411	The American Constitution : Powers and Structures of Government	4
POLI SCI 463	Deception and Politics	4

**Political Science: Institutions and Political Economy**

Code	Title	Credits
POLI SCI 274	Political Choice and Strategy	3-4
POLI SCI 304	The Political Economy of Race in the United States	3-4
POLI SCI 330	Political Economy of Development	3-4
POLI SCI 340	The European Union: Politics and Political Economy	3-4
POLI SCI 350	International Political Economy	3-4
POLI SCI 354	International Institutions and World Order	3-4
POLI SCI 356	Principles of International Law	3-4

**ELECTIVE DEPTH COURSE**

Take one (1) additional course (3 credits) from the list of courses above in **either** Economics (p. 1308) **or** Philosophy (p. 1308).

**CAPSTONE SEMINAR**

Code	Title	Credits
POLI SCI 461	Interdisciplinary Seminar in Political Economy, Philosophy, & Politics	3

<sup>1</sup> Courses taken Pass/Fail do not count

**RESIDENCY AND QUALITY OF WORK**

- Minimum 2.000 GPA in all certificate courses
- At least 9 certificate credits must be completed in residence

**CERTIFICATE COMPLETION REQUIREMENT**

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

**LEARNING OUTCOMES****LEARNING OUTCOMES**

1. Knowing key concepts and arguments from economics, philosophy, and political science.
2. Synthesizing key arguments and concepts from philosophy, political science, and economics.
3. Applying arguments and concepts from philosophy, political science, and economics to contemporary policy or scholarly debates.

**ADVISING AND CAREERS****ADVISING**

# POLITICAL SCIENCE, BA

## WHY STUDY POLITICAL SCIENCE?

There are many definitions of political science. But whether a definition focuses on the analysis of governmental structures, or influences on voter choice, or the relationship between national governments, or the best form of government, at base, political science is about the systematic study of power. Whether power is exercised formally, as is the case between government and the individual, or informally, as is the case between individuals, it is the systematic study of power relationships that provides the subject matter for the discipline. Majors in political science obtain not only an understanding of the workings of government, but they also develop important skills in critical thinking and analysis. These skills make them ideal candidates for careers in law; in government at the state, national, and international levels; in business; in journalism; and in politics.

## WHAT CAREERS DO POLITICAL SCIENCE MAJORS PURSUE?

Poli Sci majors learn quickly, work well in teams, and have basic understanding of the policy process and the operations of government. Poli Sci majors understand that for every endeavor, no matter how important, there is a mountain of ordinary grunt work that has to be done. Poli Sci majors can be counted on to do the foot-work, put in the face-time, and endure the slog necessary of everything of consequence.

Poli Sci majors go on to work in all levels of government. Local and state governments have a direct impact on the quality of life of all Americans. Courses on state and urban government, public policy, administrative law, and public administration are especially valuable. Quantitative and statistical skills developed in these courses and applied in the internships many of our students do provide a powerful combination.

Poli Sci majors go on to work in a wide range of International careers, in business, Foreign Service, and non-governmental organizations. Political Science offers a wide variety of courses in comparative politics, international relations and organizations, public policy, political development, and interest group politics. These courses in combination with economics, statistics, computer science, and international trade.

Poli Sci majors pursue careers in campaign management, political polling, national political committees, and consulting. They will have taken multiple courses in the American political system, comparative political parties, elections, public opinion, and voting behavior; as well as committing themselves to developing their writing and data analysis. There are over half a million campaigns in the United States annually, and while entry-level jobs have long hours, low pay, and enormous demands, they are places where you can "cut your political teeth." Local campaigns lead to statewide or national campaigns, and then perhaps to consulting and polling if that strikes your interest.

Poli Sci majors have also traditionally gone into law. Some lawyers are litigators while others are employed by corporations, government, and other organizations. Political Science track fits nicely for students seeking

law degrees as official credentials to "practice law" and those students who seek a law degree as an additional "tool" to make positive impacts in their professional areas of interest. Some individuals with legal training work in other areas, such as corporate or public management. The department offers a wide variety of political theory, constitutional law, and public policy courses that will help you explore the interaction between law, politics, and society.

## HOW TO GET IN

### HOW TO GET IN

Students in the College of Letters & Science can declare Political Science by completing a form on the department website (<https://polisci.wisc.edu/advising-and-major-information/>).

Students in other schools and colleges interested in adding the Political Science major to their primary degree program need an online form signed by the Political Science advisor in order to obtain permission from their home school/college to add the additional major.

Students declared in the Political Science certificate may not be declared in the Political Science major at the same time. Students who do wish to declare this major must first cancel their declaration in the certificate.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth—Humanities/Literature/Arts: 6 credits</li> <li>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth—Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

## BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major**

Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW-Madison
- 2.000 in Intermediate/Advanced level coursework at UW-Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

**30 credits** are required in the following areas:

## DISTRIBUTION <sup>1</sup>

Code	Title	Credits
<b>Three courses and three areas required:</b>		
<i>International Relations</i>

POLI SCI 538	Politics and Policies in the European Union
POLI SCI 635	Comparative Politics of Sport
POLI SCI 690	Study Abroad Topics in Political Science: Comparative Politics

**Total Credits** **9-12**

### RESEARCH METHODS

Code	Title	Credits
<b>Complete one course from:</b>		
POLI SCI 170	Research Methods in Political Science	<b>3-4</b>
POLI SCI 270	Understanding Political Numbers	
POLI SCI 274	Political Choice and Strategy	
POLI SCI 348	Analysis of International Relations	
POLI SCI/ JOURN/ URB R PL 373	Introduction to Survey Research	

**Total Credits** **3-4**

### ELECTIVES

Additional POLI SCI courses to attain 30 credits in the major.<sup>2</sup>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all POLI SCI courses and courses that count toward the major
- 2.000 GPA on 15 upper-level credits in the major, taken in residence<sup>3</sup>
- 15 credits in POLI SCI, taken on campus

## HONORS IN THE MAJOR

To declare Honors in the Major, students must have at least one POLI SCI course for Honors, at least a 3.300 University GPA, and meet with the major advisor to discuss the requirements.

To earn Honors in the Major, students must satisfy the requirements for the major (above) *and* these additional requirements:

- Earn a 3.300 or higher University GPA
- Earn 3.500 GPA or higher in all POLI SCI courses
- Complete at least 15 credits in POLI SCI for Honors to include:<sup>4</sup>

Code	Title	Credits
<i>Complete one of these Thesis sequences:</i>		
POLI SCI 681 & POLI SCI 682	Senior Honors Thesis and Senior Honors Thesis	6
POLI SCI 683 & POLI SCI 684	Senior Honors Thesis Seminar and Senior Honors Thesis Seminar	
Additional POLI SCI courses taken for Honors <sup>4</sup>		9
<b>Total Credits</b>		<b>15</b>

## FOOTNOTES

- <sup>1</sup> Courses may only meet one Distribution area. A course may meet both a Distribution and the Research Methods requirement, but will only be applied once toward the 30 credits required in the major.
- <sup>2</sup> No more than 6 total credits of Directed Study (POLI SCI 199, POLI SCI 698, POLI SCI 699) and Internship (POLI SCI 315) may count in the major.
- <sup>3</sup> POLI SCI courses numbered 300 and higher count as upper-level in the major.
- <sup>4</sup> A grade of B or higher is required to earn Honors credit.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Develop an understanding of and appreciation for the methods and approaches of diverse subfields in Political Science--#American Politics, Comparative Politics, International Relations, and Political Theory--#and their relevance to important theoretical and pragmatic questions.
2. Analyze different forms and practices of governance both democratic and non#democratic.
3. Argue effectively and defend propositions with intellectual integrity, while considering a range of alternative points of view and evidence.
4. Analyze relations among individuals, civil society, political institutions, and states.
5. Analyze the motivations and consequences of political decision# making and activities.

## FOUR-YEAR PLAN

## FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

## First Year

## Total Credits 120

<sup>1</sup> Students wishing to write a senior thesis (with or without Honors) should apply in the spring of their third year.

## THREE-YEAR PLAN

## THREE-YEAR PLAN

This Sample Three-Year Plan is a tool to assist students and their advisor(s). Students should use it –along with their DARS report, the Degree Planner, and Course Search & Enroll tools – to make their own three-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests.

Three-year plans may vary considerably from student to student, depending on their individual preparation and circumstances. Students interested in graduating in three years should meet with an advisor as early as possible to discuss feasibility, appropriate course sequencing, post-graduation plans (careers, graduate school, etc.), and opportunities they might forgo in pursuit of a three-year graduation plan.

## DEPARTMENTAL EXPECTATIONS

Students planning to graduate within three years with a Political Science major should enter the University with a minimum of 18 advanced standing credits, and have satisfied the following requirements with course credit or via placement examination:

- Communication Part A
- Quantitative Reasoning Part A
- 18 credits of any elective coursework
- 3-4 units of foreign language

Students missing one or more of these requirements upon entering the University should talk to their advisor about completing coursework over Summer terms to stay on track for a three year timeline.

### First Year

## ADVISING AND CAREERS

### ADVISING AND CAREERS ADVISING

The Department of Political Science has academic advisors who are available to meet with you to offer guidance on:

- Course selection
- Program planning
- Internship opportunities
- Study abroad programs
- Scholarship opportunities
- Student research interests
- Transfer and study abroad credits

Information about scheduling appointments can be found [here \(https://polisci.wisc.edu/advising-and-major-information/#advising\)](https://polisci.wisc.edu/advising-and-major-information/#advising). **Please note that no advising appointments are scheduled via email.**

### ENROLLMENT INFORMATION

Political science majors who wish to enroll in the following course(s) must obtain prior consent/authorization:

- Directed Study
- Thesis
- Proseminars (varies by specific course; check footnotes in the class schedule)
- Specific Topic
- Other advanced-level coursework with consent of the instructor in lieu of other required courses

Information and course descriptions are posted on the department website prior to each enrollment period. POLI SCI 315 Legislative Internship is available by application only. Specific deadlines will be announced each semester. Students with a classification making them ineligible for certain courses due to retroactive or AP credits may see the instructor for possible permission to enroll on a space available basis. Students who wish to enroll in a course that is closed may use the online wait list available through the Student Center in MyUW. The number of credits for variable credit courses is determined by course format and contact periods for a specific semester as noted in the class schedule. For graduate programs, see the Graduate section of this Guide.

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or

graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

Please see the Faculty (<https://polisci.wisc.edu/faculty-2/>) and Administration and Staff (<https://polisci.wisc.edu/administration-staff/>) sections of the Political Science website.

## POLITICAL SCIENCE, BS

### WHY STUDY POLITICAL SCIENCE?

There are many definitions of political science. But whether a definition focuses on the analysis of governmental structures, or influences on voter choice, or the relationship between national governments, or the best form of government, at base, political science is about the systematic study of power. Whether power is exercised formally, as is the case between government and the individual, or informally, as is the case between individuals, it is the systematic study of power relationships that provides the subject matter for the discipline. Majors in political science obtain not only an understanding of the workings of government, but they also develop important skills in critical thinking and analysis. These skills make them ideal candidates for careers in law; in government at the state, national, and international levels; in business; in journalism; and in politics.

### WHAT CAREERS DO POLITICAL SCIENCE MAJORS PURSUE?

Poli Sci majors learn quickly, work well in teams, and have basic understanding of the policy process and the operations of government. Poli Sci majors understand that for every endeavor, no matter how important, there is a mountain of ordinary grunt work that has to be done. Poli Sci majors can be counted on to do the foot-work, put in the face-time, and endure the slog necessary of everything of consequence.

Poli Sci majors go on to work in all levels of government. Local and state governments have a direct impact on the quality of life of all Americans. Courses on state and urban government, public policy, administrative

law, and public administration are especially valuable. Quantitative and statistical skills developed in these courses and applied in the internships many of our students do provide a powerful combination.

Poli Sci majors go on to work in a wide range of International careers, in business, Foreign Service, and non-governmental organizations. Political Science offers a wide variety of courses in comparative politics, international relations and organizations, public policy, political development, and interest group politics. These courses in combination with economics, statistics, computer science, and international trade.

Poli Sci majors pursue careers in campaign management, political polling, national political committees, and consulting. They will have taken multiple courses in the American political system, comparative political parties, elections, public opinion, and voting behavior; as well as committing themselves to developing their writing and data analysis. There are over half a million campaigns in the United States annually, and while entry-level jobs have long hours, low pay, and enormous demands, they are places where you can "cut your political teeth." Local campaigns lead to statewide or national campaigns, and then perhaps to consulting and polling if that strikes your interest.

Poli Sci majors have also traditionally gone into law. Some lawyers are litigators while others are employed by corporations, government, and other organizations. Political Science track fits nicely for students seeking law degrees as official credentials to "practice law" and those students who seek a law degree as an additional "tool" to make positive impacts in their professional areas of interest. Some individuals with legal training work in other areas, such as corporate or public management. The department offers a wide variety of political theory, constitutional law, and public policy courses that will help you explore the interaction between law, politics, and society.

## HOW TO GET IN

### HOW TO GET IN

Students in the College of Letters & Science can declare Political Science by completing a form on the department website (<https://polisci.wisc.edu/advising-and-major-information/>).

Students in other schools and colleges interested in adding the Political Science major to their primary degree program need an online form signed by the Political Science advisor in order to obtain permission from their home school/college to add the additional major.

Students declared in the Political Science certificate may not be declared in the Political Science major at the same time. Students who do wish to declare this major must first cancel their declaration in the certificate.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin-Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the

requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- General Education
- Breadth–Humanities/Literature/Arts: 6 credits
  - Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
  - Breadth–Social Studies: 3 credits
  - Communication Part A Part B \*
  - Ethnic Studies \*
  - Quantitative Reasoning Part A Part B \*

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

Mathematics	Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.
Language	Complete the third unit of a language other than English.
LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.</li> </ul>
Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>

- Quality of Work
- 2.000 in all coursework at UW–Madison
  - 2.000 in Intermediate/Advanced level coursework at UW–Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

**30 credits** are required in the following areas:

### DISTRIBUTION <sup>1</sup>

Code	Title	Credits
<b>Three courses and three areas required: 9-12</b>		
<i>International Relations</i>

## RESEARCH METHODS

Code	Title	Credits
<b>Complete one course from:</b>		
POLI SCI 170	Research Methods in Political Science	<b>3-4</b>
POLI SCI 270	Understanding Political Numbers	
POLI SCI 274	Political Choice and Strategy	
POLI SCI 348	Analysis of International Relations	
POLI SCI/ JOURN/ URB R PL 373	Introduction to Survey Research	

**Total Credits** **3-4**

## ELECTIVES

Additional POLI SCI courses to attain 30 credits in the major.<sup>2</sup>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all POLI SCI courses and courses that count toward the major
- 2.000 GPA on 15 upper-level credits in the major, taken in residence<sup>3</sup>
- 15 credits in POLI SCI, taken on campus

## HONORS IN THE MAJOR

To declare Honors in the Major, students must have at least one POLI SCI course for Honors, at least a 3.300 University GPA, and meet with the major advisor to discuss the requirements.

To earn Honors in the Major, students must satisfy the requirements for the major (above) *and* these additional requirements:

- Earn a 3.300 or higher University GPA
- Earn 3.500 GPA or higher in all POLI SCI courses
- Complete at least 15 credits in POLI SCI for Honors to include:<sup>4</sup>

Code	Title	Credits
<i>Complete one of these Thesis sequences:</i>		
POLI SCI 681 & POLI SCI 682	Senior Honors Thesis and Senior Honors Thesis	6
POLI SCI 683 & POLI SCI 684	Senior Honors Thesis Seminar and Senior Honors Thesis Seminar	
Additional POLI SCI courses taken for Honors <sup>4</sup>		9
<b>Total Credits</b>		<b>15</b>

## FOOTNOTES

<sup>1</sup> Courses may only meet one Distribution area. A course may meet both a Distribution and the Research Methods requirement, but will only be applied once toward the 30 credits required in the major.

<sup>2</sup> No more than 6 total credits of Directed Study (POLI SCI 199, POLI SCI 698, POLI SCI 699) and Internship (POLI SCI 315) may count in the major.

<sup>3</sup> POLI SCI courses numbered 300 and higher count as upper-level in the major.

<sup>4</sup> A grade of B or higher is required to earn Honors credit.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

Quality of Work Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Develop an understanding of and appreciation for the methods and approaches of diverse subfields in Political Science--#American Politics, Comparative Politics, International Relations, and Political Theory--#and their relevance to important theoretical and pragmatic questions.
2. Analyze different forms and practices of governance both democratic and non#democratic.
3. Argue effectively and defend propositions with intellectual integrity, while considering a range of alternative points of view and evidence.
4. Analyze relations among individuals, civil society, political institutions, and states.
5. Analyze the motivations and consequences of political decision# making and activities.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

<sup>1</sup> Students wishing to write a senior thesis (with or without Honors) should apply in the spring of their third year.

## THREE-YEAR PLAN

### THREE-YEAR PLAN

This Sample Three-Year Plan is a tool to assist students and their advisor(s). Students should use it –along with their DARS report, the Degree Planner, and Course Search & Enroll tools – to make their own three-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests.

Three-year plans may vary considerably from student to student, depending on their individual preparation and circumstances. Students interested in graduating in three years should meet with an advisor as early as possible to discuss feasibility, appropriate course sequencing, post-graduation plans (careers, graduate school, etc.), and opportunities they might forgo in pursuit of a three-year graduation plan.

### DEPARTMENTAL EXPECTATIONS

Students planning to graduate within three years with a Political Science major should enter the University with a minimum of 18 advanced standing credits, and have satisfied the following requirements with course credit or via placement examination:

- Communication Part A
- Quantitative Reasoning Part A
- 18 credits of any elective coursework
- 3-4 units of foreign language

Electives (Intermediate or Advanced level)	6 Electives (Intermediate or Advanced level)	6
		<b>17</b>

**Total Credits 101-102**

<sup>1</sup> Students wishing to write a senior thesis (with or without Honors) should apply in the spring of their second year.

**ADVISING AND CAREERS**

**ADVISING AND CAREERS**

**ADVISING**

The Department of Political Science has academic advisors who are available to meet with you to offer guidance on:

- Course selection
- Program planning
- Internship opportunities
- Study abroad programs
- Scholarship opportunities
- Student research interests
- Transfer and study abroad credits

Information about scheduling appointments can be found [here \(https://polisci.wisc.edu/advising-and-major-information/#advising\)](https://polisci.wisc.edu/advising-and-major-information/#advising). **Please note that no advising appointments are scheduled via email.**

**ENROLLMENT INFORMATION**

Political science majors who wish to enroll in the following course(s) must obtain prior consent/authorization:

- Directed Study
- Thesis
- Proseminars (varies by specific course; check footnotes in the class schedule)
- Specific Topic
- Other advanced-level coursework with consent of the instructor in lieu of other required courses

Information and course descriptions are posted on the department website prior to each enrollment period. POLI SCI 315 Legislative Internship is available by application only. Specific deadlines will be announced each semester. Students with a classification making them ineligible for certain courses due to retroactive or AP credits may see the instructor for possible permission to enroll on a space available basis. Students who wish to enroll in a course that is closed may use the online wait list available through the Student Center in MyUW. The number of credits for variable credit courses is determined by course format and contact periods for a specific semester as noted in the class schedule. For graduate programs, see the Graduate section of this Guide.

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

Students missing one or more of these requirements upon entering the University should talk to their advisor about completing coursework over Summer terms to stay on track for a three year timeline.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

## PEOPLE

Please see the Faculty (<https://polisci.wisc.edu/faculty-2/>) and Administration and Staff (<https://polisci.wisc.edu/administration-staff/>) sections of the Political Science website.

## POLITICAL SCIENCE, CERTIFICATE

There are many definitions of political science. But whether a definition focuses on the analysis of governmental structures, or influences on voter choice, or the relationship between national governments, or the best form of government, at base, political science is about the systematic study of power. Whether power is exercised formally, as is the case between government and the individual, or informally, as is the case between individuals, it is the systematic study of power relationships that provides the subject matter for the discipline. Students who pursue a certificate in political science obtain not only an understanding of the workings of government, but they also develop important skills in critical thinking and analysis. These skills make them ideal candidates for careers in law; in government at the state, national, and international levels; in business; in journalism; and in politics.

## HOW TO GET IN

### HOW TO GET IN DECLARING THE CERTIFICATE

There are no pre-requisites for declaring the Political Science certificate.

Students can declare at any time on the our website (<https://polisci.wisc.edu/politicalsciencecertificate/#requirements-and-declaration>). Political science majors are not eligible to declare the Political Science certificate.

## REQUIREMENTS

### REQUIREMENTS

Only 4 credits of Introductory requirement coursework will count in the certificate. Students must take at least one 3 credit Reading and Writing in Political Science course. Students may take more than one Reading and Writing in Political Science course to meet the certificate requirements; additional Reading and Writing in Political Science courses after the first count toward the required Intermediate and Advanced level Elective courses.

Code	Title	Credits
<b>Introductory Course (complete one)</b>		<b>3-4</b>
POLI SCI 104	Introduction to American Politics and Government	
POLI SCI 120	Introduction to Comparative Politics	
POLI SCI 140	Introduction to International Relations	
POLI SCI 160	Introduction to Political Theory	
POLI SCI 182	Introduction to Comparative Politics (Honors)	
POLI SCI 184	Introduction to American Politics	
<b>Reading and Writing in Political Science (complete one)</b>		<b>3-4</b>
POLI SCI 206	Introduction to Political Psychology	
POLI SCI 305	Elections and Voting Behavior	
POLI SCI 306	American Political Parties	
POLI SCI 324	Chinese Politics	
POLI SCI/ INTL ST 327	Indian Politics in Comparative Perspective	
POLI SCI 330	Political Economy of Development

POLI SCI 402	Wisconsin in Washington Internship Course
POLI SCI 405	State Government and Public Policy
POLI SCI 411	The American Constitution : Powers and Structures of Government
POLI SCI 412	The American Constitution: Rights and Civil Liberties
POLI SCI 416	Community Power and Grass Roots Politics
POLI SCI 417	The American Judicial System
POLI SCI/ GEN&WS 429	Gender and Politics in Comparative Perspective
POLI SCI/ INTL ST 431	Contentious Politics
POLI SCI/ INTL ST 434	The Politics of Human Rights
POLI SCI/ GEN&WS 435	Politics of Gender and Women's Rights in the Middle East
POLI SCI/ INTL ST 439	The Comparative Study of Genocide
POLI SCI 463	Deception and Politics
POLI SCI/ GEN&WS 469	Women and Politics
POLI SCI 490	Study Abroad Topics in Political Science: American Government
POLI SCI 511	Campaign Finance
POLI SCI 515	Public Opinion
POLI SCI/ AFROAMER 519	African American Political Theory
POLI SCI 590	Study Abroad Topics in Political Science: Political Theory
POLI SCI 659	Politics and Society: Contemporary Eastern Europe
POLI SCI 690	Study Abroad Topics in Political Science: Comparative Politics

### Total Credits

16

## RESIDENCE AND QUALITY OF WORK

- Minimum 2.000 GPA in all certificate courses
- At least 12 certificate credits must be completed on campus

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Develop an understanding of and appreciation for the methods and approaches in Political Science and their relevance to important theoretical and pragmatic questions.
2. Analyze different forms and practices of governance both democratic and non-democratic.
3. Argue effectively and defend propositions with intellectual integrity, while considering a range of alternative points of view and evidence.
4. Analyze relations among individuals, civil society, political institutions, and states.
5. Analyze the motivations and consequences of political decision-making and activities.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

Students who are declared or interested in the political science certificate have numerous advising resources available to them. The political science advising team is composed of professional and peer advisors who are excited to talk with students about everything from academic planning to professional development for future careers. Information on the political advising team, how to contact an advisor, and how to schedule an appointment hours can be found on this website (<https://polisci.wisc.edu/politicalsciencecertificate/>).

#### INTERSHIPS

The Department of Political Science recognizes the importance of internships in helping students develop professional skills and explore potential career paths. Positions can vary depending on availability and students' interests, but recent sponsors have included the Wisconsin State Legislature, the Office of the Governor, Sierra Club, and numerous non-profit, media, lobbyist, and policy organizations in Wisconsin and throughout the country. Please see our internship board (<https://polisci.wisc.edu/internship-board/>) for examples of the wide array of opportunities. Political Science certificate students can also get academic credit in conjunction with an internship by taking Poli Sci 315.

