5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
    b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor or program director will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
    e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

**Time Limits**

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to their research and how it relates to the field of cancer biology.
2. Formulates novel ideas, concepts/hypotheses, designs experiments to test the hypotheses, and shows proficiency in the necessary techniques to carry out their dissertation research.
3. Creates and carries out scholarly research that asks a novel and important biological question and makes a substantive contribution to the field of cancer research.
4. Demonstrates the breadth of their knowledge through thoughtful and creative design of their research and their ability to answer questions from varied audiences.
5. Advances contributions in cancer biology to society through publication, presentations at national and international meetings, and various outreach activities.
6. Communicates complex ideas in a clear and understandable manner both in their oral and written presentations.
7. Fosters ethical and professional conduct in all aspects related to their development as a scientist.

# OPERATIONS AND INFORMATION MANAGEMENT

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Business: Operations and Technology Management, MBA (p. 1581)
- Business: Supply Chain Management, MS (p. 1585)

# BUSINESS: OPERATIONS AND TECHNOLOGY MANAGEMENT, MBA

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

Developing leaders who create business value, the MBA in Business: Operations and Technology Management (OTM) is suited for those seeking advanced positions as consultants, analysts, product or service managers, project leaders, business developers, or operations, information technology and supply chain managers—while priming themselves for senior leadership roles. OTM students gain critical business skills applicable to both service organizations and manufacturing firms. The MBA in Business: OTM is supported by the Erdman Center for Operations and Technology Management. See the program website (https://business.wisc.edu/graduate/mba/full-time/specializations/tech-product-management/) for more information.

ADMISSIONS

## ADMISSIONS

Students apply to the MBA in Business: Operations and Technology Management through its named option:

- Technology Strategy and Product Management (p. 1583)

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 53 credits |
| Minimum Residence Credit Requirement | 47 credits |
| Minimum Graduate Coursework Requirement | 27 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students may be required to retake a course in which they receive a grade lower than a C. |
| Assessments and Examinations | No required assessments or examinations beyond course requirements. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

Select a Named Option (p. ) for courses required.

# NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the MBA in Business: Operations and Technology Management must select the following named option:

View as listView as grid

- **BUSINESS: OPERATIONS AND TECHNOLOGY MANAGEMENT: TECHNOLOGY STRATEGY AND PRODUCT MANAGEMENT, MBA (P. 1583)**

# POLICIES

# POLICIES

Students should refer to the named options for policy information:

- Technology Strategy and Product Management (p. 1583)

# PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Apply foundational theories and knowledge from core management and engineering disciplines to make effective business decisions based on cross-functional thinking whether in general operations and technology management or in a chosen specialty area (such as healthcare operations, technology product management, or consulting).
2. Apply core operations principles about processes and technologies to the design, justification, operation, assessment, and improvement of organizational and system performance from both financial and nonfinancial perspectives.
3. Effectively lead and manage organizational and technological change that supports and improves business processes and creates value for customers.
4. Develop enduring networks and relationships with industry partners.

## ACCREDITATION

# ACCREDITATION

AACSB International—The Association to Advance Collegiate Schools of Business (http://www.aacsb.edu/)

Accreditation status: Accredited. Next accreditation review: 2026–2027.

# BUSINESS: OPERATIONS AND TECHNOLOGY MANAGEMENT: TECHNOLOGY STRATEGY AND PRODUCT MANAGEMENT, MBA

This is a named option within the Business: Operations and Technology Management, MBA (https://guide.wisc.edu/graduate/operations-information-management/business-operations-technology-management-mba/).

## ADMISSIONS

# ADMISSIONS

| Requirements | Detail |
|---|---|
| Fall Deadline | See program webpage: https://business.wisc.edu/graduate/mba/full-time/admissions (https://business.wisc.edu/graduate/mba/full-time/admissions/)/ |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | May be required in certain cases; consult program. |
| English Proficiency Test | All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), or the Intensive English as a Second Language (IELTS). A minimum iBT TOEFL score of 100 or equivalent, computer-based PTE score of 73 or equivalent, or IELTS score of 7.5 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application. |
| Other Test(s) (e.g., GMAT, MCAT) | GMAT may be required in certain cases; consult program. |
| Letters of Recommendation Required | 1* |

* Submission of a second letter of recommendation is optional.

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business prefers a minimum of two years of professional work experience along with a strong undergraduate performance. In addition to academic credentials, a GMAT or GRE score, and work experience, personal achievements, motivation, communication skills (written and oral), and recommendation letters are all considered in the admission process at the master's and doctoral levels.

**Note:** The Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) must have been taken within five years prior to receiving an offer of admission.

### HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page (https://business.wisc.edu/graduate/mba/full-time/admissions/).

| **Total Credits** | | **53** |

# POLICIES

## GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program and department approval, students may transfer up to 6 credits of graduate coursework completed two years prior to admission at an AACSB accredited institution, in which a grade of B or better was earned.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW–Madison or other institution undergraduate degree are allowed to transfer toward the degree.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

No credits earned as a University Special Student at UW-Madison are allowed to transfer toward the degree.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, responsible for providing advice regarding graduate studies.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

Students should contact the department chair or program director with questions about grievances.

## OTHER

Students are expected to be enrolled full-time for all semesters. Exceptions may be granted in the final semester.

# PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# BUSINESS: SUPPLY CHAIN MANAGEMENT, MS

The MS in Supply Chain Management, supported by the Grainger Center for Supply Chain Management, is a one-year program that provides students with an interdisciplinary education combining fundamental knowledge and applied learning experiences. The strategic, cross-functional curriculum takes an integrated business process view of supply chains, including marketing, sourcing, logistics, operations, and customer service. Students connect with and learn from real-world supply chain leaders and are part of a strong, close-knit community. See the program website (https://business.wisc.edu/graduate/masters/supply-chain/) for more information.

## ADMISSIONS

# ADMISSIONS

| Requirements | Detail |
|---|---|
| Fall Deadline | See program webpage: https://business.wisc.edu/graduate/masters/supply-chain/admissions (https://business.wisc.edu/graduate/masters/supply-chain/admissions/)/ |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | May be required in certain cases; consult program. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | GMAT may be required in certain cases; consult program. |
| Letters of Recommendation Required | 0* |

* Submission of up to two letters of recommendation is optional.

The following will be required for admission to the MS-Business: Supply Chain Management program:

- Undergraduate university degree, or expected completion of such a degree prior to starting the MS-Business: Supply Chain Management program
- Demonstrated knowledge of business fundamentals (or specific plan for acquiring prior to the start of the program); some possible ways of satisfying this include:
  - Undergraduate degree with business major or minor
  - Completion of Certificate in Business at UW-Madison
  - Earning GPA >= 3.0 in intermediate college course work covering at least two core business disciplines (marketing, operations, finance, accounting, management); completion of GEN BUS 310 or GEN BUS 311 satisfies this requirement, and can be taken online during the summer prior to the start of the program
- Undergraduate transcript, GPA >= 3.0
- Resume
- Response to essay question
- GMAT or GRE score or approved waiver

An interview may be requested by the Program Office or Grainger Center staff.

## HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions (https://business.wisc.edu/graduate/masters/supply-chain/admissions/) page.

***Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.***

The person against whom the complaint is directed must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
    a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Sr. Associate Dean for Faculty & Staff will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

*Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.*

*State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, the UW System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.*

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: https://grad.wisc.edu/documents/grievances-and-appeals/

### OTHER

Students must be enrolled full-time.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

This program provides significant opportunities for professional development through the applied learning curriculum.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Apply knowledge in operations, finance, marketing and information systems to support decision making within and across the fundamental dimensions of supply chain management – planning, sourcing, making and delivering physical and non-physical products.
2. Make supply chain decisions in real-world settings through significant exposure to leading supply chain practitioners.
3. Identify relevant sources of data, know how to access that data, and be able to analyze it to support supply chain decision making.

4. Identify and assess the opportunities and risks associated with global sources of supply and global markets for goods.
5. Communicate ideas and recommendations to individuals in all functional areas within an organization.

## ACCREDITATION

# ACCREDITATION

AACSB International—The Association to Advance Collegiate Schools of Business (http://www.aacsb.edu/)

Accreditation status: Accredited. Next accreditation review: 2026-2027.

# PATHOLOGY

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Cellular and Molecular Pathology, MS (p. 1589)
- Cellular and Molecular Pathology, PhD (p. 1593)

# CELLULAR AND MOLECULAR PATHOLOGY, MS

The graduate program in cellular and molecular pathology (CMP) is a joint venture of the UW–Madison Department of Pathology and the School of Medicine and Public Health (SMPH). This interdisciplinary training environment, embedded in an exciting and challenging basic and clinical translational research context, offers a high level of intellectual stimulation for predoctoral training. The CMP curriculum is novel at the university, providing integrated training in fundamental concepts of modern pathobiology with an emphasis on biochemical, cellular and molecular approaches, and providing rigorous in-depth bench-level research training in understanding the fundamental bases of diseases. Trainees and trainers participate in rigorous pathobiology courses and activities, and are offered in-depth research training in the pathobiology of cancer, nervous and immune system diseases, and signal transduction in basic disease mechanisms.

## ADMISSIONS

# ADMISSIONS

This master's program is offered for work leading to the PhD. Students may not apply directly for the master's and should instead see the admissions information for the PhD. (p. 1593)

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |

| | |
|---|---|
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students must maintain a B average or better in all graduate courses. |
| Assessments and Examinations | Students must write a master thesis and defend it in front of their Advisory Committee. The MS thesis does not need to be published. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Continuous Enrollment** | | |
| Students must be continously enrolled in the following courses. | | |
| PATH 900 | Seminar (every semester enrolled) | 0 |
| PATH 901 | Student Seminar / Journal Club (every semester enrolled) | 1 |
| PATH 990 | Research (every semester enrolled) | 1-8 |
| **Coursework** | | |
| Students must complete the following courses. | | |
| PATH 750 | Cellular and Molecular Biology/ Pathology (spring semester, first year in program) | 2 |
| PATH 752 | Cellular and Molecular Biology/ Pathology Seminar (spring semester, first year in program) | 1 |
| PATH 802 | Histopathology for Translational Scientists (fall semester, first year in program) | 3 |
| PATH 803 | Pathogenesis of Major Human Diseases (fall semester, second year in program) | 3 |
| PATH 809 | Molecular Mechanisms of Disease (spring semester, second year in program) | 2 |
| **Ethics** | | |
| Students must complete the following Ethics courses: | | |
| PATH 755 | Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency | 2 |
| OBS&GYN 956 | Advanced Responsible Conduct of Research for Biomedical Students | 1 |
| **Electives** | | **2-3** |
| Within the 16 required credits, students will take one elective course. This course is chosen by the student and the PhD thesis committee. The goal of the elective course is for students to acquire additional broad knowledge in either pathology or their major area of research. For the elective course, students may take one of the following: | | |
| PATH 751 | Biology of Aging | |
| PATH 807 | Immunopathology: The Immune System in Health and Disease | |
| Equivalent course approved by the PhD thesis committee | | |
| **Total Credits** | | **30** |

## ETHICS

Students are required to take two ethics courses, receiving instruction in the Responsible Conduct of Research (RCR), as stated below by the NIH. Students complete PATH 755 during the first semester of the first year and OBS&GYN 956 during the second semester of the third year.

"The NIH requires that all undergraduate and graduate students as well as postdoctoral fellows receiving support through any NIH training, career development award, research education grant, or dissertation research grant must receive instruction in RCR. At least eight hours of face-to-face instruction is required; online education alone is insufficient. Instruction must be undertaken at least once during each career stage, and no less than once every four years."

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 7 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

This program refers to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

This program refers to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 7 credits of coursework numbered 300 or above taken as UW–Madison University Special students. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

This program refers to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

All students are required to conduct a yearly progress report meeting with their advisor, scheduled by December 17 and completed by April 30. Failure to do so will result in a hold being placed on the student's registration.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

This program refers to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (https://intranet.med.wisc.edu/).

**Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (https://research.wisc.edu/kb-article/?id=84924).

**Requirements for Programs**

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor

or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.

5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
    b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor or program director will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
    e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

**Time Limits**

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

## OTHER

All students in the program receive competitive stipends to cover living expenses, tuition and fees from Graduate School fellowships, NIH training grants, or research assistantships funded through the program or the primary investigator. To receive the stipend, the student must maintain full-time status. Health insurance costs are partially covered by the university and provide the same coverage as for faculty and staff.

# PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM INFORMATION

All CMP students are required to engage in a minimum of two professional development activities annually.

# LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Gain a better understanding the basic mechanisms of disease at the level of cell, organ, and body, as well as the morphologic expression patterns of selected common specific disease processes.
2. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry or schools of practice in the field of study.
3. Identifies sources and assembles evidence pertaining to questions or challenges in the field of study.
4. Demonstrates understanding of the primary field of study in a historical, social, or global context.
5. Selects and/or utilizes the most appropriate methodologies and practices.

6. Evaluates or synthesizes information pertaining to questions or challenges in the field of study.
7. Communicates clearly in ways appropriate to the field of study.
8. Commit to increase professional growth and knowledge, to attend educational programs and to personally contribute expertise to meetings and journals.
9. Recognizes and applies principles of ethical and professional conduct.

# CELLULAR AND MOLECULAR PATHOLOGY, PHD

The Cellular and Molecular Pathology, PhD program is a member of the **Interdisciplinary Biological and Health Sciences Consortium (IBHSC)**. The consortium fosters a collaborative environment for research and study in the biological and health sciences. Click here for more information on the IBHSC. (https://www.med.wisc.edu/education/graduate-programs/biological-health-sciences-consortium/)

The graduate program in cellular and molecular pathology (CMP) is a joint venture of the UW–Madison Department of Pathology and the School of Medicine and Public Health (SMPH). This interdisciplinary training environment, embedded in an exciting and challenging basic and clinical translational research context, offers a high level of intellectual stimulation for predoctoral training. The CMP curriculum is novel at the university, providing integrated training in fundamental concepts of modern pathobiology with an emphasis on biochemical, cellular and molecular approaches, and providing rigorous in-depth bench-level research training in understanding the fundamental bases of diseases. Trainees and trainers participate in rigorous pathobiology courses and activities, and are offered in-depth research training in the pathobiology of cancer, nervous and immune system diseases, and signal transduction in basic disease mechanisms.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applications to the Cellular and Molecular Pathology (CMP) program are submitted in the fall of the year prior to your anticipated start date in the program. Applicants are then accepted into the program in the spring of each year through a competitive application process that is administered by UW–Madison. Applications are due by the deadline for admission consideration the following fall. See more about how to apply on the program's website (https://cmp.wisc.edu/how-to-apply/).

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

All students in the program receive competitive stipends to cover living expenses, tuition, and fees from Graduate School fellowships, NIH training grants, or research assistantships funded through the program or the primary investigator. To receive the stipend, the student must maintain full-time status. Health insurance costs are partially covered by the university and provide the same coverage as for faculty and staff.

Prospective students should see the program website (https://cmp.wisc.edu/) for funding information.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | Students must pass their Prelim B exam after their second year of graduate school. Students must defend their PhD thesis within five years of completion of Prelim Exam B. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | No minor or graduate/professional certificate is required. To assure students receive breadth in training, the program requires annual engagement in professional development and an elective course as a program requirement. The program also requires introductory and advanced RCR training, which includes rigor and reproducibility training. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Continuous Enrollment** | | **34-35** |
| Students must be continuously enrolled in the following courses. Non-dissertators may enroll in up to 8 credits of PATH 990 each semester. Registration for the seminars is required each semester until dissertator status. | | |
| PATH 900 | Seminar (every semester enrolled) | |
| PATH 901 | Student Seminar / Journal Club (every semester enrolled) | |
| PATH 990 | Research (every semester enrolled) | |
| **Coursework** | | |
| Students must complete the following courses. | | |
| PATH 750 | Cellular and Molecular Biology/ Pathology (spring semester, first year in program) | 2 |
| PATH 752 | Cellular and Molecular Biology/ Pathology Seminar (spring semester, first year in program) | 1 |
| PATH 802 | Histopathology for Translational Scientists (fall semester, first year in program) | 3 |
| PATH 803 | Pathogenesis of Major Human Diseases (fall semester, second year in program) | 3 |
| PATH 809 | Molecular Mechanisms of Disease (spring semester, second year in program) | 2 |
| **Ethics** | | |
| Students must complete the following Ethics courses. | | |
| PATH 755 | Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency | 2 |
| OBS&GYN 956 | Advanced Responsible Conduct of Research for Biomedical Students | 1 |
| **Electives** | | **2-3** |
| Students take one elective course. This course is chosen by the student and the PhD thesis committee. The goal of the elective course is for students to acquire additional broad knowledge in either pathology or their major area of research. For the elective course, students may take one of the following: | | |
| PATH 751 | Biology of Aging | |
| PATH 807 | Immunopathology: The Immune System in Health and Disease | |
| Equivalent course approved by the PhD thesis committee | | |
| **Total Credits** | | **51** |

### Ethics Requirement

Students in the Cellular and Molecular Pathology program are required to take two ethics courses, receiving instruction in the Responsible Conduct of Research (RCR), as stated below by the NIH. Complete PATH 755 during the first semester of the first year. Complete OBS&GYN 956 during the second semester of the third year.

"The NIH requires that all undergraduate and graduate students as well as postdoctoral fellows receiving support through any NIH training, career

development award, research education grant, or dissertation research grant must receive instruction in RCR. At least eight hours of face-to-face instruction is required; online education alone is insufficient. Instruction must be undertaken at least once during each career stage, and no less than once every four years."

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 7 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

This program refers to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

This program refers to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 7 credits of coursework numbered 300 or above taken as UW–Madison University Special students. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## PROBATION

This program refers to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

On an annual basis, all students are required to conduct a yearly progress report meeting with their advisor. Failure to do so will result in a hold being placed on the student's registration.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

This program refers to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (https://intranet.med.wisc.edu/).

**Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and

Postdoctoral Research Associates (https://research.wisc.edu/kb-article/?id=84924).

**Requirements for Programs**

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
    b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor or program director will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
    e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

**Time Limits**

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If

the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

### OTHER

n/a

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM INFORMATION

All CMP students are required to engage in a minimum of two professional development activities annually.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Gain a better understanding of the basic mechanisms of disease at the level of cell, organ, and body, as well as the morphologic expression patterns of selected common specific disease processes.
2. Articulates research problems, potentials, and limits with respect to theory, knowledge, and practice within the field of study.
3. Formulates ideas, concepts, designs, and techniques beyond the current boundaries of knowledge within the chosen field of study.
4. Creates research and scholarship that makes a substantive contribution.
5. Demonstrates breadth within their learning experiences.
6. Advances contributions of the field of study to society.
7. Communicates complex ideas in a clear and understandable manner.
8. Commit to increase professional growth and knowledge, to attend educational programs and to personally contribute expertise to meetings and journals.
9. Fosters ethical and professional conduct.

# PHARMACY - SCHOOL-WIDE

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Health Services Research in Pharmacy, MS (p. 1597)
- Health Services Research in Pharmacy, PhD (p. 1601)
- Pharmaceutical Sciences, MS (p. 1606)
- Pharmaceutical Sciences, PhD (p. 1619)
- Pharmacy, MS (p. 1624)

# HEALTH SERVICES RESEARCH IN PHARMACY, MS

The master's degree is a non-admitting program, and students interested in the HSRP program should consult the HSRP PhD program (p. 1601) for program admissions and requirements. The MS-HSRP degree may still be earned on the way to a PhD degree dependent on student and advisor needs.

## ADMISSIONS

# ADMISSIONS

This master's degree program is offered for work leading to the PhD. Students may not apply directly to the Master of Science in Health Services Research in Pharmacy and should instead see the admissions information for the PhD (https://guide.wisc.edu/graduate/pharmacy-school-wide/health-services-research-pharmacy-phd/).

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

**HSRP faculty** believe in supporting graduate students in their quest for knowledge and research expertise; maintaining a range of graduate student funding mechanisms is a high priority. Graduate students are typically provided with tuition remission and stipend (salary) support as either teaching assistants, research assistants, or fellows. Such appointments include health insurance; see the Graduate Coordinator for details. In addition, incoming students are provided with new laptop computers for their learning and research endeavors and access to state-of-the-art statistical software. Travel grants facilitate graduate student participation at national meetings. HRSP graduate students who are licensed pharmacists are typically encouraged to continue practicing part-time (e.g., on weekends), to maintain ties to the profession.
See the School's webpage for the latest on HSRP graduate funding (https://students.pharmacy.wisc.edu/hsrp-handbook/financial-support-overview/).

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 32 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 16 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Candidates may be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. This applies to formal courses, seminars, and research credits. |
| Assessments and Examinations | Candidates will design and produce an empirical project and present this project to the student's faculty advisor and two other SAS faculty members. For specific details, please see https://students.pharmacy.wisc.edu/hsrp-handbook/masters-degree-requirements (https://students.pharmacy.wisc.edu/hsrp-handbook/masters-degree-requirements/)/ |
| Language Requirements | Only candidates with an emphasis in the history of pharmacy are required to attain competence in foreign language. Contact the School's Graduate Programs Coordinator for more information. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core Seminar Courses** | | |
| Select two of the following: | | 4 |
| S&A PHM 701 | Grant Writing for Health Services Research | |
| S&A PHM 702 | Mixed Methods for Health Sciences: Purpose, Design and Approach | |
| S&A PHM 703 | Community Engagement in Health Services Research | |
| S&A PHM 704 | Dissemination, Implementation and Sustainment of Change in Health Services Research | |
| **Core Principles** | | |
| Select one of the following: | | 3 |
| S&A PHM 711 | Research Methods for Pharmaceutical Outcomes and Policy Research | |
| S&A PHM 715 | Social Behavioral Theories in Pharmacy, Drug Use, and Health Behavior | |
| **Methods of Research and Analysis** | | |
| Select from approved lists: | | 9 |
| Additional Research methods (3 credits minimum) | | |
| Analytic techniques (6 credits minimum) | | |
| **Speciality and Advanced Coursework** | | |
| Select in consultation with major professor [1] | | 11 |
| **Research (credit varies)** | | **5** |
| S&A PHM 990 | Research | |
| **Total Credits** | | **32** |

[1] A minimum of 6 credits must be taken outside of the School of Pharmacy for the Specialty/Advanced requirement. The Specialty/Advanced credits may include no more than 2 additional credits of the Core Seminar Courses: S&A PHM 701 Grant Writing for Health Services Research, S&A PHM 702 Mixed Methods for Health Sciences: Purpose, Design and Approach, S&A PHM 703 Community Engagement in Health Services Research, S&A PHM 704 Dissemination, Implementation and Sustainment of Change in Health Services Research and/or a 3-credit HSRP Core Principles course S&A PHM 711 Research Methods for Pharmaceutical Outcomes and Policy Research or S&A PHM 715 Social Behavioral Theories in Pharmacy, Drug Use, and Health Behavior. The Specialty/Advanced credits cannot include more than 5 total S&A PHM course credits.

POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students may transfer up to 14 credits of graduate coursework from other institutions (the student must have graduate student status on the other institution's transcript at the time the courses were taken). The program's minimum graduate residence credit requirement can be satisfied only with courses taken as a Graduate student at UW–Madison. Further, the graduate-level credits taken as a Big Ten Academic Alliance Traveling Scholar may count as credits taken in residence at UW-Madison. The credits from this work will appear on a UW–Madison transcript as transfer credits into the Graduate career. Coursework earned ten years or more prior to admission to a master's degree is not allowed to satisfy requirements.

A request to apply transfer credits should be presented to program faculty prior to one's first graduate semester. The Director of Graduate Studies (DGS), another Social and Administrative Sciences in Pharmacy (SAS) faculty, and the advisor will review and approve the proposed transfer credits for compatibility with the Health Services Research in Pharmacy (HSRP) curriculum and approval.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

A request to apply transfer credits should be presented to program faculty prior to one's first graduate semester. The Director of Graduate Studies (DGS), another Social and Administrative Sciences in Pharmacy (SAS) faculty, and the advisor will review and approve the proposed transfer credits for compatibility with the Health Services Research in Pharmacy (HSRP) curriculum and approval.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

A request to apply transfer credits should be presented to program faculty prior to one's first graduate semester. The Director of Graduate Studies (DGS), another Social and Administrative Sciences in Pharmacy (SAS) faculty, and the advisor will review and approve the proposed transfer credits for compatibility with the Health Services Research in Pharmacy (HSRP) curriculum and approval.

### Credits Earned as a University Special student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

A request to apply transfer credits should be presented to program faculty prior to one's first graduate semester. The Director of Graduate Studies (DGS), another Social and Administrative Sciences in Pharmacy (SAS) faculty, and the advisor will review and approve the proposed transfer credits for compatibility with the Health Services Research in Pharmacy (HSRP) curriculum and approval.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

## ADVISOR / COMMITTEE

Students are required to maintain a program faculty member as an MS advisor through the duration of their studies. Students should select a permanent major professor before the end of the second semester enrolled in the program. Program graduate faculty monitor the progress of MS students annually.

Requirements for the composition of the Health Services Research in Pharmacy MS thesis committee are presented at Guide requirements tab.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

The Health Services Research in Pharmacy MS is designed to be completed in two years.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

### Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA, and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

### Requirements for Programs

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

### Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Associate Dean of Inclusive Excellence, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regard to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor will convene a SOP faculty committee with at least three members to facilitate the grievance following Steps b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
    b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research (ADR) or Assistant Dean for Graduate Education (ADGE) within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:

a. The grievant will be notified in writing, within five business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
b. The ADR, ADGE, or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the ADR, ADGE, or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
c. The ADR, ADGE, or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
d. The ADR and ADGE must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.

7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

### OTHER

Program faculty believe in supporting graduate students and a range of funding mechanisms are possible; graduate students are often provided with tuition remission and funding support either as teaching assistants, project assistants or fellows. In addition, new students are provided with new laptop computers for their learning and research endeavors, access to state-of-the-art statistical software and support, and travel grants to present their research at national meetings.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

HRSP faculty conduct comprehensive annual reviews of each HSRP graduate student, providing confidential feedback to each student's own self-assessment. This combination provides a great launch for a meaningful goal setting. HSRP faculty are committed to coaching graduate students to grow as instructors and to mentoring them in this dimension, complementing the wealth of campus resources for teaching and learning. The School of Pharmacy's **Sonderegger Research Center** regularly hosts "Brown Bag" lunches where HSRP graduate students can interact informally with SRC staff. There is increased emphasis to connect current students to PhD alumni (e.g. via Skype "informational interviews") for career discussions and mentoring. The School of Pharmacy student body, along with those from other UW–Madison health professional schools, participates in a number of annual "Lunch and Learn" events throughout the academic year to build community and talk about other challenges regarding diversity, equity, inclusivity, and climate in higher education.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate an advanced critical knowledge and in-depth application of economic, policy, and/or social behavioral analyses to the study of the interrelationships between pharmacy, pharmaceutical services, health care systems, and patients.
2. Formulate research questions, design experiments to test hypotheses, apply appropriate quantitative and qualitative methods, and evaluate evidence relevant to questions in health economics, health care systems, healthcare organization and management, outcomes research, health care policy, and pharmacy services.
3. Communicate, both orally and in writing, scientific knowledge, research findings, and/or core principles effectively to a range of audiences.

# HEALTH SERVICES RESEARCH IN PHARMACY, PHD

The Health Services Research in Pharmacy (HSRP) program provides a rigorous background in a range of disciplines critical to preparing the next generation of health services researchers. The program's interdisciplinary approach combines theories and concepts from fields such as economics, sociology, psychology, management sciences, education, epidemiology, industrial/safety engineering, history, and law. The UW–Madison Division of Health Services Research in Pharmacy, which administers the degree, has a national reputation for its research productivity, extramural funding support, publication record, and teaching. The HRSP Graduate Program at UW–Madison has educated generations of researchers who have taken challenging leadership and advisory positions in academia, industry, and government. Our faculty members and graduates have provided influential roles in communicating research findings to the public, policy makers, pharmacists, and other health care professionals to improve health outcomes, patient care, medication use, and the healthcare system. UW–Madison's Sonderegger Research Center (https://pharmacy.wisc.edu/src/) (SRC) is housed at the School of Pharmacy and complements graduate student interactions with faculty, enriching student exposure with other researchers in the field.

# ABOUT THE PROGRAM

The program was renamed from the Social and Administrative Sciences in Pharmacy (SAS) PhD Program. Students who earn degrees in the Fall of 2019 and later will earn the degree name Health Services Research in Pharmacy.

The objective of the HRSP graduate program is to prepare students for independent, theory-based research, leading to new knowledge and understanding of medication use, patient and provider communication and behaviors, health outcomes, patient safety, and healthcare systems. Further, it evaluates the need for pharmacists to fulfill various roles, such as clinical practitioner, drug consultant, and drug distribution system manager, in order to meet the needs of diverse patients, providers, and organizations that use pharmacy services. This is accomplished by integrating knowledge of pharmacy and pharmaceuticals with theories and concepts from numerous disciplines. The name change to HSRP was driven by faculty recognition of the policy orientation of much of its work, whether related to standards of care, practice innovations, reimbursement, safety, or a focus on patient-centeredness. There was also acknowledgement of the division's scholarship as involving the examination of multiple health services, and being significantly broader than "pharmacy" research only. The new name better reflects the training offered and the career trajectory of its graduates.

# WHY CONSIDER A GRADUATE DEGREE IN HEALTH SERVICES RESEARCH IN PHARMACY AT THE UNIVERSITY OF WISCONSIN–MADISON?

Students in the HSRP graduate program have the advantages of studying at a world class institution of higher learning. Courses may be taken from a wide range of academic units, providing access to top instructors and researchers. The HSRP graduate program has considerable curricular flexibility, and can be tailored to individual student interests. As program faculty have a broad range of knowledge and expertise, students can specialize in diverse areas of emphasis.

UW–Madison (https://www.youtube.com/watch/?v=XTJA5alrisQ&feature=youtu.be) is one of the nation's most prolific research universities, located on the shore of Lake Mendota in the state's vibrant capital city. The city of Madison (https://madison.wisc.edu/) is consistently recognized as one of the best cities in the nation in multiple categories for quality of life. Visit grad.wisc.edu (http://grad.wisc.edu) to learn more about the many reasons to choose UW–Madison for graduate study.

The Graduate Student Handbook (https://students.pharmacy.wisc.edu/hsrp-handbook/) is a resource for additional information.

# POST-GRADUATE INFORMATION

Placement information for recent HSRP alumni is updated yearly; see the program website. (https://pharmacy.wisc.edu/clipir/hsrp-student-outcomes/) HRSP has a rich history of creating future pharmacy educators, as Wisconsin HRSP PhD alumni are faculty members at schools and colleges of pharmacy across the United States and abroad. Prospective students interested in careers in *academic pharmacy* are encouraged to explore resources from the American Association of Colleges of Pharmacy (https://aacp.org/). Beyond academia, common career setting options are in the pharmaceutical industry, contract research organizations, managed care, nonprofit research centers, and government entities. In non-academic settings, alumni have titles such as director for health economics and outcomes research; health researcher for patient safety and quality; social researcher; research scientist; director of pharmacy; and director for global market access, pricing, and policy.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 7 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Academic backgrounds in public health, sociology, industrial/systems engineering, or economics are well suited for graduate study in Health Services Research in Pharmacy. A professional degree in pharmacy is helpful, but not required. Those with pharmacy-type work experience or a degree in a related field are invited to inquire about the compatibility of their background for admissions purposes. If you seek to apply your knowledge and skills to pharmacy or medication-related research at the highest levels, contact us. You can earn the PhD in Health Services Research in Pharmacy with emphasis in any of the diverse areas of concentration within our program.

Please see admissions (https://pharmacy.wisc.edu/clipir/hsrp-admissions/) on the program website for a link to the application and a description of the required supplementary materials. Applications are only considered at the **yearly December deadline**, for matriculation in the following fall semester. **Applications are not reviewed at any other time during the year.** If one does not hold a research-based master's degree at the time of application, but is interested in the PhD degree, that PhD intent should be in the application (and if admitted, such students would either purse an MS in Health Services Research in Pharmacy or design and produce an empirical research project in lieu of a masters).

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

HSRP faculty believe in supporting graduate students in their quest for knowledge and research expertise; maintaining a range of graduate student funding mechanisms is a high priority. Graduate students are typically provided with tuition remission and stipend (salary) support as either teaching assistants, research assistants, or fellows. Such appointments include health insurance; see the Graduate Program Manager for details. In addition, incoming students are provided with

new laptop computers for their learning and research endeavors and access to state-of-the-art statistical software. Travel grants facilitate graduate student participation at national meetings. The Sonderegger Research Center (https://pharmacy.wisc.edu/src/) is another source for funding, with the availability of annual dissertation grants. HSRP graduate students who are licensed pharmacists are typically encouraged to continue practicing part-time (e.g., on weekends), to maintain ties to the profession. See the School's webpage for the latest on HSRP graduate funding (https://pharmacy.wisc.edu/clipir/hsrp-financial-support/).

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required for graduate-level courses (numbered 300 and above, excluding research) to receive a degree. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Candidates may be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. |
| Assessments and Examinations | Doctoral students must pass both written and oral preliminary examinations to achieve dissertator status (see Graduate Program Handbook found in the Contact Information). The written preliminary examination is evaluated on a pass/fail basis. The oral preliminary examination must be completed within six months after having passed the written preliminary examination.<br><br>A dissertation and final oral defense are required. See Graduate Program Handbook found in the Contact Information for details.<br><br>The final step to completing the degree will be to deposit a copy of the final thesis into the UW-Madison Memorial Library. |
| Language Requirements | Candidates with an emphasis in the history of pharmacy are required to achieve competence in two foreign languages (one in addition to the language acquired for the MS degree). Contact the school's graduate programs coordinator for more information. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).<br><br>Students completing Option B minors must complete a minimum of 9 credits outside of S&A PHM, reflecting a cohesive and logical combination of courses for specialization emphasis. For Option B, the doctoral minor is developed by the student and faculty advisor as a plan for specialization. In Health Services Research in Pharmacy, the student's committee approves the minor Option B plan. The minor supports the theoretical foundations for the PhD and should consist of a majority of courses that are theory-focused (i.e., not focused on research methods or analytical/statistical techniques); that is, theoretical courses should comprise all or most of the minor plan. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core Seminar Courses** | | |
| Complete all of the following: | | |
| S&A PHM 701 | Grant Writing for Health Services Research | 2 |
| S&A PHM 702 | Mixed Methods for Health Sciences: Purpose, Design and Approach | 2 |
| S&A PHM 703 | Community Engagement in Health Services Research | 2 |

| | | |
|---|---|---|
| S&A PHM 704 | Dissemination, Implementation and Sustainment of Change in Health Services Research | 2 |
| **Core Methods and Principles** | | |
| Complete all of the following: | | |
| S&A PHM 711 | Research Methods for Pharmaceutical Outcomes and Policy Research | 3 |
| S&A PHM 715 | Social Behavioral Theories in Pharmacy, Drug Use, and Health Behavior | 3 |
| **Research and Analysis** | | |
| Methods (Select from approved list in consultation with major professor.) | | 6 |
| Analytic Techniques (Select from approved list in consultation with major professor.) | | 9 |
| **Specialty and Advanced Coursework** | | |
| Select in consultation with major professor: | | 22 |
| Breadth-Graduate/Professional Certificate or Doctoral Minor (Option A or Option B) | | |
| Other Elective Courses | | |
| Research (credit varies) | | |
| Foreign Languages (History Concentration only). PhD students with a history concentration must achieve reading ability in two foreign languages and take a minimum of 3 credits in methods of research and analysis. | | |
| **Total Credits** | | **51** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Students accepted into the PhD program with an equivalent masters degree in Health Services Research in Pharmacy (HSRP) should refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

A request to apply transfer credits should be presented to program faculty prior to one's first graduate semester. The Director of Graduate Studies (DGS), another Social and Administrative Sciences in Pharmacy (SAS) faculty, and the advisor will review and approve the proposed transfer credits for compatibility with the Health Services Research in Pharmacy (HSRP) curriculum and approval.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

A request to apply transfer credits should be presented to program faculty prior to one's first graduate semester. The Director of Graduate Studies (DGS), another Social and Administrative Sciences in Pharmacy (SAS) faculty, and the advisor will review and approve the proposed transfer credits for compatibility with the Health Services Research in Pharmacy (HSRP) curriculum and approval.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

A request to apply transfer credits should be presented to program faculty prior to one's first graduate semester. The Director of Graduate Studies (DGS), another Social and Administrative Sciences in Pharmacy (SAS) faculty, and the advisor will review and approve the proposed transfer credits for compatibility with the Health Services Research in Pharmacy (HSRP) curriculum and approval.

### Credits Earned as a University Special student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

A request to apply transfer credits should be presented to program faculty prior to one's first graduate semester. The Director of Graduate Studies (DGS), another Social and Administrative Sciences in Pharmacy (SAS) faculty, and the advisor will review and approve the proposed transfer credits for compatibility with the Health Services Research in Pharmacy (HSRP) curriculum and approval.

## PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained during the subsequent semester of full-time enrollment (or 12 credits of enrollment if enrolled part-time) the student may be dismissed from the program or allowed to continue for one additional semester based on advisor appeal to the Graduate School.

## ADVISOR / COMMITTEE

All students in the PhD program are required to have a major professor/advisor through the duration of their studies. Students should select a permanent major professor before the end of the second semester enrolled in the program. Program graduate faculty monitor the progress of PhD students annually.

Composition requirements of the Health Services Research in Pharmacy PhD written and oral preliminary examination committee are located in the Student Handbook; this same committee typically also serves as the dissertation final oral defense committee.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

A candidate for a doctoral degree who fails to take the final oral defense and deposit the dissertation within five years after passing the preliminary examinations may be required to take another preliminary examination and to be admitted to candidacy a second time.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

**Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA, and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

**Requirements for Programs**

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Associate Dean of Inclusive Excellence, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regard to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
   a. The grievance advisor will convene a SOP faculty committee with at least three members to facilitate the grievance following Steps b, c, and d. The grievance advisor assumes the role of coordinator.

Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.

b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.

c. The grievance advisor will share the response with the student filing the grievance.

d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.

6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research (ADR) or Assistant Dean for Graduate Education (ADGE) within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
   a. The grievant will be notified in writing, within five business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
   b. The ADR, ADGE, or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the ADR, ADGE, or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
   c. The ADR, ADGE, or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
   d. The ADR and ADGE must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

### OTHER

n/a

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

HRSP faculty conduct comprehensive annual reviews of each HSRP graduate student, providing confidential feedback to each student's own self-assessment. This combination provides a great launch for a meaningful goal setting. HSRP faculty are committed to coaching graduate students to grow as instructors and to mentoring them in this dimension, complementing the wealth of campus resources for teaching and learning. The School of Pharmacy's Sonderegger Research Center (https://pharmacy.wisc.edu/src/) regularly hosts "Brown Bag" lunches where HSRP graduate students can interact informally with SRC staff. There is increased emphasis to connect current students to PhD alumni (e.g. via Skype "informational interviews") for career discussions and mentoring. The School of Pharmacy student body, along with those from other UW–Madison health professional schools, participates in a number of annual "Lunch and Learn" events throughout the academic year to build community and talk about other challenges regarding diversity, equity, inclusivity, and climate in higher education.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate an advanced critical knowledge and in-depth application of economic, policy, and/or social behavioral analyses to the study of the interrelationships between pharmacy, pharmaceutical services, health care systems, and patients.
2. Formulate research questions, design experiments to test hypotheses, apply appropriate quantitative and qualitative methods, and evaluate evidence relevant to questions in health economics, health care systems, healthcare organization and management, outcomes research, health care policy, and pharmacy services.
3. Communicate, both orally and in writing, scientific knowledge, research findings, and/or core principles effectively to a range of audiences.

# PHARMACEUTICAL SCIENCES, MS

The School of Pharmacy offers professional Master of Science degrees in Pharmaceutical Sciences under the "named option" designation. These named-option master's degrees provide students with knowledge and skills that are directly applicable to the pharmaceutical and biopharmaceutical industries.

- The Applied Drug Development (p. 1608) named option allows students to earn their Master of Science degree in Pharmaceutical Sciences through coursework that explores various facets of the drug development process.
- The Psychoactive Pharmaceutical Investigation (p. 1612) named option allows students to earn their Master of Science degree in Pharmaceutical Sciences through interdisciplinary coursework covering the discovery, development, and clinical application of psychoactive drugs as therapeutic agents.

The Division of Pharmaceutical Sciences (https://pharmacy.wisc.edu/psd/) **does not currently accept applications for a terminal *research-based* master's in pharmaceutical sciences**. Prospective students may not apply for a research master's degree program, and should instead see information about the PhD (p. 1619).

## ADMISSIONS

# ADMISSIONS

Students apply to the Master of Science in Pharmaceutical Sciences through the following named option paths:

- MS Named Option in Applied Drug Development (p. 1608)
- MS Named Option in Psychoactive Pharmaceutical Investigation (p. 1612)

Students interested in a research-based graduate degree in Pharmaceutical Sciences apply to the PhD program through the following path:

- PhD in Pharmaceutical Sciences (p. 1619)

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

However, students may contact the Office of Student Financial Aid (https://financialaid.wisc.edu/) to discuss federal loan programs and other lending opportunities.

Students seeking the PhD in Pharmaceutical Sciences should see this Guide page (p. 1620).

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

### CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Candidates will be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. |
| Assessments and Examinations | See Named Options for requirements information. |
| Language Requirements | No language requirements. |

### REQUIRED COURSES

Select a Named Option (p. 1607) for courses required.

# NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the MS in Pharmaceutical Sciences must select one of the following named options:

View as listView as grid

- **PHARMACEUTICAL SCIENCES: APPLIED DRUG DEVELOPMENT, MS (P. 1608)**
- **PHARMACEUTICAL SCIENCES: PSYCHOACTIVE PHARMACEUTICAL INVESTIGATION, MS (P. 1612)**
- **PHARMACEUTICAL SCIENCES: RESEARCH, MS (P. 1616)**

## POLICIES

# POLICIES

Students should refer to one of the named options for policy information:

- MS Named Option in Applied Drug Development (p. 1608)
- MS Named Option in Psychoactive Pharmaceutical Investigation (p. 1612)
- MS Named Option in Research (non-admitting) (p. 1616)
- PhD in Pharmaceutical Sciences (https://guide.wisc.edu/graduate/pharmacy-school-wide/pharmaceutical-sciences-phd/)

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulate general principles in pharmaceutical sciences.
2. Apply knowledge and skills to address relevant problems in the student's area of focus.
3. Produce original scholarship that contributes to the student's field of study.
4. Communicate accurate, clear, and accessible scientific information.
5. Demonstrate a commitment to upholding ethical principles.

# PHARMACEUTICAL SCIENCES: APPLIED DRUG DEVELOPMENT, MS

This is a named option in the Pharmaceutical Sciences MS (p. 1606).

Are you a STEM major who is interested in a career in the biopharmaceutical industry? The Division of Pharmaceutical Sciences (https://pharmacy.wisc.edu/psd/) at the School of Pharmacy offers the Master of Science (MS) in Pharmaceutical Sciences degree named option "Applied Drug Development." The program provides a rigorous background in a range of disciplines that are critical to the success of the next generation of pharmaceutical scientists. The program's applied training, completed either at an accelerated one-year pace or at a slower two- to three-year pace, combines relevant aspects of drug development with hands-on projects and applied field work.

**Science:** The pharmaceutical sciences are emphasized in courses that cover literature comprehension, biostatistics, pharmacokinetics and pharmacodynamics, pharmacology and instrumentation methods.

**Pharmaceutical Industry**: Industry-specific content is covered in courses that describe regulatory practice, the drug development process, working in a regulated environment (GxP), and pharmaceutical economics and management.

**Project-Based Fieldwork:** This course provides the opportunity for students to utilize all the components of the program as they work in a relevant internship position or complete a program-related project at their current place of employment (if already working in the pharmaceutical industry).

This degree was crafted with extensive input from the biopharmaceutical industry. The faculty are a mix of experts from industry and academia. This program may be completed in one calendar year (September–August) or at a slower pace.

The Pharmaceutical Sciences Graduate Program has educated generations of scientists for challenging positions in industry, academia, and government. The faculty for the MS Applied Drug Development consists of experts in industry and academia affiliated with the School of Pharmacy. The Applied Drug Development faculty list is available on the School of Pharmacy website (https://pharmacy.wisc.edu/academics/applied-drug-development/faculty-staff/).

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | April 30 |
| Spring Deadline | August 31 |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 2 |

Accepted students commonly have strong scientific backgrounds and a desire to work in the biopharmaceutical industry. Students with undergraduate degrees in the physical or biological sciences, engineering, pharmacy, and related fields are encouraged to apply. Applicants without a bachelor's degree may still be considered for admittance with an earned Doctor of Pharmacy or other professional graduate degree.

Applicants must complete an online application (https://grad.wisc.edu/apply/) that includes the following:

- unofficial transcripts from any previously completed undergraduate and graduate degrees,
- contact information for two individuals to submit letters of recommendation,
- statement of purpose, and
- resume or curriculum vitae.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further

funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Graduate students committed to tackling challenges in growing areas of the pharmaceutical industry can apply for Pharmaceutical Sciences MS Merit Awards (https://pharmacy.wisc.edu/academics/applied-drug-development/scholarships/).

Students may contact the Office of Student Financial Aid (https://financialaid.wisc.edu/) to discuss federal loan programs and other lending opportunities.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | Yes | Yes | Yes |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Candidates will be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. |
| Assessments and Examinations | The program expects the MS candidate to complete a project-based fieldwork (summative research internship) under guidance of an approved mentor or an approved research project. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| PHM SCI 748 | Skills for Professional Success | 1 |
| PHM SCI 762 | The Drug Development Process from Discovery to Investigational New Drug Application (IND) | 3 |
| PHM SCI 763 | The Drug Development Process from FIH to BLA/NDA | 3 |
| PHM SCI 751 | Introduction to Regulatory Practice | 3 |
| PHM SCI 752 | GxP (Good Practice): Working in a Regulated Environment | 3 |
| PHM SCI 753 | Project Management in Drug Development | 3 |
| PHM SCI 759 | Current Trends in Drug Discovery and Development | 1 |
| PHM SCI 760 | Summative Research Internship | 4 |
| **Elective Courses** | | |
| Complete from the following to satisfy minimum credit requirement: | | 9 |
| PHM SCI 754 | Business Tools for Pharmaceutical Scientists | |
| PHM SCI 755 | Laboratory and Instrumentation Methods | |
| PHM SCI 756 | Introduction to Data Analyses in Drug Development | |
| PHM SCI 761 | Introduction to Pharmacology | |
| PHM SCI 764 | Case Studies in Drug Development | |
| PHM SCI 765 | Principles of Assay Development | |
| PHM SCI 768 | Pharmacokinetics | |
| PHM SCI 770 | CNS Drug Designs, Actions, and Applications I | |
| PHM SCI 771 | CNS Drug Designs, Actions, and Applications II | |
| **Total Credits** | | **30** |

While the program offers an accelerated 1-year path, students may also choose a 2- or 3-year path. Students may choose a degree path consisting

of all online courses or a degree path consisting of a mix of online, in-person, and hybrid courses.

### Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

No graduate work from other institutions is accepted.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students are allowed to transfer no more than 7 credits of UW–Madison courses numbered 500 or above (earned as a UW–Madison undergraduate) toward the MS degree. Coursework should be presented to the School of Pharmacy graduate dean in the first semester of enrollment for consideration. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. Credits earned at other institutions do not transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special student at UW–Madison

With program approval, the program will allow up to 12 credits taken as a University Special student in the Applied Drug Development Capstone Certificate to transfer toward the MS-Pharmaceutical Sciences-Applied Drug Development named option. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Students will be assigned an advisor within the program; students will have an approved mentor for their summative internship project.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

**Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA, and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

**Requirements for Programs**

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Associate Dean of Inclusive Excellence, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regard to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor will convene a SOP faculty committee with at least three members to facilitate the grievance following Steps b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
    b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research (ADR) or Assistant Dean for Graduate Education (ADGE) within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within five business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The ADR, ADGE, or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the ADR, ADGE, or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The ADR, ADGE, or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
    d. The ADR and ADGE must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

# PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

Our program's employer liaison advises students on professional development, job application materials, networking strategies, and other career preparation opportunities.

# PHARMACEUTICAL SCIENCES: PSYCHOACTIVE PHARMACEUTICAL INVESTIGATION, MS

This is a named option in the Pharmaceutical Sciences MS (p. 1606).

The Division of Pharmaceutical Sciences (https://pharmacy.wisc.edu/psd/) at the School of Pharmacy offers the Master of Science (MS) in Pharmaceutical Sciences degree named option "Psychoactive Pharmaceutical Investigations."

Leaders in the psychoactive pharmaceutical and biopharmaceutical industries – including companies focused on cannabis, psychedelics, and entheogens – are seeking employees with advanced degrees, appropriate skills, and rigorous ethical and legal standards. With a uniquely interdisciplinary faculty and curriculum, the PPI master's program prepares you to meet their needs, while giving you the background and in-demand skills needed to begin your career with an advantage, whether you are looking to compete in industry/academia research, government, nonprofit, or healthcare positions.

The Pharmaceutical Sciences Graduate Program has educated generations of scientists for challenging positions in industry, academia, and government. The faculty for the MS Psychoactive Pharmaceutical Investigation consists of experts in industry and academia affiliated with the School of Pharmacy. The Psychoactive Pharmaceutical Investigation faculty list (https://pharmacy.wisc.edu/academics/psychoactive-pharmaceutical-investigation/faculty-staff/) is available on the School of Pharmacy website.

**Curriculum Content Areas:** Medicinal Chemistry, Pharmacology, Psychiatry, Pharmaceutical Sciences, Law, Ethics, Addiction Medicine, Counseling Psychology, Neuroscience, Biostatistics, History of Medicine, and Pharmacokinetics.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | May 31 |
| Spring Deadline | September 30 |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g. GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 2 |

Students with undergraduate degrees in the physical or biological sciences, engineering, pharmacy, and related fields are encouraged to apply. Students with a liberal arts degree who also have strong science elective credit may also be competitive for this program. Applicants without a bachelor's degree may still be considered for admittance with an earned Doctor of Pharmacy or other professional graduate degree.

Applicants must complete an online application (https://grad.wisc.edu/apply/) that includes the following:

- unofficial transcripts from any previously completed undergraduate and graduate degrees,
- contact information for two individuals to submit letters of recommendation,
- statement of purpose, and
- resume or curriculum vitae.

## FUNDING

# FUNDING

Policies set by the academic degree program can be found below.

# NAMED OPTION SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

No graduate work from other institutions is accepted.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students are allowed to transfer no more than 7 credits of UW–Madison courses numbered 500 or above (earned as a UW–Madison undergraduate) toward the MS degree. Coursework should be presented to the School of Pharmacy Graduate Dean in the first semester of enrollment for consideration. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. Credits earned at other institutions do not transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, the program will allow up to 12 credits taken as a University Special student in the Applied Drug Development or Psychoactive Pharmaceutical Investigation Capstone Certificates to transfer toward the MS-Pharmaceutical Sciences, Psychoactive Pharmaceutical Investigation named option. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Students will be assigned an advisor within the program; students who complete a summative internship project will have an approved mentor for this work.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)

### Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

#### Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA, and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

**Requirements for Programs**

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Associate Dean of Inclusive Excellence, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regard to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor will convene a SOP faculty committee with at least three members to facilitate the grievance following Steps b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
    b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research (ADR) or Assistant Dean for Graduate Education (ADGE) within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within five business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The ADR, ADGE, or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the ADR, ADGE, or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The ADR, ADGE, or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
    d. The ADR and ADGE must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

Our program's employer liaison advises students on professional development, job application materials, networking strategies, and other career preparation opportunities.

# PHARMACEUTICAL SCIENCES: RESEARCH, MS

This is a named option in the Pharmaceutical Sciences MS (p. 1606). Please use the links on the right to learn more about the Pharmaceutical Sciences: Research, MS.

## ADMISSIONS

## ADMISSIONS

This master's program is offered for work leading to the PhD. Students may not apply directly for the master's, and should instead see the admissions information for the PhD. (p. 1619)

This program also offers a MS named option in Applied Drug Development (p. 1608) and MS named option in Psychoactive Pharmaceutical Investigation (https://guide.wisc.edu/graduate/pharmacy-school-wide/pharmaceutical-sciences-ms/pharmaceutical-sciences-psychoactive-pharmaceutical-investigation-ms/).

## FUNDING

## FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

## NAMED OPTION REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Candidates will be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. This applies to formal courses and research credits. |
| Assessments and Examinations | The program expects the MS candidate to engage in a research project of a scope appropriate to the time devoted to earning the degree. The MS degree may be awarded following approval of the candidate's committee after either of the following:<br>• passing of the preliminary exam or<br>• writing a MS thesis describing the candidate's research that is presented and defended before the student's MS thesis committee. |
| Language Requirements | No language requirements. |

### REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Foundational Content** | | |
| PHM SCI 672 | Principles of Pharmaceutical Sciences | 3 |
| **Core Areas** | | |
| Complete at least 3 credits from two different Core Areas: | | 6 |
| *Drug Discovery Core* | | |
| PHM SCI 786 | Natural Product Synthesis, Biosynthesis and Drug Discovery | |
| *Drug Action Core* | | |

| | | |
|---|---|---|
| PATH 750 & PATH 752 | Cellular and Molecular Biology/ Pathology and Cellular and Molecular Biology/ Pathology Seminar | |
| PHMCOL-M 781 | Molecular and Cellular Principles in Pharmacology | |
| *Drug Delivery Core* | | |
| PHM SCI/ CHEM 766 | Molecular Recognition | |
| PHM SCI 773 | Molecular Solids | |
| PHM SCI 775 | Polymeric Drug Delivery | |
| **Research Ethics/Responsible Conduct of Research** | | |
| PHARMACY 800 | Research Ethics: Scientific Integrity and the Responsible Conduct of Research | 2 |
| **Seminar & Research** | | |
| Complete 16 credits as required from following: | | 16 |
| PHM SCI 931 | Pharmaceutical Sciences Seminar [1] | |
| PHM SCI 932 | Pharmaceutical Sciences Seminar [1] | |
| PHM SCI 990 | Research [2] | |
| PHM SCI 999 | Advanced Independent Study [3] | |
| **Additional Coursework** | | |
| Three additional credits from the Drug Action, Drug Delivery, or Drug Discovery electives. | | 3 |
| Courses approved by the student's advisor that have the graduate designation in the following subject listings may be appropriate: ANATOMY, ANAT&PHY, BIOCHEM, BSE, BIOLOGY, B M E, BMOLCHEM, B M I, BOTANY, CRB, CBE, CHEM, COMP BIO, COMP SCI, E C E, E P, FAM MED, FOOD SCI, GENETICS, H ONCOL, I SY E, M S & E, MATH, MD GENET, M M & I, MED PHYS, MED SC-M, MED SC-V, MEDICINE, MICROBIO, M&ENVTOX, MOL BIOL, NEUROL, NEURODPT, NTP, NURSING, NUTR SCI, ONCOLOGY, PATH-BIO, PATH, PHM SCI, PHMCOL-M, POP HLTH, PHYSICS, PL PATH, PSYCH, RADIOL, SOIL SCI, SURGERY, SURG SCI, ZOOLOGY. | | |
| **Total Credits** | | **30** |

1. Seminar is required every fall and spring semester during enrollment as a graduate student in the program.
2. Research credits are typically taken every semester in the program, beginning in the second semester. Credits will vary.
3. Research rotations in first semester of first year. At least one credit required.

To enhance a required core curriculum, an individualized course of study is planned with a faculty advisor. Faculty advisors have the option to require additional courses beyond the minimum requirements listed above.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to count no more than 9 credits of graduate coursework from other institutions (the student must have graduate student status on the other institution's transcript at the time the courses were taken). Coursework should be presented to the School of Pharmacy Graduate Dean in the first semester of enrollment for consideration. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students are allowed to count no more than 7 credits of UW–Madison courses numbered 500 or above (earned as a UW–Madison undergraduate) toward the MS degree. Coursework should be presented to the School of Pharmacy Associate Dean for Graduate Education in the first semester of enrollment for consideration. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. Credits from other institutions do not transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to count no more than 9 credits of coursework numbered 500 or above taken as a UW–Madison University Special student. Coursework should be presented to the School of Pharmacy Graduate Dean in the first semester of enrollment for consideration. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Students are required to maintain a pharmaceutical sciences faculty member as an MS advisor through the duration of their studies. Typically, a permanent advisor is found by the end of one's first semester.

An MS thesis committee in the Pharmaceutical Sciences Division (PSD) consists of at least three graduate faculty members of the Pharmaceutical Sciences Division (one of whom is the student's thesis advisor).

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

#### Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA, and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

#### Requirements for Programs

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

#### Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Associate Dean of Inclusive Excellence, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regard to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
   a. The grievance advisor will convene a SOP faculty committee with at least three members to facilitate the grievance following Steps b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee.

Committee composition will include at least one member from outside the student's home program.

b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.

c. The grievance advisor will share the response with the student filing the grievance.

d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.

6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research (ADR) or Assistant Dean for Graduate Education (ADGE) within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
   a. The grievant will be notified in writing, within five business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
   b. The ADR, ADGE, or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the ADR, ADGE, or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
   c. The ADR, ADGE, or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
   d. The ADR and ADGE must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# PHARMACEUTICAL SCIENCES, PHD

The Division of Pharmaceutical Sciences (https://pharmacy.wisc.edu/psd/) at the School of Pharmacy offers the doctor of philosophy (PhD) degree in pharmaceutical sciences. The program provides a rigorous background in a range of scientific disciplines that are critical to the success of the next generation of pharmaceutical scientists. The program's interdisciplinary training combines pharmaceutically relevant aspects of classical disciplines such as chemistry, biology, and engineering. Students earn a PhD in Pharmaceutical Sciences, concentrating in one of three research cores: Drug Discovery, Drug Action, or Drug Delivery. Extensive communication and collaboration occur between these cores, mirroring the importance of interdisciplinary research teams in the pharmaceutical field. See our webpage (https://pharmacy.wisc.edu/about-us/divisions/pharmaceutical-sciences/faculty-research/) for more detailed information regarding current faculty research directions.

Research in Drug Discovery (https://pharmacy.wisc.edu/psd/drug-discovery-core/) focuses on areas related to medicinal chemistry, such as small molecule development, natural products isolation and characterization, organic synthesis, chemical biology, and rational drug design.

Drug Action (https://pharmacy.wisc.edu/psd/drug-action-core/) focuses on areas related to pharmacology, toxicology, cellular differentiation, development, and disease. Interests include the impact of drugs and toxins on biological systems, mechanisms of normal biology, and mechanisms of disease. These are studied at the cellular, genetic, molecular, and biochemical levels using diverse model systems.

Drug Delivery (https://pharmacy.wisc.edu/psd/drug-delivery-core/) (pharmaceutics) emphasizes principles in physical chemistry and drug transport, aiming for advances in formulation, drug targeting, and multi-modal therapy. Delivery research includes the solid-state chemistry of drugs, nano-pharmacy, biocompatibility, molecular recognition, computational chemistry, pharmacokinetics, and molecular imaging.

The UW–Madison Pharmaceutical Sciences Division has been recognized for its research productivity, extramural funding support, publication record and teaching.

UW–Madison (https://www.youtube.com/watch/?v=XTJA5alrisQ&feature=youtu.be) is one of the nation's most prolific research universities, located on the shore of Lake Mendota in the state's vibrant capital city. The city of Madison (https://madison.wisc.edu/) is consistently recognized as one of the best cities in the nation in multiple categories for quality of life. Visit grad.wisc.edu (http://grad.wisc.edu/) to learn more about the many reasons to choose UW–Madison for graduate study.

# POSTGRADUATE INFORMATION

Our students are provided many opportunities to explore different careers paths and to hone their skills in areas such as communication and leadership. Recent program graduates have found employment in a variety of settings including industry, academia, science writing, and patent law. We engage our many alumni to participate in career chats and other networking opportunities with our students. For more information on student outcomes, please visit our webpage (https://pharmacy.wisc.edu/programs/pharmsci/student-outcomes/). The School's Graduate Program Manager can be consulted for specific career information (both initial placement and longer-term employment information regarding PhD alumni).

# FACILITIES

The Pharmaceutical Sciences Division is housed in Rennebohm Hall (http://www.pharmacy.wisc.edu/about-school/rennebohm-hall/), a seven-story, state-of-the-art facility that comprises both research and teaching space. Affiliate Pharmaceutical Sciences graduate faculty and their labs are housed in other nearby campus buildings. Located on the

northwest edge of campus, Rennebohm Hall is in close proximity to the Health Sciences Learning Center (home of the UW School of Medicine and Public Health, or SMPH), UW Hospital and Clinics, the UW Institute for Clinical and Translational Research (ICTR), the Waisman Center, the Wisconsin Institutes for Medical Research (WIMR), SMPH's Center for Human Genomics and Precision Medicine, the School of Veterinary Medicine, the School of Nursing, and Ebling Library for the Health Sciences.

Exceptional research facilities and equipment are available in Rennebohm Hall as highlighted by the Lachman Institute for Pharmaceutical Development (https://pharmacy.wisc.edu/centers/lachman-institute/). The Lachman Institute houses multiple research centers including the Analytical Instrumentation Center (AIC) (http://www.pharmacy.wisc.edu/aic/) which provides mass spectrometry, nuclear magnetic resonance, spectroscopy, and spectrophotometry services. Also within the Lachman Institute is the Medicinal Chemistry Center (MCC) (https://pharmacy.wisc.edu/centers/medicinal-chemistry-center/), whose mission is to provide drug discovery expertise to the UW medical community and drive translational research at UW–Madison through designing and synthesizing novel small molecule-based therapeutics. Pharmaceutical Sciences faculty direct the MCC. A Nanotechnology Center for Drug Delivery (https://pharmacy.wisc.edu/centers/wiscnano/) began in 2018, aiming to improve the efficacy of new drug leads.

The School of Pharmacy's Lenor Zeeh Pharmaceutical Experiment Station (http://www.pharmacy.wisc.edu/zstation/) is a not-for-profit, self-sustaining center of expertise serving faculty researchers across the UW–Madison campus as well as private-sector drug product development. The station provides laboratory services related to compound physical/chemical characterization and basic formulation development to support preclinical development of promising drug candidates and other unmet pharmaceutical-related needs. Pharmaceutical Sciences graduate students are eligible to participate in summer project assistantships at the station. The division also offers houses a wide array of equipment for computer-aided drug and catalyst design, real-time PCR, gas chromatographs, high-pressure liquid chromatographs, cell culture, ultra-centrifuges, scintillation counters, and animal care. Additionally, many researchers leverage equipment and services available through the Carbone Comprehensive Cancer Center, Biotechnology Center, and other campus core facilities.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 7 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

GRE scores are not required or accepted. Any submitted scores will not be used in assessing applications.

Letters of recommendation must be received by the fall deadline.

Admitted applicants commonly have strong scientific backgrounds and significant research experience. Applicants with undergraduate degrees in the physical (including chemistry) or biological sciences, engineering, pharmacy, and related fields are encouraged to apply. Applicants with master's degrees are also welcomed to apply, but a master's degree is not required. Applicants may apply directly to the Pharmaceutical Sciences PhD program with a bachelor's or PharmD degree- as long as a bachelor's or PharmD degree would be completed by the time one would begin graduate studies.

Please see admissions (https://pharmacy.wisc.edu/programs/pharmsci/admissions/) on the program website for additional information and answers to frequently asked questions.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Financial support is provided to all graduate students in the Pharmaceutical Sciences PhD program through a combined mechanism of fellowships, teaching assistantships, research assistantships, and training grant appointments. Financial support includes a stipend, full tuition remission (waiver), and most of the cost of reasonably priced, comprehensive health insurance; and extends for the full duration of a student's graduate study as long as they retain good academic standing and a faculty advisor. In addition, first-year students typically are provided $2,000 in flexible funds to aid in the transition to Madison. Additionally, the program awards travel grants to several students every year to support their attendance at scientific conferences and meetings. For more details, see this program-specific funding page (https://pharmacy.wisc.edu/academics/pharmsci/tuition-financial-aid/).

| **Total Credits** | | **51** |

1 Required every fall term during enrollment as a graduate student in the program.
2 Usually every semester starting in second semester; credits vary.
3 Rotations during first semester in first year.

To enhance a required core curriculum, an individualized course of study is planned with a faculty advisor. Faculty advisors have the option to require additional courses beyond the minimum requirements listed above.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 15 credits of graduate coursework from other institutions (the student must have graduate student status on the other institution's transcript at the time the courses were taken). Coursework should be presented to the Pharmaceutical Sciences Director of Graduate Studies in the first semester of enrollment for consideration. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With approval of the Pharmaceutical Sciences Director of Graduate Studies, students are allowed to transfer no more than 7 credits of UW–Madison courses numbered 500 or above (earned as a UW–Madison undergraduate) toward the PhD. Coursework should be presented to the Pharmaceutical Sciences Director of Graduate Studies in the first semester of enrollment for consideration. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements. Credits earned at other institutions do not transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 15 credits of coursework numbered 500 or above taken as a UW–Madison University Special student toward the PhD. Coursework should be presented to the Pharmaceutical Sciences Director of Graduate Studies in the first semester of enrollment for consideration. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

All students in the PhD program are required to have a major professor/advisor through the duration of their studies. Typically, a permanent advisor is found by the end of one's first semester.

All students are required to conduct an annual progress meeting with their thesis committee each year. The meeting should be completed by the end of August of each consecutive academic year. In years where the preliminary exam or the PhD thesis defense are scheduled, these events may substitute for the annual progress meeting. For details on the annual progress report, see the program's Student Handbook (https://students.pharmacy.wisc.edu/pharmsci-handbook/). For details on the composition requirements of the PhD preliminary exam/thesis committee, see Thesis Committee (https://students.pharmacy.wisc.edu/pharmsci-handbook/I-thesis-committee/) in the program's Student Handbook.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

It is expected that PhD major course requirements will be completed by the end of year two in the program.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may be required to take another preliminary examination and to be admitted to candidacy a second time.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

### Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA, and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

### Requirements for Programs

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

### Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Associate Dean of Inclusive Excellence, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regard to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
   a. The grievance advisor will convene a SOP faculty committee with at least three members to facilitate the grievance following Steps b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
   b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this

person that their response will be shared with the student filing the grievance.

c. The grievance advisor will share the response with the student filing the grievance.

d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.

6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research (ADR) or Assistant Dean for Graduate Education (ADGE) within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
   a. The grievant will be notified in writing, within five business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
   b. The ADR, ADGE, or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the ADR, ADGE, or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
   c. The ADR, ADGE, or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
   d. The ADR and ADGE must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

Professional development opportunities for Pharmaceutical Sciences graduate students include annual performance reviews by their respective thesis committee, providing feedback regarding each student's progress in coursework, research, and career development. Further, each student, beginning in one's second year, gives an annual seminar to one's research core (Drug Discovery, Drug Action, or Drug Delivery), providing an additional community of support and feedback. Moreover, the Pharmaceutical Sciences Seminar Series (https://pharmacy.wisc.edu/psd/seminars/) welcomes numerous academic and industrial scientists throughout the year; students have regular opportunities to meet such leaders in small settings. The division's annual poster session brings the community together and is another forum for research interaction.

The UW-Madison s (https://win.wisc.edu/organization/aaps/)tudent chapter of the American Association of Pharmaceutical Scientists (AAPS (https://win.wisc.edu/organization/aaps/)) (https://win.wisc.edu/organization/aaps/) also provides career development workshops and discussions with scientists and faculty. Many students attend local, regional, and national meetings related to Pharmaceutical Sciences. These include the Pharmaceutics Graduate Student Research Meeting (PGSRM), a graduate student-organized conference for graduate students across the upper Midwest and a parallel student-led medicinal chemistry-oriented conference (MIKI). Other meetings that our students commonly attend and present at include AAPS PharmSci360, American Association for Cancer Research meetings, Gordon Conferences, American Chemical Society meetings, and American Society for Mass Spectrometry Conferences.

There are a wide variety of opportunities for STEM-based graduate students to develop entrepreneurial and business skills. These include the Morgridge Enterpreneurial Bootcamp (https://business.wisc.edu/entrepreneurship/morgridge-entrepreneurial-bootcamp/), WiSolve Consulting Group (https://www.wisolve.org/), the graduate certificates (https://wsb.wisc.edu/programs-degrees/certificates/) in Entrepreneurship or Strategic Innovation, and many others, summarized by the School of Business' Insite Guide. (https://apps.wsb.wisc.edu/insite-entrepreneurship-guide/)

The program supports a graduate student retreat every other summer that includes career exploration and professional development events. Additional career development events such as informational interviews with PhD alumni and networking events with guest industry speakers are organized throughout the year. Graduate students who aspire to develop as instructors and future faculty can work with the Director of Graduate Studies to identify appropriate teaching assistant opportunities that will challenge them in this realm (complementing the ample campus resources for teaching/learning (https://teachlearn.provost.wisc.edu/)). More information about career development and other activities can be found on the Student Experience (https://pharmacy.wisc.edu/pharmsci/student-experience/) section of our webpage.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate critical knowledge and in-depth understanding of principles in the student's area of expertise.
2. Identify important research questions, formulate testable hypotheses, and design experiments to test those hypotheses.
3. Conduct original research that contributes to the student's field of study.
4. Communicate scientific knowledge and research results effectively to a range of audiences.
5. Apply ethical principles in conducting scientific research.

# PHARMACY, MS

**Admission to the MS Pharmacy Program is only accessed through the ASHP Residency Match.**

The pharmacy master's program is a two-year, combined pharmacy administrative residency (an ASHP Accredited (https://www.ashp.org/) PGY-1 and PGY-2, hosted by the UW Health Department of Pharmacy) and academic degree program, which culminates in a MS degree, emphasizing health system pharmacy management and leadership.

Applicants must be eligible for licensure as a pharmacist in the State of Wisconsin at the point of beginning the program. The program is designed to provide the pharmacy resident/graduate student with a solid academic foundation and experience in the administration of exemplary pharmaceutical services across an integrated health system.

The primary objective of the program is to develop health system pharmacy administrators who are trained and prepared to immediately assume administrative leadership positions within large, integrated health care delivery systems at the level of managers and assistant directors, and eventually as directors of pharmacy. These positions include oversight of pharmacy operations, clinical programs, medication safety, new business development, supply chain, etc. Residents complete clinical and management rotations in the first year of the program, and advanced administrative and elective rotations in the second year (chosen from a variety of settings, as desired by the resident). The curriculum's flexibility allows for specialization in administrative areas that best complement the student's career goals. Resident activities are varied in scope, depending on each individual's background and areas of interest.

See the detailed program overview (https://www.uwhealth.org/health-professionals/internships/pharmacy-administrative-residency/administrative/31907/) (including a description of rotations; program strengths; resident competency objectives; projects; presentation, teaching, and travel opportunities).

The UW Health Department of Pharmacy is a leader in the profession, and a leader within the University of Wisconsin Hospital & Clinics in the areas of technology assessment, new business development, information technology, patient safety, resource utilization and regulatory compliance. In 2006, this residency program proudly accepted the inaugural ASHP Foundation Pharmacy Residency Program Excellence Award for producing leaders across the profession.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | April 1 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 0 |

**Admission to the MS Pharmacy Program is only accessed through the ASHP Residency Match.** Initial applications should be entered through the Pharmacy Online Residency Centralized Application Service (PhORCAS). See instructions below.

This is a combined MS degree and post-graduate residency training program. Thus, two applications must be submitted. Applicants without a bachelor's degree may still be considered for admittance with an earned Doctor of Pharmacy or other professional graduate degree.

1. Pharmacy Online Residency Centralized Application Service (PhORCAS)
   a. **Applications are due in early January;** the exact date will be listed on the PhORCAS website.
   b. For additional details of this application process, see the area regarding "pharmacy administrative residency--applying to the program" on the UW Health website (http://www.uwhealth.org/health-professionals/internships/pharmacy-administrative-residency/applying/31924/).
2. UW-Madison Graduate School and MS Pharmacy
   a. See the above table for application due date.
   b. **Only those selected for the residency program through the PhORCAS application may apply for this program.**
   c. Applications are not reviewed at any other time during the year.
   d. Applicants to the MS program **must be eligible for licensure as a pharmacist in Wisconsin** due to the program's pharmacy residency requirements.

The program begins in mid-June and MS coursework begins in early September.

## FUNDING

# FUNDING

## PHARMACY MS STIPEND/BENEFITS

Students received an annual stipend while participating in this program. Stipends are updated annually and commensurate with other pharmacy residency positions.

Each resident receives 144 hours of PTO (paid time off) annually, inclusive of vacation, holiday, and sick time. As employees of the School of Pharmacy, residents receive health, dental, and vision insurance benefits and full access to the University of Wisconsin–Madison's recreational, educational, and cultural facilities. Tuition costs and university segregated fees are paid for by the UW Health Department of Pharmacy. Funding is available for attendance at professional meetings.

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from

the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 36 credits |
| Minimum Residence Credit Requirement | 36 credits |
| Minimum Graduate Coursework Requirement | 18 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Candidates may be dropped from the program if they receive more than 7 credits of grades at the BC level or lower. This applies to formal courses, seminars, and research credits. |
| Assessments and Examinations | A master's research project is required. |
| Language Requirements | No additional language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Fall Semester (Year 1)** | | |
| PHM PRAC 961 | Graduate Seminar in Health-System Pharmacy | 1 |

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

No coursework taken outside of UW–Madison may be used to fulfill course requirements in the MS degree.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No coursework taken as a UW–Madison undergraduate may be used to fulfill course requirements in the MS degree.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

No coursework taken as a UW–Madison Special student may be used to fulfill course requirements in the MS degree.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

The UW Health Department of Pharmacy also has a disciplinary policy for its residents; contact the Department of Pharmacy for details.

## ADVISOR / COMMITTEE

Students/residents are regularly reviewed by the UW Health Senior Director of Pharmacy, the HSPAL Residency Program Director, and program preceptors.

## CREDITS PER TERM ALLOWED

15 credits; students must maintain a minimum of 8 credits per semester.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Pharmacy

Any student in a School of Pharmacy graduate program who feels that they have been treated unfairly by a faculty member, staff member, postdoc, or student has the right to have a complaint heard about the treatment and to receive a prompt hearing of the grievance, following

these grievance procedures. Any student who discusses, inquires about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. The person whom the complaint is directed against must be an employee of the School of Pharmacy. Any student or potential student may use these procedures unless the complaint is covered by other campus rules or contracts.

**Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA, and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

**Requirements for Programs**

The School of Pharmacy requires that each director of graduate studies (DGS) serve as a grievance advisor for the school. The program must notify students of the grievance advisors, including posting the grievance advisor's names in the program handbook. The student will be able to select the grievance advisor of the student's choice and does not need to use the grievance advisor from the student's program.

A grievance advisor may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance. If students would like to seek guidance at this informal step, the student can contact the Associate Dean of Inclusive Excellence, the DGS for the student's program, or the UW Ombuds Office.
3. Should a satisfactory resolution not be achieved AND the complaint does not involve an academic program, the procedure outlined in Step 6 below should be followed. Should a satisfactory resolution not be achieved in step 2, the student should contact an SOP grievance advisor of one's choice to discuss the complaint. The grievance advisor should keep a record of contacts with regard to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance and should occur within 10 days of notifying the grievance advisor. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved including individuals, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 working days from the date the formal written grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor will convene a SOP faculty committee with at least three members to facilitate the grievance following Steps b, c, and d. The grievance advisor assumes the role of coordinator. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition will include at least one member from outside the student's home program.
    b. The faculty committee, through the grievance advisor, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SOP Associate Dean for Research (ADR) or Assistant Dean for Graduate Education (ADGE) within 10 working days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within five business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The ADR, ADGE, or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the ADR, ADGE, or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The ADR, ADGE, or their designee will make a final decision within 20 working days of receipt of the committee's recommendation.
    d. The ADR and ADGE must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Pharmacy decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

Professional development opportunities for residents/students include those in the following presentation, teaching, travel, and other categories:

### Presentation Opportunities

- Weekly resident seminars
- Resident report presentations, educational presentations and in-services on clinical rotations
- Team and staff meeting leadership
- Leadership of monthly journal club discussions
- Nursing and pharmacy student orientation to pharmacy services
- Major projects are presented at the ASHP Midyear Clinical Meeting, Great Lakes Pharmacy Resident Conference, and Pharmacy Society of Wisconsin (PSW) Annual Meeting and Educational Conference

### Teaching Opportunities

- Clinical Instructor status at the University of Wisconsin School of Pharmacy
- Lecturer and small group discussion leader for Drug Information class and participant in a Leadership Course led by our department within the UW School of Pharmacy
- Preceptorship of 4th year students on clinical rotation at UWHC
- Contribution to clinical faculty discussions with students
- Optional teaching certificate program for residents at area hospitals

### Other Activities

- Weekly resident lunch seminars with hospital administrators to discuss administrative topics
- Patient and medication safety involvement
- Participation on various patient care committees
- Participation in resident community service projects
- Opportunities to interact with residents in the pharmacy practice, community practice, ambulatory, critical care, infectious disease, medication systems and operations, oncology, transplant, and specialty pharmacy residency programs
- Monthly coffees with the Senior Director of Pharmacy for UW Health

### Travel

- ASHP Midyear Clinical Meeting
- Great Lakes Pharmacy Residents Conference
- Pharmacy Administrative Residency Exchange
- Site visits to other health systems and residency programs
- ASHP Leadership Conference
- Pharmacy Society of Wisconsin (PSW) Annual Meeting and Educational Conference

LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrates the ability to design, implement, evaluate, optimize, and manage the medication use process using technology, automation, workflow design, application, and optimal skill mix.
2. Thoroughly understands the components of an integrated health system and the role of pharmacy across the continuum of care.
3. Displays knowledge and expertise in the development and coordination of medication use policy to standardize practice, provide optimal patient care, and impact the financial performance of the organization.
4. Demonstrates the ability to manage the supply chain, including inventory analysis, contract negotiation, purchasing, and drug shortage management.
5. Comprehends medication safety principles to ensure safe medication practices.
6. Effectively monitors the financial performance of the pharmacy department, including knowledge of budgeting concepts, reporting of variances, and revenue cycle optimization.
7. Understands the principles of human resource management, including recruitment, interviewing, hiring, performance management, discipline, and effective day-to-day supervision.
8. Demonstrates personal leadership qualities essential to operate effectively within a health system and advance the profession and practice of pharmacy.