#### ALUMNI MENTORING

Like internships, networking can be a valuable tool in opening professional doors and learning more about the professional value of the political certificate. The department often matches students with alumni mentors drawn from our Board of Visitors (<https://polisci.wisc.edu/board-of-visitors/>) and other graduates who can help them get started building a professional network, answer questions about a specific field, provide guidance in applying for jobs or preparing for interviews, and provide general career advice.

## PSYCHOLOGY

The Psychology major is one of the largest majors in the College of Letters & Science, focusing on several areas in the field of Psychological Science: biological, clinical, cognition & cognitive neuroscience, perception, developmental, and social & personality.

The mission of the undergraduate program in psychology is to provide students with opportunities to:

- learn about the multiple content areas of scientific psychology
- develop the ability to think critically and quantitatively
- enhance communication skills in the classroom and in writing
- prepare for the most rigorous graduate and professional programs
- apply the science of psychology to the well-being of citizens of Wisconsin and the global community

Some students will go to graduate school and become the next generation of psychological scientists and educators who will create and disseminate new knowledge. Others will choose careers in other areas, including but not limited to business, medicine, law, education, and counseling. Through its strong interdisciplinary connections with the natural sciences, social sciences, humanities, and medical sciences, scientific psychology is positioned well to influence critical issues for society. Because all courses in psychology emphasize critical thinking and the analysis of research, the Undergraduate Program prepares students to take on the challenges of and fully participate in an increasingly complex, multicultural world.

## HOW TO GET IN

## HOW TO GET IN

Students who successfully complete PSYCH 202 (or equivalent) with a grade of C or better are eligible to declare the major.<sup>1</sup>

Please refer to the Department website for instructions on how to declare the major (<https://psych.wisc.edu/undergraduate-program/major/#declare-the-major>).

<sup>1</sup> Equivalents include a score of 4 or higher on the IB Psychology exam or a score of 4 or 5 on the AP Psychology exam.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS &amp; SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

## BACHELOR OF ARTS DEGREE REQUIREMENTS

Mathematics	Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.
Language	<ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul>

- LS Breadth
- 12 credits of Humanities, which must include 6 credits of literature; and
  - 12 credits of Social Science; and
  - 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced work	Complete at least 60 credits at the intermediate or advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	<ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2,000 in all coursework at UW-Madison</li> <li>• 2,000 in Intermediate/Advanced level coursework at UW-Madison</li> </ul>

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

The major requires the completion of the six categories below (Foundation, Biology, Breadth, Depth, Capstone and Electives) and a minimum of 30 credits in PSYCH (<https://guide.wisc.edu/courses/psych/>) coursework.

### FOUNDATION

Foundation courses provide a grounding in basic psychological facts and an understanding of the methodologies used to produce those facts. **Foundation courses are required with *grades of C or better*** in each course;

Code	Title	Credits
<b>Introductory Psychology—one course:</b>		<b>3-4</b>
PSYCH 202	Introduction to Psychology	
<b>Statistics—one course:</b>		<b>3</b>
PSYCH 210	Basic Statistics for Psychology	
STAT 324	Introductory Applied Statistics for Engineers	
STAT 371	Introductory Applied Statistics for the Life Sciences	
<b>Research Methods—one course:</b>		<b>4</b>
PSYCH 225	Research Methods	

### BIOLOGY

Foundational knowledge in biology is critical to the study of psychological science and the understanding of human and animal behavior, as well as the brain sciences.

Code	Title	Credits
<b>Introductory Biology—complete one of following:</b>		
BIOLOGY/ZOOLOGY 101	Animal Biology	3
BIOLOGY/BOTANY/ZOOLOGY 151	Introductory Biology	5
BIOCORE 381 & BIOCORE 383	Evolution, Ecology, and Genetics and Cellular Biology	6

### BREADTH

Breadth courses familiarize students with the breadth of psychology in the following area groups: Biological, Clinical, Cognitive & Perceptual Science, Development, and Social & Personality. Complete one course from three different area groups for a total of three courses:

#### Biological

Code	Title	Credits
PSYCH 449	Animal Behavior	3-4
PSYCH 450	Primate Psychology: Insights into Human Behavior	3
PSYCH 454	Behavioral Neuroscience	3-4
PSYCH/ZOOLOGY 523	Neurobiology	3

#### Clinical

Code	Title	Credits
PSYCH 401	Psychology, Law, and Social Policy	3
PSYCH 405	Adult Psychopathology	3-4

#### Cognitive and Perceptual Sciences

Code	Title	Credits
PSYCH 406	Psychology of Perception	3-4
PSYCH 413	Language, Mind, and Brain	3-4
PSYCH 414	Cognitive Psychology	3-4

#### Developmental

Code	Title	Credits
PSYCH/SOC 453	Human Sexuality	4
PSYCH 460	Child Development	3-4
PSYCH 462	Adolescent Development	3-4
PSYCH 464	Adult Development and Aging	3

#### Social and Personality

Code	Title	Credits
PSYCH 403	Psychology of Personality	3
PSYCH 456	Social Psychology	3-4
PSYCH/GEN&WS 522	Psychology of Women and Gender	3

### DEPTH

Depth courses allow students to engage in depth with material in specific content areas in psychology. Depth courses include both a lecture component and a required discussion/lab section for all students, and

they help students develop a deeper understanding of particular areas of psychology. **Two courses** are required:

Code	Title	Credits
PSYCH 501	Depth Topic in Social Science (multiple separate topics offered each semester)	4
PSYCH 502	Cognitive Development	4
PSYCH 503	Social Development	4
PSYCH 505	Depth Topic in Biological Science	4
PSYCH 508	Psychology of Human Emotions: From Biology to Culture	4
PSYCH 510	Critical Issues in Child Psychopathology	4
PSYCH 513	Hormones, Brain, and Behavior	4
PSYCH 520	How We Read: The Science of Reading and Its Educational Implications	4
PSYCH 521	The Structure of Human Thought: Concepts, Language and Culture	4
PSYCH 525	Cognition in Health and Society	4
PSYCH 526	The Criminal Mind: Forensic and Psychobiological Perspectives	4
PSYCH 528	Cultural Psychology	4
PSYCH 532	Psychological Effects of the Internet	4

## CAPSTONE

Capstone courses allow students to explore current research in psychology in a seminar setting. **One course** is required:

Code	Title	Credits
PSYCH 601	Current Topics in Psychology (many separate topics each semester)	3
PSYCH 602	Intermediate Statistics for Psychology	3
PSYCH 603	Epigenetics and the Brain	3
PSYCH 606	Hormones and Behavior	3
PSYCH 607	Introduction to Psychotherapy	3
PSYCH 612	Neuropharmacology	3

## ELECTIVES

In addition to completion of the courses required above, students must complete at least **3 additional credits** in PSYCH (<https://guide.wisc.edu/courses/psych/>) in courses numbered **300 and above**. Students may complete any additional PSYCH course(s), including courses from: the Breadth, Depth, or Capstone areas, or directed/independent study and mentored research.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all PSYCH and major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence <sup>3</sup>
- 15 credits in PSYCH, taken on the UW–Madison campus

## HONORS IN THE MAJOR

Students who are declared psychology majors may opt to pursue Honors in the Major. Honors in the Major is especially appropriate for students who want more in-depth exposure and experiences in psychology courses, as well as substantive research involvement in the Department. Honors in the Major also provides opportunities to develop leadership, writing, and critical thinking skills beneficial to a wide range of graduate programs and career choices.

Students must have a minimum GPA of 3.3 within the Psychology major as well as minimum GPA of 3.3 overall, and have met with a Psychology Advisor regarding Honors in the Major in order to declare their intent to complete Honors in the Major in Psychology.

Please refer to the Department website for instructions on how to declare intent to complete honors in the major (<https://psych.wisc.edu/undergraduate-program/major/#honors-in-the-major>).

## HONORS IN THE PSYCHOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Psychology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all PSYCH and major courses
- Complete the following courses with Honors and a grade of B or higher:
  - PSYCH 380 (Junior year) or two semesters of PSYCH 686 Senior Thesis Seminar in Psychology (requires Fall and Spring enrollment)
  - Three Psychology Breadth and/or Depth courses OR Two Psychology Breadth and/or Depth courses and one of the following: PSYCH 210 Basic Statistics for Psychology or PSYCH 225 Research Methods
  - A two-semester Senior Honors Thesis in PSYCH 681 and PSYCH 682 for a total of 6 credits.

## FOOTNOTES

- <sup>1</sup> Equivalents may include credit awarded by appropriate scores on AP, IB, or A-level exams or transfer credit.
- <sup>2</sup> A score of 4 or better on the IB Biology exam, or a score of 4 or 5 on the AP Biology exam will satisfy the Introductory Biology requirement.
- <sup>3</sup> PSYCH 300–699 are upper-level in the major.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Gain an appreciation for the contributions that psychology is making to our understanding of human and animal behavior.
2. Learn to analyze and construct arguments, define and solve problems, and understand and apply scientific reasoning.
3. Learn to communicate their ideas in a clear, organized, and compelling way.
4. Gain a specific understanding of how to use data and research methodology in their critical thinking.
5. Acquire an appreciation of and respect for individual differences and diversity of experiences and background.
6. Acquire the statistical and research skills used in the behavioral sciences.
7. Have the opportunity to evaluate the diverse professional opportunities in psychology.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits
Communication A	3 Psych Breadth Course	3
Quantitative Reasoning A	3 ZOOLOGY/ BIOLOGY 101 <sup>1</sup>	3
Foreign Language (if required)	3 Ethnic Studies	3
PSYCH 202	3-4 Literature Breadth	3
Physical Science Breadth	3 Electives	3
	<b>15</b>	<b>15</b>

#### Second Year

Fall	Credits Spring	Credits
Psych Breadth Course	3 PSYCH 210 (satisfies QR-B) <sup>2</sup>	3
Literature Breadth course	3 INTER-LS 210 (optional)	1
Physical Science Breadth (if needed)	3 Psych Breadth Course	3
Electives	6 Humanities Breadth Electives	3 5
	<b>15</b>	<b>15</b>

#### Third Year

Fall	Credits Spring	Credits
PSYCH 225 (satisfies Com-B)	4 Psych Depth Course (may be taken in Fourth Year)	4
Humanities Breadth	3 Psych Elective (3 PSYCH elective credits needed)	3
I/A Comp Sci, Math, or Stats (if needed for the BS)	3 Electives	8
Electives	5	
	<b>15</b>	<b>15</b>

#### Fourth Year

Fall	Credits Spring	Credits
Psych Depth Course (Fall and/or Spring)	4 Electives	15
Psych Capstone (Fall or Spring)	3	
I/A Comp Sci, Math, or Stats (if required for the BS)	3	
Electives	5	
	<b>15</b>	<b>15</b>

#### Total Credits 120

- <sup>1</sup> Other courses satisfy the Biology requirement for this major. Consult the Requirements page and adjust your plan accordingly.
- <sup>2</sup> Or accepted Statistics course (STAT 324 or STAT 371); We recommend a Psych Breadth course before completing the statistics requirement.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

**All current UW–Madison undergraduate students interested in the psychology major are welcome to schedule an academic advising appointment with a psychology advisor.**

Advising appointments can be made through the Starfish scheduling tool. Please visit [psych.wisc.edu](http://psych.wisc.edu) (<http://psych.wisc.edu/>) → undergraduate program → academic advising → schedule an advising appointment.

For more information about psychology advising visit [psych.wisc.edu](https://psych.wisc.edu) (<http://psych.wisc.edu/>) → undergraduate program → academic advising.

**Are you a prospective student?** The Department of Psychology welcomes prospective students to attend our Information Sessions held throughout the year. Please visit the Office of Admissions' Visit Bucky website (<https://www.admissions.wisc.edu/visitbucky/>) for information on dates and times of our Psychology Major Information Sessions.

## CAREERS

Students who major in Psychology enter a wide variety of careers, both with and without education beyond a Bachelor's degree. The American Psychological Association (APA) with the Center for Workforce Studies (CWS) has recent statistics on What do you do with a Psychology degree? CWS Data Tool: Careers in Psychology (<https://www.apa.org/workforce/data-tools/careers-psychology/>).

There are several campus resources to guide students in their career search. Undecided students who are unsure about their desired major/career are encouraged to visit the Career Exploration Center (<https://cec.ccas.wisc.edu/>). The SuccessWorks at the College of Letters & Science (<https://successworks.wisc.edu/>) offers a variety of opportunities ranging from career assessment, resume writing, interviewing techniques, internships, graduate school, and more. Additionally, the Department of Psychology offers career support and resources (<https://psych.wisc.edu/undergraduate-program/career-exploration/>) for current students who have declared a psychology major.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students

- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

#### FACULTY AND INSTRUCTIONAL STAFF

**Professors:** Bennett (chair), Abramson, Alibali, Auger, Berridge, Brauer, Curtin, Davidson, Devine, Gernsbacher, Green, Gooding, Marler, Niedenthal, Pollak, Postle, Rogers, Ryff, Saffran, Shutts

**Associate Professors:** Austerweil, Howell, Li, Lupyan, Saalman, Schloss, Walsh

**Assistant Professors:** Ammerman, Buttrick, Chadwick, Ferrigno, Hawkins, Jerald, Jordan, Li, Mohebi, Moreira

**Instructional Staff:** Addington, Andrews, Caldwell, Coffey, Gallimore, Greenberg, Henriques, Jones, Konz, Pflum, Reinholtz, Van Rybroek, Winston

## PSYCHOLOGY, BS

The Psychology major is one of the largest majors in the College of Letters & Science, focusing on several areas in the field of Psychological Science: biological, clinical, cognition & cognitive neuroscience, perception, developmental, and social & personality.

The mission of the undergraduate program in psychology is to provide students with opportunities to:

- learn about the multiple content areas of scientific psychology
- develop the ability to think critically and quantitatively
- enhance communication skills in the classroom and in writing
- prepare for the most rigorous graduate and professional programs
- apply the science of psychology to the well-being of citizens of Wisconsin and the global community

Some students will go to graduate school and become the next generation of psychological scientists and educators who will create and disseminate new knowledge. Others will choose careers in other areas, including but not limited to business, medicine, law, education, and counseling. Through its strong interdisciplinary connections with the natural sciences, social sciences, humanities, and medical sciences, scientific psychology is positioned well to influence critical issues for society. Because all courses in psychology emphasize critical thinking and the analysis of research, the Undergraduate Program prepares students to take on the challenges of and fully participate in an increasingly complex, multicultural world.

## HOW TO GET IN

### HOW TO GET IN

Students who successfully complete PSYCH 202 (or equivalent) with a grade of C or better are eligible to declare the major.<sup>1</sup>

Please refer to the Department website for instructions on how to declare the major (<https://psych.wisc.edu/undergraduate-program/major/#declare-the-major>).

<sup>1</sup> Equivalents include a score of 4 or higher on the IB Psychology exam or a score of 4 or 5 on the AP Psychology exam.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW–Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

The major requires the completion of the six categories below (Foundation, Biology, Breadth, Depth, Capstone and Electives) and a minimum of 30 credits in PSYCH (<https://guide.wisc.edu/courses/psych/>) coursework.

#### FOUNDATION

Foundation courses provide a grounding in basic psychological facts and an understanding of the methodologies used to produce those facts. **Foundation courses are required** with *grades of C or better* in each course;

Code	Title	Credits
<b>Introductory Psychology—one course:</b> <sup>1</sup>		<b>3–4</b>
PSYCH 202	Introduction to Psychology	
<b>Statistics—one course:</b>		<b>3</b>
PSYCH 210	Basic Statistics for Psychology	
STAT 324	Introductory Applied Statistics for Engineers	
STAT 371	Introductory Applied Statistics for the Life Sciences	
<b>Research Methods—one course:</b>		<b>4</b>
PSYCH 225	Research Methods	

## BIOLOGY

Foundational knowledge in biology is critical to the study of psychological science and the understanding of human and animal behavior, as well as the brain sciences.

Code	Title	Credits
<b>Introductory Biology—complete one of following:<sup>2</sup></b>		
BIOLOGY/ ZOOLOGY 101	Animal Biology	3
BIOLOGY/BOTANY/ ZOOLOGY 151	Introductory Biology	5
BIOCORE 381 & BIOCORE 383	Evolution, Ecology, and Genetics and Cellular Biology	6

## BREADTH

Breadth courses familiarize students with the breadth of psychology in the following area groups: Biological, Clinical, Cognitive & Perceptual Science, Development, and Social & Personality. Complete one course from three different area groups for a total of three courses:

### Biological

Code	Title	Credits
PSYCH 449	Animal Behavior	3-4
PSYCH 450	Primate Psychology: Insights into Human Behavior	3
PSYCH 454	Behavioral Neuroscience	3-4
PSYCH/ ZOOLOGY 523	Neurobiology	3

### Clinical

Code	Title	Credits
PSYCH 401	Psychology, Law, and Social Policy	3
PSYCH 405	Adult Psychopathology	3-4

### Cognitive and Perceptual Sciences

Code	Title	Credits
PSYCH 406	Psychology of Perception	3-4
PSYCH 413	Language, Mind, and Brain	3-4
PSYCH 414	Cognitive Psychology	3-4

### Developmental

Code	Title	Credits
PSYCH/SOC 453	Human Sexuality	4
PSYCH 460	Child Development	3-4
PSYCH 462	Adolescent Development	3-4
PSYCH 464	Adult Development and Aging	3

### Social and Personality

Code	Title	Credits
PSYCH 403	Psychology of Personality	3
PSYCH 456	Social Psychology	3-4
PSYCH/ GEN&WS 522	Psychology of Women and Gender	3

## DEPTH

Depth courses allow students to engage in depth with material in specific content areas in psychology. Depth courses include both a lecture component and a required discussion/lab section for all students, and

they help students develop a deeper understanding of particular areas of psychology. **Two courses** are required:

Code	Title	Credits
PSYCH 501	Depth Topic in Social Science (multiple separate topics offered each semester)	4
PSYCH 502	Cognitive Development	4
PSYCH 503	Social Development	4
PSYCH 505	Depth Topic in Biological Science	4
PSYCH 508	Psychology of Human Emotions: From Biology to Culture	4
PSYCH 510	Critical Issues in Child Psychopathology	4
PSYCH 513	Hormones, Brain, and Behavior	4
PSYCH 520	How We Read: The Science of Reading and Its Educational Implications	4
PSYCH 521	The Structure of Human Thought: Concepts, Language and Culture	4
PSYCH 525	Cognition in Health and Society	4
PSYCH 526	The Criminal Mind: Forensic and Psychobiological Perspectives	4
PSYCH 528	Cultural Psychology	4
PSYCH 532	Psychological Effects of the Internet	4

## CAPSTONE

Capstone courses allow students to explore current research in psychology in a seminar setting. **One course** is required:

Code	Title	Credits
PSYCH 601	Current Topics in Psychology (many separate topics each semester)	3
PSYCH 602	Intermediate Statistics for Psychology	3
PSYCH 603	Epigenetics and the Brain	3
PSYCH 606	Hormones and Behavior	3
PSYCH 607	Introduction to Psychotherapy	3
PSYCH 612	Neuropharmacology	3

## ELECTIVES

In addition to completion of the courses required above, students must complete at least **3 additional credits** in PSYCH (<https://guide.wisc.edu/courses/psych/>) in courses numbered **300 and above**. Students may complete any additional PSYCH course(s), including courses from: the Breadth, Depth, or Capstone areas, or directed/independent study and mentored research.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all PSYCH and major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence<sup>3</sup>
- 15 credits in PSYCH, taken on the UW-Madison campus

## HONORS IN THE MAJOR

Students who are declared psychology majors may opt to pursue Honors in the Major. Honors in the Major is especially appropriate for students who want more in-depth exposure and experiences in psychology courses, as well as substantive research involvement in the Department. Honors in the Major also provides opportunities to develop leadership, writing, and critical thinking skills beneficial to a wide range of graduate programs and career choices.

Students must have a minimum GPA of 3.3 within the Psychology major as well as minimum GPA of 3.3 overall, and have met with a Psychology Advisor regarding Honors in the Major in order to declare their intent to complete Honors in the Major in Psychology.

Please refer to the Department website for instructions on how to declare intent to complete honors in the major (<https://psych.wisc.edu/undergraduate-program/major/#honors-in-the-major>).

## HONORS IN THE PSYCHOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Psychology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all PSYCH and major courses
- Complete the following courses with Honors and a grade of B or higher:
  - PSYCH 380 (Junior year) or two semesters of PSYCH 686 Senior Thesis Seminar in Psychology (requires Fall and Spring enrollment)
  - Three Psychology Breadth and/or Depth courses OR Two Psychology Breadth and/or Depth courses and one of the following: PSYCH 210 Basic Statistics for Psychology or PSYCH 225 Research Methods
  - A two-semester Senior Honors Thesis in PSYCH 681 and PSYCH 682 for a total of 6 credits.

## FOOTNOTES

- <sup>1</sup> Equivalent may include credit awarded by appropriate scores on AP, IB, or A-level exams or transfer credit.
- <sup>2</sup> A score of 4 or better on the IB Biology exam, or a score of 4 or 5 on the AP Biology exam will satisfy the Introductory Biology requirement.
- <sup>3</sup> PSYCH 300–699 are upper-level in the major.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Gain an appreciation for the contributions that psychology is making to our understanding of human and animal behavior.
2. Learn to analyze and construct arguments, define and solve problems, and understand and apply scientific reasoning.
3. Learn to communicate their ideas in a clear, organized, and compelling way.
4. Gain a specific understanding of how to use data and research methodology in their critical thinking.
5. Acquire an appreciation of and respect for individual differences and diversity of experiences and background.
6. Acquire the statistical and research skills used in the behavioral sciences.
7. Have the opportunity to evaluate the diverse professional opportunities in psychology.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits
Communication A	3 Psych Breadth Course	3
Quantitative Reasoning A	3 ZOOLOGY/ BIOLOGY 101 <sup>1</sup>	3
Foreign Language (if required)	3 Ethnic Studies	3
PSYCH 202	3-4 Literature Breadth	3
Physical Science Breadth	3 Electives	3
	<b>15</b>	<b>15</b>

**Second Year**

Fall	Credits Spring	Credits
Psych Breadth Course	3 PSYCH 210 (satisfies QR-B) <sup>2</sup>	3
Literature Breadth course	3 INTER-LS 210 (optional)	1
Physical Science Breadth (if needed)	3 Psych Breadth Course	3
Electives	6 Humanities Breadth Electives	3 5
<b>15</b>		<b>15</b>

**Third Year**

Fall	Credits Spring	Credits
PSYCH 225 (satisfies Com-B)	4 Psych Depth Course (may be taken in Fourth Year)	4
Humanities Breadth	3 Psych Elective (3 PSYCH elective credits needed)	3
I/A Comp Sci, Math, or Stats (if needed for the BS)	3 Electives	8
Electives	5	
<b>15</b>		<b>15</b>

**Fourth Year**

Fall	Credits Spring	Credits

Psych Capstone (Fall or Spring)	3	
I/A Comp Sci, Math, or Stats (if required for the BS)	3	
Electives	5	
<b>15</b>		<b>15</b>

**Total Credits 120**

<sup>1</sup> Other courses satisfy the Biology requirement for this major. Consult the Requirements page and adjust your plan accordingly.

<sup>2</sup> Or accepted Statistics course (STAT 324 or STAT 371); We recommend a Psych Breadth course before completing the statistics requirement.

For more information about psychology advising visit [psych.wisc.edu](http://psych.wisc.edu) (<http://psych.wisc.edu/>) → undergraduate program → academic advising.

**Are you a prospective student?** The Department of Psychology welcomes prospective students to attend our Information Sessions held throughout the year. Please visit the Office of Admissions' Visit Bucky website (<https://www.admissions.wisc.edu/visitbucky/>) for information on dates and times of our Psychology Major Information Sessions.

**CAREERS**

Students who major in Psychology enter a wide variety of careers, both with and without education beyond a Bachelor's degree. The American Psychological Association (APA) with the Center for Workforce Studies (CWS) has recent statistics on What do you do with a Psychology degree? CWS Data Tool: Careers in Psychology (<https://www.apa.org/workforce/data-tools/careers-psychology/>).

There are several campus resources to guide students in their career search. Undecided students who are unsure about their desired major/career are encouraged to visit the Career Exploration Center (<https://cec.ccas.wisc.edu/>). The SuccessWorks at the College of Letters & Science (<https://successworks.wisc.edu/>) offers a variety of opportunities ranging from career assessment, resume writing, interviewing techniques, internships, graduate school, and more. Additionally, the Department of Psychology offers career support and resources (<https://psych.wisc.edu/undergraduate-program/career-exploration/>) for current students who have declared a psychology major.