# PHILOSOPHY

DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Philosophy, Doctoral Minor (p. 1629)
- Philosophy, MA (p. 1630)
- Philosophy, PhD (p. 1633)

# PHILOSOPHY, DOCTORAL MINOR

ADMISSIONS

# ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on

Add/Change Programs. Select the information for the doctoral minor for which you are applying.

## REQUIREMENTS

# REQUIREMENTS

Graduate students from other fields who wish to pursue a doctoral minor in philosophy should consult with the assistant to the chair of the department. Students must complete at least three courses in PHILOS (https://guide.wisc.edu/courses/philos/) for at least 9 credits. Normally, at least two of these courses, for at least 5 credits, must be taken in residence on campus. Most courses numbered 400 and above are open to minor candidates, as are graduate courses and seminars numbered 800 and above.

# PHILOSOPHY, MA

The Department of Philosophy offers work leading to the doctor of philosophy with a major in philosophy.

The MA is granted to PhD program students when they pass their preliminary examinations and become a dissertator. When a student must leave the program early and is unable to complete a PhD, a terminal MA is granted upon satisfying the department's criteria for a master's degree.

The PhD degree is awarded in recognition of a successfully completed program of advanced studies in philosophy, culminating in a dissertation which represents a contribution to philosophy or to philosophical scholarship.

The PhD program falls into two major stages. The first consists of work that prepares the student for admission to candidacy for the PhD degree. Studies during the first stage of the program are devoted to acquiring the philosophical skills and learning needed to do philosophy in the second stage when writing a successful dissertation.

The department offers five years of support to all incoming graduate students. Support begins with the first fall semester and continues for at least nine additional semesters, provided the student makes satisfactory academic progress and carries out duties acceptably as a graduate assistant.

The department assigns a faculty member as placement officer and devotes a significant portion of staff resources to help graduates find employment.

## ADMISSIONS

# ADMISSIONS

This master's program is offered for work leading to the PhD. Students may not apply directly for the master's and should instead see the admissions information for the PhD (p. 1633).

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

We offer five years of support to all incoming graduate students, beginning their first fall semester, and continuing for at least nine additional semesters, provided the student makes satisfactory academic progress and carries out duties acceptably as graduate assistants. The support may vary from year to year between assistantships and lectureships.

### Note to International Students

Please be advised that all students who are not United States citizens must prove that they have the financial means to live and study in the U.S. before they are granted a visa. For an explanation of this policy, see International Applicant Financial Information (https://grad.wisc.edu/international-students/#financialinformation).

### Additional Financial Aid

Citizens of the United States and permanent residents should contact the Office of Student Financial Aid (https://financialaid.wisc.edu/) (608-262-3060) for more information on eligibility, how and when to apply, and types of aid.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 34 credits |
| Minimum Residence Credit Requirement | 21 credits taken in PHILOS seminars (courses numbered between 800 and 989). |
| Minimum Graduate Coursework Requirement | 30 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.50 GPA required. |
| Other Grade Requirements | Philosophy requires a grade of B or better in all PHILOS seminars. |
| Assessments and Examinations | None. |
| Language Requirements | No language requirements. Students in the History of Philosophy area may find it important to take additional language courses in consultation with their advisor. |

## REQUIRED COURSES

Philosophy courses in our department are divided into two categories. Students are expected to complete courses in both categories:

1. Ethics, aesthetics, and social and political philosophy; and
2. Metaphysics, epistemology, logic, philosophy of language, philosophy of mind, or philosophy of science.

First year graduate students may not register for PHILOS 599 Directed Study, PHILOS 699 Directed Study, or PHILOS (https://guide.wisc.edu/courses/philos/) courses numbered 990-998. No more than one course numbered between 400-600 may satisfy the minimum credit requirements for the MA.

| Code | Title | Credits |
|---|---|---|
| **Proseminar** | | **3** |
| All students are expected to take the first year proseminar in their first semester in the program. | | |
| PHILOS 902 | Proseminar in Philosophy | |
| **Teaching Seminar** | | **1** |
| Students must take this course during the first year of teaching. | | |
| PHILOS 904 | Teaching Philosophy | |
| **Other Seminars** | | **30** |
| Students must also complete 30 credits or 10 seminars from the following: | | |
| PHILOS 701 | Reading Seminar [1] | |
| PHILOS 903 | Seminar: Epistemology | |
| PHILOS 911 | Seminar-Logic | |
| PHILOS 916 | Seminar-Philosophy of Language | |
| PHILOS 920 | Seminar-Philosophy of Science:Causation, Explanation & Probability | |
| PHILOS 941 | Seminar-Ethics | |
| PHILOS 951 | Seminar-Philosophy of Mind | |
| PHILOS 955 | Seminar Social and Political Philosophy | |
| PHILOS 960 | Metaphysics Seminar | |
| *History of Philosophy Requirement (6 credits)* | | |
| Within the 10 seminar requirement, students must complete 6 credits of History of Philosophy courses. | | |
| PHILOS 830 | Advanced History of Philosophy | |
| PHILOS 835 | Advanced History of Philosophy | |
| **Logic** | | |
| Students must select one of the three options to complete this requirement. | | |
| *Option 1* | | |
| Pass a proficiency exam administered by our Logic Committee. | | |
| *Option 2* | | |
| Pass an advanced UW logic course like those listed below. Students may apply the one of the following courses toward the seminar requirement. | | |
| PHILOS 511 | Symbolic Logic | |
| or PHILOS 512 | Methods of Logic | |
| *Option 3* | | |
| Pass a course at another institution that includes or surpasses the content of PHILOS 511 or PHILOS 512. The Logic Committee will review documentation related to the relevant course's content and determine whether the student thereby satisfies the logic requirement. | | |
| **Total Credits** | | **34** |

[1] No more than one PHILOS 701 course may satisfy the minimum credit requirement.

### Seminar Requirement

Each of the other listed seminars (except for the Proseminar and Teaching Seminar) meets with a concurrently offered PHILOS 701 Reading Seminar. Students who complete PHILOS 701 in place of the other listed seminar attend all the seminar meetings and complete the readings, but have a substantially lighter workload, determined by the professor before the beginning of the semester.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs

may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 6 credits of graduate coursework taken as a graduate student from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW–Madison undergraduate degree are allowed to transfer toward the degree.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 9 credits of coursework numbered 500 or above taken as a UW–Madison University Special student. Coursework earned ten or more years prior to admission to a master's is not allowed to satisfy requirements.

## PROBATION

Students who have four or more grades of "Incomplete" may not register for further work until these Incompletes have been removed. It is the policy of the philosophy department not to give Incompletes, except when illness or events beyond the student's control prevent the completion of course work.

If a student who is not making satisfactory progress (a) has at any one time three or more Incompletes that have been on the student's record for one semester or more, or (b) has not passed the dissertation prospectus examination by the end of the ninth semester of residency, or (c) has at any time a cumulative GPA of less than 3.5 in philosophy graduate seminars (those numbered 800 and above), then the student will be placed on probation; and if after two semesters there is still a deficiency, the student will be removed from the program.

No student while on probation is eligible for appointment as a TA, PA, or RA nor will that student be recommended by the department for a fellowship.

## ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects students to meet with their advisor on a regular basis.

The assistant to the chair serves as the advisor for the first year or so. Students then select an advisor and, as coursework and other requirements are completed, a committee of faculty is selected by the student to serve as advisors.

## CREDITS PER TERM ALLOWED

12 credits

## TIME LIMITS

The program of study that you work out will be designed for completion, normally, by the end of the sixth or seventh semester of full-time graduate studies.

To make satisfactory academic progress, a student must attempt to complete the logic requirement by the end of his or her first year. If the student does not fulfill the requirement, then another attempt must be made in the third semester. If the student fails to satisfy the requirement again, another attempt must be made in the fourth semester. If the student fails to pass the requirement by the end of his or her fourth semester, then this will constitute failure to make satisfactory academic progress. Subject to instructor's willingness, a student may attempt to pass the requirement more than once in a semester.

All entering graduate students will participate in a proseminar in their first term in residence. All graduate students must take the Teaching Philosophy course during their first year of teaching.

A student who is normally enrolled and in residence in the PhD program is making satisfactory progress unless that student:

- has not attempted to complete the logic requirement by the end of the first year in residence and continued to attempt to complete the logic requirement in each subsequent semester until completing this requirement, or
- has not completed the logic requirement by the end of the second year in residence, or
- has not satisfied the history of philosophy requirement by the end of the third year of residence, or
- as not become a dissertator by the end of the fourth year of residence, or
- has not passed the examination on the dissertation prospectus by (a) the end of the ninth semester in residence or (b) within one year after passing the prelim, whichever is later.

Moreover, failure to submit a passing prelim by the end of the seventh semester will result in dismissal from the program.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and

conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

n/a

# PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Expert ability to think critically about arguments.
2. Expert ability to interpret complex texts accurately and analyze them logically.
3. Ability to communicate very precisely and concisely in both writing and in speech.
4. In-depth familiarity with the history of Western philosophy and the major debates within that tradition.
5. Interpretative charity, and intellectual honesty, which includes appropriate attribution to others of their ideas, and recognition and frankness about the limitations of one's own ideas.

# PHILOSOPHY, PHD

The Department of Philosophy offers work leading to the doctor of philosophy with a major in philosophy.

The MA is granted to PhD program students when they pass their preliminary examinations and become a dissertator. When a student must leave the program early and is unable to complete a PhD, a terminal MA is granted upon satisfying the department's criteria for a master's degree.

The PhD degree is awarded in recognition of a successfully completed program of advanced studies in philosophy, culminating in a dissertation which represents a contribution to philosophy or to philosophical scholarship.

The PhD program falls into two major stages. The first consists of work that prepares the student for admission to candidacy for the PhD degree. Studies during the first stage of the program are devoted to acquiring the philosophical skills and learning needed to do philosophy in the second stage when writing a successful dissertation.

The department offers five years of support to all incoming graduate students. Support begins with the first fall semester and continues for at least nine additional semesters, provided the student makes satisfactory academic progress and carries out duties acceptably as a graduate assistant.

The department assigns a faculty member as placement officer and devotes a significant portion of staff resources to help graduates find employment.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 5 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

For admission to the PhD program with full graduate standing, an applicant must have completed the equivalent of a BA with a major in philosophy. Promising applicants who do not meet this requirement may be admitted with deficiencies provided that they have completed at least 12 credits in philosophy.

You must apply online by the fall deadline to be considered for admission.

The process begins with the application (https://grad.wisc.edu/apply/) to the UW–Madison Graduate School.

Answer all required questions and be sure to submit the following:

1. Reasons for Study (also called Statement of Purpose)
2. Names of at least three professors and their email addresses for letters of recommendation
3. English language proficiency test scores if your native language is not English
4. Supplemental application (questionnaire about what philosophy courses you've already taken)
5. Writing sample (4,500–6,000 words recommended, which is 15–20 pages double-spaced, devoted to a philosophical subject)

If you have questions about the process of applying, contact the graduate coordinator, uwmadisongradprogram@philosophy.wisc.edu or 608-263-5278.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

We offer five years of support to all incoming graduate students, beginning their first fall semester, and continuing for at least nine additional semesters, provided the student makes satisfactory academic progress and carries out duties acceptably as graduate assistants. The support you receive may vary from year to year between assistantships and lectureships.

### Note to International Students

Please be advised that all students who are not United States citizens must prove that they have the financial means to live and study in the U.S. before they are granted a visa. For an explanation of this policy, see International Applicant Financial Information (https://grad.wisc.edu/international-students/#financialinformation).

### Additional Financial Aid

Citizens of the United States and permanent residents should contact the office of Student Financial Aid (https://

financialaid.wisc.edu/) (608-262-3060) for more information on eligibility, how and when to apply, and types of aid.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits; 27 credits must be taken in PHILOS coursework |
| Minimum Graduate Coursework Requirement | 48 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.50 GPA required. |
| Other Grade Requirements | Philosophy requires a grade of B or better in all PHILOS seminars. |
| Assessments and Examinations | Students are required to complete the following:<br>• satisfy the preliminary exam requirement;<br>• satisfy the prospectus requirement; and<br>• satisfy the thesis and oral defense requirements. |
| Language Requirements | No language requirements. Students in the History of Philosophy area may find it important to take additional language courses chosen in consultation with their advisor. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).<br><br>A minor composed only of Philosophy courses is possible. Completion of such a minor requires a student takes at least three courses, numbered 500 or above, including two graduate seminars, all of which fall outside their major area of specialization. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Proseminar** | | **3** |
| Students must complete the following course. | | |
| PHILOS 902 | Proseminar in Philosophy | |
| **Teaching Seminar** | | **1** |
| Students must complete the following course during the first year of teaching. | | |
| PHILOS 904 | Teaching Philosophy | |
| **Other Seminars** | | **30** |
| Students must complete 30 credits or 10 seminars from the following: | | |
| PHILOS 701 | Reading Seminar | |
| PHILOS 903 | Seminar: Epistemology | |
| PHILOS 911 | Seminar-Logic | |
| PHILOS 916 | Seminar-Philosophy of Language | |
| PHILOS 920 | Seminar-Philosophy of Science:Causation, Explanation & Probability | |
| PHILOS 941 | Seminar-Ethics | |
| PHILOS 951 | Seminar-Philosophy of Mind | |
| PHILOS 955 | Seminar Social and Political Philosophy | |
| PHILOS 960 | Metaphysics Seminar | |
| *History of Philosophy Requirement (6 credits)* | | |
| Within the 30-credit or 10 seminar requirement, students must complete 6-credits of History of Philosophy courses. | | |
| PHILOS 830 | Advanced History of Philosophy | |
| PHILOS 835 | Advanced History of Philosophy | |
| **Logic** | | |
| Students must select one of the three options to complete this requirement: | | |
| *Option 1* | | |
| Pass a proficiency exam administered by the Logic Committee | | |

| | | |
|---|---|---|
| *Option 2* | | |
| Pass an advanced UW logic course like those listed below. Students may apply one of the following courses toward the seminar requirement. | | |
| PHILOS 511 | Symbolic Logic | |
| or PHILOS 512 | Methods of Logic | |
| *Option 3* | | |
| Pass a course at another institution that includes or surpasses the content of PHILOS 511 or PHILOS 512. The Logic Committee will review documentation related to the relevant course's content and determine whether the student satisfies the logic requirement. | | |
| **Reading Seminar** | | **6** |
| Students must complete at least 6 credits by choosing one of the options. | | |
| *Option 1* | | |
| PHILOS 701 | Reading Seminar (taken twice) | |
| *Option 2* | | |
| Students complete an additional seminar numbered 800-900 | | |
| **Research** | | |
| Students must complete directed research or thesis-prep courses to meet the minimum credit requirement. | | |
| PHILOS 990 | Research and Thesis | 2-9 |
| **Total Credits** | | **51** |

### Seminar Requirement

Each of the other listed seminars (except for the Proseminar and Teaching Seminar) meets with a concurrently offered PHILOS 701 Reading Seminar. Students who complete PHILOS 701 in place of the other listed seminar attend all the seminar meetings and complete the readings, but have a substantially lighter workload, determined by the professor before the beginning of the semester.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 6 credits of graduate coursework taken as a graduate student from other institutions. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW–Madison undergraduate degree are allowed to transfer toward the degree.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 9 credits of coursework numbered 500 or above taken as a UW–Madison University Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## PROBATION

Students who have four or more grades of "Incomplete" may not register for further work until these Incompletes have been removed. It is the policy of the philosophy department not to give Incompletes, except when illness or events beyond the student's control prevent the completion of course work.

If a student who is not making satisfactory progress (a) has at any one time three or more incompletes that have been on the student's record for one semester or more, or (b) has not passed the dissertation prospectus examination by the end of the ninth semester of residency, or (c) has at any time a cumulative GPA of less than 3.5 in philosophy graduate seminars (those numbered 800 and above), then the student will be placed on probation; and if after two semesters there is still a deficiency, the student will be removed from the program.

No student while on probation is eligible for appointment as a TA, PA, or RA nor will that student be recommended by the department for a fellowship.

## ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects students to meet with their advisor on a regular basis.

The Assistant to the Chair serves as the advisor for the first year or so. Students then select an advisor and, as coursework and other requirements are completed, a committee of faculty is selected by the student to serve as advisors. The primary advisor serves as the dissertation chair. The dissertation committee members (typically 3 faculty from the Department of Philosophy) serve as readers.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

The program of study that you work out will be designed for completion, normally, by the end of the sixth or seventh semester of full-time graduate studies.

In order to make satisfactory academic progress, a student must attempt to complete the logic requirement by the end of his or her first year. If the student does not fulfill the requirement, then another attempt must be made in the third semester. If the student fails to satisfy the requirement again, another attempt must be made in the fourth semester. If the student fails to pass the requirement by the end of his or her fourth semester, then this will constitute failure to make satisfactory academic progress. Subject to instructor's willingness, a student may attempt to pass the requirement more than once in a semester.

All entering graduate students will participate in a proseminar in their first term in residence. All graduate students must take the Teaching Philosophy course during their first year of teaching.

- A student who is normally enrolled and in residence in the PhD. program is making satisfactory progress unless that student:
- has not attempted to complete the logic requirement by the end of the first year in residence and continued to attempt to complete the logic requirement in each subsequent semester until completing this requirement, or
- has not completed the logic requirement by the end of the second year in residence, or
- has not satisfied the history of philosophy requirement by the end of the third year of residence, or
- as not become a dissertator by the end of the fourth year of residence, or
- has not passed the examination on the dissertation prospectus by (a) the end of the ninth semester in residence or (b) within one year after passing the prelim, whichever is later.

Moreover, failure to submit a passing prelim by the end of the seventh semester will result in dismissal from the program.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to

the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.

b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.

c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.

4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Expert ability to think critically about arguments.
2. Expert ability to interpret complex texts accurately and analyze them logically.
3. Ability to design curriculum for undergraduate courses in their areas of expertise and competence.
4. Ability to communicate very precisely and concisely in both writing and in speech.
5. In-depth familiarity with the history of Western philosophy and the major debates within that tradition.
6. Ability to write a book length manuscript which constitutes an original and valuable contribution to the field.
7. Interpretative charity, and intellectual honesty, which includes appropriate attribution to others of their ideas, and recognition and frankness about the limitations of one's own ideas.
8. Fosters ethical and professional conduct.
9. Ability to engage in high quality undergraduate instruction in their areas of expertise and competence.
10. Well-equipped to pursue continuous professional development with respect to goals.

- Physics, MS (p. 1641)
- Physics, PhD (p. 1649)
- Quantum Computing, MS (p. 1653)

# PHYSICS, DOCTORAL MINOR

## ADMISSIONS

# ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

## REQUIREMENTS

# REQUIREMENTS

The doctoral minor in physics, for non-physics students, requires 9 credits in PHYSICS (https://guide.wisc.edu/courses/physics/) numbered 300 and above, each passed with a grade of B or better. The program must be approved by the Associate Chair for Graduate Programs before it is completed.

# PHYSICS, MA

# DEPARTMENT OVERVIEW

The Department of Physics has a strong tradition of graduate study and research in astrophysics; atomic, molecular, and optical physics; condensed matter physics; high energy and particle physics; plasma physics; quantum computing; and string theory. There are many facilities for carrying out world-class research (https://www.physics.wisc.edu/research/). We have a large professional staff: 45 full-time faculty (https://www.physics.wisc.edu/people/faculty/) members, affiliated faculty members holding joint appointments with other departments, senior scientists, and postdocs. There are over 175 graduate students in the department who come from many countries around the world. More complete information on the graduate program, the faculty, and

research groups is available at the department website (http://www.physics.wisc.edu).

Research specialties include:

### THEORETICAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; condensed matter physics; cosmology; elementary particle physics; nuclear physics; phenomenology; plasmas and fusion; quantum computing; statistical and thermal physics; string theory.

### EXPERIMENTAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; biophysics; condensed matter physics; cosmology; elementary particle physics; neutrino physics; experimental studies of superconductors; medical physics; nuclear physics; plasma physics; quantum computing; spectroscopy.

# MA DEGREE DETAILS

The master of arts degree is a purely academic degree, requiring graduate course work and passage of the qualifying examination at the master's level. It is designed to strengthen the student's physics background and enhance the opportunities for employment as a physicist or in physics education.

## ADMISSIONS

# ADMISSIONS

This master's program is offered for work leading to the PhD. Students may not apply directly for the master's, and should instead see the admissions information for the PhD. (p. 1649)

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | All master of arts degree candidates must pass the qualifying examination at the master's level. |
| Language Requirements | Contact the program for information on any language requirements. |

### REQUIRED COURSES

All graduate degree candidates are required to take five core courses:

| Code | Title | Credits |
|---|---|---|
| **Required Core** | | |
| PHYSICS 711 | Theoretical Physics-Dynamics | 3 |
| PHYSICS 715 | Statistical Mechanics | 3 |

| | | |
|---|---|---|
| PHYSICS 721 | Theoretical Physics-Electrodynamics | 3 |
| PHYSICS 731 | Quantum Mechanics | 3 |
| PHYSICS 732 | Quantum Mechanics | 3 |
| **Additional Coursework** | | **15** |
| The remaining credits may be earned through a combination of coursework, directed study, and research, to be determined by the advisor in consultation with the student. Courses numbered 300 to 399 cannot fulfill any degree coursework requirements. | | |
| **Total Credits** | | **30** |

# POLICIES

- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

5. Communicates clearly in ways appropriate to the field of physics.

# PHYSICS: QUANTUM COMPUTING, MS

**The Quantum Computing named option in the Physics, MS no longer admits new students after Spring 2026 and the program will be discontinued Fall 2029.**

**Applicants interested in Quantum Computing named option may want to consider the Quantum Computing, MS.** This new program replaces the Quantum Computing Named Option in the Physics, MS. If you have any questions, please contact the department (see contact box).

This is a named option in the Physics MS. (http://guide.wisc.edu/graduate/physics/physics-ms/)

The MS in Physics–Quantum Computing (MSPQC) is an intensive professional master's degree designed to provide flexibility to students. It can be completed in one calendar year (three semesters) or it can take up to six semesters on a part-time basis. The program provides students with a thorough grounding in the discipline of quantum information and quantum computing. It begins with a study of the relevant parts of quantum theory, and proceeds to quantum gates, measurements, algorithms, quantum error correction, and decoherence. Quantum communication theory and the secure transmission of information are also covered. The supporting areas of statistical mechanics, solid-state physics, and atomic physics form part of the classroom training. Just as important, the program gives students a mastery of advanced lab skills involved in quantum computation and participation in mentored research projects is required.

Students who graduate from this program will have the tools to succeed as researchers or program managers in a quantum computing or quantum technologies enterprise. They may also use the program as a springboard to PhD programs in physics or related areas. MSPQC students interested in applying to the PhD at UW–Madison must adhere to all PhD admission requirements and deadlines.

The program collaborates closely with faculty across campus that are involved in Quantum Information Science and Technology research.

## ADMISSIONS

# ADMISSIONS

**The Quantum Computing named option in the Physics, MS no longer admits new students after Spring 2026 and the program will be discontinued Fall 2029.**

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | March 15 |
| Spring Deadline | November 1* |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | GRE General Test not required.<br>GRE Physics Subject Test not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

* The spring application is only open to UW-Madison undergraduate and graduate students who complete their previous program by the start of the spring semester.

Prospective applicants must apply for admission to the UW Graduate School and satisfy requirements for undergraduate GPA, bachelor's degree, English proficiency, and financial information.

## ADMISSIONS MATERIALS

- Three letters of recommendation
- Unofficial transcripts: unofficial transcripts are allowable for application review, if the applicant is recommended for admission, the Graduate School will request official transcripts.
- Resume/CV
- Statement of Purpose: Address relevant experiences and future research/industry interests and goals. Communicate motivations for pursuing the MSPQC, and convey how interests/experiences align with the strengths of the UW– Madison program

For more details about the MS in Physics–Quantum Computing, visit the FAQ page.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

# REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

## NAMED OPTION REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | n/a |
| Language Requirements | n/a |

### REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Fall** | | |
| PHYSICS 701 | Graduate Introductory Seminars | 1 |
| PHYSICS 709 | Introduction to Quantum Computing | 3 |
| PHYSICS 531 | Introduction to Quantum Mechanics | 3 |
| or PHYSICS 731 | Quantum Mechanics | |
| or PHYSICS 448 | Atomic and Quantum Physics | |
| PHYSICS elective: Any PHYSICS course numbered 300 or above. | | 3 |
| PHYSICS or other elective: Any PHYSICS course numbered 300 or above; courses outside of PHYSICS must be approved by the MS Physics-Quantum Computing program. | | 3 |
| **Spring** | | |
| PHYSICS 779 | Advanced Quantum Computing | 3 |
| PHYSICS 551 | Solid State Physics | 3 |
| or PHYSICS 545 | Introduction to Atomic Structure | |
| or PHYSICS 449 | Atomic and Quantum Physics | |
| or PHYSICS 732 | Quantum Mechanics | |
| PHYSICS or other elective: Any PHYSICS course numbered 300 or above; courses outside of PHYSICS must be approved by the MS Physics-Quantum Computing program. | | 6 |
| **Summer** | | |
| PHYSICS 707 | Quantum Computing Laboratory | 4 |
| PHYSICS 799 | Independent Study | 1 |
| **Total Credits** | | **30** |

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

# POLICIES

## GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

## NAMED OPTION-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special student at UW–Madison

With program approval, students are allowed to transfer no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

All students will be assigned a faculty advisor upon matriculation.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and

the names and titles of any individuals contributing to or involved in the decision.

b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.

c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.

4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Students are encouraged to attend Graduate School sponsored Professional Development events and participate in Graduate School Professional Development resources, such as the Individual Development Plan (IDP). The MSPQC program is affiliated with the Wisconsin Quantum Institute (WQI) (https://wqi.wisc.edu), the home for quantum science and engineering at UW-Madison. Students also have access to professional development opportunities through UW–Madison's membership in the Chicago Quantum Exchange (https://chicagoquantum.org/), the National Science Foundation's Quantum Leap Challenge Institute, HQAN (https://news.wisc.edu/uw-madison-named-member-of-new-25-million-midwest-quantum-science-institute/), and the Department of Energy's Q-NEXT Center (https://q-next.org/).

# PHYSICS: RESEARCH, MS

This is a named option within the Physics MS (p. 1641). The master of science research degree program in physics requires the completion of a directed master's project and thesis in the student's area of interest, 30 credits of graduate work (including the core course requirements), and passage of the qualifying examination at the master's level. It is designed to strengthen the student's background and experience in physics, and enhance the opportunities for employment as a physicist or in physics education.

The research program in physics is unusually broad in scope with active experimental and theoretical research programs in astrophysics; atomic, molecular, and optical physics; biophysics; condensed matter physics; elementary particle physics; nuclear physics; particle physics theory; phenomenology; and plasma physics. This broad range of research opportunities makes the department especially attractive to beginning students who have not yet chosen a field of specialization.

Research specialties include:

### THEORETICAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; condensed matter physics; cosmology; elementary particle physics; nuclear physics; phenomenology; plasmas and fusion; quantum computing; statistical and thermal physics; string theory.

### EXPERIMENTAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; biophysics; condensed matter physics; cosmology; elementary particle physics; neutrino physics; experimental studies of superconductors; medical physics; nuclear physics; plasma physics; quantum computing; spectroscopy.

## ADMISSIONS

# ADMISSIONS

The MS named option in Research is offered for work leading to the PhD. Students may not apply directly for the master's, and should instead see the admissions information for the PhD (https://guide.wisc.edu/graduate/physics/physics-phd/). (https://guide.wisc.edu/graduate/physics/physics-phd/#admissionstext)

Students may also apply to the MS named option in Quantum Computing. (https://guide.wisc.edu/graduate/physics/physics-ms/physics-quantum-computing-ms/)

## REQUIRED COURSES

All graduate degree candidates are required to take five core courses:

| Code | Title | Credits |
|---|---|---|
| **Required Core** | | |
| PHYSICS 711 | Theoretical Physics-Dynamics | 3 |
| PHYSICS 715 | Statistical Mechanics | 3 |
| PHYSICS 721 | Theoretical Physics-Electrodynamics | 3 |
| PHYSICS 731 | Quantum Mechanics | 3 |
| PHYSICS 732 | Quantum Mechanics | 3 |
| **Additional Coursework** | | **15** |
| The remaining credits may be earned through a combination of research and coursework, to be determined by the advisor in consultation with the student. Courses numbered 300 to 399 cannot fulfill any degree coursework requirements. | | |
| **Total Credits** | | **30** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Up to 7 credits in courses numbered 500 or above may be used to satisfy minimum degree requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 15 credits of coursework numbered 500 or above taken as a UW–Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Grade of B or better in all coursework and a minimum cumulative graduate GPA of 3.0 are required.

## ADVISOR / COMMITTEE

All students are assigned a temporary advisor upon matriculation. The responsibility to acquire (choose and be accepted by) a major professor (permanent advisor) is entirely with the student. Acceptance for MS Research by a professor depends on the professor's appraisal of the student's potential for research and on the ability of the professor to accept a student at that time. Usually, the major professor will be able to offer support in the form of a research assistantship, but this is not always the case, and occasionally a student may need to work as a teaching assistant while performing thesis research.

Graduate students should begin research work as early as possible. Students are encouraged to acquire a major professor (advisor) and begin research by the end of the second semester. Students who do not acquire a research advisor and begin research by the end of their third semester may be dropped from the program.

All MS candidates are required to write a master's thesis and present their research in a seminar. All master's theses must be approved a committee comprised of the student's advisor and two other members, at least one additional faculty member.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)

- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

Students are encouraged to attend Graduate School sponsored Professional Development events and participate in Graduate School Professional Development resources, such as the Individual Development Plan (IDP).

# PHYSICS, PHD

# DEPARTMENT OVERVIEW

The Department of Physics has a strong tradition of graduate study and research in astrophysics; atomic, molecular, and optical physics; condensed matter physics; high energy and particle physics; plasma physics; quantum computing; and string theory. There are many facilities for carrying out world-class research (https://www.physics.wisc.edu/research/). We have a large professional staff: more than 50 full-time faculty (https://www.physics.wisc.edu/people/faculty/) members, affiliated faculty members holding joint appointments with other departments, scientists, senior scientists, and postdocs. There are over 200 graduate students in the department who come from many countries around the world. More complete information on the graduate program, the faculty, and research groups is available at the department website (http://www.physics.wisc.edu).

Research specialties include:

### THEORETICAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; condensed matter physics; cosmology; elementary particle physics; nuclear physics; phenomenology; plasmas and fusion; quantum computing; statistical and thermal physics; string theory.

### EXPERIMENTAL PHYSICS

Astrophysics; atomic, molecular, and optical physics; biophysics; condensed matter physics; cosmology; elementary particle physics; neutrino physics; experimental studies of superconductors; medical physics; nuclear physics; plasma physics; quantum computing; spectroscopy.

# PHD DEGREE DETAILS

The PhD degree requires successful completion of advanced course work in physics (required core coursework), completion of a minor, and passage of the qualifying and preliminary examinations. However, the PhD is primarily a research degree, awarded only upon completion of substantial original research. This broad range of research opportunities makes the department especially attractive to beginning students who have not yet chosen a field of specialization. The program provides the background, experience, and credentials needed for employment as a professional physicist in research or education. All admitted PhD students typically receive financial support in the form of teaching or research assistantships and fellowships.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 15 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required but may be considered if available. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

The Department of Physics does not require the subject GRE for admission. However, if applicants submit the score, the admissions committee will review it as part of the application.

The general GRE will not be considered even if submitted. The subject GRE is recommended in these circumstances:

- If an applicant's transcript does not accurately reflect academic strengths.
- If including the score would significantly strengthen an applicant's application.
- If an applicant is particularly interested in pursuing Physics Theory as a research focus.

Admission is competitive. All applicants are reviewed and evaluated on the basis of previous academic record, three letters of recommendation, statement of purpose for graduate studies, and resume. All eligible applicants with complete files are considered for teaching or research assistantships and fellowships. To be considered for admission, applicants must submit all application materials via the Graduate School electronic application site (https://grad.wisc.edu/apply/) by the application deadline.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## FINANCIAL SUPPORT FOR PHD STUDENTS IN PHYSICS

All admitted PhD students are provided with a guarantee of financial support. Typically, a graduate student is first appointed as a teaching assistant. Teaching assistants assist faculty members in the introductory physics courses, generally by teaching discussion and laboratory sections. Later, as a research assistant, the student works with a major professor on a mutually agreed research program. Tuition is remitted for teaching assistant and research assistant appointments greater than one-third time or greater. However, all students must still pay the segregated fees and any additional university fees each semester.

### Teaching Assistantships

The typical first appointment for a beginning graduate student is a teaching assistantship (TA). A teaching assistantship is both a teaching position and a means of support for graduate study. It is normally advantageous for a graduate student to hold a TA position for at least a semester during graduate studies, since the teaching activity solidifies and deepens the teaching assistant's undergraduate education in physics and also helps prepare for a possible career in teaching.

### Research Assistantships

Research assistantships are made available by individual professors to students who have decided on their field of research. Most departmental RA appointments are made for an annual (12-month) period. Students who wish to be considered for an RA appointment should contact the faculty (https://www.physics.wisc.edu/people/faculty/) directly.

### Fellowships

Fellowships, including University Fellowships and Advanced Opportunity Fellowships, are awarded by the College of Letters & Science and the Graduate School upon recommendation of the Department of Physics. In addition, the department may have additional fellowships – funded by endowments from physics department alumni – available for first-year graduate students.

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students must have a grade of B or better in all coursework. |

| | |
|---|---|
| Assessments and Examinations | Physics doctoral students are required to pass the qualifying examination at the PhD level by the end of their fourth semester.<br><br>Students are also required to take a comprehensive preliminary/oral examination. It is recommended that this is completed by the end of the fifth semester.<br><br>All Incomplete and Progress grades (other than research and thesis) must be cleared from the student's record prior to taking the preliminary examination.<br><br>A final oral defense and deposit of the doctoral dissertation in the Graduate School is required. |
| Language Requirements | Contact the program for information on any language requirements. |
| Graduate School Breadth Requirements | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/). |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| Students must complete the following courses. Courses must be repeated until at least a B is earned. | | |
| PHYSICS 711 | Theoretical Physics-Dynamics | 3 |
| PHYSICS 715 | Statistical Mechanics | 3 |
| PHYSICS 721 | Theoretical Physics-Electrodynamics | 3 |
| PHYSICS 731 | Quantum Mechanics | 3 |
| PHYSICS 732 | Quantum Mechanics | 3 |
| **Seminars** | | |
| PHYSICS 701 | Graduate Introductory Seminars | 1 |
| **Additional Coursework** | | |
| In consultation with advisor, students must complete additional coursework to meet the minimum credit requirement. All Physics courses meeting degree requirements must be numbered 500 and above. | | 35 |
| **Total Credits** | | **51** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Up to 7 credits in courses numbered 500 or above from UW-Madison may transfer to satisfy minimum degree requirements. Credits from other institutions do not transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 15 credits of coursework numbered 500 or above taken as a UW-Madison University Special student. However, these credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

All incoming students are assigned a faculty mentoring committee upon matriculation. The responsibility to acquire (choose and be accepted by) a major professor (permanent advisor) is entirely with the student. Acceptance for PhD research by a professor depends on the professor's appraisal of the student's potential for research and on the ability/willingness of the professor to accept a student at that time. Often the major professor will offer support in the form of a research assistantship, but this is not always possible, and students may need to work as teaching assistants while performing thesis research.

Graduate students should begin research work as early as possible. Students are encouraged to acquire a major professor (advisor) and begin research by the end of the second semester. Summer is the ideal time to begin research unencumbered by coursework or teaching.

At the time of the preliminary examination, the major professor and at least two additional faculty members will form a committee that will evaluate and advise the student.

At the time of the final oral defense, the major professor and at least two additional faculty members will form a committee that will evaluate the student. All PhD Committee members will serve as readers of the student's thesis.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overloads Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

Typical funding is through 50% assistantships. Typically, all enrolled PhD students are funded for the duration of their degree. All programs are full-time and require full-time student enrollment during fall and spring terms.

# PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

Students are encouraged to attend Graduate School sponsored Professional Development events and participate in Graduate School Professional Development resources, such as the Individual Development Plan (IDP).

In addition, PhD students in Physics have multiple opportunities for professional development throughout their graduate careers. As an integral part of the research experience, students regularly work at places such as CERN, national laboratories (Argonne, FermiLab), and the IceCube Neutrino observatory at the South Pole to name a few.

Students are encouraged to travel to relevant conferences across the U.S. and around the world. Students regularly attend the annual American Physical Society (APS) Meeting and are encouraged to attend APS meetings in their sub-field throughout the year. Often students attend summer schools at various host institutions to expand their knowledge and to interact with fellow scientists in the field.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate mastery of the core physical concepts (Classical Mechanics, Electricity & Magnetism, Quantum Mechanics, and Statistical Mechanics).
2. Evaluates or synthesizes information pertaining to questions or challenges in physics.
3. Engages appropriately and communicates clearly with other research professionals in physics.
4. Formulates and plans original research.
5. Creates research, scholarship, or performance that makes a substantive contribution to the field of physics.
6. Gains a broad awareness of the status of contemporary research beyond the student's area of specialization.

# QUANTUM COMPUTING, MS

UW–Madison is awaiting approval of this new academic program by the Student & Exchange Visitor Program (SEVP) before we are able to accept prospective F-1 students into this program or issue a Form I-20 for this program. International students may apply for this program but will only be considered for admission if or when the program is approved.

The MS in Quantum Computing (MSQC) is a professional master's degree designed to provide students with a thorough grounding in the discipline of quantum information and quantum computing.

This program builds upon the success of the first such program in the U.S.. The MSQC program explores the interdisciplinary nature of the field of Quantum Computing and offers the students the opportunity to develop specialized skills in Software/Computation or Hardware. The program examines relevant parts of quantum theory and measurement techniques and proceeds to in-depth training in quantum gates, qubit tune-up, algorithms, quantum error correction and decoherence. It combines classroom instruction, laboratory participation and opportunities for involvement in research projects.

The program is typically completed within five semesters but can be completed in one calendar year (three semesters) at an accelerated pace.

Students who graduate from this program will have the tools to succeed as researchers or program managers in a quantum computing or quantum technologies enterprise. They may also use the program as a springboard to PhD programs in physics or related areas. MSQC students interested in applying to the PhD at UW–Madison must adhere to all PhD admission requirements and deadlines.

The program collaborates closely with faculty across campus that are involved in the Wisconsin Quantum Institute.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | March 15 |
| Spring Deadline | The program does not admit in the spring.* |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examination) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test (s) (e.g. GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

* Current UW-Madison undergraduate and graduate students who graduate in the preceding fall semester may be eligible to apply for spring semester. Applicants should reach out to the MSQC Graduate Advisor for more information.

The program is designed so that students from various STEM fields can complete it. Previous coursework in calculus and linear algebra is highly recommended. Two semesters of introductory physics coursework and familiarity with Python or other programming languages is beneficial.

## ADMISSIONS MATERIALS

- Three letters of recommendation
- Unofficial transcripts: If you are recommended for admission, the Graduate School will reach out to request official transcripts at that time.
- Resume/CV
- Statement of Purpose: Address relevant experiences and future research/industry interests and goals. Communicate motivations for

pursuing the MS-Quantum Computing program, and convey how interests/experiences align with the program and the strengths of UW–Madison in the field of Quantum Computing.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirements | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate level coursework. Refer to the Graduate School's Minimum Graduate Coursework (50%) Requirement Policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/) |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy:https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/) |
| Other Grade Requirements | n/a |
| Assessments and Examinations | None. |
| Language Requirements | None. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| PHYSICS 701 | Graduate Introductory Seminars | 1 |
| PHYSICS 707 | Quantum Computing Laboratory | 4 |
| PHYSICS 709 | Introduction to Quantum Computing | 3 |
| PHYSICS 763 | Qubit Tune-Up and Programming | 3 |
| PHYSICS 779 | Advanced Quantum Computing | 3 |
| **Core Electives** | | |
| Students must complete at least 2 courses from the following: | | 6 |
| PHYSICS 448 | Atomic and Quantum Physics | |
| PHYSICS 449 | Atomic and Quantum Physics | |
| PHYSICS 531 | Introduction to Quantum Mechanics | |
| PHYSICS 545 | Introduction to Atomic Structure | |
| PHYSICS 551 | Solid State Physics | |
| PHYSICS 731 | Quantum Mechanics | |
| PHYSICS 732 | Quantum Mechanics | |
| **Pathway** [1] | | |
| Students must complete their selected pathway courses to satisfy the minimum credit requirement. Refer to the appropriate pathway table below for specific requirements. | | 10 |
| **Total Credits** | | **30** |

### Software Pathway [1]

| Code | Title | Credits |
|---|---|---|
| **Quantum Algorithms** | | |
| Students in the Software Pathway must complete the following course: | | |
| PHYSICS 765 | Quantum Algorithms and Error Correction | 3 |
| **Electives** | | |
| Students complete courses from the following: | | 7 |
| COMP SCI 319 | Data Science Programming I for Research | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| COMP SCI/ E C E 506 | Software Engineering | |

| | | |
|---|---|---|
| COMP SCI/ E C E/E M A/E P/ M E 759 | High Performance Computing for Applications in Engineering | |
| PHYSICS 799 | Independent Study | |
| **Total Credits** | | **10** |

### Hardware Pathway [1]

Students must choose to complete the Atomic Molecular Optical (AMO) Option or the Solid State Option.

#### Atomic Molecular (AMO) Option

| Code | Title | Credits |
|---|---|---|
| **Fundamentals and Application** | | |
| Students in the AMO Option must complete the following courses: | | |
| PHYSICS 623 | Electronic Aids to Measurement | 4 |
| PHYSICS 625 | Applied Optics | 4 |
| **Elective** | | |
| Students complete courses from the following: | | 2-3 |
| E C E 835 | Light Interactions with Quantum Materials (Elective) | |
| PHYSICS 799 | Independent Study | |
| **Total Credits** | | **10** |

#### Solid State Option

| Code | Title | Credits |
|---|---|---|
| **Fundamentals and Properties** | | |
| Students in the Solid State Option must complete the following courses: | | |
| PHYSICS 623 | Electronic Aids to Measurement | 4 |
| PHYSICS 551 | Solid State Physics | 3 |
| **Elective** | | |
| Students complete courses from the following: | | 3-4 |
| E C E 549 | Integrated Circuit Fabrication Laboratory | |
| PHYSICS 799 | Independent Study | |
| **Total Credits** | | **10** |

[1] These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

## OTHER POLICY

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

# POLICIES

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions:

The program does not transfer graduate credits from other institutions unless specific agreements with those institutions and the program have been put in place.

### Undergraduate Credits Earned at Other Institutions or UW-Madison:

With program approval, up to 7 credits in courses numbered 300 or above taken at UW-Madison may transfer to satisfy minimum degree requirements. These credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above from UW-Madison. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. Undergraduate credits earned at other institutions are not accepted.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW-Madison

With program approval, students are allowed to transfer up to 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. However, these credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

All students will be assigned a faculty advisor upon matriculation.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)

- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

n/a

# PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Demonstrate understanding of the physical and mathematical concepts of quantum computing.
2. Articulate theories, experimental techniques, research methods, and technologies of quantum computing.
3. Apply quantum computing principles and techniques to develop and analyze software and hardware.
4. Communicate clearly in ways appropriate to the field of quantum computing.
5. Recognize and apply principles of ethical and professional conduct.

# PLANNING AND LANDSCAPE ARCHITECTURE

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE PROFESSIONAL/ CERTIFICATES

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE PROFESSIONAL/CERTIFICATES

- Landscape Architecture, Doctoral Minor (p. 1657)
- Landscape Architecture, MS (p. 1657)
- Planning and Design Technologies, Graduate/Professional Certificate (p. 1660)
- Urban and Regional Planning, Doctoral Minor (p. 1662)
- Urban and Regional Planning, MS (p. 1662)
- Urban and Regional Planning, PhD (p. 1667)

# LANDSCAPE ARCHITECTURE, DOCTORAL MINOR

Students enrolled in other doctoral programs may pursue a doctoral minor in Landscape Architecture. Students with interest in gaining training in restoration ecology and ecological design, community and urban landscape studies, food and agriculture, natural resource management, cultural and environmental stewardship, human health and well-being, and community development to supplement their primary disciplinary program may consider an Option A minor in Landscape Architecture.

## ADMISSIONS

## ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

## REQUIREMENTS

## REQUIREMENTS

Graduate students who wish to pursue a doctoral minor in Landscape Architecture must have a Landscape Architecture faculty member serve as the minor professor on their research committees (oral preliminary exam committee and final exam committee).

Courses are chosen in conjunction with the minor professor and the committee to provide relevant breadth in the student's training. A student may earn a doctoral minor in Landscape Architecture with 9 graduate-level credits in Landscape Architecture. The proposed course plan to satisfy Option A minor must be approved by the minor professor.

# LANDSCAPE ARCHITECTURE, MS

The study of landscape architecture investigates how designers, planners, and restoration and preservation specialists create, conserve, and manage built and natural spaces and outdoor–indoor relationships to support thriving human cultures and communities, and ensure the survival of Earth's complex natural systems. We engage the sciences, arts, and humanities to respond to current issues in cultural, environmental, and natural systems stewardship and management; human health and well-being; and community development.

The MSLA degree offers course work providing an understanding of the scholarship and theories which underlie landscape design, preservation, restoration, and management.

Students then use this information to engage in interdisciplinary scholarships in urban, rural, or natural settings, by writing a thesis that contributes to the scholarly foundation of the field of landscape architecture and/or provides information to practitioners engaged in landscape decision-making and stewardship. Our MSLA is not an MLA, which is a professional degree that prepares students to become landscape architects. In contrast, the MSLA, by pushing the boundaries of specialty areas within landscape architecture, prepares students for a host of professions in the private and public sectors.

We currently specialize in two areas: 1) Restoration Ecology and Ecological Design, and **2) Community-Focused Design**. We welcome applicants with or without previous training in landscape architecture or related design fields. Graduates move into positions in public agencies and private firms specializing in biological/cultural/historical landscape conservation, ecological restoration, and/or community design and planning. Many also enter PhD programs in related fields to continue working in research and education, or in planning, policy, and environmental law.

## ADMISSIONS

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | October 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |

| | |
|---|---|
| GRE (Graduate Record Examinations) | Not required |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applications are accepted on a rolling basis. Applications submitted by the deadlines listed above will be considered for limited Department funding.

A bachelor's degree is required of all prospective candidates. The department's Graduate Program Committee screens applicants on the basis of university transcripts for all previous work, three letters of recommendation, samples of creative work or writing, and a letter of intent describing how the student's graduate educational needs can be fulfilled by this program.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Financial support for graduate students is available through research and teaching assistantships, and competitive Graduate School and departmental fellowships. Most teaching assistantships are awarded to students who already have professional landscape architectural design training and experience.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 36 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 18 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | No other grade requirements. |
| Assessments and Examinations | Students must demonstrate their competency in the theories, methods, applications, and ethics of their chosen specialty within the multidisciplinary field of landscape architecture through the writing and defense of a thesis. |
| Language Requirements | None. |

## REQUIRED COURSES

Students pursue either a focus area in community-focused design or restoration ecology and ecological design. All students in the MS in Landscape Architecture program complete a common core, while additional courses within their focus area are chosen in consultation with their advisor and advisory committee.

| Code | Title | Credits |
|---|---|---|
| **Common Core** | | |
| All students complete the following: | | |
| LAND ARC 710 | Theories of Landscape Change | 2 |
| LAND ARC 720 | Critical Inquiry into Landscape Design Expression | 2 |

| | | |
|---|---|---|
| LAND ARC 740 | Research in Landscape Architecture [1] | 3 |
| LAND ARC 940 | Graduate Seminar [2] | 3 |
| LAND ARC 990 | Research | 6 |
| **Focus Area** | | |
| Complete an additional two courses within a focus area that are selected by the student and their advisory committee. | | 6 |
| **Supporting Courses** | | |
| Complete supporting courses numbered 300 and above, including independent studies, to satisfy minimum credit requirement. | | 14 |
| **Total Credits** | | **36** |

[1] May substitute a different course in Research Methods if approved by the student's advisor.

[2] Taken over three semesters for 1 credit each time.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 9 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from other institutions or UW–Madison undergraduate degree are allowed to transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

During the course of your graduate program, you will work closely with a Major Professor and a Faculty Advisory Committee. They will offer advice and assistance as you work your way through the program and help you to successfully achieve the two degree requirements listed above. Details can be found in the Graduate Program Handbook (link in Contact Information).

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

n/a

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Engage critically with the scholarship and theory of landscape architecture.
2. Demonstrate advanced critical thinking and the ability to explore ideas in depth and synthesize information with a high degree of competence.
3. Demonstrate an advanced understanding of landscape spaces, functions, and dynamics, as well as interactions between people and the built and natural environment.
4. Demonstrate a deep understanding of and the ability to critically evaluate the principles, theories, technical skills and recent research findings specific to at least one of the program's focus areas: Restoration Ecology and Ecological Design; and Community-Focused Design.
5. Design and conduct original research, and communicate the results to scholars as well as to practitioners engaged in landscape decision-making and stewardship.
6. Describe and apply principles of ethical and professional conduct.

# PLANNING AND DESIGN TECHNOLOGIES, GRADUATE/PROFESSIONAL CERTIFICATE

Contemporary advances in geospatial, information, and sensing technologies are changing the way we approach and solve planning and design problems. Employers are eager to incorporate innovative digital tools and applications that streamline measurement and analyses, enhance communication, and facilitate stakeholder engagement. Essential skills gained with this certificate will include the application of geographic information systems (GIS), remote sensing, virtual reality, building information modeling (BIM), and drones (UAS). Importantly, these applications will be enhanced by coursework in quantitative analysis and scripting to automate processes and enable evidence-based decision-making. This exciting addition to your graduate studies provides opportunities to explore increasingly in-demand technologies.

## ADVISING

We encourage you to reach out to Amy Rivera, Graduate Advisor, if you're interested in learning more about the Certificate or would like guidance as a current Certificate student. You can make an appointment via Starfish (https://wisc.starfishsolutions.com/starfish-ops/instructor/serviceCatalog.html?tenantId=9315#/connection/113689/schedule) or email (amy.rivera@wisc.edu)

## ADMISSIONS

# ADMISSIONS

The Certificate in Planning and Design Technologies welcomes applications from students in any graduate or professional degree program at UW-Madison.

### HOW TO APPLY

To declare the certificate, students must complete the online application form (https://arcg.is/0Kavve/) which includes the following elements:

- Information on prior educational attainment
- Information on degree program being pursued
- A brief statement of interest in the program

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any graduate/professional certificate. To add the certificate you must log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the Certificate in Planning and Design Technologies. The Graduate Coordinator and Program Administrator will review the online application and approve the addition if appropriate.

### DEADLINES

Applications may be submitted at any time, but applicants are encouraged to apply before the end of their first year in graduate school to ensure timely completion of certificate requirements. Students may take courses that meet certificate requirements prior to completing their application.

## REQUIREMENTS

# REQUIREMENTS

- Total credits required: 12
- Include coursework from Introductory and Applications category (at least 6 credits) and from Quantitative and Scripting category (at least 6 credits)
- Complete at least 6 credits from the Introductory and Applications category and at least 6 credits from the Quantitative and Scripting category.
- At least 6 credits must be graduate-level coursework (i.e., courses numbered 700 or above, or 300 or above with the Grad 50% designation)
- All courses must be taken for a letter grade (no pass/fail courses) and a B or better must be earned in order for the course to count towards the certificate requirements.

| Code | Title | Credits |
|---|---|---|
| **Introductory and Applications** | | **At least 6 credits** |
| CIV ENGR 392 | Building Information Modeling (BIM) | 3 |
| DS/COMP SCI 579 | Virtual Reality | 3 |
| ENVIR ST/G L E/ GEOG/GEOSCI/ LAND ARC 371 | Introduction to Environmental Remote Sensing | 3 |
| GEOG 370 | Introduction to Cartography | 4 |
| GEOG/CIV ENGR/ ENVIR ST 377 | An Introduction to Geographic Information Systems | 4 |
| GEOG 379 | Geospatial Technologies: Drones, Sensors, and Applications | 3 |
| GEOG/ENVIR ST/ LAND ARC/ URB R PL 532 | Applications of Geographic Information Systems in Planning | 3 |
| GEOG 578 | GIS Applications | 4 |
| GEOG 579 | GIS and Spatial Analysis | 4 |
| LAND ARC 311 | Introduction to Design Frameworks and Spatial Technologies | 2 |
| LAND ARC 511 | Geodesign Methods and Applications | 3 |
| LAND ARC/ CIV ENGR/ ENVIR ST 556 | Remote Sensing Digital Image Processing | 3 |
| LAND ARC/ ENVIR ST/ SOIL SCI 695 | Applications of Geographic Information Systems in Natural Resources | 3 |
| URB R PL 841 | Urban Functions, Spatial Organization and Environmental Form (Will be renamed and numbered 533) | 2-3 |
| **Quantitative and Scripting** | | **At least 6 credits** |
| COMP SCI 320 | Data Science Programming II | 4 |
| GEOG 378 | Introduction to Geocomputing | 4 |
| GEOG 560 | Advanced Quantitative Methods | 3 |
| GEOG 573 | Advanced Geocomputing and Geospatial Big Data Analytics | 4 |
| GEOG 574 | Geospatial Database Design and Development | 4 |
| GEOG 575 | Interactive Cartography & Geovisualization | 4 |
| GEOG 576 | Geospatial Web and Mobile Programming | 4 |
| SOIL SCI 585 | Using R for Soil and Environmental Sciences | 3 |
| STAT 303 | R for Statistics I | 1 |
| STAT 304 | R for Statistics II | 1 |
| STAT 305 | R for Statistics III | 1 |

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Understand and evaluate digital technologies to collect and manage data.
2. Demonstrate an introductory or intermediate proficiency in computer scripting.
3. Analyze and visualize geospatial data using geographic information systems or R statistical language.
4. Evaluate digital technologies as they apply to planning and design.

# URBAN AND REGIONAL PLANNING, DOCTORAL MINOR

## ADMISSIONS

## ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

## REQUIREMENTS

## REQUIREMENTS

Students must complete 9 credits in Urban and Regional Planning (URB R PL (https://guide.wisc.edu/courses/urb_r_pl/)) chosen in consultation with the minor advisor. Students must meet the following requirements:

- Courses are instructed by core (departmental) faculty;
- Courses must be numbered 600 and above;
- URB R PL 699 Directed Study cannot satisfy requirements;
- Up to 3 credits of URB R PL 999 Independent Work may be applied towards requirements;
- Courses demonstrate a breadth of understanding in theory and methods;
- Maintain a 3.50 grade point average (GPA) in minor coursework.
  - In consultation with advisor, students may complete additional coursework to earn the minimum GPA.

### MINOR AGREEMENT FORM

Students must consult with their chosen faculty minor advisor or the program chair to gain approval for the plan of study. A minor agreement form (https://dpla.wisc.edu/wp-content/uploads/sites/1021/2017/06/URPL-PhD-Minor-form.pdf) is required. Upon completion of course requirements, a warrant will be signed by the program chair.

### PRIOR COURSEWORK

The PhD program committee may review requests for transfer credit for prior coursework from other institutions to satisfy minor requirements. Up to three credits may transfer to satisfy requirements.

# URBAN AND REGIONAL PLANNING, MS

The Department of Planning and Landscape Architecture (DPLA) offers an accredited Master of Science (MS) degree in Urban and Regional Planning. The degree trains students in the knowledge, theories, and skills to be leaders in their communities by making positive change through informed and reflective action. Our department centers the values of sustainability, equity and justice, and works with communities to address many of the complex challenges involving space and place that are critical to the planning profession.

The MS URPL degree is intended to prepare graduates for professional planning careers in government, nonprofit and community organizations, and the private sector, and to work at a variety of scales including rural and urban communities. The program normally requires two academic years of full-time work plus an internship. In addition to the MS program, the department offers a PhD program.

DPLA seeks students with high academic qualifications and the potential to become qualified professional planners. Since there are relatively few undergraduate planning programs in the country, students come into the field from a wide range of disciplines. In recent years, planning students have generally come from the social sciences with geography, economics, political science, and sociology among the most common undergraduate backgrounds. The range, however, runs from the arts to the sciences reflecting the multi-disciplinary character of our field.

DPLA is committed to establishing and maintaining a supportive climate of inclusion, diversity, and collegiality through our actions and policies. We envision a department in which all individuals are engaged in a vibrant learning community, where ideas, experiences, and perspectives are supported, nurtured, and developed to their highest levels. We value diversity, which we define to include race or ethnicity; sex; gender and gender identity or expression; marital status; age; sexual orientation; country of origin; language; disability; socio-economic status; and affiliations that are based on cultural, political, religious, or other identities.

Although DPLA stresses the development of general skills and mental attitudes that are common to all planning endeavors, students are required to specialize in an area of planning that is of interest to the student, such as housing, land use, food systems, environmental planning, regional economic development, transportation, public health, or urban design, among other possibilities.

The objectives of the professional MS degree are to:

1. Prepare students to engage in planning processes that recognize a complex, pluralistic and equitable democratic society. Students develop the capacity to work with diverse publics, across government agencies, and in private and nonprofit sectors. Planning processes include the identification of objectives, design of possible courses of action, and evaluation of alternatives.
2. Convey a set of planning literacies to enable students to perform effectively as planners in public, private or nonprofit sectors. These literacies include knowledge in the following areas:
   - Structure and function of cities and regions
   - History and theory of planning processes and practices
   - Administrative, legal, and political aspects of plan-making
   - Public involvement and dispute resolution techniques
   - Research design and data analysis techniques
   - Written, oral, and graphic communication skills
   - Ethics of professional practice
   - Collaborative approaches to problem solving
3. Prepare students with the substantive knowledge foundation and tools, methods, and techniques of planning associated with an area of specialization.

Details on administrative requirements for the degree are available in the MS URPL Handbook (https://dpla.wisc.edu/academics/handbooks/).

The MS program equips students with sufficient understanding of and training in the principal tools, methods, and techniques of planning to enable them to perform effectively as junior staff members from the start of their careers. UW–Madison's program in planning emphasizes concepts, perspectives, and practices that promise to be useful not only upon graduation, but even more so in later years for graduates who reach positions of major influence and responsibility. We train our graduates to be leaders of equitable change through urban and regional planning.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | February 1 |
| Spring Deadline | October 15 |
| Summer Deadline | This program does not admit in the summer |
| GRE (Graduate Record Examinations) | Not required |
| English Proficiency Test | Every applicant whose native language is not English, or whose undergraduate instruction was not exclusively in English, must provide an English proficiency test score earned within two years of the anticipated term of enrollment. Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

**Applications are accepted on a rolling basis. Applications submitted by the deadlines listed above will be considered for limited Department funding.**

Application for admission to the department consists of the following materials:

- Online application
- PDF of all undergraduate and graduate transcripts
- Statement of purpose
  - Applicants should submit a thoughtful, reflective one- or two-page statement discussing reasons for going into planning; applicants with an interest in a particular concentration should discuss this; applicants with planning or planning-related experience should include this.
- Three references from people familiar with the applicant's academic and/or professional work.

The success of international students enrolled in the program depends heavily on a good working knowledge of English. Prospective applicants who do not feel comfortable using the English language are strongly urged to consider further language study before applying for admission.

All applicants are required to have an introductory-level course in statistics. This requirement may be met by taking an introductory course, for no graduate credit, during the student's first semester of study.

| **Planning Concentration** | | **12** |
| **Electives** [1] | | **12** |
| **Professional Practice Internship** | | |
| **Total Credits** | | **46** |

[1] Students may enroll in up to 2 credits of URB R PL 999 Independent Work concurrent with work on their final professional project.

### Urban and Regional Planning and Public Affairs or International Public Affairs (MS in URPL/MPA or MIPA)

The Department of Planning and Landscape Architecture and the La Follette School of Public Affairs offer a double degree Master of Science in Urban and Regional Planning and either a Master of Public Affairs or Master of International Public Affairs.

Students completing the double degree must follow the double degree plan.

- The Department of Planning and Landscape Architecture requires 46 credits for the Master of Science in Urban and Regional Planning.

- The La Follette School requires 42 credits for the Master of Public Affairs/Master of International Public Affairs.

Per UW-Madison Graduate School policy, an overlap of 25% of credits is permitted (11 credits can count toward both degrees). Students can graduate with both degrees by completing 77 credits in three years.

Graduate coordinators for both programs have sample curricular plans that they will share with prospective or current students to assist with successful completion of all degree requirements.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

A maximum of 22 credits are allowed from Planning Accreditation Board–accredited coursework taken at other institutions may transfer. In all other fields, 25% of credits completed up to a maximum of 11 transfer credits are allowed. Special conditions for applying prior coursework may be found in the Graduate Program Handbook (link in Contact Information).

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Any course taken as part of an undergraduate degree (whether required or optional) may not be applied.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

The MS Urban and Regional Planning Program Committee will not transfer more than 12 credits of prior coursework taken as a UW–Madison University Special student. The Committee does not necessarily guarantee that all credits (up to 12) taken as a Special student will transfer. All accepted courses must have a grade of B or better. The decision as to what prior coursework may be applied will be made by the Committee on the recommendation of the student's advisor, and must be based on information indicating that the courses for which credit is given fit logically into the student's overall program.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Student should meet regularly with the advisor to plan academic career. The advisor is required to approve and sign the plan of study form, which is then submitted to the graduate coordinator prior to the student being allowed to graduate. Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) policy.

## CREDITS PER TERM ALLOWED

15 credits

## TIME LIMITS

The master's program takes two full years of study.

Other time limits for the program refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress

- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

The MS in Urban and Regional Planning Program Committee will help students look for funding for their graduate study, though the program cannot guarantee funding. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information is available from the Graduate School and from the MS in Urban and Regional Planning Program Committee. Be sure to check with your program for individual policies and restrictions related to funding.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. (General Planning Knowledge) Comprehension, representation, and use of ideas and information in the planning field, including appropriate perspectives from history, social science, and the design professions.
2. (Purpose and Meaning of Planning) Appreciation of why planning is undertaken by communities, cities, regions, and nations, and the impact planning is expected to have.
3. (Planning Theory) Appreciation of the behaviors and structures available to bring about sound planning outcomes.
4. (Planning Law) Appreciation of the legal and institutional contexts within which planning occurs.
5. (Human Settlements and History of Planning) Understanding of the growth and development of places over time and across space.
6. (The Future) Understanding of the relationships between past, present, and future in planning domains, as well as the potential for methods of design, analysis, and intervention to influence the future.
7. (Global Dimensions of Planning) Appreciation of interactions, flows of people and materials, cultures, and differing approaches to planning across world regions.
8. (Planning Skills) Use and application of knowledge to perform specific tasks required in the practice of planning.
9. (Research) Tools for assembling and analyzing ideas and information from prior practice and scholarship, and from primary and secondary sources.
10. (Written, Oral, and Graphic Communication) Ability to prepare clear, accurate and compelling text, graphics and maps for use in documents and presentations.
11. (Quantitative and Qualitative Methods) Data collection, analysis and modeling tools for forecasting, policy analysis, and design of projects and plans.
12. (Plan Creation and Implementation) Integrative tools useful for sound plan formulation, adoption, and implementation and enforcement.
13. (Planning Process Methods) Tools for stakeholder involvement, community engagement, and working with diverse communities.
14. (Leadership) Tools for attention, formation, strategic decision-making, team building, and organizational/community motivation.
15. (Values and Ethics) Values inform ethical and normative principles used to guide planning in a democratic society. The program shall appropriately incorporate issues of diversity and social justice into all required courses of the curriculum, including:
16. (Professional Ethics and Responsibility) Appreciation of key issues of planning ethics and related questions of the ethics of public decision-

making, research, and client representation (including principles of the AICP Code of Ethics and other related principles, as appropriate).

17. (Governance and Participation) Appreciation of the roles of officials, stakeholders, and community members in planned change.
18. (Sustainability and Environmental Quality) Appreciation of natural resource and pollution control factors in planning, and understanding of how to create sustainable futures.
19. (Growth and Development) Appreciation of economic, social, and cultural factors in urban and regional growth and change.
20. (Values and Ethics) Values inform ethical and normative principles used to guide planning in a democratic society. The program shall appropriately incorporate issues of diversity and social justice into all required courses of the curriculum, including:
21. (Professional Ethics and Responsibility) Appreciation of key issues of planning ethics and related questions of the ethics of public decision-making, research, and client representation (including principles of the AICP Code of Ethics and other related principles, as appropriate).
22. (Governance and Participation) Appreciation of the roles of officials, stakeholders, and community members in planned change.
23. (Sustainability and Environmental Quality) Appreciation of natural resource and pollution control factors in planning, and understanding of how to create sustainable futures.
24. (Growth and Development) Appreciation of economic, social, and cultural factors in urban and regional growth and change.

## ACCREDITATION

# ACCREDITATION

Planning Accreditation Board (http://www.planningaccreditationboard.org/)

Accreditation status: Accredited through December 31, 2027.

## CERTIFICATION/LICENSURE

# CERTIFICATION/LICENSURE

American Institute of Certified Planners (AICP) (https://www.planning.org/certification/)

### PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

### The requirements of this program meet certification/licensure requirements in the following states:

Wisconsin

### The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

Updated: 1 June 2026

# URBAN AND REGIONAL PLANNING, PHD

The PhD is open to a limited number of quality students who intend to teach, or do research in a university, in an independent research agency, or in large planning organizations.

Generally, students spend two years of full-time coursework before being advanced to candidacy, and an additional one to two years in preparation and defense of a dissertation. Details on administrative requirements for the degree are available in the PhD URPL Handbook (https://dpla.wisc.edu/academics/handbooks/).

Although the department stresses the development of general skills and mental attitudes that are common to all planning endeavors, students are required to specialize in an area of planning that is of interest to the student.

The department seeks students with high academic qualifications and the potential to become qualified professional planners. Since there are relatively few undergraduate planning programs in the country, students come into the field from a wide range of disciplines. In recent years, planning students have generally come from the social sciences, with geography, economics, political science, and sociology the most common undergraduate backgrounds. The range, however, runs from the arts to the sciences.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched

the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | February 1 |
| Spring Deadline | October 15 |
| Summer Deadline | The program does not admit in the summer |
| GRE (Graduate Record Examinations) | Required |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

**Applications are accepted on a rolling basis. Applications submitted by the deadlines listed above will be considered for limited Department funding.**

Application for admission to the program consists of the following materials: the online application, unofficial transcripts of all undergraduate and graduate work, statement of purpose (applicants should submit a thoughtful, reflective one- or two-page statement discussing reasons for going into planning; applicants with an interest in a particular concentration should discuss this; applicants with planning or planning-related experience should include this), and three references from people familiar with the applicant's academic and/or professional work.

In addition to requirements for admission to the Graduate School, there are **four** unique requirements unique to the PhD in Urban and Regional Planning program.

1. **Master's Degree**. Applicants to the PhD program are expected to have a master's degree.
2. **Professional Practice**. Because planning is a practice-oriented field, applicants are expected to have completed at least one year of full-time experience as a professional planner or in a related field. The PhD program is flexible and is intended to appeal to individuals from diverse academic backgrounds. Therefore, it is possible to be admitted without having met the professional practice requirements. Deficiencies may be made up once an admitted applicant is in the program.
3. **GRE.** Applicants are expected to submit a GRE test score. The GRE may be waived for anyone who has a master's degree in Planning or a closely aligned field from an accredited US institution.
4. **Faculty Advisor.** In order to be admitted into the program, a member of the faculty must agree to serve as the student's advisor. Before final admission decisions are made, applications are circulated among faculty in the department of Planning & Landscape Architecture (and our affiliates). The advisor will become the chair of the admitted applicant's PhD committee.

In reviewing applications, the department gives extra weight to planning-related work, such as Peace Corps or professional planning experience. The department also considers graduate coursework, even if it is in another field. If applicants have such experience, it should be highlighted in the application.

The success of international applicants enrolled in the program depends heavily on a good working knowledge of English. Prospective applicants who do not feel comfortable using the English language are strongly urged to consider further language study before applying for admission.

All applicants are required to have an introductory-level course in statistics. This requirement may be met by taking an introductory course, for no graduate credit, during the student's first semester of study.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

The PhD URPL Program Committee will help students look for funding for their graduate study, though the program cannot guarantee funding. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information is available from the Graduate School and from the PhD URPL Program Committee. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | The minimum average GPA in courses satisfying the Structure and Processes of Cities and Regions requirement shall be 3.5. If a student does not achieve this GPA in the three courses s/he identifies, they may continue to take courses (within the general departmental PhD program policies of how long a student may be a pre-dissertator) from the list provided until they have three courses where their average GPA is 3.5. |
| Assessments and Examinations | The department administers two preliminary field examinations. The purpose of the preliminary examinations is to satisfy the department that the student is knowledgeable about the central theoretical and methodological perspectives common to the field of planning, and has sufficient knowledge about the design and conduct of research to undertake the dissertation. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).<br><br>PhD students and their advisors are responsible for filing copies of executed breadth agreements with the PhD program committee. The breadth requirement must be satisfied prior to filing the warrant for the preliminary examination. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Structure and Process of Cities & Regions** | | |
| Students are required to complete three courses (9 credits) on the structure and processes of cities and regions. Refer to the list below. | | 9 |
| **Breadth** | | **9** |
| **Research Methods** | | |
| Students are required to complete 9 credits of research design and methods coursework. Requirements include at least one course in research design and at least one course in quantitative research methods. A list of approved courses is provided by the department. | | 9 |
| **Elective Courses and Dissertator Courses** | | |
| Students complete elective and/or dissertator courses. Elective credits must be graduate level coursework | | 18-20 |
| URB R PL 990 | Research and Thesis | |
| **Spring PhD Seminar** | | |
| Students in the URPL PhD Program are expected to participate in the 1 credit PhD Research Seminar (URB R PL 932) each Spring semester | | 4-6 |
| **Total Credits** | | **51** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Requests for prior coursework to be applied to credit requirements should be submitted to the PhD Committee for evaluation. The committee may approve up to a maximum of 19 credits of prior coursework toward program requirements. Students will be required to obtain 32 credits per the Graduate School's minimum residency requirement.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from any undergraduate degree may transfer toward the PhD program.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

A maximum of 15 credits may transfer from the UW–Madison University Special career; requests for prior coursework to be applied to credit requirements should be submitted to the PhD committee for evaluation.

## PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained during the subsequent semester of full-time enrollment (or 12 credits of enrollment if enrolled part-time) the student may be dismissed from the program or allowed to continue for one additional semester based on advisor appeal to the Graduate School.

## ADVISOR / COMMITTEE

All students are required to conduct a yearly progress report meeting with their thesis committee after passing the preliminary examination.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

All courses for the Structure and Processes of Cities and Regions requirement must be taken and successfully completed within the doctoral student's first five semesters (i.e., two and one-half academic years) in the PhD program. This coursework requirement must be met before the student is advanced to candidacy (awarded dissertator, ABD status).

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)

- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

The PhD Urban and Regional Planning Program Committee will help students look for funding for their graduate study, though the program cannot guarantee funding. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information is available from the Graduate School and from the PhD Urban and Regional Planning Program Committee. Be sure to check with your program for individual policies and restrictions related to funding.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate doctoral level knowledge of planning theory.
2. Demonstrate doctoral level knowledge of social science research methods.
3. Demonstrate doctoral level knowledge of a substantive area of urban and regional planning research and practice, adequate to begin preparing their PhD dissertation.
4. Demonstrate skill in conducting academic research and scholarly inquiry that advances the field of urban and regional planning.

- Plant Science and Technology, MS (p. 1692)
- Plant Science and Technology, PhD (p. 1695)

# AGROECOLOGY, MS

Created in 2007, the Agroecology MS program at UW–Madison trains students to research and analyze agricultural systems within a broader environmental and socioeconomic context. Housed in the Department of Plant and Agroecosystem Sciences, the agroecology program achieves through working with affiliated faculty members from nearly 20 departments across campus.

A typical cohort consists of 8–12 incoming students with diverse backgrounds and undergraduate majors. Agroecology MS students work with faculty on focused projects across a wide range of the traditional departments of the academy. Our core curriculum brings together these students for a multidisciplinary, agroecological analysis of agricultural systems in a broadened context.

The agroecology program is supported by the interdisciplinary agroecology cluster, which hired three faculty members in 2002: Michael Bell in community and environmental sociology, Claudio Gratton in entomology, and Randall Jackson in agronomy. These faculty, all still active in the program, were the catalyst for what is now a group of more than 50 faculty affiliates who advise agroecology students and participate in program governance.

The cluster concept is an innovation of the University of Wisconsin in which a core group of faculty is hired into an interdisciplinary area but have tenure homes in traditional departments.

# PROGRAM PATHWAYS

- The public practice pathway trains facilitators to enable broader discussion and negotiation at the interfaces of agriculture and other sectors of society. The goal of this "action-in-society" pathway is to train analysts to increase understanding about the roles of agricultural systems in multi-functional landscapes, and the public policy that shapes these roles.
- The research pathway addresses the need for continued research and scholarship in order that discussions and negotiations are well informed. Students will have the opportunity to obtain experience in the scholarship of original research, culminating in the writing of a thesis.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

## ADMISSIONS AND FREQUENTLY ASKED QUESTIONS

The Agroecology program accepts applicants from a wide range of undergraduate majors, not limited to the social and natural sciences. Because the admissions process is highly competitive, applicants should have a record of strong grades, agroecology-relevant interests and experience, and a commitment to learning in a multidisciplinary program. The deadline for fall semester applications is indicated above.

The initial application process is outlined below. Prospective applicants should keep in mind, however, that this document-based application is only the first step in the admissions process. Applicants who are deemed admissible on the merits of these documents must then identify an academic advisor and a plan for funding to be fully admitted. The Agroecology program will assist admitted applicants in this endeavor. More information on the process of seeking out funding and an advisor is available in the program's Student Handbook (https://agroecology.wisc.edu/documents/agroecology-handbook/). Applicants who are interested in applying should contact the program administrator.

## SUBMIT THE FOLLOWING TO THE UW–MADISON GRADUATE SCHOOL:

- Online application and application fee.
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (https://grad.wisc.edu/apply/requirements/).
- Three letters of recommendation
  - When completing the online application, submit the names and email addresses of three people who will provide letters of recommendation. They will receive instructions on how to upload their letters.
- Statement of Purpose (submit electronically; one-page)
  a. Describe interests and goals and which UW–Madison faculty members student would like to work with.
  b. Identify which program pathway applicant plans to pursue—Research or Public Practice—and state why applicant is interested in this option. Knowing applicants' intentions will help the program better understand their academic and career goals.
  c. Indicate if applicant intends to pursue a PhD degree after completing the master's in Agroecology. Although funding isn't guaranteed, some fellowships require that students intend to continue at the PhD level.
- Electronically, a curriculum vitae.
- An unofficial copy of transcripts for all undergraduate work (and graduate, if relevant).
  - If recommended for admission, the Graduate School will send an email to the applicant to give directions on how to submit official transcripts.

Frequently asked questions regarding the graduate program are available on the Agroecology website (https://agroecology.wisc.edu/apply/).

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 34 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 23 credits of graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students must earn a B or above in all core curriculum coursework. |
| Assessments and Examinations | The research pathway requires a formal thesis and public defense; the public practice pathway requires a comprehensive report and public presentation. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

Students are required to satisfy the minimum graduate coursework requirement as noted in the table above, which is more stringent than the Graduate School's minimum requirement.

The pathways noted below are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Research Pathway

| Code | Title | Credits |
|---|---|---|
| **Core Curriculum** | | |
| AGROECOL 720 | Agroecology Field Study | 1 |
| AGROECOL 701 | The Farm as Socio-Environmental Endeavor | 3 |
| AGROECOL 702 | The Multifunctionality of Agriculture | 3 |
| AGROECOL 710 | Seminar in Agroecology | 3 |
| **Cross Training Electives** | | |
| Chosen in consultation with advisor, students will select courses to fulfill their cross-training electives in the categories below. By time of graduation, the student will have taken courses in: | | 12 |
| *Ecology* | | |
| The following are examples of courses in this category: | | |
| BOTANY/ ZOOLOGY 460 | General Ecology | |
| AGROECOL 370 | Grassland Ecology | |
| *Social Science* | | |
| The following are examples of courses in this category: | | |
| C&E SOC or A A E courses on food systems, agricultural technology, the agricultural environment, or agricultural policy | | |
| *Data Analysis* | | |
| The following are examples of courses in this category: | | |
| Graduate-level GIS, statistics, or qualitative methods course | | |
| *Agricultural Science* | | |
| The following are examples of courses in this category: | | |
| PLANTSCI 300 | Cropping Systems | |
| SOIL SCI 301 | General Soil Science | |

| | | |
|---|---|---|
| **Research and Thesis** | | |
| AGROECOL 990 | Research | 12 |
| **Total Credits** | | **34** |

### Public Practice Pathway

| Code | Title | Credits |
|---|---|---|
| **Core Curriculum** | | |
| AGROECOL 720 | Agroecology Field Study | 1 |
| AGROECOL 701 | The Farm as Socio-Environmental Endeavor | 3 |
| AGROECOL 702 | The Multifunctionality of Agriculture | 3 |
| AGROECOL 710 | Seminar in Agroecology | 3 |
| **Cross Training Electives** | | |
| Chosen in consultation with advisor, students will select courses to fulfill their cross-training electives in the categories below. By time of graduation, the student will have taken courses in: | | 18 |
| *Ecology* | | |

| **Total Credits** | | **34** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

The status of a student can be one of three options:

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status.
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

## ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) and Graduate School: Committees (Doctoral/Master's/MFA) (https://policy.wisc.edu/library/UW-1201/) policies.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and

conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)

- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALS), any student who feels unfairly treated by a member of the CALS faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
   a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
   b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
   a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
   b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
   c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
   d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

## OTHER

All students must have full funding. Please contact the program administrator.

# PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Analyze tradeoffs of different agricultural systems embedded within the greater complexity of socio-ecological systems.
2. Consider and synthesize concepts of systems, ecology, and public process.

3. Learn to engage in careful consideration of the social, economic, and environmental outcomes of different industrial and biological processes.
4. Understand the potential of inclusive participatory processes in research and analysis of agroecological systems.
5. Recognize and apply principles of ethical and professional conduct in their coursework, research, and communications in the field of agroecology.

# AGRONOMY, MS

**The Agronomy, MS no longer admits new students after Summer 2026 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

The mission of the Agronomy program is to generate, integrate, and apply knowledge about crop plants that are grown for food, feed, and the general benefit of humankind. We find and disseminate answers to problems and discover opportunities concerning efficiency and sustainability of production, improvements in quality, and methods for safe and environmentally-sound practices.

An education in agronomy prepares graduates for professional careers in research, teaching, and extension at academic and government institutions, and for research and technical careers in industry in areas such as biotechnology, agroecology, cropping systems ecology and ecosystem modeling, crop management and protection, plant breeding, biochemistry, genetics, and genomics.

The UW–Madison Agronomy program is one of the most highly ranked and regarded programs in the nation. We are committed to integrated research, development, teaching, and outreach to address issues of food scarcity, food quality and nutrition, environmental impact, and sustainability.

The program maintains or has access to excellent facilities for research, including fully equipped laboratories, growth chambers and greenhouses, and complete field facilities at nearby agricultural research stations and throughout the state. Students have access to highly controlled plant growth facilities at the university's Biotron and to special analytical services provided by the campus Biotechnology Center. The Wisconsin Crop Innovation Center opened in 2017 and houses a cutting edge transgenic plant laboratory and 26,000 square feet of highly controlled greenhouse space and other lab facilities.

## ADMISSIONS

# ADMISSIONS

**The Agronomy, MS no longer admits new students after Summer 2026 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

**Students interested in the Agronomy MS may want to consider the Plant Science and Technology MS, a new program as of Fall 2025. This new program replaces the Agronomy MS. If you have any questions, please contact the department.**

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | September 1 |
| Summer Deadline | December 1 |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Students considering graduate study in Agronomy should make inquiries to the graduate program several months before the desired enrollment date. In addition to the online application, the graduate program requires a statement of purpose, transcripts, and three letters of recommendation with two being from academic sources.

Candidates for research and teaching assistantships can be accepted twice a year, at summer/fall and spring admissions.

## REQUIRED PREPARATION

Candidates for graduate study should have a bachelor's degree in agriculture or in the biological, chemical, or physical sciences. The applicant's academic preparation should include the preparatory coursework listed below. Candidates admitted to the program who have not completed this coursework will be expected to complete it while enrolled in the MS program. Requests for deviations can be made to the graduate studies committee in consultation with the candidate's advisor. Courses taken during the MS program to meet the preparatory coursework requirement do not count towards the 50% graduate coursework minimum.

### Preparatory Courses

| Code | Title | Credits |
|---|---|---|
| 1 year of general chemistry with labs | | |
| 1 semester of organic chemistry with lab | | |
| 4 semesters of biology distributed among three of the following four areas: | | |
| | biochemistry | |
| | genetics | |
| | plant morphology, anatomy, or physiology | |
| | taxonomy, evolution, or ecology. | |

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

The vast majority of our graduate students are awarded research assistantships (RA) to fund their education. These RA appointments come with tuition remission, healthcare, and a monthly stipend for living expenses. These assistantships come directly from the mentoring faculty; as a result, space in our graduate program is extremely limited. We do not support lab rotations. More details can be found here (https://pasdept.wisc.edu/agronomy-graduate/#funding).

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | Students intending to terminate their graduate program at the UW with the MS degree are required to present an exit seminar, preferably prior to their MS oral exam. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| Choose one of the following: | | |
| PLANTSCI 920 | Seminar in Plant Science and Technology | 1 |
| PLANTSCI 957 | Seminar in Plant Breeding and Plant Genetics | 1 |

Considerable flexibility in the selection of courses is permitted to meet the needs and interests of the candidate. Remaining coursework to meet the minimum credit requirement must be approved by the candidate's advisor and committee.

Teaching experience is not required but it is highly recommended.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

If students were admitted on probation and they satisfy the conditions outlined at the time of admission, probationary status will be removed automatically. Once their studies have begun, students are expected to make satisfactory progress toward their degree.

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) and Graduate School: Committees (Doctoral/Master's/MFA) (https://policy.wisc.edu/library/UW-1201/) policies.

## CREDITS PER TERM ALLOWED

The Graduate School considers full-time enrollment to be 8-15 credits numbered 300 or above, excluding pass/fail and audit, during the fall/spring semesters, and 4-12 credits during the summer term. If students elect not to enroll as full-time students as defined by the Graduate School, they are responsible for knowing about possible obligations that may require full-time status. Such obligations may include visa eligibility, fellowships, assistantships, financial aid, external funding agencies, and program satisfactory progress requirements.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALS), any student who feels unfairly treated by a member of the CALS faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
   a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
   b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
   a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
   b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at

whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.

c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.

d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.

4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The agronomy program does not require but encourages all students to complete an Individual Development Plan (IDP). As you begin your Graduate School career, an Individual Development Plan (IDP) is an essential tool to help you:

(1) Assess your current skills and strengths

(2) Make a plan for developing skills that will help you meet your academic and professional goals

(3) Communicate with your advisors and mentors about your evolving goals and related skills.

For graduate students in the natural sciences and engineering, the American Association for the Advancement of Science (AAAS) online tool provides a comprehensive set of materials and exercises that will guide you through the process of self-assessment, career exploration, goal-setting, and implementation of your plan. Set up a free account to create and monitor your IDP at myidp.sciencecareers.org (http://myidp.sciencecareers.org/).

The UW–Madison IDP template (https://grad.wisc.edu/pd/idp/), which includes instructions and examples, is flexible and appropriate for all disciplines.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulates challenges and limits with respect to knowledge within the field of agronomy.
2. Formulates ideas and/or research methods to advance knowledge within the field of agronomy.
3. Conducts research that makes a substantial contribution to the field of agronomy.
4. Demonstrates understanding of the primary field of agronomy in a historical, social, or global context.
5. Communicates complex ideas in a clear and understandable manner.
6. Fosters ethical conduct and professional guidelines.
7. Fosters best practices with respect to diversity, equity, and inclusion in scientific endeavors.

# AGRONOMY, PHD

**The Agronomy, PhD no longer admits new students after Summer 2027 and the program will be discontinued Fall 2033.** If you have any questions, please contact the department (see contact box).

The mission of the Agronomy program is to generate, integrate, and apply knowledge about crop plants that are grown for food, feed, and the general benefit of humankind. We find and disseminate answers to problems and discover opportunities concerning efficiency and sustainability of production, improvements in quality, and methods for safe and environmentally-sound practices.

An education in agronomy prepares graduates for professional careers in research, teaching, and extension at academic and government institutions, and for research and technical careers in industry in areas such as biotechnology, agroecology, cropping systems ecology and ecosystem modeling, crop management and protection, plant breeding, biochemistry, genetics, and genomics.

The UW–Madison Agronomy program is one of the most highly ranked and regarded programs in the nation. We are committed to integrated research, development, teaching, and outreach to address issues of food scarcity, food quality and nutrition, environmental impact, and sustainability.

The program maintains or has access to excellent facilities for research, including fully equipped laboratories, growth chambers and greenhouses, and complete field facilities at nearby agricultural research stations and throughout the state. Students have access to highly controlled plant growth facilities at the university's Biotron and to special analytical

services provided by the campus Biotechnology Center. The Wisconsin Crop Innovation Center opened in 2017 and houses a cutting edge transgenic plant laboratory and 26,000 square feet of highly controlled greenhouse space and other lab facilities.

## ADMISSIONS

# ADMISSIONS

**The Agronomy, PhD no longer admits new students after Summer 2027 and the program will be discontinued Fall 2033.**

**Students interested in the Agronomy, PhD may want to consider the Plant Science and Technology PhD. This new program replaces the Agronomy, PhD.** If you have any questions, please contact the department.

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | September 1 |
| Summer Deadline | December 1 |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Candidates for graduate study should have a bachelor's degree in agriculture or in the biological, chemical, or physical sciences. Students considering graduate study in Agronomy should make inquiries to the graduate program several months before the desired enrollment date. In addition to the online application, the graduate program requires a statement of purpose, transcripts, and three letters of recommendation with two from academic sources.

Candidates for research and teaching assistantships can be accepted twice a year, at summer/fall and spring admissions.

Applicants are required to have taken the following coursework to pursue a PhD in Agronomy. At the graduate program's discretion, students may be admitted with deficiencies. These deficiencies are expected to be completed within the first semester of study.

### PREPARATORY COURSEWORK

- 1 year general chemistry with labs
- 1 semester organic chemistry with labs
- 1 semester physics
- 1 semester calculus
- 1 semester statistics
- 4 semesters of biology distributed among three of the following four areas: biochemistry; genetics; plant morphology, anatomy or physiology; and taxonomy, evolution, or ecology.

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

The vast majority of our graduate students are awarded research assistantships to fund their education. These RA appointments come with tuition remission and a monthly stipend for living expenses. These assistantships come directly from the mentoring faculty; as a result, space in our graduate program is extremely limited. We do not support lab rotations. More details can be found here (https://pasdept.wisc.edu/agronomy-graduate/#funding).

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all incomplete and progress grades (other than research and dissertation).<br><br>As a PhD student you must take your final oral exam within five years of passing the preliminary examination or you will be required to take another preliminary examination and be admitted to candidacy for a second time. All PhD candidates are required to present an exit seminar. This often is most convenient just prior to the final examination, or you may present the seminar as part of the agronomy colloquium. The final examination ordinarily covers your dissertation and the general fields of your major and minor studies.<br><br>Deposit of the doctoral dissertation in the Graduate School is required. |
| Language Requirements | none |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).<br><br>The coursework for completion of the breadth requirement is decided at the time of certification, with approval of the minor or certificate advisor. The minor or certificate department sets the requirements for completion. In both options, one course cross-listed with the major may be used for the minor or certificate, so long as it is staffed by the minor or certificate department and is not applicable to any requirements of the major.<br><br>The type and completion of the minor or certificate is reported to the Graduate School on the preliminary examination warrant. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| Complete three semesters of one or both of the following: | | |
| PLANTSCI 920 | Seminar in Plant Science and Technology | 1 |
| PLANTSCI 957 | Seminar in Plant Breeding and Plant Genetics | 1 |

The Agronomy graduate program requires two full-time semesters in residence for a PhD. Your certification committee can petition the graduate studies committee for a deviation from the residence requirement under unique circumstances.

Teaching experience is not required, but is highly recommended and the time for completion of this recommended experience should be included on the certification form.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

If students were admitted on probation and they satisfy the conditions outlined at the time of admission, probationary status will be removed automatically. Once their studies have begun, students are expected to make satisfactory progress toward their degree.

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) and Graduate School: Committees (Doctoral/Master's/MFA) (https://policy.wisc.edu/library/UW-1201/) policies.

## CREDITS PER TERM ALLOWED

The Graduate School considers full-time enrollment to be 8–15 credits taken numbered 300 or above, excluding pass/fail and audit, during the fall and spring semesters, and 4–12 credits during the summer term. If students elect not to enroll as full-time students as defined by the Graduate School, they are responsible for knowing about possible obligations that may require full-time status. Such obligations may include visa eligibility, fellowships, assistantships, financial aid, external funding agencies, and program satisfactory progress requirements.

Dissertators take exactly 3 credits per semester.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALS), any student who feels unfairly treated by a member of the CALS faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
   a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
   b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
   a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
   b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The

grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.

c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.

d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.

4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The agronomy program does not require but encourages all students to complete an Individual Development Plan (IDP). As you begin your Graduate School career, an Individual Development Plan (IDP) is an essential tool to help you:

(1) Assess your current skills and strengths

(2) Make a plan for developing skills that will help you meet your academic and professional goals

(3) Communicate with your advisors and mentors about your evolving goals and related skills.

For graduate students in the natural sciences and engineering, the American Association for the Advancement of Science (AAAS) online tool provides a comprehensive set of materials and exercises that will guide you through the process of self-assessment, career exploration, goal-setting, and implementation of your plan. Set up a free account to create and monitor your IDP at myidp.sciencecareers.org (http://myidp.sciencecareers.org/).

The UW–Madison IDP template (https://grad.wisc.edu/pd/idp/), which includes instructions and examples, is flexible and appropriate for all disciplines.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulates challenges and limits with respect to knowledge within the field of agronomy.
2. Independently formulates ideas and/or research methods to advance knowledge within the field of agronomy.
3. Independently conducts research that makes a substantial contribution to the field of agronomy.
4. Demonstrates understanding of the primary field of agronomy in a historical, social, or global context.
5. Communicates complex ideas in a clear and understandable manner.
6. Fosters ethical conduct and professional guidelines.
7. Fosters best practices with respect to diversity, equity, and inclusion in scientific endeavors

# HORTICULTURE, MS

**The Horticulture, MS no longer admits new students after Summer 2026 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

The program provides graduate training leading to the master of science in horticulture. Each MS student will have a major advisor who will supervise their program of study and their thesis research. Specializations are available in several aspects of crop science: organic and sustainable horticulture, diversified crop production for urban and regional food systems, environmental impact of horticultural practices, environmental regulation of plant growth and development, plant breeding, biochemistry and molecular biology of horticultural plants, microculture and biotechnology, weed control and herbicide physiology, and biostatistics. Students have the opportunity to develop their research projects using vegetables, fruits, trees, ornamentals, specialty crops, or model species such as *Arabidopsis thaliana*.

The MS student's thesis project will involve an in-depth mentored exploration of a research question and the development of a written thesis in conjunction with a graduate committee of three faculty members.

The department houses research labs, controlled environment chambers, and greenhouse facilities. Field-plot areas with associated storage and laboratory facilities are available at the UW–Madison Arboretum (https://arboretum.wisc.edu/), Horticulture Research Farm at Arlington (https://arlington.ars.wisc.edu/), and the Agriculture Research Stations (https://ars.wisc.edu/) managed by the College of Agricultural and Life Sciences at selected locations throughout the state. In conjunction with the farm at Sturgeon Bay, the world's largest collection of tuber-bearing Solanums

is maintained by the Inter-Regional Potato Introduction Project and is available for research use.

## ADMISSIONS

# ADMISSIONS

**The Horticulture, MS no longer admits new students after Summer 2026 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

**Students interested in the Horticulture MS may want to consider the Plant Science and Technology MS, a new program as of Fall 2025. This new program replaces the Horticulture MS. If you have any questions, please contact the department.**

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | September 1 |
| Summer Deadline | December 1 |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

## PROGRAM APPLICATION CHECKLIST

A complete application should include the following items:

1. Graduate School application and application fee.
2. Supplementary Application: The supplementary application will appear as a part of the Graduate School's electronic application once the applicant selects Horticulture.
3. Statement of Purpose: Your essay should be a concise description of your reasons for choosing to study horticulture at the University of Wisconsin-Madison. Please include your research interests and career goals as well as a description of your preparation for graduate study including relevant coursework, related employment, research experience, publications, presentations, awards, and honors.
4. Transcripts: We require all applicants to submit an unofficial transcript in PDF format to their online application. If an applicant is recommended for admission, then they will be required to submit their official transcript to the Graduate School. International academic records must be submitted in the original language and accompanied by an official English translation. Documents must be issued by the institution with an official seal/stamp and an official signature.
5. Three letters of recommendation.
6. Proof of English Proficiency: Applicants whose native language is not English or whose undergraduate instruction was not in English must follow the Graduate School's guidelines for proof of English proficiency.

## PREPARATORY COURSEWORK

The applicant's academic preparation should include fundamental courses in the plant sciences such as botany, bacteriology, genetics, and physiology, as well as courses in chemistry (general, organic, quantitative), physics, mathematics, and biochemistry. The academic average should be at least 3.0 (on a 4.0 scale) with evidence of proficiency in subjects related to agriculture and plant sciences.

## FACULTY ADVISORS

The Horticulture MS and PhD programs do not support lab rotations. All students are admitted directly into a faculty member's lab. Thus, we strongly encourage applicants to contact faculty members who work in their areas of interest before and during the application and admissions process.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

All applicants to the graduate program in Horticulture are automatically considered for financial support. There is no need to submit a separate application. Most of our students are supported through research assistantships, but additional sources of internal financial support include teaching assistantships, project assistantships, scholarships, and fellowships.

## REQUIREMENTS

| Assessments and Examinations | Contact the program for information on required assessments and examinations. |
| Language Requirements | Contact the program for information on any language requirements. |

## REQUIRED COURSES

### Program Requirements

The specific program of study towards a master's degree is developed by the student and the major professor. Considerable flexibility in the selection of courses is permitted to meet the needs and interests of the candidate. Students often complete the requirements for a master's degree in one and a half years, and three years is usually considered the maximum time necessary.

- All students must successfully complete 14 credits of plant science (https://guide.wisc.edu/courses/plantsci/) courses and 11 credits of botany (https://guide.wisc.edu/courses/botany/) courses. Courses completed as a undergraduate may count but will only count towards the minimum graduate coursework requirement if numbered 700 or higher from UW-Madison. Coursework completed at an institution other than UW-Madison must be approved by your graduate committee. See the policies tab for more information about how prior coursework can be applied to this program's requirements. No more than 3 credits of PLANTSCI 699 Special Problems may be counted towards this requirement.

Students must complete a minimum of 30 credits and 15 of these credits must be graduate level (up to 3 credits of 990 may be used to satisfy this 15 credit requirement, but PLANTSCI 699 Special Problems may not be used to satisfy this requirement.

- Students must complete at least 30 credits and write a master's thesis that is acceptable to the student's final examining committee. Under special circumstances, a student's graduate committee may, with the written approval of the department chair, allow a student to complete their MS degree with an approved report instead of a thesis or with coursework only.
- Students in the MS degree in Horticulture with emphasis in organic sustainable production must satisfy the specific course requirements outlined below. The student must also complete at least 30 credits and write a master's thesis that is acceptable to the student's final examining committee.

### Organic Sustainable Production Pathway [1]

| Code | Title | Credits |
|---|---|---|
| **Ecology** | | |
| Complete one of the following courses: | | 3 |
| BOTANY/ ZOOLOGY 460 | General Ecology | |
| AGROECOL 701 | The Farm as Socio-Environmental Endeavor | |
| AGROECOL 702 | The Multifunctionality of Agriculture | |
| **Horticulture** | | |
| PLANTSCI 370 | World Vegetable Crops | 3 |
| **Plant Pathology** | | |
| Complete one of the following courses: | | 2 |
| PL PATH 300 | Introduction to Plant Pathology | |
| PL PATH 517 | Plant Disease Resistance | |
| PL PATH 559 | Diseases of Economic Plants | |

| PLANTSCI 990 | Research | |
| **Additional Coursework** | | |
| At the discretion of the student's major professor or master's committee, additional remedial or advanced coursework may be required to reach the 30 credit minimum. | | 5 |
| **Total Credits** | | **30** |

[1] These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

[2] Students may speak with their committee regarding alternative courses to complete the seminar requirement.

### Additional Coursework

At the discretion of the student's major professor or master's committee, additional remedial or advanced coursework may be required.

### Seminar Requirement

Master's degree students must enroll in a graduate level seminar class (1 credit) for at least one semester and obtain a passing grade for that class. Seminars offered by departments other than the Department of Plant and Agroecosystem Sciences may be used to satisfy this requirement.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Every graduate student must have a faculty advisor (major professor) who is on the Horticulture graduate program faculty. The major professor advises the student about course work and supervises the student's research if they are writing a master's thesis. The major professor must approve the student's coursework and research direction. A student may have more than one major professor, in which case at least one of the professors must be a member of the Horticulture graduate program faculty.

Students are responsible for forming their graduate committee before the end of the second semester, in accordance with current policy of the Graduate School (https://policy.wisc.edu/library/UW-1201/) and in consultation with their advisor. The role of this committee is to provide advice, evaluate satisfactory progress, and administer the final examination (thesis defense). In addition to the student's advisor, two more committee members are needed, and the chair (or one of the co-chairs) must be Department of Plant and Agroecosystem Sciences graduate faculty.

## CREDITS PER TERM ALLOWED

15 credits maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)

- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALS), any student who feels unfairly treated by a member of the CALS faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
   a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
   b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
   a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
   b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
   c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
   d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

### OTHER

n/a

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The Horticulture Graduate programs encourage students to develop Individual Development Plans (https://grad.wisc.edu/pd/idp/) in collaboration with their major advisor to facilitate professional development. Besides the extensive opportunities offered across the campus at large, students in the Horticulture programs also benefit from activities and programs provided by the Plant Sciences Graduate Council (https://win.wisc.edu/organization/psgsc/), a student-led organization for graduate students at UW–Madison interested in plant science.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulates challenges and limits with respect to knowledge within the field of horticulture.
2. Formulates ideas and/or research methods to advance knowledge within the field of horticulture.
3. Conducts research that makes a substantial contribution to the field of horticulture.

4. Demonstrates understanding of the primary field of horticulture in a historical, social, or global context.
5. Communicates complex ideas in a clear and understandable manner.
6. Fosters ethical conduct and professional guidelines.
7. Fosters best practices with respect to diversity, equity, and inclusion in scientific endeavors.

# HORTICULTURE, PHD

**The Horticulture, PhD no longer admits new students after Summer 2026 and the program will be discontinued Fall 2032.** If you have any questions, please contact the department (see contact box).

The program provides graduate training leading to the doctor of philosophy in horticulture. Each doctoral student will have a major advisor who will supervise their program of study and their thesis research. Specializations are available in several aspects of crop science: organic and sustainable horticulture, diversified crop production for urban and regional food systems, environmental impact of horticultural practices, environmental regulation of plant growth and development, plant breeding, biochemistry and molecular biology of horticultural plants, microculture and biotechnology, weed control and herbicide physiology, and biostatistics. Students have the opportunity to develop their research projects using vegetables, fruits, trees, ornamentals, specialty crops, or model species such as *Arabidopsis thaliana*.

The PhD student's dissertation project will involve an in-depth mentored exploration of a research question and the development of a dissertation in conjunction with a graduate committee of at least four faculty members. A public presentation and defense of the dissertation is required.

The department houses research labs, controlled environment chambers, and greenhouse facilities. Field-plot areas with associated storage and laboratory facilities are available at the UW–Madison Arboretum (https://arboretum.wisc.edu/), Horticulture Research Farm at Arlington (https://arlington.ars.wisc.edu/), and the Agriculture Research Stations (https://ars.wisc.edu/) managed by the College of Agricultural and Life Sciences at selected locations throughout the state. In conjunction with the farm at Sturgeon Bay, the world's largest collection of tuber-bearing Solanums is maintained by the Inter-Regional Potato Introduction Project and is available for research use.

## ADMISSIONS

# ADMISSIONS

**The Horticulture, PhD no longer admits new students after Summer 2026 and the program will be discontinued Fall 2032.** If you have any questions, please contact the department (see contact box).

**Students interested in the Horticulture PhD may want to consider the Plant Science and Technology PhD, a new program as of Fall 2025. This new program replaces the Horticulture PhD. If you have any questions, please contact the department.**

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | September 1 |
| Summer Deadline | December 1 |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

The Horticulture graduate program accepts applications for fall, spring, and summer entry. The applicant's academic preparation should include fundamental courses in the plant sciences such as botany, bacteriology, genetics, and physiology, as well as courses in chemistry (general, organic, quantitative), physics, mathematics, and biochemistry. The academic average should be at least 3.0 (on a 4.0 scale) with evidence of proficiency in subjects related to agriculture and plant sciences.

## PREPARATORY COURSEWORK

Students are expected to enter the program having taken the following coursework. Deficient courses may be taken while in the program in consultation with the student's graduate committee.

- Physical Sciences - one course in each of the following:
  - Physics, including electricity, heat, and light
  - Calculus
  - Organic Chemistry lecture
  - Organic Chemistry lab or Biochemistry lab
- Biological Sciences - one course in each of the following:
  - Crop Production
  - Plant Breeding or Genetics
  - Plant Structure, Plant Taxonomy, or Plant Physiology
  - Plant Pathology or Entomology
- One Statistics Course
- One Soil Science Course

## APPLICATION CHECKLIST

A complete application should include the following items:

1. Graduate School Application and Application Fee
2. Supplementary Application: The supplementary application will appear as a part of the Graduate School's electronic application once the applicant selects Horticulture.
3. Statement of Purpose: Your essay should be a concise description of your reasons for choosing to study horticulture at the University

of Wisconsin-Madison. Please include your research interests and career goals as well as a description of your preparation for graduate study including relevant coursework, related employment, research experience, publications, presentations, awards, and honors.

4. Transcripts: We require all applicants to submit an unofficial transcript in PDF format to their online application. If an applicant is recommended for admission, then they will be required to submit their official transcript to the Graduate School. International academic records must be submitted in the original language and accompanied by an official English translation. Documents must be issued by the institution with an official seal/stamp and an official signature.
5. Three Letters of Recommendation
6. Proof of English Proficiency: Applicants, whose native language is not English, or whose undergraduate instruction was not in English, must follow the Graduate School's guidelines for proof of English proficiency.

## FACULTY ADVISORS

The Horticulture MS and PhD programs do not support lab rotations. All students are admitted directly into a faculty member's lab. Thus, we strongly encourage applicants to contact faculty members who work in their areas of interest before and during the application and admissions process.

# FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

All applicants to the graduate program in Horticulture are automatically considered for financial support. There is no need to submit a separate application. Most of our students are supported through research assistantships, but additional sources of internal financial support include teaching assistantships, project assistantships, scholarships, and fellowships.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required. |
| Language Requirements | Contact the program for information on any language requirements. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/). |

## REQUIRED COURSES

### Specific Course Requirements

The only specific course requirements for the PhD in Horticulture are PLANTSCI 799 Practicum in Plant Sciences Teaching and the seminar requirement, listed below. Apart from these, each student is required to work with the major professor and the PhD committee to design a program of coursework that best meets the individual student's needs and interests. The resulting program of coursework must satisfy the program requirements as well as the requirements specified by the Graduate School. The final determination of a student's required coursework is made by the student's PhD committee as part of the certification process.

### Seminar Requirement

During their graduate careers, students are required to present a minimum of three seminars in advanced seminar courses and receive a passing grade in each seminar. Advanced seminar courses offered by the departments other than the Department of Plant and Agroecosystem Sciences may be used to satisfy this requirement.

### Required Teaching / Outreach

All students in the Horticulture PhD program are required to enroll in PLANTSCI 799 Practicum in Plant Sciences Teaching for one semester and obtain a passing grade. Students may enroll in PLANTSCI 799 Practicum in Plant Sciences Teaching for 1 to 3 credits. Each student is expected to work with their PhD advisor to identify an opportunity within the department for the student to engage in teaching or outreach work. This requirement is broadly defined and could include assisting a Horticulture graduate program faculty member with their classroom teaching or working with a Horticulture graduate program faculty member on an extension or outreach project.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Every graduate student must have a faculty advisor (major professor) who is on the Horticulture graduate program faculty. The major professor advises the student about course work and supervises the student's research. The major professor must approve the student's coursework and research direction. A student may have more than one major professor, in which case at least one of the professors must be a member of the Horticulture graduate program faculty.

Students are responsible for forming their Graduate Committee before the end of the second semester, in accordance with current policy of the Graduate School (https://policy.wisc.edu/library/UW-1201/) and in consultation with their advisor. The role of this committee is to provide advice, approve the plan of study (certification), evaluate satisfactory progress, administer the preliminary examination and the dissertation defense (final examination). In addition to the student's advisor, at least three committee members are needed, and the chair (or one of the co-chairs) must be Horticulture graduate faculty. The committee must represent more than one graduate program, including the PhD minor program when option A is selected. Many Horticulture graduate faculty are also graduate faculty in other programs (e.g., agronomy, agroecology, plant breeding & plant genetics) and therefore satisfy this requirement. Continuity in membership of the graduate committee through the student's certification, preliminary exam, and final thesis defense is strongly encouraged.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALS), any student who feels unfairly treated by a member of the CALS faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
   a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
   b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
   a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
   b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
   c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
   d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

# PLANT SCIENCE AND TECHNOLOGY, MS

Plant Science and Technology focuses on the scientific principles and technology underlying the cultivation of agricultural plants and their utilization for food, feed, fiber, energy, and well-being. We find and disseminate answers to problems and discover opportunities concerning efficiency and sustainability of plant production, improvements in quality, and methods for safe and environmentally-sound practices.

An advanced degree in Plant Science and Technology prepares graduates for professional careers in research, teaching, and Extension at academic and government institutions, and for research and technical careers in industry.

The Department of Plant and Agroecosystem Sciences at UW–Madison is home to some of the most highly ranked and regarded graduate programs in the nation. We are committed to integrating research, teaching, and outreach to address issues of food scarcity, food quality and nutrition, environmental impact, and sustainability.

The program maintains or has access to excellent facilities for research, including fully equipped laboratories, growth chambers and greenhouses, and complete field facilities at nearby agricultural research stations and throughout the state.

## ADMISSIONS

# ADMISSIONS

UW–Madison is awaiting approval of this new academic program by the Student & Exchange Visitor Program (SEVP) before we are able to accept prospective F-1 students into this program or issue a Form I-20 for this program. International students may apply for this program but will only be considered for admission if or when the program is approved.

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

## APPLICATION CHECKLIST

A complete application should include the following items:

1. Graduate School application and application fee.
2. Supplementary Application: The supplementary application will appear as a part of the Graduate School's electronic application once the applicant selects Plant Science and Technology MS.
3. Statement of Purpose: Your essay should be a concise description of your reasons for choosing to study plant science and technology at the University of Wisconsin-Madison. Please include your research interests and career goals as well as a description of your preparation for graduate study including relevant coursework, related employment, research experience, publications, presentations, awards, and honors.
4. Transcripts: We require all applicants to submit an unofficial transcript in PDF format to their online application. If an applicant is recommended for admission, then they will be required to submit their official transcript to the Graduate School. International academic records must be submitted in the original language and accompanied by an official English translation. Documents must be issued by the institution with an official seal/stamp and an official signature.
5. Three letters of recommendation.
6. Proof of English Proficiency: Applicants whose native language is not English or whose undergraduate instruction was not in English must follow the Graduate School's guidelines for proof of English proficiency.

## BACKGROUND EDUCATION

Preparatory coursework in plant science or a related discipline is required, while maintaining an academic average of at least 3.0 on a 4.0 scale.

## PREPARATORY COURSEWORK

The minimum requirements are shown below, and any deficiencies will need to be addressed in consultation with the student's graduate committee, the graduate program manager, and the faculty director of graduate studies.

- Biological Sciences – 4 semesters
- Chemistry – 2 semesters
- Statistics – 1 semester
- Math - 1 semester

## FACULTY ADVISORS

The Plant Science and Technology MS does not support lab rotations. All students are admitted directly into a faculty member's lab. Thus, we strongly encourage applicants to contact faculty members who work in their areas of interest before and during the application and admissions process.

# FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

The vast majority of our graduate students are awarded research assistantships (RA) to fund their education. These RA appointments come with tuition remission, healthcare, and a monthly stipend for living expenses. These assistantships come directly from the mentoring faculty; as a result, space in our graduate program is extremely limited. We do not support lab rotations.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | Students must prepare and deposit a written thesis based on their research. The final oral exam is a combined thesis defense and assessment of knowledge in the field of Plant Science and Technology. |
| Language Requirements | No language requirements. |

15 credit maximum. Refer to Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALS), any student who feels unfairly treated by a member of the CALS faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
   a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
   b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
   a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by

the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.

b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.

c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.

d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.

4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The Plant Science and Technology program does not require but encourages all students to complete an Individual Development Plan (IDP). As you begin your Graduate School career, an Individual Development Plan (IDP) is an essential tool to help you:

(1) Assess your current skills and strengths

(2) Make a plan for developing skills that will help you meet your academic and professional goals

(3) Communicate with your advisors and mentors about your evolving goals and related skills.

For graduate students in the natural sciences and engineering, the American Association for the Advancement of Science (AAAS) online tool provides a comprehensive set of materials and exercises that will guide you through the process of self-assessment, career exploration, goal-setting, and implementation of your plan. Set up a free account to create and monitor your IDP at myidp.sciencecareers.org (http://myidp.sciencecareers.org/).

The UW–Madison IDP template (https://grad.wisc.edu/professional-development/individual-development-plan/), which includes instructions and examples, is flexible and appropriate for all disciplines.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Understand essential characteristics of plant agricultural systems.
2. Apply principles of plant physiology in the context of agricultural systems.
3. Communicate scientific ideas and results with clarity in written and oral formats.
4. Discuss the potential impacts of their research on human society and theenvironment.
5. Conduct research with scientific integrity in the field of Plant Science and Technology.

# PLANT SCIENCE AND TECHNOLOGY, PHD

Plant Science and Technology focuses on the scientific principles and technology underlying the cultivation of agricultural plants and their utilization for food, feed, fiber, energy, and well-being. We find and disseminate answers to problems and discover opportunities concerning efficiency and sustainability of plant production, improvements in quality, and methods for safe and environmentally-sound practices.

An advanced degree in Plant Science and Technology prepares graduates for professional careers in research, teaching, and Extension at academic and government institutions, and for research and technical careers in industry.

The Department of Plant and Agroecosystem Sciences at UW–Madison is home to some of the most highly ranked and regarded graduate programs in the nation. We are committed to integrating research, teaching, and outreach to address issues of food scarcity, food quality and nutrition, environmental impact, and sustainability.

The program maintains or has access to excellent facilities for research, including fully equipped laboratories, growth chambers and greenhouses, and complete field facilities at nearby agricultural research stations and throughout the state.

## ADMISSIONS

# ADMISSIONS

UW–Madison is awaiting approval of this new academic program by the Student & Exchange Visitor Program (SEVP) before we are able to accept prospective F-1 students into this program or issue a Form I-20 for this program. International students may apply for this program but will only be considered for admission if or when the program is approved.

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |

# ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

Please see the Department of Plant Pathology's Handbook and Forms page (linked in contact box) for additional information. Minor requirements will be discussed and agreed upon in your initial committee meeting.

## REQUIREMENTS

# REQUIREMENTS

Doctoral candidates in other majors seeking a doctoral minor in plant pathology must complete a minimum of 9 graduate-level course credits in plant pathology (a minimum of 8 at UW–Madison) including PL PATH 300 Introduction to Plant Pathology and no more than 2 credits of independent study or PL PATH 923 Seminar, while enrolled in a graduate program, and have a plant pathology faculty member serve as the minor professor on their research committees (oral preliminary exam committee and final exam committee).

Additional information can be found on the department's handbooks and forms webpage (https://plantpath.wisc.edu/graduate-study-overview/handbooks-forms/#ms-and-phd-curriculum-for-students-who-started-fall-2014-or-there-after).

PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

Students in the Department of Plant Pathology are strongly encouraged to participate in events through the Plant Pathology Graduate Council. (http://labs.russell.wisc.edu/ppgc/)

# PLANT PATHOLOGY, MS

The discipline of plant pathology is directed toward understanding and solving disease problems of plants. The field is broad and complex, integrating disciplines as varied as molecular biology, genetics, cell biology, organismal biology, population and community ecology, meteorology, statistics, computer science, chemistry, and physics. Plant pathology encompasses basic and applied research, employs both model systems and economically important plants, and requires both laboratory and field experimentation. Active research programs in the department encompass this full spectrum of questions and approaches, including research on virology, nematology, fungal genetics, tissue culture, soil microbiology and ecology, forest pathology, bacterial plant pathogens, molecular biology of parasite–host interactions, microbial ecology, epidemiology, and integrated disease management strategies.

The graduate program in plant pathology educates students in the science of plant pathology and prepares them for successful careers. Students develop the following skills required to meet diverse professional situations: excellence in research; breadth and depth in plant pathology; breadth in an allied field; strong critical and analytical thinking skills; and effective communication skills. Students become sufficiently knowledgeable in all aspects of plant pathology to identify key research questions, recognize significant discoveries, and think analytically about interpretation of data.

The level of proficiency in specific areas will vary with the student's research area and career goals, and will be appropriate to the student's degree program (MS or PhD). Specific areas of proficiency addressed by the PhD curriculum include etiology, diagnosis, and management of plant disease; ecology and epidemiology; genetics and physiology of plant–microbe interactions; and organismal biology. PhD students may elect an optional professional development experience as part of their curriculum. Graduates of the program attain positions in teaching, research in academic positions, government services, industry, extension services, and private practice.

The program is comprised of about 100 faculty members, graduate students, and research and support staff. It is housed in an eight-story wing of Russell Laboratories, a teaching and research facility on the UW–Madison campus, which is surrounded by other facilities that are also devoted to biological research. Russell Labs, together with the extensive research facilities available on the rest of the UW–Madison campus and at field research stations throughout Wisconsin, provide a rich and comprehensive environment for research and graduate studies in all branches of plant pathology.

ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | December 1 |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

## APPLICATION

A complete admission application acts as the application for financial support. All applicants who are admitted are offered financial support, generally in the form of a research assistantship (RA).

### Checklist

- **Graduate School Application Form and Application Fee**
  - All applicants must complete the Graduate School's online application (https://grad.wisc.edu/apply/)
  - The department is able to offer a limited number of application fee waivers. Please contact the Graduate Program Manager (https://hub.russell.wisc.edu/area-homepages/student-services/) for more information
- **Supplementary Application**
  - Applicants must submit the Plant Pathology supplementary application, which will appear as a part of the Graduate School's electronic application once the applicant selects Plant Pathology.
- **Resume or CV**
  - Applicants must submit resume or CV electronically through the online application.
- **Transcripts**
  - All applicants must upload an unofficial transcript (non-encrypted) in a PDF format to their online application.
    - Any school listed must have a transcript uploaded, otherwise the application will not be complete.

    - If an applicant is recommended for admission they will be asked to submit an official transcript to the Graduate School; official transcripts are not to be mailed to the department.
  - International academic records must be in the original language accompanied by an official English translation. Documents must be issued by the school with the official seal/stamp and an official signature.
  - The Plant Pathology department requires all applicants to have a BA/BS degree from an accredited institution.
  - A minimum undergraduate grade-point average of 3.0 (on a 4.0 scale) on the equivalent of the last 60 semester hours from the most recent bachelor's degree institution is required for regular admission. If an applicant has received a post-baccalaureate degree and the GPA for that degree is above a 3.0, then they may be admitted with full standing even if their undergraduate GPA does not meet the standards above.
- **Statement of Purpose**
  - This should describe the applicant's graduate program objectives and career focus. Since applicants are rarely admitted to our MS program without prior research experience, applicants must describe past research experiences in their statement.
  - The statement of purpose should be around two pages in length.
- **Three Letters of Recommendation**
  - These letters are preferably from people acquainted with the applicant's academic, research and/or professional qualifications.
  - Letters must be submitted online through the Graduate School's electronic format; references experiencing difficulty with the online system should contact the Graduate Program Manager (https://hub.russell.wisc.edu/area-homepages/student-services/).
- **English Proficiency Test Scores** (if applicable – refer to table above)

## BACKGROUND EDUCATION

Admitted applicants to must meet the Graduate School's minimum requirements (https://grad.wisc.edu/apply/requirements/), including completion of a bachelor's degree which typically consists of courses in biology, chemistry, mathematics, and physics.

Typically, successful applicants exceed the minimum requirement of a 3.0 GPA (on a 4.0 scale) and articulate a strong interest in the discipline in their application. Prior research experience is an asset for any applicant, and letters of recommendation from research advisors are viewed as one of the most useful means of evaluating applications. Additional information can be found on the department's application process webpage (https://plantpath.wisc.edu/application-process/).

## DEADLINE

Applications received after the deadline will be reviewed, but they are disadvantaged for admission and financial support.

# FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

The department offers stipends to the most highly qualified applicants, and students are funded throughout their programs by research assistantships, fellowships, or traineeships. The department nominates outstanding students for external fellowships and supports and assists students who apply for scholarships and other forms of financial support.

Additional information regarding funding can be found on the department's funding information webpage (https://plantpath.wisc.edu/funding-information/).

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |

| | |
|---|---|
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | Students in the Plant Pathology MS must complete certification paperwork to outline their coursework and prepare, publicly present, and defend a thesis. |
| Language Requirements | None. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| Students must complete at least 9 credits of plant pathology, including the following courses. | | 9 |
| PL PATH 300 | Introduction to Plant Pathology (or equivalent) | |
| PL PATH 875 | Special Topics (1 credit) | |
| PL PATH 923 | Seminar (1 credit, exit seminar) | |
| **Additional Coursework** | | |
| In consultation with advisor, students must complete coursework taken as a graduate student at UW–Madison numbered 300 or above and taken for credit. Up to 15 credits of PL PATH 990 Research may count for these remaining credits. | | 21 |
| **Total Credits** | | **30** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With MS committee approval and Academic Affairs Committee approval, students are allowed to transfer no more than 14 credits of graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Students may transfer up to 7 credits of coursework numbered 300 or above upon approval of the MS committee and the Academic Affairs Committee. These credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above from UW-Madison. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With MS committee approval and Academic Affairs Committee approval, students are allowed to transfer no more than 15 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. However, these credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) policy. A committee often accomplishes advising for the students in the early stages of their studies.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)

- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Plant Pathology Grievance and Appeals Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve academic and non-academic grievances. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the Plant Pathology Department Chair, the Student Services Coordinator, or the Russell Labs Department Administrator.

Students are encouraged to also use campus resources (above) if the issue involves sexual harassment or assault, violence, discrimination, bias or hate, hostile or intimidating behavior, employment concerns, or disability accommodations.

Procedures for proper accounting of student grievances:

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Plant Pathology Department Chair, the Student Services Coordinator, or the Russell Labs Department Administrator to discuss the grievance. Students can also contact any of the Russell Labs Department Chairs to discuss the grievance. Any of the above people will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary.
3. If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Department Chair and Student Services Coordinator in writing, within 120 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
5. The faculty committee will determine a decision regarding the grievance, and will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 15 working days to file a written appeal to the College of Agricultural and Life Sciences Academic Affairs Office.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: https://grad.wisc.edu/documents/grievances-and-appeals/.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

Students in the Department of Plant Pathology are strongly encouraged to participate in events through the Plant Pathology Graduate Council. (http://labs.russell.wisc.edu/ppgc/)

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate an understanding of the basic biology of microorganisms that are symbiotic with plants including fungi, bacteria, viruses, oomycetes, and nematodes.
2. Demonstrate a basic understanding of: a. the basic processes of pathogenesis, plant defense, and defense circumvention at the molecular, genetic and physiological level for each of the major groups of plant pathogens and other plant associated microorganisms. b. the etiology, ecology, and epidemiology of economically significant diseases caused by the major groups of plant pathogens and be able to apply the understanding from a. and/or b. above in research.
3. Conduct project related to the discipline of Plant Pathology that requires specifying a problem, designing and conducting experiments, analyzing the resulting data, and reporting results/solutions.
4. Convey scientific knowledge to fellow scientists in a variety of formats.

# PLANT PATHOLOGY, PHD

The discipline of plant pathology is directed toward understanding and solving disease problems of plants. The field is broad and complex, integrating disciplines as varied as molecular biology, genetics, cell biology, organismal biology, population and community ecology, meteorology, statistics, computer science, chemistry, and physics. Plant pathology encompasses basic and applied research, employs both model systems and economically important plants, and requires both laboratory and field experimentation. Active research programs in the department encompass this full spectrum of questions and approaches, including research on virology, nematology, fungal genetics, tissue culture, soil microbiology and ecology, forest pathology, bacterial plant pathogens, molecular

biology of parasite–host interactions, microbial ecology, epidemiology, and integrated disease management strategies.

The graduate program in plant pathology educates students in the science of plant pathology and prepares them for successful careers. Students develop the following skills required to meet diverse professional situations: excellence in research; breadth and depth in plant pathology; breadth in an allied field; strong critical and analytical thinking skills; and effective communication skills. Students become sufficiently knowledgeable in all aspects of plant pathology to identify key research questions, recognize significant discoveries, and think analytically about interpretation of data.

The level of proficiency in specific areas will vary with the student's research area and career goals, and will be appropriate to the student's degree program (MS or PhD). Specific areas of proficiency addressed by the PhD curriculum include etiology, diagnosis, and management of plant disease; ecology and epidemiology; genetics and physiology of plant–microbe interactions; and organismal biology. PhD students may elect an optional professional development experience as part of their curriculum. Graduates of the program attain positions in teaching, research in academic positions, government services, industry, extension services, and private practice.

The program is comprised of about 100 faculty members, graduate students, and research and support staff. It is housed in an eight-story wing of Russell Laboratories, a teaching and research facility on the UW–Madison campus, which is surrounded by other facilities that are also devoted to biological research. Russell Labs, together with the extensive research facilities available on the rest of the UW–Madison campus and at field research stations throughout Wisconsin, provide a rich and comprehensive environment for research and graduate studies in all branches of plant pathology.

## ADMISSIONS

# ADMISSIONS

A complete admission application acts as the application for financial support. All applicants who are admitted are offered financial support, generally in the form of a research assistantship (RA).

## Checklist

- **Graduate School Application Form and Application Fee**
  - All applicants must complete the Graduate School's online application: https://grad.wisc.edu/apply/.
  - The department is able to offer a limited number of fee waivers. Please contact the Graduate Program Manager (https://hub.russell.wisc.edu/area-homepages/student-services/) for more information.
- **Supplementary Application**
  - Applicants must submit the Plant Pathology supplementary application, which will appear as part of the Graduate School's electronic application once the applicant selects Plant Pathology.
- **Resume or CV**
  - Applicants must submit resume or CV electronically through the online application.
- **Transcripts**
  - All applicants must upload an unofficial transcript (non-encrypted) in a PDF format to their online application.
    - Any school listed must have a transcript uploads, otherwise the application will not be complete.
    - If an applicant is recommended for admission, they will be asked to submit an official transcript to the Graduate School; official transcripts are not to be mailed to the department.
  - International academic records must be in the original language accompanied by an official English translation. Documents must be issued by the school with the official seal/stamp and an official signature.
  - The Plant Pathology department requires all applicants to have a BA/BS degree from an accredited institution.
  - A minimum undergraduate grade-point average of 3.0 (on a 4.0 scale) on the equivalent of the last 60 semester hours from the most recent bachelor's degree institution is required for regular admission. If an applicant has received a post-baccalaureate degree and the GPA for that degree is above a 3.0, then they may be admitted with full standing even if their undergraduate GPA does not meet the standards above.
- **Statement of Purpose**
  - This should describe the applicant's graduate program objectives and career focus. Since applicants are rarely admitted to the PhD program without prior research experience, applicants must describe past research experiences in their statement.
  - The statement of purpose should be around two pages in length
- **Three Letters of Recommendation**
  - These letters are preferably from people acquainted with the applicant's academic, research and/or professional qualifications.
  - Letters must be submitted online through the Graduate School's electronic format; references experiencing difficulty with the online system should contact the Graduate Program Manager

(https://hub.russell.wisc.edu/area-homepages/student-services/).

- **English Proficiency Test Scores** (if applicable - refer to table above)

## BACKGROUND EDUCATION

Admitted applicants must meet the Graduate School's minimum requirements (https://grad.wisc.edu/apply/requirements/), including completion of a bachelor's degree. Satisfactory preparation for graduate study in plant pathology includes coursework in biology, chemistry, math, and physics (foundation coursework).

Typically, successful applicants exceed the minimum requirement of a 3.0 GPA (on a 4.0 scale) and articulate a strong interest in the discipline in their application. Prior research experience is an asset for any applicant, and letters of recommendation from research advisors are viewed as one of the most useful means of evaluating applications.

## PREPARATORY COURSEWORK

The program recommends admitted applicants enter the program having taken the foundation courses below. If an admitted applicant enters the program with foundational coursework deficiencies, their thesis committee may recommend courses be completed during the program.

### Foundation Courses

- Biology (one course in at least 3 of the following 4 areas):
  - Genetics
  - Plant anatomy/morphology
  - Plant physiology
  - General ecology
- Chemistry
  - General chemistry (two semesters)
  - Organic chemistry (including lab)
- Other preparatory courses
  - General/introductory biochemistry (one course)
  - Physics (two semesters)
  - Calculus (one course)
  - Statistics (one course)

## DEADLINE

Applications received after the deadline will be reviewed, but they are disadvantaged for admission and financial support.

- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Plant Pathology Grievance and Appeals Procedures

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve academic and non-academic grievances. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the Plant Pathology Department Chair, the Student Services Coordinator, or the Russell Labs Department Administrator.

Students are encouraged to also use campus resources (above) if the issue involves sexual harassment or assault, violence, discrimination, bias or hate, hostile or intimidating behavior, employment concerns, or disability accommodations.

Procedures for proper accounting of student grievances:

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the Plant Pathology Department Chair, the Student Services Coordinator, or the Russell Labs Department Administrator to discuss the grievance. Students can also contact any of the Russell Labs Department Chairs to discuss the grievance. Any of the above people will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary.
3. If the issue is not resolved to the student's satisfaction the student can submit the grievance to the Department Chair and Student Services Coordinator in writing, within 120 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
5. The faculty committee will determine a decision regarding the grievance, and will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 15 working days to file a written appeal to the College of Agricultural and Life Sciences Academic Affairs Office.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

The Graduate School has procedures for students wishing to appeal a grievance decision made at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: https://grad.wisc.edu/documents/grievances-and-appeals/.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

Students in the Department of Plant Pathology are strongly encouraged to participate in events through the Plant Pathology Graduate Council. (http://labs.russell.wisc.edu/ppgc/)

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate an understanding of the basic processes of pathogenesis, plant defense, and defense circumvention at the molecular, genetic and physiological level for each of the major groups of plant pathogens and other plant associated microorganisms.
2. Demonstrate an understanding of the basic biology of microorganisms that are symbiotic with plants including fungi, bacteria, viruses, oomycetes, and nematodes.
3. Demonstrate an understanding of the etiology, ecology, and epidemiology of economically significant diseases caused by the major groups of plant pathogens.
4. Construct disease management strategies for the different groups of important plant pathogens.
5. Demonstrate excellent problem solving skills and a deep conceptual understanding of the science of Plant Pathology.
6. Convey knowledge in a variety of formats to diverse audiences including the public, students, and fellow scientists.

# POLITICAL SCIENCE

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Political Science, Doctoral Minor (p. 1708)
- Political Science, MA (p. 1708)
- Political Science, PhD (p. 1711)

# POLITICAL SCIENCE, DOCTORAL MINOR

## ADMISSIONS

### ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

## REQUIREMENTS

### REQUIREMENTS

The Department of Political Science offers a doctoral minor. Students are required to complete 9 credits of graduate-level political science coursework resulting in a cohesive theme of study with grades of B or better. Graduate-level coursework includes courses that have the "Grad 50%" designation. Students seeking a doctoral minor in Political Science should meet with the associate chair following completion of the first course to discuss a proposed course list. The associate chair will approve the minor upon completion of the coursework.

# POLITICAL SCIENCE, MA

The Department of Political Science offers graduate study leading to a Doctorate of Philosophy in Political Science. The department admits students only for the PhD program, but a master's degree may be obtained en route to the PhD.

The PhD is earned through a combination of coursework and dissertation and the program is designed to provide students with both general training in political science and the opportunity to specialize in their areas of interest. UW–Madison is one of the world's top places to earn a doctorate in political science, with excellence in all subfields: American Politics, Comparative Politics, International Relations, Political Theory, and Political Methodology. As a large department, we offer training in a wide range of skills– everything from causal inference to formal modeling, Bayesian statistics, and qualitative methods. We pride ourselves on our intellectual and methodological pluralism and have a well-deserved reputation for high quality scholarship, access to faculty, and collegiality.

## ADMISSIONS

### ADMISSIONS

Students may not apply directly for the master's and should instead see the admissions information for the PhD. (p. 1711) This master's program is offered for work done en route to the PhD.

## FUNDING

### FUNDING

#### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

#### PROGRAM RESOURCES

All admitted students to the PhD program are awarded five-year funding commitments (contingent on satisfactory academic status), including full tuition remission, a generous stipend and summer funding, and health insurance at little cost (including for families). This support may come as a combination of fellowships, teaching assistantships (TA), project assistantships (PA), or lectureship (LSA) for one of our undergraduate courses.

The Department of Political Science offers graduate study leading to a Doctorate of Philosophy in Political Science. The department admits students only for the PhD program, but a master's degree may be obtained en route to the PhD. Please see admissions information for the PhD. (p. 1711)

## REQUIREMENTS

### MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

### MAJOR REQUIREMENTS

#### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

##### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 30 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | No other grade requirements. |
| Assessments and Examinations | First Year Assessment: Students must meet with advisor to discuss the faculty's First Year Assessment of your progress in the program by the start of the third semester. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

The MA is not offered as a standalone degree program, but is earned along the way to the PhD. To earn the MA degree, and in consultation with the program, students must complete the minimum degree requirements listed above as well as the required courses list below. The program is designed to provide students with both a general training in political science and the opportunity to specialize in their areas of interest.

Each student will select a first field and a second field. The first field is the field within which the student expects to write a doctoral dissertation. The second field complements and supports the first field and the student's intellectual and research interests. The subfields of political science found in our department are: American Politics, Comparative Politics, Political Theory, International Relations, and Political Methodology.

Students must earn at least 18 credits in Political Science (POLI SCI (https://guide.wisc.edu/courses/poli_sci/)) courses numbered 800 or above. Courses taken outside the department must be chosen in consultation with a student's advisor and must be graduate level.

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| POLI SCI 800 | Political Science as a Discipline and Profession | 1 |
| POLI SCI 817 | Empirical Methods of Political Inquiry | 3 |
| **Statistical Methodology Coursework-Graduate Level** | | |
| Generally, students complete the following course to satisfy the statistical methodology requirement. Students may complete a course in another department with approval from the Department and Methods Field Chair. | | |
| POLI SCI 812 | Introduction to Statistical Methods in Political Science | 4 |
| **Breadth** | | |
| *First Field* | | |
| Students must complete any requirements specified by the student's first field. | | 9-18 |
| *Second Field* | | |
| Students must complete any requirements specified by the student's second field. | | 6-15 |
| **Research** | | |
| No more than 3 credits of POLI SCI 999 may fulfill degree requirements. | | 0-3 |
| **Total Credits** | | **30** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

No credits from graduate work from other institutions may transfer toward the degree.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an undergraduate degree are allowed to transfer toward the degree.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special student at UW–Madison

No credits from a UW–Madison University Special student career may transfer toward the degree.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

All students are required to meet with their advisor to discuss the first-year review.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

All admitted students are awarded five-year funding commitments (contingent on satisfactory academic status), including full tuition remission, a generous stipend and summer funding, and health insurance at little cost (including for families). This support may come as a combination of fellowships, teaching assistantships (TA), project assistantships (PA), or lectureship (LSA) for one of our undergraduate courses.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM INFORMATION

Department of Political Science PhD students are encouraged to participate in our weekly workshops and colloquia. The workshops and colloquia offered in the department are the American Politics Workshop (https://sites.google.com/view/uwpolisciapw/home/), Comparative Politics Colloquium (https://sites.google.com/wisc.edu/cpcwisc/home/), International Relations Colloquium (https://sites.google.com/view/ircwisc/), Political Economy Colloquium (https://sites.google.com/wisc.edu/pecwisc/home/), MEAD – Models and Data Workshop (https://sites.google.com/view/meadwisc/home/), and the Political Theory Workshop (https://sites.google.com/view/uwmadisonptw/home/).

Workshops are one of the most important intellectual spaces in the department, providing an opportunity to become exposed to cutting-edge research and a chance to meet with scholars from other universities. In addition to featuring faculty papers and outside speakers, the workshops are an integral part of graduate training, serving as a place for students to present papers, as well as dissertation prospectuses, grant proposals, dissertation chapters, and practice job talks.

The department also hosts the Political Science Graduate Workshop (PSGW), which focuses on personal and professional development for graduate students in the department. The PSGW's mission is to "foster communication and information-sharing among the grad students and faculty members of the political science department and to promote professional development opportunities for the grad students." The topics covered in PSGW range from topics in graduate life (health and balance, financial life) to discipline professional development (publishing, communications). This workshop convenes several times per semester each academic year.

The department also actively supports our students throughout their job search. The Director of Graduate Studies and the major advisors review all job market materials such as CVs, writing samples, and diversity and teaching statements. In addition, the department arranges special informational sessions, mock interviews, and practice job talks to prepare students for the kinds of questions they will face from potential employers. This support complements other departmental activities designed to professionalize graduate students, including brown bag discussions about attending professional conferences, publishing opportunities, and seeking grant funding.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Develop an appreciation of the diverse subfields of political science.
2. Learn to articulate questions of importance to the field that can be answered using the methods of political science.
3. Learn to select and utilize methods of political inquiry appropriate to particular research questions.
4. Learn to constructively critique existing work in political science.
5. Develop an understanding of political science from an historical context.
6. Recognize and apply principles of ethical and professional conduct in research, teaching, and service.

# POLITICAL SCIENCE, PHD

The Department of Political Science offers graduate study leading to a Doctorate of Philosophy in Political Science. The department admits students only for the PhD program, but a master's degree may be obtained en route to the PhD.

The PhD is earned through a combination of coursework and dissertation and the program is designed to provide students with both general training in political science and the opportunity to specialize in their areas of interest. UW–Madison is one of the world's top places to earn a doctorate in political science, with excellence in all subfields: American Politics, Comparative Politics, International Relations, Political Theory, and Political Methodology. As a large department, we offer training in a wide range of skills– everything from causal inference to formal modeling, Bayesian statistics, and qualitative methods. We pride ourselves on our intellectual and methodological pluralism and have a well-deserved reputation for high quality scholarship, access to faculty, and collegiality.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 15 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |

| | |
|---|---|
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). Political Science has higher English proficiency requirements for applicants who need to prove proficiency through a valid English proficiency test:<br>• TOEFL (before January 21, 2026): 100<br>• TOEFL (on or after January 21, 2026): 5.0<br>• IELTS: not accepted<br>• Duolingo: not accepted |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applicants to the Political Science PhD program must apply online (https://grad.wisc.edu/apply/) by the deadline for admission the following fall. The online application requires you to complete the Graduate School application, Political Science supplemental application, and provide the names and email addresses of three references who can attest to your success as a graduate student. In addition, you must also upload a statement of reasons for graduate study that is two pages in length, a resume or CV, scanned unofficial transcripts, and one research paper with an abstract.

It is the candidate's responsibility to ensure that all materials are delivered on time.

| **Dissertation** | | |
| Students may complete research credits to satisfy the minimum 51-credit requirement. | | 16 |
| POLI SCI 990 | Research and Thesis | |
| **Total Credits** | | **51** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students may be allowed to substitute prior coursework from other institutions to satisfy breadth. While satisfying the breadth requirement, these courses will not be applied toward the

minimum credit requirement. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an undergraduate degree are allowed to transfer or fulfill breadth requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

With program approval, students may be allowed to substitute prior coursework earned as a professional student at UW-Madison to satisfy breadth. While satisfying the breadth requirement, these courses will not be applied toward the minimum credit requirement. Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Credits Earned as a University Special Student at UW–Madison

No credits from a UW–Madison University Special student career are allowed to transfer or fulfill breadth requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

All students are required to meet with their advisor to discuss the first-year review and must meet with their advisor at the start of each semester.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy. There are also time limits related to preliminary examinations and other program requirements that are documented in the Graduate Program Handbook (see Contact Information box).

## GRIEVANCES AND APPEALS

- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the

student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.

a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.

4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

All admitted students are awarded five-year funding commitments (contingent on satisfactory academic status), including full tuition remission, a generous stipend and summer funding, and health insurance at little cost (including for families). This support may come as a combination of fellowships, teaching assistantships (TA), project assistantships (PA), or lectureship (LSA) for one of our undergraduate courses.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM INFORMATION

Department of Political Science PhD students are encouraged to participate in our weekly workshops and colloquia. The workshops and colloquia offered in the department are the American Politics Workshop (https://sites.google.com/view/uwpolisciapw/home/), Comparative Politics Colloquium (https://sites.google.com/wisc.edu/cpcwisc/home/), International Relations Colloquium (https://sites.google.com/view/ircwisc/), Political Economy Colloquium (https://sites.google.com/wisc.edu/pecwisc/home/), MEAD – Models and Data Workshop (https://sites.google.com/view/meadwisc/home/), and the Political Theory Workshop (https://sites.google.com/view/uwmadisonptw/home/).

Workshops are one of the most important intellectual spaces in the department, providing an opportunity to become exposed to cutting-edge research and a chance to meet with scholars from other universities. In addition to featuring faculty papers and outside speakers, the workshops are an integral part of graduate training, serving as a place for students to present papers, as well as dissertation prospectuses, grant proposals, dissertation chapters, and practice job talks.

The department also hosts the Political Science Graduate Workshop (PSGW), which focuses on personal and professional development for graduate students in the department. The PSGW's mission is to "foster communication and information-sharing among the grad students and faculty members of the political science department and to promote professional development opportunities for the grad students." The topics covered in PSGW range from topics in graduate life (health and balance, financial life) to discipline professional development (publishing, communications). This workshop convenes several times per semester each academic year.

The department also actively supports our students throughout their job search. The Director of Graduate Studies and the major advisors review all job market materials such as CVs, writing samples, and diversity and teaching statements. In addition, the department arranges special informational sessions, mock interviews, and practice job talks to prepare students for the kinds of questions they will face from potential employers. This support complements other departmental activities designed to professionalize graduate students, including brown bag discussions about attending professional conferences, publishing opportunities, and seeking grant funding.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Master the state of existing research in two or more subfields of political science.
2. Acquire expert knowledge of methods of political inquiry.
3. Design, conduct, and complete original research of substantive value to the field of political science that makes and original contribution to knowledge.
4. Master the communication of complex concepts to a range of audiences.
5. Demonstrate and foster ethical and professional conduct in research, teaching, and service.

# POPULATION HEALTH SCIENCES

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Epidemiology, MS (p. 1716)
- Epidemiology, PhD (p. 1720)
- Population Health, Doctoral Minor (p. 1725)
- Population Health, MS (p. 1725)
- Population Health, PhD (p. 1736)

# EPIDEMIOLOGY, MS

Epidemiology is the scientific discipline primarily concerned with identifying the distribution and causes of disease in populations. It encompasses a rich methodology including observational and experimental study designs, statistical methods, an understanding of pathogens, environmental and behavioral risk factors, and human biology. Epidemiological methods have evolved to meet threats of global infectious diseases and the complex health challenges presented by an aging population, as well as to capitalize on the expanding understanding of human genetics. As the fundamental discipline of public health, epidemiology provides essential knowledge to design, implement, and assess approaches to effectively prevent disease and improve quality of life in the population.

The research-oriented degree programs are designed to provide rigorous training to develop students' abilities to synthesize knowledge and skills needed to address today's health-related problems. Faculty, staff, and students in the Department of Population Health Sciences engage in a wide variety of world-class epidemiological and health services research projects. The interdisciplinary focus allows students the flexibility to work with a wide array of research/faculty on campus.

The department offers two graduate degree programs: an MS and a PhD in epidemiology and an MS and PhD in population health. While the program is based on a sequence of core courses, students, in consultation with their major professor, have some flexibility to design advanced study and research that best prepares them for their chosen area of interest.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not Required |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applicants with diverse academic backgrounds are welcome. Applicants with strong quantitative skills and academic preparation in the biological sciences are strongly encouraged to apply. New admitted applicants start in the fall semester of each school year. Applications are due by the fall deadline listed above of each year. Late applications are not accepted.

## MINIMUM REQUIREMENTS

- Applicants must have an undergraduate degree with a grade point average of 3.0 (on a 4.0 scale), although successful applicants generally have GPAs above 3.0.
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (https://grad.wisc.edu/apply/requirements/).
- A personal statement and three letters of recommendation are required.
- Applicants must meet both departmental admission requirements and the Graduate School admission requirements.
- Upon entry to the graduate program, admitted applicants are matched with a faculty advisor. Faculty advisors help students hone their interests, assist with identifying research projects, provide support for career development, and link students to the greater campus community. Students have the benefit of regular dialogues with faculty members. Seminars and integrated discussion groups allow for increased interaction with core faculty and community lecturers. Finally, the work of students is valued as evidenced by their entries in the annual department poster session, participation in public health symposia, authorship of publications, and involvement in community/research projects.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Students admitted to our degree programs are automatically considered for any available scholarships, traineeships, or graduate assistant positions in the department. The most common forms of funding support for our students are assistantships, traineeships, and fellowships.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 18 credits |
| Minimum Graduate Coursework Requirement | 30 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | Students must maintain a cumulative GPA of at least 3.25 in all graduate work (including transfer credits) unless conditions for probationary status require higher grades. Students must also maintain a cumulative GPA of 3.25 or better in all coursework completed while enrolled in the graduate program. No grade of BC or lower in required courses will be accepted for the degree. |
| Other Grade Requirements | Students may maintain no more than 6 credits of Incomplete (I) grades during any semester. |
| Assessments and Examinations | No formal examination required. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **General Core** | | |
| POP HLTH/B M I 551 | Introduction to Biostatistics for Population Health | 4 |
| POP HLTH/ B M I 552 | Regression Methods for Population Health | 4 |
| POP HLTH/ SOC 797 | Introduction to Epidemiology | 3 |
| POP HLTH 798 | Epidemiologic Methods | 3 |
| POP HLTH 805 | Advanced Epidemiology: Causal Inference in Epidemiological Studies | 3 |
| POP HLTH 820 | Graduate Research Seminar | 1 |
| **Responsible Conduct of Research** | | |
| Complete a minimum of 1 credit from following: | | 1 |
| B M I 738 | Ethics for Data Scientists | |
| MED HIST 545 | Ethical and Regulatory Issues in Clinical Investigation (Offered in Fall. MED HIST 545 does not fulfill all the NIH requirements for training in the responsible conduct of research for certain T and F awards.) | |
| PATH 755 | Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency | |
| MED HIST 950 | Responsible Conduct of Research | |
| NURSING 802 | Ethics and the Responsible Conduct of Research (Offered in Spring) | |
| PATH-BIO/ COMP BIO 812 | Research Ethics and Career Development | |
| OBS&GYN 955 | Responsible Conduct of Research for Biomedical Graduate Students (Offered in Fall) | |
| MED PHYS 701 | Ethics and the responsible conduct of research and practice of Medical Physics | |
| Other course(s) may be substituted as approved by the advisor and the Director of Graduate Studies. | | |
| **Epidemiology Specialization** | | |
| Complete at least 3 courses from following: | | 6-8 |
| POP HLTH 650 | Special Topics (Epidemiology of Aging) | |
| POP HLTH 750 | Cancer Epidemiology | |
| POP HLTH/ KINES 791 | Physical Activity Epidemiology | |
| POP HLTH 801 | Epidemiology of Infectious Diseases | |
| POP HLTH 806 | Advanced Epidemiology: Practice of Epidemiology | |
| POP HLTH 810 | Epidemiology and Global One Health | |
| POP HLTH 847 | Cardiovascular Epidemiology | |

| | | |
|---|---|---|
| POP HLTH/ AN SCI/ GENETICS 849 | Genomic Epidemiology | |
| **Research** | | |
| Students may use up to 5 credits of POP HLTH 990 Research toward the MS requirements in consultation with their advisor. | | 0-5 |
| **Total Credits** | | **30** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer a maximum of 12 credits of graduate coursework taken from other institutions as a graduate student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from another institution or UW–Madison undergraduate degree are allowed to transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 12 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. However, these credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

A student not meeting guidelines for satisfactory progress will be placed on probation for one semester and will be reviewed by the Steering Committee following the probationary semester. Students may be dropped or allowed to continue by the committee based on review of progress during the probationary semester.

## ADVISOR / COMMITTEE

Students must meet with their advisor at least once each semester for academic advising. Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) policy.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Thesis required. Approval of a written proposal for thesis research is required before beginning thesis. MS candidates must submit master's thesis to advisor within two years of completing all coursework.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain

about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (https://intranet.med.wisc.edu/).

**Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (https://research.wisc.edu/kb-article/?id=84924).

**Requirements for Programs**

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
    b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor or program director will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and

the person or persons toward whom the grievance is directed.

d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.

e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.

7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

**Time Limits**

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulate, critique, and elaborate the methodological, biostatistical, and biologic foundations of research and practice of Epidemiology.
2. Identify literature and data sources, assemble, evaluate and synthesize evidence through critical review and data analysis pertaining to questions and challenges about causes and distribution of diseases and other factors related to health .
3. Demonstrate understanding of Epidemiology in its subject matter, historical and social context.
4. Select and utilize the most appropriate study designs and statistical methods for answering questions in Epidemiology.
5. Communicate clearly both in writing and orally in ways appropriate to Epidemiology.
6. Advance contributions to society of the methods and knowledge base of Epidemiology.
7. Recognize and apply principles of ethical professional conduct in their scholarship.

# EPIDEMIOLOGY, PHD

The Epidemiology, PhD program is a member of the **Interdisciplinary Biological and Health Sciences Consortium (IBHSC)**. The consortium fosters a collaborative environment for research and study in the biological and health sciences. Click here for more information on the IBHSC. (https://www.med.wisc.edu/education/graduate-programs/biological-health-sciences-consortium/)

Epidemiology is the scientific discipline primarily concerned with identifying the distribution and causes of disease in populations. It encompasses a rich methodology including observational and experimental study designs, statistical methods, an understanding of pathogens, environmental and behavioral risk factors, and human biology. Epidemiological methods have evolved to meet threats of global infectious diseases and the complex health challenges presented by an aging population, as well as to capitalize on the expanding understanding of human genetics. As the fundamental discipline of public health, epidemiology provides essential knowledge to design, implement, and assess approaches to effectively prevent disease and improve quality of life in the population.

The research-oriented degree programs are designed to provide rigorous training to develop students' abilities to synthesize knowledge and skills needed to address today's health-related problems. Faculty, staff, and students in the Department of Population Health Sciences engage in a wide variety of world-class epidemiological and health services research projects. The interdisciplinary focus allows students the flexibility to work with a wide array of research/faculty on campus.

The department offers two graduate degree programs: an MS and a PhD in epidemiology and an MS and PhD in population health. While the program is based on a sequence of core courses, students, in consultation with their major professor, have some flexibility to design advanced study and research that best prepares them for their chosen area of interest.

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Students admitted to our degree programs are automatically considered for any available scholarships, traineeships, or graduate assistant positions in the department. The most common forms of funding support for our students are assistantships, traineeships, and fellowships.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 39 credits |
| Minimum Graduate Coursework Requirement | 51 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | Students must maintain a cumulative GPA of at least 3.25 in all graduate work (including transfer credits) unless conditions for probationary status require higher grades. Students must also maintain a cumulative GPA of 3.25 or better in all coursework completed while enrolled in the graduate program. No grade of BC or lower in required courses will be accepted for the degree. |
| Other Grade Requirements | Students may maintain no more than 6 credits of Incomplete (I) grades during any semester. |

| | |
|---|---|
| Assessments and Examinations | Full-time students have up until the end of their third year to pass the Qualifying Exam and their first sitting must occur no later than the end of their second year. Part-time students are expected to pass the exam before the end of their fourth year (regardless of whether the student is continuously enrolled) and their first sitting must occur no later than the end of their third year. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/). |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| POP HLTH/B M I 551 | Introduction to Biostatistics for Population Health | 4 |
| POP HLTH/ B M I 552 | Regression Methods for Population Health | 4 |
| POP HLTH/B M I 651 | Advanced Regression Methods for Population Health | 3 |
| POP HLTH/B M I 661 | Causal Inference, Surveys and Missing Data for Population Health | 3 |
| POP HLTH/ SOC 797 | Introduction to Epidemiology | 3 |
| POP HLTH 798 | Epidemiologic Methods | 3 |
| POP HLTH 805 | Advanced Epidemiology: Causal Inference in Epidemiological Studies | 3 |
| POP HLTH 806 | Advanced Epidemiology: Practice of Epidemiology | 2 |
| *Seminar* | | |
| PhD students must complete the following course twice: | | 2 |
| POP HLTH 820 | Graduate Research Seminar | |
| *Independent Reading* | | |
| In consultation with advisor, students may complete up to 6 credits of the following course: | | 0-6 |
| POP HLTH 699 | Independent Reading | |
| *Research* | | |
| In consultation with advisor, students may complete up to 11 credits of the following course to satisfy requirements: | | 0-11 |
| POP HLTH 990 | Research | |
| **Responsible Conduct of Research** | | |
| Select a minimum of 1 credit of course work in "the responsible conduct of research" | | 1 |
| B M I 738 | Ethics for Data Scientists | |
| MED HIST 545 | Ethical and Regulatory Issues in Clinical Investigation (Offered in Fall. MED HIST 545 does not fulfill all the NIH requirements for training in the responsible conduct of research for certain T and F awards.) | |
| MED HIST 950 | Responsible Conduct of Research | |
| NURSING 802 | Ethics and the Responsible Conduct of Research (Offered in Spring) | |
| PATH-BIO/ COMP BIO 812 | Research Ethics and Career Development | |
| OBS&GYN 955 | Responsible Conduct of Research for Biomedical Graduate Students (Offered in Fall) | |
| MED PHYS 701 | Ethics and the responsible conduct of research and practice of Medical Physics | |
| PATH 755 | Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency | |
| Other courses may be substituted as approved by the advisor and the Director of Graduate Studies. | | |
| **Epidemiology Specialization** | | |
| PhD students must complete at least 4 courses of specialization work from the following: | | 7-9 |
| POP HLTH 650 | Special Topics (Special Topics: Epidemiology of Aging) | |
| POP HLTH 750 | Cancer Epidemiology | |
| POP HLTH/ KINES 791 | Physical Activity Epidemiology | |
| POP HLTH 801 | Epidemiology of Infectious Diseases | |
| POP HLTH 810 | Epidemiology and Global One Health | |
| POP HLTH 847 | Cardiovascular Epidemiology | |
| POP HLTH/ AN SCI/ GENETICS 849 | Genomic Epidemiology | |
| **Breadth Requirement** | | **9** |
| **Total Credits** | | **51** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer a maximum of 12 credits of graduate coursework taken from other institutions as a graduate student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from another institution or UW–Madison undergraduate degree are allowed to transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 12 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. However, these credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## PROBATION

A student not meeting guidelines for satisfactory progress will be placed on probation for one semester and will be reviewed by the Steering Committee following the probationary semester. Students may be dropped or allowed to continue by the committee based on review of progress during the probationary semester.

## ADVISOR / COMMITTEE

Students must meet with their advisor at least once each semester for academic advising.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (https://intranet.med.wisc.edu/).

**Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (https://research.wisc.edu/kb-article/?id=84924).

**Requirements for Programs**

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
    b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor or program director will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
    e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

**Time Limits**

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

# PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Articulate research problems, potentials, and limits with respect to theory, knowledge, and practice of Epidemiology based on understanding of its methodological, biostatistical, and biologic foundations.

2. Assemble, evaluate and synthesize evidence from literature and data sources to formulate ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge about causes, distribution, and prognosis of diseases and other factors related to health.
3. Demonstrate breadth and depth of knowledge of Epidemiology in a specific substantive area, such as, but not limited to, infectious diseases, genetics, sleep, chronic diseases, environmental, and social epidemiology.
4. Create research that makes a substantive contribution to the knowledge base of Epidemiology.
5. Develop mastery of scholarship in Epidemiology relevant to generate knowledge useful to inform research needs and public health and patient care policies
6. Communicate complex ideas both in writing and orally in a clear and understandable manner.
7. Recognize and apply principles of ethical and professional conduct in their scholarship.

# POPULATION HEALTH, DOCTORAL MINOR

Many, if not all, research endeavors have implications for health. The doctoral minor in population health provides the methodological foundations for understanding how health is evaluated, how to assess influences on health and how to critically evaluate health related research. In addition, students completing the minor enhance their general understanding of research design and statistical interpretation.

The coursework encompasses the methodological cornerstones of population health and clinical research: epidemiology, health services research, and biostatistics. The electives allow students to emphasize epidemiology or health services research.

## ADMISSIONS

# ADMISSIONS

## APPLICATIONS

Students must receive approval to pursue the doctoral minor. Students must send their request to the Population Health Sciences graduate program manager. The request should include a plan of study with the sequence of courses a student plans to complete with course completion dates.

A student's plan will be approved via email. Students must email the graduate program manager to request a warrant signature.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

## PREREQUISITES

A one-semester course in biostatistics (such as POP HLTH/B M I 551, B M I/STAT 541 or STAT/F&W ECOL 571) is required or can be taken simultaneously (prior to B M I/POP HLTH 552) with coursework for the doctoral minor.