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students

**ADVISING AND CAREERS****ADVISING AND CAREERS****ADVISING**

**All current UW-Madison undergraduate students interested in the psychology major are welcome to schedule an academic advising appointment with a psychology advisor.**

Advising appointments can be made through the Starfish scheduling tool. Please visit [psych.wisc.edu](http://psych.wisc.edu) (<http://psych.wisc.edu/>) → undergraduate program → academic advising → schedule an advising appointment.

- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## RELIGIOUS STUDIES

Religious studies is an academic discipline that looks at religious phenomena worldwide from a variety of angles in order to understand the many roles that religion plays in human life. To this end, students of religion learn to use a variety of theoretical analyses and methods. These include historical methods to understand how religions develop in time; critical literary methods to understand religious ideas; aesthetic methods to understand religious art and material culture; social-scientific methods to understand the relationship between religion, society and culture. Religious studies can also engage a variety of professional disciplines in analysis of how religion functions in economic, educational or political contexts, healthcare and scientific research, to name some examples.

Some ways of studying religion emphasize understanding religions on their own terms, other ways use comparative methods to discern differences and similarities between religions. Students of religion also study ways that people use religious resources to make meaning outside the boundaries of religious institutions and identities. Above all, the field of religious studies requires a willingness to explore different ways of interpreting human life and diligent effort to develop understanding of how religious ideas, symbols, rituals and spaces serve as resources for people in a variety of contexts as they make sense of and live out their lives in the world. Thus, religious studies provides important preparation for thinking, communicating and functioning professionally and personally in a complex, multidimensional world.

### COURSES

Because religious studies is an interdisciplinary program drawing upon many departments, some courses may have prerequisites in their home departments that must be fulfilled even though the prerequisites themselves have no bearing on progress within the religious studies major. Students are responsible for ensuring that they have met all the prerequisites to enter a course before they enroll in it. The current list of courses can be found in the Religious Studies course list page ([http://guide.wisc.edu/courses/relig\\_st/](http://guide.wisc.edu/courses/relig_st/)) in the *Guide*.

## RELIGIOUS STUDIES, BA

Religious studies is an academic discipline that looks at religious phenomena worldwide from a variety of angles in order to understand the many roles that religion plays in human life. To this end, students of religion learn to use a variety of theoretical analyses and methods. These include historical methods to understand how religions develop in time; critical literary methods to understand religious ideas; aesthetic methods to understand religious art and material culture; social-scientific methods to understand the relationship between religion, society and culture. Religious studies can also engage a variety of professional disciplines in analysis of how religion functions in economic, educational or political contexts, healthcare and scientific research, to name some examples.

Some ways of studying religion emphasize understanding religions on their own terms, other ways use comparative methods to discern differences and similarities between religions. Students of religion also study ways that people use religious resources to make meaning outside the boundaries of religious institutions and identities. Above all, the field of religious studies requires a willingness to explore different ways of interpreting human life and diligent effort to develop understanding of how religious ideas, symbols, rituals and spaces serve as resources for people in a variety of contexts as they make sense of and live out their lives in the world. Thus, religious studies provides important preparation for thinking, communicating and functioning professionally and personally in a complex, multidimensional world.

## COURSES

Because religious studies is an interdisciplinary program drawing upon many departments, some courses may have prerequisites in their home departments that must be fulfilled even though the prerequisites themselves have no bearing on progress within the religious studies major. Students are responsible for ensuring that they have met all the prerequisites to enter a course before they enroll in it. The current list of courses can be found in the Religious Studies course list page ([http://guide.wisc.edu/courses/relig\\_st/](http://guide.wisc.edu/courses/relig_st/)) in the *Guide*.

## HOW TO GET IN

### HOW TO GET IN

Students who wish to declare their intention to major in religious studies must meet with the undergraduate advisor during regular office hours or by making an appointment. Students are encouraged to do this early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning, or study abroad opportunities in associate with the major or certificate.

Students declared in the Religious Studies certificate may not be declared in the Religious Studies major at the same time. Students who do wish to declare this major must first cancel their declaration in the certificate.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

### BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

Language	<ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul>
----------	--

LS Breadth	<ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include 6 credits of literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul>
------------	--

Liberal Arts and Science Coursework	Complete at least 108 credits.
-------------------------------------	--------------------------------

Depth of Intermediate/Advanced work	Complete at least 60 credits at the intermediate or advanced level.
-------------------------------------	---

Major	Declare and complete at least one major.
-------	--

Total Credits	Complete at least 120 credits.
---------------	--------------------------------

UW-Madison Experience	<ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
-----------------------	---

Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>
-----------------	--

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

Students must complete 30 credits in Religious Studies course work, to include:

Code	Title	Credits
<b>Gateway (Complete one course:)</b>		<b>3</b>
RELIG ST 101	Religion in Global Perspective	
RELIG ST 102	Exploring Religion in Sickness and Health	
RELIG ST 103	Exploring Religion and Sexuality

<b>Electives: Any course from RELIG ST 100 through 699</b>		<b>9</b>
<b>Total Credits</b>		<b>30</b>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all RELIG ST and major courses
- 2.000 GPA on 15 Upper-Level credits for the major, taken in residence<sup>1</sup>
- 15 credits in RELIG ST or the major, taken on campus

<sup>1</sup> Courses counting as upper-level in the major are any RELIG ST courses at the Intermediate or Advanced level.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Religious Studies undergraduate advisor.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and these additional requirements:

- Minimum 3.300 University GPA
- Minimum 3.500 GPA in all RELIG ST and all major courses
- Complete 12 credits, taken for Honors, with individual grades of B or better, to include:
  - RELIG ST 600
  - RELIG ST 681 and RELIG ST 682 for at least 6 credits.

- 3 additional credits of Intermediate or Advanced level RELIG ST and major courses

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Proficiency in close reading, interpretation, and written and oral analysis.
2. Proficiency in accessing, appraising, and utilizing a variety of resources and methods for research across disciplinary lines.
3. Proficiency in categorizing, analyzing and comparing diverse systems of value and belief in a variety of contexts.
4. Global and local religious literacy; identifying, evaluating, and interpreting the interrelationships and impact of religious worldviews and communities in Wisconsin, the United States and globally.
5. Ability to conduct and present sustained research on primary sources using methodologies/analysis of religious studies culminating in the senior capstone project.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

**First Year**

Fall	Credits Spring	Credits
RELIG ST 101, 102, 103, 104, or 105	3 RELIG ST course meeting Literature Breadth <sup>1</sup>	3
Communication A	3 RELIG ST elective	3
Quantitative Reasoning A	3-4 Biological Science Breadth	3

Electives	4	
	<b>13</b>	<b>15</b>

**Total Credits 120**

<sup>1</sup> Consult the Course Search & Enroll tool for a comprehensive list of RELIG ST courses designated for Literature Breadth.

**ADVISING AND CAREERS****ADVISING AND CAREERS****ADVISING**

Dr. Corrie Norman is the undergraduate advisor and Honors in the Major advisor. Contact her by email at [cenorman@wisc.edu](mailto:cenorman@wisc.edu) to meet with her. Students are encouraged to meet with Dr. Norman early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning or study abroad opportunities in associate with the major or certificate.

**CAREERS**

Religious studies engages a variety of professional disciplines and provides important preparation for thinking, communicating, and functioning professionally in a complex, multi-dimensional world.

Religious studies sponsors workshops and other career exploration vehicles, often in collaboration with SuccessWorks at the College of Letters & Science, to aid students in articulating the value of religious studies for their career preparation. Student-developed capstone projects in religious studies often make specific connections to experiential learning and career preparation in a range of fields. Talk with Dr. Norman about possibilities for combining internships and other forms of preprofessional training with the major and certificate.

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## RELIGIOUS STUDIES, BS

Religious studies is an academic discipline that looks at religious phenomena worldwide from a variety of angles in order to understand the many roles that religion plays in human life. To this end, students of religion learn to use a variety of theoretical analyses and methods. These include historical methods to understand how religions develop in time; critical literary methods to understand religious ideas; aesthetic methods to understand religious art and material culture; social-scientific methods to understand the relationship between religion, society and culture.

Religious studies can also engage a variety of professional disciplines in analysis of how religion functions in economic, educational or political contexts, healthcare and scientific research, to name some examples.

Some ways of studying religion emphasize understanding religions on their own terms, other ways use comparative methods to discern differences and similarities between religions. Students of religion also study ways that people use religious resources to make meaning outside the boundaries of religious institutions and identities. Above all, the field of religious studies requires a willingness to explore different ways of interpreting human life and diligent effort to develop understanding of how religious ideas, symbols, rituals and spaces serve as resources for people in a variety of contexts as they make sense of and live out their lives in the world. Thus, religious studies provides important preparation for thinking,

communicating and functioning professionally and personally in a complex, multidimensional world.

## COURSES

Because religious studies is an interdisciplinary program drawing upon many departments, some courses may have prerequisites in their home departments that must be fulfilled even though the prerequisites themselves have no bearing on progress within the religious studies major. Students are responsible for ensuring that they have met all the prerequisites to enter a course before they enroll in it. The current list of courses can be found in the Religious Studies course list page ([http://guide.wisc.edu/courses/relig\\_st/](http://guide.wisc.edu/courses/relig_st/)) in the *Guide*.

## HOW TO GET IN

### HOW TO GET IN

Students who wish to declare their intention to major in religious studies must meet with the undergraduate advisor during regular office hours or by making an appointment. Students are encouraged to do this early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning, or study abroad opportunities in associate with the major or certificate.

Students declared in the Religious Studies certificate may not be declared in the Religious Studies major at the same time. Students who do wish to declare this major must first cancel their declaration in the certificate.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW-Madison
- 2.000 in Intermediate/Advanced level coursework at UW-Madison

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

Students must complete 30 credits in Religious Studies coursework, to include:

Code	Title	Credits
<b>Gateway (Complete one course:)</b>		
RELIG ST 101	Religion in Global Perspective	3
RELIG ST 102	Exploring Religion in Sickness and Health

<b>Electives: Any course from RELIG ST 100 through 699</b> 9	
<b>Total Credits</b> 30	

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all RELIG ST and major courses
- 2.000 GPA on 15 Upper-Level credits for the major, taken in residence<sup>1</sup>
- 15 credits in RELIG ST or the major, taken on campus

<sup>1</sup> Courses counting as upper-level in the major are any RELIG ST courses at the Intermediate or Advanced level.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Religious Studies undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and these additional requirements:

- Minimum 3.300 University GPA
- Minimum 3.500 GPA in all RELIG ST and all major courses
- Complete 12 credits, taken for Honors, with individual grades of B or better, to include:
  - RELIG ST 600
  - RELIG ST 681 and RELIG ST 682 for at least 6 credits.
  - 3 additional credits of Intermediate or Advanced level RELIG ST and major courses

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Proficiency in close reading, interpretation, and written and oral analysis.
2. Proficiency in accessing, appraising, and utilizing a variety of resources and methods for research across disciplinary lines.
3. Proficiency in categorizing, analyzing and comparing diverse systems of value and belief in a variety of contexts.
4. Global and local religious literacy; identifying, evaluating, and interpreting the interrelationships and impact of religious worldviews and communities in Wisconsin, the United States and globally.
5. Ability to conduct and present sustained research on primary sources using methodologies/analysis of religious studies culminating in the senior capstone project.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

Dr. Corrie Norman is the undergraduate advisor and Honors in the Major advisor. Contact her by email at [cenorman@wisc.edu](mailto:cenorman@wisc.edu) to meet with her. Students are encouraged to meet with Dr. Norman early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning or study abroad opportunities in associate with the major or certificate.

#### CAREERS

Religious studies engages a variety of professional disciplines and provides important preparation for thinking, communicating, and functioning professionally in a complex, multi-dimensional world.

Religious studies sponsors workshops and other career exploration vehicles, often in collaboration with SuccessWorks at the College of Letters & Science, to aid students in articulating the value of religious studies for their career preparation. Student-developed capstone projects in religious studies often make specific connections to experiential learning and career preparation in a range of fields. Talk with Dr. Norman about possibilities for combining internships and other forms of preprofessional training with the major and certificate.

#### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and

other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## RELIGIOUS STUDIES, CERTIFICATE

Religious studies is an academic discipline that looks at religious phenomena worldwide from a variety of angles in order to understand the many roles that religion plays in human life. To this end, students of religion learn to use a variety of theoretical analyses and methods. These include historical methods to understand how religions develop in time; critical literary methods to understand religious ideas; aesthetic methods to understand religious art and material culture; social-scientific methods to understand the relationship between religion, society and culture. Religious studies can also engage a variety of professional disciplines in analysis of how religion functions in economic, educational or political contexts, healthcare and scientific research, to name some examples.

Some ways of studying religion emphasize understanding religions on their own terms, other ways use comparative methods to discern differences and similarities between religions. Students of religion also study ways that people use religious resources to make meaning outside the boundaries of religious institutions and identities. Above all, the field of religious studies requires a willingness to explore different ways of interpreting human life and diligent effort to develop understanding of how religious ideas, symbols, rituals and spaces serve as resources for people in a variety of contexts as they make sense of and live out their lives in the world. Thus, religious studies provides important preparation for thinking, communicating and functioning professionally and personally in a complex, multidimensional world.

## COURSES

Because religious studies is an interdisciplinary program drawing upon many departments, some courses may have prerequisites in their home departments that must be fulfilled even though the prerequisites themselves have no bearing on progress within the religious studies major. Students are responsible for ensuring that they have met all the prerequisites to enter a course before they enroll in it. The current list of courses can be found in the Religious Studies course list page ([http://guide.wisc.edu/courses/relig\\_st/](http://guide.wisc.edu/courses/relig_st/)) in the *Guide*.

## HOW TO GET IN

### HOW TO GET IN

A certificate in religious studies is available to all undergraduates and special students studying at UW-Madison.

Students who wish to declare their intention to major or earn a certificate in religious studies must meet with the undergraduate advisor during regular office hours or by making an appointment. Students are encouraged to do this early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning, or study abroad opportunities in associate with the major or certificate.

Dr. Corrie Norman is the undergraduate advisor and Honors in the Major advisor. Contact her by email at [cenorman@wisc.edu](mailto:cenorman@wisc.edu).

Students pursuing the Religious Studies Certificate may not be declared in the Religious Studies major at the same time. Students who do wish to declare this major must first cancel their declaration in the Religious Studies Certificate.

## REQUIREMENTS

### REQUIREMENTS

To earn the certificate, students must complete 15 credits from:

Code	Title	Credits
Gateway Courses, Select one of the following:		3
RELIG ST 101	Religion in Global Perspective	
RELIG ST 102	Exploring Religion in Sickness and Health	
RELIG ST 103	Exploring Religion and Sexuality	
RELIG ST/ FOLKLORE 104	Sacred Places and Journeys	
RELIG ST 105	Religion and Popular Culture-Local and Global	
Capstone Course:		
RELIG ST 600	Religion in Critical Perspective	3
Additional Courses:		9
Select an additional 9 credits in RELIG ST courses to bring total credits to at least 15 credits. To view additional courses, follow the link below to the Religious Studies course list page in the Guide.		
Religious Studies course offerings ( <a href="http://guide.wisc.edu/courses/relig_st/">http://guide.wisc.edu/courses/relig_st/</a> )		
<b>Total Credits</b>		<b>15</b>

### RESIDENCE & QUALITY OF WORK

- Minimum 2.000 GPA in all RELIG ST and certificate courses.
- At least 9 credits for the certificate must be earned in residence.

### UNDERGRADUATE/SPECIAL STUDENT CERTIFICATES

This certificate is intended to be completed in the context of an undergraduate degree and for those seeking this certificate that is preferred. For students who have substantially completed this certificate at UW-Madison and may need one or two courses to complete the certificate, they may do so immediately after completion of the bachelor's degree by enrolling in the course as a University Special (nondegree) student. The certificate must be completed within a year of completion of the bachelor's degree. Students should keep in mind that University Special students have the last registration priority and that may limit availability of desired courses. Financial aid is not available when enrolled as a University Special student to complete an undergraduate certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Proficiency in close reading, interpretation, and written and oral analysis.

2. Proficiency in accessing, appraising, and utilizing a variety of resources and methods for research across disciplinary lines.
3. Proficiency in categorizing, analyzing and comparing diverse systems of value and belief in a variety of contexts.
4. Global and local religious literacy; identifying, evaluating, and interpreting the interrelationships and impact of religious worldviews and communities in Wisconsin, the United States and globally.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

Dr. Corrie Norman is the undergraduate advisor and Honors in the Major advisor. Contact her by email at [cenorman@wisc.edu](mailto:cenorman@wisc.edu) to meet with her. Students are encouraged to meet with Dr. Norman early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning or study abroad opportunities in associate with the major or certificate.

#### CAREERS

Religious studies engages a variety of professional disciplines and provides important preparation for thinking, communicating, and functioning professionally in a complex, multi-dimensional world.

Religious studies sponsors workshops and other career exploration vehicles, often in collaboration with SuccessWorks at the College of Letters & Science, to aid students in articulating the value of religious studies for their career preparation. Student-developed capstone projects in religious studies often make specific connections to experiential learning and career preparation in a range of fields. ## SANDRA ROSENBAUM SCHOOL OF SOCIAL WORK

Social work's special contribution rests on an established body of knowledge, values and skills pertinent to understanding human relationships and the interaction between people as individuals, in families, groups, organizations, and communities.

Undergraduates in the Sandra Rosenbaum School of Social Work receive a liberal arts education in the social and behavioral sciences and their application to human problems that prepares them to be informed citizens involved in human services or social welfare problems and policies. Students take courses in a variety of social sciences to enable them to view social welfare in its broad social, economic, and political contexts.

Social work courses offer a theoretical understanding of social problems and an introduction to practice methods used by social workers. The curriculum covers areas such as aging, family and child welfare, poverty, mental health, developmental disabilities, substance use disorders,

diversity, race and ethnicity, criminal justice, oppression and social, economic and environmental justice, and at-risk populations.

## MISSION

The mission of the UW-Madison Sandra Rosenbaum School of Social Work is to enhance human well-being and promote human rights and social and economic justice to achieve an equitable, healthy, and productive society. The school aims to:

- Create, advance, strengthen, and integrate interdisciplinary knowledge for students and the profession through research, scholarship, teaching, and practice.
- Educate students to become highly skilled, culturally competent, and ethical practitioners who will provide effective leadership for the profession of social work within the State of Wisconsin, nationally, and internationally.
- Promote change at levels ranging from the individual to national and international policy, including empowering communities and populations that are disadvantaged and developing humane service delivery systems.
- Create and disseminate knowledge regarding the prevention and amelioration of social problems.

## UNDERGRADUATE DEGREE PROGRAMS

The Sandra Rosenbaum School of Social Work offers a **bachelor of social work (BSW)** degree or a **bachelor of arts (BA)** or **bachelor of science (BS)** degree with a major in social welfare. All three prepare students for further academic study or for employment in selected human service arenas. The BSW prepares students as beginning-level professional social workers. The social welfare major offers an overview of current social problems.

## DEGREES/MAJORS/CERTIFICATES

### DEGREES/MAJORS/ CERTIFICATES

- Social Welfare, BA (p. 1346)
- Social Welfare, BS (p. 1353)
- Social Work, BSW (p. 1361)

## PEOPLE

### PEOPLE

**Professors:** Lawrence M. Berger, MSW, PhD; Marah H. Curtis, MSW, PhD; Katherine Magnuson, PhD; Stephanie A. Robert, MSW, PhD (School Director)

**Associate Professors:** Lauren Bishop, PhD; Tally Moses, MSW, PhD; Tova Walsh, MSW, PhD; Marci Ybarra, MSW, PhD

**Assistant Professors:** Pajarita Charles, MPA, MSW, PhD; Lara Gerassi, MSW, PhD; LB Klein, MSW, PhD; Jooyoung Kong, MSW, PhD; Jessica Pac, PhD; Alejandra Ros Pilarz, PhD; Tawandra Rowell-Cunsolo, PhD

**Clinical Professors:** Audrey Conn, MSSW, APSW; Ellen Smith, MSSW

**Clinical Associate Professors:** Laura Dresser, MSW, PhD; Alice Egan, MSSW, APSW; Amanda Ngola, MSW, LCSW; Lynette Studer, MSSW, PhD; Angela Willits, MSW, LCSW

**Clinical Assistant Professors:** Jaime Goldberg, MSW, LCSW, PhD; Amanda Zuehlke, MSW, LCSW

A complete list of all faculty and staff in the school is available on the School of Social Work Directory (<https://socwork.wisc.edu/directory/>).

## SOCIAL WELFARE, BA

The Sandra Rosenbaum School of Social Work core mission is to enhance human well-being and promote human rights and social and economic justice for people who are disadvantaged to achieve an equitable, healthy, and productive society. Cultural humility, anti-oppressive practice, and social justice are values central to the profession of social work and our school. Social work seeks to actively confront racism.

Undergraduates in the Sandra Rosenbaum School of Social Work receive a liberal arts education in the social and behavioral sciences and their application to human problems that prepares them to be informed citizens involved in human services or social welfare problems and policies. Students majoring in social welfare leverage their understanding of the historical context of social work and the systems and policies that underlie our society and learn strategies to address social, racial, economic, and environmental justice and political contexts. Students take courses in a variety of social sciences to enable them to view social welfare in its broad social, economic, and political contexts. The social welfare major offers an overview of current social problems and prepares students for further academic study or for employment in selected human service arenas.

Social work's special contribution rests on an established body of knowledge, values, and skills pertinent to understanding human relationships and the interaction between people as individuals, in families, groups, organizations, and communities. Social work courses offer a theoretical understanding of social problems and an introduction to practice methods used by social workers. The curriculum covers areas such as aging, family and child welfare, poverty, mental health, developmental disabilities, substance use disorders, diversity, race and ethnicity, criminal justice, oppression and social, economic and environmental justice, and at-risk populations.

Graduates of the Social Welfare major go on to work at non-profit organizations and federal, state, and local governments. Many alums go on to complete graduate degrees in Social Work, Counseling, Sociology, Psychology, Gender and Women's Studies, and Law, among other degrees in the social sciences and beyond.

The School's main undergraduate Guide page (<https://guide.wisc.edu/undergraduate/letters-science/social-work/>) provides a broader overview of the School and its mission.

## CERTIFICATE PROGRAMS

Students in the social welfare major and BSW program often choose from a variety of certificate programs (<https://www.wisc.edu/academics/certificates/>) available. Common certificates include African American Studies, American Indian Studies, Business, Chicano/a and Latino/a Studies, Criminal Justice Certificate, Gender & Women Studies, Global

Health, LGBTQ Studies, South Asian Studies, and South East Asian Studies, among others.

## HOW TO GET IN

### HOW TO GET IN

Students can declare the social welfare major as early as the freshman year as long as they are enrolled in SOC WORK 205 and/or SOC WORK 206. To declare the major, students should make an appointment (<https://socwork.wisc.edu/students/advising/>) and meet with one of the social welfare academic advisors at the School of Social Work.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

## BACHELOR OF ARTS DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

**Language**

- Complete the fourth unit of a language other than English; OR
- Complete the third unit of a language and the second unit of an additional language other than English.

**LS Breadth**

- 12 credits of Humanities, which must include 6 credits of literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced work** Complete at least 60 credits at the intermediate or advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience**

- 30 credits in residence, overall; and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2,000 in all coursework at UW-Madison
- 2,000 in Intermediate/Advanced level coursework at UW-Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

Complete a minimum of 32 credits, to be attained via the requirements detailed below.

### SOCIAL WELFARE POLICY & SERVICES

Code	Title	Credits
<b>Complete both:</b>		
SOC WORK 205	Introduction to the Field of Social Work	4
SOC WORK 206	Introduction to Social Policy	4

SOC WORK 661	Topics in Contemporary Social Welfare	2-3
SOC WORK 662	Topics in Contemporary Social Welfare	2-3
SOC WORK 663	Topics in Contemporary Social Welfare	2-3
SOC WORK 664	Topics in Contemporary Social Welfare	3
SOC WORK 665	Topics in Contemporary Social Welfare	2-3
SOC WORK 672	Topics in Contemporary Social Welfare	2-3
SOC WORK 673	Topics in Contemporary Social Welfare	2-3
SOC WORK 674	Topics in Contemporary Social Welfare	2-3
SOC WORK 675	Topics in Contemporary Social Welfare	2-3
SOC WORK 676	Topics in Contemporary Social Welfare	2-3
SOC WORK 679	Topics in Contemporary Social Welfare	2-3
SOC WORK 691	Senior Thesis <sup>2</sup>	2
SOC WORK 692	Senior Thesis <sup>2</sup>	2
SOC WORK 699	Directed Study <sup>2,3</sup>	2-3

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all SOC WORK and all major courses
- 2.000 GPA on 15 upper-level major credits taken in residence<sup>4</sup>
- 15 credits in SOC WORK, taken on the UW-Madison campus

## FOOTNOTES

- <sup>1</sup> Social Science Concentration courses listed are a selected list of eligible courses. Consult with a Social Work advisor for other exceptions or additions to the list.
- <sup>2</sup> Students with an interest in a particular area of study may develop a plan of independent work with the assistance of an interested Social Work faculty member. They may obtain information about instructors and their areas of interest from the School of Social Work website. Consent of instructor is required for the noted course offerings in independent work.
- <sup>3</sup> No more than 3 credits of SOC WORK 699 may be used to meet this requirement.

<sup>4</sup> PSYCH 225, SOC/C&E SOC 357, STAT 301, STAT 371, PSYCH 210, and SOC/C&E SOC 360, and all SOC WORK courses designated as Intermediate or Advanced level count as upper-level in the major.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

Social Welfare majors are encouraged to gain social service experience through volunteer work. See the Social Work advisors or contact the Morgridge Center for Public Service (<http://www.morgridge.wisc.edu/>), 263-2432, for information on volunteering.

Students wishing to apply to the Bachelor of Social Work (BSW) program must do so in spring of Junior year.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Identify the historical foundations of the US social welfare system and the social work profession
2. Recognize human differences and how social welfare systems interact with these differences to shape opportunities and outcomes for individuals, groups, and communities.
3. Demonstrate an ability to critically evaluate research with respect to its relevance, quality, and utility for addressing social welfare issues.
4. Synthesize and communicate knowledge relevant to social welfare issues.
5. Practice self-awareness of one's values, beliefs, and biases regarding the causes and consequences of social welfare issues.
6. Connect awareness of self, systems and social welfare knowledge to promote human dignity and justice.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

Electives (Intermediate/ Advanced level)	3-4 Electives (Intermediate/ Advanced level)	3-4
Electives (Intermediate/ Advanced level)	3-4 Electives (Intermediate/ Advanced level)	3-4
Electives (Intermediate/ Advanced level)	3-4 Electives (Intermediate/ Advanced level)	3-4
<b>15</b>		<b>15</b>

**Total Credits 120**

- <sup>1</sup> Note: SOC WORK 100 is a pre-major elective course that can be taken in the first year, if offered; it is not required for the major.
- <sup>2</sup> Take two Intermediate or Advanced level courses from one of the following social science departments: African American Studies, American Indian and Indigenous Studies, Anthropology, Asian American Studies, Chicana/o and Latina/o Studies, Economics, Gender and Women's Studies, Political Science, Psychology, Sociology.
- <sup>3</sup> SOC WORK 650 is often available in the summer. Check with an Advisor for course availability and how summer courses might fit into your schedule.

**ADVISING AND CAREERS****ADVISING AND CAREERS**

Students interested in either the social welfare major or bachelor of social work meet with the social work advisors to discuss degree requirements; explore career paths; declare the major; and confer on student issues and concerns. Advisors are an excellent resource for information about campus and community services. Students should see an advisor at least once each semester to review academic progress. Advising appointments are made through the school's website (<https://socwork.wisc.edu/students/advising/#advising-appointments>). Social work faculty members are available for advice about coursework, research, and the social work profession in general.

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)

- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

**PEOPLE****PEOPLE**

**Professors:** Lawrence M. Berger, MSW, PhD; Marah H. Curtis, MSW, PhD; Katherine Magnuson, PhD; Stephanie A. Robert, MSW, PhD (School Director)

**Associate Professors:** Lauren Bishop, PhD; Tally Moses, MSW, PhD; Tova Walsh, MSW, PhD; Marci Ybarra, MSW, PhD

**Assistant Professors:** Pajarita Charles, MPA, MSW, PhD; Lara Gerassi, MSW, PhD; LB Klein, MSW, PhD; Jooyoung Kong, MSW, PhD; Jessica Pac, PhD; Alejandra Ros Pilarz, PhD; Tawandra Rowell-Cunsolo, PhD

**Clinical Professors:** Audrey Conn, MSSW, APSW; Ellen Smith, MSSW

**Clinical Associate Professors:** Laura Dresser, MSW, PhD; Alice Egan, MSSW, APSW; Amanda Ngola, MSW, LCSW; Lynette Studer, MSSW, PhD; Angela Willits, MSW, LCSW

**Clinical Assistant Professors:** Jaime Goldberg, MSW, LCSW, PhD; Amanda Zuehlke, MSW, LCSW

A complete list of all faculty and staff in the school is available on the School of Social Work Directory (<https://socwork.wisc.edu/directory/>).

**SOCIAL WELFARE, BS**

The Sandra Rosenbaum School of Social Work core mission is to enhance human well-being and promote human rights and social and economic justice for people who are disadvantaged to achieve an equitable, healthy, and productive society. Cultural humility, anti-oppressive practice, and social justice are values central to the profession of social work and our school. Social work seeks to actively confront racism.

Undergraduates in the Sandra Rosenbaum School of Social Work receive a liberal arts education in the social and behavioral sciences and their application to human problems that prepares them to be informed citizens involved in human services or social welfare problems and policies. Students majoring in social welfare leverage their understanding of the historical context of social work and the systems and policies that underlie our society and learn strategies to address social, racial, economic, and environmental justice and political contexts. Students take courses in a variety of social sciences to enable them to view social welfare in its broad social, economic, and political contexts. The social welfare major offers an overview of current social problems and prepares students for further academic study or for employment in selected human service arenas.

Social work's special contribution rests on an established body of knowledge, values, and skills pertinent to understanding human relationships and the interaction between people as individuals, in families,

groups, organizations, and communities. Social work courses offer a theoretical understanding of social problems and an introduction to practice methods used by social workers. The curriculum covers areas such as aging, family and child welfare, poverty, mental health, developmental disabilities, substance use disorders, diversity, race and ethnicity, criminal justice, oppression and social, economic and environmental justice, and at-risk populations.

Graduates of the Social Welfare major go on to work at non-profit organizations and federal, state, and local governments. Many alums go on to complete graduate degrees in Social Work, Counseling, Sociology, Psychology, Gender and Women's Studies, and Law, among other degrees in the social sciences and beyond.

The School's main undergraduate Guide page (<https://guide.wisc.edu/undergraduate/letters-science/social-work/>) provides a broader overview of the School and its mission.

## CERTIFICATE PROGRAMS

Students in the social welfare major and BSW program often choose from a variety of certificate programs (<https://www.wisc.edu/academics/certificates/>) available. Common certificates include African American Studies, American Indian Studies, Business, Chicano/a and Latino/a Studies, Criminal Justice Certificate, Gender & Women Studies, Global Health, LGBTQ Studies, South Asian Studies, and South East Asian Studies, among others.

## HOW TO GET IN

### HOW TO GET IN

Students can declare the social welfare major as early as the freshman year as long as they are enrolled in SOC WORK 205 and/or SOC WORK 206. To declare the major, students should make an appointment (<https://socwork.wisc.edu/students/advising/>) and meet with one of the social welfare academic advisors at the School of Social Work.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth—Humanities/Literature/Arts: 6 credits</li> <li>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth—Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

Mathematics	Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.
-------------	---

Language	Complete the third unit of a language other than English.
----------	---

LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.</li> </ul>
------------	---

Liberal Arts and Science Coursework	Complete at least 108 credits.
-------------------------------------	--------------------------------

Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
---	---

Major	Declare and complete at least one major.
-------	--

Total Credits	Complete at least 120 credits.
---------------	--------------------------------

UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
-----------------------	--

Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>
-----------------	--

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

Complete a minimum of 32 credits, to be attained via the requirements detailed below.

### SOCIAL WELFARE POLICY & SERVICES

Code	Title	Credits
<b>Complete both:</b>		
SOC WORK 205	Introduction to the Field of Social Work	4
SOC WORK 206	Introduction to Social Policy	4

### SOCIAL SCIENCE CONCENTRATION<sup>1</sup>

Complete two Intermediate or Advanced level courses from **one** of the following social science concentration areas available from ten departments:

#### African American Studies

Code	Title	Credits
AFROAMER 303	Blacks, Film, and Society	3
AFROAMER/ HISTORY 321	Afro-American History Since 1900	3-4

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all SOC WORK and all major courses
- 2.000 GPA on 15 upper-level major credits taken in residence<sup>4</sup>
- 15 credits in SOC WORK, taken on the UW–Madison campus

## FOOTNOTES

- <sup>1</sup> Social Science Concentration courses listed are a selected list of eligible courses. Consult with a Social Work advisor for other exceptions or additions to the list.
- <sup>2</sup> Students with an interest in a particular area of study may develop a plan of independent work with the assistance of an interested Social Work faculty member. They may obtain information about instructors and their areas of interest from the School of Social Work website. Consent of instructor is required for the noted course offerings in independent work.
- <sup>3</sup> No more than 3 credits of SOC WORK 699 may be used to meet this requirement.
- <sup>4</sup> PSYCH 225, SOC/C&E SOC 357, STAT 301, STAT 371, PSYCH 210, and SOC/C&E SOC 360, and all SOC WORK courses designated as Intermediate or Advanced level count as upper-level in the major.

## UNIVERSITY DEGREE REQUIREMENTS

Total Degree	To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.
Residency	Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.
Quality of Work	Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Identify the historical foundations of the US social welfare system and the social work profession
2. Recognize human differences and how social welfare systems interact with these differences to shape opportunities and outcomes for individuals, groups, and communities.
3. Demonstrate an ability to critically evaluate research with respect to its relevance, quality, and utility for addressing social welfare issues.

- Synthesize and communicate knowledge relevant to social welfare issues.
- Practice self-awareness of one's values, beliefs, and biases regarding the causes and consequences of social welfare issues.
- Connect awareness of self, systems and social welfare knowledge to promote human dignity and justice.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

Social Welfare majors are encouraged to gain social service experience through volunteer work. See the Social Work advisors or contact the Morgridge Center for Public Service (<http://www.morgridge.wisc.edu/>), 263-2432, for information on volunteering.

Students wishing to apply to the Bachelor of Social Work (BSW) program must do so in spring of Junior year.

<sup>1</sup> Note: SOC WORK 100 is a pre-major elective course that can be taken in the first year, if offered; it is not required for the major.

<sup>2</sup> Take two Intermediate or Advanced level courses from one of the following social science departments: African American Studies, American Indian and Indigenous Studies, Anthropology, Asian American Studies, Chicana/o and Latina/o Studies, Economics, Gender and Women's Studies, Political Science, Psychology, Sociology.

<sup>3</sup> SOC WORK 650 is often available in the summer. Check with an Advisor for course availability and how summer courses might fit into your schedule.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Students interested in either the social welfare major or bachelor of social work meet with the social work advisors to discuss degree requirements; explore career paths; declare the major; and confer on student issues and concerns. Advisors are an excellent resource for information about campus and community services. Students should see an advisor at least once each semester to review academic progress. Advising appointments are made through the school's website (<https://socwork.wisc.edu/students/advising/#advising-appointments>). Social work faculty members are available for advice about coursework, research, and the social work profession in general.

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps

students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

A complete list of all faculty and staff in the school is available on the School of Social Work Directory (<https://socwork.wisc.edu/directory/>).

## SOCIAL WORK, BSW

Undergraduates in the Sandra Rosenbaum School of Social Work receive a liberal arts education in the social and behavioral sciences and their

application to human problems that prepares them to be informed citizens involved in human services or social welfare problems and policies. Students take courses in a variety of social sciences to enable them to view social welfare in its broad social, economic, and political contexts. The Bachelor in Social Work (BSW) Program prepares students as beginning-level professional social workers.

Social work's special contribution rests on an established body of knowledge, values, and skills pertinent to understanding human relationships and the interaction between people as individuals, in families, groups, organizations, and communities. Social work courses offer a theoretical understanding of social problems and an introduction to practice methods used by social workers. The curriculum covers such areas as aging, family and child welfare, poverty, mental health, developmental disabilities, substance use disorders, diversity, race and ethnicity, criminal justice, oppression, and social, economic, and environmental justice, and at-risk populations.

## BSW PROGRAM MISSION AND GOALS

The School's main undergraduate Guide page (<https://guide.wisc.edu/undergraduate/letters-science/social-work/>) provides a broader overview of the School and its mission.

Guided by the core values of the social work profession and grounded in the generalist practice framework, the BSW program's mission is to provide social work education that will nurture competent, ethical entry-level social work professionals committed to scientific inquiry, evidence-based practice, respect for human diversity, the promotion of human and community well-being, human rights, and social, economic and environmental justice. Read more about the BSW Program Mission and Goals (<https://socwork.wisc.edu/about/mission/>).

## CERTIFICATE PROGRAMS

Students in the social welfare major and BSW program often choose from a variety of certificate programs (<https://www.wisc.edu/academics/certificates/>) available. Common certificates include African American Studies, American Indian Studies, Business, Chicano/a and Latino/a Studies, Criminal Justice Certificate, Gender & Women Studies, Global Health, LGBTQ Studies, South Asian Studies, and South East Asian Studies, among others.

## MSW ADVANCED STANDING

BSW students may be considered for advanced standing if they apply and are accepted to one of the MSW Programs. Advanced standing qualifies a student to exempt out of all or part of their generalist year. For more information, please refer to the Prospective Graduate Students page (<https://socwork.wisc.edu/students/prospective-graduate-students/>) on the School of Social Work website.

## HOW TO GET IN

### HOW TO GET IN

Students enter the Bachelor of Social Work program by first declaring the Social Welfare major (<https://guide.wisc.edu/undergraduate/letters-science/social-work/social-welfare-ba/#howtogetintext>). Later, if a student applies to and is accepted into the Bachelor of Social Work (BSW) program, their degree program is changed to BSW. In the late fall/early

spring of the junior year, students apply for admission to the BSW program for their senior year.

**Students in the BSW program must be in the College of Letters & Science.** Applicants may be enrolled in another School or College, but must transfer to Letters & Sciences if they are accepted into the BSW program and choose to pursue the degree.

## DECLARING THE SOCIAL WELFARE MAJOR

See the Social Welfare How to Get In (<https://guide.wisc.edu/undergraduate/letters-science/social-work/social-welfare-ba/#howtogetintext>) page for information about declaring the Social Welfare major. This must be done *prior to applying* to the BSW Program.

## ADMISSION TO THE BSW PROGRAM

In the spring of the junior year, students who meet the following eligibility criteria may apply for admission to the Bachelor of Social Work (BSW) program:

- SOC WORK 205 and SOC WORK 206 completed;
- Declared in the Social Welfare major;
- Statistics completed (or concurrent enrollment)<sup>1</sup>;
- Second-semester junior status (minimum of 71 credits completed); and
- Minimum of 2.500 cumulative GPA from all colleges attended<sup>2</sup>.

Admission to the Bachelor of Social Work program is based on assessment of the applicant's background, preparation and experience for practice in the field of social work. Approximately 45 students are admitted to the BSW program each year. Applicants must refer to the School of Social Work BSW Application website (<https://socwork.wisc.edu/admissions/bsw-application/>) to apply, for deadline information, and further application instructions.

## NOTES

<sup>1</sup> Refer to the Statistics and Research list in the Requirements tab for eligible statistics courses.

<sup>2</sup> Only grades from all post-secondary institutions that have transferred credits to UW-Madison are reviewed. The credits earned at UW-Madison and those transferred to UW-Madison will be computed into the minimum 2.500 GPA required for admission using the GPA calculation method found on the back of each institution's transcript. See admissions instructions (<https://socwork.wisc.edu/admissions/bsw-application/>) for more details about including transcripts.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin-Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed.

For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth—Humanities/Literature/Arts: 6 credits</li> <li>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth—Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SOCIAL WORK (BSW)

The Sandra Rosenbaum School of Social Work is a professional school within the College of Letters & Sciences (L&S). The College confers the BSW degree.

Students pursuing a Bachelor of Social Work degree in the College of Letters & Science must complete all of the requirements below. The BSW is a special degree program; it is not considered a major. The BSW degree is not available to students who intend to earn a degree outside the College of Letters & Science.

### BACHELOR OF SOCIAL WORK DEGREE REQUIREMENTS

**Mathematics** Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework. Students complete Quantitative Reasoning B within the requirements of the BSW degree program.

**Language** Complete either:

- the fourth unit of one language; or
- the complete the third unit of one language and the second unit of one additional language.

**Breadth in the Degree** Complete:

- 12 credits of Humanities, including at least 6 credits of Literature breadth; and
- 12 credits of Social Science breadth; and
- 12 credits of Natural Science breadth, which must include one 3+ credit course in Biological Science breadth and one 3+ credit course in Physical Science breadth.

**Ethnic Studies** Complete at least 6 credits of coursework with the Ethnic Studies designation.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

Depth of Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Gain admission to and complete the Bachelor of Social Work degree program.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW-Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW-Madison</li> </ul>

## REQUIREMENTS FOR THE PROGRAM

Complete a minimum of 47 credits, to be attained via the requirements detailed below.

### SOCIAL WELFARE POLICY & SERVICES

Code	Title	Credits
<b>Complete both:</b>		
SOC WORK 205	Introduction to the Field of Social Work	4
SOC WORK 206	Introduction to Social Policy	4

### SOCIAL SCIENCE CONCENTRATION<sup>1</sup>

Complete **two** Intermediate or Advanced level courses and **at least 6 total credits** from **one** of the following social science concentration areas:

#### African American Studies

Code	Title	Credits
AFROAMER 303	Blacks, Film, and Society	3
AFROAMER/HISTORY 321	Afro-American History Since 1900	3-4
AFROAMER/GEN&WS 323	Gender, Race and Class: Women in U.S. History	3
AFROAMER/GEN&WS 333	Black Feminisms	3
AFROAMER/HISTORY 347	The Caribbean and its Diasporas	3
AFROAMER/HISTORY 393	Slavery, Civil War, and Reconstruction, 1848-1877	3-4
AFROAMER/HIST SCI/MED HIST 523	Race, American Medicine and Public Health	3
AFROAMER/ED POL 567	History of African American Education	3
AFROAMER 631	Colloquium in Afro-American History	3
AFROAMER 671	Selected Topics in Afro-American History	3

#### American Indian and Indigenous Studies

Code	Title	Credits
AMER IND/ENVIR ST 306	Indigenous Peoples and the Environment	3
AMER IND/ANTHRO 314	Indians of North America	3
AMER IND/ENVIR ST/ GEOG 345	Caring for Nature in Native North America	3
AMER IND/ GEOG 410	Critical Indigenous Ecological Knowledges	3
AMER IND 450	Issues in American Indian Studies	3
AMER IND/SOC 578	Poverty and Place	3

#### Anthropology

Code	Title	Credits
ANTHRO 300	Cultural Anthropology: Theory and Ethnography	3
ANTHRO/AMER IND 314	Indians of North America	3
ANTHRO 321	The Emergence of Human Culture	3
ANTHRO/RELIG ST 343	Anthropology of Religion	3-4
ANTHRO 345	Family, Kin and Community in Anthropological Perspective	3
ANTHRO 348	Economic Anthropology	3-4
ANTHRO 350	Political Anthropology	3-4
ANTHRO/GEN&WS 443	Anthropology by Women	3
ANTHRO 477	Anthropology, Environment, and Development	3
ANTHRO 545	Psychological Anthropology	3
ANTHRO/ED POL 570	Anthropology and Education	3

#### Asian American Studies

Code	Title	Credits
ASIAN AM/SOC 220	Ethnic Movements in the United States	3-4
ASIAN AM 240	Topics in Asian American Studies	3
ASIAN AM 441	Hmong American Social Movements in the 20th and 21st Centuries	3
ASIAN AM 540	Special Topics	3

#### Chicana/o and Latina/o Studies

Code	Title	Credits
CHICLA/POLI SCI 231	Politics in Multi-Cultural Societies	3-4
CHICLA 301	Chicana/o and Latina/o History	3
CHICLA/POLI SCI 302	Mexican-American Politics	3-4
CHICLA 315	Racial Formation and Whiteness	3
CHICLA/CURRIC 321	Chicano/Latino Educational Justice	3
CHICLA 330	Topics in Chicano/a Studies	3-4
CHICLA/GEN&WS 332	Latinas: Self Identity and Social Change	3

CHICLA/HISTORY/ LACIS/POLI SCI 355	Labor in the Americas: US & Mexico in Comparative & Historical Perspective	3
CHICLA/LEGAL ST/ SOC 440	Ethnicity, Race, and Justice	3-4

SOC WORK 639	Gay, Lesbian, Bisexual, and Transgender (GLBT) Individuals and Social Welfare	3
SOC WORK 642	Social Work and Adolescents	3
SOC WORK 643	Social Work and Delinquency	3
SOC WORK 644	Issues in Developmental Disabilities	3
SOC WORK 646	Child Abuse and Neglect	2
SOC WORK 648	Palliative and End-of-Life Care Social Work Practice	2
SOC WORK 656	Family Practice in Foster and Kinship Care	3
SOC WORK 659	International Aspects of Social Work	3
SOC WORK 661	Topics in Contemporary Social Welfare	2-3
SOC WORK 662	Topics in Contemporary Social Welfare	2-3
SOC WORK 663	Topics in Contemporary Social Welfare	2-3
SOC WORK 664	Topics in Contemporary Social Welfare	2-3

SOC WORK 665	Topics in Contemporary Social Welfare	2-3
SOC WORK 672	Topics in Contemporary Social Welfare	2-3
SOC WORK 673	Topics in Contemporary Social Welfare	2-3
SOC WORK 674	Topics in Contemporary Social Welfare	2-3
SOC WORK 675	Topics in Contemporary Social Welfare	2-3
SOC WORK 676	Topics in Contemporary Social Welfare	2-3
SOC WORK 679	Topics in Contemporary Social Welfare	2-3
SOC WORK 691	Senior Thesis <sup>3</sup>	2
SOC WORK 692	Senior Thesis <sup>3</sup>	2
SOC WORK 699	Directed Study <sup>6</sup>	2-3

**RESIDENCE AND QUALITY OF WORK**

- 2.000 GPA in all SOC WORK courses and all major courses
- Minimum 2.000 GPA on 15 upper-level major credits, taken in residence<sup>4</sup>
- 15 credits in SOC WORK, taken on campus

**FOOTNOTES**

- <sup>1</sup> Social Science Concentration courses listed are a selected list of eligible courses. Consult with a Social Work advisor for other exceptions or additions to the list.
- <sup>2</sup> BSW students take two semesters (16 hours per week—256 hours/semester) of field education during their senior year (SOC WORK 400 fall semester, SOC WORK 401 spring semester).
- <sup>3</sup> Students with an interest in a particular area of study may develop a plan of independent work with the assistance of an interested Social Work faculty member. They may obtain information about instructors and their areas of interest from the School of Social Work website (<https://socwork.wisc.edu/directory/>). Consent of instructor is required for the noted course offerings in independent work.
- <sup>4</sup> PSYCH 225, SOC/C&E SOC 357, STAT 301, STAT 371, PSYCH 210, SOC/C&E SOC 360, and all SOC WORK courses designated as Intermediate or Advanced count as upper-level in the major.
- <sup>5</sup> Please refer to the Advising and Careers tab (<https://guide.wisc.edu/undergraduate/letters-science/social-work/social-work-bsw/#advisingandcareerstext>) for more information on field education placements.
- <sup>6</sup> No more than 3 credits of SOC WORK 699 Directed Study may be used toward fulfillment of this requirement.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

Students wishing to apply to the Bachelor of Social Work (BSW) program (<https://socwork.wisc.edu/admissions/bsw-application/>) must do so in spring of Junior year.