## REQUIREMENTS

# REQUIREMENTS

| Code | Title | Credits |
|---|---|---|
| **Required Courses** | | |
| Students must complete the following courses. | | |
| POP HLTH 752 | Principles of Population Health: Determinants of Health and Health Disparities | 2 |
| POP HLTH/ SOC 797 | Introduction to Epidemiology | 3 |
| POP HLTH 796 | Introduction to Health Services Research | 3 |
| or POP HLTH 798 | Epidemiologic Methods | |
| **Elective(s)** | | **2-3** |
| Students are strongly encouraged to take one of the following as an elective. However, other POP HLTH courses can be considered: | | |
| POP HLTH/ B M I 552 | Regression Methods for Population Health | |
| POP HLTH/ B M I 651 | Advanced Regression Methods for Population Health | |
| **Total Credits** | | **10** |

## SAMPLE PLAN OF STUDY

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| POP HLTH 752 | 2 | POP HLTH 796 or 798 | 3 |
| POP HLTH/SOC 797 | 3 | POP HLTH Elective | 2 |
| | **5** | | **5** |

**Total Credits 10**

## COURSE SUBSTITUTION APPEALS

Course substitutions for doctoral minor requirements must be submitted to the program. An appeal must include a proposed minor program plan approved and signed by the graduate program director. Contact the graduate program manager for information.

# POPULATION HEALTH, MS

The Department of Population Health Sciences, part of the School of Medicine and Public Health, strives to provide leadership in the emerging, integrative field of population health. Its mission is to create, integrate, disseminate, and apply knowledge promoting the most efficient, equitable, and effective possible use of resources to maintain and improve the health of populations.

The department offers two graduate degree programs: an MS and a PhD in population health and an MS and PhD in epidemiology. The MS and PhD in Population Health can be taken with either a named option in Epidemiology (p. 1727) or a named option in Population Health (p. 1731).

The research-oriented degree programs are designed to provide rigorous, interdisciplinary training to develop students' abilities to synthesize knowledge and skills needed to address today's health-related problems. Methodological and analytical training is grounded in biostatistics, epidemiology, and health services research, but also emphasizes methods employed in the social sciences and econometrics that contribute to the study of health in populations. While the program is based on a sequence of core courses, students, in consultation with their major professor, have the flexibility to design advanced study and research that best prepares them for their chosen area of interest.

Individuals choose this program because of its innovative approach, strong research focus, and personal attention to students. It is an ideal option for those considering a broad array of fields including epidemiology, public health, health policy, health economics, health services research, environmental health, industrial engineering, demography, and more. UW–Madison ranks as one of the most prolific research universities in the world, consistently placing in the top five among American public universities for research expenditures. The program's interdisciplinary focus allows students the flexibility to work with a wide array of research/faculty on campus. For instance, program faculty include members from a number of other departments, such as business, family medicine, industrial engineering, law, medical history and bioethics, medicine, nursing, ophthalmology, public affairs, sociology, and veterinary medicine. The multidisciplinary faculty coupled with the diverse backgrounds of the students provides a rich and stimulating training environment.

Faculty, staff, and students in the Department of Population Health Sciences engage in a wide variety of world-class epidemiological and health services research projects to understand determinants of health and health problems in populations, analyze public and clinical health policies, and improve the effectiveness and efficiency of healthcare. Research topics may include (but are not limited to) chronic, infectious, and environmental disease epidemiology; public health; studies of medical outcomes; health economics; maternal and childhood health; the determinants and measurement of population health status; and health administration and policy. These multidisciplinary research programs may include (but are not limited to) the study of the effects and interactions of genetic traits; biologic and metabolic processes; pathogens; pollutants; lifestyles; behaviors; economic social and physical environments; and public health and health care systems on the health of populations. Methods employed involve developing and maintaining long-term cohort studies, disease registries, population surveys, and retrospective analyses of large observational databases. Researchers in the department also work to advance methodology in health economics, population health evaluation, and statistical analyses.

For more information, see the graduate program Academic Guide (https://pophealth.wisc.edu/degree-programs/academic-guide/).

## ADMISSIONS

# ADMISSIONS

Students apply to the Master of Science in Population Health through one of the named options:

- Epidemiology (p. 1727)
- Population Health (p. 1731)

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Students admitted to our degree programs are automatically considered for any available scholarships, traineeships, or graduate assistant positions in the department. The most common forms of funding support for our students are assistantships, traineeships, and fellowships.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 18 credits |
| Minimum Graduate Coursework Requirement | 30 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | Students must maintain a cumulative GPA of at least 3.25 in all graduate work (including transfer credits) unless conditions for probationary status require higher grades. Students must also maintain a cumulative GPA of 3.25 or better in all coursework completed while enrolled in the population health graduate program. No grade of BC or lower in epidemiology required courses will be accepted for the degree. |
| Other Grade Requirements | Maintain no more than 6 credits of Incomplete (I) grades during any semester. |
| Assessments and Examinations | No formal examination required. |
| Language Requirements | No language requirements. |

### REQUIRED COURSES

Select a Named Option (p. 1727) for courses required.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Population Health must select one of the following named options:

View as listView as grid

- **POPULATION HEALTH: EPIDEMIOLOGY, MS (P. 1727)**
- **POPULATION HEALTH: POPULATION HEALTH, MS (P. 1731)**

## POLICIES

## POLICIES

Students should refer to one of the named options for policy information:

- Epidemiology (p. 1727)
- Population Health (p. 1731)

## PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Articulate, critique, and elaborate the health services, health assessment, microeconomic, biostatistical, and epidemiologic foundations of Population Health research and practice.
2. Identify literature and data sources, assemble, evaluate and synthesize evidence through critical review and data analysis pertaining to questions and challenges in Population Health.
3. Demonstrate understanding of Population Health in its subject matter, historical and social context.
4. Select and utilize the most appropriate study designs and statistical methods for answering questions in Population Health.
5. Communicate clearly both in writing and orally in ways appropriate to Population Health.
6. Advance contributions to society of the methods and knowledge base of Population Health and Health Services Research.
7. Recognize and apply principles of ethical professional conduct in their scholarship.

# POPULATION HEALTH: EPIDEMIOLOGY, MS

This is a named option in the Population Health MS. (p. 1725)

## ADMISSIONS

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not Required |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applicants with diverse academic backgrounds are welcomed to apply. Those with strong academic preparation in the biological/medical sciences, quantitative analysis, and/or population health related social sciences are strongly encouraged to apply. Historically, many applicants who have succeeded in our program have come to the program with backgrounds in fields as diverse as microbiology, genetics, nutritional sciences, medicine, nursing, pharmacy, veterinary medicine, environmental sciences, political sciences, business, sociology, education, engineering, psychology, and economics.

Applicants are admitted to start in the fall semester of each school year. Applications are due by the fall deadline. Late applications are not accepted.

### APPLICATION MATERIALS

Minimum requirements are:

1. Applicants must fulfill all Graduate School requirements.
2. Applicants must have an undergraduate degree with a grade point average of 3.0 (on a 4.0 scale). Successful applicants generally have GPAs well above 3.0.

3. International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (https://grad.wisc.edu/apply/requirements/).
4. At least one semester of advanced quantitative preparation (calculus is **strongly** preferred) with a grade of B or better.
5. A personal statement is required.
6. Three letters of recommendation are to be submitted electronically.

## PROGRAM INFORMATION

Admitted applicants are matched with a faculty advisor. Faculty advisors help hone interests, assist with identifying research projects, provide support for career development, and link admitted applicants to the greater campus community. Admitted applicants have the benefit of regular dialogues with faculty members. Seminars and integrated discussion groups allow for increased interaction with core faculty and community lecturers. Finally, the work of admitted applicants is valued as evidenced by their entries in the annual department poster session, participation in public health symposia, authorship of publications, and involvement in community/research projects.

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 18 credits |
| Minimum Graduate Coursework Requirement | 30 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | Students must maintain a cumulative GPA of at least 3.25 in all graduate work (including transfer credits) unless conditions for probationary status require higher grades. Students must also maintain a cumulative GPA of 3.25 or better in all coursework completed while enrolled in the graduate program. No grade of BC or lower in required courses will be accepted for the degree. |
| Other Grade Requirements | Students may maintain no more than 6 credits of Incomplete (I) grades during any semester. |
| Assessments and Examinations | No formal examination required. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **General Core** | | |
| POP HLTH/B M I 551 | Introduction to Biostatistics for Population Health | 4 |
| POP HLTH/ B M I 552 | Regression Methods for Population Health | 4 |
| POP HLTH 752 | Principles of Population Health: Determinants of Health and Health Disparities | 2 |
| POP HLTH 753 | Principles of Population Health: Population Health and Healthcare Systems | 2 |
| POP HLTH/ SOC 797 | Introduction to Epidemiology | 3 |
| POP HLTH 798 | Epidemiologic Methods | 3 |

| | | |
|---|---|---|
| POP HLTH 805 | Advanced Epidemiology: Causal Inference in Epidemiological Studies | 3 |
| or POP HLTH 806 | Advanced Epidemiology: Practice of Epidemiology | |
| POP HLTH 820 | Graduate Research Seminar | 1 |
| **Responsible Conduct of Research** | | |
| Complete a minimum of 1 credit from the "Responsible Conduct of Research Courses" list below. Course(s) not listed must be approved by advisor or Graduate Program Chair. | | 1 |
| **Electives** [1] | | |
| Complete two courses from approved "Epidemiology Electives" list below. | | 3-5 |
| **Research** | | |
| Complete research credits or elective(s) approved by advisor or Graduate Program Chair to reach 30 credits. | | 2-4 |
| POP HLTH 699 | Independent Reading | |
| POP HLTH 990 | Research | |
| **Total Credits** | | **30** |

[1] Students may apply up to 5 credits of POP HLTH 990 Research toward the electives requirement, though they may enroll in more than 5. In addition, students may apply up to 3 credits of POP HLTH 699 Independent Reading toward the electives requirement, though they may enroll in more than 3.

### Responsible Conduct of Research Courses

| Code | Title | Credits |
|---|---|---|
| B M I 738 | Ethics for Data Scientists | 1 |
| MED HIST 545 | Ethical and Regulatory Issues in Clinical Investigation (Offered in Fall. Med Hist 545 does not fulfill all the NIH requirements for training in the responsible conduct of research for certain T and F awards.) | 1 |
| MED HIST 950 | Responsible Conduct of Research | 1-2 |
| NURSING 802 | Ethics and the Responsible Conduct of Research (Offered in Spring) | 1 |
| PATH-BIO/ COMP BIO 812 | Research Ethics and Career Development | 2 |
| OBS&GYN 955 | Responsible Conduct of Research for Biomedical Graduate Students (Offered in Fall) | 2 |
| MED PHYS 701 | Ethics and the responsible conduct of research and practice of Medical Physics | 1 |
| PATH 755 | Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency | 2 |

### Epidemiology Electives

| Code | Title | Credits |
|---|---|---|
| POP HLTH 650 | Special Topics (Topic: Epidemiology of Aging) | 1 |
| POP HLTH 750 | Cancer Epidemiology | 2 |
| POP HLTH/ KINES 791 | Physical Activity Epidemiology | 3 |
| POP HLTH 801 | Epidemiology of Infectious Diseases | 2 |
| POP HLTH 805 | Advanced Epidemiology: Causal Inference in Epidemiological Studies | 3 |
| POP HLTH 806 | Advanced Epidemiology: Practice of Epidemiology | 2 |
| POP HLTH 810 | Epidemiology and Global One Health | 2 |
| POP HLTH 847 | Cardiovascular Epidemiology | 2 |
| POP HLTH/AN SCI/ GENETICS 849 | Genomic Epidemiology | 2 |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students may transfer a maximum of 12 credits of graduate coursework taken from other institutions as a graduate student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from other institutions or UW–Madison may transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students may transfer a maximum of 12 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. However, these credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

A student not meeting guidelines for satisfactory progress will be placed on probation for one semester and will be reviewed by the steering committee following the probationary semester. Students may be dropped or allowed to continue by the committee based on review of progress during the probationary semester.

## ADVISOR / COMMITTEE

Students must meet with their advisor at least once each semester for academic advising.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Thesis required. Approval of a written proposal for thesis research is required before beginning thesis. MS candidates must submit master's thesis to advisor within two years of completing all coursework.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (https://intranet.med.wisc.edu/).

**Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (https://research.wisc.edu/kb-article/?id=84924).

**Requirements for Programs**

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the

date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.

5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
    b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor or program director will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
    e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

**Time Limits**

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

n/a

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# POPULATION HEALTH: POPULATION HEALTH, MS

This is a named option within the Population Health MS. (p. 1725)

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |

| | |
|---|---|
| GRE (Graduate Record Examinations) | Not Required |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applicants with diverse academic backgrounds are welcomed to apply. Those with strong academic preparation in the biological/medical sciences, quantitative analysis, and/or population health related social sciences are strongly encouraged to apply. Historically, many applicants who have succeeded in our program have come to the program with backgrounds in fields as diverse as microbiology, genetics, nutritional sciences, medicine, nursing, pharmacy, veterinary medicine, environmental sciences, political sciences, business, sociology, education, engineering, psychology, and economics.

Applicants are admitted to the fall semester of each school year. Applications are due by the fall deadline. Late applications are not accepted.

## APPLICATION MATERIALS

Minimum requirements are:

1. Applicants must fulfill all Graduate School requirements.
2. Applicants must have an undergraduate degree with a grade point average of 3.0 (on a 4.0 scale). Successful applicants generally have GPAs well above 3.0.
3. International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (https://grad.wisc.edu/apply/requirements/).
4. At least one semester of advanced quantitative preparation (calculus is **strongly** preferred) with a grade of B or better.
5. A personal statement is required.
6. Three letters of recommendation are to be submitted electronically.

## PROGRAM INFORMATION

Admitted applicants are matched with a faculty advisor. Faculty advisors help hone interests, assist with identifying research projects, provide support for career development, and link admitted applicants to the greater campus community. Admitted applicants have the benefit of regular dialogues with faculty members. Seminars and integrated discussion groups allow for increased interaction with core faculty and community lecturers. Finally, the work of admitted applicants is valued as evidenced by their entries in the annual department poster session, participation in public health symposia, authorship of publications, and involvement in community/research projects.

# FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 18 credits |

| | |
|---|---|
| Minimum Graduate Coursework Requirement | 30 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | Students must maintain a cumulative GPA of at least 3.25 in all graduate work (including transfer credits) unless conditions for probationary status require higher grades. Students must also maintain a cumulative GPA of 3.25 or better in all coursework completed while enrolled in the graduate program. No grade of BC or lower in required courses will be accepted for the degree. |
| Other Grade Requirements | Students may maintain no more than 6 credits of Incomplete (I) grades during any semester. |
| Assessments and Examinations | No formal examination required. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **General Core** | | |
| POP HLTH/B M I 551 | Introduction to Biostatistics for Population Health | 4 |
| POP HLTH/ B M I 552 | Regression Methods for Population Health | 4 |
| POP HLTH 752 | Principles of Population Health: Determinants of Health and Health Disparities | 2 |
| POP HLTH 753 | Principles of Population Health: Population Health and Healthcare Systems | 2 |
| POP HLTH/ SOC 797 | Introduction to Epidemiology | 3 |
| POP HLTH 820 | Graduate Research Seminar | 1 |
| **Methods Core** | | |
| Complete one of following options: | | 6 |
| *Option 1* | | |
| POP HLTH 796 | Introduction to Health Services Research | |
| or POP HLTH 798 | Epidemiologic Methods | |
| Course from "Methods Core Courses" list below. | | |
| *Option 2* | | |
| POP HLTH 796 | Introduction to Health Services Research | |
| POP HLTH 798 | Epidemiologic Methods | |
| **Responsible Conduct of Research** | | |
| Complete a minimum of 1 credit from the "Responsible Conduct of Research Courses" list below. | | 1 |
| **Electives** | | **7** |
| POP HLTH 699 | Independent Reading [1] | |
| POP HLTH 990 | Research [2] | |
| Other courses in consultation with advisor. | | |
| **Total Credits** | | **30** |

[1] Students may apply up to 3 credits of POP HLTH 699 Independent Reading toward the electives requirement, though they may enroll in more than 3.

[2] Students may apply up to 5 credits of POP HLTH 990 Research toward the electives requirement, though they may enroll in more than 5.

### Methods Core Courses

| OBS&GYN 955 | Responsible Conduct of Research for Biomedical Graduate Students (Offered in Fall) | 2 |
| MED PHYS 701 | Ethics and the responsible conduct of research and practice of Medical Physics | 1 |
| PATH 755 | Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency | 2 |

Other courses may be substituted as approved by the advisor and director of grad studies

POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students may transfer a maximum of 12 credits of graduate coursework taken from other institutions as a graduate student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from other institutions or UW–Madison may transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students may transfer a maximum of 12 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. However, these credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

A student not meeting guidelines for satisfactory progress will be placed on probation for one semester and will be reviewed by the steering committee following the probationary semester. Students may be dropped or allowed to continue by the committee based on review of progress during the probationary semester.

## ADVISOR / COMMITTEE

Students must meet with their advisor once each semester for academic advising.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Thesis is required. Approval of a written proposal for thesis research is required before beginning thesis. MS candidates must submit master's thesis to advisor within two years of completing all coursework.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (https://intranet.med.wisc.edu/).

**Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (https://research.wisc.edu/kb-article/?id=84924).

**Requirements for Programs**

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
    b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor or program director will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
    e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.

7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

**Time Limits**

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# POPULATION HEALTH, PHD

The Population Health, PhD program is a member of the **Interdisciplinary Biological and Health Sciences Consortium (IBHSC)**. The consortium fosters a collaborative environment for research and study in the biological and health sciences. Click here for more information on the IBHSC. (https://www.med.wisc.edu/education/graduate-programs/biological-health-sciences-consortium/)

The Department of Population Health Sciences, part of the School of Medicine and Public Health, strives to provide leadership in the emerging, integrative field of population health. Its mission is to create, integrate, disseminate, and apply knowledge promoting the most efficient, equitable, and effective possible use of resources to maintain and improve the health of populations.

The department offers two graduate degree programs: an MS and PhD in population health and an MS and PhD in epidemiology. The MS and PhD in Population Health can be taken with either a named option in Epidemiology (p. 1738) or a named option in Population Health (p. 1742).

The research-oriented degree programs are designed to provide rigorous, interdisciplinary training to develop students' abilities to synthesize knowledge and skills needed to address today's health-related problems. Methodological and analytical training is grounded in biostatistics, epidemiology, and health services research, but also emphasizes methods employed in the social sciences and econometrics that contribute to the study of health in populations. While the program is based on a sequence of core courses, students, in consultation with their major professor, have the flexibility to design advanced study and research that best prepares them for their chosen area of interest.

Individuals choose this program because of its innovative approach, strong research focus, and personal attention to students. It is an ideal option for those considering a broad array of fields including epidemiology, public health, health policy, health economics, health services research, environmental health, industrial engineering, demography, and more. UW–Madison ranks as one of the most prolific research universities in the world, consistently placing in the top five among American public universities for research expenditures. The program's interdisciplinary focus allows students the flexibility to work with a wide array of research/faculty on campus. For instance, program faculty include members from a number of other departments such as business, family medicine, industrial engineering, law, medical history and bioethics, medicine, nursing, ophthalmology, public affairs, sociology, and veterinary medicine. The multidisciplinary faculty coupled with the diverse backgrounds of the students provides a rich and stimulating training environment.

Faculty, staff, and students in the Department of Population Health Sciences engage in a wide variety of world-class epidemiological and health services research projects to understand determinants of health and health problems in populations, analyze public and clinical health policies, and improve the effectiveness and efficiency of healthcare. Research topics may include (but are not limited to) chronic, infectious, and environmental disease epidemiology; public health; studies of medical outcomes; health economics; maternal and childhood health; the determinants and measurement of population health status; and health administration and policy. These multidisciplinary research programs may include (but are not limited to) the study of the effects and interactions of genetic traits; biologic and metabolic processes; pathogens; pollutants; lifestyles; behaviors; economic social and physical environments; and public health and health care systems on the health of populations. Methods employed involve developing and maintaining long-term cohort studies, disease registries, population surveys, and retrospective analyses of large observational databases. Researchers in the department also work to advance methodology in health economics, population health evaluation, and statistical analyses.

For more information, see the graduate program Academic Guide (https://pophealth.wisc.edu/degree-programs/academic-guide/).

## ADMISSIONS

# ADMISSIONS

Students apply to the PhD in Population Health through one of the named options:

- Epidemiology (p. 1727)
- Population Health (p. 1742)

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Students admitted to our degree programs are automatically considered for any available scholarships, traineeships, or graduate assistant positions in the department. The most common forms of funding support for our students are assistantships, traineeships, and fellowships.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

### CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 39 credits |
| Minimum Graduate Coursework Requirement | 51 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | Students must maintain a cumulative GPA of at least 3.25 in all graduate work (including transfer credits) unless conditions for probationary status require higher grades. Students must also maintain a cumulative GPA of 3.25 or better in all coursework completed while enrolled in the population health graduate program. No grade of BC or lower in epidemiology required courses will be accepted for the degree. |
| Other Grade Requirements | See Named Options for policy information. |
| Assessments and Examinations | Full-time students have up until the end of their third year to pass the qualifying exam and their first sitting must occur no later than the end of their second year. Part-time students are expected to pass the exam before the end of their fourth year (regardless of whether the student is continuously enrolled) and their first sitting must occur no later than the end of their third year. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirements | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/). |

### REQUIRED COURSES

Select a Named Option (p. 1737) for courses required.

# NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the PhD in Population Health must select one of the following named options:

View as listView as grid

- **POPULATION HEALTH: EPIDEMIOLOGY, PHD (P. 1738)**
- **POPULATION HEALTH: POPULATION HEALTH, PHD (P. 1742)**

## POLICIES

# POLICIES

Students should refer to one of the named options for policy information:

- Epidemiology (p. 1727)
- Population Health (p. 1742)

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulate research problems, potentials, and limits with respect to theory, knowledge, and practice of Population Health, based on understanding of its health services, health assessment, microeconomic, biostatistical and epidemiologic foundations.
2. Assemble, evaluate and synthesize evidence from literature and data sources to formulate ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within Population Health.
3. Demonstrate breadth of knowledge of Population Health in its subject matter, historical and social context.
4. Create research that makes a substantive contribution to the knowledge base of Population Health.
5. Develop mastery of scholarship in Population Health relevant to academia, for-profit and non-profit organization and/or government.
6. Communicate complex ideas both in writing and orally in a clear and understandable manner.
7. Recognize and apply principles of ethical professional conduct in their scholarship.

# POPULATION HEALTH: EPIDEMIOLOGY, PHD

This is a named option within the Population Health PhD. (p. 1736)

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not Required |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applicants with diverse academic backgrounds are welcomed to apply. Those with strong academic preparation in the biological/medical sciences, quantitative analysis, and/or population health related social sciences are strongly encouraged to apply. Historically, many applicants who have succeeded in our program have come to the program with backgrounds in fields as diverse as microbiology, genetics, nutritional sciences, medicine, nursing, pharmacy, veterinary medicine, environmental sciences, political sciences, business, sociology, education, engineering, psychology, and economics.

Applicants are admitted to start in the fall semester of each school year. Applications are due by the fall deadline. Late applications are not accepted.

### APPLICATION MATERIALS

Minimum requirements are:

1. Applicants must fulfill all Graduate School requirements.
2. Applicants must have an undergraduate degree with a grade point average of 3.0 (on a 4.0 scale). Successful applicants generally have GPAs well above 3.0.
3. International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (https://grad.wisc.edu/apply/requirements/)
4. At least one semester of advanced quantitative preparation (calculus is **strongly** preferred) with a grade of "B" or better.
5. A personal statement is required.
6. Three letters of recommendation are to be submitted electronically.

### PROGRAM INFORMATION

Admitted applicants are matched with a faculty advisor. Faculty advisors help hone interests, assist with identifying research projects, provide support for career development, and link admitted applicants to the greater campus community. Admitted applicants have the benefit of regular dialogues with faculty members. Seminars and integrated discussion groups allow for increased interaction with core faculty and community lecturers. Finally, the work of admitted applicants is valued as evidenced by their entries in the annual department poster session, participation in public health symposia, authorship of publications, and involvement in community/research projects.

## FUNDING

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 39 credits |
| Minimum Graduate Coursework Requirement | 51 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | Students must maintain a cumulative GPA of at least 3.25 in all graduate work (including transfer credits) unless conditions for probationary status require higher grades. Students must also maintain a cumulative GPA of 3.25 or better in all coursework completed while enrolled in this graduate program. No grade of BC or lower in required courses will be accepted for the degree. |
| Other Grade Requirements | PhD candidates should maintain a 3.5 GPA in all core curriculum courses and may not have any more than two Incompletes on their academic record at any one time. Students may maintain no more than 6 credits of Incomplete (I) grades during any semester. |
| Assessments and Examinations | Full-time students have up until the end of their third year to pass the qualifying exam and their first sitting must occur no later than the end of their second year. Part-time students are expected to pass the exam before the end of their fourth year (regardless of whether the student is continuously enrolled) and their first sitting must occur no later than the end of their third year. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/). |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **General Core** | | |
| POP HLTH/B M I 551 | Introduction to Biostatistics for Population Health | 4 |
| POP HLTH/ B M I 552 | Regression Methods for Population Health | 4 |
| POP HLTH/B M I 651 | Advanced Regression Methods for Population Health | 3 |
| POP HLTH 752 | Principles of Population Health: Determinants of Health and Health Disparities | 2 |
| POP HLTH 753 | Principles of Population Health: Population Health and Healthcare Systems | 2 |
| POP HLTH 796 | Introduction to Health Services Research | 3 |
| POP HLTH/ SOC 797 | Introduction to Epidemiology | 3 |
| POP HLTH 798 | Epidemiologic Methods | 3 |
| POP HLTH 805 | Advanced Epidemiology: Causal Inference in Epidemiological Studies | 3 |
| POP HLTH 820 | Graduate Research Seminar [1] | 2 |
| POP HLTH 830 | Grant Writing for Population Health Sciences | 2 |
| Complete a minimum of 1 credit of course work in "the responsible conduct of research" | | 1 |
| Complete a biostatistics course in consultation with advisor and the Director of Graduate Studies. | | 3 |
| Complete at least three classes of approved epidemiology electives (see the list below). | | 5-8 |
| **Breadth** | | **9** |
| **Research** | | |
| Students must take at least 2 credits of research or independent study to reach the program minimum requirement, but are allowed to enroll in more. [2] | | 2 |
| POP HLTH 699 | Independent Reading | |
| POP HLTH 990 | Research | |
| **Total Credits** | | **51** |

[1] PhD students must take POP HLTH 820 Graduate Research Seminar twice.

[2] Students may count up to 11 credits of POP HLTH 990 Research and 6 credits of POP HLTH 699 Independent Reading toward program requirements.

### Responsible Conduct of Research Courses

| Code | Title | Credits |
|---|---|---|
| B M I 738 | Ethics for Data Scientists | 1 |
| MED HIST 545 | Ethical and Regulatory Issues in Clinical Investigation (Offered in Fall. Med Hist 545 does not fulfill all the NIH requirements for training in the responsible conduct of research for certain T and F awards.) | 1 |
| MED HIST 950 | Responsible Conduct of Research | 1-2 |
| NURSING 802 | Ethics and the Responsible Conduct of Research (Offered in Spring) | 1 |
| PATH-BIO/ COMP BIO 812 | Research Ethics and Career Development | 2 |

| | | |
|---|---|---|
| OBS&GYN 955 | Responsible Conduct of Research for Biomedical Graduate Students (Offered in Fall) | 2 |
| MED PHYS 701 | Ethics and the responsible conduct of research and practice of Medical Physics | 1 |
| PATH 755 | Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency | 2 |

Other courses may be substituted as approved by the advisor and the director of graduate studies.

### Epidemiology Electives

| Code | Title | Credits |
|---|---|---|
| POP HLTH 650 | Special Topics (Topic: Epidemiology of Aging) | 1 |
| POP HLTH 750 | Cancer Epidemiology | 2 |
| POP HLTH/ KINES 791 | Physical Activity Epidemiology | 3 |
| POP HLTH 801 | Epidemiology of Infectious Diseases | 2 |
| POP HLTH 806 | Advanced Epidemiology: Practice of Epidemiology | 2 |
| POP HLTH 810 | Epidemiology and Global One Health | 2 |
| POP HLTH 847 | Cardiovascular Epidemiology | 2 |
| POP HLTH/AN SCI/ GENETICS 849 | Genomic Epidemiology | 2 |

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students may transfer a maximum of 12 credits of graduate coursework taken from other institutions as a graduate student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from other institutions or UW–Madison may transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students may transfer no more than 12 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## PROBATION

A student not meeting guidelines for satisfactory progress will be placed on probation for one semester and will be reviewed by the steering committee following the probationary semester. Students may be dropped or allowed to continue by the committee based on review of progress during the probationary semester.

## ADVISOR / COMMITTEE

Students must meet with their advisor once each semester for academic advising.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Dissertation required. Doctoral students have a maximum of five years from the date of passing the preliminary examination to take the final oral examination and deposit the dissertation.

Doctoral degree students who have been absent for five or more consecutive years lose all degree requirements that they have earned before their absence.

  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)

- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (https://intranet.med.wisc.edu/).

### Exclusions

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (https://research.wisc.edu/kb-article/?id=84924).

### Requirements for Programs

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

### Procedures

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
    a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
    b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.
    c. The grievance advisor or program director will share the response with the student filing the grievance.
    d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.
6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.

b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.

7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

**Time Limits**

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

# ADMISSIONS

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not Required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applicants with diverse academic backgrounds are welcomed to apply. Those with strong academic preparation in the biological/medical sciences, quantitative analysis, and/or population health related social sciences are strongly encouraged to apply. Historically, many applicants who have succeeded in our program have come to the program with backgrounds in fields as diverse as microbiology, genetics, nutritional sciences, medicine, nursing, pharmacy, veterinary medicine, environmental sciences, political sciences, business, sociology, education, engineering, psychology, and economics.

Applicants are admitted to the fall semester of each school year. Applications are due by the fall deadline. Late applications are not accepted.

## APPLICATION MATERIALS

Minimum requirements are:

1. Applicants must fulfill all Graduate School requirements.
2. Applicants must have an undergraduate degree with a grade point average of 3.0 (on a 4.0 scale). Successful applicants generally have GPAs well above 3.0.
3. International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (https://grad.wisc.edu/apply/requirements/).
4. At least one semester of advanced quantitative preparation (calculus is **strongly** preferred) with a grade of "B" or better.

5. A personal statement is required.
6. Three letters of recommendation are to be submitted electronically.

## PROGRAM INFORMATION

Admitted applicants are matched with a faculty advisor. Faculty advisors help hone interests, assist with identifying research projects, provide support for career development, and link admitted applicants to the greater campus community. Admitted applicants have the benefit of regular dialogues with faculty members. Seminars and integrated discussion groups allow for increased interaction with core faculty and community lecturers. Finally, the work of admitted applicants is valued as evidenced by their entries in the annual department poster session, participation in public health symposia, authorship of publications, and involvement in community/research projects.

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 39 credits |
| Minimum Graduate Coursework Requirement | 51 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | Students must maintain a cumulative GPA of at least 3.25 in all graduate work (including transfer credits) unless conditions for probationary status require higher grades. Students must also maintain a cumulative GPA of 3.25 or better in all coursework completed while enrolled in the graduate program. No grade of BC or lower in required courses will be accepted for the degree. |
| Other Grade Requirements | Students may maintain no more than 6 credits of Incomplete (I) grades during any semester. |
| Assessments and Examinations | Full-time students have up until the end of their third year to pass the qualifying exam and their first sitting must occur no later than the end of their second year. Part-time students are expected to pass the exam before the end of their fourth year (regardless of whether the student is continuously enrolled) and their first sitting must occur no later than the end of their third year. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/). |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **General Core** | | |
| POP HLTH/B M I 551 | Introduction to Biostatistics for Population Health | 4 |
| POP HLTH/ B M I 552 | Regression Methods for Population Health | 4 |
| POP HLTH/B M I 651 | Advanced Regression Methods for Population Health | 3 |
| POP HLTH/B M I 661 | Causal Inference, Surveys and Missing Data for Population Health | 3 |
| POP HLTH 752 | Principles of Population Health: Determinants of Health and Health Disparities | 2 |
| POP HLTH 753 | Principles of Population Health: Population Health and Healthcare Systems | 2 |

| | | |
|---|---|---|
| POP HLTH 796 | Introduction to Health Services Research | 3 |
| POP HLTH/ SOC 797 | Introduction to Epidemiology | 3 |
| POP HLTH 798 | Epidemiologic Methods | 3 |
| POP HLTH 820 | Graduate Research Seminar | 1 |
| POP HLTH 830 | Grant Writing for Population Health Sciences | 2 |
| Complete a minimum of 1 credit of course work in "the responsible conduct of research" | | 1 |
| **Breadth** | | **9** |
| **Electives** [1] | | **11** |
| POP HLTH 699 | Independent Reading | |
| POP HLTH 990 | Research | |
| Other courses in consultation with advisor. | | |
| **Total Credits** | | **51** |

[1] Students may count up to 11 credits of POP HLTH 990 Research toward the electives requirement, though they may enroll in more than 11. In addition, students may count up to 6 credits of POP HLTH 699 Independent Reading toward the electives requirement, though they may enroll in more than 6.

### Responsible Conduct of Research Courses

| Code | Title | Credits |
|---|---|---|
| B M I 738 | Ethics for Data Scientists | 1 |
| MED HIST 545 | Ethical and Regulatory Issues in Clinical Investigation (Offered in Fall. MED HIST 545 does not fulfill all the NIH requirements for training in the responsible conduct of research for certain T and F awards.) | 1 |
| MED HIST 950 | Responsible Conduct of Research | 1-2 |
| NURSING 802 | Ethics and the Responsible Conduct of Research (Offered in Spring) | 1 |
| PATH-BIO/ COMP BIO 812 | Research Ethics and Career Development | 2 |
| OBS&GYN 955 | Responsible Conduct of Research for Biomedical Graduate Students (Offered in Fall) | 2 |
| MED PHYS 701 | Ethics and the responsible conduct of research and practice of Medical Physics | 1 |
| PATH 755 | Responsible Conduct in Research: Research Ethics, Rigor, Reproducibility and Transparency | 2 |
| Other courses may be substituted as approved by the advisor and director of grad studies | | |

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students may transfer a maximum of 12 credits of graduate coursework taken from other institutions as a graduate student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from other institutions or UW–Madison may transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students may transfer a maximum of 12 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## PROBATION

A student not meeting guidelines for satisfactory progress will be placed on probation for one semester and will be reviewed by the steering committee following the probationary semester. Students may be dropped or allowed to continue by the committee based on review of progress during the probationary semester.

## ADVISOR / COMMITTEE

Students must meet with their advisor once each semester for academic advising.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Dissertation is required. Doctoral students have a maximum of five years from the date of passing the preliminary examination to take the final oral examination and deposit the dissertation.

Doctoral degree students who have been absent for five or more consecutive years lose all degree requirements that they have earned before their absence.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)

- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## Grievance Policy for Graduate Programs in the School of Medicine and Public Health

Any student in a School of Medicine and Public Health graduate program who feels that they have been treated unfairly in regards to educational decisions and/or outcomes or issues specific to the graduate program, including academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards by a faculty member, staff member, postdoc, or student has the right to complain about the treatment and to receive a prompt hearing of the grievance following these grievance procedures. Any student who discusses, inquiries about, or participates in the grievance procedure may do so openly and shall not be subject to intimidation, discipline, or retaliation because of such activity. Each program's grievance advisor is listed on the "Research" tab of the SMPH intranet (https://intranet.med.wisc.edu/).

**Exclusions**

This policy does not apply to employment-related issues for Graduate Assistants in TA, PA and/or RA appointments. Graduate Assistants will utilize the Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/) (GAPP) grievance process to resolve employment-related issues.

This policy does not apply to instances when a graduate student wishes to report research misconduct. For such reports refer to the UW-Madison Policy for Reporting Research Misconduct for Graduate Students and Postdoctoral Research Associates (https://research.wisc.edu/kb-article/?id=84924).

**Requirements for Programs**

The School of Medicine and Public Health Office of Basic Research, Biotechnology and Graduate Studies requires that each graduate program designate a grievance advisor, who should be a tenured faculty member, and will request the name of the grievance advisor annually. The program director will serve as the alternate grievance advisor in the event that the grievance advisor is named in the grievance. The program must notify students of the grievance advisor, including posting the grievance advisor's name on the program's Guide page and handbook.

The grievance advisor or program director may be approached for possible grievances of all types. They will spearhead the grievance response process described below for issues specific to the graduate program, including but not limited to academic standing, progress to degree, professional activities, appropriate advising, and a program's community standards. They will ensure students are advised on reporting procedures for other types of possible grievances and are supported throughout the reporting process. Resources (https://grad.wisc.edu/current-students/#reporting-incidents) on identifying and reporting other issues have been compiled by the Graduate School.

**Procedures**

1. The student is advised to initiate a written record containing dates, times, persons, and description of activities, and to update this record while completing the procedures described below.
2. If the student is comfortable doing so, efforts should be made to resolve complaints informally between individuals before pursuing a formal grievance.
3. Should a satisfactory resolution not be achieved, the student should contact the program's grievance advisor or program director to discuss the complaint. The student may approach the grievance advisor or program director alone or with a UW-Madison faculty or staff member. The grievance advisor or program director should keep a record of contacts with regards to possible grievances. The first attempt is to help the student informally address the complaint prior to pursuing a formal grievance. The student is also encouraged to talk with their faculty advisor regarding concerns or difficulties.
4. If the issue is not resolved to the student's satisfaction, the student may submit a formal grievance to the grievance advisor or program director in writing, within 60 calendar days from the date the grievant first became aware of, or should have become aware of with the exercise of reasonable diligence, the cause of the grievance. To the fullest extent possible, a grievance shall contain a clear and concise statement of the grievance and indicate the issue(s) involved, the relief sought, the date(s) the incident or violation took place, and any specific policy involved.
5. On receipt of a written grievance, the following steps will occur. The final step must be completed within 30 business days from the date the grievance was received. The program must store documentation of the grievance for seven years. Significant grievances that set a precedent may be stored indefinitely.
   a. The grievance advisor or program director will convene a faculty committee composed of at least three members to manage the grievance. Any faculty member involved in the grievance or who feels that they cannot be impartial may not participate in the committee. Committee composition should reflect diverse viewpoints within the program.
   b. The faculty committee, through the grievance advisor or program director, will obtain a written response from the person or persons toward whom the grievance is

directed. The grievance advisor or program director will inform this person that their response will be shared with the student filing the grievance.

c. The grievance advisor or program director will share the response with the student filing the grievance.

d. The faculty committee will make a decision regarding the grievance. The committee's review shall be fair, impartial, and timely. The grievance advisor or program director will report on the action taken by the committee in writing to both the student and the person toward whom the grievance was directed.

6. If either party (the student or the person or persons toward whom the grievance is directed) is unsatisfied with the decision of the program's faculty committee, the party may file a written appeal to the SMPH senior associate dean for basic research, biotechnology and graduate studies within 10 business days from the date of notification of the program's faculty committee. The following steps will occur:
    a. The grievant will be notified in writing, within 5 business days of the written appeal, acknowledging receipt of the formal appeal and establishing a timeline for the review to be completed.
    b. The senior associate dean or their designee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the senior associate dean or their designee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    c. The senior associate dean or their designee will assemble an ad hoc committee of faculty from outside of the student's graduate program and ask them to prepare a written recommendation on whether to uphold or reverse the decision of the program on the student's initial grievance. The committee may request additional materials and/or arrange meetings with the grievant and/or others. If meetings occur, the committee will meet with both the grievant and the person or persons toward whom the grievance is directed.
    d. The senior associate dean or their designee will make a final decision within 20 business days of receipt of the committee's recommendation.
    e. The SMPH Office of Basic Research, Biotechnology, and Graduate Studies must store documentation of the grievance for seven years. Grievances that set a precedent may be stored indefinitely.
7. The student may file an appeal of the School of Medicine and Public Health decision with the Graduate School. See the Grievances and Appeals section of the Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/documents/grievances-and-appeals/).

**Time Limits**

Steps in the grievance procedures must be initiated and completed within the designated time periods except when modified by mutual consent. If the student fails to initiate the next step in the grievance procedure within the designated time period, the grievance will be considered resolved by the decision at the last completed step.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# PSYCHOLOGY

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Psychology, Doctoral Minor (p. 1746)
- Psychology, MS (p. 1747)
- Psychology, PhD (p. 1754)

# PSYCHOLOGY, DOCTORAL MINOR

The Department of Psychology offers broad training aimed at better understanding human behavior, both typical and atypical. At the graduate level, the department provides training in five key areas in the field of psychological science: biological, clinical, cognitive, developmental, and social and personality. The primary goal is to develop critical thinking as it relates to interpretation of experimental observations. This includes an emphasis on quantitative tools used to analyze experimental data.

## ADMISSIONS

# ADMISSIONS

Please contact the graduate program coordinator at gradinfo@psych.wisc.edu or 608-262-2079.

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

REQUIREMENTS

## REQUIREMENTS

Students must complete 9 credits of graduate-level coursework, which are courses with the "Grad 50%" designation in Psychology (PSYCH (https://guide.wisc.edu/courses/psych/)). Proseminars and research credits do not satisfy doctoral minor requirements. Students must confirm with the Department of Psychology Director of Graduate Studies or the Graduate Program Manager that a given course will satisfy requirements prior to enrolling in the course.

# PSYCHOLOGY, MS

The Department of Psychology has fostered excellence in research and scholarship for more than 100 years. The department provides graduate students with the best available training to prepare them for a variety of professional careers in academic, clinical, research, and other settings. Emphasis is on both extensive academic training in general psychology and intensive research training in the student's area of concentration.

The department expects students to become creative scientists and to exhibit an early and continuing commitment to research and scholarship. All students initiate a first-year research project and present the results to the entire department in the fall of the second year. Typically, students are admitted for graduate study in psychology only for the PhD program; however, students admitted to psychology may obtain a master's degree after they have completed their first-year research project if they find it necessary to have a degree as formal evidence of progress toward the PhD.

Faculty members and graduate students have many affiliations with other departments, institutes, and training programs: Institute on Aging, Waisman Center, Wisconsin Regional Primate Research Center, Health Emotions Center, Neuroscience Training Program, Keck Neuroimaging Center, Hearing Training Program, Women's Studies Research Center, Institute for Research on Poverty, NSF National Consortium on Violence Research, Mass Communications Research Center, and Survey Research Laboratory. There are strong ties to the departments of Anatomy, Anthropology, Communicative Disorders, Educational Psychology, Entomology, Forest and Wildlife Ecology, Medical Microbiology and Immunology, Industrial Engineering, Ophthalmology, Psychiatry, Sociology, and Zoology.

## FACILITIES

The department has an extraordinary array of research facilities. Virtually all laboratories are fully computer controlled, and the department's general purpose computing facilities are freely available to all graduate students. The Brogden Building and the Harlow Primate Laboratory have special facilities for housing animals, as well as for behavioral, pharmacological, anatomical, immunological, and physiological studies. The department is well-equipped for studies of visual, auditory, and language perception and other areas of cognitive psychology. In addition, the Psychology Department Research and Training Clinic is housed in the Brogden Building. See Research Labs (http://psych.wisc.edu/research-centers/) for further information about individual faculty research labs and facilities. Connections with other departments and research institutes on campus (e.g., W.M. Keck Laboratory for Functional Brain Imaging and Behavior, and others) have been described above.

ADMISSIONS

## ADMISSIONS

Students apply to the Master of Science in Psychology through one of these paths:

- MS Named Option in Data Science in Human Behavior (p. 1748)
- PhD in Psychology (p. 1754)

FUNDING

## FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

## MAJOR REQUIREMENTS

### CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | See Named Option for policy information. |
| Minimum Residence Credit Requirement | See Named Option for policy information. |
| Minimum Graduate Coursework Requirement | See Named Option for policy information. |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | See Named Option for policy information. |
| Assessments and Examinations | None. |
| Language Requirements | None. |

### REQUIRED COURSES

Select a Named Option (p. 1748) for courses required.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the MS in Psychology must select one of the following named options:

View as listView as grid

- **PSYCHOLOGY: DATA SCIENCE IN HUMAN BEHAVIOR, MS (P. 1748)**
- **PSYCHOLOGY: RESEARCH, MS (P. 1751)**

## POLICIES

## POLICIES

Students should refer to one of the named options below for policy information:

- MS Named Option in Data Science in Human Behavior (p. 1748)
- MS Named Option in Research (p. 1751) (non-admitting)
- PhD in Psychology (p. 1754)

## PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Develop a proficiency in statistical analysis and experimental design relevant to research on human behavior
2. Develop critical thinking skills for research in human behavior
3. Develop skills communicating experimental results
4. Develop a broad understanding of the field of Psychology

# PSYCHOLOGY: DATA SCIENCE IN HUMAN BEHAVIOR, MS

This is a named option within the Psychology, MS. (p. 1747)

This program is designed to train students who have an undergraduate degree in a core behavioral science (e.g., Psychology, Economics, Sociology) to use modern data-science tools to address questions regarding human behavior. These skills are highly in demand by business, government and non-profit organizations to better understand how people act and interact with products, advertisement and societal policies. The program is designed to be completed in four semesters of full-time study. It culminates in one semester of placement with companies or other organizations to conduct an applied capstone project.

Graduate students in this program are not permitted to accept any research, project, or teaching assistantship positions that would waive tuition or provide tuition remission.

## ADMISSIONS

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | March 31 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 1 |

Applicants holding a bachelor's degree in the social sciences, a strong statistics, and behavioral science research background are encouraged to apply for admission to the graduate program in data science in human behavior. Previous computational experience will enhance your application, but is not required.

Apply via the Graduate School online application (https://grad.wisc.edu/apply/).

### APPLICATION CHECKLIST

A complete application includes the following items:

1. Statement of purpose: Your essay should be a concise description of your reasons for choosing Data Science in Human Behavior at the University of Wisconsin-Madison (not to exceed two pages). Please include your behavioral data science interests and career goals as well as a description of your preparation for graduate study including relevant coursework, related employment, research experience, publications, presentations, awards, honors as well

as any demonstrated interest in computational techniques and computational experience. For more information about the statement of purpose and application process, see the program website (https://datascience.psych.wisc.edu/admissions/).

2. Supplementary application: You will be asked to provide any previous research experiences; provide course details (grade earned, semester completed, course title(s)) for any math and statistics courses, research methods courses, and any computational courses. For additional information about the supplemental application, see the program website (https://datascience.psych.wisc.edu/admissions/).
3. Unofficial transcripts (https://datascience.psych.wisc.edu/admissions/): Unofficial transcripts from all previous postsecondary studies are required. International academic records must be submitted in the original language and accompanied by an English translation. If an applicant is recommended for admission, the Graduate School will ask applicants to request official transcripts be sent to the Graduate School from the undergraduate institution.

| COMP SCI/ E C E 763 | Trustworthy Artificial Intelligence | |
| COMP SCI 765 | Data Visualization | |
| COMP SCI 784 | Foundations of Data Management | |
| COMP SCI 838 | Topics in Computing | |
| ECON 410 | Introductory Econometrics | |
| E C E 379 | Special Topics in Electrical and Computer Engineering (Topic: Data Science and Engineering) | |
| **Total Credits** | | **33** |

### Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Students are not allowed to transfer credits of graduate coursework from other institutions.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, no more than 3 credits of coursework numbered 300 or above from a UW–Madison undergraduate degree are allowed to transfer in fulfillment of the 6 credit elective course requirement. These credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above from UW- Madison. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. Credits from other undergraduate institutions will not be allowed to transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer up to 3 credits of coursework numbered 300 or above taken as a University Special student that can be applied towards the 6 credit elective course requirement. These credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Credits earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and

conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

# PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# PSYCHOLOGY: RESEARCH, MS

This is a named option within the Psychology, MS. (p. 1747)

This is a non-admitting program that will continue to serve as the standard research-oriented MS program associated with the doctoral program in Psychology. Any students who are on track to be awarded the standard/research MS upon exit from the doctoral program, or who wish to be awarded this degree upon completion of the requirements as they proceed to doctoral study, may be moved into this option when it is available.

# ADMISSIONS

## ADMISSIONS

This master's degree is offered for work leading to the PhD. Students may not apply directly for the named option in Research and should instead see the admissions information for the PhD (p. 1754).

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students are required to take PSYCH 610 and PSYCH 710. Students must earn a grade of B or better in both PSYCH 610 and PSYCH 710. |
| Assessments and Examinations | None. |
| Language Requirements | None. |

## REQUIRED COURSES

Students are required to take two semesters of statistics/methods (PSYCH 610 and PSYCH 710). Two of the six additional courses should be outside the student's area of research expertise. Students must also complete a required First-Year Project. Students must register and attend a Proseminar meeting each academic year semester (fall/spring) during their first three years. Students are encouraged to continue to register and attend a proseminar in later years while in residence. Students must reach 30 credits to earn the masters.

| Code | Title | Credits |
|---|---|---|
| **Required Courses** | | |
| PSYCH 610 | Design and Analysis of Psychological Experiments I | 4 |
| PSYCH 710 | Design and Analysis of Psychological Experiments II | 4 |
| PSYCH 621 | Mentored Research and Seminar ("Meet the Faculty") | 1 |
| PSYCH 990 | Research (1 credit every semester ) | 1-8 |
| **Proseminar** | | |
| Attend Area Group Weekly Meeting | | 1-4 |
| PSYCH 701 | Proseminar in Perception, Cognition, and Cognitive Neuroscience | |
| PSYCH 704 | Proseminar in Clinical Psychology | |
| PSYCH 703 | Proseminar in Social Psychology | |
| PSYCH 706 | Proseminar in Developmental Psychology | |
| PSYCH 707 | Proseminar in Biological Psychology | |
| **Additional Coursework** | | |
| Additional courses chosen with faculty advisor: See examples below | | 1-9 |
| PSYCH 711 | Current Topics in Psychology | |
| PSYCH 728 | Classic Issues in Social Psychology | |
| PSYCH 733 | Perceptual and Cognitive Sciences | |
| **Total Credits** | | **30** |

POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Applying prior coursework toward the graduate degree is allowed only in exceptional circumstances. In total, only 6 credits maximum may be applied from prior coursework, including any prior coursework from graduate credits earned at other institutions. Coursework earned ten or more years prior to admission to the program may not be used to satisfy master's degree requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Applying prior coursework toward the graduate degree is allowed only in exceptional circumstances. In total, only 6 credits maximum may be applied from prior coursework, including any prior coursework from undergraduate credits earned at other institutions or UW–Madison. Coursework earned ten or more years prior to admission to the program may not be used to satisfy master's degree requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

Applying prior coursework toward the graduate degree is allowed only in exceptional circumstances. In total, only 6 credits maximum may be applied from prior coursework, including any prior coursework earned as a University Special student at UW–Madison. Coursework earned ten or more years prior to admission to the program may not be used to satisfy master's degree requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies.

A committee often accomplishes advising for the students in the early stages of their studies.

## CREDITS PER TERM ALLOWED

12 credits

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress

- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

# PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# PSYCHOLOGY, PHD

Psychology offers six areas of concentration (known as area groups): biological, clinical, cognitive and cognitive neuroscience, developmental, perception, and social and personality. Although there is a good deal of collaboration and interaction across groups, each area of concentration has its own requirements for graduate study and students are typically admitted into one of these areas of concentration.

Although most incoming graduate students' interests fall within these six areas of concentration, some do not. That some students' interests cut across disciplinary area groups and/or interface with other programs on campus is to be expected in a top-notch department because the boundaries of psychology itself are in flux. An innovative feature of the program is the Individualized Graduate Major designed for those graduate students who do not find a niche in the current area group structure and, instead, wish to cross area group lines and/or incorporate substantial training from other programs in their psychology graduate work. It is important to emphasize that the Individualized Graduate Major leads to a psychology PhD and is not appropriate for students whose graduate study does not emphasize psychological science. Such students are advised to pursue a PhD in another program or a committee degree.

Faculty members and graduate students have many affiliations with other departments, institutes, and training programs: Institute on Aging, Waisman Center, Wisconsin Regional Primate Research Center, Health Emotions Center, Neuroscience Training Program, Keck Neuroimaging Center, Hearing Training Program, Center for Research on Gender and Women, Institute for Research on Poverty, NSF National Consortium on Violence Research, Mass Communications Research Center, and Survey Research Laboratory. There are strong ties to the departments of Anatomy, Anthropology, Communicative Disorders, Educational Psychology, Entomology, Forest and Wildlife Ecology, Medical Microbiology and Immunology, Industrial Engineering, Ophthalmology, Psychiatry, Sociology, and Zoology.

## BIOLOGY OF BRAIN AND BEHAVIOR

The *biological psychology* area encompasses the subdisciplines of behavioral neuroscience and animal behavior. Students sponsored by faculty in this area are trained in theory and methods required for understanding the biological bases of behavior. The doctoral track in behavioral neuroscience provides research training in specific methods and techniques needed to assess brain and peripheral physiological mechanisms. Topic areas investigated by program faculty include psychoneuroimmunology, hormone–behavior relationships, neurobiology of stress and arousal, sensory processes, and the neural organization of the cerebral cortex. Age-related changes during development, and the impact of stress on health and behavior are also important foci. Students learn modern surgical, neuroanatomical, neurophysiological, neuroimaging

(PET, MRI), immunohistochemical, pharmacological, and behavioral techniques. Training in hormone and immune assays, or cellular recording, are also provided when required for the student's research. Conceptual issues, such as experimental design, and the relevance to human clinical and social conditions are emphasized.

Students sponsored by faculty in this area are trained in theory and methods required for understanding the biological bases of behavior. The doctoral track in behavioral neuroscience provides training in specific research methods and techniques needed to assess brain and peripheral physiological mechanisms. Our students can also pursue training in theories and methodologies involved in the study of animal behavior. Coursework and research provide a unique interdisciplinary experience with a strong emphasis on evolutionary/ecological principles and proximate mechanisms, including communication and the role of hormones and social relationships underlying the expression of behavior. Our goal is to train outstanding students with a special interest in integrating knowledge across traditional discipline lines.

Many facilities are available for graduate training, including the department's Harlow Primate Laboratory, internationally known for its studies of primate development and learning. Many primate projects also take advantage of the neuroimaging resources at UW and benefit from the Wisconsin National Primate Research Center with its large rhesus monkey and marmoset colonies. Within the Brogden Psychology Building, research programs utilize many other small animal species.

Our program continues to grow and incorporate new perspectives. Our students and faculty interact and collaborate with the Departments of Anthropology, Comparative Biosciences, Psychiatry, Wildlife Ecology, and Zoology, as well as the Neurosciences Training Program, Institute on Aging, and Center for Excellence in Women's Health Research. The University of Wisconsin provides a diverse and stimulating academic environment for training in Biological Psychology.

# CLINICAL PSYCHOLOGY

The training model for the UW–Madison doctoral program in clinical psychology is that of a scientist–practitioner. Based on the program's endorsement of a scientist–practitioner model, the educational plan focuses on two major and interrelated goals that integrate science and practice:

1. to produce graduates who have the requisite knowledge, skills, and experience to create and disseminate new knowledge about the processes and mechanisms underlying psychopathology; and
2. to produce graduates who have the requisite knowledge and skills for entry into the practice of professional clinical psychology and who understand and appreciate the importance of an empirical basis to clinical practice.

The program uses a mentor model for research training; applicants are admitted to the program based in part on how closely their research interests are aligned with that of current faculty. The close working relationship between the faculty mentor and the graduate student is one of the mechanisms that serves to integrate theory and research with the applied training. Coursework and practicum experiences comprise the other mechanisms that foster the integration of science and practice.

The interests of and methods utilized by faculty vary widely but all share the common goal of pursuing innovative, cutting edge analyses of major forms of psychopathology. The program also offers excellent clinical training and in the course of their tenure in the program, graduate students in clinical psychology develop expertise in both assessment and treatment of psychopathology. However the student who is not deeply committed to research and scholarship will, in all likelihood, not be satisfied with the Wisconsin Clinical Program.

During their stay, clinical graduate students complete courses in assessment, clinical research methods, and a sequence of clinical core courses covering the etiology and treatment of psychopathology, in addition to statistics/methodology courses and coursework in nonclinical areas both in and outside of the department. The required curriculum may take more than five years to complete. The clinical program is situated in a world-class department that includes area groups in biology of brain and behavior, cognitive and cognitive neuroscience, developmental, perception, and social and personality. In addition, an Emotion Training Program within the department cuts across all other area groups and is supported by an NIMH training grant. Many clinical students and faculty are involved in various aspects of the Emotion Training Program. Clinical students have access to an extensive range of opportunities through collaborations with other units on campus including the Waisman Center, an interdisciplinary research institute for developmental research; the Institute on Aging; the Waisman Laboratory for Brain Imaging and Behavior; the Department of Psychiatry; and other departments in the Medical School, College of Letters & Science, and the School of Education.

A major goal of the program is to integrate students' clinical and research activities. Students begin their clinical practicum in the Psychology Department Research and Training Clinic (https://psych.wisc.edu/graduate-program/clinical-psychology-program/research-and-training-clinic/) during their third year in the program and typically continue such practicum training throughout the remainder of their graduate careers. An important component of clinical training is the "Small Group Practicum" in which various clinical professors supervise practicum activities on topics related to their own areas of interest. In the summer following the third academic year, the student is appointed to a clerkship in one of the several agencies that cooperate with the department in providing practicum training. Finally, all clinical students obtain at least one full year of full-time clinical experience in an approved internship facility. Whereas many students obtain internships at various of the better-known training centers around the country, other students complete their internships at one of the excellent local sites. Virtually all clinical graduate students have received financial support while in residence in the graduate program.

# COGNITIVE AND COGNITIVE NEUROSCIENCE (CCN)

The study of cognition and perception has undergone explosive growth during the past decade with exciting developments in psychology and related fields and with new techniques for studying mind and brain. The *cognitive and perceptual sciences* (CPS) area group provides a unique and stimulating graduate school experience for students interested in an interdisciplinary approach to cognition and perception. Faculty members combine expertise in cognition and perception with a broad arsenal of methods including experimental, developmental, computational, and biological approaches. This breadth in methodologies is paralleled by breadth across disciplines of communicative disorders, educational psychology, and neuroscience. Areas of exceptional strength in cognition include language development, speech perception, neural representation of language and memory, gesture, higher-level comprehension, music cognition, problem solving, and embodied cognition. Research in hearing and vision includes perceptual development, perception of complex sounds, perception of 3-D layout and auditory space, attention, and neural processing of auditory and visual objects and events. Laboratory

facilities are comprehensive and fully state of the art, enhanced by unique opportunities for training in neuroimaging at the Keck Laboratory for Functional Brain Imaging and in developmental methods at the Waisman Center. The program is committed to maintaining a collegial environment in which students collaborate with faculty in developing their research programs. Graduates with a PhD from the program maintain careers as university or college professors, or as researchers at public or corporate laboratories.

# DEVELOPMENTAL PSYCHOLOGY

Research in the *developmental* area group focuses on the interrelationships of biological, environmental, and behavioral processes throughout the life span, and on the mechanisms and processes of change. The program emphasizes interdisciplinary studies and allows graduate students flexibility in designing a program of study consonant with their goals and interests. One central part of the developmental program is a weekly lunch meeting, in which students and faculty present ongoing research and discuss current topics in the field. Students in the program focus on cognitive, emotional, language, perceptual, personality, social development, or relations between these areas. Within these content domains, students and faculty conduct research on both typical and atypical development, and work with individuals representing a wide range of ages, including infants, preschool and school-age children, adolescents, adults, and the elderly. Specific faculty research interests include the development of mathematical reasoning and problem solving, development of visual perception and attention, developmental behavioral genetics, gender role development, developmental psychopathology, resiliency in adulthood and aging, and language acquisition.

Participants in research studies are drawn from an unusually wide variety of sources, including local preschools and day care centers; public, and private schools in the Madison area; the Dane County Division of Children, Youth, and Families; the Wisconsin Longitudinal Survey; University of Wisconsin Hospitals and Clinics; and the Institute on Aging. Many developmental faculty are affiliated with the Waisman Center on Human Development, which provides a database of typically developing infants and children with developmental disabilities.

# SOCIAL AND PERSONALITY PSYCHOLOGY

The program is designed to train students for research on the cutting edge of the fields of *social and personality psychology*. The curriculum consists of a series of courses and seminars designed to provide students with a thorough introduction to the fields of social and personality psychology. This coursework is complemented by courses that provide the methodological and statistical skills necessary for several kinds of research. The primary emphasis is on experimental laboratory research, but training is also provided in field research, longitudinal studies, observational methods, and archival research. There are also opportunities to pursue theoretical issues in various applied areas (e.g., education, health psychology). The goal is to train students for productive academic careers in university settings. Students are provided with the opportunity to work collaboratively with one or more faculty members on a variety of research topics, including acculturation, achievement behavior, attitudes, competition, culture and cognition, emotion, goals and self-regulation, interest and intrinsic motivation, social cognition, social perception, social neuroscience, and stereotypes, prejudice and intergroup relations. Students are also encouraged to develop their own independent lines of research.

Additional resources are available to students from outside the psychology department. The social psychology program in the sociology department shares faculty members and courses with the program in psychology and offers seminars that supplement those taught in psychology. In addition, resources are provided by the Mass Communications Research Center, the Institute for Research on Poverty, and the Survey Research Laboratory.

# FACILITIES

The department has an extraordinary array of research facilities. Virtually all laboratories are fully computer controlled, and the department's general purpose computing facilities are freely available to all graduate students. The Brogden Building and the Harlow Primate Laboratory have special facilities for housing animals, as well as for behavioral, pharmacological, anatomical, immunological, and physiological studies. The department is well-equipped for studies of visual, auditory, and language perception and other areas of cognitive psychology. In addition, the Psychology Department Research and Training Clinic is housed in the Brogden Building. See Research Labs (http://psych.wisc.edu/research-centers/) for further information about individual faculty research labs and facilities. Connections with other departments and research institutes on campus (e.g., W.M. Keck Laboratory for Functional Brain Imaging and Behavior, and others) have been described above.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

An applicant is admitted into the program by an individual faculty member or by an area group (i.e., a group of faculty members associated with a major area of concentration) and not by the department as a whole, nor by an admissions committee. Because these programs tend to

be small, they may not admit students in a particular year. Applicants interested in a particular program or working with a particular faculty member should reference graduate program (http://psych.wisc.edu/graduate-program/) on the psychology website or contact individual faculty members to determine if admissions are likely for that year.

Each faculty member and area group give preference to applicants who have a high potential for success in graduate school and who also share research interests with the prospective faculty sponsor. Applicants should consider carefully the description of faculty research interests, read several of their publications, and consult with faculty and advisors at the undergraduate institution before applying to the program. Whereas most applicants have majored in psychology, the department gives full consideration to applicants with undergraduate majors in other relevant areas.

Given its commitment to students, the Department of Psychology takes seriously its responsibility when admitting an applicant. Every piece of information is considered carefully. Students are selected on the basis of record of academic achievement, references, evidence of motivation and ability to do research, and also the fit between faculty and student research interests.

Information regarding application deadlines is on the program website (http://psych.wisc.edu/graduate-program/admission-and-requirements/). Applicants should have a completed application in by the deadline to ensure full consideration. Most applicants admitted into the program are supported by either a research or project assistantship, teaching assistantship, or fellowship.

### ADMISSION SELECTION CRITERIA

Although individual faculty members and area groups decide who will be admitted, the psychology department sets certain minimum standards that must be met by those admitted to the graduate program. These are an undergraduate grade point average (GPA) of at least 3.0 on a 4.0 scale.

Consideration for admission is highly competitive. The department receives approximately 700 applications each year and less than 3% percent are admitted to the program. Applicants who fall below the minimum standards set by the department may still be admitted where there is clear justification.

Undergraduate research experience is highly valued in applicants to the program and greatly enhances their chances of admission. Such research experience provides an opportunity to discover whether research is of interest and provides evidence of motivation and ability to do research.

Three references are required and are read very carefully. Good letters in favor of the applicant are essential and should be provided by faculty who know the applicant fairly well. The references should provide information that will evaluate potential for graduate work beyond that revealed by the GPA. For example, a reference from a professor who writes about a student's unique skills, research abilities, and motivation is more influential than a reference that says the student received an "A" and was "very pleasant." Thus, references from faculty the applicant has worked with on a research project or senior thesis carry more weight in making a decision to admit.

In addition to references and grades, the faculty also consider carefully the personal statement. Applicants should describe in the personal statement any prior research experience and their role in that research.

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Many students also receive NSF or NIH predoctoral fellowships and other awards during their course of study within the program. To support professional development, small grants fund student research and travel to present work at national conferences. The department hosts two training grants from NIH, one focused on Emotion and one focused on Language, that each support several predoctoral students.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 60 credits |
| Minimum Residence Credit Requirement | 54 credits |
| Minimum Graduate Coursework Requirement | 30 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students are required to take PSYCH 610 and PSYCH 710. Students must earn a grade of B or better in both PSYCH 610 and PSYCH 710. |
| Assessments and Examinations | Doctoral students are required to take a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required. |
| Language Requirements | Contact the program for information on any language requirements. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/). |

## REQUIRED COURSES

Students are required to take two semesters of statistics/methods (PSYCH 610 and PSYCH 710) and six additional courses. Two of the six additional courses should be outside the student's area of research expertise. Students must also complete a required First-Year Project. Students must register for and attend a Proseminar meeting each academic year semester (fall/spring) during their first three years. Students are encouraged to continue to register for and attend a proseminar in later years while in residence.

| Code | Title | Credits |
|---|---|---|
| **Required Courses** | | |
| PSYCH 610 | Design and Analysis of Psychological Experiments I | 4 |
| PSYCH 710 | Design and Analysis of Psychological Experiments II | 4 |
| PSYCH 621 | Mentored Research and Seminar ("Meet the Faculty") | 1 |
| **Proseminar** | | |
| Register and attend area group weekly meeting. | | 6-12 |
| PSYCH 701 | Proseminar in Perception, Cognition, and Cognitive Neuroscience | |
| PSYCH 704 | Proseminar in Clinical Psychology | |
| PSYCH 707 | Proseminar in Biological Psychology | |
| PSYCH 703 | Proseminar in Social Psychology | |
| PSYCH 706 | Proseminar in Developmental Psychology | |
| PSYCH 709 | Proseminar in Data Science in Human Behavior | |
| **Additional Required Courses** | | |
| At minimum, complete 6 courses chosen with faculty advisor, including two courses outside of area of research expertise. Example of courses include the following: | | 18-24 |
| PSYCH 711 | Current Topics in Psychology | |
| PSYCH 733 | Perceptual and Cognitive Sciences | |
| PSYCH 740 | Clinical I: Assessment, Etiology, and Treatment (Clinical Psychological Science pathway) | |
| PSYCH 741 | Clinical II: Assessment, Etiology, and Treatment (Clinical Psychological Science pathway) | |
| PSYCH 800 | Cognitive & Neuropsychological Assessment for Diagnosis (Clinical Psychological Science pathway) | |
| PSYCH 930 | Seminar-Social Psychology | |
| **Breadth** | | **9** |
| **Research** | | |
| At minimum, complete 1 credit every semester of the following: | | 6-32 |
| PSYCH 990 | Research | |
| **Total Credits** | | **60** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Applying prior coursework toward the graduate degree is allowed only in exceptional circumstances. In total, only 6 credits maximum may be applied from prior coursework, including any prior coursework from graduate work from other institutions, from a UW–Madison undergraduate degree or from the UW–Madison University Special career. Coursework earned ten or more years prior to admission to the program may not be used to satisfy doctoral degree requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Applying prior coursework toward the graduate degree is allowed only in exceptional circumstances. In total, only 6 credits maximum may be applied from prior coursework, including any prior coursework from graduate work from other institutions, from a UW–Madison undergraduate degree or from the UW–Madison University Special career. Coursework

earned ten or more years prior to admission to the program may not be used to satisfy doctoral degree requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special student at UW–Madison

Applying prior coursework toward the graduate degree is allowed only in exceptional circumstances. In total, only 6 credits maximum may be applied from prior coursework, including any prior coursework from graduate work from other institutions, from a UW–Madison undergraduate degree or from the UW–Madison University Special career. Coursework earned ten or more years prior to admission to the program may not be used to satisfy doctoral degree requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, from the major department responsible for providing advice regarding graduate studies. An advisor generally serves as the thesis advisor. In many cases, an advisor is assigned to incoming students. Students can be suspended from the Graduate School if they do not have an advisor.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis.

A committee often accomplishes advising for the students in the early stages of their studies.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the

chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.

3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

n/a

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Develop a broad understanding of the field of Psychology.
2. Develop a deep understanding of the theory and literature combined with critical thinking skills.
3. Develop a proficiency in experimental design and statistical analyses relevant to psychological research.
4. Acquire expertise in the oral and written communication of experimental findings.
5. Clinical students will receive broad training in the theory and practice of clinical psychology.

## ACCREDITATION

# ACCREDITATION

American Psychological Association (http://www.apa.org/)

Accreditation status: Accredited. Next accreditation review: 2029.

Psychological Clinical Science Accreditation System (https://www.pcsas.org/)

Accreditation status: Accredited. Next accreditation review: 2034.

## CERTIFICATION/LICENSURE

# CERTIFICATION/LICENSURE

### CLINICAL PSYCHOLOGICAL SCIENCE PATHWAY [1]

Students pursuing the limited enrollment accredited Clinical Psychological Science pathway in the program complete the requirements for the doctoral program with specified coursework comprising Foundations in Clinical Psychological Science within the first two years of matriculation, as well as Advanced Clinical Psychological Science. Coursework includes the etiology and treatment of psychopathology, the theory and application of clinical assessment, clinical research methods, statistics/methodology courses, as well as other coursework in nonclinical areas both in and outside of the department. Working from this foundation, students may complete an approved internship or engage in further research.

To achieve this, students generally complete the following:

Requirements:

- Three required doctoral program courses as noted in the Requirements tab
- Weekly area proseminar for at least their first three years (students on the Clinical Psychological Science pathway students must take the CPS area group meeting)
- Area of specialization credit (in CPS area courses)
- Research Credit to complete doctoral study/thesis

Students pursuing licensure also complete (see course list below for corresponding coursework):

1. Breadth requirement with the following American Psychological Association (APA) approved breadth coursework.
2. Clinical Placement
3. Predoctoral Internship

| Code | Title | Credits |
|---|---|---|
| **Breadth Requirement** | | |
| PSYCH 711 | Current Topics in Psychology | 2-3 |
| PSYCH 720 | Essentials of Cognitive Neuroscience | 3 |
| ED PSYCH/ HDFS 725 | Theory and Issues in Human Development | 3 |
| PSYCH 728 | Classic Issues in Social Psychology | 3 |
| COUN PSY/ ED PSYCH/ RP & SE 737 | Seminar in History and Systems of Psychology | 3 |
| **Clinical Placement** | | |
| PSYCH 805 | Field Work in Clinical Psychology | 1-3 |
| **Predoctoral Internship** | | |
| PSYCH/COUN PSY/ ED PSYCH 995 | Predoctoral Internship | 0 |

[1] These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

# REAL ESTATE AND URBAN LAND ECONOMICS

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Business: Real Estate and Urban Land Economics, MBA (p. 1761)
- Business: Real Estate and Urban Land Economics, MS (p. 1766)

# BUSINESS: REAL ESTATE AND URBAN LAND ECONOMICS, MBA

**The Business: Real Estate and Urban Land Economics, MBA no longer admits new students after Fall 2026 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

Wisconsin's two-year MBA in Business: Real Estate and Urban Land Economics offers a holistic and in-depth real estate graduate education you won't get anywhere else: world-class faculty in the classroom, hands-on projects and case studies, and domestic and international travel opportunities. Students have the opportunity to pursue a specialization such as Applied Real Estate Investment (AREIT), Private Equity (PE), or Affordable Housing and Sustainable Development or focus on development and complementary approved electives through the Core path. You'll interact with cutting-edge real estate faculty and influential alumni and other leaders in the real estate industry. Together, they make up a powerful network that connects and complements your experience in the program and beyond. *U.S. News & World Report* ranks Wisconsin MBA in real estate in the top five in the U.S. See the program website (https://business.wisc.edu/graduate/mba/full-time/specializations/real-estate/) for more information.

## ADMISSIONS

# ADMISSIONS

**The Business: Real Estate and Urban Land Economics, MBA no longer admits new students after Fall 2026 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

| Requirements | Detail |
|---|---|
| Fall Deadline | See program webpage: https://business.wisc.edu/graduate/mba/full-time/admissions (https://business.wisc.edu/graduate/mba/full-time/admissions/)/ |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | May be required in certain cases; consult program. |
| English Proficiency Test | All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), or the Intensive English as a Second Language (IELTS). A minimum iBT TOEFL score of 100 or equivalent, computer-based PTE score of 73 or equivalent, or IELTS score of 7.5 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application. |
| Other Test(s) (e.g., GMAT, MCAT) | GMAT may be required in certain cases; consult program. |
| Letters of Recommendation Required | 1* |

* Submission of a second letter of recommendation is optional.

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business prefers a minimum of two years of professional work experience along with a strong undergraduate performance. In addition to academic credentials, a GMAT or GRE score, and work experience, personal achievements, motivation, communication skills (written and oral), and recommendation letters are all considered in the admission process at the Master's and doctoral levels.

**Note:** The Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) must have been taken within five years prior to receiving an offer of admission or the student must apply for a waiver.

## HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (https://business.wisc.edu/graduate/mba/full-time/admissions/)

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program and department approval, students may transfer up to 6 credits of graduate coursework completed two years prior to admission at an AACSB accredited institution, in which a grade of B or better was earned.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

On a case-by-case basis the program and department may transfer coursework, but students must still meet the minimum credit requirements. Coursework earned seven or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

No credits earned as a University Special Student at UW-Madison are allowed to transfer toward the degree.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) policy.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

***Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.***

The person against whom the complaint is directed must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
   a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Sr. Associate Dean for Faculty & Staff will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

*Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.*

*State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, the UW System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.*

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: https://grad.wisc.edu/documents/grievances-and-appeals/

## OTHER

Students are expected to be enrolled full-time for all semesters. Exceptions may be granted in the final semester.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Gather, process and analyze market, linkage and macroeconomic data for the purpose of forecasting real estate trends, communicating the big picture and making prudent investment decisions.
2. Understand how to optimally source capital to execute on growth and development opportunities, prepare for and manage the crises and contingencies that pervade real estate ventures, and improve efficiencies in the operation of revenue generating properties.
3. Apply appropriate structures, techniques, and processes to manage or lead a real estate group or enterprise.
4. Recognize, measure, and create value in real estate in the strict respect of all ethical and legal norms and with full awareness of their responsibility to the communities, investors, public policy makers and users they aspire to serve as real estate professionals.
5. Develop a deeper network with local, regional and international professionals to gather market data, perspectives, investment ideas and employment leads.

## ACCREDITATION

# ACCREDITATION

AACSB International—The Association to Advance Collegiate Schools of Business (http://www.aacsb.edu/)

Accreditation status: Accredited. Next accreditation review: 2026-2027.

# BUSINESS: REAL ESTATE AND URBAN LAND ECONOMICS, MS

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive WSB alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

# NAMED OPTION IN REAL ESTATE AND URBAN ECONOMICS

The MS–Business: Real Estate and Urban Economics offers a holistic and in-depth real estate graduate education you won't get anywhere else: world-class faculty in the classroom, hands-on projects and case studies, internships, and domestic and international travel opportunities. Students have the opportunity to pursue a specialization such as Applied Real Estate Investment (AREIT), Private Equity (PE), or Affordable and Sustainable Housing Development, or focus on development and complementary electives through the Core path. With support from the James A. Graaskamp Center for Real Estate (https://business.wisc.edu/centers/graaskamp/), you will gain knowledge and make industry connections to pursue the real estate career path of your choice. See the Guide page (p. 1771) for more information.

# NAMED OPTION IN GLOBAL REAL ESTATE (GREM)

The Global Real Estate Master (GREM) program brings together students from top international business programs and the best in real estate education to provide the unique preparation needed to become a global leader. The GREM program is designed for those who would like to work anywhere in the real estate industry. Students will learn principles of real estate, finance, and development that apply universally and will be exposed to the variety of opportunities the global real estate industry offers. See the Guide page (p. 1768) for more information.

## ADMISSIONS

# ADMISSIONS

Students apply to the Master of Science in Real Estate and Urban Land Economics through one of the named options:

- Global Real Estate (p. 1768)
- Real Estate and Urban Economics (p. 1771)

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students may be required to retake a course in which they receive a grade lower than a C. |
| Assessments and Examinations | No required assessments or examinations beyond course requirements. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

Select a N (p. 1767)amed Option (http://guide.wisc.edu/graduate/real-estate-urban-land-economics/business-real-estate-urban-land-economics-ms/#NamedOptions) for courses required.

# NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the MS in Business: Real Estate and Urban Land Economics must select one of the following named options:

View as listView as grid

- **BUSINESS: REAL ESTATE AND URBAN LAND ECONOMICS: GLOBAL REAL ESTATE, MS (P. 1768)**
- **BUSINESS: REAL ESTATE AND URBAN LAND ECONOMICS: REAL ESTATE AND URBAN ECONOMICS, MS (P. 1771)**

## ADMISSIONS

# ADMISSIONS

| Requirements | Detail |
|---|---|
| Fall Deadline | This program does not admit in the fall. |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | See program webpage: https://business.wisc.edu/graduate/masters/global-real-estate/admissions (https://business.wisc.edu/graduate/masters/global-real-estate/admissions/)/ |
| GRE (Graduate Record Examinations) | Not required but may be considered if available. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | GMAT not required but may be considered if available. |
| Letters of Recommendation Required | 0 |

The Business: Real Estate and Urban Land Economics: Global Real Estate Master Program (GREM) is **intended only for non-US graduate-level students and alumni from top international business schools** who meet the eligibility requirements below.