### First Year

<b>15</b>		<b>15</b>

### Total Credits 120

Note: SOC WORK 100 is a pre-major elective course that can be taken in the first year, if offered; it is not required for the major.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Articulate and demonstrate foundational ethical and professional behavior
2. Identify the historical foundations of the US social welfare system and the social work profession.
3. Recognize and engage in foundational practices to advance human rights and social, racial, economic, and environmental justice.
4. Demonstrate foundational knowledge, critical reflection, and analytic skills that inform anti-oppressive and anti-racist practice.
5. Demonstrate a foundational understanding and ability to use research to inform practice and to use practice experiences to inform research.
6. Describe and demonstrate foundational policy practice skills.
7. Describe and demonstrate foundational knowledge and skills in engaging, assessing, intervening, and evaluating practice with individuals, families, groups, organizations, and communities.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

- <sup>1</sup> The College encourages students to take INTER-LS 210 in their second year (or anytime); it is recommended but not required.
- <sup>2</sup> SOC WORK 640 counts towards the BSW ethnic studies requirement, providing three of the six credits needed.
- <sup>3</sup> SOC WORK 612 and SOC WORK 650 are often available in the summer. Check with an Advisor regarding availability and how summer courses might fit into your schedule.

## THREE-YEAR PLAN

### THREE-YEAR PLAN

This Sample Three-Year Plan is a tool to assist students and their advisor(s). Students should use it –along with their DARS report, the Degree Planner, and Course Search & Enroll tools – to make their own three-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests.

Three-year plans may vary considerably from student to student, depending on their individual preparation and circumstances. Students interested in graduating in three years should meet with an advisor as early as possible to discuss feasibility, appropriate course sequencing, post-graduation plans (careers, graduate school, etc.), and opportunities they might forgo in pursuit of a three-year graduation plan.

### DEPARTMENTAL EXPECTATIONS

Students planning to graduate within three years from the Bachelor of Social Work program should enter the University with a minimum of 30 advanced standing credits, and have satisfied the following requirements with course credit or via placement examination:

- Communication Part A
- Quantitative Reasoning Part A
- 18 combined credits of Humanities, Social Science, and Natural Science coursework
- 3-4 units of language

Students wishing to apply to the Bachelor of Social Work (BSW) program (<https://socwork.wisc.edu/admissions/bsw-application/>) must do so in spring of Junior year.

#### First Year

<b>14</b>		<b>14</b>

#### Total Credits 90

- <sup>1</sup> SOC WORK 640 counts towards the BSW ethnic studies requirement, providing three of the six credits needed.
- <sup>2</sup> SOC WORK 612 and SOC WORK 650 are often available in the summer. Check with an Advisor regarding availability and how summer courses might fit into your schedule.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Students interested in either the social welfare major or bachelor of social work meet with the social work advisors to discuss degree requirements; career opportunities; complete the major declaration; and confer on student issues and concerns. Advisors are an excellent resource for information about campus and community services. Students should see an advisor at least once each semester to review academic progress. Advising appointments are made through Starfish (<https://wisc.starfishsolutions.com/starfish-ops/>) for current students, or by calling 608-263-3660. Social work faculty members are available for advice about coursework, research, and the social work profession in general.

### BSW ETHNIC STUDIES REQUIREMENT

The BSW degree program requires six ethnic studies credits. The BSW degree's minimum 47 credits assumes that three credits of the six-credit ethnic studies degree requirement will be met through SOC WORK 640,

with the other three credits met as part of the Social Work electives, the Social Science Concentration, or other electives.

## FIELD EDUCATION

The director of field education makes final unit placement decisions and field instructors make final agency-placement decisions.

The types of agencies working with the field education program are varied. Field units are organized around a social problem area or a field of practice. Each unit has a range of field placement agencies and settings appropriate to its theme. The emphasis for undergraduate placements is on applying the knowledge and skills of generalist social work practice with systems of all sizes. The focus is on learning and applying analytic and intervention skills within an ethically based, problem-focused approach.

Social work students should be advised that the Wisconsin Caregiver Law requires a Wisconsin background check (Caregiver Check and Wisconsin Criminal History) for all potential field-education students prior to the field placement. More information regarding this process is available at Field Education (<https://socwork.wisc.edu/programs/field-education/>) on the social work website.

For more information about field units, the agencies they work with, and field course expectations see the Field Education Handbook (<https://socwork.wisc.edu/students/resources/#bsw-students>). Field unit availability may vary from year to year.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

**Professors:** Lawrence M. Berger, MSW, PhD; Marah H. Curtis, MSW, PhD; Katherine Magnuson, PhD; Stephanie A. Robert, MSW, PhD (School Director)

**Associate Professors:** Lauren Bishop, PhD; Tally Moses, MSW, PhD; Tova Walsh, MSW, PhD; Marci Ybarra, MSW, PhD

**Assistant Professors:** Pajarita Charles, MPA, MSW, PhD; Lara Gerassi, MSW, PhD; LB Klein, MSW, PhD; Jooyoung Kong, MSW, PhD; Jessica Pac, PhD; Alejandra Ros Pilarz, PhD; Tawandra Rowell-Cunsolo, PhD

**Clinical Professors:** Audrey Conn, MSSW, APSW; Ellen Smith, MSSW

**Clinical Associate Professors:** Laura Dresser, MSW, PhD; Alice Egan, MSSW, APSW; Amanda Ngola, MSW, LCSW; Lynette Studer, MSSW, PhD; Angela Willits, MSW, LCSW

**Clinical Assistant Professors:** Jaime Goldberg, MSW, LCSW, PhD; Amanda Zuehlke, MSW, LCSW

A complete list of all faculty and staff in the school is available on the School of Social Work Directory (<https://socwork.wisc.edu/directory/>).

## CERTIFICATION/LICENSURE

### CERTIFICATION/LICENSURE EXAM PASS RATES

Association of Social Work Boards (<https://www.aswb.org/>) BSW exam pass rates.

Many students pursuing a BSW will go on to earn a Master in Social Work, which does not require taking the bachelor's level exam. As such, the number of students taking the exam is not high enough, making it easy to identify individual results. Thus, no data is available from ASWB for UW-Madison attempts in years when the number of students taking the exam is low.

Year of Exam	UW-Madison Graduates: All Attempts	National All Attempts
2022	100	No Data
2021	No Data	61
2020	100	61
2019	No data	60
2018	100	61

  

Year of Exam	UW-Madison Graduates: First Attempt	National First Attempt
2022	100	65
2021	No Data	69
2020	100	69

2019	No Data	67
2018	100	69

## PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

### The requirements of this program meet certification/licensure requirements in the following states:

Illinois, Wisconsin

### The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

Updated: 1 June 2024

## ACCREDITATION

### ACCREDITATION

Council on Social Work Education (<https://www.cswe.org/Accreditation/>)

Accreditation status: Accredited. Next accreditation review: 2028.

## SCHOOL OF JOURNALISM AND MASS COMMUNICATION

The School of Journalism and Mass Communication (SJMC) provides students with a connected, collaborative, and inclusive community of passionate communicators and prepares them for careers in a wide variety of fields. Whether they are interested in advertising and public relations, investigative journalism, or magazine publishing, students are equipped with an education grounded in liberal arts and a unique blend of hands-on skills training, theoretical learning, and real-world practice. As a result,

graduates leave as skilled communicators, critical thinkers, seasoned problem-solvers, and innovators who are ready to hit the ground running in their careers.

Our undergraduate program prepares students to:

- Inform and persuade audiences with compelling messages, across a variety of contemporary media.
- Think strategically, creatively and critically to solve problems in a professional context.
- Meet the demands of an ever-changing communication industry with a wide variety of practical skills and real-world experience.
- Understand the responsible and ethical use of mass media.
- Appreciate the media's relationship with social, political, legal, and economic systems.
- Develop effective practices to advance inclusion and social justice in media professions and communication research.

To complete a JBA or JBS degree, students must complete at least one of the two professional tracks: Strategic Communication, or Reporting and Multimedia Journalism.

## PROFESSIONAL TRACKS

### STRATEGIC COMMUNICATION

Strategic communication informs and persuades audiences to take action. By using written, oral, and visual communication skills, strategic communicators tell the stories of people, brands, and organizations. The strategic communication track (<https://journalism.wisc.edu/undergraduate/strategic-communication/>) prepares students for careers in advertising, public relations, media planning, social media, content, digital marketing, creative strategy, and more. Strategic communication is the foundation of brand, political, health, corporate, and financial communications – just to name a few.

### REPORTING AND MULTIMEDIA JOURNALISM

Reporting and multimedia journalism inform the public about important issues and events. Through written, oral, and visual communication, multimedia journalists tell the stories that matter most to the audiences they serve. The reporting and multimedia journalism track (<https://journalism.wisc.edu/undergraduate/reporting-multimedia-journalism/>) prepares students for careers in print, broadcast, and digital news, investigative journalism, magazine writing, editing and publishing, documentary film, podcasting, and more. Students engage with the practices, ethics, and effects of journalism and its central role in democracy.

### CERTIFICATES

In addition to strategic communication and journalism training, the journalism major offers the flexibility for students to earn certificates and enhance their learning in a specific area of communications. Certificates are a great way to dive deeper in to a particular interest, gain a new perspective on a primary degree, and stand out in future job interviews. The School offers three certificates for any UW-Madison student interested in gaining experience in digital media, data analysis, and sports communication – Digital Media Analytics Certificate (<https://journalism.wisc.edu/undergraduate/digital-media-analytics-certificate/>), Sports Communication Certificate (<https://journalism.wisc.edu/>)

undergraduate/sports-communication-certificate/), and Digital Studies Certificate (<https://journalism.wisc.edu/undergraduate/digital-studies-certificate/>).

## PRACTICAL EXPERIENCE: ORGANIZATIONS

The School encourages students to gain practical experience through student organizations, part-time jobs, and internships.

### ORGANIZATIONS

Student media include (but are not limited to):

- The Daily Cardinal (<https://www.dailycardinal.com/>)
- The Badger Herald (<https://badgerherald.com/>)
- WSUM radio (<https://wsum.org/>)
- Wisconsin Union Directorate Publications (<https://union.wisc.edu/get-involved/wud/publications/>)

Student organizations related to the school and major include (but are not limited to):

- Public Relations Student Society of America (PRSSA) (<https://win.wisc.edu/organization/PRSSA/>)
- Advertising Club (<https://win.wisc.edu/organization/adclub/>)
- The Black Voice (<https://win.wisc.edu/organization/blackvoicesuw/>)
- Society of Professional Journalists (SPJ) (<https://www.spj.org/>)
- Association for Women in Communication (AWC) (<https://win.wisc.edu/organization/awc/>)
- Association for Women in Sports Media (AWSM) (<https://win.wisc.edu/organization/awsms/>)
- National Association of Black Journalists: UW-Madison (<https://nabjwisconsin.wordpress.com/>)
- Moda Magazine (<https://modamadison.com/>)

## INTERNSHIPS

Students planning for careers in strategic communication or journalism are encouraged to hold one or more internships in the area of their academic specialization(s). **Declared journalism majors or prospective journalism majors with no other declared major** may earn course credit for internships that relate to their professional tracks. As part of their degree programs, students may earn a maximum of three (3) credits of JOURN 697: Internship during their undergraduate careers. Students may only earn one (1) credit of JOURN 697 per semester but may repeat the credit up to three times. JOURN 697 does not count as part of the 31 minimum journalism credits required for graduation. Students who want to earn degree credit for their internships should consult with career adviser Pam Garcia-Rivera **before they accept an internship**. Students must enroll in JOURN 697 at the time they hold the internship.

## CAREER SERVICES & ADVISING

One of the major benefits of the School of Journalism and Mass Communication major is access to a dedicated and experienced

communications industry career advisor. Current students and recent alumni are strongly encouraged to meet with the advisor Pam Garcia-Rivera to discuss career and internship opportunities. The School also provides an up-to-date list of job postings on its website. Through our large network of active alumni, relationships with industry professionals, and hands-on skills curriculum, over 90% of our students find jobs within three to six months of graduation.

## INTERNSHIPS

Students planning for careers in strategic communication or journalism are encouraged to hold one or more internships in the area of their academic specialization(s). Declared journalism majors or prospective journalism majors with no other declared major may earn course credit for internships that relate to their professional tracks. As part of their degree programs, students may earn a maximum of three (3) credits of JOURN 697: Internship during their undergraduate careers. Students may only earn one (1) credit of JOURN 697 per semester but may repeat the credit up to three times. JOURN 697 does not count as part of the 31 minimum journalism credits required for graduation. Students who want to earn degree credit for their internships should consult with career adviser Pam Garcia-Rivera before they accept an internship. Students must enroll in JOURN 697 at the time they hold the internship.

## CAREER SERVICES & ADVISING

One of the major benefits of the School of Journalism and Mass Communication major is access to a dedicated and experienced communications industry career adviser. Current students and recent alumni are strongly encouraged to meet with the advisor Pam Garcia-Rivera to discuss career and internship opportunities. The School also provides an up-to-date list of job postings on its website. Through our large network of active alumni, relationships with industry professionals, and hands-on skills curriculum, over 90% of our students find jobs within three to six months of graduation.

## HOW TO GET IN

### HOW TO GET IN

#### ADMISSION TO THE JOURNALISM DEGREE PROGRAM

Students who wish to declare themselves as degree candidates in journalism must submit an application to the School of Journalism and Mass Communication (SJMC). Applications are accepted each fall and

spring semester for admission the following semester. Prospective degree candidates must present to the school a record of academic achievement, writing ability and extracurricular participation that indicate a probability of success in some field of communication.

In order to apply for admission to the school, students must have met the following requirements:

- A minimum of 24 credits completed by the end of the semester in which they apply, including transfer credits but excluding AP and retroactive language credits.
- Completion of JOURN 201 by the end of the semester in which they apply. Students may have no more than 16 credits in Journalism courses taken at UW–Madison when applying for admission.

Transfer students must be enrolled for at least one semester at UW–Madison before applying for admission to the SJMC (their first semester may be in progress at the time they submit their application). Students transferring journalism course credit from other colleges and universities should check their record of transferred credit with the SJMC undergraduate academic advisor. The academic advisor is available for consultation at most SOAR orientation sessions for transfer students.

The number of students to be admitted in a given semester is subject to change based on the school's capacity to provide adequate access to required courses. Admissions decisions are based on the entire application, with particular emphasis on academic performance and writing ability. Specific guidelines for submitting the application portfolio are available online at this link (<http://journalism.wisc.edu/undergraduate/admissions/the-application/>) or in SJMC academic advising. The academic advisor conducts one-hour information sessions for applicants each semester, with dates and times listed on the application; these sessions are highly recommended and provide more information for applicants than is possible in a one-on-one advising meeting.

After admission to the school, the student's classification will be changed to JBA or JBS to reflect this change in status.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS–JOURNALISM (JBA)

The School of Journalism and Mass Communication is a professional school within the College of Letters & Sciences (L&S). The College confers the Bachelor of Arts–Journalism (JBA) degree.

Students pursuing a Bachelor of Arts–Journalism (JBA) degree in the College of Letters & Science must complete all of the requirements below. The JBA is a special degree program; it is not considered a major. The JBA degree is not available to students who intend to earn a degree outside the College of Letters & Science.

Mathematics	Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.
Language	Complete either: <ul style="list-style-type: none"> <li>• the fourth unit of a language other than English; or</li> <li>• the third unit of a language and the second unit of a different language other than English.</li> </ul>
LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul>
LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul>
Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Declare and complete at least one major.

Total Credits	Complete at least 120 credits.
UW–Madison Experience	Complete both: • 30 credits in residence, overall; and • 30 credits in residence after the 86th credit.
Quality of Work	• 2.000 in all coursework at UW–Madison • 2.000 in Intermediate/Advanced level coursework at UW–Madison

## REQUIREMENTS FOR THE MAJOR

Students must complete 32 credits in major course work, to include:

### INTRODUCTORY REQUIREMENTS

Code	Title	Credits
<b>Introduction to Journalism</b>		
JOURN 201	Introduction to Mass Communication	4
JOURN 202	Mass Communication Practices	6
JOURN 203	Information for Communication	3
<b>Social Science and Humanities</b>		<b>12</b>
Intermediate/Advanced courses from at least three distinct Subjects <sup>1</sup>		
<b>Total Credits</b>		<b>25</b>

<sup>1</sup> Courses cross-listed in JOURN **may not count** toward this requirement.

### CONCENTRATIONS

Students must complete one of two concentrations: **Journalism**, which focuses on reporting, or **Strategic Communication**, which focuses on forms of persuasive communication that includes advertising and public relations).<sup>3</sup>

#### Journalism

Code	Title	Credits
JOURN 335	Principles and Practices of Reporting	4
<b>Advanced Reporting - one course:</b>		<b>4</b>
JOURN 401	In-Depth Reporting	
JOURN 404	Interpretation of Contemporary Affairs	
JOURN 405	Creative Nonfiction	
JOURN 411	Multimedia Design	
JOURN 417	Magazine Publishing	
JOURN 415	Science and Environmental Journalism	
JOURN 420	Investigative Reporting	
JOURN 425	Video Journalism	
JOURN 426	Community-Based Reporting	
JOURN 453	Strategic Media Relations	
JOURN 455	Emerging Media and the News	
JOURN 456	Long Form Video	
JOURN 457	Storytelling Through Sound	
JOURN 475	Special Topics in Advanced Concepts and Skills <sup>2</sup>	
<b>Total Credits</b>		<b>8</b>

### Strategic Communication

Code	Title	Credits
JOURN 345	Principles and Practice of Strategic Communication	4
<b>Advanced Strategic Communication—one course:</b>		<b>4</b>
JOURN 411	Multimedia Design	
JOURN 417	Magazine Publishing

JOURN 447	Strategic Media Planning	
JOURN 449	Account Planning and Strategy	
JOURN 453	Strategic Media Relations	
JOURN 455	Emerging Media and the News	
JOURN 456	Long Form Video	
JOURN 463	Digital Media Strategies	
JOURN 464	Public Relations Strategies	
JOURN 465	Social Media Marketing Communications	
JOURN 470	Strategic Communication Campaigns Capstone	
JOURN 475	Special Topics in Advanced Concepts and Skills <sup>2</sup>	
JOURN 457	Storytelling Through Sound	
<b>Total Credits</b>		<b>8</b>

### PERSPECTIVES, TOPICS AND ADVANCES

Code	Title	Credits
<b>Perspectives (Two courses):</b>		<b>8</b>
JOURN/ HISTORY 560	History of U.S. Media	
JOURN 561	Mass Communication and Society	
JOURN 563	Law of Mass Communication	
JOURN 564	Media and the Consumer	
JOURN 565	Effects of Mass Communication	
JOURN 566	Communication and Public Opinion	
<b>Topics or Advances (1 course):</b>		<b>3-4</b>
JOURN/ COM ARTS/ HDFS 616	Mass Media and Youth	
JOURN 618	Mass Communication and Political Behavior	
JOURN 620	International Communication	
JOURN 658	Communication Research Methods	
JOURN/ ASIAN AM 662	Mass Media and Minorities	
JOURN 669	Literary Aspects of Journalism	
JOURN 675	Topics in Government and Mass Media	
JOURN 676	Special Topics in Mass Communication	
Advances:		
JOURN/ COM ARTS/ LSC 617	Health Communication in the Information Age	
JOURN 622	The Impact of Emerging Media	

JOURN 664	Social Networks in Communication
JOURN/L I S 677	Concepts and Tools for Data Analysis and Visualization
JOURN 678	Legal & Ethical Dimensions of Emerging Media

**Total Credits** **11-12**

<sup>2</sup> Special Topics courses may count for either concentration, or no concentration, depending on Topic. Consult the advisor for this major to determine eligibility of JOURN 475 to meet a major requirement.

<sup>3</sup> Students planning to complete both concentrations should consult with the undergraduate academic advisor about course availability and planning.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all JOURN and all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence <sup>5</sup>
- 15 credits in JOURN, taken on the UW–Madison campus

<sup>5</sup> JOURN 400–699 are upper-level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Journalism undergraduate advisor.

## HONORS IN THE JOURNALISM MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all JOURN courses and all courses that count toward the major
- Complete one additional Topics or Advances course, for a total of two Topics or Advances courses
- Earn a grade of B or better in the four Perspectives, Topics and Advances courses
- Complete a two-semester of Senior Honors Thesis in JOURN 681 and JOURN 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Convey information and express ideas effectively in contemporary media.
2. Understand the responsible and ethical use of mass media.
3. Appreciate the media's relationship with social, political, legal and economic systems.
4. Think strategically, creatively and critically, to solve problems in a professional context.
5. Develop effective practices to advance inclusion and social justice in media professions and communication research.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits
Communication A	3 JOURN 201	4
Quantitative Reasoning A	3-4 Ethnic Studies	3
Science Breadth	3 Biological Science Breadth	3
Foreign Language (if needed)	4 Foreign Language (if needed)	4
	<b>13</b>	<b>14</b>

#### Second Year

Fall	Credits Spring	Credits
JOURN 202	6 JOURN 335 or 345	4
JOURN 203	3 Literature Breadth	4
Quantitative Reasoning B	3 Physical Science Breadth	3
Social Science Breadth	4 Social Science Breadth	4
	JOURN 601	1
	<b>16</b>	<b>16</b>

#### Third Year

**Total Credits 120****ADVISING AND CAREERS****ADVISING AND CAREERS****ACADEMIC ADVISING**

For information about academic advising, see the School of Journalism and Mass Communication website (<https://journalism.wisc.edu/undergraduate/meet-with-an-advisor/>).

**JOB INFORMATION SERVICE**

The school provides a job listing service at current listings (<https://journalism.wisc.edu/career-services/current-listings/>) on the SJMC website. Questions concerning that can be directed to Pam Garcia-Rivera.

Current students and recent alumni are encouraged to meet with the undergraduate career advisor to discuss career and internship opportunities. Students may consult the school website (<http://journalism.wisc.edu/career-services/>) or with the undergraduate career advisor for specific information.

**L&S CAREER RESOURCES**

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

**PEOPLE****PEOPLE**

Professor and Director: Culver  
 Professors Downey, Graves, Kim, McLeod, Riddle, Robinson, Rojas, Shah, Wagner  
 Associate Professors Culver, McGarr, Palmer  
 Assistant Professors Cascio, Christy, Wang, Yang

**JOURNALISM, JBS**

The School of Journalism and Mass Communication (SJMC) provides students with a connected, collaborative, and inclusive community of passionate communicators and prepares them for careers in a wide variety of fields. Whether they are interested in advertising and public relations, investigative journalism, or magazine publishing, students are equipped with an education grounded in liberal arts and a unique blend of hands-on skills training, theoretical learning, and real-world practice. As a result, graduates leave as skilled communicators, critical thinkers, seasoned problem-solvers, and innovators who are ready to hit the ground running in their careers.

Our undergraduate program prepares students to:

- Inform and persuade audiences with compelling messages, across a variety of contemporary media.
- Think strategically, creatively and critically to solve problems in a professional context.
- Meet the demands of an ever-changing communication industry with a wide variety of practical skills and real-world experience.
- Understand the responsible and ethical use of mass media.
- Appreciate the media's relationship with social, political, legal, and economic systems.
- Develop effective practices to advance inclusion and social justice in media professions and communication research.

To complete a JBA or JBS degree, students must complete at least one of the two professional tracks: Strategic Communication, or Reporting and Multimedia Journalism.

## PROFESSIONAL TRACKS

### STRATEGIC COMMUNICATION

Strategic communication informs and persuades audiences to take action. By using written, oral, and visual communication skills, strategic communicators tell the stories of people, brands, and organizations. The strategic communication track (<https://journalism.wisc.edu/undergraduate/strategic-communication/>) prepares students for careers in advertising, public relations, media planning, social media, content, digital marketing, creative strategy, and more. Strategic communication is the foundation of brand, political, health, corporate, and financial communications – just to name a few.

### REPORTING AND MULTIMEDIA JOURNALISM

Reporting and multimedia journalism inform the public about important issues and events. Through written, oral, and visual communication, multimedia journalists tell the stories that matter most to the audiences they serve. The reporting and multimedia journalism track (<https://journalism.wisc.edu/undergraduate/reporting-multimedia-journalism/>) prepares students for careers in print, broadcast, and digital news, investigative journalism, magazine writing, editing and publishing, documentary film, podcasting, and more. Students engage with the practices, ethics, and effects of journalism and its central role in democracy.

## CERTIFICATES

In addition to strategic communication and journalism training, the journalism major offers the flexibility for students to earn certificates and enhance their learning in a specific area of communications. Certificates are a great way to dive deeper in to a particular interest, gain a new perspective on a primary degree, and stand out in future job interviews. The School offers three certificates for any UW–Madison student interested in gaining experience in digital media, data analysis, and sports communication – Digital Media Analytics Certificate (<https://journalism.wisc.edu/undergraduate/digital-media-analytics-certificate/>), Sports Communication Certificate (<https://journalism.wisc.edu/undergraduate/sports-communication-certificate/>), and Digital Studies Certificate (<https://journalism.wisc.edu/undergraduate/digital-studies-certificate/>).