### BACHELOR'S DEGREE

Applicants must have a degree comparable to an accredited US bachelor's degree. Certified copies of transcripts from the institution where the degree was conferred, as well as copies of transcripts from all undergraduate institutions attended, are required in English.

Applicants are required to have a minimum grade point average (GPA) of 3.0 on a 4.0 scale for their undergraduate courses. Evidence of undergraduate GPA should be displayed on the transcript.

### PREREQUISITE REQUIREMENTS

Applicants must have completed 14 credits of graduate-level study in Accounting, Finance or Economics, including any necessary prerequisite courses and electives, from a non-US university recognized as a leading academic institution within the country of origin. Additionally, the enrollment criteria of the non-US institution must be comparable to that of the University of Wisconsin - Madison MBA Program. Official transcripts are required in English.

### ADMISSIONS TESTING

If submitting GRE scores, please direct the testing service to forward results to the University of Wisconsin–Madison (institution code: 1846).

GMAT scores can be submitted directly by asking the testing service to forward test results to the University of Wisconsin-Madison (institution code: 79K-2S-72).

### HOW TO APPLY

Applicants interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (https://business.wisc.edu/graduate/masters/global-real-estate/admissions/)

## FUNDING

# FUNDING

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | Yes |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |

### Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 14 credits of graduate coursework from other institutions. Coursework earned seven or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an other institution or UW–Madison undergraduate degree are allowed to transfer toward the degree.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 14 credits of coursework numbered 400 or above taken as a UW–Madison University Special student. Coursework earned seven or more years prior to the master's degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Every graduate student is required to have an advisor. An advisor is a faculty member, or sometimes a committee, responsible for providing advice regarding graduate studies.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

***Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.***

The person against whom the complaint is directed must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
    a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Sr. Associate Dean for Faculty & Staff will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

*Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.*

*State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, the UW System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.*

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: https://grad.wisc.edu/documents/grievances-and-appeals/

## OTHER

Students are not allowed to enroll in double or dual degrees while they are enrolled in the Global Real Estate program.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# BUSINESS: REAL ESTATE AND URBAN LAND ECONOMICS: REAL ESTATE AND URBAN ECONOMICS, MS

The MS–Business: Real Estate and Urban Economics offers a holistic and in-depth real estate graduate education you won't get anywhere else: world-class faculty in the classroom, hands-on projects and case studies, internships, and domestic and international travel opportunities. Students have the opportunity to pursue a specialization such as Applied Real Estate Investment (AREIT), Private Equity (PE), or Affordable and Sustainable Housing Development, or focus on development and complementary electives through the Core path. With support from the James A. Graaskamp Center for Real Estate (https://business.wisc.edu/centers/graaskamp/), you will gain knowledge and make industry connections to pursue the real estate career path of your choice.

This is a named option in the Business: Real Estate and Urban Land Economics MS. (p. 1766)

## ADMISSIONS

# ADMISSIONS

| Requirements | Detail |
|---|---|
| Fall Deadline | See program webpage: https://business.wisc.edu/graduate/masters/real-estate/admissions (https://business.wisc.edu/graduate/masters/real-estate/admissions/)/ |
| Spring Deadline | See program webpage: https://business.wisc.edu/graduate/masters/real-estate/admissions (https://business.wisc.edu/graduate/masters/real-estate/admissions/)/ |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | May be required in certain cases; consult program. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | GMAT may be required in certain cases; consult program. |
| Letters of Recommendation Required | 0* |

* Submission of up to two letters of recommendation is optional.

To be considered, all candidates must complete an admissions application. Candidates must submit personal information (address, birth date, demographics, etc), and the items listed below:

- Documentation of undergraduate university degree, or expected completion of such a degree prior to starting the MS-Business: Real Estate and Urban Land Economics, Named Option: Real Estate and Urban Economics
- Demonstrated knowledge of business fundamentals (or specific plan for acquiring prior to the start of the program); some possible ways of satisfying this include:
  - Undergraduate degree with business major or minor
  - Completion of Certificate in Business (http://guide.wisc.edu/undergraduate/business/school-wide/business-certificate/)at UW-Madison
  - Completion of Certificate of Entrepreneurship (http://guide.wisc.edu/undergraduate/business/management-human-resources/entrepreneurship-certificate/) at UW-Madison
  - College course work including the following:
    - Micro Economics Course
    - GEN BUS 310 Fundamentals of Accounting and Finance for Non-Business Majors or equivalent
- REAL EST/A A E/ECON/URB R PL 306 The Real Estate Process
- Undergraduate transcript
- Resume
- Response to essay question
- We reserve the right to interview any prospective applicant

All undergraduate and master's degree transcripts from schools outside the United States must be verified by WES at the individual class level.

### HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page (https://business.wisc.edu/graduate/masters/real-estate/admissions/).

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

While tuition remission is not available, students are eligible to receive a stipend and health insurance should they accept a graduate assistantship appointment.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirements | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirements | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students may be required to retake a course in which they receive a grade lower than a C. |
| Assessments and Examinations | No required assessments or examinations beyond course requirements. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

This degree allows students to select one or more areas of focus as they pursue their degree. The four paths are as follows:

- Path I - Core MS
- Path II - Applied Real Estate Investment
- Path III - Private Equity Investment
- Path IV - Affordable and Sustainable Housing Development

These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

### Path I - Core MS

Students must take the following courses:

| Code | Title | Credits |
|---|---|---|
| REAL EST 411 | Real Estate Excel Modeling | 1 |
| REAL EST 412 | Real Estate ARGUS Modeling | 1 |
| REAL EST 710 | Real Estate Finance | 3 |
| REAL EST 715 | Techniques of Real Estate Valuation | 3 |
| REAL EST/ URB R PL 720 | Urban Economics | 3 |
| REAL EST 750 | Commercial Property Development | 3 |
| REAL EST 760 | Lawyering the Development Deal: A Practical Guide to Real Estate Law | 3 |
| REAL EST 540 | Public Real Estate Equity Investment | 3 |
| or REAL EST 550 | Private Real Estate Equity Investment I: Analysis and Structures | |
| M H R 728 | Bargaining, Negotiating and Dispute Settlement for Managers | 3 |
| Approved Electives (see list below for possible course options)* | | 7 |
| **Total Credits** | | **30** |

### Path II - Applied Real Estate Investment

Students must take the following courses:

| Code | Title | Credits |
|---|---|---|
| REAL EST 411 | Real Estate Excel Modeling | 1 |
| REAL EST 412 | Real Estate ARGUS Modeling | 1 |
| REAL EST 540 | Public Real Estate Equity Investment [1] | 3 |
| REAL EST 710 | Real Estate Finance | 3 |
| REAL EST 715 | Techniques of Real Estate Valuation | 3 |
| REAL EST/ URB R PL 720 | Urban Economics | 3 |
| REAL EST 750 | Commercial Property Development | 3 |
| REAL EST 760 | Lawyering the Development Deal: A Practical Guide to Real Estate Law | 3 |
| REAL EST 841 | Applied Real Estate Investment Track (AREIT) I | 6 |
| REAL EST 842 | Applied Real Estate Investment Track (AREIT) II | 3 |
| Approved Electives (see list below for possible course options)* | | 1 |
| **Total Credits** | | **30** |

[1] If you would like to complete this path of the degree in one year this course must be completed prior to starting the program.

### Path III - Private Equity Investment

Students must take the following courses:

| Code | Title | Credits |
|---|---|---|
| REAL EST 411 | Real Estate Excel Modeling | 1 |
| REAL EST 412 | Real Estate ARGUS Modeling | 1 |

| | | |
|---|---|---|
| REAL EST 550 | Private Real Estate Equity Investment I: Analysis and Structures [1] | 3 |
| REAL EST 710 | Real Estate Finance | 3 |
| REAL EST 715 | Techniques of Real Estate Valuation | 3 |
| REAL EST/ URB R PL 720 | Urban Economics | 3 |
| REAL EST 750 | Commercial Property Development | 3 |
| REAL EST 760 | Lawyering the Development Deal: A Practical Guide to Real Estate Law | 3 |
| REAL EST 851 | Private Real Estate Equity Investment II: Underwriting and Investment Processes | 6 |
| REAL EST 852 | Private Real Estate Equity Investment III: Guidelines, Governance, and Portfolios | 3 |
| Approved Electives (see list below for possible course options)* | | 1 |
| **Total Credits** | | **30** |

[1] If you would like to complete this path of the degree in one year this course must be completed prior to starting the program.

### Path IV - Affordable and Sustainable Housing Development

Students must take the following courses:

| Code | Title | Credits |
|---|---|---|
| REAL EST 411 | Real Estate Excel Modeling | 1 |
| REAL EST 412 | Real Estate ARGUS Modeling | 1 |
| REAL EST 560 | Affordable Housing | 3 |
| REAL EST 651 | Green - Sustainable Development | 3 |
| REAL EST 710 | Real Estate Finance | 3 |
| REAL EST 715 | Techniques of Real Estate Valuation | 3 |
| REAL EST/ URB R PL 720 | Urban Economics | 3 |
| REAL EST 760 | Lawyering the Development Deal: A Practical Guide to Real Estate Law | 3 |
| REAL EST 765 | Contemporary Topics | 3 |
| Approved Electives (see list below for possible course options)* | | 7 |
| **Total Credits** | | **30** |

### *Approved Electives

This list includes approved electives for all four paths. If a course on this list is required in your selected path, it cannot also count as an approved elective.

| Code | Title | Credits |
|---|---|---|
| REAL EST 540 | Public Real Estate Equity Investment | 3 |
| REAL EST 550 | Private Real Estate Equity Investment I: Analysis and Structures | 3 |
| REAL EST 611 | Residential Property Development | 3 |
| REAL EST 640 | Real Estate Capital Markets | 3 |
| REAL EST 651 | Green - Sustainable Development | 3 |
| REAL EST 715 | Techniques of Real Estate Valuation | 3 |
| REAL EST 750 | Commercial Property Development | 3 |
| REAL EST 765 | Contemporary Topics | 1-4 |
| M H R 728 | Bargaining, Negotiating and Dispute Settlement for Managers | 3 |
| OTM 752 | Project Management | 1-3 |
| URB R PL 512 | Gentrification and Urban Restructuring | 3 |
| URB R PL 601 | Site Planning | 3 |
| CIV ENGR 451 | Architectural Design | 3 |

### Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

No credits of graduate coursework from other institutions is allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 6 credits of applicable coursework numbered 500 or above where a grade of B or better was earned will be allowed to apply toward the minimum graduate degree credit requirement. Coursework earned seven or more years prior to admission to a master's degree is not allowed to satisfy requirements. The following required courses, REAL EST 411 and REAL EST 412, may be satisfied if the student has already taken the undergraduate equivalent course and received a grade of B or better. REAL EST 710 and REAL EST 715 can be satisfied if the student has already taken the undergraduate equivalent course (REAL EST 410 or REAL EST 415) and received a grade of B or better. These courses can be satisfied but the credits related to these courses will not apply toward the minimum graduate degree requirement, so students will need to take additional electives to meet the minimum graduate degree credit requirement.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 14 credits of coursework numbered 500 or above taken as a UW–Madison University Special student. Coursework earned seven or more years prior to the master's degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) policy.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

***Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.***

The person against whom the complaint is directed must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
   a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.
6. On receipt of such a written complaint, the Sr. Associate Dean for Faculty & Staff will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

*Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.*

*State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color,*

*creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, the UW System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.*

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: https://grad.wisc.edu/documents/grievances-and-appeals/

### OTHER

Students must be enrolled full-time.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# REHABILITATION PSYCHOLOGY AND SPECIAL EDUCATION

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Clinical Rehabilitation Counseling, MS (p. 1775)
- Rehabilitation Counselor Education, PhD (p. 1780)
- Special Education, MS (p. 1785)
- Special Education, PhD (p. 1795)

# CLINICAL REHABILITATION COUNSELING, MS

The MS degree program in Clinical Rehabilitation Counseling prepares rehabilitation counselors at the master's degree level to serve adolescents and adults with disabilities, including short-term or chronic illness, substance use disorders, and mental health disorders, in both private and public rehabilitation agencies and programs through counseling, assessment, job placement, case management, and advocacy.

The program's mission centers on improving the quality of life and fostering inclusion for individuals with disabilities in community settings. The range of disabilities served by graduates includes physical and psychiatric disabilities, alcohol and drug abuse, traumatic brain injury and other neurological impairments, learning and intellectual disabilities, sensory disabilities, and aging. The program places a strong emphasis on field experiences including practical training in supervised placements in rehabilitation counseling settings. Students benefit from opportunities to take courses from faculty in both the rehabilitation counseling and counseling psychology programs to develop expertise in counseling skills, foundations of psycho-social aspects of disability, assessment techniques, socio-cultural aspects of counseling, and career development, among other topics.

As part of one of the nation's top schools of education and most highly ranked universities in the world, students have access to interdisciplinary perspectives, a wide range of professional development resources, and emerging research in the field of rehabilitation counseling.

The MS program is accredited by the Council for the Accreditation of Counseling and Related Programs (CACREP). Graduates also meet the educational qualifications for the national Certified Rehabilitation Counselor (CRC) credential as well as the educational requirements to apply for a training license as a professional counselor in the state of Wisconsin (Licensed Professional Counselor-In Training). Please visit the program website (https://rpse.education.wisc.edu/about/accreditation/) for updates on CACREP accreditation.

Financial support (https://rpse.education.wisc.edu/admissions-and-aid/funding-and-financial-aid/) is available to some qualified graduate students and may include scholarships, traineeships, teaching assistantships, and/or research/project assistantships.

Employment opportunities following graduation include nonprofit rehabilitation programs, state vocational rehabilitation programs, private rehabilitation and employment support agencies, mental health agencies, substance abuse treatment agencies, corrections settings, and educational settings including high schools, colleges, and universities.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | February 15 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |

| | |
|---|---|
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Complete application information is available on the program website (https://rpse.education.wisc.edu/admissions-and-aid/). Applicants are expected to meet general requirements for admission to the Graduate School. The following factors will be considered by the admissions committee: aptitude for graduate-level study, relevance of prior academic work and career goals, stated goals for graduate study, employment history, potential success in forming effective counseling relationships, respect for cultural differences, evidence of writing and research skill, and letters of recommendation.

This program may require direct client or patient contact; therefore, this program may not be suitable for students on a J-1 visa. Federal regulations prevent J-1 visa holders from participating in direct client or patient contact. J-1 visa holders admitted to this program will need to work closely with the program and their visa sponsor (ISS, Fulbright, IIE, etc.) to fulfill any degree requirements related to clinical activity.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. ### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

Students are still required to complete 60 credits while a graduate student in the program per accreditation requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

With program approval, Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special student at UW–Madison

With program approval, refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Students are assigned a faculty advisor upon admission to the program.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (https://studyabroad.wisc.edu/)), or issues not covered by other campus policies or grievance procedures.

> For grievances regarding discrimination based on protected bases (https://compliance.wisc.edu/eo-complaint/) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (https://compliance.wisc.edu/eo-complaint/).
>
> For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (https://compliance.wisc.edu/titleix/) within the Office of Compliance.
>
> For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at https://conduct.students.wisc.edu/).

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
   a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
   b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days[1] of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

[1] For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

> Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (https://grad.wisc.edu/documents/grievances-and-appeals/).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate mastery of the knowledge domains of the rehabilitation counseling profession including understanding the theoretical and historical foundations of the field of rehabilitation counseling and the ability to identify current best practices and challenges in the field. Specific knowledge domains are outlined by the rehabilitation counseling professional accrediting body, Council for the Accreditation of Counseling and Related Programs (CACREP).
2. Successfully apply the knowledge gained through course work to practical experiences in community rehabilitation settings.
3. Be prepared to enter professional positions in fields related to rehabilitation counseling including vocational rehabilitation, mental health counseling, advocacy, and support of individuals with disabilities.
4. Recognize and apply principles of ethical and professional conduct.
5. Meet learning outcomes related to CACREP (Council for Accreditation of Counseling and Related Educational Programs) standards.

## ACCREDITATION

## CERTIFICATION/LICENSURE

# CERTIFICATION/LICENSURE

Commission on Rehabilitation Counselor Certification (https://www.crccertification.com/)

| Year of Exam | UW-Madison Graduates: First Attempt | Nationa First Attemp |
|---|---|---|
| 2024-2025 | 71% | 63% |
| 2023-2024 | 76% | 60% |
| 2022-2023 | 59% | 60% |

### PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational

requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

### The requirements of this program meet certification/licensure requirements in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, District of Columbia; American Samoa, Guam, Northern Mariana Islands, Puerto Rico, U.S. Virgin Islands

### The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

# REHABILITATION COUNSELOR EDUCATION, PHD

The PhD program in rehabilitation counselor education prepares graduates to serve as university professors in rehabilitation counseling and closely related academic programs. The program is a leader in preparing PhD professionals who go on to serve in teaching, research, and program administration at universities throughout the U.S. and internationally.

Through a rigorous program combining scholarly inquiry with opportunities for university-level teaching practice and applied internship practice, students gain outstanding research, leadership, and professional skills. Employment opportunities following graduation include public and private educational, rehabilitation, and mental health agencies, colleges and universities, and research settings.

Faculty members work closely with doctoral students on research projects including several Rehabilitation Research and Training Centers, technical assistance projects focused on promoting evidence-based practices in vocational rehabilitation and program evaluation, and the Vocational Rehabilitation Technical Assistance Center for Quality Employment (VRTAC-QE). In addition, faculty routinely involve students in a full array of professional activities. These may include serving as editors or editorial board members for journals, preparing materials for litigation involving civil rights violations of persons with disabilities, preparing research and training grant applications, preparing training materials, and involvement in clinical cases.

For more information on current research projects, visit the department's Featured Research Projects page (https://rpse.education.wisc.edu/research/featured-research-projects/).

Financial support is available to qualified graduate students and may include scholarships, traineeships, teaching assistantships, and research/project assistantships.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 1 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | Not required. |
| Letters of Recommendation Required | 3 |

This program may require direct client or patient contact; therefore, this program may not be suitable for students on a J-1 visa. Federal regulations prevent J-1 visa holders from participating in direct client or patient contact. J-1 visa holders admitted to this program will need to work closely with the program and their visa sponsor (ISS, Fulbright, IIE, etc.) to fulfill any degree requirements related to clinical activity.

## ADMISSION REQUIREMENTS

Applicants must have a master's degree in rehabilitation counseling, counseling, psychology, or other relevant field to be considered for admission.

Applicants are expected to meet general requirements for admission to the Graduate School. The following factors will be considered by the admissions committee:

- aptitude for doctoral-level study,
- relevance of prior academic work and career goals,
- stated goals for doctoral study,
- employment history,
- potential success in forming effective counseling relationships,
- respect for cultural differences,
- evidence of writing and research skill, and
- letters of recommendation.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Your financial support during doctoral studies is contingent upon maintaining satisfactory academic progress and the availability of funds. Please visit our program website (https://rpse.education.wisc.edu/admissions-and-aid/funding-and-financial-aid/) for current funding information.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 66 credits |
| Minimum Residence Credit Requirement | 33 credits |
| Minimum Graduate Coursework Requirement | 33 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.50 GPA required. |
| Other Grade Requirements | n/a |
| Assessments and Examinations | Students are assessed between the 2nd and 3rd preliminary exams to determine continuation in program.<br>Four preliminary examinations<br>Dissertation final oral committee examination |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | PhD students in the Rehabilitation Counselor Education program may elect and in some rare cases may be required to develop a minor area of concentration. This minor is optional for most students. Students who wish to complete a cohesive body of work outside the major may wish to obtain a doctoral minor. Students are expected to consult with their advisors concerning minor/breadth requirements. |

## REQUIRED COURSES

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer graduate coursework from other institutions. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits taken as an undergraduate are allowed to transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

The Rehabilitation Counselor Education program maintains a higher satisfactory progress standard than the Graduate School. This program requires a cumulative GPA of 3.5 for formal admission to doctoral candidacy. Students are placed on probation if they do not maintain a 3.5 cumulative GPA and may be dismissed from the program.

## ADVISOR / COMMITTEE

Students are assigned a faculty advisor upon admission to the program.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Doctoral students have five years from the date of passing the preliminary examination to take the final oral examination and deposit the dissertation.

A candidate for a doctoral degree who fails to take the final oral examination within five years after passing the preliminary examination is required to take another preliminary examination and be admitted to candidacy a second time.

Deposit of the doctoral dissertation in the Graduate School is required.

## School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (https://studyabroad.wisc.edu/)), or issues not covered by other campus policies or grievance procedures.

> For grievances regarding discrimination based on protected bases (https://compliance.wisc.edu/eo-complaint/) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (https://compliance.wisc.edu/eo-complaint/).
>
> For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (https://compliance.wisc.edu/titleix/) within the Office of Compliance.
>
> For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at https://conduct.students.wisc.edu/).

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
   a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
   b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days[1] of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

[1] For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.

2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

> Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (https://grad.wisc.edu/documents/grievances-and-appeals/).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field.
2. Formulates ideas, concepts, designs, and/or techniques beyond the current boundaries of knowledge within the field.
3. Creates research, scholarship, or performance that makes a substantive contribution to the field.
4. Communicates complex ideas in a clear and understandable manner.
5. Demonstrates breadth within their learning experiences in the doctoral program in rehabilitation psychology.
6. Shares knowledge and research in the field with students in a clear and engaging manner; effectively communicates with students within and outside of class; advances contributions of the field to society.
7. Participates in public and professional service.
8. Serves as a model of ethical and professional conduct. Promote the ethical and professional conduct of researchers, educators, and practitioners of rehabilitation psychology and rehabilitation counseling.

## ACCREDITATION

# ACCREDITATION

## CERTIFICATION/LICENSURE

# CERTIFICATION/LICENSURE

### PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure.

The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

### The requirements of this program meet certification/licensure requirements in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming; District of Columbia; American Samoa, Guam, Northern Mariana Islands, Puerto Rico, U.S. Virgin Islands

### The requirements of this program do not meet certification/licensure requirements in the following states:

Updated: 1 June 2026

# SPECIAL EDUCATION, MS

The MS degree in Special Education prepares students to serve as resources and advocates for students with disabilities and their families, and to work cooperatively with schools and community agencies to improve the quality of life for students with disabilities. The MS degree in Special Education offers two named options: the Teacher Certification program and the Research and Theory program.

Graduates of the Teacher Certification program are eligible to apply for Wisconsin K-12 cross-categorical Special Education licensure. The program is an applied professional training program, preparing students to go directly into positions as Special Education teachers. Students enrolled in this program are not permitted to accept teaching assistantships, project assistantships, research assistantships, or other graduate appointments that would result in a tuition waiver. Additionally, students are unable to take courses outside the required courses listed under the "Requirements" section or dual major while in this program.

The Research and Theory program option focuses on graduate-level research and theory in the field of Special Education. A plan of study generally includes multiple research courses and theory courses in Special Education as well as related coursework from other departments that contribute to the student's academic and research interests. The program deepens students' academic preparation to understand key questions and issues in the field of special education and to strengthen students' analytical and research skills. These skills contribute to the development of high-quality scholars and leaders in the field. Most graduates choose to pursue further study in a doctoral program, or to pursue positions in schools or community-based agencies, or advocacy organizations that promote independence and inclusion for individuals with disabilities.

Special Education faculty research focuses on the following areas:

- Research methodologies in special education
- Diversity and equity issues in the field of special education
- Literacy and reading instruction for individuals with disabilities
- Teacher education and preparation of high-quality special education teachers
- Evidence-based interventions with students with severe disabilities including multiple disabilities, intellectual disability and autism
- Special education issues in adolescence, transitional and vocational education

## ADMISSIONS

# ADMISSIONS

Students apply to the MS in Special Education through one of the named options:

- Research and Theory (p. 1787)

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM INFORMATION

For current funding opportunities, visit the department's Funding and Financial Aid page (https://rpse.education.wisc.edu/admissions-and-aid/funding-and-financial-aid/).

### Special Education with Teacher Certification Program Restrictions

Students enrolled in this program are allowed to accept teaching assistantships, project assistantships, and research assistantships, but will not receive tuition remission.

### Teacher Pledge

The School of Education pledges to pay the equivalent of in-state tuition and fees, testing, and licensing costs for all teacher education students, including Special Education Teacher Certification MS students. In return, you pledge to work at a Wisconsin PK-12 school for three to four years

after graduation. Restrictions apply. Please see the Teacher Education Center's website (https://tec.education.wisc.edu/teacher-pledge/) for more information.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be in graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | See Named Option for policy information. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

Select a Named Option for required courses.

# NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Special Education must select one of the following named options:

View as listView as grid

- **SPECIAL EDUCATION: RESEARCH AND THEORY, MS (P. 1787)**
- **SPECIAL EDUCATION: TEACHER CERTIFICATION, MS (P. 1791)**

## POLICIES

# POLICIES

Students should refer to one of the named options for policy information:

- Research and Theory (p. 1787)
- Teacher Certification (p. 1791) (Suspended summer 2027, discontinued fall 2028)

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Research and Theory Proficiency: Describe current and emerging theories and research methods in special education.
2. Critical Thinking and Evidence-Based Decision-Making: Identify, critically analyze, and evaluate research in special education and related fields to inform practice.
3. Inclusive, Equitable, and Culturally-Responsive Practices: Apply inclusive, equitable, and culturally responsive teaching and expansive learning practices to facilitate the academic, social, and emotional growth of individuals with disabilities.
4. Collaboration and Teaming: Apply culturally responsive and transformative practices to collaborate with students, families, communities, and/or other related professionals to promote the well-being of individuals with disabilities across a wide range of settings.
5. Ethical and Professional Practice: Engage in professional learning and practice within ethical standards articulated by professional organizations (e.g., Council for Exceptional Children) and legal guidelines (e.g., Individuals with Disabilities Education Act).

## CERTIFICATION/LICENSURE

# CERTIFICATION/LICENSURE

## SPECIAL EDUCATION: TEACHER CERTIFICATION

Recommendation for certification to the state of Wisconsin Department of Public Instruction for a teaching license also requires successful completion of state mandated certification requirements including:

- Wisconsin Foundations of Reading Test - WFoRT: Minimum passing score - 240 or successful completion of the WFoRT Alternative

Portfolio Assessment and completion of RP & SE 465 Language and Reading Instruction for Students with Disabilities with a grade of B or higher

- Final Performance Assessment Portfolio

For more information on required tests, see: https://tec.education.wisc.edu/current-students/applying-for-your-wisconsin-license/

## PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

# SPECIAL EDUCATION: RESEARCH AND THEORY, MS

This is a named option in the Special Education MS (http://guide.wisc.edu/graduate/rehabilitation-psychology-special-education/special-education-ms/).

The master's degree research program is flexible and individualized to meet the needs of each student. Programs can provide:

- Advanced study in areas of special education for students who are already certified to teach.
- Predoctoral study consisting of clinical and academic coursework.

Together, the student and a faculty advisor design a master's program based on the student's previous education, experience, and interests. Completion of the degree requires a minimum of 30 graduate degree credits, to include a research seminar course (RP & SE 700) and additional coursework determined in consultation with a faculty advisor. Students completing this degree program are also required to complete a project and/or thesis and must pass a culminating master's comprehensive examination.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 1 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | Not applicable |
| Letters of Recommendation Required | 2 |

Applicants are required to submit:

- Statement of purpose
- 2 letters of recommendation
- Current CV/resume
- Unofficial transcript(s)

The admissions committee considers a variety of factors including academic preparation, letters of recommendation, personal statement, and professional experiences. Additional application information is available on the department website (https://rpse.education.wisc.edu/admissions-and-aid/). Applicants are expected to meet general requirements for admission to the Graduate School.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM INFORMATION

There is no guaranteed funding to complete the Special Education Masters Research & Theory named option. Students in the Special Education Research & Theory named option are eligible to work for any department/unit on campus and receive tuition remission.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | Students in the Theory and Research named option are required to complete a master's project or thesis. Project and/or thesis will be determined in consultation with faculty advisor. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

A minimum of 30 credits to include:

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| RP & SE 780 | Introduction to Research in Special Education | 3 |
| RP & SE 690 | Research or Thesis | 3 |
| **Electives** | | |
| Students complete 9 credits from the following courses: | | 9 |
| RP & SE 320 | Introduction to Teaching in Special Education | |
| RP & SE/ CURRIC 365 | Teaching Mathematics in Inclusive Settings | |
| RP & SE 435 | Overview of Early Childhood Special Education | |
| RP & SE 464 | Diagnosis, Assessment, and Instructional Planning in Special Education | |
| RP & SE 465 | Language and Reading Instruction for Students with Disabilities | |
| RP & SE 472 | Methods in Transition and Vocational Education | |
| RP & SE 473 | Classroom Management for Inclusive Classrooms | |
| RP & SE 510 | Partnering with Families and Other Professionals in Early Childhood Special Education | |
| RP & SE 515 | Access to the General Curriculum for Students with Disabilities | |
| RP & SE 605 | Development, Learning and Education Foundations in Special Education | |
| RP & SE 710 | Multicultural Issues in Special Education | |
| **Additional Coursework** | | |

| | |
|---|---|
| To satisfy minimum credit requirement, complete additional courses to be determined in consultation with faculty advisor | 15 |
| **Total Credits** | **30** |

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Students are assigned a faculty advisor upon admission to the program.

## CREDITS PER TERM ALLOWED

15 credit minimum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (https://studyabroad.wisc.edu/)), or issues not covered by other campus policies or grievance procedures.

> For grievances regarding discrimination based on protected bases (https://compliance.wisc.edu/eo-complaint/) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (https://compliance.wisc.edu/eo-complaint/).
>
> For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (https://compliance.wisc.edu/titleix/) within the Office of Compliance.
>
> For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at https://conduct.students.wisc.edu/).

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
   a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
   b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days[1] of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

[1] For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

> Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (https://grad.wisc.edu/documents/grievances-and-appeals/).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

# SPECIAL EDUCATION: TEACHER CERTIFICATION, MS

**The Teaching Certification named option in the Special Education, MS no longer admits new students after Fall 2026 and the program will be discontinued Fall 2028.** If you have any questions, please contact the department (see contact box).

This is a named option in the Special Education MS (http://guide.wisc.edu/graduate/rehabilitation-psychology-special-education/special-education-ms/).

The MS Special Education Teacher Certification program is an initial certification program preparing students to:

- Serve as resources and advocates for persons with disabilities and their families
- Work cooperatively in and outside schools to improve the quality of life for individuals with disabilities and their families
- Assume leadership to enhance the education of all students

Graduates are eligible to apply for a K-12 cross-categorical Special Education license.

Students enrolled in this program are not permitted to accept teaching assistantships, project assistantships, research assistantships, or other graduate appointments that would result in a tuition waiver. Additionally, students are unable to take courses outside the required courses listed under the "Requirements" section or dual major while in this program.

## ADMISSIONS

# ADMISSIONS

**The Teaching Certification named option in the Special Education, MS no longer admits new students after Fall 2026 and the program will be discontinued Fall 2028.** If you have any questions, please contact the department (see contact box).

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Periodically, the Department will have grant funding available. Interested applicants should send funding inquiries to rpseinfo@education.wisc.edu

#### Teacher Pledge

The School of Education pledges to pay the equivalent of in-state tuition and fees, testing, and licensing costs for all teacher education students, including Special Education Teacher Certification MS students. In return, you pledge to work at a Wisconsin PK-12 school for three to four years after graduation. Restrictions apply. Please see the Teacher Education Center's website (https://tec.education.wisc.edu/teacher-pledge/) for more information.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | Yes | No | No | Yes |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business

schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 44 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be in graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | Students who do not complete the Wisconsin teacher certification examinations will be required to complete a comprehensive examination and a master's project or thesis. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| RP & SE 320 | Introduction to Teaching in Special Education | 3 |
| RP & SE/ CURRIC 365 | Teaching Mathematics in Inclusive Settings | 3 |
| RP & SE 464 | Diagnosis, Assessment, and Instructional Planning in Special Education | 3 |
| RP & SE 465 | Language and Reading Instruction for Students with Disabilities | 3 |
| RP & SE 472 | Methods in Transition and Vocational Education | 3 |
| RP & SE 473 | Classroom Management for Inclusive Classrooms | 3 |
| RP & SE 515 | Access to the General Curriculum for Students with Disabilities | 3 |
| RP & SE 605 | Development, Learning and Education Foundations in Special Education | 3 |
| RP & SE 710 | Multicultural Issues in Special Education | 3 |
| RP & SE 780 | Introduction to Research in Special Education | 3 |
| **Practicum Requirement** [1] | | |
| Students complete the following practicums: | | 5 |
| RP & SE 475 | Special Education Practicum: Early Childhood and Elementary | |
| RP & SE 476 | Special Education Practicum: Secondary (Grades 4-12) | |
| or RP & SE 480 | Practicum in Teaching Literacy: Secondary Special Education (Grades 4-12) | |
| **Student Teaching and Seminar Requirement** | | **9** |
| RP & SE 467 & RP & SE 477 | Elementary Student Teaching Seminar and Special Education Student Teaching: Elementary (PK - Grade 9) | |
| RP & SE 468 & RP & SE 478 | Secondary Student Teaching Seminar and Special Education Student Teaching: Secondary (Grades 4-12) | |
| **Total Credits** | | **44** |

[1] At minimum, complete 5 credits of practicum: RP & SE 475 for 3 credits and 2 credits of RP & SE 476 or RP & SE 480, but students may take additional credits according to their program plan.

### Tests

For more information on required tests, refer to the certification/licensure information (p. 1786).

### Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

A semester GPA below 3.0 will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained during the subsequent semester of full time enrollment (or 12 credits of enrollment if enrolled part-time) the student may be dismissed from the program or allowed to continue for one additional semester based on advisor appeal to the Graduate School.

## ADVISOR / COMMITTEE

Students are assigned a faculty advisor upon admission to the program.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (https://studyabroad.wisc.edu/)), or issues not covered by other campus policies or grievance procedures.

> For grievances regarding discrimination based on protected bases (https://compliance.wisc.edu/eo-complaint/) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (https://compliance.wisc.edu/eo-complaint/).
>
> For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (https://compliance.wisc.edu/titleix/) within the Office of Compliance.
>
> For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at https://conduct.students.wisc.edu/).

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
   a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
   b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern

is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.

3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days[1] of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

[1] For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (https://grad.wisc.edu/documents/grievances-and-appeals/).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# SPECIAL EDUCATION, PHD

The PhD program prepares leaders in the field of special education to bring systemic change to educational and community settings in ways that improve access and equity for children and youth with disabilities and their families. The program prepares graduates to address pressing issues in the field including increasing equity across diverse groups of students, improving post-school outcomes for individuals with disabilities, and enhancing teacher efficacy in special education.

Faculty research focuses on the following areas:

- Research methodologies in special education
- Diversity and equity issues in the field of special education
- Literacy and reading instruction for individuals with disabilities
- Teacher education and preparation of high-quality special education teachers
- Evidence-based interventions with students with severe disabilities including multiple disabilities, intellectual disability and autism
- Special education issues in adolescence, transitional and vocational education

Special education is one of the two academic areas in the Department of Rehabilitation Psychology and Special Education. The areas are joined by a common mission of preparing professional leadership personnel to address the educational and rehabilitation needs of individuals with disabilities across the life span. Special education addresses the needs of children, youth, and young adults through its teacher education, research and service programs. Rehabilitation psychology addresses the needs of older youth, young adults, and adults. Department faculty in both areas join resources to provide training and research programs that promote successful transition from school to the world of work, post-secondary education and successful psycho-social adaptation for individuals with disabilities.

The department is a national and international leader in preparing PhD professionals to serve in leadership positions in university teaching, research, and program administration. This leadership is evidenced by the publication and research record of its faculty and graduates, and by the routine placement of PhD graduates in major universities and colleges.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

### ADMISSION REQUIREMENTS

Applicants must have a master's degree in special education, education, curriculum and instruction, teacher preparation, or another related field to be considered for the program.

Applicants are expected to meet general requirements for admission to the Graduate School. The admissions committee considers a variety of factors including:

- academic preparation,
- letters of recommendation,
- personal statement, and
- professional experiences.

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Your financial support during doctoral studies is contingent upon maintaining satisfactory academic progress and the availability of funds. Please visit our program website (https://rpse.education.wisc.edu/admissions-and-aid/funding-and-financial-aid/) for current funding information.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 54 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 27 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | In addition to required coursework, students must pass a qualifying examination, preliminary examination, dissertation, and final oral committee examination. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/). |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Special Education Core/Seminars** | | |
| RP & SE 871 | Foundations of Special Education | 3 |
| RP & SE 872 | Seminar in Special Education Research | 3 |
| RP & SE 710 | Multicultural Issues in Special Education | 3 |
| *Seminars* | | |
| Students must complete at least 9 credits of additional seminar coursework. Courses are selected in consultation with faculty advisor. Typically, students fulfill this requirement with courses numbered 600 and above with the Grad 50% designation. Additional RP & SE seminar courses may fulfill requirement, including those listed below. | | 9 |
| RP & SE 660 | Special Topics (Chosen in consultation with faculty advisor) | |
| RP & SE 855 | Cultural-Historical Activity Theory | |
| RP & SE 875 | Mixed Methods Inquiry in Disability, Education and Related Research | |
| **Breadth** | | |
| Students must choose courses in consultation with faculty advisor. | | 9 |
| **Research Design and Statistics** | | |
| Students must complete the following courses. Students must complete at least an additional 6 credits of coursework in this category chosen in consultation with faculty advisor. | | 15 |
| ED PSYCH 760 | Statistical Methods Applied to Education I | |
| ED PSYCH 761 | Statistical Methods Applied to Education II | |
| RP & SE/ COUN PSY/ CURRIC/ED POL/ ED PSYCH/ ELPA 719 | Introduction to Qualitative Research | |
| **Internships** | | |
| Complete 6 credits of the following: | | 6 |
| RP & SE 941 | Internship: Research | |
| RP & SE 942 | Internship in Postsecondary Teaching | |
| **Dissertation** | | |
| Complete 6 credits of the following: | | 6 |
| RP & SE 990 | Research or Thesis | |
| **Total Credits** | | **54** |

POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits taken as an undergraduate are allowed to count transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Students are assigned a faculty advisor upon admission to the program. See the program handbook for additional information about advising.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Doctoral students have five years from the date of passing the preliminary examination to take the final oral examination and deposit the dissertation.

A candidate for a doctoral degree who fails to take the final oral examination within five years after passing the preliminary examination is required to take another preliminary examination and be admitted to candidacy a second time.

Deposit of the doctoral dissertation in the Graduate School is required.

- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### School of Education Grievance Policy and Procedures

The following School of Education Student Grievance Policy and associated procedures are designed for use in response to individual student grievances regarding faculty or staff in the School of Education.

Any individual student who feels they have been treated unfairly by a School of Education faculty or staff member has the right to file a grievance about the treatment and receive a timely response addressing their concerns. Any student, undergraduate or graduate, may use these grievance procedures, except employees whose complaints are covered under other campus policies. The grievance may concern classroom treatment, mentoring or advising, program admission or continuation, course grades (study abroad grade complaints are handled through International Academic Programs (https://studyabroad.wisc.edu/)), or issues not covered by other campus policies or grievance procedures.

> For grievances regarding discrimination based on protected bases (https://compliance.wisc.edu/eo-complaint/) (i.e., race, color, national origin, sex, disability, age, etc.), contact the Office of Compliance (https://compliance.wisc.edu/eo-complaint/).
>
> For grievances or concerns regarding sexual harassment or sexual violence (including sexual assault, dating/domestic violence, stalking, and sexual exploitation), contact the Sexual Misconduct Resource and Response Program (https://compliance.wisc.edu/titleix/) within the Office of Compliance.
>
> For grievances that involve the behavior of a student, contact the Office of Student Conduct and Community Standards in the Dean of Students Office at https://conduct.students.wisc.edu/).

For grievances about, or directed at, faculty or staff in a School of Education department, unit, or program, students should follow these steps:

1. Students are strongly encouraged to first talk with the person against whom the concern is directed. Many issues can be settled informally at this level. If students are unable to resolve concerns directly or without additional support, step 2 or 3 should be pursued.
2. If unresolved after taking or considering step 1:
   a. If the concern is directed against a teaching assistant (TA), and the student is not satisfied, the student should contact the TA's supervisor, who is usually the course professor. The course professor will attempt to resolve the concern informally.
   b. If the concern involves a non-TA instructor, staff member, professor, academic department, or School of Education office or unit, the student should contact the chair of the department or the director of the office or unit, or their designee. The chair or director, or their designee, will attempt to resolve the concern informally. If the concern is about the department chair or office/unit director, the student should consult the School of Education Senior Associate Dean for guidance.
3. If the concern remains unresolved after step 2, the student may submit a formal grievance to the chair or director in writing within 30 business days[1] of the alleged unfair treatment. To the fullest extent possible, a formal written grievance shall contain a clear and concise statement of the issue(s) involved and the relief sought.
4. On receipt of a written grievance, the chair or director will notify the person at whom the grievance is directed with a copy of the written grievance. The person at whom the complaint is directed may submit a written response, which would be shared with the student.
5. On receipt of a written grievance, the chair or director will refer the matter to a department, office, or unit committee comprised of at least two members. The committee may be an existing committee or one constituted for this purpose. The committee, or delegates from the committee, may meet with the parties involved and/or review any material either party shares with the committee.
6. The committee will provide a written description of the facts of the grievance and communicate recommendations to the department chair or office/unit head regarding how the grievance should be handled.
7. The chair or director will offer to meet with the student who made the grievance and also will provide a written decision to the student, including a description of any related action taken by the committee, within 30 business days of receiving the formal grievance.

[1] For the purpose of this policy, business days refers to those days when the University Offices are open and shall not include weekends, university holidays, spring recess, or the period from the last day of exams of fall semester instruction to the first day of spring semester instruction. All time limits may be modified by mutual consent of the parties involved.

If the grievance concerns an undergraduate course grade, the decision of the department chair after reviewing the committee's recommendations is final.

Other types of grievances may be appealed using the following procedures:

1. Both the student who filed the grievance or the person at whom the grievance was directed, if unsatisfied with the decision of the department, office or unit, have five (5) business days from receipt of the decision to contact the Senior Associate Dean, indicating the intention to appeal.
2. A written appeal must be filed with the Senior Associate Dean within 10 business days of the time the appealing party was notified of the initial resolution of the complaint.
3. On receipt of a written appeal, the Senior Associate Dean will convene a sub-committee of the School of Education's Academic Planning Council. This subcommittee may ask for additional information from the parties involved and/or may hold a meeting at which both parties will be asked to speak separately (i.e., not in the room at the same time).
4. The subcommittee will then make a written recommendation to the Dean of the School of Education, or their designee, who will render a decision. The dean or designee's written decision shall be made within 30 business days from the date when the written appeal was filed with the Senior Associate Dean. For undergraduate students, the dean or designee's decision is final.

Further appealing a School of Education decision – *graduate students only*

> Graduate students have the option to appeal decisions by the School of Education dean or designee by using the process detailed on the Graduate School's website (https://grad.wisc.edu/documents/grievances-and-appeals/).

Questions about these procedures can be directed to the School of Education Dean's Office, 377 Education Building, 1000 Bascom Mall, 608-262-1763.

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. (Conceptual Knowledge) Formulates ideas, concepts, designs, and/or techniques within and beyond the current boundaries of knowledge, or practice within the field of study; demonstrates breadth within their learning experiences.
2. (Research Skills) Articulates research problems, potentials, and limits with respect to theory, knowledge, or practice within the field of study; creates research, scholarship, or performance that makes a substantive contribution.
3. (Teaching/Advising Skills) Shares knowledge and research in the field with students in a clear and engaging manner; effectively communicates with students within and outside of class; advances contributions of the field of study to society.
4. (Communication and Leadership Skills) Communicates complex ideas in a clear and understandable manner to a variety of audiences.
5. (Service) Participates in public and professional service.
6. (Professionalism/Ethics) Demonstrates the ability to work well with others, participates in professional organizations, adheres to ethical standards of research protocol and professional behavior.

## CERTIFICATION/LICENSURE

# CERTIFICATION/LICENSURE

### PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

**The requirements of this program meet certification/licensure requirements in the following states:**
Wisconsin

**The requirements of this program do not meet certification/licensure requirements in the following states:**

# RELIGIOUS STUDIES

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Religious Studies, Doctoral Minor (p. 1799)

# RELIGIOUS STUDIES, DOCTORAL MINOR

Religious Studies has emerged as one of the most significant interdisciplinary programs on campus. It includes faculty from more than twenty departments and offers dozens of courses covering all of the world's major and many of its minor religious traditions. Chronologically, the program's offerings range from ancient to modern times; geographically, they span the globe; and methodologically, they range across the humanities and social studies, with special attention to the theories and methods which have developed in the field of religious studies itself. The program does not offer a graduate degree, but the

Religious Studies Program does award a minor to doctoral students enrolled in other departments. In exceptional circumstances, students admitted to a doctoral-degree-granting department may be granted permission to pursue a special committee doctorate in Religious Studies; for information on such degrees, contact the Graduate School.

## ADMISSIONS

# ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

Students interested in a doctoral minor in Religious Studies must meet with their doctoral minor advisor to create a plan of study.

## REQUIREMENTS

# REQUIREMENTS

Students must complete at least 10 credits (four courses) in Religious Studies (RELIG ST (https://guide.wisc.edu/courses/relig_st/)) courses numbered 300 or above along with the following requirements:

1. Earn a grade of B or better in minor coursework;
2. Complete one Approaches to Religion course (see list below);
   a. RELIG ST 600 Religion in Critical Perspective is strongly recommended.

### CROSS-LISTED COURSES

To receive course credit toward the minor, students must enroll for in the Religious Studies (RELIG ST (https://guide.wisc.edu/courses/relig_st/)) subject, rather than from within any cross-listing department.

### MINOR CERTIFICATION FORM

Students must complete the doctoral minor certification form (https://religiousstudies.wisc.edu/phd-minor/).

### APPROACHES TO RELIGION COURSES

| Code | Title | Credits |
|---|---|---|
| RELIG ST/ ANTHRO 343 | Anthropology of Religion | 3-4 |
| RELIG ST/ COM ARTS 374 | The Rhetoric of Religion | 3 |
| RELIG ST/ PHILOS 501 | Philosophy of Religion | 3-4 |
| RELIG ST/CURRIC/ ED POL 516 | Religion and Public Education | 3 |
| RELIG ST 600 | Religion in Critical Perspective | 3 |

# RISK AND INSURANCE

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Business: Risk Management and Insurance, MBA (p. 1800)

# BUSINESS: RISK MANAGEMENT AND INSURANCE, MBA

**The Business: Risk Management and Insurance, MBA no longer admits new students after Fall 2026 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

Founded in 1900, the School of Business established one of the first five business programs in the nation. That entrepreneurial spirit remains strong.

As a student in the School of Business, you will find yourself inspired by peers, staff, alumni, business leaders, and world-renowned faculty who are focused, collaborative, and engaged in every aspect of the student experience. You will join a highly ranked program that equips you to meet both academic and career challenges. Employers value School of Business graduates because of the comprehensive preparation this learning environment provides. Graduates possess highly sought-after general management and specialized expertise in business.

Joining collaborative, inspiring, trustworthy, and progressive School of Business alumni, Business Badgers graduate prepared to lead their organizations to success and transform the world of business. Together Forward!

The MBA in Business: Risk Management and Insurance program has a long tradition of innovation and excellence, opening its doors more than 70 years ago, and consistently ranks in the top handful of programs in the country. Students who graduate from our risk management and insurance program do so with exceptionally strong critical thinking and analytical skills, aided by a vast array of experiences interacting with business professionals in risk management consulting, finance, and operations. See the program website (https://business.wisc.edu/graduate/mba/full-time/specializations/risk-management-insurance/) for more information.

## ADMISSIONS

# ADMISSIONS

**The Business: Risk Management and Insurance, MBA no longer admits new students after Fall 2026 and the program will be**

**discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

| Requirements | Detail |
|---|---|
| Fall Deadline | See program webpage: https://business.wisc.edu/graduate/mba/full-time/admissions (https://business.wisc.edu/graduate/mba/full-time/admissions/)/ |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | May be required in certain cases; consult program. |
| English Proficiency Test | All applicants whose native language is not English must submit scores from the Test of English as a Foreign Language (TOEFL), the Pearson Test of English (PTE), or the Intensive English as a Second Language (IELTS). A minimum iBT TOEFL score of 100 or equivalent, computer-based PTE score of 73 or equivalent, or IELTS score of 7.5 or equivalent, obtained within two years of the intended start term, is required. International applicants who have completed a degree at an institution whose primary language of instruction was English may request a waiver of this requirement on the application. |
| Other Test(s) (e.g., GMAT, MCAT) | GMAT may be required in certain cases; consult program. |
| Letters of Recommendation Required | 1* |

* Submission of a second letter of recommendation is optional.

Admission consideration for the MBA program requires a four-year undergraduate degree or the equivalent, in any discipline, from an accredited institution. The School of Business prefers a minimum of two years of professional work experience along with a strong undergraduate performance. In addition to academic credentials, a GMAT or GRE score, and work experience, personal achievements, motivation, communication skills (written and oral), and recommendation letters are all considered in the admission process at the master's and doctoral levels.

**Note:** The Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) must have been taken within five years prior to receiving an offer of admission.

## HOW TO APPLY

Students interested in Business degrees do not apply through the Graduate School application system and should instead refer to the School of Business Admissions page. (https://business.wisc.edu/graduate/mba/full-time/admissions/)

# FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Learn about costs and financial assistance on the program website (https://business.wisc.edu/graduate/mba/full-time/tuition/).

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 52 credits |
| Minimum Residence Credit Requirement | 46 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |

| | |
|---|---|
| Other Grade Requirements | Students may be required to retake a course in which they receive a grade lower than a C. |
| Assessments and Examinations | No required assessments or examinations beyond course requirements. |
| Language Requirements | No language requirements. |

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Integrate a holistic risk management process (framework) across all dimensions of an organization, implementing RM decisions that add value.
2. Apply fundamental insurance principles that support economic development through insurance markets.
3. Use appropriate qualitative and quantitative analysis, including statistical and data techniques, to support risk management decisions.
4. Demonstrate strong critical thinking skills as observed through their ability to debate various positions, ask skeptical questions, and probe underlying assumptions.
5. Set objectives, define success, establish priorities, and implement strategies to achieve goals.
6. Identify decision-making challenges, and implement strategies to address those challenges, in environments involving risk and uncertainty.
7. Incorporate diverse perspectives, value opinions of others, and work collegially.
8. Communicate effectively across diverse social and professional settings.
9. Demonstrate leadership qualities in moving the profession forward.
10. Build and develop teams and lead effectively at individual, group, and organizational level.
11. Communicate effectively on paper, in conversation, and by presentation.
12. Summarize complex problems, present results succinctly, and with logical flow, respond effectively to critical and skeptical questions, and listen to critiques.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures

and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program and department approval, students may transfer up to 6 credits of graduate coursework completed two years prior to admission at an AACSB accredited institution, in which a grade of B or better was earned.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from a UW–Madison or other institution undergraduate degree may transfer.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

No credits earned as a University Special Student at UW-Madison are allowed to transfer toward the degree.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) policy.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)

  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

***Any student who feels that they have been mistreated by a faculty or staff member has the right to lodge a complaint. Complaints may concern course grades, classroom treatment, program admission, or other issues. To ensure a prompt and fair hearing of any complaint and to protect both the student's rights and the person at whom the complaint is addressed, the grievance procedures below are used in the School of Business.***

The person against whom the complaint is directed must be an employee of the School of Business. Any student or potential student may use these procedures unless other campus rules or contracts cover the complaint:

1. If the student feels comfortable/safe doing so, the student should first talk with the person against whom the grievance is directed. Most issues can be settled at this level. If the complaint is directed against a teaching assistant (TA) and the student is not satisfied after discussion of the grievance with the TA, the next step would be to talk to the TA's supervisor, who is usually the course professor. If the complaint is still not resolved satisfactorily, the student may continue to step 2.
2. If the complaint involves an academic department, the student should contact the chair of the department. The chair will attempt to resolve the problem informally. If this cannot be done to the student's satisfaction, the student may submit the grievance to the chair in writing. This must be done within 60 calendar days of the alleged unfair treatment.
   a. If the complaint does not involve an academic department, the procedure outlined in Step 4 below should be followed.
3. On receipt of a written complaint, the chair will refer the matter to a departmental committee, which will obtain a written response from the person at whom the complaint is directed. This response shall be shared with the person filing the grievance. The chair will provide a written decision within 30 days to the student on the action taken by the committee.
4. If either party is not satisfied with the decision, they have five working days from receipt of the decision to contact the dean's office (at the number below), indicating the intention to appeal. If the complaint does not involve an academic department in the school, the student must contact the dean's office within 60 calendar days of the alleged unfair treatment.
5. In either case, there will be an attempt to resolve the issue informally by the appropriate associate dean. If this cannot be done, the

complaint can be filed in writing with the Office of the Dean. This must be done within 10 working days of the time the appealing party was notified that informal resolution was unsuccessful.

6. On receipt of such a written complaint, the Sr. Associate Dean for Faculty & Staff will convene a subcommittee of relevant stakeholders pending the nature of the issue. This subcommittee may ask for additional information from the parties involved and may hold a hearing at which both parties will be asked to speak separately. The subcommittee will then make a written recommendation to the dean of the School of Business who will render a decision. Unless a longer time is negotiated, this written decision shall be made within 20 working days from when the grievance was filed with the Office of the Dean.

*Questions about these procedures can be directed to the School of Business, Office of the Dean, 4339 Grainger, 975 University Avenue, 608-262-7867.*

*State law contains additional provisions regarding discrimination and harassment. Wisconsin Statutes 36.12 reads, in part: "No student may be denied admission to, participation in or the benefits of, or be discriminated against in any service, program, course or facility of the system or its institutions or center because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status or parental status." In addition, the UW System prohibits discrimination based on gender identity or gender expression. Students have the right to file discrimination and harassment complaints with the Office of Compliance, 361 Bascom Hall, 608-265-6018, uwcomplianceoffice@wisc.edu.*

The Graduate School has procedures for students wishing to appeal a grievance decision at the school/college level. These policies are described in the Graduate School's Academic Policies and Procedures: https://grad.wisc.edu/documents/grievances-and-appeals/

### OTHER

Students are expected to be enrolled full-time for all semesters. Exceptions may be granted in the final semester.

# SOCIAL WELFARE, PHD

# THE PHD PROGRAM IN SOCIAL WELFARE

The PhD program in Social Welfare strives to develop scholars, leaders, and social work educators who will advance knowledge about social work, social welfare policy, and intervention strategies from a behavioral and social science perspective to improve the quality of life of individuals, families, groups, communities, and organizations.

Our students work with award-winning research centers and institutes (https://research.wisc.edu/centers-cores/), such as the Institute for Research on Poverty, Institute on Aging, Waisman Center, School of Medicine and Public Health, and more. Our students choose from a wide selection of courses in world-renowned social and behavioral science departments including; Sociology, Economics, Educational Psychology, Human Development and Family Studies, the La Follette School of Public Affairs, Psychology, Gender Studies, Population Health, Nursing, and more.

The PhD program provides an interdisciplinary plan of study in basic and applied social research. In the program, doctoral students build and integrate knowledge in:

- a substantive or social problem area (e.g., child welfare, aging, developmental disabilities, end-of-life care, health, mental health, poverty);
- social science theory (e.g., theories of the life course, economic theory, psychopathology, organizational theory, stress process theories);
- research designs and statistical methodologies (e.g., program evaluation, policy analysis, longitudinal analysis).

The PhD Program in Social Welfare is an in-person, full-time program. Regardless of the program track, it typically takes four to six years to complete the program: two to three years for full-time doctoral

coursework and two to three years for completion of the preliminary exam and dissertation. The actual time students take to obtain the PhD degree will vary according to their previous preparation, progress in the program, and the nature of their dissertation work.

The UW-Madison Sandra Rosenbaum School of Social Work is known for its:

- National Reputation of Excellence
- Faculty Research
- Highly Recruited Graduates
- Strong Faculty Mentoring Model
- Individualized Programs of Study
- Substantial Financial Support
- Rigorous Interdisciplinary Research Training
- VibrantGraduate Student Community
- Opportunities to collaborate with world-renowned research centers and institutes
- Options to pursue interdisciplinary PhD minors in Aging; Prevention and Intervention Science; and Women's Studies, among others

# ABOUT THE SCHOOL OF SOCIAL WORK

The School of Social Work at UW–Madison is consistently ranked among the best schools of social work in the country. Faculty prepare social work professionals at the bachelor's, master's, and doctoral levels. Through the preparation of social work practitioners, scholars, and educators, faculty and students explore and seek to understand the nature of social problems, their impact on vulnerable populations, and ways to critically analyze and promote the achievement of a just, equitable, healthy, and productive society.

Social work faculty are noted for their scholarly work in developing a conceptual understanding of social work practice and policy, and in producing research in important social problem areas. For example, faculty took a leadership role in the development of the generalist model of practice now used by most social work programs. Faculty members have made valuable research contributions in the fields of aging, child welfare, developmental disabilities, and family and intergenerational caregiving, as well as in educational attainment and life-course decision-making, end-of-life care for older adults and palliative care, health disparities, homelessness, poverty, social policy, welfare reform, and child support. Drawing on strong faculty, excellent students, and the resources of a world-renowned university in a community rich with social and human service programs, there is much to offer prospective students: individualized, faculty-taught field education for master's students, nationally renowned faculty with a strong interdisciplinary focus, and hands-on research training in a highly individualized program of study for doctoral students.

The school offers unique opportunities for students to receive state-of-the-art professional training through its field education program. Student practice opportunities range from experiences in institutional and community-based settings to working with families and other significant caregivers, with individuals and groups, and in policy and service delivery issues.

**Mission:** The mission of the School of Social Work is to enhance human well-being and promote social and economic justice for people who are disadvantaged to achieve an equitable, healthy, and productive society. The school aims to:

- Create, advance, strengthen, and integrate interdisciplinary knowledge for students and the profession through research, scholarship, and practice.
- Educate students to become highly skilled, culturally competent, and ethical practitioners who will provide leadership for the profession of social work within the state of Wisconsin and nationally.
- Promote change at levels ranging from the individual client to national, including empowering communities and populations that are disadvantaged and developing humane service delivery systems.
- Create and disseminate knowledge regarding the prevention and amelioration of social problems.

The School of Social Work is one of five professional schools in the College of Letters & Science. As part of the college, the school maintains relationships with the other social studies and professional schools within the university system through interchange of faculty and students and through joint research and publication endeavors.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required but may be considered if available |
| English Proficiency | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/) and Social Welfare's higher requirements:<br>• Duolingo English Test: 130 |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |

| | |
|---|---|
| Letters of Recommendation Required | 3 |

The Sandra Rosenbaum School of Social Work is piloting a 2-year admissions cycle and will not accept Social Welfare PhD program applications for the 2026-2027 admissions cycle (fall 2027 entry). PhD program admissions will reopen for the 2027-2028 admissions cycle (fall 2028 entry).

School of Social Work PhD Admissions Committee requires:

- An undergraduate grade-point average of at least 3.00 (on a 4.00 scale) on the equivalent of the last 60 semester hours.
- A completed statistics course and 30 semester credits of social science courses.
- Evidence of research interest and potential for scholarship in a relevant social problem area. This is demonstrated in a carefully thought-out Statement of Reasons for Graduate Study, and other application materials. See the PhD Application (https://socwork.wisc.edu/admissions/phd-application/) page for details.

Applicants must complete an online application (https://grad.wisc.edu/apply/).

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Social Welfare PhD students receive a robust and competitive funding package. More details are available on our Funding page. Social Welfare PhD students are generally guaranteed* a minimum funding package consisting of a 33%, nine-month appointment for five years**.

Graduate assistantships appointed at 33% or higher provide multiple benefits:

- monthly stipend;
- remission*#of both resident and non-resident tuition (students will still need to paysegregated fees, roughly $726/semester); and
- eligibility for health insurance (health insurance options#for areasonable premium#are among the country's best group health insurance plans).

Support funding is available for current PhD students seeking conference, dissertation research activities (e.g., data collection costs, participant incentives, transcription), or emergency funding.

Additionally, incoming and current students are considered for PhD Scholarships and Awards.

*For students in good academic standing, making satisfactory progress in their coursework, performing acceptably in their appointed position, and remaining in residence.

**Many appointments or combinations of appointments go above the minimum guarantee of 33%, and may include summer appointments. However, the guarantee of funding is 33% for nine months for five years.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 43 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>This program follows the Graduate School's policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |

| | |
|---|---|
| Other Grade Requirements | Students must pass all courses with a grade of B or better. A student must retake any required course in which a lower grade than B is received, except for the statistics sequence where a grade of BC or C may be offset by a grade of A or AB in another statistics course. |
| Assessments and Examinations | Doctoral students are required to complete a comprehensive preliminary/oral examination after they have cleared their record of all Incomplete and Progress grades (other than research and thesis). Deposit of the doctoral dissertation in the Graduate School is required. |
| Language Requirements | n/a |
| Graduate School Breadth Requirement | Students are not required to complete a doctoral minor or graduate/professional certificate. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| SOC WORK 675 | Topics in Contemporary Social Welfare [1] | 2 |
| SOC WORK 708 | The Field of Social Work [1] | 2 |
| SOC WORK 711 | Human Behavior and the Environment [1] | 2 |
| SOC WORK 946 | Faculty Research Seminar | 1 |
| SOC WORK 947 | Student Research Seminar (taken twice for 1 credit each) | 2 |
| *Proseminar* | | |
| SOC WORK 948 | Proseminar (Quantitative Research Methods) | 3 |
| SOC WORK 949 | Proseminar (Quantitative Research Methods) | 3 |
| SOC WORK 950 | PhD Proseminar (Social Policy Seminar) [2] | 3 |
| SOC WORK 951 | PhD Proseminar (Applied Theory Seminar) [2] | 3 |
| SOC WORK 952 | PhD Proseminar (Applied Data Analysis) [3] | 3 |
| Students must complete one of the following for a second time: | | 3 |
| SOC WORK 950 | PhD Proseminar | |
| or SOC WORK 9 | PhD Proseminar | |
| **Electives** | | |
| *Social Science Theory* [4] | | |
| Students must complete 3 credits of Social Science Theory elective. This course must not be a Social Work (SOC WORK) course and should be taken outside of the Sandra Rosenbaum School of Social Work. | | 3 |
| *Substantive* [4] | | |
| Students must complete 6 credits of Substantive electives, including 3 credits outside of Social Work (SOC WORK) and taken outside of the Sandra Rosenbaum School of Social Work. | | 6 |
| *Statistics* | | *6-8* |
| *Statistics/Methods* [4] | | 6 |
| **Research** | | |
| Students enroll in the following course while working on their dissertation and complete sufficient credits to satisfy the minimum credit requirement. | | 3 |
| SOC WORK 990 | Thesis-Research | |
| **Total Credits** | | **51** |

1. Students entering with a BSW and/or MSW degree earned within the last ten years may use prior coursework to satisfy requirement.
2. Each course must be taken once.
3. SOC WORK 952 must be taken once (1). SOC WORK 952 may be taken twice, in which case it can satisfy a statistics/methods course requirement.
4. With PhD Program Chair approval, students may register for an independent reading course (SOC WORK 999) with faculty to fulfill the social science theory (must be a faculty member outside of the Sandra Rosenbaum School of Social Work) or a substantive or statistics/methods elective requirement for a maximum of 6 credits. This requires developing a proposed learning plan, identifying a faculty member with expertise in the area of interest, and requesting supervision. All plans must be approved by the PhD Program Chair before enrolling.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned from Other Institutions

Students may transfer up to 6 credits of social work coursework from a Masters of Social Work (MSW) program.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Students may transfer up to 6 credits of social work coursework from a Bachelor of Social Work (BSW) program.

### Credits Earned as Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Credits earned as a Professional student at UW-Madison are not allowed to transfer.

### Credits Earned as a University Special Student at UW-Madison

Students may transfer 6 credits of social work coursework earned as a University Special student.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR/COMMITTEE

Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) and Graduate School: Committees (Doctoral/Master's/MFA) (https://policy.wisc.edu/library/UW-1201/) policies.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Coursework earned more than 10 years prior to admission to the PhD program may not be used to satisfy degree credit minimums.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate understanding of social welfare problems, theories, policies, and programs.
2. Conceptualize and analyze approaches to improving social welfare problems, theories, policies, and programs.
3. Apply advanced quantitative and/or qualitative methodology for social welfare scholarship.
4. Develop knowledge and skills to teach and/or present social welfare-related material in professional contexts .
5. Demonstrate professional and ethical conduct.
6. Create research, scholarship, or programing that enhances social welfare.

# SOCIAL WORK ADVANCED STANDING, MSW

The MSW program is accredited by the Council on Social Work Education (CSWE). Full-Time Advanced Standing MSW Program students attending on a full-time basis generally complete the program in one academic year. Part-time students, both in the Part-Time Advanced Standing MSW Program and Full-Time Advanced Standing MSW Program attending part-time, complete it in two.

Advanced Standing students must have completed a degree from a CSWE-accredited undergraduate social work program. Students without a BSW should refer to Social Work, MSW (p. 1822).

## MSW PROGRAM GOALS

- Provide an MSW curriculum that builds on a liberal arts base, grounded in a person-in-environment, empowerment, and strengths perspective that promotes the values, ethics, and purposes of the profession.
- Prepare students for generalist and autonomous advanced generalist practice that is transferable across diverse contexts, locations, and problems by providing knowledge, values, and skills training regarding:
  - Populations and related social problems/issues;
  - Social, health, and/or human services systems and policies;
  - Systems of oppression, privilege, and power;
  - Multilevel and multimethod approaches based on scientific inquiry and best practices;
  - Ethical advocacy and social, economic, and environmental justice;
  - Reflective leadership;
  - Research-informed practice, and practice and program evaluation methods that contribute to the profession's knowledge base.
- Develop and maintain an inclusive environment that will attract, nurture, and support diversity within the School, among students, faculty, and staff.
- Cultivate and maintain partnerships with a variety of social, health and/or human service organizations to provide meaningful field experiences and supervision while respecting and contributing to their respective mission.

## THE MSW CURRICULUM

The school's curriculum is generalist social work practice in orientation. In courses across the curriculum, faculty interweave:

- content about social work values and ethics;
- content that promotes understanding, affirmation, and respect for people from diverse backgrounds;
- content on populations-at-risk, including strategies to respond to and strategies to redress risk factors; and
- content on social, economic and environmental justice grounded in an understanding of distributive justice, human and civil rights, and the global interconnections of oppression.

Advanced Standing MSW students complete a specialization year(s) with an Advanced Generalist Specialization with optional areas of focus in:

- aging (full-time only);
- child, youth, and family welfare;
- health (full-time only); and
- mental health.

Planned sub-focuses are available, as well as individualized sub-focus areas constructed with assistance from the academic advisors.

## PART-TIME MSW PROGRAM

The Part-Time MSW Program is designed to allow students who are not able to pursue full-time study to work toward an MSW degree on a structured, time-extended basis with classes delivered in a hybrid manner (using in-person sessions and online technology).

- In-person sessions offered every other Saturday. Students should plan to be on campus each semester.
- Fieldwork options may be offered in your home community.
- Focus Areas in child, youth and family welfare or mental health are offered.

Applicants must meet the School of Social Work admission requirements to be accepted into the program.

## FIELD EDUCATION PROGRAM

The field units are organized around a social problem area, a field of practice, or a major intervention method. Each unit has a range of field placement agencies and settings appropriate to its theme. Specialization-level field emphasizes practice from an advanced generalist perspective with either direct or indirect practice experience. The focus is on autonomous practice and advanced practice knowledge and skills in an area of focus.

The following field units are generally available to specialization year MSW students in the Full-Time program. These units represent more than 100 placements in agencies and organizations throughout Dane and its contiguous counties.

- Social work practice in community agencies
- Social work practice in intellectual and other disabilities
- Social work practice in educational settings
- Social work practice in health
- Social work practice in mental health
- Social work practice with older adults
- Social work practice in policy and administration
- Social work practice in public and private child welfare
- Social work practice in public child welfare

Specialization-year field units offered in the Part-Time MSW program are:

- Social work practice in child and family welfare: public, private, and educational settings
- Social work practice in mental health

### CHILD WELFARE TRAINING

Federal Title IV-E funding is available to MSW students in both full- and part-time programs for training in public child welfare. After applying to the MSW program, Advanced Standing students may apply to this training program designed to prepare advanced practitioners for practice in public child welfare. Students complete a specialized curriculum within the child, youth, and family welfare focus area. MSW students accepted into the training program receive tuition, a book & mileage stipend, and a monthly stipend while in field. In return child welfare trainees sign a contract agreeing to work, after graduation, in a public child welfare position in the State of Wisconsin for a prescribed amount of time. For complete details, contact the Title IV-E program coordinator (contact information available on the program website (https://socwork.wisc.edu/programs/iveprogram/)).

### BACKGROUND CHECKS

Social work applicants should be advised that state statutes require background checks on all potential field students prior to the field experience. Information regarding this process is provided to students after they are accepted into the School of Social Work.

- Social Work Advanced Standing: Full Time, MSW (p. 1813)
- Social Work Advanced Standing: Part Time, MSW (p. 1817)

## ABOUT THE SCHOOL OF SOCIAL WORK

The Sandra Rosenbaum School of Social Work at UW–Madison is consistently ranked among the best schools of social work in the country. Faculty prepare social work professionals at the bachelor's, master's, and doctoral levels. Through the preparation of social work practitioners, scholars and educators, faculty and students explore and seek to understand the nature of social problems, their impact on vulnerable populations, and ways to critically analyze and promote the achievement of a just, equitable, healthy, and productive society.

Social work faculty are noted for their scholarly work in developing a conceptual understanding of social work practice and policy, and in producing research in important social problem areas. For example, faculty took a leadership role in the development of the generalist model of practice that is now used by most social work programs. Faculty members have made valuable research contributions in the fields of aging, child welfare, developmental disabilities, and family and inter-generational caregiving, as well as in educational attainment and life-course decision-making, end-of-life care for older adults and palliative care, health disparities, homelessness, poverty, social policy, welfare reform, and child support. Drawing on strong faculty, excellent students, and the resources of a world-renowned university in a community rich with social and human service programs, there is much to offer prospective students: individualized, faculty-taught field education for master's students, nationally renowned faculty with a strong interdisciplinary focus, and hands-on research training in a highly individualized program of study for doctoral students.

The school offers unique opportunities for students to receive state-of-the-art professional training through its field education program. Student practice opportunities range from experiences in institutional and community-based settings to working with families and other significant care-givers, with individuals and groups, and in policy and service delivery issues.

## MISSION

The mission of the School of Social Work is to enhance human well-being and promote social and economic justice for people who are disadvantaged to achieve an equitable, healthy, and productive society. The school aims to:

- Create, advance, strengthen, and integrate interdisciplinary knowledge for students and the profession through research, scholarship, and practice.
- Educate students to become highly-skilled, culturally-competent and ethical practitioners who will provide leadership for the profession of social work within the state of Wisconsin and nationally.
- Promote change at levels ranging from the individual client to national, including empowering communities and populations that are disadvantaged and developing humane service delivery systems.
- Create and disseminate knowledge regarding the prevention and amelioration of social problems.

The School of Social Work is a professional school in the College of Letters and Science. As part of the college, the school maintains relationships with the other social studies and professional schools within the university system through interchange of faculty and students and through joint research and publication endeavors.

## ADMISSIONS

## ADMISSIONS

Students apply to the Master of Social Work: Social Work Advanced Standing through one of the named options:

- Full Time (p. 1813)
- Part Time (p. 1817)

## FUNDING

## FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include

assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### MSW PROGRAM RESOURCES

Thanks to the generosity of friends and alumni, the Sandra Rosenbaum School of Social Work also has a number of Awards and Scholarships (https://socwork.wisc.edu/students/awards-and-scholarships/) available to MSW applicants and current MSW students, ranging from several hundred dollars to covering the full cost of tuition and fees, as well as training grants and other opportunities (https://socwork.wisc.edu/students/awards-and-scholarships/#other-opportunities) that can provide funding for students with specific career interests.

Students also have access to federal loans and work study.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

| Requirements | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Grades of C are accepted only if they are offset by an equal number of credits of A. Candidates who receive more than two grades of C (in courses that do not extend beyond one term) or a grade of D or F while in the program will be dropped from the MSW Program. Candidates who receive a grade of C in the Field and Integrative Seminar courses may continue only with permission of the faculty and may not offset the grade with a grade of A. (This policy does not apply to grades received for courses taken to meet the statistics prerequisite while in the program but it will affect the GPA). |
| Assessments and Examinations | None. |
| Language Requirements | None. |

### REQUIRED COURSES

Select a Named Option for courses required.

# NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Social Work, Advanced Standing must select one of the following named options:

View as listView as grid

- **SOCIAL WORK ADVANCED STANDING: FULL TIME, MSW (P. 1813)**
- **SOCIAL WORK ADVANCED STANDING: PART TIME, MSW (P. 1817)**

## POLICIES

# POLICIES

Students should refer to one of the named options for policy information:

- Full Time (p. 1813)
- Part Time (p. 1817)

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

MSW students can also take advantage of the College of Letters & Sciences SuccessWorks (https://successworks.wisc.edu/) services, including their Canvas modules (https://successworks.wisc.edu/canvas/) on jobs and internships.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate autonomous ethical and professional practice with appropriate use of consultation and supervision.
2. Analyze US systems of oppression and their impact on the social welfare system; apply across micro, mezzo, and macro practice.
3. Engage in advanced practices to continually further human rights and social, racial, economic, and environmental justice.
4. Demonstrate advanced knowledge, critical reflection, and analytic skills that inform anti-oppressive and anti-racist practice.
5. Evaluate and apply research to inform practice and use practice experiences to inform research in a variety of practice areas.
6. Demonstrate policy practice skills across micro, mezzo, and macro levels.

7. Demonstrate advanced knowledge and skills in engaging, assessing, intervening, and evaluating practice with individuals, families, groups, organizations, and communities.

## ACCREDITATION

# ACCREDITATION

Council on Social Work Education (https://www.cswe.org/Accreditation/)

Accreditation status: Accredited. Next accreditation review: 2029.

# SOCIAL WORK COMPETENCIES

At the conclusion the MSW program we expect graduate students to have achieved the following core competencies:

1. Demonstrate ethical and professional behavior
2. Advance human rights and social, racial, economic, and environmental justice
3. Engage anti-racism, diversity, equity, and inclusion (ADEI) in practice
4. Engage in practice-informed research and research-informed practice
5. Engage in policy practice
6. Engage with individuals, families, groups, communities, and organizations
7. Assess individuals, families, groups, communities, and organizations
8. Intervene with individuals, families, groups, communities, and organizations
9. Evaluate practice with individuals, families, groups, communities, and organizations

At the end of the advanced year, students are expected to have achieved the competencies at the generalist and specialist levels through the demonstration of generalist behaviors and advanced generalist behaviors in the advanced generalist specialization with an optional area of focus learned in classroom and field experiences—all of which are derived from social work knowledge, values, and skills.

## CERTIFICATION/LICENSURE

# CERTIFICATION/LICENSURE

In the state of Wisconsin people with a Master of Social Work (MSW) are able to pursue certification and/or licensure. While certification/licensure is not a requirement for certain types of jobs, it is required for any positions titled 'Social Worker' and to refer to yourself as a Social Worker in professional settings. Information on applying for social work certification and licensure is provided in great detail on the School of Social Work's Professional Social Work Credentials & Continuing Education (https://socwork.wisc.edu/students/credentials/) page. Contact the social work academic advisors in the Full- or Part-Time Programs (see contact information on the program website (https://socwork.wisc.edu/students/advising/)) for a complete list of requirements necessary for these credentials.

## CLINICAL PRACTICE LICENSURE

Students seeking preparation for licensure as a clinical social worker in the State of Wisconsin or State of Minnesota typically complete the mental health focus area.

## SCHOOL SOCIAL WORK LICENSURE

Students seeking preparation for licensure as a school social worker in the State of Wisconsin typically complete the child, youth, and family welfare focus area.

## ASWB EXAM RESULTS

Association of Social Work Boards (https://www.aswb.org/) Masters exam results (includes both Part-Time MSW Program and Full-Time MSW Program graduates). As of 2022, ASWB no longer posts national results for repeat exam-takers, only first-time. Exam results nationally, by state, and by institution are publicly available on the ASWB website (https://www.aswb.org/exam/exam-scoring/exam-pass-rates/) for the prior year.

| Year of Exam | UW-Madison Graduates: All Attempts | Nationa All Attempt |
|---|---|---|
| 2024 | 81 | No data |
| 2023 | 87 | No Data |
| 2022 | 88 | No Data |
| 2021 | 89 | 68 |
| 2020 | 91 | 63 |

| Year of Exam | UW-Madison Graduates: First Attempt | Nationa First Attemp |
|---|---|---|
| 2024 | 88 | 73 |
| 2023 | 91 | 73 |
| 2022 | 91 | 72 |
| 2021 | 90 | 70 |
| 2020 | 96 | 75 |

## PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office

listed in the Contact Information box on this page and with the applicable state agency for specific information.

**The requirements of this program meet certification/licensure requirements in the following states:**
Illinois, Minnesota, Wisconsin

**The requirements of this program do not meet certification/licensure requirements in the following states:**
Not applicable

Updated: 1 June 2026

# SOCIAL WORK ADVANCED STANDING: FULL TIME, MSW

The MSW program is accredited by the Council on Social Work Education (CSWE). Full-Time MSW Program students attending on a full-time basis generally complete the program in one academic year.

This is a named option within the Social Work Advanced Standing MSW (p. 1809). A broader overview of the School, our MSW Program Goals, the MSW Curriculum, and Field Education can be found on the Social Work Advanced Standing MSW Overview page (p. 1809).

You can also review:

- the Learning Outcomes (p. 1811) for the MSW Program;
- the MSW Program Accreditation (p. 1812) standing and MSW competencies; and,
- more information about Certification and Licensure (p. 1812).

Applicants who do not have a CSWE-accredited Bachelor of Social Work degree from within the last five years should instead look at Social Work: Full Time, MSW (p. 1826).

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 10 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admissions policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/) and Social Work's higher requirements:<br>• TOEFL (iBT): 100<br>• Duolingo (DET): 130 |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Online applications are available through the School of Social Work website (https://socwork.wisc.edu/admissions/mswapp/).

**Admission into the master's degree program** includes the Graduate School requirement that applicants hold a minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00 is required. Applicants from an international institution must demonstrate strong academic achievement comparable to a 3.00 for an undergraduate or master's degree, using all credits from the degree to calculate the GPA equivalency. The Graduate School will use your institution's grading scale. Do not convert your grades to a 4.00 scale.

**Students must have or be completing a Bachelor of Social Work (BSW)** degree from a Council on Social Work Education (CSWE) accredited institution, within 5 years from the academic year of completion to the academic year of enrollment in the Advanced Standing MSW program. Students who do not meet this requirement should apply to the Social Work: Full Time, MSW (p. 1826).

Applicants apply online through the Graduate School's application site (link found in the instructions on the School of Social Work website). A complete application includes both the Graduate School application and the School of Social Work's supplemental application forms.

Applicants must review the instructions on the School of Social Work (https://socwork.wisc.edu/admissions/mswapp/) website for specific application details and prerequisites.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## MSW PROGRAM RESOURCES

Thanks to the generosity of friends and alumni, the Sandra Rosenbaum School of Social Work also has a number of Awards and Scholarships (https://socwork.wisc.edu/students/awards-and-scholarships/) available to MSW applicants and current MSW students, ranging from several

hundred dollars to covering the full cost of tuition and fees, as well as training grants and other opportunities (https://socwork.wisc.edu/students/awards-and-scholarships/#other-opportunities) that can provide funding for students with specific career interests.

Students also have access to federal loans and work study.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirements | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Grades of C are accepted only if they are offset by an equal number of credits of A. Candidates who receive more than two grades of C (in courses that do not extend beyond one term) or a grade of D or F while in the program will be dropped from the MSW Program. Candidates who receive a grade of C in the Field and Integrative Seminar courses may continue only with permission of the faculty and may not offset the grade with a grade of A. (This policy does not apply to grades received for courses taken to meet the statistics prerequisite while in the program but it will affect the GPA). |
| Assessments and Examinations | None. |
| Language Requirements | None. |

## REQUIRED COURSES

### Advanced Generalist Specialization

In a broad social justice framework, advanced standing MSW students complete an advanced generalist practice specialization. Students may choose one of four optional focus areas: (1) Aging; (2) Child, Youth, and Family Welfare; (3) Health; and (4) Mental Health. For more information about focus area recommendations, students should refer to the Specialization Handbook found on the Social Work website Student Resources page (https://socwork.wisc.edu/students/resources/).

Students complete an **Advanced Practice** class in a focus area, a **Policies & Services** class in a focus area, a sequence of **Field Practice** in a focus area, **Advanced Macro Practice**, and three "free electives" chosen in consultation with an advisor. Students may also choose to complete their advanced generalist practice specialization with no focus area, and still complete **Advanced Practice**, **Policies & Services**, and **Field Practice** courses that are based within focus areas, in addition to **Advanced Macro Practice** and three "free electives" chosen in consultation with an advisor.

| Code | Title | Credits |
|---|---|---|
| **Generalist Psychopathology** | | |
| SOC WORK 612 | Psychopathology in Generalist Social Work Practice [2] | 2 |
| **Advanced Practice** | | |
| Students must choose one of the following courses. | | 2 |
| SOC WORK 741 | Interventions with Children, Youth, and Families | |
| SOC WORK 821 | Social Work Practice in Aging and Mental Health | |
| SOC WORK 835 | Advanced Social Work Practice in Mental Health | |
| SOC WORK 873 | Social Work Practice in Health Care | |
| **Policies & Services** | | |
| Students must choose one of the following courses. | | 2 |
| SOC WORK 836 | Mental Health Policies and Services | |
| SOC WORK 875 | Health, Aging, and Disability Policy and Services | |
| SOC WORK 920 | Child, Youth, and Family Policies and Services | |
| SOC WORK 921 | Child Welfare Policies and Services | |
| **Advanced Macro Practice** | | |

| | | |
|---|---|---|
| SOC WORK 840 | Advanced Macro Practice | 2 |
| **Advanced Practice Field** [1] | | |
| SOC WORK 800 | Field Practice and Integrative Seminar III | 5 |
| SOC WORK 801 | Field Practice and Integrative Seminar IV | 6 |
| **Free Electives** | | |
| Students must complete three free electives from the list below chosen in consultation with advisor. | | 6 |
| **Generalist coursework (any)** [2] | | **5** |
| **Total Credits** | | **30** |

[1] For information on available Advanced Practice field units and the process of selecting a field unit, students should refer to the Field Handbook found on the Social Work website Student Resources page (https://socwork.wisc.edu/students/resources/).

[2] Generalist coursework credit may be transferred in from BSW coursework.

### Free Electives

Electives may be chosen from this list in consultation with an advisor. The Specialization Handbook (https://socwork.wisc.edu/students/resources/#full-time-msw-students) has suggested electives for focus areas and select sub-focuses. Not all electives are offered in a given year or semester. **Courses outside of the department may substitute for a course on this Free Electives list in consultation with an advisor.**

| Code | Title | Credits |
|---|---|---|
| SOC WORK 623 | Interpersonal Violence | 3 |
| SOC WORK 627 | Sex Trafficking and Sex Trading | 2 |
| SOC WORK/ AMER IND 636 | Social Work in American Indian Communities: The Indian Child Welfare Act | 3 |
| SOC WORK 639 | Social Work Practice with LGBTQIA2S+ Individuals and Communities | 3 |
| SOC WORK 644 | Issues in Developmental Disabilities | 3 |
| SOC WORK 646 | Child Abuse and Neglect | 2 |
| SOC WORK 648 | Social Work Practice in Palliative Care | 2 |
| SOC WORK 656 | Child Welfare Practice in Foster and Kinship Care, Permanency, and Adoption | 2 |
| SOC WORK 675 | Topics in Contemporary Social Welfare | 2-3 |
| SOC WORK 712 | Psychopathology for Social Work Practice in Mental Health | 3 |
| SOC WORK/ URB R PL 721 | Methods of Planning Analysis | 3 |
| SOC WORK 741 | Interventions with Children, Youth, and Families [1] | 2 |
| SOC WORK 742 | Assessing and Treating Children and Adolescents | 2 |
| SOC WORK/ NURSING/ PHM PRAC 746 | Interdisciplinary Care of Children with Special Health Care Needs | 3 |
| SOC WORK 817 | Social Work Practice in Schools II [2] | 2 |
| SOC WORK 821 | Social Work Practice in Aging and Mental Health [1] | 2 |
| SOC WORK/ LAW 822 | Family Law: Marriage and Divorce | 2-4 |
| SOC WORK/ LAW 823 | Family Law: Parent and Child | 3-4 |
| SOC WORK 825 | Grief, Death, Loss, and Life | 2 |
| SOC WORK 835 | Advanced Social Work Practice in Mental Health [1] | 2 |
| SOC WORK 836 | Mental Health Policies and Services [1] | 2 |
| SOC WORK 838 | Principles of Psychedelic Healing | 2 |
| SOC WORK 842 | Supervision and Leadership in Social Work and Human Services Organizations | 3 |
| SOC WORK 854 | Crisis Intervention | 2 |
| SOC WORK 863 | Recent Developments in Social Work | 2-3 |
| SOC WORK 870 | Cognitive and Behavioral Mental Health Treatments for Adults | 2 |
| SOC WORK 873 | Social Work Practice in Health Care [1] | 2 |
| SOC WORK 875 | Health, Aging, and Disability Policy and Services [1] | 2 |
| SOC WORK/ ED PSYCH/HDFS/ NURSING 880 | Prevention Science | 3 |
| SOC WORK/ ED PSYCH/HDFS/ NURSING 881 | Capstone Seminar in Prevention Science | 1 |
| SOC WORK 920 | Child, Youth, and Family Policies and Services [1] | 2 |
| SOC WORK 921 | Child Welfare Policies and Services [1] | 2 |
| SOC WORK 929 | Social Work and Substance Misuse | 2 |

[1] These courses can satisfy either an Advanced Practice/Policies & Services course, or a free elective. Taking additional Advanced Practice/Policies & Services courses as electives should only be done in careful consultation with an advisor.

[2] SOC WORK 817 contains content specific to licensure for practice in educational settings. Full Time students who wish to take this course should be in the Educational Settings field unit.

## POLICIES

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Graduate credits in equivalent generalist courses completed with a grade of B or better taken at CSWE-accredited MSW programs may be used to fulfill the minimum degree credit requirement. In general, coursework earned five or more years prior to admission to the MSW Program may not be used to satisfy degree credit minimums. Graduate credits from other MSW programs/institutions may not be used to fulfill the minimum residence credit requirement.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Graduates of **UW–Madison's** BSW Program may transfer only those courses numbered 300 or above toward their minimum graduate degree credit requirement, up to 7 credits. Coursework earned towards a degree earned five or more years prior to admission to the MSW program may not be used to satisfy credit requirements.

MSW students who have received BSWs from CSWE accredited programs from **external institutions** may transfer up to 7 credits of their undergraduate coursework in the BSW program. Coursework earned towards a degree earned five or more years prior to admission to the MSW program may not be used to satisfy credit requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

No credits accepted.

### Credits Earned as a University Special Student at UW-Madison

On a case-by-case basis Generalist Social Work courses completed with a B or better and numbered 300 or above taken as a UW–Madison University Special student may transfer to fulfill degree requirements. No more than 7 credits of generalist coursework may be used for this purpose.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

### MSW Satisfactory Progress Criteria

Graduate students are required to maintain and graduate with a cumulative GPA of 3.00.

Grades of "C" are accepted only if offset by an equal number of credits of grades of A. Students who receive more than two grades of C or a grade of D or F will be dropped from the MSW Program. (This policy does not apply to grades received for courses taken to meet the Statistic prerequisite while in the program but will affect the GPA).

Students who receive a grade of C in the Field and Integrative Seminar courses may continue only with permission of the faculty and may not offset the grade with a grade of A. Refer to the Field Education Handbook (found on the Social Work Student Resources site (https://socwork.wisc.edu/students/resources/#full-time-msw-students)) for more details about grades in Field.

## ADVISOR / COMMITTEE

All master's candidates are assigned to the social work academic advisors.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Full-Time Program students matriculating through the Full-Time MSW program on a part-time basis must enroll in a minimum of two courses each semester and complete one full-time semester of at least 8 credits. Candidates who withdraw from the Full-Time Program without having completed at least 8 credits must reapply for admission to the program.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

### Coursework over five years

MSW students whose BSW was conferred five or more years prior to admission to the MSW program are not eligible to be admitted into the Advanced Standing degree plan, and should apply instead to Social Work: Full Time, MSW (p. 1826).

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

MSW students can also take advantage of the College of Letters & Sciences SuccessWorks (https://successworks.wisc.edu/) services, including their Canvas modules (https://successworks.wisc.edu/canvas/) on jobs and internships.

# SOCIAL WORK ADVANCED STANDING: PART TIME, MSW

**The Part Time named option in the Social Work Advanced Standing, MSW no longer admits new students after Fall 2027 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

This is a named option in the Social Work Advanced Standing, MSW (p. 1809) degree plan.

The Part-Time MSW program is designed to allow students who are not able to pursue full-time study to work toward a MSW degree on a structured, time-extended basis with classes delivered in a hybrid manner (using in-person sessions and online technology).

- In-person sessions offered every other Saturday. Students should plan to be on campus each semester.
- Fieldwork options may be offered in your home community.
- Focus areas in child, youth and family welfare or mental health are offered.

Applicants must meet the School of Social Work admission requirements to be accepted into the program.

Applicants who **do not** have a CSWE-accredited Bachelor of Social Work degree from within the last five years should instead look at Social Work: Part Time, MSW (p. 1831).

## ADMISSIONS

# ADMISSIONS

**The Part Time named option in the Social Work Advanced Standing, MSW no longer admits new students after Fall 2027 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed

admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | April 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/) and Social Work's higher requirements:<br>• TOEFL (iBT): 100<br>• Duolingo (DET): 130 |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Online applications are available through the School of Social Work website (https://socwork.wisc.edu/admissions/mswapp/).

**Admission into the master's degree program** includes the Graduate School requirement that applicants hold a minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00 is required. Applicants from an international institution must demonstrate strong academic achievement comparable to a 3.00 for an undergraduate or master's degree, using all credits from the degree to calculate the GPA equivalency. The Graduate School will use your institution's grading scale. Do not convert your grades to a 4.00 scale.

**Students must have or be completing a Bachelor of Social Work (BSW)** degree from a Council on Social Work Education (CSWE) accredited institution, within 5 years from the academic year of completion to the academic year of enrollment in the Advanced Standing MSW program. Students who do not meet this requirement should apply to Social Work: Part Time, MSW. (p. 1831)

Applicants apply online through the Graduate School's application site (link found in the instructions on the School of Social Work website). A complete application includes both the Graduate School application and the School of Social Work's supplemental application forms.

Applicants must review the instructions on the School of Social Work (https://socwork.wisc.edu/admissions/mswapp/) website for specific application details and prerequisites.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## MSW PROGRAM RESOURCES

Thanks to the generosity of friends and alumni, the Sandra Rosenbaum School of Social Work also has a number of Awards and Scholarships (https://socwork.wisc.edu/students/awards-and-scholarships/) available to MSW applicants and current MSW students, ranging from several hundred dollars to covering the full cost of tuition and fees, as well as training grants and other opportunities (https://socwork.wisc.edu/students/awards-and-scholarships/#other-opportunities) that can provide funding for students with specific career interests.

Students also have access to federal loans and work study.

## GRADUATE ASSISTANTSHIP POLICY

Per university policy, 131 students (which includes the Part-Time Program) are permitted to hold TA/RA/PA positions (including those above 33%) but will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship. Limited School funding may be available to support Part-Time MSW students working as a TA for the School.

## SUMMER COURSEWORK MAY BE REQUIRED

Students should make sure they have enough financial aid to cover summer classes. We strongly recommend students talk to the Office of Student Financial Aid (https://financialaid.wisc.edu/) to create a financial aid plan that will meet their needs.

## PART-TIME MSW PROGRAM STUDENTS NOTE

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

## REQUIREMENTS

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Grades of C are accepted only if they are offset by an equal number of credits of A. Candidates who receive more than two grades of C (in courses that do not extend beyond one term) or a grade of D or F while in the program will be dropped from the MSW Program. Candidates who receive a grade of C in the Field and Integrative Seminar courses may continue only with permission of the faculty and may not offset the grade with a grade of A. (This policy does not apply to grades received for courses taken to meet the statistics prerequisite while in the program but it will affect the GPA). |
| Assessments and Examinations | None. |
| Language Requirements | None. |

## REQUIRED COURSES

### Advanced Generalist Specialization

In a broad social justice framework, MSW students complete an advanced generalist practice specialization. Students may choose one of two focus areas: (1) Child, Youth, and Family Welfare; and (2) Mental Health. For more information about focus area recommendations, students should refer to the Specialization Handbook found on the Social Work website Student Resources page (https://socwork.wisc.edu/students/resources/).

Students complete an **Advanced Practice** class in a focus area, a **Policies & Services** class in a focus area, a sequence of **Field Practice** in a focus area, **Advanced Macro Practice**, and three "free electives" chosen in consultation with an advisor. Students may also choose to complete their advanced generalist practice specialization with no focus area, and still complete **Advanced Practice**, **Policies & Services**, and **Field Practice** courses that are based within focus areas, in addition to **Advanced Macro Practice** and three "free electives" chosen in consultation with an advisor.

| Code | Title | Credits |
|---|---|---|
| **Generalist Psychopathology** | | |
| SOC WORK 612 | Psychopathology in Generalist Social Work Practice [2] | 2 |
| **Advanced Practice** | | |
| SOC WORK 741 | Interventions with Children, Youth, and Families | 2 |
| or SOC WORK 835 | Advanced Social Work Practice in Mental Health | |
| **Policies & Services** | | |
| SOC WORK 836 | Mental Health Policies and Services | 2 |
| or SOC WORK 920 | Child, Youth, and Family Policies and Services | |
| **Advanced Macro Practice** | | |
| SOC WORK 840 | Advanced Macro Practice | 2 |
| **Advanced Practice Field [1]** | | |
| Students must complete 11 credits from the following. | | 11 |
| SOC WORK 800 | Field Practice and Integrative Seminar III | |
| SOC WORK 801 | Field Practice and Integrative Seminar IV | |
| **Free Electives** | | |
| Students must complete three free electives from the list below chosen in consultation with advisor. | | 6 |
| **Generalist or additional elective coursework (any) [2]** | | **5** |
| **Total Credits** | | **30** |

1. For information on available Advanced Practice field units and the process of selecting a field unit, students should refer to the Field Handbook found on the Social Work website Student Resources page (https://socwork.wisc.edu/students/resources/).
2. Generalist coursework credit may be transferred in from BSW coursework.

### Free Electives

The Specialization Handbook (https://socwork.wisc.edu/students/resources/#part-time-msw-students) has suggested electives for pathways and select sub-focuses. Not all electives are available in a given year or semester.

| Code | Title | Credits |
|---|---|---|
| SOC WORK 644 | Issues in Developmental Disabilities | 3 |
| SOC WORK 646 | Child Abuse and Neglect | 2 |
| SOC WORK 656 | Child Welfare Practice in Foster and Kinship Care, Permanency, and Adoption | 2 |
| SOC WORK 712 | Psychopathology for Social Work Practice in Mental Health | 3 |
| SOC WORK 742 | Assessing and Treating Children and Adolescents | 2 |
| SOC WORK 815 | Social Work Practice in Schools I | 2 |
| SOC WORK 817 | Social Work Practice in Schools II | 2 |
| SOC WORK 821 | Social Work Practice in Aging and Mental Health | 2 |
| SOC WORK 825 | Grief, Death, Loss, and Life | 2 |
| SOC WORK 838 | Principles of Psychedelic Healing | 2 |
| SOC WORK 842 | Supervision and Leadership in Social Work and Human Services Organizations | 3 |
| SOC WORK 870 | Cognitive and Behavioral Mental Health Treatments for Adults | 2 |
| SOC WORK 874 | Health, Aging, and Disability Practice for the 21st Century | 2 |
| SOC WORK 929 | Social Work and Substance Misuse | 2 |

### Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

## POLICIES

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Graduate credits in equivalent generalist courses completed with a grade of B or better taken at CSWE-accredited MSW programs may be used to fulfill the minimum degree credit requirement. In general, coursework earned five or more years prior to admission to the MSW Program may not be used to satisfy degree credit minimums. Graduate credits from other MSW programs/institutions may not be used to fulfill the minimum residence credit requirement.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Graduates of **UW–Madison's** BSW Program may transfer only those courses numbered 300 or above toward their minimum graduate degree credit requirement, up to 7 credits. Coursework earned towards a degree earned five or more years prior to admission to the MSW program may not be used to satisfy credit requirements.

MSW students who have received BSWs from CSWE accredited programs from **external institutions** may transfer up to 7 credits of their undergraduate coursework in the BSW program. Coursework earned towards a degree earned five or more years prior to admission to the MSW program may not be used to satisfy credit requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

No credits accepted.

### Credits Earned as a University Special Student at UW-Madison

On a case-by-case basis Generalist Social Work courses completed with a B or better and numbered 300 or above taken as a UW–Madison University Special student may transfer to fulfill degree requirements. No more than 7 credits of generalist coursework may be used for this purpose.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

### Satisfactory Progress Criteria:

Graduate students are required to maintain and graduate with a cumulative GPA of 3.00.

Grades of "C" are accepted only if offset by an equal number of credits of grades of A. Students who receive more than two grades of C or a grade of D or F will be dropped from the MSW Program. (This policy does not apply to grades received for courses taken to meet the Statistic prerequisite while in the program but will affect the GPA).

Students who receive a grade of C in the Field and Integrative Seminar courses may continue only with permission of the faculty and may not offset the grade with a grade of A. Refer to the Field Education Handbook (found on the Social Work Student Resources site (https://socwork.wisc.edu/students/resources/#part-time-msw-students)) for more details about grades in Field.

## ADVISOR / COMMITTEE

All master's candidates are assigned to the social work academic advisors.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Students who withdraw from the Part-Time MSW Program without having completed at least 6 credits must reapply for admission to the Part-Time Program.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

### Coursework over five years

MSW students whose BSW was conferred five or more years prior to admission to the MSW program are not eligible to be admitted into the Advanced Standing degree plan, and should apply instead to Social Work: Part Time, MSW (p. 1831).

# PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

MSW students can also take advantage of the College of Letters & Sciences SuccessWorks (https://successworks.wisc.edu/) services, including their Canvas modules (https://successworks.wisc.edu/canvas/) on jobs and internships.

# SOCIAL WORK, MSW

The MSW program is accredited by the Council on Social Work Education (CSWE). Full-Time MSW Program students attending on a full-time basis generally complete the program in two academic years. Part-time students, both in the Part-Time MSW Program and Full-Time MSW Program attending part-time, complete it in four.

This program page is for students who have not previously completed a Bachelor of Social Work (BSW). Students who completed or anticipate completing a degree from a CSWE-accredited undergraduate social work program should refer to Social Work Advanced Standing, MSW (p. 1809).

## MSW PROGRAM GOALS

- Provide an MSW curriculum that builds on a liberal arts base, grounded in a person-in-environment, empowerment, and strengths perspective that promotes the values, ethics, and purposes of the profession.
- Prepare students for generalist and autonomous advanced generalist practice that is transferable across diverse contexts, locations, and problems by providing knowledge, values, and skills training regarding:
  - Populations and related social problems/issues;
  - Social, health, and/or human services systems and policies;
  - Systems of oppression, privilege, and power;
  - Multilevel and multimethod approaches based on scientific inquiry and best practices;
  - Ethical advocacy and social, economic, and environmental justice;
  - Reflective leadership;
  - Research-informed practice, and practice and program evaluation methods that contribute to the profession's knowledge base.
- Develop and maintain an inclusive environment that will attract, nurture, and support diversity within the School, among students, faculty, and staff.
- Cultivate and maintain partnerships with a variety of social, health and/or human service organizations to provide meaningful field experiences and supervision while respecting and contributing to their respective mission.

## THE MSW CURRICULUM

The school's curriculum is generalist social work practice in orientation. In courses across the curriculum, faculty interweave:

- content about social work values and ethics;
- content that promotes understanding, affirmation, and respect for people from diverse backgrounds;
- content on populations-at-risk, including strategies to respond to and strategies to redress risk factors; and
- content on social, economic and environmental justice grounded in an understanding of distributive justice, human and civil rights, and the global interconnections of oppression.

MSW students complete a generalist year(s) and a specialization year(s).

### Generalist Practice

The generalist practice year curriculum emphasizes direct practice across system sizes (micro-to-macro). Students take courses in social welfare policies and services, human behavior and the social environment (including social work with ethnic and racial groups; and psychopathology for generalist practice), research methods, social work practice (including generalist practice with individuals, families, and groups; and generalist practice with organizations and communities), and a field course that includes a social work practice integrative seminar and social work field placement.

### Advanced Generalist Specialization

The advanced curriculum offers an advanced generalist specialization with optional areas of focus in:

- aging (full-time only);
- child, youth, and family welfare;
- health (full-time only); and
- mental health.

Students complete the advanced generalist specialization by taking courses in advanced practice, policies and services, advanced macro practice, and advanced generalist social work field practice, which include an integrative seminar and field placement. Students also have multiple elective opportunities.

Planned sub-focuses are available, as well as individualized sub-focus areas constructed with assistance from the academic advisors.

## PART-TIME MSW PROGRAM

The Part-Time MSW Program is designed to allow students who are not able to pursue full-time study to work toward an MSW degree on a structured, time-extended basis with classes delivered in a hybrid manner (using in-person sessions and online technology).

- In-person sessions offered every other Saturday. Students should plan to be on campus each semester.
- Fieldwork options may be offered in your home community.
- Traditional and advanced standing options are offered.
- Focus Areas in child, youth and family welfare or mental health are offered.

Applicants must meet the School of Social Work admission requirements to be accepted into the program.

## FIELD EDUCATION PROGRAM

The field units are organized around a social problem area, a field of practice, or a major intervention method. Each unit has a range of field placement agencies and settings appropriate to its theme. The emphasis for generalist-level placements is on a generalist perspective and direct practice experience. The focus is on learning and applying analytic and interventive skills within an ethically-based, problem-focused approach. Specialization-level field emphasizes practice from an advanced generalist perspective with either direct or indirect practice experience. The focus is on autonomous practice and advanced practice knowledge and skills in an area of focus.

The following field units are generally available to generalist practice year and/or specialization year MSW students in the full-time program. These units represent more than 100 placements in agencies and organizations throughout Dane and its contiguous counties.

- Social work practice in community agencies
- Social work practice in intellectual and other disabilities
- Social work practice in educational settings
- Social work practice in health
- Social work practice in mental health
- Social work practice with older adults

- Social work practice in policy and administration
- Social work practice in public and private child welfare
- Social work practice in public child welfare

Field units offered in the part-time MSW program are:

- Social work practice in community agencies
- Social work practice in child and family welfare: public, private, and educational settings
- Social work practice in mental health

### CHILD WELFARE TRAINING

Federal Title IV-E funding is available to MSW students in both full- and part-time programs for training in public child welfare. After applying to the MSW program, generalist year or advanced practice year students may apply to this special program designed to prepare advanced practitioners for practice in public child welfare. Students complete a specialized curriculum within the child, youth, and family welfare focus area. MSW students accepted into the training program receive tuition, a book & mileage stipend, and a monthly stipend each year they are in field. In return child welfare trainees sign a contract agreeing to work, after graduation, in a public child welfare position in the State of Wisconsin for a prescribed amount of time. For complete details, contact the Title IV-E program coordinator (contact information available on the program website (https://socwork.wisc.edu/programs/iveprogram/)).

### BACKGROUND CHECKS

Social work applicants should be advised that state statutes require background checks on all potential field students prior to the field experience. Information regarding this process is provided to students after they are accepted into the School of Social Work.

- Social Work: Full Time, MSW (p. 1826)
- Social Work: Part Time, MSW (p. 1831)

# ABOUT THE SCHOOL OF SOCIAL WORK

The Sandra Rosenbaum School of Social Work at UW–Madison is consistently ranked among the best schools of social work in the country. Faculty prepare social work professionals at the bachelor's, master's, and doctoral levels. Through the preparation of social work practitioners, scholars and educators, faculty and students explore and seek to understand the nature of social problems, their impact on vulnerable populations, and ways to critically analyze and promote the achievement of a just, equitable, healthy, and productive society.

Social work faculty are noted for their scholarly work in developing a conceptual understanding of social work practice and policy, and in producing research in important social problem areas. For example, faculty took a leadership role in the development of the generalist model of practice that is now used by most social work programs. Faculty members have made valuable research contributions in the fields of aging, child welfare, developmental disabilities, and family and inter-generational caregiving, as well as in educational attainment and life-course decision-making, end-of-life care for older adults and palliative care, health disparities, homelessness, poverty, social policy, welfare reform, and child support. Drawing on strong faculty, excellent students, and the resources of a world-renowned university in a community rich with social and human service programs, there is much to offer prospective students: individualized, faculty-taught field education for master's students, nationally renowned faculty with a strong interdisciplinary focus, and hands-on research training in a highly individualized program of study for doctoral students.

The school offers unique opportunities for students to receive state-of-the-art professional training through its field education program. Student practice opportunities range from experiences in institutional and community-based settings to working with families and other significant care-givers, with individuals and groups, and in policy and service delivery issues.

**Mission.** The mission of the School of Social Work is to enhance human well-being and promote social and economic justice for people who are disadvantaged to achieve an equitable, healthy, and productive society. The school aims to:

- Create, advance, strengthen, and integrate interdisciplinary knowledge for students and the profession through research, scholarship, and practice.
- Educate students to become highly-skilled, culturally-competent and ethical practitioners who will provide leadership for the profession of social work within the state of Wisconsin and nationally.
- Promote change at levels ranging from the individual client to national, including empowering communities and populations that are disadvantaged and developing humane service delivery systems.
- Create and disseminate knowledge regarding the prevention and amelioration of social problems.

The School of Social Work is a professional school in the College of Letters and Science. As part of the college, the school maintains relationships with the other social studies and professional schools within the university system through interchange of faculty and students and through joint research and publication endeavors.

## ADMISSIONS

# ADMISSIONS

Students apply to the Master of Social Work through one of the named options:

- Full Time (p. 1826)
- Part Time (p. 1831)

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### MSW PROGRAM RESOURCES

Thanks to the generosity of friends and alumni, the Sandra Rosenbaum School of Social Work also has a number of Awards and Scholarships (https://socwork.wisc.edu/students/awards-and-scholarships/) available

to MSW applicants and current MSW students, ranging from several hundred dollars to covering the full cost of tuition and fees, as well as training grants and other opportunities (https://socwork.wisc.edu/students/awards-and-scholarships/#other-opportunities) that can provide funding for students with specific career interests.

Students also have access to federal loans and work study.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 49 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 25 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Grades of C are accepted only if they are offset by an equal number of credits of A. Candidates who receive more than two grades of C (in courses that do not extend beyond one term) or a grade of D or F while in the program will be dropped from the MSW Program. Candidates who receive a grade of C in the Field and Integrative Seminar courses may continue only with permission of the faculty and may not offset the grade with a grade of A. (This policy does not apply to grades received for courses taken to meet the statistics prerequisite while in the program but it will affect the GPA). |
| Assessments and Examinations | None. |
| Language Requirements | None. |

## REQUIRED COURSES

Select a Named Option (p. 1824) for courses required.

# NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Social Work must select one of the following named options:

View as listView as grid

- **SOCIAL WORK: FULL TIME, MSW (P. 1826)**
- **SOCIAL WORK: PART TIME, MSW (P. 1831)**

## POLICIES

# POLICIES

Students should refer to one of the named options for policy information:

- Full Time (p. 1829)
- Part Time (p. 1834)

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

MSW students can also take advantage of the College of Letters & Sciences SuccessWorks (https://successworks.wisc.edu/) services, including their Canvas modules (https://successworks.wisc.edu/canvas/) on jobs and internships.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate autonomous ethical and professional practice with appropriate use of consultation and supervision.
2. Analyze US systems of oppression and their impact on the social welfare system; apply across micro, mezzo, and macro practice.
3. Engage in advanced practices to continually further human rights and social, racial, economic, and environmental justice.
4. Demonstrate advanced knowledge, critical reflection, and analytic skills that inform anti-oppressive and anti-racist practice.
5. Evaluate and apply research to inform practice and use practice experiences to inform research in a variety of practice areas.
6. Demonstrate policy practice skills across micro, mezzo, and macro levels.
7. Demonstrate advanced knowledge and skills in engaging, assessing, intervening, and evaluating practice with individuals, families, groups, organizations, and communities.

## ACCREDITATION

# ACCREDITATION

Council on Social Work Education (https://www.cswe.org/Accreditation/)

Accreditation status: Accredited. Next accreditation review: 2029.

## SOCIAL WORK COMPETENCIES

At the conclusion the MSW program we expect graduate students to have achieved the following core competencies:

1. Demonstrate ethical and professional behavior
2. Advance human rights and social, racial, economic, and environmental justice
3. Engage anti-racism, diversity, equity, and inclusion (ADEI) in practice
4. Engage in practice-informed research and research-informed practice
5. Engage in policy practice
6. Engage with individuals, families, groups, communities, and organizations
7. Assess individuals, families, groups, communities, and organizations
8. Intervene with individuals, families, groups, communities, and organizations
9. Evaluate practice with individuals, families, groups, communities, and organizations

At the end of the generalist practice curriculum sequence, students are expected to evidence the identified generalist behaviors for each competency. At the end of the advanced year, students are expected to have achieved the competencies at the generalist and specialist levels through the demonstration of generalist behaviors and advanced generalist behaviors in the advanced generalist specialization with an optional area of focus learned in classroom and field experiences—all of which are derived from social work knowledge, values, and skills.

CERTIFICATION/LICENSURE

# CERTIFICATION/LICENSURE

In the state of Wisconsin people with a Master of Social Work (MSW) are able to pursue certification and/or licensure. While certification/licensure is not a requirement for certain types of jobs, it is required for any positions titled 'Social Worker' and to refer to yourself as a Social Worker in professional settings. Information on applying for social work certification and licensure is provided in great detail on the School of Social Work's Professional Social Work Credentials & Continuing Education (https://socwork.wisc.edu/students/credentials/) page. Contact the social work academic advisors in the Full- or Part-Time Programs (see contact information on the program website (https://socwork.wisc.edu/students/advising/)) for a complete list of requirements necessary for these credentials.

## CLINICAL PRACTICE LICENSURE

Students seeking preparation for licensure as a clinical social worker in the State of Wisconsin or State of Minnesota typically complete the mental health focus area.

## SCHOOL SOCIAL WORK LICENSURE

Students seeking preparation for licensure as a school social worker in the State of Wisconsin typically complete the child, youth, and family welfare focus area.

## ASWB EXAM RESULTS

Association of Social Work Boards (https://www.aswb.org/) Masters exam results (includes all UW-Madison MSW graduates). As of 2022, ASWB no longer posts national results for repeat exam-takers, only first-time. Exam results nationally, by state, and by institution are publicly available on the ASWB website (https://www.aswb.org/exam/exam-scoring/exam-pass-rates/) for the prior year.

| Year of Exam | UW-Madison Graduates: All Attempts | Nationa All Attempt |
|---|---|---|
| 2024 | 81 | No data |
| 2023 | 86 | No Data |
| 2022 | 88 | No Data |
| 2021 | 89 | 68 |
| 2020 | 91 | 63 |

| Year of Exam | UW-Madison Graduates: First Attempt | Nationa First Attemp |
|---|---|---|
| 2024 | 88 | 73 |
| 2023 | 91 | 73 |
| 2022 | 91 | 72 |
| 2021 | 90 | 70 |
| 2020 | 96 | 75 |

## PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.

### The requirements of this program meet certification/licensure requirements in the following states:

Illinois, Minnesota, Wisconsin

### The requirements of this program do not meet certification/licensure requirements in the following states:

Not applicable

Updated: 1 June 2026

# SOCIAL WORK: FULL TIME, MSW

The MSW program is accredited by the Council on Social Work Education (CSWE). Full-Time MSW Program students attending on a full-time basis generally complete the program in two academic years.

This is a named option within the Social Work MSW (p. 1822). A broader overview of the School, our MSW Program Goals, the MSW Curriculum, and Field Education can be found on the Social Work MSW Overview page (p. 1822).

You can also review:

- the Learning Outcomes (p. 1824) for the MSW Program;
- the MSW Program Accreditation (p. 1824) standing and MSW competencies; and,
- more information about Certification and Licensure (p. 1825).

Applicants with a CSWE-accredited Bachelor of Social Work degree from within the last five years should instead look at Social Work Advanced Standing: Full Time, MSW (p. 1813).

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 10 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admissions policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/) and Social Work's higher requirements:<br>• TOEFL (iBT): 100<br>• Duolingo (DET): 130 |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Online applications are available through the School of Social Work website (https://socwork.wisc.edu/admissions/mswapp/).

**Admission into the master's degree program** includes the Graduate School requirement that applicants hold a minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00 is required. Applicants from an international institution must demonstrate strong academic achievement comparable to a 3.00 for an undergraduate or master's degree, using all credits from the degree to calculate the GPA equivalency. The Graduate School will use your institution's grading scale. Do not convert your grades to a 4.00 scale.

Applicants apply online through the Graduate School's application site (link found in the instructions on the School of Social Work website). A complete application includes both the Graduate School application and the School of Social Work's supplemental application forms.

Applicants must review the instructions on the School of Social Work (https://socwork.wisc.edu/admissions/mswapp/) website for specific application details and prerequisites.

## ADVANCED STANDING

**Individuals who have completed a Council on Social Work Education (CSWE) accredited Bachelor of Social Work (BSW) degree** within five years from the academic year of graduation to the academic year of enrollment **should apply to Social Work Advanced Standing: Full Time, MSW (p. 1813)**.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## MSW PROGRAM RESOURCES

Thanks to the generosity of friends and alumni, the Sandra Rosenbaum School of Social Work also has a number of Awards and Scholarships (https://socwork.wisc.edu/students/awards-and-scholarships/) available to MSW applicants and current MSW students, ranging from several hundred dollars to covering the full cost of tuition and fees, as well as training grants and other opportunities (https://socwork.wisc.edu/students/awards-and-scholarships/#other-opportunities) that can provide funding for students with specific career interests.

Students also have access to federal loans and work study.

# REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

## NAMED OPTION REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 49 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 25 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Grades of C are accepted only if they are offset by an equal number of credits of A. Candidates who receive more than two grades of C (in courses that do not extend beyond one term) or a grade of D or F while in the program will be dropped from the MSW Program. Candidates who receive a grade of C in the Field and Integrative Seminar courses may continue only with permission of the faculty and may not offset the grade with a grade of A. (This policy does not apply to grades received for courses taken to meet the statistics prerequisite while in the program but it will affect the GPA). |
| Assessments and Examinations | None. |
| Language Requirements | None. |

### REQUIRED COURSES

#### Generalist Practice

First-year MSW students complete all generalist courses unless granted an exemption:

| Code | Title | Credits |
|---|---|---|
| SOC WORK 400 | Field Practice and Integrative Seminar I | 4 |
| SOC WORK 401 | Field Practice and Integrative Seminar II | 4 |
| SOC WORK 441 | Generalist Practice with Individuals, Families and Groups | 3 |
| SOC WORK 442 | Generalist Practice with Communities and Organizations | 2 |
| SOC WORK 612 | Psychopathology in Generalist Social Work Practice | 2 |
| SOC WORK 650 | Methods of Social Work Research | 3 |
| SOC WORK 708 | The Field of Social Work | 2 |
| SOC WORK 709 | Social Policy | 2 |
| SOC WORK 710 | Diversity, Oppression, and Social Justice in Social Work | 2 |
| SOC WORK 711 | Human Behavior and the Environment | 2 |
| **Total Credits** | | **26** |

Generalist courses must be completed before beginning Advanced Generalist courses.

#### Advanced Generalist Specialization

In a broad social justice framework, advanced practice MSW students complete an advanced generalist practice specialization. Students may choose one of four optional focus areas:

1. Aging;
2. Child, Youth, and Family Welfare;
3. Health; and
4. Mental Health.

For more information about focus area recommendations, students should refer to the Specialization Handbook found on the Social Work website Student Resources page (https://socwork.wisc.edu/students/resources/).

Students complete an **Advanced Practice** class in a focus area, a **Policies & Services** class in a focus area, a sequence of **Field Practice** in a focus area, **Advanced Macro Practice**, and three "free electives" chosen in consultation with an advisor. Students may choose to complete their advanced generalist practice specialization with no focus area, and still complete **Advanced Practice**, **Policies & Services**, and **Field Practice** courses that are based within focus areas, in addition to **Advanced Macro Practice** and three "free electives" chosen in consultation with an advisor.

| Code | Title | Credits |
|---|---|---|
| **Advanced Practice (choose one)** | | **2** |
| SOC WORK 741 | Interventions with Children, Youth, and Families | |
| SOC WORK 821 | Social Work Practice in Aging and Mental Health | |
| SOC WORK 835 | Advanced Social Work Practice in Mental Health | |
| SOC WORK 873 | Social Work Practice in Health Care | |
| **Policies & Services (choose one)** | | **2** |
| SOC WORK 836 | Mental Health Policies and Services | |
| SOC WORK 875 | Health, Aging, and Disability Policy and Services | |
| SOC WORK 920 | Child, Youth, and Family Policies and Services | |
| SOC WORK 921 | Child Welfare Policies and Services | |
| **Advanced Macro Practice** | | **2** |
| SOC WORK 840 | Advanced Macro Practice | |
| **Advanced Practice Field** [1] | | **11** |
| SOC WORK 800 | Field Practice and Integrative Seminar III | |
| SOC WORK 801 | Field Practice and Integrative Seminar IV | |
| **Three free electives from the list below chosen in consultation with advisor.** | | **6** |
| **Total Credits** | | **23** |

[1] For information on available Advanced Practice field units and the process of selecting a field unit, students should refer to the Field Handbook found on the Social Work website Student Resources page (https://socwork.wisc.edu/students/resources/).

## Free Electives

Electives may be chosen from this list in consultation with an advisor. The Specialization Handbook (https://socwork.wisc.edu/students/resources/#full-time-msw-students) has suggested electives for focus areas and select sub-focuses. Not all electives are offered in a given year or semester. **Courses outside of the department may substitute for a course on this Free Electives list in consultation with an advisor.**

| Code | Title | Credits |
|---|---|---|
| SOC WORK 623 | Interpersonal Violence | 3 |
| SOC WORK 627 | Sex Trafficking and Sex Trading | 2 |
| SOC WORK/ AMER IND 636 | Social Work in American Indian Communities: The Indian Child Welfare Act | 3 |
| SOC WORK 639 | Social Work Practice with LGBTQIA2S+ Individuals and Communities | 3 |
| SOC WORK 644 | Issues in Developmental Disabilities | 3 |
| SOC WORK 646 | Child Abuse and Neglect | 2 |
| SOC WORK 648 | Social Work Practice in Palliative Care | 2 |
| SOC WORK 656 | Child Welfare Practice in Foster and Kinship Care, Permanency, and Adoption | 2 |
| SOC WORK 675 | Topics in Contemporary Social Welfare | 2-3 |
| SOC WORK 712 | Psychopathology for Social Work Practice in Mental Health | 3 |
| SOC WORK/ URB R PL 721 | Methods of Planning Analysis | 3 |
| SOC WORK 741 | Interventions with Children, Youth, and Families [1] | 2 |
| SOC WORK 742 | Assessing and Treating Children and Adolescents | 2 |
| SOC WORK/ NURSING/ PHM PRAC 746 | Interdisciplinary Care of Children with Special Health Care Needs | 3 |
| SOC WORK 817 | Social Work Practice in Schools II (only for School Social Work students) | 2 |
| SOC WORK 821 | Social Work Practice in Aging and Mental Health [1] | 2 |
| SOC WORK/ LAW 822 | Family Law: Marriage and Divorce | 2-4 |
| SOC WORK/ LAW 823 | Family Law: Parent and Child | 3-4 |
| SOC WORK 825 | Grief, Death, Loss, and Life | 2 |
| SOC WORK 835 | Advanced Social Work Practice in Mental Health [1] | 2 |
| SOC WORK 836 | Mental Health Policies and Services [1] | 2 |
| SOC WORK 838 | Principles of Psychedelic Healing | 2 |
| SOC WORK 842 | Supervision and Leadership in Social Work and Human Services Organizations | 3 |
| SOC WORK 854 | Crisis Intervention | 2 |
| SOC WORK 863 | Recent Developments in Social Work | 2-3 |
| SOC WORK 870 | Cognitive and Behavioral Mental Health Treatments for Adults | 2 |
| SOC WORK 873 | Social Work Practice in Health Care [1] | 2 |
| SOC WORK 875 | Health, Aging, and Disability Policy and Services [1] | 2 |
| SOC WORK/ ED PSYCH/HDFS/ NURSING 880 | Prevention Science | 3 |
| SOC WORK 920 | Child, Youth, and Family Policies and Services [1] | 2 |
| SOC WORK 921 | Child Welfare Policies and Services [1] | 2 |
| SOC WORK 929 | Social Work and Substance Misuse | 2 |

[1] These courses can satisfy either an Advanced Practice/Policies & Services course, or a free elective. Taking additional Advanced Practice/Policies & Services courses as electives should only be done in careful consultation with an advisor, and can only be taken in the advanced practice year.

POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Graduate credits in equivalent generalist courses completed with a grade of B or better taken at CSWE-accredited MSW programs may be used to fulfill the minimum degree credit requirement. In general, coursework earned five or more years prior to admission to the MSW Program may not be used to satisfy degree credit minimums. Graduate credits from other MSW programs/institutions may not be used to fulfill the minimum residence credit requirement.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Graduates of UW-Madison may transfer only those courses completed with a B or better and numbered 300 or above toward their minimum graduate degree credit requirement for coursework determined by the social work faculty to be equivalent to the MSW generalist coursework, up to 7 credits. Coursework completed through a degree earned five or more years prior to admission to the MSW program may not be used to satisfy credit requirements. Students seeking credit for previously completed social work practice courses may only do so if completed while declared in the BSW degree program.

MSW students may transfer undergraduate coursework from external institutions as determined by the social work faculty to be equivalent to the MSW generalist coursework, up to 7 credits, if completed with a grade of B or better. Coursework completed through a degree earned five or more years prior to admission to the MSW program may not transfer to satisfy credit requirements. Students seeking credit for previously completed social work practice courses may only do so if completed while enrolled in a CSWE-accredited BSW degree program.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

No credits accepted.

### Credits Earned as a University Special Student at UW-Madison

On a case-by-case basis generalist Social Work courses completed with a B or better and numbered 300 or above taken as a UW–Madison University Special student may transfer to fulfill degree requirements. No more than 7 credits of generalist course may be used for this purpose. Coursework earned five or more years prior to admission to the MSW program may not be used to satisfy credit requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

### MSW Satisfactory Progress Criteria

Graduate students are required to maintain and graduate with a cumulative GPA of 3.00.

Grades of "C" are accepted only if offset by an equal number of credits of grades of A. Students who receive more than two grades of C or a grade of D or F will be dropped from the MSW Program. (This policy does not apply to grades received for courses taken to meet the Statistic prerequisite while in the program but will affect the GPA).

Students who receive a grade of C in the Field and Integrative Seminar courses may continue only with permission of the faculty and may not offset the grade with a grade of A. Refer to the Field Education Handbook (found on the Social Work Student Resources site (https://socwork.wisc.edu/students/resources/#full-time-msw-students)) for more details about grades in Field.

## ADVISOR / COMMITTEE

All master's candidates are assigned to the social work academic advisors.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Full-Time Program students matriculating through the Full-Time MSW program on a part-time basis must enroll in a minimum of two courses each semester and complete one full-time semester of at least 8 credits. Candidates who withdraw from the Full-Time Program without having completed at least 8 credits must reapply for admission to the program. Students who withdraw from the Part-Time MSW Program without having completed at least 6 credits must reapply for admission to the Part-Time Program.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)

- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

### Practice Sequence

SOC WORK 441 and SOC WORK 442 are taken concurrently with field, and are only offered in the fall for BSW students. Exceptions to this sequencing are rare and will only be made through consultation with an advisor and the Director of Field Education. SOC WORK 400 is offered in the fall and SOC WORK 401 is offered in the spring. None of the practice courses are available in the summer.

### Coursework that doesn't meet the policy requirements

Coursework that does not meet the above policies (ie grade received was below a B, or degree was earned more than five years prior to admission) is not sufficient to meet program requirements. Students may choose to demonstrate competence in required foundation courses through examination for credit (https://socwork.wisc.edu/students/exemptions/) for select courses, or will be required to take the applicable course as part of their plan of study.

### Credit by Exam

An exemption exam (https://socwork.wisc.edu/students/exemptions/) is a way to demonstrate sound understanding of foundational generalist social work content required for our MSW Program. Exemption exams are intended for students who have had prior exposure to the required content. This option is recommended for students who have taken a similar course, but NOT eligible for exemption by prior coursework review (such as if a grade below a B was received, or the course was taken more than five years prior to entry into the program). If a student passes an exemption exam, they will typically earn credit for that course.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

MSW students can also take advantage of the College of Letters & Sciences SuccessWorks (https://successworks.wisc.edu/) services, including their Canvas modules (https://successworks.wisc.edu/canvas/) on jobs and internships.

# SOCIAL WORK: PART TIME, MSW

**The Part Time named option in the Social Work, MSW no longer admits new students after Fall 2025 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

This is a named option in the Social Work (p. 1822) MSW degree plan.

The Part-Time MSW program is designed to allow students who are not able to pursue full-time study to work toward a MSW degree on a structured, time-extended basis with classes delivered in a hybrid manner (using in-person session and online technology).

- In-person sessions offered every other Saturday. Students should plan to be on campus each semester.
- Fieldwork options may be offered in your home community.
- Focus areas in child, youth and family welfare or mental health are offered.

Applicants must meet the School of Social Work admission requirements to be accepted into the program.

Applicants with a CSWE-accredited Bachelor of Social Work degree from within the last five years should instead look at Social Work Advanced Standing, Part Time, MSW (p. 1817).

## ADMISSIONS

# ADMISSIONS

**The Part Time named option in the Social Work, MSW no longer admits new students after Fall 2025 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | May 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admissions policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/) and Social Work's higher requirements:<br>• TOEFL (iBT): 100<br>• Duolingo (DET): 130 |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Online applications are available through the School of Social Work website (http://socwork.wisc.edu/).

**Admission into the master's degree program** includes the Graduate School requirement that applicants hold a minimum undergraduate grade-point average (GPA) of 3.00 on the equivalent of the last 60 semester hours (approximately two years of work) or a master's degree with a minimum cumulative GPA of 3.00 is required. Applicants from an international institution must demonstrate strong academic achievement comparable to a 3.00 for an undergraduate or master's degree, using all credits from the degree to calculate the GPA equivalency. The Graduate School will use your institution's grading scale. Do not convert your grades to a 4.00 scale.

Applicants apply online through the Graduate School's application site (link found in the instructions on the School of Social Work website). A complete application includes both the Graduate School application and the School of Social Work's supplemental application forms.

Applicants must review the instructions on the School of Social Work (https://socwork.wisc.edu/admissions/mswapp/) website for specific application details and prerequisites.

## ADVANCED STANDING

Individuals who have completed a Council on Social Work Education (CSWE) accredited Bachelor of Social Work (BSW) degree within five years from the academic year of graduation to the academic year of enrollment should apply to Social Work Advanced Standing: Part Time, MSW (p. 1817).

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## MSW PROGRAM RESOURCES

Thanks to the generosity of friends and alumni, the Sandra Rosenbaum School of Social Work also has a number of Awards and Scholarships (https://socwork.wisc.edu/students/awards-and-scholarships/) available to MSW applicants and current MSW students, ranging from several hundred dollars to covering the full cost of tuition and fees, as well as training grants and other opportunities (https://socwork.wisc.edu/students/awards-and-scholarships/#other-opportunities) that can provide funding for students with specific career interests.

Students also have access to federal loans and work study.

## GRADUATE ASSISTANTSHIP POLICY

Per university policy, 131 students (which includes the Part-Time Program) are permitted to hold TA/RA/PA positions (including those above 33%) but will not receive the tuition remission that is typically part of the compensation package for a graduate assistantship. Limited School funding may be available to support Part-Time MSW students working as a TA for the School.

## SUMMER COURSEWORK MAY BE REQUIRED

Students should make sure they have enough financial aid to cover summer classes. We strongly recommend students talk to the Office of Student Financial Aid (https://financialaid.wisc.edu/) to create a financial aid plan that will meet their needs.

## PART-TIME MSW PROGRAM STUDENTS NOTE

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 49 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 25 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Grades of C are accepted only if they are offset by an equal number of credits of A. Candidates who receive more than two grades of C (in courses that do not extend beyond one term) or a grade of D or F while in the program will be dropped from the MSW Program. Candidates who receive a grade of C in the Field and Integrative Seminar courses may continue only with permission of the faculty and may not offset the grade with a grade of A. (This policy does not apply to grades received for courses taken to meet the statistics prerequisite while in the program but it will affect the GPA). |
| Assessments and Examinations | None. |
| Language Requirements | None. |

## REQUIRED COURSES

MSW students complete all generalist courses unless granted an exemption (https://socwork.wisc.edu/students/exemptions/):

| Code | Title | Credits |
|---|---|---|
| SOC WORK 400 | Field Practice and Integrative Seminar I | 4 |
| SOC WORK 401 | Field Practice and Integrative Seminar II | 4 |
| SOC WORK 441 | Generalist Practice with Individuals, Families and Groups | 3 |
| SOC WORK 442 | Generalist Practice with Communities and Organizations | 2 |
| SOC WORK 612 | Psychopathology in Generalist Social Work Practice | 2 |
| SOC WORK 650 | Methods of Social Work Research | 3 |
| SOC WORK 708 | The Field of Social Work | 2 |
| SOC WORK 709 | Social Policy | 2 |
| SOC WORK 710 | Diversity, Oppression, and Social Justice in Social Work | 2 |
| SOC WORK 711 | Human Behavior and the Environment | 2 |
| **Total Credits** | | **26** |

Generalist courses must be completed before beginning Advanced Generalist courses.

### Advanced Generalist Specialization

In a broad social justice framework, advanced practice (students continuing from the Generalist years) or advanced standing (students entering the Program with a recent BSW) MSW students complete an advanced generalist practice specialization. Students may choose one of two optional focus areas:

1. Child, Youth, and Family Welfare; and
2. Mental Health.

For more information about focus area recommendations, students should refer to the Specialization Handbook found on the Social Work website Student Resources page (https://socwork.wisc.edu/students/resources/).

Students complete an **Advanced Practice** class in a focus area, a **Policies & Services** class in a focus area, a sequence of **Field Practice** in a focus area, **Advanced Macro Practice**, and three "free electives" chosen in consultation with an advisor. Students may choose to complete their advanced generalist practice specialization with no focus area, and still complete **Advanced Practice**, **Policies & Services**, and **Field Practice** courses that are based within focus areas, in addition to **Advanced Macro Practice** and three "free electives" chosen in consultation with an advisor.

| Code | Title | Credits |
|---|---|---|
| **Advanced Practice (choose one)** | | **2** |
| SOC WORK 741 | Interventions with Children, Youth, and Families | |
| SOC WORK 821 | Social Work Practice in Aging and Mental Health | |
| SOC WORK 835 | Advanced Social Work Practice in Mental Health | |
| SOC WORK 873 | Social Work Practice in Health Care Policies & Services | |
| **Policies & Services (choose one)** | | **2** |
| SOC WORK 836 | Mental Health Policies and Services | |
| SOC WORK 875 | Health, Aging, and Disability Policy and Services | |
| SOC WORK 920 | Child, Youth, and Family Policies and Services | |
| **Advanced Macro Practice** | | **2** |
| SOC WORK 840 | Advanced Macro Practice | |
| **Advanced Practice Field** [1] | | **11** |
| SOC WORK 800 | Field Practice and Integrative Seminar III | |
| SOC WORK 801 | Field Practice and Integrative Seminar IV | |
| **Three free electives from the list below chosen in consultation with advisor.** | | **6** |
| **Total Credits** | | **23** |

[1] For information on available Advanced Practice field units and the process of selecting a field unit, students should refer to the Field Handbook found on the Social Work website Student Resources page (https://socwork.wisc.edu/students/resources/).

### Free Electives

The Specialization Handbook (https://socwork.wisc.edu/students/resources/#part-time-msw-students) has suggested electives for pathways and select sub-focuses. Not all electives are available in a given year or semester.

| Code | Title | Credits |
|---|---|---|
| SOC WORK 644 | Issues in Developmental Disabilities | 3 |
| SOC WORK 646 | Child Abuse and Neglect | 2 |
| SOC WORK 656 | Child Welfare Practice in Foster and Kinship Care, Permanency, and Adoption | 2 |
| SOC WORK 712 | Psychopathology for Social Work Practice in Mental Health | 3 |
| SOC WORK 742 | Assessing and Treating Children and Adolescents | 2 |
| SOC WORK 815 | Social Work Practice in Schools I | 2 |
| SOC WORK 817 | Social Work Practice in Schools II | 2 |
| SOC WORK 821 | Social Work Practice in Aging and Mental Health | 2 |
| SOC WORK 825 | Grief, Death, Loss, and Life | 2 |
| SOC WORK 838 | Principles of Psychedelic Healing | 2 |
| SOC WORK 842 | Supervision and Leadership in Social Work and Human Services Organizations | 3 |
| SOC WORK 870 | Cognitive and Behavioral Mental Health Treatments for Adults | 2 |
| SOC WORK 874 | Health, Aging, and Disability Practice for the 21st Century | 2 |
| SOC WORK 929 | Social Work and Substance Misuse | 2 |

### Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval.

Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Graduate credits in equivalent generalist courses completed with a grade of B or better taken at CSWE-accredited MSW programs may be used to fulfill the minimum degree credit requirement. In general, coursework earned five or more years prior to admission to the MSW Program may not be used to satisfy degree credit minimums. Graduate credits from other MSW programs/institutions may not be used to fulfill the Minimum Residence Credit Requirement.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Graduates of **UW-Madison** may transfer only those courses completed with a B or better and numbered 300 or above toward their minimum graduate degree credit requirement for coursework determined by the social work faculty to be equivalent to the MSW generalist coursework, up to 7 credits. Coursework completed through a degree earned five or more years prior to admission to the MSW program may not be used to satisfy credit requirements. Students seeking credit for previously completed social work practice courses may only do so if completed while declared in the BSW degree program.

MSW students may transfer undergraduate coursework from **external institutions** determined by the social work faculty to be equivalent to the MSW generalist coursework, up to 7 credits, if completed with a grade of B or better. Coursework completed through a degree earned five or more years prior to admission to the MSW program may not be used to satisfy credit requirements. Students seeking credit for previously completed social work practice courses may only do so if completed while enrolled in a CSWE-accredited BSW degree program.

### Credits Earned as Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

No credits accepted.

### Credits Earned as a University Special Student at UW-Madison

On a case-by-case basis generalist Social Work courses completed with a B or better and numbered 300 or above taken as a UW–Madison University Special student may transfer to fulfill degree requirements. No more than 7 credits of generalist course may be used for this purpose. Coursework earned five or more years prior to admission to the MSW program may not be used to satisfy credit requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

### Satisfactory Progress Criteria:

Graduate students are required to maintain and graduate with a cumulative GPA of 3.00.

Grades of "C" are accepted only if offset by an equal number of credits of grades of A. Students who receive more than two grades of C or a grade of D or F will be dropped from the MSW Program. (This policy does not apply to grades received for courses taken to meet the Statistic prerequisite while in the program but will affect the GPA).

Students who receive a grade of C in the Field and Integrative Seminar courses may continue only with permission of the faculty and may not offset the grade with a grade of A. Refer to the Field Education Handbook (found on the Social Work Student Resources site (https://socwork.wisc.edu/students/resources/#part-time-msw-students)) for more details about grades in Field.

## ADVISOR / COMMITTEE

All master's candidates are assigned to the social work academic advisors.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Students who withdraw from the Part-Time MSW Program without having completed at least 6 credits must reapply for admission to the Part-Time Program.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)

- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

### Credit versus Placement

The above policies only refer to coursework for credit. Students who have completed additional coursework found to be equivalent to generalist MSW coursework may be placed out of those courses, but will still need to complete those credits through additional (elective) coursework.

### Coursework that doesn't meet the policy requirements

Coursework that does not meet the above policies (ie grade received was below a B, or degree was earned more than five years prior to admission) is not sufficient to meet program requirements. Students may choose to demonstrate competence in required foundation courses through examination for credit (https://socwork.wisc.edu/students/exemptions/) for select courses, or will be required to take the applicable course as part of their plan of study.

### Credit by Exam

An exemption exam (https://socwork.wisc.edu/students/exemptions/) is a way to demonstrate sound understanding of foundational generalist social work content required for our MSW Program. Exemption exams are intended for students who have had prior exposure to the required content. This option is recommended for students who have taken a similar course, but NOT eligible for exemption by prior coursework review (such as if a grade below a B was received, or the course was taken more than five years prior to entry into the program). If a student passes an exemption exam, they will typically earn credit for that course.

# PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

MSW students can also take advantage of the College of Letters & Sciences SuccessWorks (https://successworks.wisc.edu/) services, including their Canvas modules (https://successworks.wisc.edu/canvas/) on jobs and internships.

# SOCIOLOGY

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Science and Technology Studies, Doctoral Minor (p. 1836)
- Sociology, Doctoral Minor (p. 1836)
- Sociology, MS (p. 1837)
- Sociology, PhD (p. 1841)

# SCIENCE AND TECHNOLOGY STUDIES, DOCTORAL MINOR

Science and technology studies integrates knowledge about science, technology, and medicine with society, culture, and the economy. This interdisciplinary field of study incorporates a broad base of scholarship to provide a nuanced picture of science and technology as human enterprises, situated in wider historical, social, and cultural contexts.

The science and technology studies (STS) program offers a doctoral minor.

The doctoral minor in STS is offered to graduate students who are candidates for a doctoral degree in another department or program. The STS doctoral minor provides graduate students with an integrated program of interdisciplinary training in science and technology studies. The minor is open to students in all campus departments, including the humanities, social sciences, natural sciences, and engineering. The program is oriented toward helping students use insights from STS in their research and teaching.

## ADMISSIONS

## ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

All graduate students who are interested in the doctoral minor in Science and Technology Studies should consult as soon as possible with the Associate Director of the Holtz Center for Science and Technology Studies. Graduate students will work with the Center Director and Associate Director to choose an advisor from the center's affiliated faculty members. The advisor will assist in planning the student's doctoral minor.

## REQUIREMENTS

## REQUIREMENTS

### REQUIRED COURSES

Students must consult with their Holtz Center affiliated advisor and assistant director. Coursework promotes each student's interdisciplinary understanding of the relationship between science/technology and society/culture.

Students must complete at least 9 credits through the following requirements:

1. Complete STS 901 Science, Technology and Medicine in Society, which introduces students to the perspectives on science, technology, and society that transcend any single discipline;
2. Complete six credits from the pre-approved graduate course list in at least two different departments outside of their major field of study.
3. Earn a B or better in coursework.

Students are **expected and encouraged to complete the following**:

1. Enroll in STS 902 Current Topics in Science and Technology Studies. This is the biweekly Science and Technology Studies (STS) Brown Bag Seminars;
2. Frequent speaker series and other Holtz Center events.

### Pre-approved Graduate Courses

Refer to the "courses for PhD minor (https://sts.wisc.edu/academics/phd-minor/#what-is-the-ph-d-minor-in-sts)" on the program website for the pre-approved graduate course list.

# SOCIOLOGY, DOCTORAL MINOR

Sociology involves the development and application of theoretical insights and empirical evidence regarding human behavior as social beings, focusing on how social life works, what causes social change, and why humans behave in the ways they do. The discipline explores social interactions and social processes at the individual, group, state, and global levels. The Department of Sociology trains doctoral students to become outstanding social scientists working in academia, government, the nonprofit sector, and private industry. Students develop a broad understanding of major theories, methodologies, and research findings in the sociological literature. PhD students will advance the contributions of sociological study to society by conducting research that explores complex ideas, analyzes quantitative and qualitative data, and disseminates new knowledge. In so doing, they will contribute to the vast body of scholarship and applied work that leads to the improvement of society.

## ADMISSIONS

## ADMISSIONS

For more information, please contact the Graduate Program Manager (see contact information).

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

## REQUIREMENTS

# REQUIREMENTS

### REQUIRED COURSES

An Option A minor in Sociology requires 9 credits of graduate-level coursework in either the Department of Sociology or the Department of Community & Environmental Sociology. The departments do not require students to take specific courses; instead, students are encouraged to meet with the sociology graduate program manager to discuss their interests and goals and to find out which courses may be useful to them and when they are likely to be offered. Students may enroll in any graduate-only courses (i.e., those numbered 700–999) with the exception of SOC 700 Introductory Proseminar for Graduate Students and SOC 990 Thesis. They may also enroll in any of the advanced graduate-undergraduate courses (i.e., those numbered 300–699) that are either specifically designed for graduate students or assess graduate students separately from undergrads. Such courses carry this designation in the Course Search and Enroll App: Graduate 50%: Y.

# SOCIOLOGY, MS

The Department of Sociology and the Department of Community & Environmental Sociology conduct a combined graduate program in sociology designed to prepare students for scholarly research, teaching, or applied work. The program leads to the Master of Science degree in sociology and the Doctor of Philosophy degree in sociology. It also offers a minor to students earning a doctoral degree in other departments. All major areas of sociological inquiry are represented in the curriculum. The program consistently ranks at or near the top in studies of U.S. doctoral programs.

Distinguished faculty, outstanding students who learn from and support each other, an increasingly multi-ethnic student body, a curriculum covering a broad spectrum of sociological interests, thriving research projects in many areas, and a stimulating campus environment make UW–Madison an excellent choice for students interested in sociology and/or community and environmental sociology.

Members of the departments also participate in a number of interdisciplinary programs. Faculty and students are involved with several research institutes, including the Applied Population Laboratory, the Center for Demography & Ecology, the Center for Demography of Health & Aging, the Center for Integrated Agricultural Systems, the High Road Strategy Center, the Holtz Center for Science & Technology Studies, the Institute for Research on Poverty, the Institute on Aging, the Nelson Institute for Environmental Studies, the Wisconsin Center for Education Research, and the University of Wisconsin Survey Center. Further information about faculty and areas of study is available on the department websites: Department of Sociology (http://www.ssc.wisc.edu/soc/) and Department of Community & Environmental Sociology (http://dces.wisc.edu/).

# DEGREES AND CAREER GOALS

The sociology graduate program admits students who intend to earn a PhD. Students complete a Master of Science degree on the way to the PhD or receive a waiver of the program's Master's requirements based on having written a thesis and obtained a Master's degree previously. A few students leave the program after completing the Master's degree and pursue careers in the public or private sectors. Of those who graduate with the PhD, a majority obtain university teaching and/or research positions; others take research and/or administrative positions in government organizations, nonprofit organizations, or private firms.

## ADMISSIONS

# ADMISSIONS

This master's program is offered for work leading to the PhD. Students may not apply directly for the master's and should instead see the admissions information for the PhD. (p. 1841)

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.25 GPA required (3.00 in the first semester) |
| Other Grade Requirements | Students must earn a BC or above in all required courses. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester. |
| Assessments and Examinations | Master's students write a thesis under the supervision of their major professor. After completing the thesis, students take a comprehensive oral exam covering general sociology, graduate work to date, and the thesis.<br><br>Occasionally students decide not to continue pursuit of the PhD and opt to complete the requirements for a non-thesis master's degree. In these rare cases, students complete course requirements and take the comprehensive oral exam. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

The Departments of Sociology and Community & Environmental Sociology have one graduate program, and we admit only those students who intend to complete a PhD. Students admitted to the doctoral program earn a master's degree en route to the PhD. They complete the courses listed below and also write and defend a thesis. Students who earned a master's degree that included a thesis before entering the program may apply the work to the thesis requirement.

### Master's Degree Course Requirements

| Code | Title | Credits |
|---|---|---|
| **Required Courses** | | |
| SOC 700 | Introductory Proseminar for Graduate Students | 1 |
| SOC/C&E SOC 361 | Statistics for Sociologists II | 4 |
| SOC 754 | Qualitative Research Methods in Sociology | 3 |
| SOC 773 | Intermediate Classical Theory | 3 |
| **Additional credits** | | **19** |
| Additional credits should be selected from SOC/C&E SOC courses and seminars restricted to graduate students (typically these courses are numbered 700-984). These additional credits may include no more than 9 credits numbered 985 and above (e.g., working group courses, independent reading courses, and thesis credits). | | |
| **Those students affiliated with the multi-disciplinary Center for Demography & Ecology and Center for Demography of Health & Aging must complete these courses toward the Methods requirement:** | | |
| SOC 674 | Demographic Techniques I | 3 |
| SOC 756 | Demographic Techniques II | 3 |
| Each semester, throughout the graduate program, CDE/CDHA students must also enroll in: | | |
| SOC/C&E SOC 995 | Research: Methodology Trainees | 1-3 |
| SOC/C&E SOC 997 | Research: Demography and Ecology Trainees | 1-3 |
| **Total Credits** | | **30** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students may transfer up to 14 credits of graduate coursework from other institutions toward the minimum 30-credit master's degree requirement and the minimum 50% graduate coursework requirement. Coursework completed ten or more years prior to admission to the master's program may not be used to satisfy either of these requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Each new graduate student is matched with a first-year faculty advisor who shares his or her research interests. The first-year advisor helps with the transition to graduate school, offers an introduction to department culture, provides a structured point of contact should questions or problems arise, and provides information and support as the student selects a permanent advisor and thesis director. Students are expected to have ongoing contact with their advisor. All students are required to submit a yearly progress report that is read and discussed by a committee of faculty during the annual review. In addition, all students are expected to create and regularly update an Individual Development Plan (IDP) and use it as the basis for conversations with their advisor about evolving goals, current strengths, and plans for mastery of new skills. A student's advisor serves as chair of the thesis committee, which is composed of three graduate faculty members in Sociology and/or Community & Environmental Sociology.

## CREDITS PER TERM ALLOWED

15 credits maximum are allowed, but only 12 are recommended.

## TIME LIMITS

Students are expected to complete the master's degree by the end of the summer after their third year in the program.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to

the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.

b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.

c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.

4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

The Sociology graduate program offers students an array of professional development opportunities.

SOC 700 Introductory Proseminar for Graduate Students provides an overview of the discipline and the graduate program and addresses such professional development issues as teaching strategies and grant proposal writing. The proseminar also explores topics like productive advisor-advisee relationships, working effectively as part of a research team, co-authoring, and other matters important to graduate school success.

SOC/C&E SOC 875 Special Topics (Topic: Professional Development) covers a broad spectrum of topics – e.g., networking and peer support; time management; IRB approval and considering ethics throughout the research process; writing, revising, and submitting papers to scholarly journals; writing for public audiences; doing outreach work; speaking at conferences; investigating careers within and outside academia; and learning how to mentor.

SOC/C&E SOC 995 Research: Methodology Trainees, for students affiliated with the Center for Demography & Ecology and the Center for Demography of Health & Aging, covers essential professional development skills such as grant writing, data visualization, presentation design, publication writing, applying for academic and research jobs, and responsible conduct of research.

SOC/C&E SOC 997 Research: Demography and Ecology Trainees, for students affiliated with the Center for Demography & Ecology and the Center for Demography of Health & Aging, offers presentations of substantive work at the forefront of population sciences.

For students who are teaching for the first time, there is a weekly teaching workshop that focuses on issues typically of concern to new TAs—e.g., developing lesson plans, engaging students, facilitating discussions, and evaluating written work.

Students are encouraged to participate in "Working Groups" each semester. The departments offer nine of these training groups, each focusing on a different sociology subfield. The groups meet weekly and involve presentation and discussion of student and faculty work-in-progress as well as analysis of current developments and debates; often guest speakers from other universities join the conversation.

The departments host scholars from other institutions who speak at departmental colloquia as well as speakers from campus units such as the Havens-Wright Center for Social Justice and the Institute for Research on Poverty. Students are encouraged to attend these events. They are also advised to participate in the graduate program's workshops on career exploration and creating a professional website. Students are invited to collaborate with faculty and staff serving on department committees, and they are encouraged to develop leadership skills by becoming involved in the Sociology Graduate Student Association.

The departments provide small grants that assist students with research expenses and support those who are traveling to present their work at professional conferences.

The Sociology Department website (https://sociology.wisc.edu/current-students-2/) includes several pages containing valuable resources for graduate students – e.g., Diversity & Inclusion Resources for the Classroom, Collected Wisdom, Academic Job Market, and Blogs on Academia.

All graduate students are expected to create an Individual Development Plan to help them define interests and values, evaluate skills, develop specific plans for meeting degree milestones and professional goals, and communicate effectively with their advisors.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrate a broad understanding of major theories, methodologies, and research findings in the sociological literature. Develop critical thinking skills that empower them to analyze strengths and weaknesses in the existing literature, identify knowledge gaps, evaluate evidence, synthesize information, and form conclusions. Attain the skills necessary to conduct research with intellectual and ethical rigor, care, and creativity.
2. Complete an original research project in one of the subfields of sociology. In doing so, they will learn to formulate ideas and develop research questions, interpret and evaluate existing literature on the topic, design a feasible research project, use an appropriate methodology, analyze and interpret the resulting data, and consider avenues for future research. Write a thesis describing their research project and defend it during a comprehensive oral exam.
3. Develop an understanding of the field of sociology by participating in a required introductory proseminar as well as completing required courses in sociological theory, research methods, and statistics along with elective courses in their area of interest. Demonstrate their understanding by working as teaching assistants, project assistants, research assistants, and trainees; by presenting work-in-progress at informal brownbag colloquia; by preparing and submitting manuscripts resulting from their research for publication in respected journals; and by submitting papers for presentation at professional conferences.
4. Retrieve, interpret, and evaluate social science literature and use it, along with their own understanding of relevant methodologies, to

employ the most appropriate methods and practices in their own research.

5. Develop analytical thinking skills that enable them to evaluate information pertinent to their research questions. Develop the breadth of knowledge and experience that empowers them to synthesize disparate information and use the resulting synthesis to respond creatively to challenges in their field of study.
6. Communicate in a clear, organized, engaging manner, using language, methods, and critical tools appropriate to the social sciences. Learn to develop grant proposals; gather, manage, and analyze data; write a thesis that is thought-provoking, concise, and persuasive; present research informatively; listen with care and patience; and give and receive feedback orally and in writing.
7. Understand, recognize, and apply principles of ethical and professional conduct by developing effective relationships with faculty mentors, graduate student colleagues, and the undergraduate students whom they teach. Design research, collect and analyze data, and interpret and report results with honesty and scientific rigor.

# SOCIOLOGY, PHD

The Department of Sociology and the Department of Community & Environmental Sociology conduct a combined graduate program in sociology designed to prepare students for scholarly research, teaching, or applied work. The program leads to the Master of Science degree with a major in sociology and the Doctor of Philosophy degree in sociology. It also offers a minor to students earning a doctoral degree in other departments. All major areas of sociological inquiry are represented in the curriculum. The program consistently ranks at or near the top in studies of U.S. doctoral programs.

Distinguished faculty, outstanding students who learn from and support each other, an increasingly multi-ethnic student body, a curriculum covering a broad spectrum of sociological interests, thriving research projects in many areas, and a stimulating campus environment make UW–Madison an excellent choice for students interested in sociology and/or community and environmental sociology.

Members of the departments also participate in a number of interdisciplinary programs. Faculty and students are involved with several research institutes, including the Applied Population Laboratory, the Center for Demography & Ecology, the Center for Demography of Health & Aging, the Center for Integrated Agricultural Systems, the High Road Strategy Center, the Holtz Center for Science & Technology Studies, the Institute for Research on Poverty, the Institute on Aging, the Nelson Institute for Environmental Studies, the Wisconsin Center for Education Research, and the University of Wisconsin Survey Center. Further information about faculty and areas of study is available on the department websites: Department of Sociology (http://www.ssc.wisc.edu/soc/) and Department of Community & Environmental Sociology (http://dces.wisc.edu/).

## DEGREES AND CAREER GOALS

The sociology graduate program admits students who intend to earn a PhD. Students complete a Master of Science degree on the way to the PhD or receive a waiver of the program's Master's requirements based on having written a thesis and obtained a Master's degree previously. A few students leave the program after completing the Master's degree and pursue careers in the public or private sectors. Of those who graduate with the PhD, a majority obtain university teaching and/or research positions; others take research and/or administrative positions in government organizations, non-profit organizations, or private firms.

## ADMISSIONS

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 15 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/) |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

The program receives a large number of applications each fall from highly qualified individuals, requiring the admissions committee to be extremely selective. The Departments of Sociology and Community & Environmental Sociology offer graduate study leading to the Doctor of Philosophy degree in sociology. The departments do not admit applicants wishing to pursue a master's degrees only. Applicants admitted to the PhD program earn an MS degree en route to the PhD.

A cohort of approximately 20 students is ideal, in terms of providing mentoring and training to all admitted applicants as well as making financial support available to them. Total graduate enrollment in the program is roughly 140 students. An undergraduate major in sociology is not a prerequisite.

The admissions committee conducts a holistic assessment of each applicant's qualifications. Faculty members look for academic excellence as indicated by undergraduate GPA, a writing sample, and references, along with interest in and motivation for graduate study in sociology as indicated by the statement of purpose. (Note that a weakness in one indicator can be balanced by evidence of strong abilities in others.) In particular, committee members look for applicants with the ability or potential to define a research question succinctly and to use empirical evidence to address significant sociological issues. They also make an

effort to identify individuals who demonstrate the potential for a creative approach to investigating empirical and conceptual social science issues.

To apply, please submit an online application, all transcripts, a statement of reasons for graduate study, writing sample, and recommendations. International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (https://grad.wisc.edu/apply/requirements/).