## PRACTICAL EXPERIENCE: ORGANIZATIONS

The School encourages students to gain practical experience through student organizations, part-time jobs, and internships.

### ORGANIZATIONS

Student media include (but are not limited to):

- The Daily Cardinal (<https://www.dailycardinal.com/>)
- The Badger Herald (<https://badgerherald.com/>)
- WSUM radio (<https://wsum.org/>)
- Wisconsin Union Directorate Publications (<https://union.wisc.edu/get-involved/wud/publications/>)

Student organizations related to the school and major include (but are not limited to):

- Public Relations Student Society of America (PRSSA) (<https://win.wisc.edu/organization/PRSSA/>)
- Advertising Club (<https://win.wisc.edu/organization/adclub/>)
- The Black Voice (<https://win.wisc.edu/organization/blackvoicesuw/>)
- Society of Professional Journalists (SPJ) (<https://www.spj.org/>)
- Association for Women in Communication (AWC) (<https://win.wisc.edu/organization/awc/>)
- Association for Women in Sports Media (AWSM) (<https://win.wisc.edu/organization/awsm/>)
- National Association of Black Journalists: UW–Madison (<https://nabjwisconsin.wordpress.com/>)
- Moda Magazine (<https://modamadison.com/>)

## INTERNSHIPS

Students planning for careers in strategic communication or journalism are encouraged to hold one or more internships in the area of their academic specialization(s). Declared journalism majors or prospective journalism majors with no other declared major may earn course credit for internships that relate to their professional tracks. As part of their degree programs, students may earn a maximum of three (3) credits of JOURN 697: Internship during their undergraduate careers. Students may only earn one (1) credit of JOURN 697 per semester but may repeat the credit up to three times. JOURN 697 does not count as part of the 31 minimum journalism credits required for graduation. Students who want to earn degree credit for their internships should consult with career adviser Pam Garcia-Rivera before they accept an internship. Students must enroll in JOURN 697 at the time they hold the internship.

## CAREER SERVICES & ADVISING

One of the major benefits of the School of Journalism and Mass Communication major is access to a dedicated and experienced communications industry career adviser. Current students and recent alumni are strongly encouraged to meet with the advisor Pam Garcia-Rivera to discuss career and internship opportunities. The School also provides an up-to-date list of job postings on its website. Through our large network of active alumni, relationships with industry professionals, and hands-on skills curriculum, over 90% of our students find jobs within three to six months of graduation.

## HOW TO GET IN

### HOW TO GET IN

#### ADMISSION TO THE JOURNALISM DEGREE PROGRAM

Students who wish to declare themselves as degree candidates in journalism must submit an application to the School of Journalism and Mass Communication (SJMC). Applications are accepted each fall and spring semester for admission the following semester. Prospective degree candidates must present to the school a record of academic achievement,

writing ability and extracurricular participation that indicate a probability of success in some field of communication.

In order to apply for admission to the school, students must have met the following requirements:

- A minimum of 24 credits completed by the end of the semester in which they apply, including transfer credits but excluding AP and retroactive language credits.
- Completion of JOURN 201 by the end of the semester in which they apply. Students may have no more than 16 credits in Journalism courses taken at UW–Madison when applying for admission.

Transfer students must be enrolled for at least one semester at UW–Madison before applying for admission to the SJMC (their first semester may be in progress at the time they submit their application). Students transferring journalism course credit from other colleges and universities should check their record of transferred credit with the SJMC undergraduate academic advisor. The academic advisor is available for consultation at most SOAR orientation sessions for transfer students.

The number of students to be admitted in a given semester is subject to change based on the school's capacity to provide adequate access to required courses. Admissions decisions are based on the entire application, with particular emphasis on academic performance and writing ability. Specific guidelines for submitting the application portfolio are available online at this link (<http://journalism.wisc.edu/undergraduate/admissions/the-application/>) or in SJMC academic advising. The academic advisor conducts one-hour information sessions for applicants each semester, with dates and times listed on the application; these sessions are highly recommended and provide more information for applicants than is possible in a one-on-one advising meeting.

After admission to the school, the student's classification will be changed to JBA or JBS to reflect this change in status.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE–JOURNALISM (JBS)

The School of Journalism and Mass Communication is a professional school within the College of Letters & Sciences (L&S). The College confers the Bachelor of Science–Journalism (JBS) degree.

Students pursuing a Bachelor of Science–Journalism (JBS) degree in the College of Letters & Science must complete all of the requirements below. The JBS is a special degree program; it is not considered a major. The JBS degree is not available to students who intend to earn a degree outside the College of Letters & Science.

### BACHELOR OF SCIENCE–JOURNALISM DEGREE REQUIREMENTS

Mathematics	Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.
Language	Complete the third unit of a language other than English.
LS Breadth	Complete: <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include at least 6 credits of Literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.</li> </ul>
Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW–Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>

Quality of Work • 2.000 in all coursework at UW–Madison  
 • 2.000 in Intermediate/Advanced level coursework at UW–Madison

## REQUIREMENTS FOR THE MAJOR

Students must complete 32 credits in major course work, to include:

### INTRODUCTORY REQUIREMENTS

Code	Title	Credits
<b>Introduction to Journalism</b>		
JOURN 201	Introduction to Mass Communication	4
JOURN 202	Mass Communication Practices	6
JOURN 203	Information for Communication	3
<b>Social Science and Humanities</b> 12		
Intermediate/Advanced courses from at least three distinct Subjects <sup>1</sup>		
<b>Total Credits</b>		<b>25</b>

<sup>1</sup> Courses cross-listed in JOURN **may not count** toward this requirement.

### CONCENTRATIONS

Students must complete one of two concentrations: **Journalism**, which focuses on reporting, or **Strategic Communication**, which focuses on forms of persuasive communication that includes advertising and public relations).<sup>3</sup>

#### Journalism

Code	Title	Credits
JOURN 335	Principles and Practices of Reporting	4
<b>Advanced Reporting – one course:</b> 4		
JOURN 401	In-Depth Reporting	
JOURN 404	Interpretation of Contemporary Affairs	
JOURN 405	Creative Nonfiction	
JOURN 411	Multimedia Design	
JOURN 417	Magazine Publishing	
JOURN 415	Science and Environmental Journalism	
JOURN 420	Investigative Reporting	
JOURN 425	Video Journalism	
JOURN 426	Community-Based Reporting	
JOURN 453	Strategic Media Relations	
JOURN 455	Emerging Media and the News	
JOURN 456	Long Form Video	
JOURN 457	Storytelling Through Sound	
JOURN 475	Special Topics in Advanced Concepts and Skills <sup>2</sup>	
<b>Total Credits</b>		<b>8</b>

#### Strategic Communication

Code	Title	Credits
JOURN 345	Principles and Practice of Strategic Communication	4

<b>Advanced Strategic Communication—one course:</b>		<b>4</b>
JOURN 411	Multimedia Design	
JOURN 417	Magazine Publishing	
JOURN 445	Creative Campaign Messages	
JOURN 447	Strategic Media Planning	
JOURN 449	Account Planning and Strategy	
JOURN 453	Strategic Media Relations	
JOURN 455	Emerging Media and the News	
JOURN 456	Long Form Video	
JOURN 463	Digital Media Strategies	
JOURN 464	Public Relations Strategies	
JOURN 465	Social Media Marketing Communications	
JOURN 470	Strategic Communication Campaigns Capstone	
JOURN 475	Special Topics in Advanced Concepts and Skills <sup>2</sup>	
JOURN 457	Storytelling Through Sound	
<b>Total Credits</b>		<b>8</b>

### PERSPECTIVES, TOPICS AND ADVANCES

Code	Title	Credits
<b>Perspectives (Two courses):</b> 8		
JOURN/ HISTORY 560	History of U.S. Media	
JOURN 561	Mass Communication and Society	
JOURN 563	Law of Mass Communication	
JOURN 564	Media and the Consumer	
JOURN 565	Effects of Mass Communication	
JOURN 566	Communication and Public Opinion	
<b>Topics or Advances (1 course):</b> 3-4		
JOURN/ COM ARTS/ HDFS 616	Mass Media and Youth	
JOURN 618	Mass Communication and Political Behavior	
JOURN 620	International Communication	
JOURN 658	Communication Research Methods	
JOURN/ ASIAN AM 662	Mass Media and Minorities	
JOURN 669	Literary Aspects of Journalism	
JOURN 675	Topics in Government and Mass Media	
JOURN 676	Special Topics in Mass Communication	
Advances:		
JOURN/ COM ARTS/ LSC 617	Health Communication in the Information Age	
JOURN 622	The Impact of Emerging Media	
JOURN 664	Social Networks in Communication	
JOURN/L I S 677	Concepts and Tools for Data Analysis and Visualization	

JOURN 678 Legal & Ethical Dimensions of Emerging Media

**Total Credits** 11-12

<sup>2</sup> Special Topics courses may count for either concentration, or no concentration, depending on Topic. Consult the advisor for this major to determine eligibility of JOURN 475 to meet a major requirement.

<sup>3</sup> Students planning to complete both concentrations should consult with the undergraduate academic advisor about course availability and planning.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all JOURN and all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence <sup>5</sup>
- 15 credits in JOURN, taken on the UW-Madison campus

<sup>5</sup> JOURN 400-699 are upper-level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Journalism undergraduate advisor.

### HONORS IN THE JOURNALISM MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all JOURN courses and all courses that count toward the major
- Complete one additional Topics or Advances course, for a total of two Topics or Advances courses
- Earn a grade of B or better in the four Perspectives, Topics and Advances courses
- Complete a two-semester of Senior Honors Thesis in JOURN 681 and JOURN 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Convey information and express ideas effectively in contemporary media.
2. Understand the responsible and ethical use of mass media.
3. Appreciate the media's relationship with social, political, legal and economic systems.
4. Think strategically, creatively and critically, to solve problems in a professional context.
5. Develop effective practices to advance inclusion and social justice in media professions and communication research.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits
Communication A	3 JOURN 201	4

Professors Downey, Graves, Kim, McLeod, Riddle, Robinson, Rojas, Shah, Wagner

Associate Professors Culver, McGarr, Palmer  
Assistant Professors Cascio, Christy, Wang, Yang

**SPORTS COMMUNICATION, CERTIFICATE**

Sports sit at the heart of UW-Madison culture, and communication plays a central role in the business of sports. The Sports Communication Certificate prepares students with real-world skills, hands-on training, and knowledge for success in the growing and fast-paced professions of sports journalism and sports marketing communication.

This 12-credit certificate is open to all UW-Madison students interested in gaining a deeper understanding of the role that communications plays in the world of sports. Many of the courses required for this certificate are offered 100% online and are offered over the summer, making it ideal for students who need flexibility in their schedules.

The Sports Communication Certificate prepares students to:

- Inform and persuade audiences with compelling sports-related messages across a variety of contemporary media.
- Think strategically, creatively and critically to solve problems and meet the demands and challenges of informing the public about sports while understanding the norms of amateur and professional sports organizations.
- Understand the responsible and ethical use of mass media to convey information to sports-interested audiences.
- Appreciate and articulate the role of sports in culture and society and the media's relationship with that role.

## HOW TO GET IN

### HOW TO GET IN

The Certificate in Sports Communication will be open to any University of Wisconsin-Madison undergraduate. Students may declare or cancel the certificate at any time in consultation with the certificate advisor.

## REQUIREMENTS

### REQUIREMENTS

The certificate requires 12 credits as follows:<sup>1</sup>

Code	Title	Credits
<b>Survey Course:</b>		
JOURN 150	Introduction to Sports Communication	3
<b>One Skills course from the following:</b>		<b>3</b>
JOURN 350	Sports Marketing Communications	
JOURN 450	Sports Reporting and Writing	
MARKETNG 410	Sports Marketing	
<b>One Social Impacts course from the following:</b>		<b>3</b>
HISTORY 136	Sport, Recreation, & Society in the United States	
JOURN 162	Mass Media in Multicultural America	
COM ARTS 359	Sports Media	
JOURN 651	Communicating Sports Controversies	
<b>One Professional Enrichment course from the following:</b>		<b>1-3</b>
INTER-LS 260	Internship in the Liberal Arts and Sciences	
JOURN 601	Colloquium in Professional Communication Careers	
JOURN 697	Internship	
JOURN 699	Directed Study	
COM ARTS 614	Field Experience in Communication	
COM ARTS 615	Second Field Experience in Communication	
<b>Elective credit from any course above to achieve 12 credits</b>		<b>0-2</b>
<b>Total Credits</b>		<b>12</b>

## RESIDENCE AND QUALITY OF WORK

- Minimum 2.000 GPA on all certificate-approved courses
- At least 6 credits in the certificate must be taken in residence

<sup>1</sup> Courses taken on a Pass/Fail basis do not meet requirements of the certificate.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Inform and persuade audiences with compelling sports-related messages, across a variety of contemporary media.
2. Think strategically, creatively and critically to solve problems and meet the demands and challenges of informing the public about sports while understanding the norms of amateur and professional sports organizations.
3. Understand the responsible and ethical use of mass media to convey information to sports-interested audiences.
4. Appreciate and articulate the role of sports in culture and society and the media's relationship with that role.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

Matt Hermann is the undergraduate adviser for the Sports Communication Certificate. Students are encouraged to meet with Matt if they have questions about the courses and requirements for the certificate. Contact him via email at [mrhermann@wisc.edu](mailto:mrhermann@wisc.edu).

The Sports Communication Certificate encourages students to gain practical experience through internships and career-building courses (see Certificate Requirements). Students are strongly encouraged to meet with the Media, Information, and Communication Career Adviser, Pam Garcia-Rivera, to discuss career and internship opportunities. Contact Pam via email at [pgarciariver@wisc.edu](mailto:pgarciariver@wisc.edu).

### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

## PEOPLE

### PEOPLE

Professors: McLeod  
Faculty Associates: Hermann

## SOCIOLOGY

Sociology applies the methods of science to explain social behavior. The interactions of individuals in families, groups, or organizations, and the institutions, social class, or shared beliefs of a common culture are all subjects for sociological research. There are many career opportunities open to people who complete a major in sociology, including business, counseling and social service, public policy, law, and criminal justice.

Students interested in sociology should meet with the undergraduate advisor before they register for the second semester of the sophomore year. The undergraduate office's resource center holds detailed information about the major, the department, research interests of sociology faculty, career opportunities, and student work. Declaration of the major during the sophomore year will give students access to required sociology courses for fall of the junior year.

### CRIMINAL JUSTICE CERTIFICATE

Sociology majors wishing to earn a certificate in criminal justice may do so with a minimum of additional course requirements and permission of the Criminal Justice advisor. See Criminal Justice (p. 574) section in this Guide.

### ENROLLMENT

Required courses for the sociology major and for the CAR option may have temporary course controls that send non-declared students "Course Requisites Not Met" enrollment error messages. Certain 100-numbered courses each semester are restricted to freshmen and sophomores until freshmen have enrolled. Check the Course Guide for notes each semester.

Transfer students whose equivalent courses have been posted to their records as "electives," numbered XXX, may use those courses as prerequisites if the department approves their equivalencies to similar UW-Madison courses. What is needed is a conversation with the undergraduate advisor either in the office or at SOAR.

### HONORS PROGRAM

A variety of courses in sociology offer honors credit, and may be used toward Honors in the Liberal Arts in the College of Letters & Science.

## PEOPLE

### PEOPLE

Professors Carlson, Elwert, Emirbayer, Ermakoff, Ferree, Fletcher, Ford, Freeland, Fujimura, Gerber, Goldberg, Grodsky, Lim, Logan, Massoglia, Maynard, Montgomery, Nobles, Oliver, Raymo, Rogers, Schaeffer, Schwartz, Seidman, Wright

Associate Professors Conti, Engelman, Grant, Light

Assistant Professors Goffman, Jensen

## INTEGRATED STUDIES IN SCIENCE, ENGINEERING, AND SOCIETY, CERTIFICATE

The certificate in Integrated Studies in Science, Engineering, and Society Undergraduate (ISSuES) offers undergraduate students an opportunity to explore the social sciences and humanities in a way that emphasizes the relationship between science, technology, medicine, engineering, and society. From energy to communications technologies to gene editing to automation, the interplay between researchers, developers, policy makers and the public is constantly shaping and reshaping our world. The ISSuES certificate allows undergraduate students to complement their majors with a set of courses aimed at helping them understand how society shapes science and how science shapes society.

Offered by the Holtz Center for Science & Technology Studies, ISSuES was designed to help STEM-field majors fulfill their liberal arts requirements, but is highly flexible and is available to all undergraduate students interested in exploring the complex interplay between science, technology, medicine, engineering, and society. For more information, see the program website (<http://sts.wisc.edu>).

## HOW TO GET IN

### HOW TO GET IN

The certificate in integrated studies in science, engineering and society (ISSuES) is offered to all undergraduate students. Students should begin the application process by the end of sophomore year, but no later than the end of their junior year.

The first step in applying to the program is to consult with the ISSuES certificate advisor. To make an appointment, please send an email to sts@ssc.wisc.edu.

**Total Credits**

**15**

<sup>1</sup> Courses taken with the pass/fail grade option do not apply to the certificate.

<sup>2</sup> Courses used for the Focus area cannot also count for Capstone.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA on all courses counting toward the certificate and certificate approved courses
- 8 credits in the certificate, in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Be exposed to the social sciences and humanities and see their relevance to scientific and technological enterprises.
2. Develop the capacity for interdisciplinary, critical thinking about the relationship between science, technology, engineering, medicine and society.

3. Develop a sense of personal and social responsibility for their engineering, scientific or other professional practice.
4. Strengthen written communication skills.

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

To obtain advising assistance, students should consult with the ISSuES certificate advisor. To make an appointment, send an email to sts@ssc.wisc.edu.

All UW–Madison undergraduates are encouraged to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs, and the ISSuES certificate provides students with a way to integrate their liberal studies with the skills they are developing in their majors. It is important to us that our students are career ready at the time of graduation, and we are committed to your success. Students who have completed the certificate say that it helped them enhance the portfolio of skills they offered to employers and graduate programs by giving them foundations for understanding and communicating effectively about the ethical, policy, design, and other non-technical aspects of science, engineering, and medicine.

#### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW–Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## SOCIOLOGY, BA

Sociology applies the methods of science to explain social behavior. The interactions of individuals in families, groups, or organizations, and the institutions, social class, or shared beliefs of a common culture are all subjects for sociological research. There are many career opportunities open to people who complete a major in sociology, including business, counseling and social service, public policy, law, and criminal justice.

Students interested in sociology should meet with the undergraduate advisor before they register for the second semester of the sophomore year. The undergraduate office's resource center holds detailed information about the major, the department, research interests of sociology faculty, career opportunities, and student work. Declaration of the major during the sophomore year will give students access to required sociology courses for fall of the junior year.

### CRIMINAL JUSTICE CERTIFICATE

Sociology majors wishing to earn a certificate in criminal justice may do so with a minimum of additional course requirements and permission of the Criminal Justice advisor. See Criminal Justice (p. 574) section in this Guide.

### ENROLLMENT

Required courses for the sociology major and for the CAR option may have temporary course controls that send non-declared students "Course Requisites Not Met" enrollment error messages. Certain 100-numbered courses each semester are restricted to freshmen and sophomores until freshmen have enrolled. Check the Course Guide for notes each semester.

Transfer students whose equivalent courses have been posted to their records as "electives," numbered XXX, may use those courses as prerequisites if the department approves their equivalencies to similar UW–Madison courses. What is needed is a conversation with the undergraduate advisor either in the office or at SOAR.

### HONORS PROGRAM

A variety of courses in sociology offer honors credit, and may be used toward Honors in the Liberal Arts in the College of Letters & Science. These include the special honors introductory seminar, Sociology 181, Sociology 380 Contemporary Population Problems, other special honors sections of 100- and 200-level courses, and courses that provide honors by arrangement with the instructor. Sociology also has courses that award automatic honors, including SOC 362 Statistics for Sociologists III and SOC/C&E SOC 693 Practicum in Analysis and Research, and certain other upper-division courses designated by semester in the Course Guide. Sociology also makes special offerings of upper-level courses available to sophomores in the honors program for one semester at a time.

## HOW TO GET IN

### HOW TO GET IN

Students must meet with the undergraduate advisor and review the requirements prior to declaring the major.

To declare the Concentration in Analysis and Research, students must have completed SOC/C&E SOC 360 and SOC/C&E SOC 357 with a 3.000 GPA between the two courses.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- |                   |  |
|-------------------|--|
| General Education | <ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul> |
|-------------------|--|

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

Mathematics	Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.
-------------	--

- |          |  |
|----------|--|
| Language | <ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul> |
|----------|--|

- |            |  |
|------------|--|
| LS Breadth | <ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include 6 credits of literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul> |
|------------|--|

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced work	Complete at least 60 credits at the intermediate or advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	<ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2,000 in all coursework at UW–Madison</li> <li>• 2,000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

A minimum of 30 credits in SOC courses is required for the basic major. Students are strongly encouraged to complete the Foundation courses as early as possible; these courses are prerequisites for most upper-level SOC courses.

#### FOUNDATION (CORE)

Code	Title	Credits
<b>Introduction to SOC (1 course)</b>		
SOC/C&E SOC 210	Survey of Sociology	<b>3-4</b>
SOC/C&E SOC 211	The Sociological Enterprise	
SOC 181	Honors Introductory Seminar-The Sociological Enterprise	
<b>Research Methods <sup>1</sup></b>		
SOC/C&E SOC 357	Methods of Sociological Inquiry (Research Methods)	3-4
<b>Statistics <sup>2</sup></b>		
SOC/C&E SOC 360	Statistics for Sociologists I	3-4
or ECON 310	Statistics: Measurement in Economics	
or GEOG 360	Quantitative Methods in Geographical Analysis	
or MATH/STAT 310	Introduction to Probability and Mathematical Statistics II	
or PSYCH 210	Basic Statistics for Psychology	
or STAT 301	Introduction to Statistical Methods	

or STAT 371	Introductory Applied Statistics for the Life Sciences	
<b>Classical Theory</b>		
SOC/C&E SOC 475	Classical Sociological Theory	3
<b>Total Credits</b>		<b>12-15</b>

- <sup>1</sup> Students may take methods and statistics in the same semester. If students take methods and statistics in different semesters, we recommend taking methods before statistics as an entry point to the methods and materials of the field.
- <sup>2</sup> Statistics courses taken outside of the SOC subject do not count for 30-credits required in the major, nor are they upper level in the major.

## DISTRIBUTION

4 courses from at least 2 of these areas:

### Methods/Statistics

Code	Title	Credits
SOC 351	Introduction to Survey Methods for Social Research	3
SOC/C&E SOC 361	Statistics for Sociologists II	4
SOC 362	Statistics for Sociologists III	4
SOC/C&E SOC 365	Data Management for Social Science Research	3-4
SOC 375	Introduction to Mathematical Sociology	3
SOC 376	Mathematical Models of Social Systems	3
SOC 461	Study Abroad in Additional Methods and Statistics	1-6

### Theory

Code	Title	Credits
SOC 462	Study Abroad in Additional Theory	1-6
SOC 476	Contemporary Sociological Theory	3

### Deviant Behavior

Code	Title	Credits
SOC 421	Processes of Deviant Behavior	3-4
SOC/SOC WORK 422	Social Issues in Aging	3
SOC 441	Criminology	3-4
SOC 446	Juvenile Delinquency	3-4
SOC 463	Study Abroad in Deviant Behavior	1-6
SOC/GEN&WS/LEGAL ST 425	Crime, Gender and Justice	3
SOC/CHICLA/LEGAL ST 443	Immigration, Crime, and Enforcement	3-4
SOC/CHICLA/LEGAL ST 440	Ethnicity, Race, and Justice	3-4

### Social Psychology

Code	Title	Credits
SOC 444	Social Psychology: A Sociological Perspective	3-4
SOC/PSYCH 453	Human Sexuality	4
SOC 464	Study Abroad in Social Psychology	1-6

SOC/C&E SOC 532	Health Care Issues for Individuals, Families and Society	3
SOC/C&E SOC 533	Public Health in Rural & Urban Communities	3
SOC 535	Talk and Social Interaction	3
SOC 543	Collective Behavior	3
SOC/C&E SOC 573	Community Organization and Change	3
SOC 575	Sociological Perspectives on the Life Course and Aging	3
SOC/AMER IND/C&E SOC 578	Poverty and Place	3

### Social Organization

Code	Title	Credits
SOC/LEGAL ST 415	The Legal Profession	3-4
SOC 465	Study Abroad in Social Organization	1-6
SOC/CHICLA 470	Sociodemographic Analysis of Mexican Migration	3
SOC/GEN&WS 611	Gender, Science and Technology	3
SOC/C&E SOC/URB R PL 617	Community Development	3
SOC 621	Class, State and Ideology: an Introduction to Marxist Social Science	3
SOC 624	Political Sociology	3
SOC 626	Social Movements	3
SOC/C&E SOC 630	Sociology of Developing Societies/ Third World	3
SOC 632	Sociology of Organizations	3-4
SOC 633	Social Stratification	3
SOC 640	Sociology of the Family	3
SOC/LAW/LEGAL ST 641	Sociology of Law	3-4
SOC/C&E SOC/URB R PL 645	Modern American Communities	3
SOC 646	Race and Ethnic Relations	3
SOC 647	Sociology of Sport	3
SOC/ED POL 648	Sociology of Education	3
SOC/C&E SOC 650	Sociology of Agriculture	3
SOC/C&E SOC 652	Sociology of Economic Institutions	3
SOC/HISTORY 670	Capitalism, Socialism, and Democracy in America Since 1890	3-4
SOC 678	Sociology of Persecution	3

### Demography and Ecology

Code	Title	Credits
SOC 460	Study Abroad in Demography and Ecology	1-6
SOC 575	Sociological Perspectives on the Life Course and Aging	3
SOC/ECON 663	Population and Society	3
SOC 674	Demographic Techniques I	3

## Community and Environmental Sociology

Code	Title	Credits
SOC/C&E SOC 533	Public Health in Rural & Urban Communities	3
SOC/C&E SOC/ ENVIR ST 540	Sociology of International Development, Environment, and Sustainability	3
SOC/C&E SOC 541	Environmental Stewardship and Social Justice	3
SOC/C&E SOC 573	Community Organization and Change	3
SOC 575	Sociological Perspectives on the Life Course and Aging	3
SOC/AMER IND/ C&E SOC 578	Poverty and Place	3
SOC/C&E SOC/ URB R PL 617	Community Development	3
SOC/C&E SOC 650	Sociology of Agriculture	3

## ELECTIVES

Additional SOC courses to achieve the required 30 credits for the major.<sup>4</sup>

<sup>4</sup> A maximum one introductory course (SOC 181, SOC/C&E SOC 210, SOC/C&E SOC 211) may count toward the 30 required for the major.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all SOC courses and courses that count toward the major
- 2.000 GPA on 15 upper-level major credits, taken in Residence<sup>5</sup>
- 15 credits in SOC, taken on the UW–Madison campus

<sup>5</sup> SOC courses numbered 300–699 are upper level, except for: C&E SOC/SOC 357, C&E SOC/SOC 360, LEGAL ST/SOC 415, PSYCH/SOC 453, and SOC 497.

## SOCIOLOGY: CONCENTRATION IN ANALYSIS AND RESEARCH OPTION

View as listView as grid

- **SOCIOLOGY: CONCENTRATION IN ANALYSIS AND RESEARCH (P. 1393)**

## HONORS IN THE MAJOR

Students may declare Honors in the Sociology Major in consultation with the Sociology undergraduate advisor.

## HONORS IN THE SOCIOLOGY MAJOR: REQUIREMENTS

To earn Honors in the Major in Sociology, students must satisfy the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all SOC courses, and all courses accepted in the major
- Complete 21 credits, taken for Honors, with individual grades of B or better, to include:

Code	Title	Credits
SOC/C&E SOC 357	Methods of Sociological Inquiry	4
SOC/C&E SOC 475	Classical Sociological Theory	3
SOC 681	Senior Honors Thesis	3
SOC 682	Senior Honors Thesis	3

The remaining Honors credits, to reach the 21 credit minimum, must be in courses numbered 300 or above.

Students may declare the Concentration in Analysis and Research ("CAR"). Speak to the major advisor about this option.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. (Conduct Research and Analyze Data) Sociology encompasses both qualitative and quantitative research methods. Quantitative methods are used in market research, opinion polling, sales, government, and countless other applications and allow researchers to recognize trends and patterns and produce social statistics. Qualitative research skills provide an in depth understanding of interactions, communications, worksite practices, and social worlds. Advanced sociological research methods require graduate-level training beyond the scope of our undergraduate major, but we expect that all undergraduate majors will be able to conduct small-scale research using surveys, interviews, experiments, textual analysis or observations in which they formulate a research question, collect data, analyze results, and draw conclusions.
2. (Critically Evaluate Published Research) Sociology graduates will be able to read and evaluate published research as it appears in academic journals and popular or policy publications. They will be able to identify the research methods used, assess the quality of the sample, assess

the quality of measurements and procedures, evaluate the links between the data and the interpretations, identify possible threats to the validity of the results, and provide an overall assessment of the trustworthiness of the research results. They will be able to read and evaluate a set of research articles on the same broad issue and be able to draw summarize the research findings across multiple issue.

3. (Communicate Skillfully) Because the sociology major involves a large amount of reading, writing, and discussion, majors learn how to convey ideas effectively in writing, presentations, and everyday conferences and meetings. Sociology majors write papers and make oral presentations that build arguments and assess evidence in a clear and effective manner.
4. (Critical Thinking about Society and Social Processes) Sociological inquiry involves learning to look beyond the surface of issues to discover the "why" and "how" of social order and structure. Sociology majors develop strong analytical skills and learn to solve problems and identify opportunities. They are able to consider the underlying social mechanisms that may be creating a situation, identify evidence that may adjudicate between alternate explanations for phenomena, and develop proposed policies or action plans in light of theory and data.
5. (See Things from a Global Perspective) Sociologists learn about different cultures, groups, and societies. They examine both variation and universality across places and through history. They are aware of the diversity of backgrounds and experiences among residents of the United States. They understand the ways events and processes in one country are linked to those in other countries.
6. (Prepare for Graduate School and the Job Market) An undergraduate major in sociology provides an excellent foundation for work and graduate study in a wide range of fields including law, business, social work, medicine, policy research, public health, public administration and, of course, sociology. With the aid of faculty and staff, students use their social research skills to identify opportunities for employment or further study, assess their qualifications for these opportunities, and identify strategies for gaining the necessary knowledge and experience to improve their qualifications. Students are encouraged to develop and maintain portfolios of their written work and educational experiences to aid them in preparing applications.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits
Communication A	3 SOC/C&E SOC 210 or 211 (SOC 211 also satisfies Communication B)	3-4
Quantitative Reasoning A	3 SOC/C&E SOC 357	4

Foreign Language (if required)	4 Biological Science Breadth	3
Ethnic Studies (may be taken in the major)	3 Intermediate MATH, COMP SCI or STAT (for BS)	3
Physical Science Breadth	3	
	<b>16</b>	<b>14</b>

#### Second Year

Fall	Credits Spring	Credits
SOC/C&E SOC 360 (satisfies Quantitative Reasoning B)	4 SOC/C&E SOC 475	3
INTER-LS 210	1 SOC Distribution (upper level)	4
Humanities Breadth	3 Natural Science Breadth	3
Science Breadth	3 Literature Breadth	3
Elective	4 Elective	2
	<b>15</b>	<b>15</b>

#### Third Year

Fall	Credits Spring	Credits
Declare the major	SOC Distribution (upper level)	4
Humanities Breadth	6 Electives	11

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

This university is a very big place. Even the most well-prepared new students will have moments when they say to themselves, "Uh oh. What have I got myself into going to such a big school? Choosing courses at SOAR was stressful, fun, or both, but after SOAR am I on my own?" The answer is no. Every student has at least one assigned advisor. Over the course of their time at the university, students may have several assigned advisors. That is a good thing; L&S advisors are highly networked, and they always communicate with each other about shared students.

When students read their DARS reports – documents that were developed to help them find their way to a timely graduation – they can feel overwhelmed; it looks like they need 500 credits to graduate. How can they get all those requirements done? Do sociology (or Spanish, or English) majors really have to take biology courses?

In the Sociology Department, we take advising very seriously. We encourage our majors to see the advisor at least once every semester.

The advisor will help you summarize the DARS and map your completed coursework onto the goals and timeline for graduation, including the sociology major and L&S requirements. The sociology advisor will have departmental or college news about guest speakers, new faculty, new courses, internships, and scholarships. This advisor will also be able to assist in preparation for, and applications to graduate school, and be able to connect students with faculty whose information about various sociology programs is always the most current. The sociology advisor will also see freshmen and sophomores exploring the major in sociology. See academic advising (<https://sociology.wisc.edu/undergraduate-program/academic-advising/>) for more information.

## PREREQUISITES, L&S BREADTH, AND COURSE LEVELS

Sociology course numbers over 300 indicate subject matter rather than level of difficulty. Unless indicated otherwise, prerequisites at the upper level are junior standing and an introductory course in sociology or consent of the instructor.

Most courses in sociology count toward the social studies breadth requirement. Courses SOC/GEN&WS 200 Introduction to Lesbian, Gay, Bisexual, Transgender and Queer+ Studies, SOC/ASIAN/GEOG/HISTORY/POLI SCI 244 Introduction to Southeast Asia: Vietnam to the Philippines, and SOC/AFRICAN/AFROAMER/ANTHRO/GEOG/HISTORY/POLI SCI 277 Africa: An Introductory Survey count toward breadth requirements in either humanities or social studies. The following do not count toward any breadth requirement:

Code	Title	Credits
SOC/C&E SOC 357	Methods of Sociological Inquiry	3-4
SOC/C&E SOC 360	Statistics for Sociologists I	4
SOC 362	Statistics for Sociologists III	4
SOC 496	Topics in Sociology	1-3
SOC/C&E SOC 693	Practicum in Analysis and Research	3
SOC/LEGAL ST 694	Criminal Justice Field Observation	2-3

## CAREERS

Sociology majors do very well in the job market. The critical, analytic, and quantitative skills they have mastered in the major, along with their commitments to social justice and their understanding of organizations make them desirable job candidates. Every year the department invites sociology alumni to campus for career panels or “speed mentoring.” Current sociology majors get to talk to people only slightly older than themselves who have successfully made the transitions from undergraduate to professional.

Sociology also has an advisor devoted exclusively to careers. This advisor teaches a one-credit course where students learn the arts of resume building and resume writing, applying for and getting internships, and in which they practice self-reflection activities which lead to insights about what they really want to do after college, and where they learn how to make connections between their academic work and their work in the “real world.” This advisor is also available for one-on-one advising.

Our career advisor also partners with the L&S Career Services office to help you leverage the academic skills learned in your major and liberal arts degree, explore and try out different career paths, participate in internships, prepare for the job search and/or graduate school applications, and network with professionals in the field (alumni and employers). See SuccessWorks for more information.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

### PEOPLE

**Faculty:** Professors Schwartz (chair, Sociology), Borman (affiliated), Carlson, Elwert, Emirbayer, Ermakoff, Fletcher, Freeland, Friedland (affiliated), Fujimura, Gerber, Goldberg, Grodsky, Lim, Logan, Massoglia, Maynard, Montgomery, Morales (affiliated), Nobles, Nordheim (affiliated), Rogers (director, COWS), Schaeffer (director, UWSC), Seidman, Thornton (affiliated); Associate Professors Christens (affiliated), Conti, Eason, Engelman, Feinstein, Grant (director, Graduate Studies), Higgins (affiliated), Light, Shoemaker (affiliated); Assistant Professors Addo (affiliated), Conwell, Halpern-Meekin (affiliated), Jensen, Leachman (affiliated), O'Brien (affiliated), Oh, Simmons (affiliated), Xiong (affiliated).

For more information about individual faculty members, the research they do, and the classes they teach, see the Sociology web page (<https://sociology.wisc.edu/faculty/>).

## WISCONSIN EXPERIENCE

### WISCONSIN EXPERIENCE ESSENTIAL LEARNING IN THE COLLEGE OF LETTERS & SCIENCE

The three elements of learning described below – tools, breadth, and depth – work together to create a broad and rich education in the liberal arts and sciences, and promote attainment of core areas of essential learning: knowledge of human cultures and the natural and physical world, intellectual and practical skills, personal and social responsibility, and integrative and applied learning. These and countless other experiences comprise the Letters & Science approach to helping students obtain a distinctive *Wisconsin Experience*.

Additional information about the Wisconsin Experience can be found through the Office of Admissions and Recruitment/Why UW link ([https://www.admissions.wisc.edu/why/wisconsin\\_experience.php](https://www.admissions.wisc.edu/why/wisconsin_experience.php)).

## SOCIOLOGY: CONCENTRATION IN ANALYSIS AND RESEARCH

The Concentration in Analysis and Research—an elective option within the undergraduate sociology major—is designed for students who do well and are interested in research methods and statistics. CAR prepares students for entry-level jobs in applied social research and/or for graduate study. Key features of the concentration include advanced statistics courses, training in social science computing, and research. By selecting appropriate electives and internships, students may focus their training on demography, survey research, marketing and communications, criminal justice, health care, education, social services, natural resources, organizations, or personnel and human resources.

## REQUIREMENTS

### REQUIREMENTS

Students pursuing the Sociology: Concentration in Analysis and Research (CAR) option must complete:

- the Foundation (Core), Residence, and Quality of Work requirements of the general Sociology major
- at least 36 credits of coursework in the SOC subject, and
- the Concentration in Analysis and Research requirements detailed below.

### ADDITIONAL CAR REQUIREMENTS

Code	Title	Credits
<b>Additional Statistics</b>		
Complete two courses:		
SOC/C&E SOC 361 or ECON 410	Statistics for Sociologists II Introductory Econometrics	4
SOC 362 or STAT 312	Statistics for Sociologists III Introduction to Theory and Methods of Mathematical Statistics II	3

### Data Management

SOC/C&E SOC 365	Data Management for Social Science Research	3-4
-----------------	--	-----

### Distribution

Complete two Research Electives:		6
SOC 351	Introduction to Survey Methods for Social Research	
SOC 375	Introduction to Mathematical Sociology	
SOC 376	Mathematical Models of Social Systems	
SOC 535	Talk and Social Interaction	
SOC 575	Sociological Perspectives on the Life Course and Aging	
SOC/AMER IND/ C&E SOC 578	Poverty and Place	
SOC 633	Social Stratification	
SOC 674	Demographic Techniques I	
SOC/ C&E SOC 676	Applied Demography: Planning and Policy	
MATH 415	Applied Dynamical Systems, Chaos and Modeling	
MATH/ISYE/ OTM/STAT 632	Introduction to Stochastic Processes	
POLI SCI 305	Elections and Voting Behavior	
POLI SCI 515	Public Opinion	
PSYCH 225	Research Methods	
STAT 349	Introduction to Time Series	
STAT 351	Introductory Nonparametric Statistics	
STAT 411	An Introduction to Sample Survey Theory and Methods	
STAT 421	Applied Categorical Data Analysis	
STAT/BMI 642	Statistical Methods for Epidemiology	
INFO SYS 371	Technology of Computer-Based Business Systems	
MARKETNG 310	Marketing Research	

### Research Practicum

SOC/C&E SOC 693	Practicum in Analysis and Research	3
-----------------	------------------------------------	---

### Total Credits

**19-20**

## RESIDENCE AND QUALITY OF WORK

- A minimum 3.000 GPA on all CAR-specific courses is required at the time of graduation.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

## SOCIOLOGY, BS

Sociology applies the methods of science to explain social behavior. The interactions of individuals in families, groups, or organizations, and the institutions, social class, or shared beliefs of a common culture are all subjects for sociological research. There are many career opportunities open to people who complete a major in sociology, including business, counseling and social service, public policy, law, and criminal justice.

Students interested in sociology should meet with the undergraduate advisor before they register for the second semester of the sophomore year. The undergraduate office's resource center holds detailed information about the major, the department, research interests of sociology faculty, career opportunities, and student work. Declaration of the major during the sophomore year will give students access to required sociology courses for fall of the junior year.

### CRIMINAL JUSTICE CERTIFICATE

Sociology majors wishing to earn a certificate in criminal justice may do so with a minimum of additional course requirements and permission of the Criminal Justice advisor. See Criminal Justice (p. 574) section in this Guide.

### ENROLLMENT

Required courses for the sociology major and for the CAR option may have temporary course controls that send non-declared students "Course Requisites Not Met" enrollment error messages. Certain 100-numbered courses each semester are restricted to freshmen and sophomores until freshmen have enrolled. Check the Course Guide for notes each semester.

Transfer students whose equivalent courses have been posted to their records as "electives," numbered XXX, may use those courses as prerequisites if the department approves their equivalencies to similar UW-Madison courses. What is needed is a conversation with the undergraduate advisor either in the office or at SOAR.

### HONORS PROGRAM

A variety of courses in sociology offer honors credit, and may be used toward Honors in the Liberal Arts in the College of Letters & Science. These include the special honors introductory seminar, Sociology 181, Sociology 380 Contemporary Population Problems, other special honors sections of 100- and 200-level courses, and courses that provide honors by arrangement with the instructor. Sociology also has courses that award automatic honors, including SOC 362 Statistics for Sociologists III and SOC/C&E SOC 693 Practicum in Analysis and Research, and certain other upper-division courses designated by semester in the Course Guide. Sociology also makes special offerings of upper-level courses available to sophomores in the honors program for one semester at a time.

### HOW TO GET IN

### HOW TO GET IN

Students must meet with the undergraduate advisor and review the requirements prior to declaring the major.

To declare the Concentration in Analysis and Research, students must have completed SOC/C&E SOC 360 and SOC/C&E SOC 357 with a 3.000 GPA between the two courses.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

- General Education
- Breadth–Humanities/Literature/Arts: 6 credits
  - Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
  - Breadth–Social Studies: 3 credits
  - Communication Part A Part B \*
  - Ethnic Studies \*
  - Quantitative Reasoning Part A Part B \*

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced Coursework	Complete at least 60 credits at the Intermediate or Advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	Complete both: <ul style="list-style-type: none"> <li>• 30 credits in residence, overall, and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non–L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

A minimum of 30 credits in SOC courses is required for the basic major. Students are strongly encouraged to complete the Foundation courses as early as possible; these courses are prerequisites for most upper-level SOC courses.

#### FOUNDATION (CORE)

Code	Title	Credits
<b>Introduction to SOC (1 course)</b>		<b>3-4</b>
SOC/C&E SOC 210	Survey of Sociology	
SOC/C&E SOC 211	The Sociological Enterprise	
SOC 181	Honors Introductory Seminar-The Sociological Enterprise	
<b>Research Methods<sup>1</sup></b>		
SOC/C&E SOC 357	Methods of Sociological Inquiry (Research Methods)	3-4
<b>Statistics<sup>2</sup></b>		
SOC/C&E SOC 360	Statistics for Sociologists I	3-4
or ECON 310	Statistics: Measurement in Economics	
or GEOG 360	Quantitative Methods in Geographical Analysis	
or MATH/STAT 310	Introduction to Probability and Mathematical Statistics II	
or PSYCH 210	Basic Statistics for Psychology	
or STAT 301	Introduction to Statistical Methods	
or STAT 371	Introductory Applied Statistics for the Life Sciences	
<b>Classical Theory</b>		
SOC/C&E SOC 475	Classical Sociological Theory	3
<b>Total Credits</b>		<b>12-15</b>

<sup>1</sup> Students may take methods and statistics in the same semester. If students take methods and statistics in different semesters, we recommend taking methods before statistics as an entry point to the methods and materials of the field.

<sup>2</sup> Statistics courses taken outside of the SOC subject do not count for 30-credits required in the major, nor are they upper level in the major.

## DISTRIBUTION

4 courses from at least 2 of these areas:

### Methods/Statistics

Code	Title	Credits
SOC 351	Introduction to Survey Methods for Social Research	3
SOC/C&E SOC 361	Statistics for Sociologists II	4
SOC 362	Statistics for Sociologists III	4
SOC/C&E SOC 365	Data Management for Social Science Research	3-4
SOC 375	Introduction to Mathematical Sociology	3
SOC 376	Mathematical Models of Social Systems	3
SOC 461	Study Abroad in Additional Methods and Statistics	1-6

### Theory

Code	Title	Credits
SOC 462	Study Abroad in Additional Theory	1-6
SOC 476	Contemporary Sociological Theory	3

### Deviant Behavior

Code	Title	Credits
SOC 421	Processes of Deviant Behavior	3-4
SOC/ SOC WORK 422	Social Issues in Aging	3
SOC 441	Criminology	3-4
SOC 446	Juvenile Delinquency	3-4
SOC 463	Study Abroad in Deviant Behavior	1-6
SOC/GEN&WS/ LEGAL ST 425	Crime, Gender and Justice	3
SOC/CHICLA/ LEGAL ST 443	Immigration, Crime, and Enforcement	3-4
SOC/CHICLA/ LEGAL ST 440	Ethnicity, Race, and Justice	3-4

### Social Psychology

Code	Title	Credits
SOC 444	Social Psychology: A Sociological Perspective	3-4
SOC/PSYCH 453	Human Sexuality	4
SOC 464	Study Abroad in Social Psychology	1-6
SOC/C&E SOC 532	Health Care Issues for Individuals, Families and Society	3
SOC/C&E SOC 533	Public Health in Rural & Urban Communities	3
SOC 535	Talk and Social Interaction	3

SOC 543	Collective Behavior	3
SOC/C&E SOC 573	Community Organization and Change	3
SOC 575	Sociological Perspectives on the Life Course and Aging	3
SOC/AMER IND/ C&E SOC 578	Poverty and Place	3

### Social Organization

Code	Title	Credits
SOC/LEGAL ST 415	The Legal Profession	3-4
SOC 465	Study Abroad in Social Organization	1-6
SOC/CHICLA 470	Sociodemographic Analysis of Mexican Migration	3
SOC/GEN&WS 611	Gender, Science and Technology	3
SOC/C&E SOC/ URB R PL 617	Community Development	3
SOC 621	Class, State and Ideology: an Introduction to Marxist Social Science	3
SOC 624	Political Sociology	3
SOC 626	Social Movements	3
SOC/C&E SOC 630	Sociology of Developing Societies/ Third World	3
SOC 632	Sociology of Organizations	3-4
SOC 633	Social Stratification	3
SOC 640	Sociology of the Family	3
SOC/LAW/ LEGAL ST 641	Sociology of Law	3-4
SOC/C&E SOC/ URB R PL 645	Modern American Communities	3
SOC 646	Race and Ethnic Relations	3
SOC 647	Sociology of Sport	3
SOC/ED POL 648	Sociology of Education	3
SOC/C&E SOC 650	Sociology of Agriculture	3
SOC/C&E SOC 652	Sociology of Economic Institutions	3
SOC/HISTORY 670	Capitalism, Socialism, and Democracy in America Since 1890	3-4
SOC 678	Sociology of Persecution	3

### Demography and Ecology

Code	Title	Credits
SOC 460	Study Abroad in Demography and Ecology	1-6
SOC 575	Sociological Perspectives on the Life Course and Aging	3
SOC/ECON 663	Population and Society	3
SOC 674	Demographic Techniques I	3

### Community and Environmental Sociology

Code	Title	Credits
SOC/C&E SOC 533	Public Health in Rural & Urban Communities	3
SOC/C&E SOC/ ENVIR ST 540	Sociology of International Development, Environment, and Sustainability	3

SOC/C&E SOC 541	Environmental Stewardship and Social Justice	3
SOC/C&E SOC 573	Community Organization and Change	3
SOC 575	Sociological Perspectives on the Life Course and Aging	3
SOC/AMER IND/ C&E SOC 578	Poverty and Place	3
SOC/C&E SOC/ URB R PL 617	Community Development	3
SOC/C&E SOC 650	Sociology of Agriculture	3

### ELECTIVES

Additional SOC courses to achieve the required 30 credits for the major.<sup>4</sup>

<sup>4</sup> A maximum one introductory course (SOC 181, SOC/C&E SOC 210, SOC/C&E SOC 211) may count toward the 30 required for the major.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all SOC courses and courses that count toward the major
- 2.000 GPA on 15 upper-level major credits, taken in Residence<sup>5</sup>
- 15 credits in SOC, taken on the UW–Madison campus

<sup>5</sup> SOC courses numbered 300–699 are upper level, except for: C&E SOC/SOC 357, C&E SOC/SOC 360, LEGAL ST/SOC 415, PSYCH/SOC 453, and SOC 497.