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

The departments guarantee five continuous years of funding to all incoming students. Sources of funding include teaching assistantships, project assistantships, research assistantships, traineeships, and fellowships. In addition, some admitted students arrive with outside awards such as National Science Foundation or Fulbright grants.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.25 GPA required. |
| Other Grade Requirements | Students must earn a BC or above in all required courses. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester. |
| Assessments and Examinations | PhD students must pass two written preliminary exams in two different sociology subfields as well as an oral prelim. They then write a dissertation under the supervision of their major professor. After completing the dissertation, students take a final oral exam covering the dissertation and the general field of the major and minor studies. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).<br>• Option A, external: a minimum of nine graduate credits in one department or program (either single disciplinary or multi-disciplinary) outside of both Sociology and C&E Sociology.<br>• Option B, distributed: a minimum of nine graduate credits in two or more departments outside of both Sociology and C&E Sociology. The courses must be thematically unified and thus form a coherent topic. The nine credits for the Option B Minor may include one (but no more than one) course cross-listed with Sociology or C&E Sociology, but no courses may be taught by either Sociology or C&E Sociology professors.<br>• Option C, certificate: completion of a graduate/professional certificate in a program outside of Sociology and C&E Sociology. Certificate programs coordinate teaching and research among scholars active in interrelated disciplines, and they typically require 9-12 credits. |

## REQUIRED COURSES

All required courses except for SOC 700 Introductory Proseminar for Graduate Students, which is a credit/no credit course, must be taken for an A-F letter grade.

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| Students must complete the following courses. | | |
| SOC 700 | Introductory Proseminar for Graduate Students | 1 |
| SOC/C&E SOC 361 | Statistics for Sociologists II | 4 |
| SOC 362 | Statistics for Sociologists III | 4 |
| SOC/C&E SOC 750 | Research Methods in Sociology | 3 |
| SOC 754 | Qualitative Research Methods in Sociology | 3 |
| SOC 773 | Intermediate Classical Theory | 3 |
| **Seminars (Must be taken for 3 credits to count towards requirement)** [1] | | **12** |
| *Affiliation with Center for Demography & Ecology and Center for Demography of Health & Aging* | | |
| Students affiliated with the Center for Demography & Ecology and Center for Demography of Health & Aging must complete the following courses. | | |
| SOC/ C&E SOC 971 | Seminar-Topics in Demography and Ecology (Seminars in Population & Society I ) | |
| SOC/ C&E SOC 971 | Seminar-Topics in Demography and Ecology (Any special topic in demography) | |
| **Breadth** | | |
| Complete a minimum of 9 credits. | | 9 |
| **Additional Credits** | | |
| *Affiliation with Center for Demography & Ecology and Center for Demography of Health & Aging* | | |
| SOC 674 | Demographic Techniques I | 3 |
| SOC 756 | Demographic Techniques II | 3 |
| **Research** | | |
| Students must take 3 credits once they reach dissertator status. | | 3 |
| C&E SOC 990 | Research | |
| *Affiliation with Center for Demography & Ecology and Center for Demography of Health & Aging* | | |
| Students must take 1 credit in each of the following courses once in dissertator status. | | 3 |
| SOC/ C&E SOC 995 | Research: Methodology Trainees (Enroll in each semester through program) | |
| C&E SOC 990 | Research | |
| C&E SOC/ SOC 997 | Research: Demography and Ecology Trainees (Enroll in each semester through program) | |
| **Total Credits** | | **51** |

[1] Typically, these courses are numbered 900 to 979. These courses may or may not contain the word "Seminar" in the title. Working group courses (for example, those numbered 980 to 995) do **not** satisfy this requirement.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students may transfer up to 19 credits of graduate coursework from other institutions toward the minimum requirement and the minimum 50% graduate coursework requirement. Coursework completed ten or more years prior to admission to the doctoral program may not be used to satisfy either of these requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special student at UW–Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Students are expected to have ongoing contact with their faculty advisor. Dissertators who fail to confer with their advisor at least once each semester will not be allowed to register in the subsequent semester. All students are required to submit a yearly progress report that is read and discussed by a committee of faculty during the annual review. In addition, all students are expected to create and regularly update an Individual Development Plan (IDP) and use it as the basis for conversations with their advisor about evolving goals, current strengths, and plans for mastery of new skills. A student's advisor serves as chair of the dissertation committee, which must have at least five members, all of whom read and evaluate the dissertation prior to the student's final oral exam. Committees are composed of three graduate faculty in Sociology and/or Community & Environmental Sociology, one graduate faculty member from outside these two departments, and a fifth person who may be any individual deemed qualified by the student and their advisor.

## CREDITS PER TERM ALLOWED

15 credits maximum are allowed, but only 12 are recommended.

## TIME LIMITS

Doctoral students are expected to pass both written preliminary exams and the oral preliminary exam, thereby attaining dissertator status, by the summer after their eighth semester in the graduate program. They then must complete the PhD within five years of attaining dissertator status.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### For students in the College of Agricultural & Life Sciences:
### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALS), any student who feels unfairly treated by a member of the CALS faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
   a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
   b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
   a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
   b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
   c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
   d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a

written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

### For students in the College of Letters & Science:

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

# PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

The Sociology graduate program offers students an array of professional development opportunities.

SOC 700 Introductory Proseminar for Graduate Students provides an overview of the discipline and the graduate program and addresses such professional development issues as teaching strategies and grant proposal writing. The proseminar also explores topics like productive advisor-advisee relationships, working effectively as part of a research team, co-authoring, and other matters important to graduate school success.

SOC/C&E SOC 875 Special Topics (Topic: Professional Development) covers a broad spectrum of topics – e.g., networking and peer support; time management; IRB approval and considering ethics throughout the research process; writing, revising, and submitting papers to scholarly journals; writing for public audiences; doing outreach work; speaking at conferences; investigating careers within and outside academia; and learning how to mentor.

SOC/C&E SOC 995 Research: Methodology Trainees, for students affiliated with the Center for Demography & Ecology and the Center for Demography of Health & Aging, covers essential professional development skills such as grant writing, data visualization, presentation design, publication writing, applying for academic and research jobs, and responsible conduct of research.

SOC/C&E SOC 997 Research: Demography and Ecology Trainees, for students affiliated with the Center for Demography & Ecology and the Center for Demography of Health & Aging, offers presentations of substantive work at the forefront of population sciences.

For students who are teaching for the first time, there is a weekly teaching workshop that focuses on issues typically of concern to new TAs–e.g., developing lesson plans, engaging students, facilitating discussions, and evaluating written work.

Students are encouraged to participate in "Working Groups" each semester. The departments offer nine of these training groups, each focusing on a different sociology subfield. The groups meet weekly and involve presentation and discussion of student and faculty work-in-

progress as well as analysis of current developments and debates; often guest speakers from other universities join the conversation.

The departments host scholars from other institutions who speak at departmental colloquia as well as speakers from campus units such as the Havens-Wright Center for Social Justice and the Institute for Research on Poverty. Students are encouraged to attend these events. They are also advised to participate in the graduate program's workshops on career exploration and creating a professional website. Students are invited to collaborate with faculty and staff serving on department committees, and they are encouraged to develop leadership skills by becoming involved in the Sociology Graduate Student Association.

The departments provide small grants that assist students with research expenses and support those who are traveling to present their work at professional conferences.

The Sociology Department website (https://sociology.wisc.edu/current-students-2/) includes several pages containing valuable resources for graduate students – e.g., Diversity & Inclusion Resources for the Classroom, Collected Wisdom, Academic Job Market, and Blogs on Academia.

All graduate students are expected to create an Individual Development Plan to help them define interests and values, evaluate skills, develop specific plans for meeting degree milestones and professional goals, and communicate effectively with their advisors.

## LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Demonstrate a broad understanding of major theories, methodologies, and research findings in the sociological literature. Develop critical thinking skills that empower them to analyze strengths and weaknesses in the existing literature, identify knowledge gaps, evaluate evidence, synthesize information, and form conclusions. Attain the skills necessary to teach and conduct research with intellectual and ethical rigor, care, and creativity.
2. Create individualized programs to suit their specific interests and goals. Formulate ideas and develop research questions, design feasible research projects, use appropriate methodologies, analyze and interpret the resulting data, and identify avenues for further exploration. Their original research will expand the current boundaries of knowledge in the field.
3. Write seminar papers and conduct dissertation research, prepare and submit manuscripts resulting from their research for publication in respected journals, and submit papers for presentation at professional conferences. Their independent research will contribute substantively to scholarship in the field.
4. Demonstrate breadth within their learning experience by taking at least four seminars, completing a minor area of study, and passing written preliminary exams in two different subfields. In addition, because our program emphasizes collective responsibility for training, students will be supervised and mentored by several faculty members with a range of expertise. They will also learn to mentor others.
5. Advance the contributions of sociological study to society by conducting research that explores complex ideas, analyzes quantitative and qualitative data, and disseminates new knowledge. Contribute to the vast body of scholarship and applied work that leads to the improvement of society. Share theory, methodology, and the results of research with the undergraduate students whom they teach and thereby foster an understanding of how social life works, what causes social change, and why humans behave in the ways they do.
6. Communicate complex ideas in a clear, organized, engaging manner to diverse audiences. Craft effective grant proposals; gather, manage, and analyze data; write papers that are thought-provoking, concise, and persuasive; present research informatively; listen with care and patience; and give and receive feedback orally and in writing.
7. Foster ethical and professional conduct by demonstrating respect for and having positive interactions with faculty members and staff, graduate student colleagues, and undergraduate students. Foster such conduct by the scientific rigor and honesty with which they design research, collect and analyze data, and interpret and report results.
8. (Career Preparation) Prepare for a range of sustainable careers in academia as well as government, private industry, and the nonprofit sector. Develop flexibility, leadership, and broadly applicable skills in critical thinking, problem solving, project management, collaboration, and communication.

# SOIL AND ENVIRONMENTAL SCIENCES

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

- Environmental Remediation and Management, MS (p. 1846)
- Soil Science, Doctoral Minor (p. 1850)
- Soil Science, MS (p. 1851)
- Soil Science, PhD (p. 1855)

# ENVIRONMENTAL REMEDIATION AND MANAGEMENT, MS

**The Environmental Remediation and Management, MS no longer admits new students after Summer 2027 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

The UW–Madison Department of Soil and Environmental Sciences is one of the most prominent soil science departments in the United States. It is globally renowned for its excellence in research and education. The department implements the Wisconsin Idea to the extended community and provides all generations with an appreciation of the soil environment as a vital resource and understanding of the scientific basis of the environment.

The Environmental Remediation & Management program provides the skills to understand and help solve environmental contamination problems. These solutions improve environmental and community health, facilitate

sustainable growth, and revitalize urban centers. With courses designed in cooperation with industry experts, your in-depth knowledge related to soil and groundwater will be complemented by effective written and oral communication skills as well as personnel and project management training. In just one year of study, you will gain the foundation and knowledge to bring positive change and begin your career to project management and business development-level positions within the field of soil and environmental remediation.

## ADMISSIONS

# ADMISSIONS

**The Environmental Remediation and Management, MS no longer admits new students after Summer 2027 and the program will be discontinued Fall 2029.** If you have any questions, please contact the department (see contact box).

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | May 30 |
| Spring Deadline | This program does not admit in the spring. |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | May be required in certain cases; consult program.* |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 2 |

* The GRE is not needed for applicants with a 3.00 or higher GPA; applicants with a GPA below 3.00 may be considered under special circumstances and must also submit Graduate Record Examination (GRE) scores.

Although applications for the MS in Environmental Remediation and Management will be accepted on a rolling basis, applications received by the fall deadline each year will be given preference for admissions purposes and tuition assistance. Applications are submitted online (https://grad.wisc.edu/apply/) through the UW-Madison Graduate School. Prospective students who apply by the fall deadline will be informed of their admissions status by late June.

A foundation in the basic sciences is necessary and the program requires all students to have successfully completed the pre-requisite or equivalent coursework listed below. Admissions with deficiencies is possible, but is likely to delay completion of the degree as students will be expected to complete those courses in addition to the degree requirements.

| Code | Title | Credits |
|---|---|---|
| MATH 221 | Calculus and Analytic Geometry 1 | 5 |
| CHEM 103 | General Chemistry I | 4 |
| CHEM 104 | General Chemistry II | 5 |

Candidates with diverse professional and academic backgrounds are encouraged to apply. Admissions decisions will be based on the entirety of each applicant's credentials. Complete applications will include all items below.

1. Reasons for graduate study/statement of interest in this program or field
2. Two letters of professional recommendation; one letter from a faculty member and one letter from a university advisor from the undergraduate institution are preferred. For applicants with relevant work experience, a letter from current or former employer is recommended.
3. One copy of undergraduate transcripts submitted electronically in the application.
4. Professional credentials/resume
5. GRE scores (dependent on undergraduate GPA)

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Scholarship opportunities may be available to qualified applicants. Contact the Graduate Coordinator for further details.

## FEDERAL LOANS

Students who are U.S. citizens or permanent residents may be eligible to receive some level of funding through the federal direct loan program. These loans are available to qualified graduate students who are taking at least four credits during the fall and spring semesters and two credits during the summer. Private loans are also available. Learn more about financial aid at their website (https://financialaid.wisc.edu/).

## INTERNATIONAL STUDENT SERVICES FUNDING AND SCHOLARSHIPS

For information on International Student Funding and Scholarships, visit the ISS website (https://iss.wisc.edu/students/new-students/funding-scholarships/).

Scholarship opportunities may be available to qualified applicants. Contact the Graduate Coordinator for further details.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | Yes | Yes |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | No formal examination is required. |
| Language Requirements | No language requirements. |

### Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the

official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, up to 6 credits of coursework equivalent to coursework listed in the required courses table may be transferred to fulfill the course requirements. No credits may be applied to fulfill toward the minimum graduate residence credit requirement. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 6 credits of coursework equivalent to coursework listed in the required courses table may be transferred to fulfill the course requirements. No credits may be applied to fulfill toward the minimum graduate residence credit requirement. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer to fulfill up to 14 credits of coursework numbered 300 or above taken as a UW–Madison University Special student toward the minimum graduate degree credit requirement. These credits may be transferred to fulfill the minimum graduate coursework (50%) requirement if they are in courses numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation.. Coursework earned ten or more years prior to admission is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

1. Good standing (progressing according to standards; any funding guarantee remains in place).
2. Probation (not progressing according to standards but permitted to enroll; loss of funding guarantee; specific plan with dates and deadlines in place in regard to removal of probationary status).
3. Unsatisfactory progress (not progressing according to standards; not permitted to enroll, dismissal, leave of absence or change of advisor or program).

A semester GPA below 3.0 will result in the student being placed on academic probation. If a semester GPA of 3.0 is not attained during the subsequent semester of full time enrollment (or 12 credits of enrollment if enrolled part-time), this will be deemed unsatisfactory progress and the student may be dismissed from the program or allowed to continue for one additional semester based on advisor appeal to the Graduate School.

## ADVISOR / COMMITTEE

Every student in the program will be required to have an advisor. Program staff will work with the student to identify an advisor during the fall semester. Once an advisor has been identified, the student is expected to maintain communication with their advisor to ensure they are making satisfactory progress toward their degree.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALS), any student who feels unfairly treated by a member of the CALS faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
   a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
   b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
   a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
   b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
   c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
   d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

### OTHER

Not applicable.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Identify the nature, source, and mobility of environmental contaminants.
2. Demonstrate understanding of the regulatory requirements pertinent to the assessment, investigation and remediation of environmental contamination.
3. Create reports for the assessment, investigation, and closure of environmentally contaminated sites.
4. Collect environmental soil and groundwater samples, prepare samples for analysis, and interpret analytical data.
5. Assess contaminated soil and groundwater remediation strategies.
6. Communicate project information to technical and non-technical stakeholders.
7. Manage projects in environmental assessment, investigation, and remediation.

# SOIL SCIENCE, DOCTORAL MINOR

## ADMISSIONS

# ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

### APPLICATION DETAILS

Students who wish to apply for this doctoral minor must secure a Soil and Environmental Sciences faculty member as their minor advisor. The minor advisor must serve on the student's examination committee. The student should complete the Soil Science Doctoral Minor form (https://uwmadison.box.com/s/seikjszq3sq5l3yuqceu6q4lg0rroic0/), secure signatures from both the minor and major professors, and return the form to the Graduate Coordinator. The Graduate Coordinator cannot approve

a request to add the minor through the MyUW, Graduate Student Portal until this form is completed and submitted.

## REQUIREMENTS

### REQUIREMENTS

#### REQUIRED COURSES

A doctoral minor in Soil Science shall consist of a minimum of 9-credits of Soil Science (SOIL SCI) courses (https://guide.wisc.edu/courses/soil_sci/) with a "Grad 50%" designation. One credit of graduate seminar, SOIL SCI 728, may be applied towards the 9-credit minimum. A minor advisor from the Department of Soil and Environmental Sciences must serve in the student's graduate committee and approve the courses taken to complete the minor. Please return the signed form to Soil Science Graduate Coordinator (see contact information box).

# SOIL SCIENCE, MS

The UW–Madison Department of Soil and Environmental Sciences is one of the oldest, largest, and most prominent soil science departments in the United States. We are home to degrees in soil and environmental sciences. The department's mission is to provide instruction, research, and extension leadership in soil chemistry, physics, biology, and pedology for economic and sustainable land use. Programs are designed to improve basic understanding and practical management of soil and water resources in natural, agricultural, and urban ecosystems, and to serve local, state, national, and global interests. The department extends the Wisconsin Idea to our community and seeks to provide all generations with an appreciation of the science and nature of soil and the environment.

Soil science engages with major global challenges, such as adaptation to and mitigation of climate change, scarcity of water resources, and increasing sustainable and healthy food production to feed a growing global population. Our department's course offerings and research programs span topics ranging from the importance of soils in crop production, environmental issues, turf and grounds management, soil conservation, global climate change, carbon sequestration, microbial ecology, biodiversity, rural and urban planning, and waste resource management. Graduate study in soil science provides the basic and applied scientific training needed for teaching, research, extension, and other professional work in the agricultural, earth, and environmental sciences. The link between soils and biodiversity as well as the effects of soils on biofuel production is widely researched in the Department of Soil and Environmental Sciences.

Graduates from the department occupy impactful positions in industry, government, education, and research in agriculture, natural resources, and environmental science throughout the world. Of the more than 1,000 alumni of the department's graduate program, many are deans, directors, chairs, faculty, and staff at universities in the US and other countries, or in leading positions in government, regulatory agencies, research institutions, agribusinesses, chemical industries, and recreational and conservation organizations.

The number of graduate students enrolled in the program over the past 10 years has averaged 20 per year, with about half pursuing master's degrees and half pursuing doctorates. International students generally comprise about 30% of the total. Department faculty also direct additional graduate students in multidisciplinary research in soils-related programs.

## FACULTY RESEARCH

Research in the department focuses on an improved understanding of the soil, the environment, and their interactions with society. The faculty have extensive and long-term experience and knowledge about the soils of Wisconsin, their genesis, properties, and management. The department has an exciting suite of research activities ranging from the molecular level to the global. Research focuses on topical themes like climate change, soil health, biodiversity, and sustainable agriculture.

Many field research projects on soil and water problems are conducted in cooperation with state and federal agencies, agribusinesses, municipalities, and private farmers. The department cooperates closely with the Wisconsin Geological and Natural History Survey, Molecular and Environmental Toxicology Center, and the USDA Natural Resource Conservation Service. Relationships between soils and forests are studied at tree nurseries and in state, private, and commercial forests throughout the state in cooperation with the Wisconsin Department of Natural Resources and the pulp and paper industry.

Through a long commitment of our staff to international agriculture, the department has assisted in the creation of agricultural colleges in several developing countries, has attracted outstanding international graduate students, and is involved in research collaborations across the globe.

Many department faculty have been recognized nationally and globally for their contributions to soil science. Three soil scientists appointed to the National Academy of Sciences are from the UW–Madison Department of Soil and Environmental Sciences. Several faculty members have received local and national academic, professional-society, trade-association, and industrial prizes and awards for teaching, research, and extension education and serve on important state, national, and international committees. Many faculty members have been recognized for their contributions by election to honorary fellowship in the Soil Science Society of America, the American Society of Agronomy, and allied professional societies.

Our faculty are heavily involved in cooperative interdisciplinary research undertakings with scientists and organizations within and beyond the university, such as UW–Madison's Nelson Institute for Environmental Studies, Environmental Chemistry and Technology Program, Center for Ecology and the Environment, and other science departments, state agencies, environmental consulting and service companies, agribusinesses, and trade organizations.

## RESEARCH FACILITIES

Research in the department is conducted in the field, in the laboratory, and in silico. The department is equipped with excellent laboratory, computing, and field equipment and facilities for graduate training and research. Excellent data collection, data logging, computing, and networking facilities are available for basic research and graduate training. In addition to computing facilities maintained by individual researchers for their students and free access to the campus' Center for High-Throughput Computing.

Specialized facilities are available for research in molecular biology, modern environmental microbiology, in vitro toxicology and bioassays, and contaminated-site remediation. Soils graduate students and faculty have shared access to major advanced physicochemical, x-ray, and electron microscopy analytical equipment through the Materials Science Center, National Magnetic Resonance Facility at Madison, National Synchrotron Light Source at Brookhaven National Laboratories, and

other UW–Madison science and engineering departments. Facilities, vehicles, machinery, and instrumentation are available for conducting field experiments at ten strategically located UW Agricultural Research Stations and the OJ Noer Turfgrass Research and Education Facility. Fieldwork for agricultural production and environmental protection is supported by daily information from the CALS agricultural weather station network as well as soils, crops, land-use, and natural resources analysis using land information systems and geographic information systems.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Fall Deadline | January 5 |
| Spring Deadline | October 15 |
| Summer Deadline | January 5 |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

## SUGGESTED PREPARATORY COURSEWORK

A foundation in the basic sciences is essential for graduate study in soil science. Continuing undergraduate students are encouraged to select undergraduate courses carefully if they are considering advanced degrees in soil science. The program recommends applicants complete the suggested preparatory coursework (or equivalent) listed below. Admission without this suggested preparation is possible but may delay the completion of graduate studies. If this preparatory coursework has not been completed prior to admission, a student's examination committee and/or advisor may require this coursework be completed during the MS program depending on the student's academic, research, and career goal needs.

| Code | Title | Credits |

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Financial support is available to qualified MS students in the form of research assistantships. Most assistantships are funded through research grants, and the final decision rests with the professor(s) supervising the research. A research assistantship for at least one-third time qualifies a student for remission of all tuition. The department offers a limited number of teaching assistantships. Graduate School fellowships are also available.

A number of Graduate School fellowships are available to new students with outstanding records. The deadline for application for these competitive fellowships is early January of each year. The department selects the most qualified applicants and forwards their dossiers to a campus-wide selection committee.

Separate from the Graduate School fellowships, the department offers support to eligible graduate students with three Wisconsin Distinguished Graduate Fellowships (the W.R. Kussow/Wisconsin Turfgrass Association, R.C. Newman/Wisconsin Turfgrass Association, and the Leo M. Walsh/Wisconsin Fertilizer and Chemical Association), and gift sponsored Research Assistantship from the C.B. Tanner Agricultural Physics Award Fund, and the Charles and Alice Ream Soil and Water Protection Research Fund. In addition, there are numerous scholarships and awards offered annually.

| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Required courses in soil science must be completed with a grade of B or better (BC and C may not be offset by AB and A). For all other courses, the requirement is an average record of B or better in all work taken as a graduate student. |
| Assessments and Examinations | Students are expected to present a written research plan to their committee no later than the end of the third semester of MS graduate work.<br><br>Candidates must present an open seminar on their MS thesis research, and pass a comprehensive examination (either oral, or an oral–written combination if requested by the candidate) on the graduate work offered in support of their candidacy.<br><br>Deposit of the master's thesis is required. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core Coursework** | | |
| SOIL SCI 301 | General Soil Science | 3 |
| SOIL SCI 302 | Meet Your Soil: Soil Analysis and Interpretation Laboratory | 1 |
| **Soil Science Foundation** | | |
| Complete at least one course from 4 of the following 5 areas and a total of 15 credits. | | 15 |
| *Soil Physics* | | |
| PLANTSCI/ ATM OCN 532 | Environmental Biophysics | |
| or SOIL SCI 622 | Soil Physics | |
| *Soil Chemistry* | | |
| Students who take SOIL SCI/F&W ECOL 451 may use the credits toward the Soil Chemistry requirement or the Soil Biology requirement, but it cannot count towards both categories. | | |
| SOIL SCI 621 | Soil and Environmental Chemistry | |
| or SOIL SCI/ F&W ECOL 451 | Environmental Biogeochemistry | |
| *Soil Biology* | | |
| SOIL SCI 323 | Soil Biology | |
| or SOIL SCI/ F&W ECOL 451 | Environmental Biogeochemistry | |
| or SOIL SCI/ MICROBIO 523 | Soil Microbiology and Biochemistry | |
| *Soil Fertility* | | |
| SOIL SCI 326 | Plant Nutrition Management | |
| *Environmental Soil Science* | | |
| SOIL SCI/ ENVIR ST 324 | Soils and Environmental Quality | |
| or SOIL SCI 327 | Environmental Monitoring and Soil Characterization | |
| **Seminar Coursework** | | |
| All MS candidates give a presentation in SOIL SCI 728 at least once during their MS program. | | |
| SOIL SCI 728 | Graduate Seminar | 1 |
| **Research** | | |
| MS candidates must enroll in a minimum of 1 credit of SOIL SCI 990 every semester. | | |
| SOIL SCI 990 | Research | 4 |

| Elective Coursework | |
|---|---|
| MS candidates must enroll in a minimum of 6 credits of non-research courses approved by the student's examination committee and/or advisor. | 6 |
| **Total Credits** | **30** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

The master's examination committee consists of at least three faculty members of defensible breadth, a minimum of two drawn from the soil and environmental sciences faculty. Defensible breadth shall be subject to certification committee approval. The third member of the committee must have a degree equivalent to that pursued by the student and be approved by the certification committee.

A proposed program for a MS candidate satisfying the minimum course requirements must be approved by the certification committee by the end of the first semester of MS graduate work. It is the responsibility of the student and the major professor to complete the departmental MS certification forms, arrange to be certified by the certification committee, and arrange for approval of revisions in the initial program if this becomes necessary.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Students enrolled full time are expected to complete their degree requirements within two to three years.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALS), any student who feels unfairly treated by a member of the CALS faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate,

may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
   a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
   b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
   a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
   b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
   c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
   d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

UW–Madison offers a wealth of resources intended to enrich your graduate studies and enhance your professional skills. Starting your very first year on campus, it is expected that you will take full advantage of the career and professional development resources that best fit your needs and support your goals. Since our alumni thrive not only in academia but also in industry, corporate, government, and non-profit arenas, we strive to be in tune, holistic, and innovative in our approach to meeting the diverse professional development needs of our students. By actively participating in these professional development opportunities, you will build the skills needed to succeed academically at UW–Madison and to thrive professionally in your chosen career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulates, critiques, and elaborates theories, research methods, and approaches in soil science.
2. Identifies sources and assembles evidence addressing questions or challenges in soil science.
3. Understands the field of soil science in historical, social, and global contexts.
4. Selects and/or utilizes the appropriate methodologies and practices for soil science research.
5. Evaluates or synthesizes information addressing research questions.
6. Communicates clearly in oral and written forms.
7. Recognizes and applies principles of ethical and professional conduct.

# SOIL SCIENCE, PHD

The UW–Madison Department of Soil and Environmental Sciences is one of the oldest, largest, and most prominent soil science departments in the United States. We are home to degrees in soil and environmental sciences. The department's mission is to provide instruction, research, and extension leadership in soil chemistry, physics, biology, and pedology for economic and sustainable land use. Programs are designed to improve basic understanding and practical management of soil and water resources in natural, agricultural, and urban ecosystems, and to serve local, state, national, and global interests. The department extends the Wisconsin Idea to our community and seeks to provide all generations with an appreciation of the science and nature of soil and the environment.

Soil science engages with major global challenges, such as adaptation to and mitigation of climate change, scarcity of water resources, and increasing sustainable and healthy food production to feed a growing global population. Our department's course offerings and research programs span topics ranging from the importance of soils in crop production, environmental issues, turf and grounds management, soil conservation, global climate change, carbon sequestration, microbial ecology, biodiversity, rural and urban planning, and waste resource management. Graduate study in soil science provides the basic and applied scientific training needed for teaching, research, extension, and other professional work in the agricultural, earth, and environmental sciences. The link between soils and biodiversity as well as the effects of soils on biofuel production is widely researched in the Department of Soil and Environmental Sciences.

Graduates from the department occupy impactful positions in industry, government, education, and research in agriculture, natural resources, and environmental science throughout the world. Of the more than 1,000 alumni of the department's graduate program, many are deans, directors, chairs, faculty, and staff at universities in the US and other countries, or in leading positions in government, regulatory agencies, research institutions, agribusinesses, chemical industries, and recreational and conservation organizations.

The number of graduate students enrolled in the program over the past 10 years has averaged 20 per year, with about half pursuing master's degrees and half pursuing doctorates. International students generally comprise about 30% of the total. Department faculty also direct additional graduate students in multidisciplinary research in soils-related programs.

# FACULTY RESEARCH

Research in the department focuses on an improved understanding of the soil, the environment, and their interactions with society. The faculty have extensive and long-term experience and knowledge about the soils of Wisconsin, their genesis, properties, and management. The department has an exciting suite of research activities ranging from the molecular level to the global. Research focuses on topical themes like climate change, soil health, biodiversity, and sustainable agriculture.

Many field research projects on soil and water problems are conducted in cooperation with state and federal agencies, agribusinesses, municipalities, and private farmers. The department cooperates closely with the Wisconsin Geological and Natural History Survey, Molecular and Environmental Toxicology Center, and the USDA Natural Resource Conservation Service. Relationships between soils and forests are studied at tree nurseries and in state, private, and commercial forests throughout the state in cooperation with the Wisconsin Department of Natural Resources and the pulp and paper industry.

Through a long commitment of our staff to international agriculture, the department has assisted in the creation of agricultural colleges in several developing countries, has attracted outstanding international graduate students, and is involved in research collaborations across the globe.

Many department faculty have been recognized nationally and globally for their contributions to soil science. Three soil scientists appointed to the National Academy of Sciences are from the UW–Madison Department of Soil and Environmental Sciences. Several faculty members have received local and national academic, professional-society, trade-association, and industrial prizes and awards for teaching, research, and extension education and serve on important state, national, and international committees. Many faculty members have been recognized for their contributions by election to honorary fellowship in the Soil Science Society of America, the American Society of Agronomy, and allied professional societies.

Our faculty are heavily involved in cooperative interdisciplinary research undertakings with scientists and organizations within and beyond the university, such as UW–Madison's Nelson Institute for Environmental Studies, Environmental Chemistry and Technology Program, Center for Ecology and the Environment, and other science departments, state agencies, environmental consulting and service companies, agribusinesses, and trade organizations.

# RESEARCH FACILITIES

Research in the department is conducted in the field, in the laboratory, and in silico. The department is equipped with excellent laboratory, computing, and field equipment and facilities for graduate training and research. Excellent data collection, data logging, computing, and networking facilities are available for basic research and graduate training. In addition to computing facilities maintained by individual researchers for their students and free access to the campus' Center for High-Throughput Computing.

Specialized facilities are available for research in molecular biology, modern environmental microbiology, in vitro toxicology and bioassays, and contaminated-site remediation. Soils graduate students and faculty have shared access to major advanced physicochemical, x-ray, and electron microscopy analytical equipment through the Materials Science Center, National Magnetic Resonance Facility at Madison, National Synchrotron Light Source at Brookhaven National Laboratories, and other UW–Madison science and engineering departments. Facilities, vehicles, machinery, and instrumentation are available for conducting field experiments at ten strategically located UW Agricultural Research Stations and the OJ Noer Turfgrass Research and Education Facility. Fieldwork for agricultural production and environmental protection is supported by daily information from the CALS agricultural weather station network as well as soils, crops, land-use, and natural resources analysis using land information systems and geographic information systems.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 5 |
| Spring Deadline | October 15 |
| Summer Deadline | January 5 |
| GRE (Graduate Record Examinations) | Not required. |

| | |
|---|---|
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

## SUGGESTED PREPARATORY COURSEWORK

A foundation in the basic sciences is essential for graduate study in soil science. Continuing undergraduate students are encouraged to select undergraduate courses carefully if they are considering advanced degrees in soil science. The program recommends applicants complete the suggested preparatory coursework (or equivalent) listed below. Admission without this suggested preparation is possible but may delay the completion of graduate studies. If this preparatory coursework has not been completed prior to admission, a student's examination committee and/or advisor may require this coursework be completed during the PhD program depending on the student's academic, research, and career goal needs.

| Code | Title | Credits |
|---|---|---|
| MATH 221 & MATH 222 | Calculus and Analytic Geometry 1 and Calculus and Analytic Geometry 2 | 9 |
| STAT 301 | Introduction to Statistical Methods | 3 |
| CHEM 109 & CHEM 327 | Advanced General Chemistry and Fundamentals of Analytical Science | 9 |
| or CHEM 103/104 | General Chemistry I | |
| PHYSICS 103 | General Physics | 4 |
| BIOLOGY/BOTANY/ ZOOLOGY 151 | Introductory Biology | 3 |
| or BOTANY/ BIOLOGY/ ZOOLOGY 152 | Introductory Biology | |
| or BIOCHEM 501 | Introduction to Biochemistry | |
| or BIOCHEM 507 | General Biochemistry I | |

# FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Financial support is available to qualified PhD students in the form of research assistantships. Most assistantships are funded through research grants, and the final decision rests with the professor(s) supervising the research. A research assistantship for at least one-third time qualifies a student for remission of all tuition. The department offers a limited number of teaching assistantships. Graduate School fellowships are also available.

A number of Graduate School fellowships are available to new students with outstanding records. The deadline for application for these competitive fellowships is early January of each year. The department selects the most qualified applicants and forwards their dossiers to a campus-wide selection committee.

Separate from the Graduate School fellowships, the department offers support to eligible graduate students with three Wisconsin Distinguished Graduate Fellowships (the W.R. Kussow/Wisconsin Turfgrass Association, R.C. Newman/Wisconsin Turfgrass Association, and the Leo M. Walsh/Wisconsin Fertilizer and Chemical Association), and gift sponsored Research Assistantship from the C.B. Tanner Agricultural Physics Award Fund, and the Charles and Alice Ream Soil and Water Protection Research Fund. In addition, there are numerous scholarships and awards offered annually.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |

| | |
|---|---|
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Required courses in soil science must be completed with a grade of B or better (BC and C may not be offset by AB and A). For all other courses, the requirement is an average record of B or better in all work taken as a graduate student. |
| Assessments and Examinations | Candidates must complete the PhD prospectus, which consists of the prospectus seminar, the written prospectus, and prospectus examination.<br><br>Candidates are required to take a preliminary examination.<br><br>Candidates for the PhD degree are subject to a final oral examination on their dissertation and the general fields of the major and minor studies. Candidates must present an open seminar on their PhD research findings, followed by oral defense of the dissertation in front of the doctoral committee.<br><br>Deposit of the doctoral dissertation is required. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).<br><br>Breadth requirement fulfillment must be approved by the applicable doctoral minor or graduate/professional certificate department or by the Department of Soil and Environmental Sciences Certification Committee no later than the end of the second semester of PhD graduate work (not including summer sessions). A copy of the completed breadth agreement form is needed to obtain the warrant for the preliminary exam. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core Coursework** | | |
| SOIL SCI 301 | General Soil Science | 3 |
| SOIL SCI 302 | Meet Your Soil: Soil Analysis and Interpretation Laboratory | 1 |
| **Environmental Soil Science** | | |
| SOIL SCI/ ENVIR ST 324 | Soils and Environmental Quality | 3 |

| SOIL SCI/ MICROBIO 523 | Soil Microbiology and Biochemistry | 3 |
| or SOIL SCI/ F&W ECOL 451 | Environmental Biogeochemistry | |
| **Seminar Coursework** | | |
| All PhD candidates must present at least two seminars in SOIL SCI 728. One of the seminars must be on the student's prospectus. | | |
| SOIL SCI 728 | Graduate Seminar | 2 |
| **Teaching Practicum** | | |
| All candidates pursuing a Soil Science PhD shall complete a minimum of 1 credit of SOIL SCI 799. A written plan for satisfying this requirement shall be prepared by the student in conjunction with the advisor and approved by the Certification Committee. | | |
| SOIL SCI 799 | Practicum in Soil Science Teaching | 1-3 |
| **Research Credits** | | |
| PhD candidates are required to enroll in at least 1 credit of SOIL SCI 990 every semester. | | |
| Students complete 17 credits of research. | | 17 |
| SOIL SCI 990 | Research | |
| **Elective Coursework** | | |
| A minimum of 6 credits of non-research courses approved by the student's examination committee and/or advisor. | | 6 |
| **Breadth** | | **9** |
| **Total Credits** | | **51** |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special student at UW-Madison

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

The Doctoral Committee, chosen by the student and major professor, is a committee of four or more members representing more than one graduate program, three of whom must be UW-Madison graduate faculty or former UW-Madison graduate faculty up to one year after resignation or retirement. At least one of the four members must be from outside of the student's major program or major field (often the minor field) and approved by the Certification Committee. A minimum of two must be from the soil and environmental sciences faculty. At least three committee members must be designated as readers. Representation of the Minor Department (see Graduate Minor Requirements in the handbook) is at the option of the Minor Department, but the Department of Soil and Environmental Sciences recommends that the Minor Professor be on the Committee.

The required fourth member of the Doctoral Committee, as well as any additional members, all retain voting rights. They may be from any of the following categories, as approved by the executive committee: graduate faculty, faculty from a department without a graduate program, academic staff (including emeritus faculty), visiting faculty, faculty from other institutions, scientists, research associates, and other individuals deemed qualified by the Executive Committee (or its equivalent) provided the individual has a PhD degree or its equivalent.

It is the responsibility of the student and the Major Professor to form a Doctoral Committee and schedule a meeting before the end of the second semester (not including summer sessions) of PhD graduate work.

A student who does not meet deadline requirements in this document will not be allowed to register in the subsequent semester until a written plan for meeting the requirements has been approved by their major advisor and the department Certification Committee.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Prospectus: The written prospectus and the prospectus seminar must be completed by the end of the third semester (not including summer sessions).

Preliminary exam: Students who obtain their MS degree in the department and who continue in the department for their doctorate must take the preliminary examination by the end of the fourth semester (not including summer sessions) of PhD graduate work. Candidates who are approved to retake a failed examination must have passed by the end of the fifth semester.

Candidates for the PhD degree who obtained an MS or MA degree elsewhere, must take the Preliminary Examination by the end of the fourth semester (not including summer sessions) of PhD graduate work. Candidates who are approved to retake a failed examination must have passed by the end of the fifth semester.

Candidates who do not adhere to this deadline must show justification for the delay to the department certification committee.

Final oral exam and deposit of dissertation: A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing the preliminary examination may by require to take another preliminary examination and to be admitted to candidacy a second time.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

### College of Agricultural and Life Sciences: Grievance Policy

In the College of Agricultural and Life Sciences (CALS), any student who feels unfairly treated by a member of the CALS faculty or staff has the right to complain about the treatment and to receive a prompt hearing. Some complaints may arise from misunderstandings or communication breakdowns and be easily resolved; others may require formal action. Complaints may concern any matter of perceived unfairness.

To ensure a prompt and fair hearing of any complaint, and to protect the rights of both the person complaining and the person at whom the complaint is directed, the following procedures are used in the College of Agricultural and Life Sciences. Any student, undergraduate or graduate, may use these procedures, except employees whose complaints are covered under other campus policies.

1. The student should first talk with the person at whom the complaint is directed. Most issues can be settled at this level. Others may be resolved by established departmental procedures.
2. If the student is unsatisfied, and the complaint involves any unit outside CALS, the student should seek the advice of the dean or director of that unit to determine how to proceed.
    a. If the complaint involves an academic department in CALS the student should proceed in accordance with item 3 below.
    b. If the grievance involves a unit in CALS that is not an academic department, the student should proceed in accordance with item 4 below.
3. The student should contact the department's grievance advisor within 120 calendar days of the alleged unfair treatment. The departmental administrator can provide this person's name. The grievance advisor will attempt to resolve the problem informally within 10 working days of receiving the complaint, in discussions with the student and the person at whom the complaint is directed.
    a. If informal mediation fails, the student can submit the grievance in writing to the grievance advisor within 10 working days of the date the student is informed of the failure of the mediation attempt by the grievance advisor. The grievance advisor will provide a copy to the person at whom the grievance is directed.
    b. The grievance advisor will refer the complaint to a department committee that will obtain a written response from the person at whom the complaint is directed, providing a copy to the student. Either party may request a hearing before the committee. The grievance advisor will provide both parties a written decision within 20 working days from the date of receipt of the written complaint.
    c. If the grievance involves the department chairperson, the grievance advisor or a member of the grievance committee, these persons may not participate in the review.
    d. If not satisfied with departmental action, either party has 10 working days from the date of notification of the departmental committee action to file a written appeal to the CALS Equity and Diversity Committee. A subcommittee of this committee will make a preliminary judgement as to whether the case merits further investigation and review. If the subcommittee unanimously determines that the case does not merit further investigation and review, its decision is final. If one or more members of the subcommittee determine that the case does merit further investigation and review, the subcommittee will investigate and seek to resolve the dispute through mediation. If this mediation attempt fails, the subcommittee will bring the case to the full committee. The committee may seek additional information from the parties or hold a hearing. The committee will present a written recommendation to the dean who will provide a final decision within 20 working days of receipt of the committee recommendation.
4. If the alleged unfair treatment occurs in a CALS unit that is not an academic department, the student should, within 120 calendar days of the alleged incident, take his/her grievance directly to the Associate Dean of Academic Affairs. The dean will attempt to resolve the problem informally within 10 working days of receiving the complaint. If this mediation attempt does not succeed the student may file a written complaint with the dean who will refer it to the CALS Equity and Diversity Committee. The committee will seek a written response from the person at whom the complaint is directed, subsequently following other steps delineated in item 3d above.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

UW–Madison offers a wealth of resources intended to enrich your graduate studies and enhance your professional skills. Starting your very first year on campus, it is expected that you will take full advantage of the career and professional development resources that best fit your needs and support your goals. Since our alumni thrive not only in academia but also in industry, corporate, government, and non-profit arenas, we strive to be in tune, holistic, and innovative in our approach to meeting the diverse professional development needs of our students. By actively participating in these professional development opportunities, you will build the skills needed to succeed academically at UW–Madison and to thrive professionally in your chosen career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to theory and practice in soil science.
2. Formulates ideas, concepts, designs, and/or techniques beyond the boundaries of soil science knowledge.
3. Articulates testable hypotheses and conducts research that makes a substantive contribution to soil science.

4. Communicates clearly in ways appropriate to the field, in oral and written forms, for scholarly and general public audiences.
5. Fosters ethical and professional conduct, adhering to accepted standards such as that of the Soil Science Society of America.

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Portuguese and Spanish, MA (p. 1861)
- Portuguese and Spanish, PhD (p. 1865)
- Portuguese, Doctoral Minor (p. 1870)
- Spanish, Doctoral Minor (p. 1870)
- Spanish, MA (p. 1871)
- Spanish, PhD (p. 1875)

# PORTUGUESE AND SPANISH, MA

The degrees offered are the master of arts in Portuguese & Spanish and the doctor of philosophy with a major in Portuguese & Spanish. In addition, the department offers a doctoral minor in Spanish or Portuguese, consisting of nine9 credits of graduate study.

An integrated curriculum in Portuguese and Spanish languages, literatures, and linguistics provides training at the master's and PhD levels and assures that graduates are prepared to contribute as professionals in the fields of teaching and research. An active program of research contributes to new knowledge in Spanish and Portuguese. A comprehensive group of courses is offered in rotation during the academic year so that candidates may take courses in all fields. Classes are conducted in Portuguese and Spanish.

The department's graduate program in Portuguese & Spanish is consistently among the finest in the country. Twenty to 25e teaching assistantships are offered each year to graduate candidates in Spanish and Portuguese. A full complement of courses in Portuguese, Brazilian, and Luso-African literatures, culture, and linguistics is offered on a regular basis.

Fellowships, scholarships, teaching assistantships, and project assistantships are available to qualified graduate degree candidates.

Students pursuing advanced degrees in this department are advised to include in their training work in other languages and literatures, art, social sciences, linguistics, film studies, and philosophy. A knowledge of other languages is strongly recommended for advanced work in Hispanic and Luso-Brazilian fields.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 5 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

## APPLICATION DETAILS

Applicants must have an undergraduate major in Portuguese at UW–Madison or its equivalent.

Applicants with a bachelor of arts (BA) in Portuguese must have an undergraduate GPA of at least 3.0 (on a 4.0 scale), and a GPA in Portuguese courses of at least 3.25. Exceptions to these requirements may be made by the admissions committee.

Applicants will be asked to supply supplementary information regarding courses taken previously, experience abroad, scope of readings in Portuguese and Brazilian literatures, and preparation in linguistics.

## REQUIRED DOCUMENTATION

Applicants must upload the following materials to the online application:

- Unofficial transcripts;
  - Certified copies of English translations should accompany all non-English transcripts;
- Reason for Graduate Study/Statement of Purpose: What are your reasons for graduate study? Please describe your current degree goals and your reasons for selecting your program(s). Your statement can be either in English or Portuguese. It should not exceed three single-spaced pages, or the equivalent when double-spaced.
- Three (3) letters of recommendation (recommenders to submit on applicant's behalf;

- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (https://grad.wisc.edu/apply/requirements/).

## LANGUAGE PROFICIENCY

Admitted applicants will take an examination for written proficiency in Portuguese. An unsatisfactory performance on the Portuguese proficiency exam, as determined by the examiners, will require the applicant to take PORTUG 311 Fourth Year Composition and Conversation. Student who receive a grade of less than A in PORTUG 311 Fourth Year Composition and Conversation will be required to take PORTUG 312 Fourth Year Composition and Conversation. Admitted applicants who are not native speakers of Portuguese will take an examination for oral proficiency.

Admitted applicants will also be required to demonstrate proficiency in Spanish by the end of their first year of MA coursework. By the start of the second year of the MA, admitted applicants should present a knowledge of Spanish that is the equivalent of SPANISH 311 or above. This requirement may be met by the presentation of undergraduate coursework completed in Spanish or by the completion of SPANISH 311 with a grade of B or higher during the first year in the MA program in Portuguese and Spanish.

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Prospective students should see the program website (https://spanport.wisc.edu/prospective-grad-funding/) for funding information.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 31 credits |
| Minimum Residence Credit Requirement | 24 credits |
| Minimum Graduate Coursework Requirement | 16 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | No other grade requirements. |
| Assessments and Examinations | Students shall submit a research portfolio consisting of three term papers from graduate courses in this program. Two of the term papers must be from a Portuguese class and one must be from a Spanish class. Students submitting portfolios shall be allowed, but not required, to include in their portfolio a brief statement (approximately 1,000 words) explaining their anticipated doctoral research agenda. Each term paper included in the portfolio shall represent a different curricular area. Before submitting their portfolio pieces, students shall revise them in accordance with the corrections and comments provided by their course professors during the initial evaluation of those materials. Students shall submit their portfolio by March 1, and the portfolio review committee shall bring their recommendations to the Departmental Committee or the Executive Committee, as appropriate, for discussion and final decision at the committee's March meeting. |

| | |
|---|---|
| Language Requirements | No language requirements beyond English, Spanish and Portuguese. All students will take an examination for written proficiency in Portuguese. Candidates who are not native speakers of Portuguese will take an examination for oral proficiency. Students will also be required to demonstrate proficiency in Spanish by the end of their first year of MA coursework. By the start of the second year of the MA, students should present a knowledge of Spanish that is the equivalent of SPANISH 311 or above. |

## REQUIRED COURSES

The program in Portuguese & Spanish in the Department of Spanish and Portuguese is based on a series of core courses designed to give the student a broad knowledge of Portuguese, Brazilian, and Lusophone African literary currents. Specific course requirements are as follows:

| Code | Title | Credits |
|---|---|---|
| **Core Courses** | | |
| Complete 15 credits in Portuguese classes (PORTUG). The core courses listed must be taken as a part of the required 15 credits in Portuguese (PORTUG). | | 15 |
| PORTUG 361 | Portuguese Civilization | |
| PORTUG/ GEN&WS 450 | Brazillian Women Writers | |
| PORTUG/ GEN&WS 460 | Carmen Miranda | |
| *Independent Reading* | | |
| Students are required to complete the following as a 1-credit proseminar. | | |
| PORTUG 899 | Independent Reading | 1 |
| **Electives** | | |
| Complete 15 credits of electives | | 15 |
| *Seminars or Portuguese* | | |
| At least 6 credits must be seminar courses or in Portuguese classes (PORTUG) numbered 600 or above. [1] | | |
| PORTUG 640 | Topics in Luso-Brazilian Literature | |
| PORTUG 642 | Topics in Luso-Brazilian Culture | |
| PORTUG 751 | Seminar: Brazilian Literature | |
| PORTUG 772 | Seminar: Portuguese Literature | |
| PORTUG/ A A E/ANTHRO/ C&E SOC/GEOG/ HISTORY/LACIS/ POLI SCI/SOC/ SPANISH 982 | Interdepartmental Seminar in the Latin-American Area | |
| *Spanish* | | |
| At least 6 credits must be taken in graduate-level courses taught in Spanish (SPANISH). | | |
| SPANISH 630 | Topics in Hispanic Linguistics | |
| SPANISH 801 | Seminar-Spanish American Literature | |
| SPANISH 802 | Seminar-Spanish American Literature | |
| SPANISH 851 | Seminar in Golden Age Prose: Cervantes Don Quijote | |
| SPANISH 852 | Seminar in Golden Age Prose | |
| SPANISH 861 | Seminar-Modern Spanish Literature | |
| **Total Credits** | | **31** |

[1] The seminars are PORTUG 751 Seminar: Brazilian Literature and PORTUG 772 Seminar: Portuguese Literature. Students are strongly advised not to take a seminar in an area in which they have no previous preparation. Exceptions by consent of instructor.

### Core Courses

The following are core courses:

| Code | Title | Credits |
|---|---|---|
| PORTUG 361 | Portuguese Civilization | 3 |
| PORTUG 362 | Brazilian Civilization | 3 |
| PORTUG 411 | Survey of Portuguese Literature before 1825 | 3 |
| PORTUG/ AFRICAN 451 | Lusophone African Literature | 3 |
| PORTUG 467 | Survey of Portuguese Literature since 1825 | 3 |
| PORTUG 468 | Survey of Brazilian Literature since 1890 | 3 |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Master's students are not allowed to transfer in graduate credits from other institutions.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from undergraduate courses from an undergraduate degree are allowed to fulfill degree requirements. With advisor consent, students who have taken graduate level courses are allowed to petition up to 7 credits.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 6 credits of coursework numbered 300 or above taken as a University Special student. However, these credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has

the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Satisfactory progress depends on the following:

1. Maintaining a GPA of at least 3.0, adhering to the rule whereby students must take two courses within the department (or have the rule waived by petition); and
2. Fulfilling all academic requirements.

Students who are not in good standing will not be given sections to teach as Teaching Assistants, and those whose GPA goes below 3.0 are put on academic probation. If a semester of 3.0 is not attained during the subsequent semester, the student may be dismissed from the program.

All graduate students who are candidates for an MA degree in this department must take a minimum of two graduate-level courses in Spanish and/or Portuguese for credit each semester, exclusive of Independent Reading courses and audited courses. A student who is not in compliance with this requirement is not making good progress toward the degree, and will therefore be deemed not in good academic standing. Advisors should be aware that only the departmental committee, on the favorable recommendation of the Graduate Studies Committee, may grant exemptions.

## ADVISOR / COMMITTEE

Each candidate will confer with the general advisor. The student and the advisor will plan a program that takes into account the candidate's interests, strengths and deficiencies. If, for example, the student has a strong undergraduate background in a particular period of literature, the advisor will not recommend further exposure to the same field. Likewise, a student with extensive experience abroad and/or undergraduate preparation in composition or conversation may not need further study in these areas.

All students must have a substantial meeting with their advisors every semester to review their progress and work out the best strategies for future coursework and degree progress.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

The MA portfolio is submitted in the fourth or fifth semester of the program, very rarely beyond that.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including

adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.

3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

Funding commitments are awarded through teaching assistantships. Many additional sources of funding are available on a competitive basis.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulates, critiques, and elaborates the theories, methods, and terminology of the field of study.
2. Identifies and pursues promising avenues of inquiry, finds and makes use of appropriate bibliography, evaluates or synthesizes pertinent information, and analyzes evidence.
3. Demonstrates breadth of knowledge and understanding the field of study in a historical, socio-cultural and global context.
4. Develops speaking and writing skills and communicates fluently and clearly in Portuguese in ways appropriate to the field of study.
5. Develop speaking and writing skills and communicate effectively in Spanish in ways appropriate to the field of study.
6. Develops academic professionalization through participation in conferences and other extracurricular activities in preparation for a career path related to the field.
7. Develops effective teaching skills (for beginning and intermediate classes) in Portuguese and Spanish.

# PORTUGUESE AND SPANISH, PHD

The degrees offered are the master of arts in Portuguese & Spanish and the doctor of philosophy with a major in Portuguese & Spanish. In addition, the department offers a doctoral minor in Spanish or Portuguese, consisting of nine credits of graduate study.

An integrated curriculum in Portuguese and Spanish languages, literatures, and linguistics provides training at the master's and PhD levels and assures that graduates are prepared to contribute as professionals in the fields of teaching and research. An active program of research contributes to new knowledge in Spanish and Portuguese. A comprehensive group of courses is offered in rotation during the academic year so that candidates may take courses in all fields. Classes are conducted in Portuguese and Spanish.

The department's graduate program in Portuguese & Spanish is consistently among the finest in the country. Twenty to 25 teaching assistantships are offered each year to graduate candidates in Spanish and Portuguese. A full complement of courses in Portuguese, Brazilian, and Luso-African literatures, culture, and linguistics is offered on a regular basis.

Fellowships, scholarships, teaching assistantships, and project assistantships are available to qualified graduate degree candidates.

Students pursuing advanced degrees in this department are advised to include in their training work in other languages and literatures, art, social sciences, linguistics, film studies, and philosophy. A knowledge of other languages is strongly recommended for advanced work in Hispanic and Luso-Brazilian fields.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 5 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |

| | |
|---|---|
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

## APPLICATION DETAILS

Applicants are masters of art (MA) students in Portuguese & Spanish at the University of Wisconsin–Madison with a graduate GPA of 3.0 (on a 4.0 scale). Applicants are admitted to the PhD program on the recommendation of the master's examining committee upon successful completion of the portfolio requirement.

Applicants with a masters of art (MA) from an external institution are admitted to the doctoral program by virtue of his/her acceptance by the department. A minimum graduate GPA of 3.4 (on a 4.0 scale) is required.

Applicants will be asked to supply supplementary information regarding courses taken previously, experience abroad, scope of readings in Portuguese and Brazilian literatures, and preparation in linguistics.

## REQUIRED DOCUMENTATION

Applicants must upload the following materials to the online application:

- Unofficial transcripts;
  - Certified copies of English translations should accompany all non-English transcripts;
- Reason for Graduate Study/Statement of Purpose: What are your reasons for graduate study? Please describe your current degree goals and your reasons for selecting your program(s). Your statement can be either in English or the program's language. It should not exceed three single-spaced pages, or the equivalent when double-spaced.
- A writing sample in Portuguese (eg, a term-paper length), eight to ten pages. The topic should be as close as possible to the field you wish to specialize in for the PhD thesis.
- Three letters of recommendation (recommenders to submit on applicant's behalf);
- International degree-seeking applicants must prove English proficiency, refer to the Graduate School's requirements (https://grad.wisc.edu/apply/requirements/).

Applicants may refer to the Graduate School's admissions page for application assistance and frequently asked questions (https://grad.wisc.edu/apply/).

# FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. | Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 54 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 28 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | No other grade requirements. |

| | |
|---|---|
| Assessments and Examinations | Preliminary Examinations<br><br>Students must take after course requirements are met. The prelim has two parts: a written part and an oral part. The written part of the exam has two components:<br>• 1) a series of take-home exams and<br>• 2) a 5 to 10-page dissertation prospectus plus bibliography.<br><br>An oral examination defense follows the written portions of the Preliminary Examination. The oral exam defense is approximately two hours long, at the discretion of the examining committee. It should cover both the take-home examinations and the dissertation prospectus. The candidate will receive a grade of pass or fail in the preliminary examination. In the case of failing the exam, it could be retaken once within a month (after consultation with the adviser). Should the dissertation prospectus be approved, the candidate will have a maximum of three months to officially defend a dissertation proposal.<br><br>The Doctoral Dissertation<br><br>The final oral examination for the PhD (the dissertation defense) will concentrate solely on the dissertation and generally does not exceed two hours in length. The examining committee is composed a minimum of four members, at least one of whom must be from outside the student's program in Portuguese & Spanish, and at least three of whom, including the dissertation director, should be designated as readers. This examination is held at least two weeks after the dissertation is submitted. |
| Language Requirements | A knowledge of several languages is essential for doctoral research. Therefore, students are urged to fulfill the language requirements as early as possible in their doctoral studies. In any case, they must be fulfilled prior to the Preliminary Examination. The candidate must demonstrate advanced proficiency in a minimum of one language besides Spanish and Portuguese, to be determined in consultation with the adviser. The most common languages are French, Italian, Latin, German, and Arabic, depending on the candidate's major and minor. Advanced proficiency is defined as six college semesters with a grade of B or better. An advanced pass on the UW Division of University Outreach, Liberal Studies Reading Knowledge Examinations in French and German for graduate students will be accepted as an alternative. Exceptions to the above policies may be petitioned by the adviser to the Departmental Committee. |
| Graduate School Breadth Requirement | A doctoral minor or graduate/professional certificate is not required. Students are required to complete between 18-21 credits in coursework taken in Spanish. All these credits must be taken as an advanced level course, numbered 600 or above. |

## REQUIRED COURSES

The Portuguese & Spanish PhD program in the Department of Spanish and Portuguese at the University of Wisconsin-Madison offers the following areas of study:

1. Portuguese Literature
2. Brazilian Literature
3. African Literature in Portuguese
4. Hispanic Literature or Linguistics

Student selects a major area, which is the area of specialization. Students are expected to have a thorough knowledge of the current, primary works and critical bibliography pertaining to the area of specialization. Knowledge of the most significant writers and works as well as the most important currents and developments in the supporting fields is expected.

| Code | Title | Credits |
|---|---|---|
| **Requirements** | | |
| Major Area - In consultation with advisor, students must complete at least 9 credits in graduate courses in their chosen major field. | | 9 |
| Supporting Field 1 - In consultation with advisor, students must complete at least 6 credits in graduate courses in their first chosen supporting field. | | 6 |
| Supporting Field 2 - In consultation with advisor, students must complete at least 6 credits in graduate courses in their second chosen supporting field. | | 6 |
| Literary Theory - In consultation with advisor, students must complete at least 3 credits in graduate courses in literary theory. | | 3 |
| Advanced Courses (minimum 6 courses) - in consultation with advisor, students should ensure that they have a minimum of six advanced courses beyond the MA. At least two of these courses must be in the major. One of these advanced courses may be taken outside the Portuguese and Spanish program or transferred from another institution, with the advisor's consent. An advanced course is defined as numbered 400, or above. | | 18 |
| Electives/Research | | Variable |
| **Total Credits** | | **54** |

### Course Options

Requirements may be satisfied with the following courses. Other courses may be used to satisfy requirements with advisor approval.

| Code | Title | Credits |
|---|---|---|
| PORTUG 361 | Portuguese Civilization | 3 |
| PORTUG/ GEN&WS 450 | Brazillian Women Writers | 3 |
| PORTUG/ GEN&WS 460 | Carmen Miranda | 3 |
| PORTUG 640 | Topics in Luso-Brazilian Literature | 3 |
| PORTUG 642 | Topics in Luso-Brazilian Culture | 3 |
| PORTUG 751 | Seminar: Brazilian Literature | 3 |
| PORTUG 772 | Seminar: Portuguese Literature | 3 |
| PORTUG 899 | Independent Reading | 1-3 |

| | | |
|---|---|---|
| PORTUG/A A E/ ANTHRO/C&E SOC/ GEOG/HISTORY/ LACIS/POLI SCI/ SOC/SPANISH 982 | Interdepartmental Seminar in the Latin-American Area | 1-3 |
| SPANISH 630 | Topics in Hispanic Linguistics | 3 |
| SPANISH 801 | Seminar-Spanish American Literature | 3 |
| SPANISH 802 | Seminar-Spanish American Literature | 3 |
| SPANISH 851 | Seminar in Golden Age Prose: Cervantes Don Quijote | 3 |
| SPANISH 852 | Seminar in Golden Age Prose | 3 |
| SPANISH 861 | Seminar-Modern Spanish Literature | 3 |

### Two-Course Per Semester Requirement

Students must take a minimum of **two graduate-level courses in Portuguese and/or Spanish for credit each semester**, excluding Independent Reading (PORTUG 899 Independent Reading) courses, with the following exceptions:

1. The semester before taking the preliminary examination, a student may apply one instance of PORTUG 899 Independent Reading toward their dissertation proposal as one of the two graduate-level courses in Portuguese and/or Spanish if a second course is taken in the department. This exception may be granted only once despite delays in the preliminary examination.
2. Audited courses do not satisfy the requirement.
3. If this requirement delays the student's progress toward degree completion, a petition with advisor approval may be submitted. This is not applicable to students who have passed their preliminary examination.

### Independent Study

A maximum of 3 credits of independent study (PORTUG 899 Independent Reading) in each of the areas of concentration may be used, with prior departmental approval, when corresponding courses are not offered in a timely fashion.

### Advanced Courses

An advanced course is defined as a course numbered 600 or above in Spanish and numbered 400 or above, in Portuguese. In consultation with their advisor, students should ensure that they have a minimum of five advanced courses beyond the MA, if completed at the University of Wisconsin-Madison, or six advanced course beyond the MA if completed at another institution. At least two of these courses must be in the major. One of these advanced courses may be taken outside the Department, with the advisor's consent.

### Course Exclusions

The following courses **do not satisfy** the PhD course requirements:

| Code | Title | Credits |
|---|---|---|
| PORTUG 311 | Fourth Year Composition and Conversation | 3 |
| PORTUG 312 | Fourth Year Composition and Conversation | 3 |
| PORTUG 330 | History of the Portuguese Language | 3 |
| PORTUG 361 | Portuguese Civilization | 3 |
| PORTUG 362 | Brazilian Civilization | 3 |

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

After one semester in residence, incoming PhD graduate students from other universities may petition the Graduate Studies Committee to transfer graduate credits taken at their previous university to satisfy program requirements. A maximum of three courses (9 credits) may be transferred from their previous program toward their degree requirements, 6 of these credits may transfer to satisfy the supporting field requirements (3 credits per field) and the remaining 3 credits may satisfy language or other requirements, except for major field credit requirements. Each petition must be approved by the advisor, validated by a faculty member specializing in that field, and assessed by the Graduate Studies Committee with regard to its level and appropriateness. Only in rare circumstances will exceptions be considered.

Coursework earned ten years or more prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from undergraduate courses from an undergraduate degree are allowed to fulfill degree requirements. With advisor consent, students who have taken graduate level courses are allowed to petition up to 7 credits.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students may transfer no more than 6 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. However, these credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## PROBATION

Satisfactory progress depends on:

1. Maintaining a GPA of at least 3.0, adhering to the rule whereby students must take two courses within the department (or have the rule waived by petition), and
2. Fulfilling all academic requirements.

Students who are not in good standing will not be given sections to teach as Teaching Assistants, and those whose GPA goes below 3.0 are put on academic probation. If a semester of 3.0 is not attained during the subsequent semester, the student may be dismissed from the program.

## ADVISOR / COMMITTEE

The doctoral candidate arranges their program with an assigned graduate advisor, representing one of the areas of concentration, at the beginning of their studies in this department. The advisor represents a field in which the student has expressed primary interest. The candidate may, of course, seek advice and suggestions from individual professors, but it is important to maintain frequent and ongoing contact with the regular advisor. At the beginning of the second semester in residence the academic advisor and the candidate make a detailed review of the first semester's progress.

All students must have a substantial meeting with their advisor every semester to review their progress and work out the best strategies for future coursework and degree progress.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

The Department of Spanish and Portuguese enforces the Graduate School policy that establishes a five-year deadline for completion and defense of the doctoral dissertation, unless they receive an extension. If the candidate does not complete the dissertation within five years of the preliminary examination, the candidate must retake this examination.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and

the names and titles of any individuals contributing to or involved in the decision.

b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.

c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.

4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

Funding commitments are awarded through teaching assistantships. Many additional sources of funding are available on a competitive basis.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulate research problems, potentials, and limits with respect to theory, knowledge and practice within the field of study and with a view to interdisciplinarity.
2. Formulates ideas, concepts, and theoretical approaches beyond the current boundaries of knowledge and practice within the field of study, and thus makes a substantial contributions to those fields.
3. Develops archival and/or bibliographic research skills or other evidence-gathering techniques with the aim of furthering historical and cultural knowledge of the specific field of inquiry.
4. Demonstrates breadth within learning experiences.
5. Advances contributions of the field of study to society.
6. Communicates complex ideas and original arguments clearly and understandably in Portuguese, Spanish, and English and demonstrates reading knowledge of one other languages pertinent to the field of inquiry.
7. Develops academic professionalization through scholarly exchange and/or participation in conferences and other extracurricular activities in preparation for a career path related to the field.
8. Develops and demonstrates effective teaching skills (for intermediate and advanced classes in Portuguese and Spanish).

# PORTUGUESE, DOCTORAL MINOR

## ADMISSIONS

# ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

## REQUIREMENTS

# REQUIREMENTS

For a doctoral minor in Portuguese, students must complete a minimum of 9 credits in PORTUG (https://guide.wisc.edu/courses/portug/) numbered above PORTUG 302 Intensive Portuguese. Also, courses taken to fulfill a Portuguese language requirement for the major cannot satisfy requirements for the Portuguese doctoral minor.

Individual advisors should not sign off on the minor in Spanish or Portuguese. Students should be sent to the assigned advisor in each Portuguese area for the doctoral minor for signature and approval.

# SPANISH, DOCTORAL MINOR

## ADMISSIONS

# ADMISSIONS

All Graduate School students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Select the information for the doctoral minor for which you are applying.

## REQUIREMENTS

# REQUIREMENTS

Students must complete a minimum of 9 credits SPANISH (https://guide.wisc.edu/courses/spanish/) courses numbered 500 or above. Three of these credits must be an advanced-level course, numbered 600 or above.

Individual advisors should not sign off on the minor in Spanish or Portuguese. Students should be sent to the director of graduate studies in the Department of Spanish and Portuguese for signature and approval.

# SPANISH, MA

The degrees offered are the master of arts and doctor of philosophy in Spanish. In addition, the department offers a doctoral minor in Spanish or Portuguese, consisting of nine credits of graduate study.

An integrated curriculum in Spanish language, literatures, cultures, and linguistics provides training at the master's and PhD levels and assures that graduates are prepared to contribute as professionals in the fields of teaching and research. An active program of research contributes to new knowledge in Spanish. A comprehensive group of courses is offered in rotation during the academic year so that candidates may take courses in all fields. Classes are conducted in Spanish.

The department's graduate program in Spanish is consistently among the finest in the country. Teaching assistantships are offered each year to graduate candidates in Spanish and Portuguese. A full complement of courses in Spanish and Spanish American, literatures, cultures, and linguistics is offered on a regular basis.

Fellowships, scholarships, teaching assistantships, and project assistantships are available to qualified graduate degree candidates.

Students pursuing advanced degrees in this department are advised to include in their training work in other languages and literatures, art, social sciences, linguistics, film studies, and philosophy. Knowledge of other languages is required for advanced work in Hispanic and Luso-Brazilian fields.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 5 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

This program is designed for individuals to finish their academic career with an MA and for those who decide to pursue the PhD.  Its general, non#specialized approach is beneficial to both types.

Applicants must have an undergraduate degree in Spanish, an undergraduate GPA of at least 3.0 on a 4.0 scale, and a GPA in Spanish courses of at least 3.25. Exceptions to these requirements may be made by the admissions committee.

Admitted applicants will be asked to supply supplementary information regarding courses taken previously, experience abroad, scope of readings in Spanish and Spanish#American literatures, and preparation in linguistics.

All new admitted applicants will write a sample essay during the orientation week of their first semester of study. If the department determines that an admitted applicant needs to improve their written Spanish, they will be asked to meet several times during the semester with their selected advisor to work on composition skills.

## REQUIRED DOCUMENTATION FOR MA APPLICATIONS

- Three letters of recommendation are required for all graduate student applicants, using the Graduate School's online application.
- Unofficial transcripts from each institution attended. International academic records must be in the original language accompanied by an official English translation. Official transcripts will only be requested by the Graduate School upon program recommendation for admission.
- Reason for Graduate Study/Statement of Purpose: What are your reasons for graduate study? Please describe your current degree goals and your reasons for selecting your program(s). Your statement can be either in English or Spanish. It should not exceed three single-spaced pages, or the equivalent when double-spaced.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Prospective students should see the program website (http://spanport.wisc.edu/prospective-grad-funding/) for funding information.

REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 32 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 18 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | No other grade requirements. |
| Assessments and Examinations | Students must submit a research portfolio consisting of three term papers from graduate courses in this program. Students submitting portfolios shall be allowed, but not required, to include in their portfolio a brief statement (approximately 1000 words) explaining their anticipated doctoral research agenda. Each term paper included in the portfolio shall represent a different curricular area. Before submitting their portfolio pieces, students should revise them in accordance with the corrections and comments provided by their course professors during the initial evaluation of those materials. Students must submit their portfolio by March 1, and the portfolio review committee will bring their recommendations to the Departmental Committee for discussion and final decision at the committee's March meeting. |
| Language Requirements | No language requirements beyond English and Spanish. However, candidates who expect to go on to the doctoral program are urged to acquire the basic reading knowledge of a second foreign language before completing the portfolio. It should be another Romance Language, Latin, Arabic, or German. Other languages may be considered, with the approval of the department. |

## REQUIRED COURSES

Students are introduced to Spanish and Spanish-American literature, literary criticism and linguistics. All departmental graduate courses are considered advanced courses with the exception of survey courses. First-year students must have advisor permission and instructor consent to enroll in a seminar course.

Courses in an outside department may satisfy minimum credit requirements if approved by the Chair. This is not allowable if the student receives advisor approval for up to six credits in non-Spanish language coursework.

### Spanish MA with a Concentration in Literature [1]

This pathway is based on **six** literary areas:

1. Medieval Literature
2. Golden Age Literature
3. Modern Peninsular Literature
4. Spanish-American Literature I (Colonial through Modernismo)
5. Spanish-American Literature II (From Modernismo to the present)
6. Latinx Studies

| Code | Title | Credits |
|---|---|---|
| **Required Courses** [2] | | **21** |
| The following course is required for all new teaching assistants: | | |
| SPANISH 770 | Introduction to the Profession | |
| *Area Coursework* | | |
| Students must complete one course in each of the six literary areas. | | |
| *Advanced Courses* | | |
| Students must complete at least 6 credits in advanced courses (numbered 600 and above). | | |
| Coursework can be completed from the following courses: [3] | | |

| | |
|---|---|
| SPANISH 801 | Seminar-Spanish American Literature |
| SPANISH 802 | Seminar-Spanish American Literature |
| SPANISH 851 | Seminar in Golden Age Prose: Cervantes Don Quijote |
| SPANISH 852 | Seminar in Golden Age Prose |
| SPANISH 861 | Seminar-Modern Spanish Literature |
| SPANISH/ A A E/ANTHRO/ C&E SOC/ GEOG/HISTORY/ LACIS/POLI SCI/ PORTUG/ SOC 982 | Interdepartmental Seminar in the Latin-American Area |

| | |
|---|---|
| **Electives** | |
| Students must complete 11 credits of electives. Credits typically taken in literature areas. | 11 |
| *Language Courses* | |
| Students may take up to 6 credits of language courses other than Spanish or English. | 0-6 |
| **Total Credits** | **32** |

[1] These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

[2] SPANISH 320 Spanish Phonetics and SPANISH 770 Introduction to the Profession **do not** satisfy any of the literary or linguistic areas.

[3] Other courses may be used to satisfy these requirements with advisor approval.

### Spanish MA with a Concentration in Linguistics [1]

This pathway is based on **four** lingustics areas:

1. Phonetics & Phonology
2. Syntax
3. Language Variation & Change
4. Applied Linguistics & Second Language Acquisition

| Code | Title | Credits |
|---|---|---|
| **Required Courses** [2] | | **15** |
| The following course is required for all new teaching assistants: | | |
| SPANISH 770 | Introduction to the Profession | |
| *Advanced Courses* | | |
| Students must complete at least 6 credits in advanced courses (numbered 600 and above). | | |
| *Area Coursework* | | |
| Choose 3 credits from each of the following areas: | | |
| Phonetics & Phonology | | |
| Syntax | | |
| Language Variation & Change | | |
| Applied Linguistics & Second Lanuage Acquisition | | |
| Coursework can be completed from the following courses: [3] | | |
| SPANISH 446 | Topics in Spanish Linguistics | |
| SPANISH 630 | Topics in Hispanic Linguistics | |
| SPANISH 899 | Independent Reading | |
| **Electives** | | |
| Students must complete 17 credits of electives. Credits typically taken in linguistics areas. | | 17 |
| *Language Courses* | | |
| Students may take up to 6 credits of language courses other than Spanish or English | | 0-6 |
| **Total Credits** | | **32** |

[1] These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

[2] SPANISH 320 Spanish Phonetics and SPANISH 770 Introduction to the Profession **do not** satisfy any of the literary or linguistic areas.

[3] Other courses may be used to satisfy these requirements with advisor approval.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Master's students are not allowed to transfer in graduate credits from other institutions.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from undergraduate courses from an undergraduate degree are allowed to fulfill degree requirements. But students who have taken graduate level courses are allowed to petition with their advisor's consent up to a maximum of 7 credits.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special student at UW–Madison

With program approval, students are allowed to transfer no more than 6 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Students must take a minimum of two graduate-level courses in Spanish and/or Portuguese for credit each semester, exclusive of independent reading courses and audited courses. A student who is not in compliance with this requirement is not making good progress toward the degree, and will therefore be deemed not in good academic standing. Advisors should be aware that only the Graduate Studies Committee may grant exemptions.

Satisfactory progress depends on: maintaining a GPA of at least 3.0, adhering to the rule whereby students must take two courses within the department (or have the rule waived by petition), and fulfilling all academic requirements. Students who are not in good standing will not be given sections to teach as Teaching Assistants, and those whose GPA goes below 3.0 are put on academic probation. If a semester of 3.0 is not attained during the subsequent semester, the student may be dismissed from the program.

## ADVISOR / COMMITTEE

An advisor is assigned to incoming students when they join the program. The student and the advisor will plan a program that takes into account the candidate's interest, strengths and deficiencies. If, for example, the student has a strong undergraduate background in a particular period of literature, the advisor will not recommend further exposure to the same field. Likewise, a student with extensive experience abroad and/or undergraduate preparation in composition or conversation may not need further study in these areas.

All students must have a substantial meeting with their advisor every semester to review their progress and work out the best strategies for future coursework and degree progress.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

The MA/PhD portfolio is submitted in the fourth or fifth semester of the MA program, very rarely beyond that.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the

student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

Guaranteed funding through teaching assistantships. Many additional sources of funding are available on a competitive basis, including the Advanced Opportunity Fellowship, summer research Mellon fellowships, one-semester dissertation fellowships, Title VI FLAS fellowships for summer and year-long foreign language study, Nave summer research travel grants, and numerous others.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulates, critiques, and elaborates the theories, methods, and terminology of the field of study
2. Identifies and pursues promising avenues of inquiry, finds and makes use of appropriate bibliography, evaluates or synthesizes pertinent information and analyzes evidence
3. Demonstrates breadth of knowledge and understanding the field of study in a historical, sociocultural and global context.
4. Develops speaking and writing skills and communicates fluently and clearly in Spanish in ways appropriate to the field of study.
5. Develops academic professionalization through participation in conferences and other extracurricular activities in preparation for a career path related to the field.
6. Develops effective teaching skills (for beginning and intermediate classes).

# SPANISH, PHD

The degrees offered are the master of arts and doctor of philosophy in Spanish. In addition, the department offers a doctoral minor in Spanish (https://guide.wisc.edu/graduate/spanish-portuguese/spanish-doctoral-minor/) or Portuguese (https://guide.wisc.edu/graduate/spanish-portuguese/portuguese-doctoral-minor/).

An integrated curriculum in Spanish language, literatures, cultures, and linguistics provides training at the master's and PhD levels and assures that graduates are prepared to contribute as professionals in the fields of teaching and research. An active program of research contributes to new knowledge in Spanish. A comprehensive group of courses is offered in rotation during the academic year so that candidates may take courses in all fields. Classes are conducted in Spanish.

The department's graduate program in Spanish is consistently among the finest in the country. Teaching assistantships are offered each year to graduate candidates in Spanish and Portuguese. A full complement of courses in Spanish and Spanish American, literatures, cultures, and linguistics is offered on a regular basis.

Fellowships, scholarships, teaching assistantships, and project assistantships are available to qualified graduate degree candidates.

Students pursuing advanced degrees in this department are advised to include in their training work in other languages and literatures, art, social sciences, linguistics, film studies, and philosophy. Knowledge of other languages is required for advanced work in Hispanic fields.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 5 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |

| | |
|---|---|
| Letters of Recommendation Required | 3 |

MA students in Spanish at the University of Wisconsin–Madison are admitted to doctoral studies in this department on the recommendation of the MA examining committee upon successful completion of the PhD qualifying examination.

Applicants with a master's from another institution are admitted to the doctoral program by virtue of their acceptance by the department. A minimum graduate GPA of 3.4 (on a 4.0 scale) is required.