## SOCIOLOGY: CONCENTRATION IN ANALYSIS AND RESEARCH OPTION

View as listView as grid

- **SOCIOLOGY: CONCENTRATION IN ANALYSIS AND RESEARCH (P. 1393)**

## HONORS IN THE MAJOR

Students may declare Honors in the Sociology Major in consultation with the Sociology undergraduate advisor.

### HONORS IN THE SOCIOLOGY MAJOR: REQUIREMENTS

To earn Honors in the Major in Sociology, students must satisfy the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all SOC courses, and all courses accepted in the major
- Complete 21 credits, taken for Honors, with individual grades of B or better, to include:

Code	Title	Credits
SOC/C&E SOC 357	Methods of Sociological Inquiry	4
SOC/C&E SOC 475	Classical Sociological Theory	3
SOC 681	Senior Honors Thesis	3
SOC 682	Senior Honors Thesis	3

The remaining Honors credits, to reach the 21 credit minimum, must be in courses numbered 300 or above.

Students may declare the Concentration in Analysis and Research ("CAR"). Speak to the major advisor about this option.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. (Conduct Research and Analyze Data) Sociology encompasses both qualitative and quantitative research methods. Quantitative methods are used in market research, opinion polling, sales, government, and countless other applications and allow researchers to recognize trends and patterns and produce social statistics. Qualitative research skills provide an in depth understanding of interactions, communications, worksite practices, and social worlds. Advanced sociological research methods require graduate-level training beyond the scope of our undergraduate major, but we expect that all undergraduate majors will be able to conduct small-scale research using surveys, interviews, experiments, textual analysis or observations in which they formulate a research question, collect data, analyze results, and draw conclusions.
2. (Critically Evaluate Published Research) Sociology graduates will be able to read and evaluate published research as it appears in academic journals and popular or policy publications. They will be able to identify the research methods used, assess the quality of the sample, assess the quality of measurements and procedures, evaluate the links between the data and the interpretations, identify possible threats to the validity of the results, and provide an overall assessment of the trustworthiness of the research results. They will be able to read and evaluate a set of research articles on the same broad issue and be able to draw summarize the research findings across multiple issue.

3. (Communicate Skillfully) Because the sociology major involves a large amount of reading, writing, and discussion, majors learn how to convey ideas effectively in writing, presentations, and everyday conferences and meetings. Sociology majors write papers and make oral presentations that build arguments and assess evidence in a clear and effective manner.
4. (Critical Thinking about Society and Social Processes) Sociological inquiry involves learning to look beyond the surface of issues to discover the "why" and "how" of social order and structure. Sociology majors develop strong analytical skills and learn to solve problems and identify opportunities. They are able to consider the underlying social mechanisms that may be creating a situation, identify evidence that may adjudicate between alternate explanations for phenomena, and develop proposed policies or action plans in light of theory and data.
5. (See Things from a Global Perspective) Sociologists learn about different cultures, groups, and societies. They examine both variation and universality across places and through history. They are aware of the diversity of backgrounds and experiences among residents of the United States. They understand the ways events and processes in one country are linked to those in other countries.
6. (Prepare for Graduate School and the Job Market) An undergraduate major in sociology provides an excellent foundation for work and graduate study in a wide range of fields including law, business, social work, medicine, policy research, public health, public administration and, of course, sociology. With the aid of faculty and staff, students use their social research skills to identify opportunities for employment or further study, assess their qualifications for these opportunities, and identify strategies for gaining the necessary knowledge and experience to improve their qualifications. Students are encouraged to develop and maintain portfolios of their written work and educational experiences to aid them in preparing applications.

## Second Year

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits
Communication A	3 SOC/C&E SOC 210 or 211 (SOC 211 also satisfies Communication B)	3-4
Quantitative Reasoning A	3 SOC/C&E SOC 357	4

## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### ADVISING

This university is a very big place. Even the most well-prepared new students will have moments when they say to themselves, "Uh oh. What have I got myself into going to such a big school? Choosing courses that SOAR was stressful, fun, or both, but after SOAR am I on my own?" The answer is no. Every student has at least one assigned advisor. Over the course of their time at the university, students may have several assigned advisors. That is a good thing; L&S advisors are highly networked, and they always communicate with each other about shared students.

When students read their DARS reports – documents that were developed to help them find their way to a timely graduation – they can feel overwhelmed; it looks like they need 500 credits to graduate. How can they get all those requirements done? Do sociology (or Spanish, or English) majors really have to take biology courses?

In the Sociology Department, we take advising very seriously. We encourage our majors to see the advisor at least once every semester. The advisor will help you summarize the DARS and map your completed coursework onto the goals and timeline for graduation, including the sociology major and L&S requirements. The sociology advisor will have departmental or college news about guest speakers, new faculty, new courses, internships, and scholarships. This advisor will also be able to assist in preparation for, and applications to graduate school, and be able to connect students with faculty whose information about various

sociology programs is always the most current. The sociology advisor will also see freshmen and sophomores exploring the major in sociology. See academic advising (<https://sociology.wisc.edu/undergraduate-program/academic-advising/>) for more information.

## PREREQUISITES, L&S BREADTH, AND COURSE LEVELS

Sociology course numbers over 300 indicate subject matter rather than level of difficulty. Unless indicated otherwise, prerequisites at the upper level are junior standing and an introductory course in sociology or consent of the instructor.

Most courses in sociology count toward the social studies breadth requirement. Courses SOC/GEN&WS 200 Introduction to Lesbian, Gay, Bisexual, Transgender and Queer+ Studies, SOC/ASIAN/GEOG/HISTORY/POLI SCI 244 Introduction to Southeast Asia: Vietnam to the Philippines, and SOC/AFRICAN/AFROAMER/ANTHRO/GEOG/HISTORY/POLI SCI 277 Africa: An Introductory Survey count toward breadth requirements in either humanities or social studies. The following do not count toward any breadth requirement:

Code	Title	Credits
SOC/C&E SOC 357	Methods of Sociological Inquiry	3-4
SOC/C&E SOC 360	Statistics for Sociologists I	4
SOC 362	Statistics for Sociologists III	4
SOC 496	Topics in Sociology	1-3
SOC/C&E SOC 693	Practicum in Analysis and Research	3
SOC/LEGAL ST 694	Criminal Justice Field Observation	2-3

## CAREERS

Sociology majors do very well in the job market. The critical, analytic, and quantitative skills they have mastered in the major, along with their commitments to social justice and their understanding of organizations make them desirable job candidates. Every year the department invites sociology alumni to campus for career panels or “speed mentoring.” Current sociology majors get to talk to people only slightly older than themselves who have successfully made the transitions from undergraduate to professional.

Sociology also has an advisor devoted exclusively to careers. This advisor teaches a one-credit course where students learn the arts of resume building and resume writing, applying for and getting internships, and in which they practice self-reflection activities which lead to insights about what they really want to do after college, and where they learn how to make connections between their academic work and their work in the “real world.” This advisor is also available for one-on-one advising.

Our career advisor also partners with the L&S Career Services office to help you leverage the academic skills learned in your major and liberal arts degree, explore and try out different career paths, participate in internships, prepare for the job search and/or graduate school applications, and network with professionals in the field (alumni and employers). See SuccessWorks for more information.

## L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) – a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences
- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## PEOPLE

## PEOPLE

**Faculty:** Professors Schwartz (chair, Sociology), Borman (affiliated), Carlson, Elwert, Emirbayer, Ermakoff, Fletcher, Freeland, Friedland (affiliated), Fujimura, Gerber, Goldberg, Grodsky, Lim, Logan, Massoglia, Maynard, Montgomery, Morales (affiliated), Nobles, Nordheim (affiliated), Rogers (director, COWS), Schaeffer (director, UWSC), Seidman, Thornton (affiliated); Associate Professors Christens (affiliated), Conti, Eason, Engelman, Feinstein, Grant (director, Graduate Studies), Higgins (affiliated), Light, Shoemaker (affiliated); Assistant Professors Addo (affiliated), Conwell, Halpern-Meekin (affiliated), Jensen, Leachman (affiliated), O'Brien (affiliated), Oh, Simmons (affiliated), Xiong (affiliated).

## WISCONSIN EXPERIENCE

## WISCONSIN EXPERIENCE ESSENTIAL LEARNING IN THE COLLEGE OF LETTERS & SCIENCE

The three elements of learning described below – tools, breadth, and depth – work together to create a broad and rich education in the liberal arts and sciences, and promote attainment of core areas of essential learning: knowledge of human cultures and the natural and physical world, intellectual and practical skills, personal and social responsibility, and integrative and applied learning. These and countless other experiences

comprise the Letters & Science approach to helping students obtain a distinctive *Wisconsin Experience*.

Additional information about the Wisconsin Experience can be found through the Office of Admissions and Recruitment/Why UW link ([https://www.admissions.wisc.edu/why/wisconsin\\_experience.php](https://www.admissions.wisc.edu/why/wisconsin_experience.php)).

# SOCIOLOGY: CONCENTRATION IN ANALYSIS AND RESEARCH

The Concentration in Analysis and Research—an elective option within the undergraduate sociology major—is designed for students who do well and are interested in research methods and statistics. CAR prepares students for entry-level jobs in applied social research and/or for graduate study. Key features of the concentration include advanced statistics courses, training in social science computing, and research. By selecting appropriate electives and internships, students may focus their training on demography, survey research, marketing and communications, criminal justice, health care, education, social services, natural resources, organizations, or personnel and human resources.

## REQUIREMENTS

Students pursuing the Sociology: Concentration in Analysis and Research (CAR) option must complete:

- the Foundation (Core), Residence, and Quality of Work requirements of the general Sociology major
- at least 36 credits of coursework in the SOC subject, and
- the Concentration in Analysis and Research requirements detailed below.

### ADDITIONAL CAR REQUIREMENTS

Code	Title	Credits
<b>Additional Statistics</b>		
Complete two courses:		
SOC/C&E SOC 361 or ECON 410	Statistics for Sociologists II Introductory Econometrics	4
SOC 362 or STAT 312	Statistics for Sociologists III Introduction to Theory and Methods of Mathematical Statistics II	3
<b>Data Management</b>		
SOC/C&E SOC 365	Data Management for Social Science Research	3-4
<b>Distribution</b>		
Complete two Research Electives:		6
SOC 351	Introduction to Survey Methods for Social Research	
SOC 375	Introduction to Mathematical Sociology	
SOC 376	Mathematical Models of Social Systems	
SOC 535	Talk and Social Interaction	
SOC 575	Sociological Perspectives on the Life Course and Aging	

SOC/AMER IND/ C&E SOC 578	Poverty and Place
SOC 633	Social Stratification
SOC 674	Demographic Techniques I
SOC/ C&E SOC 676	Applied Demography: Planning and Policy
MATH 415	Applied Dynamical Systems, Chaos and Modeling
MATH/ISYE/ OTM/STAT 632	Introduction to Stochastic Processes
POLI SCI 305	Elections and Voting Behavior
POLI SCI 515	Public Opinion
PSYCH 225	Research Methods
STAT 349	Introduction to Time Series
STAT 351	Introductory Nonparametric Statistics
STAT 411	An Introduction to Sample Survey Theory and Methods
STAT 421	Applied Categorical Data Analysis

## SPANISH AND PORTUGUESE

The Department of Spanish & Portuguese offers an integrated curriculum in introductory and specialized instruction in Spanish and Portuguese languages, literatures, and linguistics for undergraduates to fulfill major, college, and campus requirements as well as for those seeking fluency and a solid language preparation for other opportunities. The objectives and goals of the undergraduate majors include the skills of advanced proficiency in oral communication and written expression, an understanding of Hispanic and Luso-Brazilian cultures, general familiarity with aspects of Hispanic and Luso-Brazilian literatures, and an understanding of aspects of Ibero-Romance linguistics.

## PORTUGUESE, BA

Here are some of the many reasons to learn Portuguese.

- Close to 250 million people speak Portuguese. Brazil alone has a population of 205 million.
- Portuguese is the sixth-most widely spoken language in the world, before German (10th), French (11th) and Italian (15th).
- Portuguese is spoken in 11 countries on four continents. Portuguese is the official language of Portugal, Brazil, Angola, Cape Verde, Guinea-Bissau, Mozambique, São Tomé and Príncipe, East Timor, and is also widely spoken in Equatorial Guinea, Macau (China), and Goa (India).
- Portuguese is a working and/or official language of important international organizations, such as the African Union, the Community of Portuguese Language Countries, the European Union, Mercosul, the Organization of American States, and the Organization of Ibero-American States.
- An estimated 1.3 million native Portuguese speakers live in the United States.
- To study Portuguese is an asset in today's global economy. For example, Brazil's economy is among the largest in the world.
- The Portuguese novelist José Saramago won the 1998 Nobel Prize for Literature. The music, festivities, culture, and art of the Portuguese-speaking countries are appreciated all over the world.
- Portuguese shares some grammar rules, sentence structure, and similar vocabulary words with other Romance languages. If you already speak French, Spanish or Italian, Portuguese is an easy and fun language to learn.
- You will certainly enjoy our Portuguese classes that are student-focused and culturally engaging. Our 101-102 textbook will soon be available as an interactive open-access e-book.
- Last but not least, Brazil is the only country that has won the World Soccer Cup Championship five times.

## HOW TO GET IN

### HOW TO GET IN

Students may declare at any time in consultation with the Portuguese undergraduate advisor.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 31) section of the *Guide*.

General Education	<ul style="list-style-type: none"> <li>• Breadth–Humanities/Literature/Arts: 6 credits</li> <li>• Breadth–Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits</li> <li>• Breadth–Social Studies: 3 credits</li> <li>• Communication Part A Part B *</li> <li>• Ethnic Studies *</li> <li>• Quantitative Reasoning Part A Part B *</li> </ul>
-------------------	--

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF ARTS (BA)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum.

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

Mathematics Complete the University General Education Requirements for Quantitative Reasoning A (QR-A) and Quantitative Reasoning B (QR-B) coursework.

Language	<ul style="list-style-type: none"> <li>• Complete the fourth unit of a language other than English; OR</li> <li>• Complete the third unit of a language and the second unit of an additional language other than English.</li> </ul>
LS Breadth	<ul style="list-style-type: none"> <li>• 12 credits of Humanities, which must include 6 credits of literature; and</li> <li>• 12 credits of Social Science; and</li> <li>• 12 credits of Natural Science, which must include one 3+ credit Biological Science course and one 3+ credit Physical Science course.</li> </ul>
Liberal Arts and Science Coursework	Complete at least 108 credits.
Depth of Intermediate/Advanced work	Complete at least 60 credits at the intermediate or advanced level.
Major	Declare and complete at least one major.
Total Credits	Complete at least 120 credits.
UW-Madison Experience	<ul style="list-style-type: none"> <li>• 30 credits in residence, overall; and</li> <li>• 30 credits in residence after the 86th credit.</li> </ul>
Quality of Work	<ul style="list-style-type: none"> <li>• 2.000 in all coursework at UW–Madison</li> <li>• 2.000 in Intermediate/Advanced level coursework at UW–Madison</li> </ul>

### NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

### REQUIREMENTS FOR THE MAJOR

25 credits from PORTUG 202-699, to include:

Code	Title	Credits
<b>Portuguese Literature</b>		
PORTUG 221	Introduction to Luso-Brazilian Literatures	4
And complete one of the following:		3
PORTUG 411	Survey of Portuguese Literature before 1825	
PORTUG 412	Survey of Brazilian Literature before 1890	
PORTUG/GEN&WS 450	Brazilian Women Writers	
PORTUG/AFRICAN 451	Lusophone African Literature	
PORTUG 467	Survey of Portuguese Literature since 1825	
PORTUG 468	Survey of Brazilian Literature since 1890	
<b>Portuguese Culture/Civilization (complete one):</b>		<b>3</b>
PORTUG 361	Portuguese Civilization	

PORTUG 362	Brazilian Civilization	
PORTUG/ GEN&WS 460	Carmen Miranda	
PORTUG 642	Topics in Luso-Brazilian Culture	
<b>Composition and Conversation (complete two):</b>		<b>6</b>
PORTUG 225	Third Year Conversation and Composition	
PORTUG 226	Third Year Conversation and Composition	
PORTUG 311	Fourth Year Composition and Conversation	
PORTUG 312	Fourth Year Composition and Conversation	
<b>Elective Courses from PORTUG 202-699<sup>1</sup></b>		<b>9</b>
<b>Total Credits</b>		<b>25</b>

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in PORTUG and all major courses
- 2.000 GPA on 15 upper-level major credits in residence<sup>2</sup>
- 15 credits in PORTUG, taken at UW-Madison

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Portuguese undergraduate advisor.

### Honors in the Portuguese Major Requirements

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn 3.500 GPA for all PORTUG courses at or above PORTUG 302, and any course that counts for the major
- Complete at least 16 credits, taken for Honors, with individual grades of B or better, to include:
  - 10 credits from PORTUG 202 to 680, excluding PORTUG 301
  - A two-semester Senior Honors Thesis in PORTUG 681 and PORTUG 682, for a total of 6 credits.

## FOOTNOTES

<sup>1</sup> May not include PORTUG 301 which is the equivalent of PORTUG 101 and PORTUG 102.

<sup>2</sup> PORTUG courses with the Advanced level designation are considered upper-level in the major.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

### LEARNING OUTCOMES

1. Develop communication skills in Portuguese and integrate these skills to exchange and assess ideas effectively and with level-appropriate accuracy in written and spoken Portuguese.
2. Demonstrate understanding of linguistic, pragmatic, sociolinguistic, and stylistic features of written and spoken Portuguese, understand how they influence meaning, and apply these features in level-appropriate ways in writing and speech.
3. Demonstrate knowledge of Lusophone cultures across historical epochs, including awareness of the social, cultural, and linguistic diversity that characterizes the Portuguese-speaking world.
4. Demonstrate familiarity with and apply basic methods of literary and/or linguistic analysis, which for literary analysis includes interpretation of written texts and other forms of artistic/cultural creation, both in and of themselves and in the context of the particular social, cultural, and historical milieus in which they were created.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

- Quantitative Reasoning Part A Part B \*

\* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (BS)

Students pursuing a Bachelor of Science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either the Bachelor of Arts or the Bachelor of Science degree requirements.

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

**Mathematics** Complete two courses of 3+ credits at the Intermediate or Advanced level in MATH, COMP SCI, or STAT subjects. A maximum of one course in each of COMP SCI and STAT subjects counts toward this requirement.

**Language** Complete the third unit of a language other than English.

**LS Breadth** Complete:

- 12 credits of Humanities, which must include at least 6 credits of Literature; and
- 12 credits of Social Science; and
- 12 credits of Natural Science, which must include 6 credits of Biological Science and 6 credits of Physical Science.

**Liberal Arts and Science Coursework** Complete at least 108 credits.

**Depth of Intermediate/Advanced Coursework** Complete at least 60 credits at the Intermediate or Advanced level.

**Major** Declare and complete at least one major.

**Total Credits** Complete at least 120 credits.

**UW-Madison Experience** Complete both:

- 30 credits in residence, overall, and
- 30 credits in residence after the 86th credit.

**Quality of Work**

- 2.000 in all coursework at UW–Madison
- 2.000 in Intermediate/Advanced level coursework at UW–Madison

## NON-L&S STUDENTS PURSUING AN L&S MAJOR

Non-L&S students who have permission from their school/college to pursue an additional major within L&S only need to fulfill the major requirements. They do not need to complete the L&S Degree Requirements above.

## REQUIREMENTS FOR THE MAJOR

25 credits from PORTUG 202-699, to include:

Code	Title	Credits
<b>Portuguese Literature</b>		
PORTUG 221	Introduction to Luso-Brazilian Literatures	4
And complete one of the following:		3
PORTUG 411	Survey of Portuguese Literature before 1825	
PORTUG 412	Survey of Brazilian Literature before 1890	
PORTUG/ GEN&WS 450	Brazilian Women Writers	
PORTUG/ AFRICAN 451	Lusophone African Literature

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in PORTUG and all major courses
- 2.000 GPA on 15 upper-level major credits in residence<sup>2</sup>
- 15 credits in PORTUG, taken at UW-Madison

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Portuguese undergraduate advisor.

## Honors in the Portuguese Major Requirements

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn 3.500 GPA for all PORTUG courses at or above PORTUG 302, and any course that counts for the major
- Complete at least 16 credits, taken for Honors, with individual grades of B or better, to include:
  - 10 credits from PORTUG 202 to 680, excluding PORTUG 301
  - A two-semester Senior Honors Thesis in PORTUG 681 and PORTUG 682, for a total of 6 credits.

## FOOTNOTES

<sup>1</sup> May not include PORTUG 301 which is the equivalent of PORTUG 101 and PORTUG 102.

<sup>2</sup> PORTUG courses with the Advanced level designation are considered upper-level in the major.

## UNIVERSITY DEGREE REQUIREMENTS

**Total Degree** To receive a bachelor's degree from UW-Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

**Residency** Degree candidates are required to earn a minimum of 30 credits in residence at UW-Madison. "In residence" means on the UW-Madison campus with an undergraduate degree classification. "In residence" credit also includes UW-Madison courses offered in distance or online formats and credits earned in UW-Madison Study Abroad/Study Away programs.

**Quality of Work** Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.

## LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Develop communication skills in Portuguese and integrate these skills to exchange and assess ideas effectively and with level-appropriate accuracy in written and spoken Portuguese.
2. Demonstrate understanding of linguistic, pragmatic, sociolinguistic, and stylistic features of written and spoken Portuguese, understand how they influence meaning, and apply these features in level-appropriate ways in writing and speech.
3. Demonstrate knowledge of Lusophone cultures across historical epochs, including awareness of the social, cultural, and linguistic diversity that characterizes the Portuguese-speaking world.
4. Demonstrate familiarity with and apply basic methods of literary and/or linguistic analysis, which for literary analysis includes interpretation

of written texts and other forms of artistic/cultural creation, both in and of themselves and in the context of the particular social, cultural, and historical milieus in which they were created.

## FOUR-YEAR PLAN

### FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

#### First Year

Fall	Credits Spring	Credits
PORTUG 101	4 PORTUG 102	4
Communication A	3 Ethnic Studies	3
Quantitative Reasoning A	3 Biological Science Breadth	3
Social Science Breadth	3 Social Science Breadth	3
Elective	2 Elective	3
	<b>15</b>	<b>16</b>

#### Second Year

Fall	Credits Spring	Credits
PORTUG 201	4 PORTUG 202	4
First Semester of Another Romance Language	4 Second Semester of Another Romance Language	4
Communication B (LITTRANS 226, a Communication-B course, often meets with PORTUG 221.)	3-4 Physical Science Breadth	3
Elective	3 Social Science Breadth	3
INTER-LS 210	1	
	<b>15</b>	<b>14</b>

#### Third Year

Fall	Credits Spring	Credits
PORTUG 225	3 PORTUG 226	3
Quantitative Reasoning B / Intermediate/ Advanced COMP SCI/ MATH/STAT (if needed for BS)	3 PORTUG 221	4
Social Science Breadth	3 Intermediate/Advanced COMP SCI/MATH/STAT (if needed for BS)	3
Electives	6 Electives	6
	<b>15</b>	<b>16</b>

#### Fourth Year

#### L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
  - INTER-LS 210 L&S Career Development: Taking Initiative (1 credit)
  - INTER-LS 215 Communicating About Careers (3 credits, fulfills Comm B General Education Requirement)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
  - INTER-LS 260 Internship in the Liberal Arts and Sciences

- Activate your Handshake account (<https://successworks.wisc.edu/handshake/>) to apply for jobs and internships from 200,000+ employers recruiting UW-Madison students
- Learn about the impact SuccessWorks has on students' lives (<https://successworks.wisc.edu/about/mission/>)

## SPANISH STUDIES FOR BUSINESS STUDENTS, CERTIFICATE

Did you know that by 2050 the United States could have more Spanish speakers than any other country (<http://qz.com/441174/by-2050-united-states-will-have-more-spanish-speakers-than-any-other-country/>)?

Spanish continues to gain ground as a widely spoken, national and international language, making the ability to communicate effectively in both written and spoken Spanish an invaluable intellectual, social, cultural, and professional resource. Spanish is the official or co-official language of 21 countries, and with more than 400 million speakers worldwide (projected increase to about 530 million by 2050), it is the third most widely spoken language on the planet after Mandarin and English.

## HOW TO GET IN

### HOW TO GET IN

Students must earn admission to the School of Business to be eligible for the Certificate in Spanish Studies for Business Students. The certificate can be declared in consultation with the Spanish undergraduate advisor.

Students declared in the Certificate in Spanish Studies for Business Students are not eligible to declare the Spanish major.