During the registration period, the student will be asked to supply supplementary information regarding courses taken previously, experience abroad, scope of readings in Spanish and Spanish American literatures, and preparation in linguistics.

### REQUIRED DOCUMENTATION FOR PHD APPLICATIONS

- Three letters of recommendation are required for all graduate student applicants, using the Graduate School's online application.
- Unofficial transcripts from all universities attended need to be uploaded to the application. Certified English translations should accompany all non-English transcripts.
- International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (https://grad.wisc.edu/apply/requirements/).
- Reason for Graduate Study/Statement of Purpose: What are your reasons for graduate study? Describe your current degree goals and your reasons for selecting your program(s). Your statement can be either in English or Spanish. It should not exceed three single-spaced pages, or the equivalent when double-spaced.
- A writing sample in Spanish (e.g., term-paper length). It should be eight to ten pages. The topic should be as close as possible to the field you wish to specialize in for the PhD thesis.

All materials must be received electronically to the Department of Spanish and Portuguese by the fall deadline.

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM RESOURCES

Prospective students should see the program website (http://spanport.wisc.edu/prospective-grad-funding/) for funding information.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 33 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/).<br><br>In practice all doctoral coursework (with the exception of some language requirements or some doctoral minors) is designed exclusively for graduate students. |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | No other grade requirements. |

| | |
|---|---|
| Assessments and Examinations | Preliminary Examinations:<br>The Preliminary Examination must be taken after course requirements have been met. The prelim has two parts: a written part and an oral part. The written part of the exam has two components: 1) a series of take-home exams and 2) a 5 to 10-page dissertation prospectus plus bibliography. An oral examination defense follows the written portions of the Preliminary Examination. The oral exam defense is approximately two hours long, at the discretion of the examining committee. It should cover both the take-home examinations and the dissertation prospectus. The candidate will receive a grade of pass or fail in the preliminary examination. In the case of failing the exam, it could be retaken once within a month (after consultation with the adviser). Should the dissertation prospectus be approved, the candidate will have a maximum of three months to officially defend a dissertation proposal.<br><br>The Doctoral Dissertation:<br>The final oral examination for the PhD (the dissertation defense) will concentrate solely on the dissertation and generally does not exceed two hours in length. The examining committee is composed of a minimum of four members, at least one of whom must be from outside the student's program in Spanish, and at least three of whom, including the dissertation director, should be designated as readers. This examination is held at least two weeks after the dissertation is submitted. |
| Language Requirements | Knowledge of other languages is essential for doctoral research. Candidates must demonstrate proficiency in either one or two languages appropriate for their area of research, to be decided in consultation with their advisor. Students are urged to fulfill the language requirements as early as possible in their doctoral studies. In any event, these must be fulfilled prior to the Preliminary Examination.<br><br>While any language may be used to fulfill the language requirement, the most common ones are those with regular course offerings or reading knowledge exams like Spanish (for candidates in Portuguese) or Portuguese (for candidates in Spanish), French, Italian, Latin, German, Arabic, Hebrew, Quechua and Yucatec Maya. Proficiency is defined as the level reached in any of the courses or pairs of courses listed below (or their equivalent), with the grades indicated, or a score of "Advanced High Pass/High Pass" on the UW Extension Reading Knowledge Exam if it is offered.<br><br>Students in the Applied Linguistics and Second Language Acquisition Area are required to take two graduate-level Research Design courses chosen in consultation with the student's advisor in lieu of one of their additional required languages. |
| Graduate School Breadth Requirement | All doctoral students are required to complete a doctoral minor or graduate/professional certificate. Refer to the Graduate School: Breadth Requirement in Doctoral Training policy: https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/).<br><br>If choosing a minor, the doctoral candidate must present a minor in work done outside of Spanish. The minor should be in an area related to the major field of interest. Portuguese, French, Comparative Literature, and Latin American, Caribbean and Iberian Studies are among the most common minors. Distributed minors (for a minimum of 9 credits) must be approved by the advisor. Requirements for the minor are established by the respective department. Since the minor should complement the student's major area of concentration, the student should arrange their program with the minor department as early as possible in the doctoral career. For a minor in Portuguese, the student should have a minimum of 9 credits beyond PORTUG 301/ PORTUG 302. Also, courses taken to fulfill the language requirement cannot count toward the minor in Portuguese. Similarly, courses taken for a minor in Educational Psychology, Curriculum & Instruction, or Second Language Acquisition cannot also be counted as Research Design courses. |

## REQUIRED COURSES

Students select a major area and two supporting fields: literature or linguistics. The major is the area of specialization; the student is expected to have a thorough knowledge of the currents, primary works and critical bibliography pertaining to it.

The program provides multiple opportunities for the development of analytical skills, and integrated with those skills an extensive knowledge of theoretical issues. The selection of the major and supporting fields is made by the beginning of the second semester of doctoral studies.

### Independent Study

With prior department approval and when courses are not available, up to 3 credits of SPANISH 899 Independent Reading may be applied towards degree requirements.

In the semester before taking the Preliminary Examination, a student may apply SPANISH 899 Independent Reading designed to work toward the dissertation proposal as one of the two courses, as long as another course is taken in the department. This exception may only apply once, even in the case that the Preliminary Examination is postponed.

### Spanish PhD with a Concentration in Literature [1]

Students are expected to know the most significant writers and works and the most important currents and developments. Student must also have a good knowledge of critical bibliography.

This pathway is based on **six** literary areas:

1. Medieval Literature
2. Golden Age Literature
3. Modern Peninsular Literature
4. Spanish American I Literature (Colonial to 1900)

5. Spanish American II Literature (20th and 21st Century)
6. Latinx Studies

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| Students must complete the following course. | | |
| SPANISH 770 | Introduction to the Profession | 3 |
| **Advanced Courses (minimum of 6 courses)** | | |
| In consultation with advisor, students must complete at least six courses numbered 600 or above. At least two of these courses must be in the major. With advisor approval, students may complete one advanced course outside of the department. | | 18 |
| Coursework may be completed from the following courses: [2] | | 9 |
| SPANISH 801 | Seminar-Spanish American Literature | |
| SPANISH 802 | Seminar-Spanish American Literature | |
| SPANISH 851 | Seminar in Golden Age Prose: Cervantes Don Quijote | |
| SPANISH 852 | Seminar in Golden Age Prose | |
| SPANISH 861 | Seminar-Modern Spanish Literature | |
| SPANISH/ A A E/ANTHRO/ C&E SOC/ GEOG/HISTORY/ LACIS/POLI SCI/ PORTUG/ SOC 982 | Interdepartmental Seminar in the Latin-American Area | |
| **Breadth** | | **9** |
| **Electives/Research** | | |
| Students must complete 12 credits of electives or research. Credits are typically taken in literature areas. Additional courses that may satisfy this requirement include the following: [2] | | 12 |
| SPANISH 899 | Independent Reading | |
| SPANISH 990 | Thesis | |
| **Total Credits** | | **51** |

[1] These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

[2] Other courses may be used to satisfy these requirements with advisor approval.

### Spanish PhD with a Concentration in Linguistics [1]

Students are expected to know the most significant linguistic schools and approaches and the most important currents and developments. Students must also have a good knowledge of critical bibliography.

Students select a pathway from the three areas; the other two automatically become supporting fields. The **three** linguistics areas are:

1. Theoretical/Formal Spanish Linguistics
2. Language Variation and Change
3. Applied Linguistics and Second Language Acquisition

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| Students must complete the following course. | | |
| SPANISH 770 | Introduction to the Profession | 3 |
| **Major Area** | | **12** |
| **Advanced Courses (Minimum of 6 courses)** | | |
| In consultation with advisor, students must complete at least six courses numbered 600 or above. At least two of these courses must be in the major. With advisor approval, students may complete one advanced course outside of the department. | | 18 |
| Coursework may be completed from the following courses: [2] | | |
| SPANISH 446 | Topics in Spanish Linguistics [3] | |
| SPANISH 630 | Topics in Hispanic Linguistics | |
| **Breadth** | | **9** |
| **Electives/Research** | | |
| Students must complete 9 credits of electives or research. Credits are typically taken in linguistic areas. Additional courses that may satisfy this requirement include the following: [2] | | 9 |
| SPANISH 899 | Independent Reading | |
| SPANISH 990 | Thesis | |
| **Total Credits** | | **51** |

[1] These pathways are internal to the program and represent different curricular paths a student can follow to earn this degree. Pathway names do not appear in the Graduate School admissions application, and they will not appear on the transcript.

[2] Other courses may be used to satisfy these requirements with advisor approval.

[3] Students may petition the departmental Graduate Studies Committee to count this course as an advanced course. Additional coursework is required and will be agreed upon with the instructor.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

After one semester in residence, students from other institutions may petition the Graduate Studies Committee to transfer. Students may transfer up to 9 credits (three courses) to satisfy degree requirements,

except in the major field, and no more than three credits may be granted in one but not both of the student's supporting fields. Each petition must be approved by the advisor, validated by a faculty member specializing in that field, and assessed by the Graduate Studies Committee with regard to its level and appropriateness. Only in rare circumstances will exceptions be considered. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from undergraduate courses from an undergraduate degree are allowed to fulfill degree requirements. Students who have taken graduate level courses are allowed to petition with their advisor's consent up to a maximum of 7 credits.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students are allowed to transfer no more than 6 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. However, these credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## PROBATION

Students must take a minimum of two graduate-level courses in Spanish and/or Portuguese for credit each semester, exclusive of Independent Reading (SPANISH 899 Independent Reading) courses, with the following exceptions:

- Students may count up to three courses taken toward their PhD minor. Students must submit the appropriate form with the advisor's signature to the Graduate Coordinator each time an exception is requested.
- Audited course do not count toward the two-course minimum requirement.
- If the two-course rule impedes the student's progress toward completion of the degree, students may petition an exception, with the written support of their advisor. This regulation does not apply to students who have passed the PhD Preliminary Examination.

Satisfactory progress depends on:

- maintaining a GPA of at least 3.0, adhering to the rule whereby students must take two courses within the department (or have the rule waived by petition), and
- fulfilling all academic requirements.

Students who are not in good standing will not be given sections to teach as teaching assistants, and those whose GPA goes below 3.0 are put on academic probation. If a semester of 3.0 is not attained during the subsequent semester, the student may be dismissed from the program.

## ADVISOR / COMMITTEE

The doctoral candidates arrange their program with an assigned graduate advisor, representing one of the areas of concentration, at the beginning of their studies in this department. The advisor represents a field in which the student has expressed primary interest. The candidate may, of course, seek advice and suggestions from individual professors, but it is important to maintain frequent and ongoing contact with the regular advisor. At the beginning of the second semester in residence the academic advisor and the candidate make a detailed review of the first semester's progress.

All students must have a substantial meeting with their advisor every semester to review their progress and work out the best strategies for future coursework and degree progress.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

The Department of Spanish and Portuguese enforces the Graduate School policy that establishes a five-year deadline for completion and defense of the doctoral dissertation, unless they receive an extension. If the candidate does not complete the dissertation within five years of the preliminary examination, the candidate must retake this examination.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)

- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

Credits earned in the master's program (with the exception of SPANISH 770 Introduction to the Profession) and any transfer credits used to satisfy master's requirements, satisfy the PhD course requirements.

Funding commitments are awarded through teaching assistantships. Many additional sources of funding are available on a competitive basis..

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

## GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. (Literature / Linguistics) Articulates research problems, potentials, and limits with respect to theory, knowledge and practice within the field of study and with a view to interdisciplinarity.
2. (Literature / Linguistics) Formulates ideas, concepts, and theoretical approaches beyond the current boundaries of knowledge and practice within the field of study, and thus makes a substantial contributions to those fields.
3. (Literature / Linguistics) Develops archival and/or bibliographic research skills or other evidence-gathering techniques with the aim of furthering historical and cultural knowledge of the specific field of inquiry.
4. (Literature / Linguistics) Demonstrates breadth within learning experiences.
5. (Literature / Linguistics) Advances contributions of the field of study to society.
6. (Literature / Linguistics) Communicates complex ideas and original arguments clearly and understandably in both Spanish and English and demonstrates reading knowledge of two other languages pertinent to the field of inquiry.
7. (Literature / Linguistics) Develops academic professionalization through scholarly exchange and/or participation in conferences and other extracurricular activities in preparation for a career path related to the field.
8. (Literature / Linguistics) Develops and demonstrates effective teaching skills (for intermediate and advanced classes).

# STATISTICS

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DATA SCIENCE, MS

The MS Data Science is a joint professional program between the Statistics and Computer Sciences Departments and is administered by the Statistics Department. The program provides students with abilities in computational and statistical thinking and skills, which may be combined with domain knowledge to address data-rich problems from diverse fields and various industries. Graduates will acquire data science competencies to think critically about data, and to manage, process, model, and analyze data to obtain meaning and knowledge, and further to use data in responsible, ethical ways. The curriculum addresses emerging and rapidly growing areas of applied statistical and computing research and practice. Graduates seek employment as data analysts and data scientists or pursue further education in data science, statistics, computer science, or related quantitative and computational fields.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | February 15 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 2 |

## REQUISITES FOR ADMISSION

Applicants to the MS Data Science program should have completed the following courses equivalent to the UW-Madison courses listed below:

| Code | Title | Credits |
|---|---|---|
| **Calculus and Mathematical Foundation, complete all below** | | |
| MATH 221 | Calculus and Analytic Geometry 1 | 5 |
| MATH 222 | Calculus and Analytic Geometry 2 | 4 |
| MATH 340 | Elementary Matrix and Linear Algebra | 3 |
| or MATH 345 | Linear Algebra and Optimization | |
| **Programming Foundation, select one from the list below** | | |
| COMP SCI 220 | Data Science Programming I | 4 |
| COMP SCI 300 | Programming II | 3 |
| COMP SCI 320 | Data Science Programming II | 4 |
| **Recommended previous coursework of significant experience in R** | | |
| STAT 303<br>& STAT 304<br>& STAT 305 | R for Statistics I<br>and R for Statistics II<br>and R for Statistics III | 3 |
| STAT 433 | Data Science with R | 3 |

## APPLICATION MATERIALS

To apply, applicants must submit or declare the following in the online application (https://grad.wisc.edu/apply/):

**MS Data Science Supplemental Application**
The supplemental application for MS Data Science consists of two parts:

1. Information regarding completion of prerequisite coursework
2. A brief essay (less than 1 page) describing the applicant's background.

For more information about the specific question asked, please visit the MS Data Science website (https://stat.wisc.edu/graduate-admissions/ms-datascience/#application-materials).

### Statement of Purpose

The statement of purpose (not to exceed 2 single-spaced pages, pdf file format) explains an applicant's reasons for graduate study. An applicant will likely include some autobiographical information. However, its primary purpose is to acquaint us with the applicant's decision to pursue a graduate degree in data science, along with their goals in their domain of interest.

### Transcripts

Unofficial transcripts from all previous postsecondary studies are required. International academic records must be submitted in the original language and accompanied by an English translation. If an applicant is recommended for admission, the Graduate School will ask applicants

to request official transcripts sent to the Graduate School from the undergraduate institution.

### Resume or CV
This should highlight an applicant's qualifications and accomplishments.

### Letters of Recommendation
Provide contact information for two individuals who will provide recommendations on an applicant's behalf (they will receive an upload link by email). Letter writers should be able to speak to an applicant's academic preparation to pursue data science studies at the graduate level.

### International Applicants
All international applicants must also meet the degree and English proficiency requirements (https://grad.wisc.edu/apply/requirements/) set forth by the Graduate School.

For more information about the admissions process for MS Data Science, please review the Admissions Information (https://stat.wisc.edu/graduate-admissions/ms-datascience/#how-to-apply) on the program website.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Additional information about funding for MS Data Science is available on the program website (https://stat.wisc.edu/graduate-admissions/ms-datascience/#funding-and-cost-of-attendance).

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | Yes |

### Mode of Instruction Definitions
**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | None. |
| Assessments and Examinations | None. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Statistics Core** | | |
| STAT 611 | Statistical Models for Data Science | 3 |
| STAT 612 | Statistical Inference for Data Science | 3 |
| STAT 613 | Statistical Methods for Data Science | 3 |
| **Computer Sciences Core** | | |
| Complete 1 course from each category for a total of 9 credits | | 9 |
| *Algorithms* | | |
| COMP SCI/E C E/I SY E 524 | Introduction to Optimization | |
| COMP SCI 577 | Introduction to Algorithms | |
| COMP SCI/I SY E/MATH/STAT 726 | Nonlinear Optimization I | |

| STAT 456 | Applied Multivariate Analysis | |
| STAT 461 | Financial Statistics | |
| STAT/ COMP SCI 471 | Introduction to Computational Statistics | |
| STAT 575 | Statistical Methods for Spatial Data | |
| STAT/B M I 620 | Statistics in Human Genetics | |
| STAT 699 | Directed Study (3 credits maximum of STAT 699 and/or COMP SCI 799 allowed) | |
| STAT 701 | Applied Time Series Analysis, Forecasting and Control I | |
| STAT 760 | Multivariate Analysis I | |
| STAT 761 | Decision Trees for Multivariate Analysis | |
| STAT 771 | Computational Statistics | |
| STAT/ECON/ GEN BUS 775 | Bayesian Statistics | |
| I SY E 620 | Simulation Modeling and Analysis | |
| I SY E 624 | Stochastic Modeling Techniques | |
| I SY E/ COMP SCI 719 | Stochastic Programming | |

| | |
|---|---|
| I SY E/ COMP SCI 723 | Dynamic Programming and Associated Topics |
| I SY E/COMP SCI/ MATH 728 | Integer Optimization |
| MATH 616 | Data-Driven Dynamical Systems, Stochastic Modeling and Prediction |
| **Total Credits** | **30** |

[1] Courses listed both as core course and as an elective may satisfy either requirement, but not both.

### Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 9 credits of graduate coursework from other institutions toward the graduate degree credit and graduate coursework (50%) requirements. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 7 credits from a UW–Madison undergraduate degree are allowed to transfer toward minimum graduate degree credits. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements. This program does not accept undergraduate credits from other institutions.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, up to 14 credits completed at UW–Madison while a University Special student numbered 300 or above are allowed to transfer toward minimum graduate degree requirements. Of these credits, those numbered 700 or above may also transfer to fulfill the minimum graduate coursework (50%) requirement. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Students are required to communicate with their advisor near the beginning of each semester to discuss course selection and progress.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Students are expected to complete the program in 3-4 semesters. Students who wish to pursue the program part time must receive permission from the program chair.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

Not applicable.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

Students in the Data Science, MS program are encouraged to participate in program-specific professional development events and work directly, one-on-one, with advisors as well. Information about events and resources will be made available to currently enrolled students via email.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Demonstrates understanding of theories, methodologies, and computation as tools to solve complex problems in data science.
2. Selects or adapts appropriate data science approaches and uses or develops best practices in data-driven applications.
3. Synthesizes information, organizes insights, and evaluates impact pertaining to questions for studies involving empirical data.
4. Communicates data science concepts and results clearly.
5. Adheres to principles of ethical and professional conduct in data science.

# STATISTICS, DOCTORAL MINOR

## ADMISSIONS

# ADMISSIONS

All graduate students must utilize the Graduate Student Portal in MyUW to add, change, or discontinue any doctoral minor. To apply to this minor, please log in to MyUW, click on Graduate Student Portal, and then click on Add/Change Programs. Then submit this form (https://uwmadison.co1.qualtrics.com/jfe/form/SV_74k1ymmOt7tl217/) to have your program of study approved.

For admission for an Option A Minor in statistics, the candidate must have had at least one year of calculus, and an introductory knowledge of statistics that is satisfactory to the department. Any of the following (or an equivalent course) is sufficient for this purpose:

| Code | Title | Credits |
|---|---|---|
| STAT 240 | Data Science Modeling I | 4 |
| STAT 301 | Introduction to Statistical Methods | 3 |

| | | |
|---|---|---|
| STAT 324 | Introduction to Statistics for Science and Engineering | 3 |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | 3 |
| STAT/B M I 541 | Introduction to Biostatistics | 3 |
| STAT/F&W ECOL 571 | Statistical Methods for Bioscience I | 4 |

## REQUIREMENTS

# REQUIREMENTS

Please carefully read the requirements below. Requests for further information should be addressed to the Doctoral Minor Advisor in the Department of Statistics. **Note**: Candidates for an Option A Minor in Statistics must be aware of the Graduate School "Minors" policy (https://grad.wisc.edu/documents/minors/). For further information please visit the Statistics Doctoral Minor (https://stat.wisc.edu/statistics-doctoral-minor/) link.

The student should have a program of study **approved** by the Doctoral Minor Advisor in the Department of Statistics and the student's major advisor, **early in the student's graduate work**. The proposed program should be submitted to and approved by the minor program advisor in statistics **upon, or before, the completion of 6 credits.**

Please see Guide Admissions/How to Get In tab for specific details on how to declare.

### GRADE REQUIREMENT

Students must achieve a 3.00 GPA in courses used to satisfy the minor requirement.

### REQUIRED COURSES

Students must complete at least four courses totaling 12 or more credits. Courses must be selected from the following four lists. Students must take at least one course from List 1, and may take at most one course from each of Lists 2, 3, 4.

| Code | Title | Credits |
|---|---|---|
| **List 1: Methodological, computational, and applied Statistics elective courses (at least one course)** | | |
| STAT 303 | R for Statistics I | 1 |
| STAT 304 | R for Statistics II | 1 |
| STAT 305 | R for Statistics III | 1 |

| OR another course approved by the PhD minor advisor. | | |

# STATISTICS, MS

The MS degree program in statistics trains the candidate to become a practicing statistician with a number of options, including:

- Statistics: Applied Statistics, MS (p. 1888)
- Statistics: Biostatistics, MS (p. 1893)
- Statistics: Statistics and Data Science, MS (p. 1897)
- Statistics: Statistics, MS (p. 1902)

In addition, the department is closely involved with the School of Medicine and Public Health Department of Biostatistics and Medical Informatics (https://guide.wisc.edu/graduate/biostatistics-medical-informatics/) and a joint MS Data Science (p. 1881) offered by both the Department of Statistics and Department of Computer Sciences.

The Statistics Department provides extensive computing facilities, both hardware and software, to support instruction and research. Several computers and advanced graphic workstations are available for use in advanced courses enabling students to pursue the latest research directions in statistical computing and graphics. Common statistical packages and libraries are available on a variety of machines.

The department may be consulted for specific career information. Please see each program option for specific information regarding application materials, deadlines, and program requirements.

## ADMISSIONS

# ADMISSIONS

Students apply to the Master of Science in Statistics through one of the named options:

- Applied Statistics (p. 1888)
- Biostatistics (p. 1893)
- Statistics and Data Science
- Statistics (p. 1902)

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Each option within Statistics has different funding policies and opportunities for students. Please see each option for details.

- Statistics: Applied Statistics, MS (p. 1888)
- Statistics: Biostatistics, MS (p. 1893)
- Statistics: Statistics and Data Science, MS (p. 1897)
- Statistics: Statistics, MS (p. 1902)

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |

| | |
|---|---|
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | See Named Options for grade requirements. |
| Assessments and Examinations | See Named Options for policy information. |
| Language Requirements | No language requirements. |

### REQUIRED COURSES

Select a Named Option (https://guide.wisc.edu/graduate/statistics/statistics-ms/#NamedOptions) for courses required.

## NAMED OPTIONS

A named option is a formally documented sub-major within an academic major program. Named options appear on the transcript with degree conferral. Students pursuing the Master of Science in Statistics must select one of the following named options:

View as listView as grid

- **STATISTICS: APPLIED STATISTICS, MS (P. 1888)**
- **STATISTICS: BIOSTATISTICS, MS (P. 1893)**
- **STATISTICS: STATISTICS AND DATA SCIENCE, MS (P. 1897)**
- **STATISTICS: STATISTICS, MS (P. 1902)**

## POLICIES

## POLICIES

Students should refer to one of the named options for policy information:

- Applied Statistics (p. 1888)
- Biostatistics (p. 1893)
- Statistics and Data Science
- Statistics (p. 1902)

## PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Demonstrates understanding of statistical theories, methodologies, and applications as tools in scientific inquiries.
2. Selects and utilizes the most appropriate statistical methodologies and practices.
3. Synthesizes information pertaining to questions in empirical studies.
4. Communicates data concepts and analysis results clearly.
5. Recognizes and applies principles of ethical and professional conduct.

# STATISTICS: APPLIED STATISTICS, MS

This is a named option in the Statistics MS (p. 1887). The Department of Statistics recognizes that many students wish to have significant training within statistics, but apply their knowledge paired with a domain field in which they will utilize their statistical knowledge. This option within the MS Statistics provides the opportunity to do this. It is expected that many students will wish to pursue this program as a double, dual, or joint MS degree (https://grad.wisc.edu/academic-policies/) or also pursue a PhD in their domain field.

The Applied Statistics option is distinct from the other MS statistics options in its interdisciplinary emphasis with domain-specific electives and research/project and its corresponding reduced depth in statistics. Students interested in training with statistical consulting as the primary focus should apply for the MS Statistics: Statistics (p. 1902).

## ADMISSIONS

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 2 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applicants to the MS Statistics: Applied Statistics program may fall into two categories:

1. Joint, double, or dual degree with another program on campus. For applicants who fall in to this category, they may apply either while they are applying to their domain program or once they are on campus. It is strongly advised that applicants indicate their domain program in their statement of interest. For applicants already on campus, please contact admissions@stat.wisc.edu for information on how to apply.
2. Stand-alone program applicants. Prospective students are strongly encouraged to contact prospective faculty advisors before applying. Conversations with faculty from both the statistics department and your domain area of interest can help you identify shared research interests and potential advisors. Recommendation letters from these potential advisors that describe your skills in both statistics and your domain area strengthen your application significantly.
   In your application, your statement of purpose should address why you are applying to the MS Statistics: Applied Statistics option versus the traditional MS Statistics: Statistics option; explain ideas for collaboration within a particular domain field; and name a potential statistics advisor and domain co-advisor who have expressed an interest in advising you.

Applicants to the MS Statistics: Applied Statistics program should have completed the following courses equivalent to the UW-Madison courses:

| Code | Title | Credits |
|---|---|---|
| **Undergraduate Calculus** | | |
| MATH 221 | Calculus and Analytic Geometry 1 | 5 |
| MATH 222 | Calculus and Analytic Geometry 2 | 4 |
| MATH 234 | Calculus--Functions of Several Variables | 4 |
| **Statistics** | | |
| Complete one sequence below | | |
| *Option 1* | | |
| STAT/ F&W ECOL 571 & STAT/ F&W ECOL 572 | Statistical Methods for Bioscience I and Statistical Methods for Bioscience II | |
| *Option 2* | | |
| STAT 301 | Introduction to Statistical Methods | |
| or STAT 324 | Introduction to Statistics for Science and Engineering | |
| or STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| STAT 303 | R for Statistics I | |
| STAT 333 | Applied Regression Analysis | |
| *Option 3* | | |
| POLI SCI 812 & POLI SCI 813 | Introduction to Statistical Methods in Political Science and Multivariable Statistical Inference for Political Research | |
| *Option 4* | | |
| ED PSYCH 760 & ED PSYCH 761 & ED PSYCH 762 | Statistical Methods Applied to Education I and Statistical Methods Applied to Education II and Introduction to the Design of Educational Experiments | |
| *Option 5: or another similar introductory statistics sequence* | | |

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM INFORMATION

Students admitted to the MS Statistics: Applied Statistics option will have the opportunity to apply for teaching assistantships within the Department of Statistics. Students applying to the program by the January 2 deadline will be considered for funding at the time of application. Questions about funding opportunities within the Statistics department should be directed to the graduate program coordinator.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirements | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | n/a |
| Assessments and Examinations | Candidates must complete a project with an emphasis on the integration of statistics and science. A final oral examination is also required upon completion of the coursework and project. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Introductory Mathematical Statistics** | | |
| Complete using one of the following sequences | | 6 |
| STAT/MATH 309 & STAT/MATH 310 | Introduction to Probability and Mathematical Statistics I and Introduction to Probability and Mathematical Statistics II | |
| STAT 311 & STAT 312 | Introduction to Theory and Methods of Mathematical Statistics I and Introduction to Theory and Methods of Mathematical Statistics II | |
| STAT 609 & STAT 610 | Mathematical Statistics I and Introduction to Statistical Inference | |
| Or equivalent one-year sequence | | |
| **Domain Area Electives** | | |
| Students must complete 9 credits of domain coursework, outside the Department of Statistics. Students will need to have a central theme to their domain coursework that can be selected from multiple, related departments. Domain coursework that covers statistical methodology is limited to a maximum of 3 credits. Independent study or internship credits cannot be included in domain coursework. Refer to the "Example Domain Themes and courses" table for examples of course combinations that satisfy this requirement. | | 9 |
| **Statistics Electives** | | |
| Students must complete 6 credits of statistics electives. Refer to the "Statistics Electives Courses" table for courses that satisfy this requirement. Credits from suitable graduate-level quantitative courses taught in other departments (e.g., mathematics) may be substituted, if they do not overlap with introductory mathematical statistics or statistical methods, and with approval from the Director of Graduate Studies. | | 6 |
| **Additional Electives** | | |
| Students must complete 3 credits of additional electives to meet the minimum credit requirement. Students may apply courses from the "Statistics Electives Courses" table to satisfy this requirement, and courses from the "Additional Electives Courses" table for more options. Note: Students cannot apply the same course towards more than one of the category requirements. | | 3 |
| **Applied Experience** | | |
| STAT 678 | Introduction to Statistical Consulting | 3 |
| or STAT 998 | Statistical Consulting | |
| Research or Project (see details below) | | 3 |
| **Total Credits** | | **30** |

### Statistics Electives Courses

| Code | Title | Credits |
|---|---|---|
| STAT/B M I 620 | Statistics in Human Genetics | 3 |
| STAT/B M I 641 | Statistical Methods for Clinical Trials | 3 |
| STAT/B M I 642 | Statistical Methods for Epidemiology | 3 |
| STAT/B M I 643 | Clinical Trial Design, Implementation, and Analysis | 3 |
| STAT 701 | Applied Time Series Analysis, Forecasting and Control I | 3 |
| STAT/COMP SCI/I SY E/MATH 726 | Nonlinear Optimization I | 3 |
| STAT/B M I 727 | Theory and Methods of Longitudinal Data Analysis | 3 |
| STAT 732 | Large Sample Theory of Statistical Inference | 3 |
| STAT/MATH 733 | Theory of Probability I | 3 |
| STAT/MATH 734 | Theory of Probability II | 3 |
| STAT/B M I 741 | Survival Analysis Theory and Methods | 3 |
| STAT 760 | Multivariate Analysis I | 3 |
| STAT 761 | Decision Trees for Multivariate Analysis | 3 |
| STAT/B M I 768 | Statistical Methods for Medical Image Analysis | 3 |
| STAT 771 | Computational Statistics | 4 |
| STAT 772 | Linear Randomized Algorithms for Data Science | 3 |
| STAT/ECON/GEN BUS 775 | Bayesian Statistics | 3 |
| STAT 780 | Introduction to Quantum Data Science | 3 |
| STAT 801 | Advanced Financial Statistics | 3 |
| STAT/MATH 803 | Experimental Design I | 3 |

| | | |
|---|---|---|
| STAT/B M I 828 | Semiparametric Methods in Data Science | 3 |
| STAT/MATH 833 | Topics in the Theory of Probability [1] | 3 |
| STAT 841 | Nonparametric Statistics and Machine Learning Methods | 3 |
| STAT/COMP SCI/ E C E 861 | Theoretical Foundations of Machine Learning | 3 |
| STAT/B M I 877 | Statistical Methods for Molecular Biology | 3 |
| STAT/E C E/ MATH 888 | Topics in Mathematical Data Science [1] | 1-3 |
| STAT 992 | Seminar | 1-3 |

[1] Students may not apply multiple special topics courses with the same topic title towards their degree.

## Additional Electives Courses

| Code | Title | Credits |
|---|---|---|
| STAT 304 | R for Statistics II | 1 |
| STAT 305 | R for Statistics III | 1 |
| STAT 349 | Introduction to Time Series | 3 |
| STAT 351 | Introductory Nonparametric Statistics | 3 |
| STAT 411 | An Introduction to Sample Survey Theory and Methods | 3 |
| STAT 421 | Applied Categorical Data Analysis | 3 |
| STAT 433 | Data Science with R | 3 |
| STAT 443 | Classification and Regression Trees | 3 |
| STAT 451 | Introduction to Machine Learning and Statistical Pattern Classification | 3 |
| STAT 453 | Introduction to Deep Learning and Generative Models | 3 |
| STAT 456 | Applied Multivariate Analysis | 3 |
| STAT 461 | Financial Statistics | 3 |
| STAT/COMP SCI 471 | Introduction to Computational Statistics | 3 |
| STAT/COMP SCI/ MATH 475 | Introduction to Combinatorics | 3 |
| STAT 479 | Special Topics in Statistics [1] | 1-3 |
| STAT/B M I 542 | Introduction to Clinical Trials I | 3 |
| STAT 575 | Statistical Methods for Spatial Data | 3 |

[1] Students may not apply multiple special topics courses with the same topic title towards their degree.

## Additional Elective Courses Requirement: Statistics Courses Numbered 300-599

Courses that cover the same or similar topic at the undergraduate- and graduate-level may both be used towards the MS requirements. If both courses are to be used, the undergraduate level course must be completed first for both courses to be counted. Otherwise, only the graduate level course will be applied.

These combinations include STAT 349 Introduction to Time Series and STAT 701 Applied Time Series Analysis, Forecasting and Control I; STAT 456 Applied Multivariate Analysis and STAT 760 Multivariate Analysis I; STAT 443 Classification and Regression Trees and STAT 761 Decision Trees for Multivariate Analysis; and STAT/COMP SCI 471 Introduction to Computational Statistics and STAT 771 Computational Statistics. This also applies to special topics courses that have similar topics between the undergraduate and graduate level.

## Selecting Program Coursework

All students in the MS Statistics: Applied Statistics (MSAS) option will work directly with their Statistics advisor prior to initial enrollment. Students will also need to work with their Statistics advisor, and their domain co-advisor to select appropriate coursework during their first year of enrollment. This will be done by completing the MSAS course plan form (found in the program handbook). Students are strongly encouraged to have all coursework pre-approved and multiple options of courses, in the case of the domain electives, to ensure that they are able to complete appropriate courses approved by their committee. The course plan will be reviewed by the graduate coordinator prior to requesting the MS warrant to ensure that the correct and approved courses have been completed.

## Example Domain Themes and Courses

- **Ecology**:F&W ECOL/BOTANY/ENVIR ST/ZOOLOGY 516 Conservation Biology, F&W ECOL/ZOOLOGY 660 Climate Change Ecology, ZOOLOGY/BOTANY 725 Ecosystem Concepts
- **Entomology**: ENTOM 450 Basic and Applied Insect Ecology, ENTOM/GENETICS/ZOOLOGY 624 Molecular Ecology, ENTOM 701 Advanced Taxonomy
- **Information**: L I S 615 Systems Analysis and Project Management for Information Professionals L I S 711 Data Management for Information Professionals, L I S 751 Database Design for Information Professionals
- **Plant Breeding and Plant Genetics**: PLANTSCI 501 Principles of Plant Breeding , PLANTSCI 811 Biometrical Procedures in Plant Breeding , PLANTSCI 550 Molecular Approaches for Crop Improvement
- **Plant Pathology**: PL PATH 300 Introduction to Plant Pathology, PL PATH/BOTANY/ENTOM 505 Plant-Microbe Interactions: Molecular and Ecological Aspects, PL PATH 602 Ecology, Epidemiology and Control of Plant Diseases
- **Political Science**: POLI SCI 817 Empirical Methods of Political Inquiry, POLI SCI 818 Maximum Likelihood Estimation, POLI SCI 919 Seminar-Advanced Methodology
- **Population Health**: POP HLTH 795 Principles of Population Health Sciences, POP HLTH 796 Introduction to Health Services Research, POP HLTH/SOC 797 Introduction to Epidemiology, POP HLTH 798 Epidemiologic Methods

## Research or Project: 3 credits

Each student must complete a project that represents an original contribution to applied statistics as the goal of this named option is to train statisticians who will work in a collaborative research environment. Examples of such contributions may include the creation and evaluation of a useful experimental design, the development and/or comparison of statistical methods, or a novel analysis of some interesting data related to their domain area. All students will work directly with their Statistics advisor and domain co-advisor to identify an appropriate project.

The project results are to be presented in a manuscript with emphasis on the integration of statistics and science that is approved by the student's 3-member committee. This requirement will be formalized by enrolling in at least three credits of "Research'' or "Directed Study" (for example, independent study or research courses numbered 699, 799, or 999 in Statistics or in another department).

POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

No credits from an undergraduate degree are allowed to transfer toward the degree.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

No credits earned while a University Special student are allowed to transfer toward the degree.

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

Students are required to meet with their advisor near the beginning of each semester to discuss course selection and progress. Refer to the Graduate School: Advisor (https://policy.wisc.edu/library/UW-1232/) and Graduate School: Committees (Doctoral/Master's/MFA) (https://policy.wisc.edu/library/UW-1201/) policies.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

If the student is enrolled in a concurrent PhD degree, the student should make application for both the master's and PhD degrees during the semester in which they defend. In other words, the Masters Statistics: Applied Statistics degree should be completed by the semester in which the concurrent PhD degree is completed. It is expected that all enrolled students will complete the program within three years.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://

compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

n/a

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

### PROGRAM RESOURCES

Students in the MS Statistics: Applied Statistics program are encouraged to participate in program-specific professional development events and work directly, one-on-one, with advisors as well. Information about events and resources will be made available to currently enrolled students via email.

# STATISTICS: BIOSTATISTICS, MS

This is a named option in the Statistics MS. (p. 1887)

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 2 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not Required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applicants holding a bachelor's degree with a natural science, social science, or engineering major and strong mathematical background are encouraged to apply for admission to the graduate program in statistics. Applicants are advised to undertake graduate work in statistics only if their undergraduate grades in mathematics were uniformly high.

## FUNDING

# FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Students admitted to the MS Statistics: Biostatistics option will have the opportunity to apply for teaching assistantships within the Department of Statistics. Students applying to the program by the January 2 deadline will be considered for funding at the time of application. Questions about funding opportunities within the Statistics department should be directed to the graduate program coordinator.

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | A grade of B or better must be received in any course used to fulfill the required and elective course requirements. |
| Assessments and Examinations | Students must pass a competency test containing both a written and an oral component, demonstrating that they have the potential to be a practicing statistician. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| Students must complete the following courses. | | |
| STAT/B M I 641 | Statistical Methods for Clinical Trials | 3 |
| STAT 849 | Advanced Statistical Methods | 4 |
| STAT 998 | Statistical Consulting | 3 |
| *Mathematical Statistics I* | | |
| Students must complete one of the following courses for at least 3 credits. | | |
| STAT 609 | Mathematical Statistics I | 3 |
| or STAT/ MATH 709 | Mathematical Statistics I | |
| *Mathematical Statistics II* | | |
| Students must complete one of the following courses for 4 credits. | | |
| STAT 610 | Introduction to Statistical Inference | 4 |
| or STAT/ MATH 710 | Mathematical Statistics II | |
| **Methods** | | |
| Students must complete 3 credits of methods. Refer to the "Methods Courses" table for courses that satisfy this requirement. | | 3 |
| **Biostatistics Elective** | | |
| Students must complete one of the following courses for 3 credits. Note: Students cannot apply the same course towards both the methods requirement and biostatistics elective requirement. | | 3 |
| STAT/B M I 642 | Statistical Methods for Epidemiology | |
| STAT/B M I 727 | Theory and Methods of Longitudinal Data Analysis | |
| STAT/B M I 741 | Survival Analysis Theory and Methods | |
| STAT/B M I 877 | Statistical Methods for Molecular Biology | |
| **Additional Electives** | | |
| Students must complete 7 credits of additional electives to meet the minimum credit requirement. Students may apply biostatistics elective courses and/or courses listed in the "Additional Electives Courses" table to satisfy this requirement. Note: Students cannot apply the same course towards more than one of the category requirements. | | 7 |
| **Total Credits** | | **30** |

## Methods Courses

| Code | Title | Credits |
|---|---|---|
| STAT 351 | Introductory Nonparametric Statistics | 3 |
| STAT 411 | An Introduction to Sample Survey Theory and Methods | 3 |
| STAT 421 | Applied Categorical Data Analysis | 3 |
| STAT 443 | Classification and Regression Trees | 3 |
| STAT 451 | Introduction to Machine Learning and Statistical Pattern Classification | 3 |
| STAT 453 | Introduction to Deep Learning and Generative Models | 3 |
| STAT 456 | Applied Multivariate Analysis | 3 |
| STAT 461 | Financial Statistics | 3 |
| STAT/B M I 542 | Introduction to Clinical Trials I | 3 |
| STAT 575 | Statistical Methods for Spatial Data | 3 |
| STAT/B M I 620 | Statistics in Human Genetics | 3 |
| STAT/B M I 642 | Statistical Methods for Epidemiology | 3 |
| STAT/B M I 643 | Clinical Trial Design, Implementation, and Analysis | 3 |
| STAT/B M I 727 | Theory and Methods of Longitudinal Data Analysis | 3 |
| STAT/B M I 741 | Survival Analysis Theory and Methods | 3 |
| STAT 761 | Decision Trees for Multivariate Analysis | 3 |
| STAT/B M I 768 | Statistical Methods for Medical Image Analysis | 3 |
| STAT/ECON/ GEN BUS 775 | Bayesian Statistics | 3 |
| STAT/MATH 803 | Experimental Design I | 3 |
| STAT/B M I 828 | Semiparametric Methods in Data Science | 3 |
| STAT 841 | Nonparametric Statistics and Machine Learning Methods | 3 |
| STAT/B M I 877 | Statistical Methods for Molecular Biology | 3 |

## Additional Electives Courses

| Code | Title | Credits |
|---|---|---|
| **Statistics Elective Courses** | | |
| Students may choose to apply up to 7 credits from the following courses. | | |
| STAT/B M I 620 | Statistics in Human Genetics | 3 |
| STAT/B M I 643 | Clinical Trial Design, Implementation, and Analysis | 3 |
| STAT 701 | Applied Time Series Analysis, Forecasting and Control I | 3 |
| STAT/COMP SCI/ I SY E/MATH 726 | Nonlinear Optimization I | 3 |
| STAT 732 | Large Sample Theory of Statistical Inference | 3 |
| STAT/MATH 733 | Theory of Probability I | 3 |
| STAT/MATH 734 | Theory of Probability II | 3 |
| STAT 760 | Multivariate Analysis I | 3 |
| STAT 761 | Decision Trees for Multivariate Analysis | 3 |
| STAT/B M I 768 | Statistical Methods for Medical Image Analysis | 3 |
| STAT 772 | Linear Randomized Algorithms for Data Science | 3 |
| STAT/ECON/ GEN BUS 775 | Bayesian Statistics | 3 |
| STAT 780 | Introduction to Quantum Data Science | 3 |
| STAT 801 | Advanced Financial Statistics | 3 |
| STAT/MATH 803 | Experimental Design I | 3 |
| STAT/B M I 828 | Semiparametric Methods in Data Science | 3 |
| STAT/MATH 833 | Topics in the Theory of Probability [1] | 3 |
| STAT 841 | Nonparametric Statistics and Machine Learning Methods | 3 |
| STAT/COMP SCI/ E C E 861 | Theoretical Foundations of Machine Learning | 3 |
| STAT/E C E/ MATH 888 | Topics in Mathematical Data Science [1] | 1-3 |
| STAT 992 | Seminar [1] | 1-3 |
| **Statistics Courses Numbered 300-599** | | |
| Students may choose to apply up to 6 credits from the following courses. | | |
| STAT 303 | R for Statistics I | 1 |
| STAT 304 | R for Statistics II | 1 |
| STAT 305 | R for Statistics III | 1 |
| STAT 349 | Introduction to Time Series | 3 |
| STAT 351 | Introductory Nonparametric Statistics | 3 |
| STAT 411 | An Introduction to Sample Survey Theory and Methods | 3 |
| STAT 421 | Applied Categorical Data Analysis | 3 |
| STAT 433 | Data Science with R | 3 |
| STAT 443 | Classification and Regression Trees | 3 |
| STAT 451 | Introduction to Machine Learning and Statistical Pattern Classification | 3 |
| STAT 453 | Introduction to Deep Learning and Generative Models | 3 |
| STAT 456 | Applied Multivariate Analysis | 3 |
| STAT 461 | Financial Statistics | 3 |
| STAT/COMP SCI 471 | Introduction to Computational Statistics | 3 |
| STAT/COMP SCI/ MATH 475 | Introduction to Combinatorics | 3 |
| STAT 479 | Special Topics in Statistics [1] | 1-3 |
| STAT/COMP SCI/ I SY E/MATH 525 | Linear Optimization | 3 |
| STAT 575 | Statistical Methods for Spatial Data | 3 |
| **Non-Departmental Courses** | | |
| Students may choose to apply up to 6 credits of graduate courses outside of Statistics (STAT), chosen in consultation with advisor. | | |
| **Directed Study** | | |

Students may choose to apply up to 6 credits from the following course, chosen in consultation with advisor.

| | | |
|---|---|---|
| STAT 699 | Directed Study | 1-6 |

[1] Students may not apply multiple special topics courses with the same topic title towards their degree.

**Additional Elective Courses Requirement: Statistics Courses Numbered 300-599**

Courses that cover the same or similar topic at the undergraduate- and graduate-level may both be used towards the MS requirements. If both courses are to be used, the undergraduate level course must be completed first for both courses to be counted. Otherwise, only the graduate level course will be applied.

Please note that this policy does not preclude students from taking just the undergraduate or just the graduate version of a topic. These combinations would include STAT 349 and STAT 701; STAT 351 and STAT 809; STAT 456 and STAT 760; STAT 443 and STAT 761; STAT 451 and STAT 615; and STAT/COMP SCI 471 and STAT 771. This will also apply to special topics courses that have similar topics between the undergraduate and graduate level.

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 6 Statistics (STAT) (https://guide.wisc.edu/courses/stat/) credits from a UW–Madison undergraduate degree numbered 600 or above may transfer toward minimum graduate degree credits. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. Transfer credits from other institutions are not accepted.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, up to 14 Statistics (STAT) (https://guide.wisc.edu/courses/stat/) credits completed at UW–Madison while a University Special student in coursework numbered 300 or above are allowed to transfer for the minimum graduate degree credit requirement. Of these credits, those numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation may also transfer for the minimum graduate coursework (50%) requirement. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Three consecutive reviews in which a student fails to meet the minimum criteria for satisfactory progress will result in the student being dropped from the program. Contact the program for more information.

## ADVISOR / COMMITTEE

Students are required to meet with their advisor near the beginning of each semester to discuss course selection and progress.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

The competency test must be passed within six semesters after entering the department.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

Students pursuing the general statistics and biostatistics options are considered for department financial support and may seek a dual degree if desired.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# STATISTICS: STATISTICS AND DATA SCIENCE, MS

This is a named option (formally documented sub-major) professional program in the Statistics MS (p. 1881). Data science is the study of extracting knowledge from data. Our MS Statistics: Statistics and Data Science option combines a background in statistical theory, methods and practice related to data science with communication skills to train a new generation of leaders who will use data effectively for planning and decision making.

Data science concepts enable students to translate vague questions about complex data into pragmatic analysis steps using statistical thinking. We build from basic methods that compare groups and relate measurements, to more complicated models that depend on the way data are gathered. In practice, planning and decision making involve choices about how to analyze data and communicate findings. These concepts will be grounded at key points with projects that involve real data and/or realistic simulated data.

Students may also be interested in the MS Data Science (https://guide.wisc.edu/graduate/statistics/data-science-ms/#text) professional program, offered by the Department of Statistics in cooperation with Department of Computer Sciences. The MS Data Science program is designed for students who are primarily interested in entering the data science profession, and teaches key computational and statistical skills that may be applied to a variety of industries.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched

the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | February 15 |
| Spring Deadline | October 1 |
| Summer Deadline | This program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not Required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Students with questions regarding the programs admission rules and standards should visit our application website (https://stat.wisc.edu/graduate-studies/data-science-option/).

The MS Statistics: Statistics and Data Science program is intended for three types of applicants:

- MS Statistics: Statistics and Data Science for Visiting International Student Program (VISP) students
  - Students from the Visiting International Student Program (Statistics VISP or Math VISP) who have completed some degree requirements at UW-Madison as Visiting International Student Program undergraduates. They may request transfer of up to 14 credits from their Visiting International Student Program coursework.
- MS Statistics: Statistics and Data Science for workforce students
  - Students coming with 5 or more years in the workforce who have worked extensively with data and are seeking a well-rounded training. Some students may be part-time students (6-8 credits per semester) if they remain in the workforce.
- MS Statistics: Statistics and Data Science for other general students
  - Students who have BS degrees or expected to obtain BS degrees prior to the first semester as MS Statistics: Statistics and Data Science students.

## REQUISITES FOR ADMISSION

Applicants admitted to the MS Statistics: Statistics and Data Science program are expected to have courses equivalent to the UW-Madison courses listed below.

| Code | Title | Credits |
|---|---|---|
| **Calculus** | | |
| 3 semesters of calculus: | | |
| MATH 221 | Calculus and Analytic Geometry 1 | 5 |
| MATH 222 | Calculus and Analytic Geometry 2 | 4 |
| MATH 234 | Calculus--Functions of Several Variables | 4 |
| **Linear Algebra** | | |
| MATH 340 | Elementary Matrix and Linear Algebra | 3 |
| or MATH 345 | Linear Algebra and Optimization | |
| **Highly Recommended** | | |
| STAT 303 | R for Statistics I | 1 |
| STAT 304 | R for Statistics II | 1 |
| STAT/MATH 309 | Introduction to Probability and Mathematical Statistics I | 3 |
| STAT/MATH 310 | Introduction to Probability and Mathematical Statistics II | 3 |
| MATH 421 | The Theory of Single Variable Calculus (or another advanced analysis course) | 3 |

# FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM INFORMATION

Students enrolled in this program are not eligible to receive tuition remission from graduate assistantship appointments at this institution.

Additional information about funding and scholarships for MS Statistics: Statistics and Data Science is available on the program website (https://stat.wisc.edu/graduate-admissions/data-science-option/).

# REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | Yes |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students may only have one core course (STAT 601, STAT 610, or STAT 615) with a grade below B. |
| Assessments and Examinations | None. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| STAT 601 | Statistical Methods I [1] | 4 |
| STAT 610 | Introduction to Statistical Inference [1] | 4 |
| STAT 615 | Statistical Learning [1] | 3 |
| **Professional Skills Courses** | | |
| STAT 605 | Data Science Computing Project [1] | 3 |
| STAT 628 | Data Science Practicum [1] | 3 |
| or STAT 678 | Introduction to Statistical Consulting | |
| **Electives** | | |
| Students must complete 13 credits of electives. | | 13 |
| *STAT Courses Numbered 600 or Above* | | |
| At least 6 credits of STAT courses numbered 600 or above including the following: | | |
| STAT 606 | Computing in Data Science and Statistics (At least 6 credits of STAT courses numbered 600 or above including the following:) | |
| STAT 609 | Mathematical Statistics I | |
| STAT/B M I 620 | Statistics in Human Genetics | |
| STAT/B M I 641 | Statistical Methods for Clinical Trials | |
| STAT/B M I 642 | Statistical Methods for Epidemiology | |
| STAT 679 | Special Topics in Statistics (may be repeated with different topic titles) | |
| STAT 701 | Applied Time Series Analysis, Forecasting and Control I | |
| STAT/MATH 709 | Mathematical Statistics I | |
| STAT/MATH 710 | Mathematical Statistics II | |
| STAT 732 | Large Sample Theory of Statistical Inference | |
| STAT/B M I 741 | Survival Analysis Theory and Methods | |
| STAT 760 | Multivariate Analysis I | |
| STAT 761 | Decision Trees for Multivariate Analysis | |
| STAT/B M I 768 | Statistical Methods for Medical Image Analysis | |
| STAT 771 | Computational Statistics | |
| STAT 772 | Linear Randomized Algorithms for Data Science | |
| STAT/ECON/ GEN BUS 775 | Bayesian Statistics | |
| STAT/MATH 803 | Experimental Design I | |
| STAT 841 | Nonparametric Statistics and Machine Learning Methods | |
| STAT/B M I 877 | Statistical Methods for Molecular Biology | |
| STAT 992 | Seminar | |
| *STAT Courses Numbered 300-599* | | |
| Students may count up to 3 credits of STAT electives numbered 300-599 including: | | |
| STAT 303 | R for Statistics I | |
| STAT 304 | R for Statistics II | |
| STAT 305 | R for Statistics III | |
| STAT 349 | Introduction to Time Series | |
| STAT 351 | Introductory Nonparametric Statistics | |
| STAT 405 | Data Science Computing Project | |
| STAT 411 | An Introduction to Sample Survey Theory and Methods | |
| STAT 421 | Applied Categorical Data Analysis | |
| STAT 433 | Data Science with R | |
| STAT 436 | Statistical Data Visualization | |
| STAT 443 | Classification and Regression Trees | |
| STAT 451 | Introduction to Machine Learning and Statistical Pattern Classification | |
| STAT 453 | Introduction to Deep Learning and Generative Models | |
| STAT 456 | Applied Multivariate Analysis | |
| STAT 461 | Financial Statistics | |
| STAT/ COMP SCI 471 | Introduction to Computational Statistics | |
| STAT 479 | Special Topics in Statistics | |
| STAT 575 | Statistical Methods for Spatial Data | |
| *Non-Departmental Course Numbered 500 or Above* | | |

| | |
|---|---|
| Students may count up to 1 elective course (up to 4 credits) numbered 500 or above taught outside of STAT with advisor approval from the courses below. Students are not guaranteed a seat in an elective course taught from outside of the Statistics department. They must obtain departmental permission to enroll. | |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes |
| COMP SCI 540 | Introduction to Artificial Intelligence |
| COMP SCI 577 | Introduction to Algorithms |
| COMP SCI 640 | Introduction to Computer Networks |
| COMP SCI/I SY E/ MATH/STAT 726 | Nonlinear Optimization I |
| *Remaining Electives* | |
| To satisfy the 13-credit elective minimum, students may also apply the following courses: | |
| STAT 303 | R for Statistics I |
| STAT 304 | R for Statistics II |
| STAT 305 | R for Statistics III |
| STAT/ COMP SCI 403 | Internship Course in Comp Sci and Data Science (1 credit maximum allowed) |
| STAT 627 | Professional Skills in Data Science |
| STAT 699 | Directed Study (2 credits maximum allowed) |
| **Total Credits** | **30** |

[1] Students who are able to demonstrate equivalent prior coursework may request to substitute required course with a Statistics-taught course numbered 600 or above with advisor approval. Substitutions are not guaranteed and will be reviewed on a case-by-case basis.

### Graduate and Undergraduate Courses with Similar Topics

Courses that cover the same or similar topic at the undergraduate- and graduate-level may both be used to fulfill the MS in Statistics and Data Science requirements, but if both courses are to be used, the undergraduate level course must be completed first. Note that this policy does not preclude students from taking just the undergraduate or just the graduate version of a topic. These combinations would include STAT 349 and STAT 701, STAT 405 and STAT 605, STAT 411 and STAT 732, STAT 456 and STAT 760, STAT 443 and STAT 761, STAT 451 and STAT 615, and STAT/ COMP SCI 471 and STAT 771. This will also apply to special topics courses that have similar topics between the undergraduate and graduate level.

### Other Policy

Students in this program may not take courses outside the prescribed curriculum without faculty advisor and program director approval. Students in this program cannot enroll concurrently in other undergraduate or graduate degree programs.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students are allowed to transfer no more than 9 credits of graduate coursework from other institutions toward the graduate degree credit and graduate coursework (50%) requirements. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 7 credits from a UW–Madison undergraduate degree are allowed to transfer toward the minimum graduate degree credit requirement. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements. This program does not accept undergraduate credits from other institutions.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, up to 14 Statistics (STAT (https://guide.wisc.edu/courses/stat/)) credits completed at UW–Madison while a University Special student numbered 300 or above are allowed to transfer toward the minimum graduate degree credit requirement. Of these credits, those numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation may also transfer toward the minimum graduate coursework (50%) requirement. Coursework earned five or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Students are required to follow all of the requirements listed in the program handbook (https://stat.wisc.edu/graduate-studies/data-science-option/) for maintaining satisfactory academic program. In particular, students must maintain a 3.0 GPA and have a minimum grade of B for any course used to satisfy program requirements. Students who do not make satisfactory academic progress for multiple semesters may be dismissed from the program.

## ADVISOR / COMMITTEE

Students are required to communicate with their advisor near the beginning of each semester to discuss course selection and progress.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Students are expected to complete the program in 2 semesters (if coming from the Statistics Visiting International Student Program program) or

3-4 semesters. Students who wish to pursue the program part time must receive permission from the program chair.

- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
   b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
   c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

Not applicable.

# PROFESSIONAL DEVELOPMENT

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## PROGRAM RESOURCES

Students in the Statistics: Statistics and Data Science, MS program are encouraged to participate in program-specific professional development events and work directly, one-on-one, with advisors as well. Information about events and resources will be made available to currently enrolled students via email.

# STATISTICS: STATISTICS, MS

This is a named option within the Statistics MS. (https://stat.wisc.edu/graduate-admissions/ms-program/) Find information about the traditional Statistics MS program requirements and policies here.

## ADMISSIONS

## ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | January 2 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not Required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applicants holding a bachelor's degree with a natural science, social science, or engineering major and strong mathematical background are encouraged to apply for admission to the graduate program in statistics. Applicants are advised to undertake graduate work in statistics only if their undergraduate grades in mathematics were uniformly high.

## FUNDING

## FUNDING

### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

### PROGRAM INFORMATION

Students admitted to the MS Statistics: Statistics option will have the opportunity to apply for teaching assistantships within the Department of Statistics. Students applying to the program by the January 2 deadline will be considered for funding at the time of application. Questions about funding opportunities within the Statistics department should be directed to the graduate program coordinator.

## REQUIREMENTS

## MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

## NAMED OPTION REQUIREMENTS

### MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

#### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

### CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |

| | |
|---|---|
| Other Grade Requirements | A grade of B or better must be received in any course used to fulfill the required and elective course requirements. |
| Assessments and Examinations | Students must pass a competency test containing both a written and an oral component, demonstrating that they have the potential to be a practicing statistician. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| Students must complete the following courses. | | |
| STAT 849 | Advanced Statistical Methods | 4 |
| STAT 998 | Statistical Consulting | 3 |
| *Mathematical Statistics I* | | |
| Students must complete one of the following courses for at least 3 credits. | | |
| STAT 609 | Mathematical Statistics I | 3 |
| or STAT/MATH 709 | Mathematical Statistics I | |
| *Mathematical Statistics II* | | |
| Students must complete one of the following courses for 4 credits. | | |
| STAT 610 | Introduction to Statistical Inference | 4 |
| or STAT/MATH 710 | Mathematical Statistics II | |
| **Methods** | | |
| Students must complete 3 credits of methods. Refer to the "Methods Courses" table for courses that satisfy this requirement. | | 3 |
| **Statistics Electives** | | |
| Students must complete 6 credits of statistics electives. Refer to the "Statistics Electives Courses" table for courses that satisfy this requirement. Students cannot apply the same course towards both the methods requirement and statistics electives requirement. | | 6 |
| **Additional Electives** | | |
| Students must complete 7 credits of additional electives to meet the minimum credit requirement. Students may apply courses from the "Statistics Electives Courses" table to satisfy this requirement. Refer to the "Additional Electives Courses" table for more course options. Note: Students cannot apply the same course towards more than one of the category requirements. | | 7 |
| **Total Credits** | | **30** |

### Methods Courses

| Code | Title | Credits |
|---|---|---|
| STAT 351 | Introductory Nonparametric Statistics | 3 |
| STAT 411 | An Introduction to Sample Survey Theory and Methods | 3 |
| STAT 421 | Applied Categorical Data Analysis | 3 |
| STAT 443 | Classification and Regression Trees | 3 |
| STAT 451 | Introduction to Machine Learning and Statistical Pattern Classification | 3 |
| STAT 453 | Introduction to Deep Learning and Generative Models | 3 |
| STAT 456 | Applied Multivariate Analysis | 3 |
| STAT 461 | Financial Statistics | 3 |
| STAT/B M I 542 | Introduction to Clinical Trials I | 3 |
| STAT 575 | Statistical Methods for Spatial Data | 3 |
| STAT/B M I 620 | Statistics in Human Genetics | 3 |
| STAT/B M I 641 | Statistical Methods for Clinical Trials | 3 |
| STAT/B M I 642 | Statistical Methods for Epidemiology | 3 |
| STAT/B M I 643 | Clinical Trial Design, Implementation, and Analysis | 3 |
| STAT/B M I 727 | Theory and Methods of Longitudinal Data Analysis | 3 |
| STAT/B M I 741 | Survival Analysis Theory and Methods | 3 |
| STAT 761 | Decision Trees for Multivariate Analysis | 3 |
| STAT/B M I 768 | Statistical Methods for Medical Image Analysis | 3 |
| STAT/ECON/GEN BUS 775 | Bayesian Statistics | 3 |
| STAT/MATH 803 | Experimental Design I | 3 |
| STAT/B M I 828 | Semiparametric Methods in Data Science | 3 |
| STAT 841 | Nonparametric Statistics and Machine Learning Methods | 3 |
| STAT/B M I 877 | Statistical Methods for Molecular Biology | 3 |

### Statistics Electives Courses

| Code | Title | Credits |
|---|---|---|
| STAT/B M I 620 | Statistics in Human Genetics | 3 |
| STAT/B M I 641 | Statistical Methods for Clinical Trials | 3 |
| STAT/B M I 642 | Statistical Methods for Epidemiology | 3 |
| STAT/B M I 643 | Clinical Trial Design, Implementation, and Analysis | 3 |
| STAT 701 | Applied Time Series Analysis, Forecasting and Control I | 3 |
| STAT/COMP SCI/I SY E/MATH 726 | Nonlinear Optimization I | 3 |
| STAT/B M I 727 | Theory and Methods of Longitudinal Data Analysis | 3 |
| STAT 732 | Large Sample Theory of Statistical Inference | 3 |
| STAT/MATH 733 | Theory of Probability I | 3 |
| STAT/MATH 734 | Theory of Probability II | 3 |
| STAT/B M I 741 | Survival Analysis Theory and Methods | 3 |
| STAT 760 | Multivariate Analysis I | 3 |
| STAT 761 | Decision Trees for Multivariate Analysis | 3 |
| STAT/B M I 768 | Statistical Methods for Medical Image Analysis | 3 |

| | | |
|---|---|---|
| STAT 772 | Linear Randomized Algorithms for Data Science | 3 |
| STAT/ECON/ GEN BUS 775 | Bayesian Statistics | 3 |
| STAT 780 | Introduction to Quantum Data Science | 3 |
| STAT 801 | Advanced Financial Statistics | 3 |
| STAT/MATH 803 | Experimental Design I | 3 |
| STAT/B M I 828 | Semiparametric Methods in Data Science | 3 |
| STAT/MATH 833 | Topics in the Theory of Probability [1] | 3 |
| STAT 841 | Nonparametric Statistics and Machine Learning Methods | 3 |
| STAT/COMP SCI/ E C E 861 | Theoretical Foundations of Machine Learning | 3 |
| STAT/B M I 877 | Statistical Methods for Molecular Biology | 3 |
| STAT/E C E/ MATH 888 | Topics in Mathematical Data Science [1] | 1-3 |
| STAT 992 | Seminar [1] | 1-3 |

[1] Students may not apply multiple special topics courses with the same topic title towards their degree.

### Additional Electives Courses

| Code | Title | Credits |
|---|---|---|
| **Statistics Courses Numbered 300-599** | | |
| Students may choose to apply up to 6 credits from the following courses. | | |
| STAT 303 | R for Statistics I | 1 |
| STAT 304 | R for Statistics II | 1 |
| STAT 305 | R for Statistics III | 1 |
| STAT 349 | Introduction to Time Series | 3 |
| STAT 351 | Introductory Nonparametric Statistics | 3 |
| STAT 411 | An Introduction to Sample Survey Theory and Methods | 3 |
| STAT 421 | Applied Categorical Data Analysis | 3 |
| STAT 433 | Data Science with R | 3 |
| STAT 443 | Classification and Regression Trees | 3 |
| STAT 451 | Introduction to Machine Learning and Statistical Pattern Classification | 3 |
| STAT 453 | Introduction to Deep Learning and Generative Models | 3 |
| STAT 456 | Applied Multivariate Analysis | 3 |
| STAT 461 | Financial Statistics | 3 |
| STAT/COMP SCI 471 | Introduction to Computational Statistics | 3 |
| STAT/COMP SCI/ MATH 475 | Introduction to Combinatorics | 3 |
| STAT 479 | Special Topics in Statistics [1] | 1-3 |
| STAT/COMP SCI/ I SY E/MATH 525 | Linear Optimization | 3 |
| STAT 575 | Statistical Methods for Spatial Data | 3 |
| **Non-Departmental Courses** | | |
| Students may choose to apply up to 6 credits of graduate courses outside of Statistics (STAT), chosen in consultation with advisor. | | |
| **Directed Study** | | |
| Students may choose to apply up to 6 credits from the following course, chosen in consultation with advisor. | | |
| STAT 699 | Directed Study | 1-6 |

[1] Students may not apply multiple special topics courses with the same topic title towards their degree.

### Additional Elective Courses Requirement: Statistics Courses Numbered 300-599

Courses that cover the same or similar topic at the undergraduate- and graduate-level may both be used towards the MS requirements. If both courses are to be used, the undergraduate level course must be completed first for both courses to be counted. Otherwise, only the graduate level course will be counted.

Please note that this policy does not preclude students from taking just the undergraduate or just the graduate version of a topic. These combinations would include STAT 349 and STAT 701; STAT 456 and STAT 760; STAT 443 and STAT 761; STAT 451 and STAT 615; and STAT/ COMP SCI 471 and STAT 771. This will also apply to special topics courses that have similar topics between the undergraduate and graduate level.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 6 Statistics (STAT) (https://guide.wisc.edu/courses/stat/) credits from a UW–Madison undergraduate degree numbered 600 or above may transfer toward minimum graduate degree credits. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements. Transfer credits from other institutions are not accepted.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, up to 14 Statistics (STAT) (https://guide.wisc.edu/courses/stat/) credits completed at UW–Madison while a University Special student numbered 300 or above are allowed to transfer toward the minimum graduate degree credit requirement. Of these credits, those numbered 700 or above or taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation may also transfer for the minimum graduate coursework (50%) requirement. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

## PROBATION

Three consecutive reviews in which a student fails to meet the minimum criteria for satisfactory progress will result in the student being dropped from the program. Contact the program for more information.

## ADVISOR / COMMITTEE

Students are required to meet with their advisor near the beginning of each semester to discuss course selection and progress.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

The competency test must be passed within six semesters after entering the department.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
   a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.

b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.

4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

Students pursuing the general statistics and biostatistics options are considered for department financial support and may seek a dual degree if desired.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# STATISTICS, PHD

The Department of Statistics offers a rich variety of courses and seminars in almost all branches of statistical theory and applications. The PhD program provides excellent training in the modern theory, methods and applications of statistics and prepares students to become independent researchers. Graduates are prepared for positions in academia, business, or government. The median time to degree is five years.

The PhD program also has an option in biostatistics with slightly different course requirements, but students can freely switch between options after enrollment. The admissions process pools together all applicants to the PhD programs regardless of option, so there is no need to apply to both programs.

The department strives to support students in the PhD program as teaching, research, or project assistants.

The Statistics Department provides extensive computing facilities, both hardware and software, to support instruction and research. Several computers and advanced graphic workstations are available for use in advanced courses enabling students to pursue the latest research directions in statistical computing and graphics. Common statistical packages and libraries are available on a variety of machines.

The department may be consulted for specific career information. See the department website (http://www.stat.wisc.edu/) for application materials and deadlines.

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

## LEARNING OUTCOMES

1. Articulates research problems, potentials, and limits with respect to the theories, methodologies, and/or applications of statistics.
2. Formulates ideas, concepts, designs, and methods beyond the current boundaries of knowledge within statistics.
3. Creates research that makes a substantive contribution to theoretical and/or applied statistics.
4. Demonstrates breadth in the theories, methodologies, and applications of statistics.
5. Advances contributions of statistics to society.
6. Communicates complex ideas in a clear and understandable manner.
7. Fosters ethical and professional conduct.

# STATISTICS: BIOSTATISTICS, PHD

This is a named option in the Statistics PhD. (https://stat.wisc.edu/graduate-admissions/)

## ADMISSIONS

## ADMISSIONS

| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required. Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | A grade of B or better must be received in any course used to fulfill the required and elective course requirements. |
| Assessments and Examinations | Students must pass the PhD qualifying examination, an oral preliminary examination on a topic selected with the approval of the student's advisor, and a dissertation defense. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | For PhD Statistics: Biostatistics named option students, the breadth requirement is satisfied by:<br>• (1) the biological sciences course and<br>• (2) the collaborative research experience.<br><br>The Graduate School requirement of a doctoral minor or graduate/professional certificate is not required. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| Students must complete the following courses. | | |
| STAT/B M I 641 | Statistical Methods for Clinical Trials | 3 |
| STAT/MATH 709 | Mathematical Statistics I | 4 |
| STAT/MATH 710 | Mathematical Statistics II | 4 |
| STAT 771 | Computational Statistics | 4 |
| STAT 849 | Advanced Statistical Methods | 4 |
| STAT 998 | Statistical Consulting | 3 |
| **Biostatistics Elective** | | |
| Students must complete 6 credits from the following courses. | | 6 |
| STAT/B M I 642 | Statistical Methods for Epidemiology | |
| STAT/B M I 727 | Theory and Methods of Longitudinal Data Analysis | |
| STAT/B M I 741 | Survival Analysis Theory and Methods | |
| STAT/B M I 877 | Statistical Methods for Molecular Biology | |
| **Biological Science Elective** | | |
| Students must complete 3 credits of a biological science elective. Refer to the "Biological Science Electives Courses" table for courses that satisfy this requirement. | | 3 |
| **Statistics Electives** | | |
| Students must complete 6 credits of statistics electives. Refer to the "Statistics Electives Courses" table for courses that satisfy this requirement. Note: Students cannot apply the same course towards the biostatistics elective requirement and statistics elective requirement. | | 6 |
| **Directed Research (Lab Rotation)** | | |
| Students must complete one of the following courses for at least 3 credits to fulfill the lab rotation requirement. Students may register for the subject listing associated with their faculty trainer's department. Refer to the "Directed Research (Lab Rotation)" section for additional requirements. | | 3 |
| STAT 990 | Research | |
| B M I 899 | Pre-dissertator Research | |

| | | |
|---|---|---|
| B M I 990 | Dissertator Research | |
| **Additional Coursework** | | |
| Students must complete 11 credits of additional coursework to meet the minimum credit requirement. Typically, this is earned through a combination of directed research and other elective courses selected in consultation with advisor. | | 11 |
| **Total Credits** | | **51** |

## Biological Science Electives Courses

| Code | Title | Credits |
|---|---|---|
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| GENETICS 466 | Principles of Genetics | 3 |
| GENETICS 467 | General Genetics 1 | 3 |
| GENETICS 468 | General Genetics 2 | 3 |
| GENETICS/ MD GENET 565 | Human Genetics | 3 |
| GENETICS/ BIOCHEM/ MD GENET 620 | Eukaryotic Molecular Biology | 3 |
| GENETICS/ CHEM 626 | Genomic Science | 2 |
| GENETICS 633 | Population Genetics | 3 |
| GENETICS/ MD GENET 662 | Cancer Genetics | 3 |
| GENETICS/ MD GENET 677 | Advanced Topics in Genetics | 1-3 |
| MICROBIO 303 | Biology of Microorganisms | 3 |
| MICROBIO 450 | Diversity, Ecology and Evolution of Microorganisms | 3 |
| MICROBIO 526 | Physiology of Microorganisms | 3 |
| POP HLTH 750 | Cancer Epidemiology | 2 |
| POP HLTH 752 | Principles of Population Health: Determinants of Health and Health Disparities | 2 |
| POP HLTH 753 | Principles of Population Health: Population Health and Healthcare Systems | 2 |
| POP HLTH 795 | Principles of Population Health Sciences | 1-3 |
| POP HLTH/ SOC 797 | Introduction to Epidemiology | 3 |
| POP HLTH 801 | Epidemiology of Infectious Diseases | 2 |
| POP HLTH 805 | Advanced Epidemiology: Causal Inference in Epidemiological Studies | 3 |
| POP HLTH 847 | Cardiovascular Epidemiology | 2 |
| POP HLTH/AN SCI/ GENETICS 849 | Genomic Epidemiology | 2 |
| ZOOLOGY 570 | Cell Biology | 3 |

## Statistics Electives Courses

| Code | Title | Credits |
|---|---|---|
| STAT/B M I 620 | Statistics in Human Genetics | 3 |
| STAT/B M I 642 | Statistical Methods for Epidemiology | 3 |
| STAT/B M I 643 | Clinical Trial Design, Implementation, and Analysis | 3 |
| STAT 701 | Applied Time Series Analysis, Forecasting and Control I | 3 |
| STAT/COMP SCI/ I SY E/MATH 726 | Nonlinear Optimization I | 3 |
| STAT/B M I 727 | Theory and Methods of Longitudinal Data Analysis | 3 |
| STAT 732 | Large Sample Theory of Statistical Inference | 3 |
| STAT/MATH 733 | Theory of Probability I | 3 |
| STAT/MATH 734 | Theory of Probability II | 3 |
| STAT/B M I 741 | Survival Analysis Theory and Methods | 3 |
| STAT 760 | Multivariate Analysis I | 3 |
| STAT 761 | Decision Trees for Multivariate Analysis | 3 |
| STAT/B M I 768 | Statistical Methods for Medical Image Analysis | 3 |
| STAT 772 | Linear Randomized Algorithms for Data Science | 3 |
| STAT/ECON/ GEN BUS 775 | Bayesian Statistics | 3 |
| STAT 780 | Introduction to Quantum Data Science | 3 |
| STAT 801 | Advanced Financial Statistics | 3 |
| STAT/MATH 803 | Experimental Design I | 3 |
| STAT/B M I 828 | Semiparametric Methods in Data Science | 3 |
| STAT/MATH 833 | Topics in the Theory of Probability [1] | 3 |
| STAT 841 | Nonparametric Statistics and Machine Learning Methods | 3 |
| STAT/COMP SCI/ E C E 861 | Theoretical Foundations of Machine Learning | 3 |
| STAT/B M I 877 | Statistical Methods for Molecular Biology | 3 |
| STAT/E C E/ MATH 888 | Topics in Mathematical Data Science [1] | 1-3 |
| STAT 992 | Seminar [1] | 1-3 |
| MATH 521 | Analysis I | 3 |

[1] Students may not apply multiple special topics courses with the same topic title towards their degree.

## Directed Research (Lab Rotation)

Students must complete interdisciplinary collaborative research under the supervision of a faculty trainer. To satisfy this requirement, students register for at least 3 credits of research and rotate in various faculty trainer labs. Students enroll in the research course corresponding to their faculty trainer's department.

Students should be aware of the following:

- Lab rotations should be completed during the **first three years of the program**;
- Lab rotations need to be established at the **beginning of the semester** and;

- Students must give a **presentation** of their research at the **end of the same semester**.

# POLICIES

## GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

## NAMED OPTION-SPECIFIC POLICIES

### PRIOR COURSEWORK

#### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

#### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 6 Statistics (STAT) (https://guide.wisc.edu/courses/stat/) credits from a UW–Madison undergraduate degree numbered 600 or above may transfer toward minimum graduate degree credits. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements. Transfer credits from other institutions are not accepted.

#### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

#### Credits Earned as a University Special Student at UW–Madison

With program approval, up to 15 Statistics (STAT) (https://guide.wisc.edu/courses/stat/) credits completed at UW–Madison while a University Special student numbered 300 or above are allowed to transfer toward the minimum graduate degree credit requirement. Of these credits, those numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation may also transfer toward the minimum graduate coursework (50%) requirement. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

### PROBATION

Three consecutive reviews in which a student fails to meet the minimum criteria for satisfactory progress will result in the student being dropped from the program. Contact the program for more information.

### ADVISOR / COMMITTEE

Students are required to meet with their advisor near the beginning of each semester to discuss course selection and progress.

### CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

### TIME LIMITS

Students must pass the PhD qualifying examination within six semesters from the first fall semester of registration as a graduate student in the department. Students who complete a master's in the department and then are admitted to the PhD program must pass the PhD qualifying examination within four semesters after entering the PhD program.

### GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

### L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

## OTHER

Students pursuing the general statistics and biostatistics options are considered for department financial support and may seek a dual degree if desired.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# STATISTICS: STATISTICS, PHD

This is a named option within the Statistics PhD. (https://stat.wisc.edu/graduate-admissions/) Find information about the traditional Statistics PhD program requirements and policies here.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | The program does not admit in the spring. |
| Summer Deadline | The program does not admit in the summer. |
| GRE (Graduate Record Examinations) | Not Required. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Applicants holding a bachelor's degree with a natural science, social science, or engineering major and strong mathematical background are encouraged to apply for admission to the graduate program in statistics. Applicants are advised to undertake graduate work in statistics only if their undergraduate grades in mathematics were uniformly high.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM INFORMATION

Students admitted to the PhD Statistics: Statistics option will have the opportunity to apply for teaching assistantships within the Department of Statistics. Students applying to the program by the December 1 deadline will be considered for funding at the time of application. Questions about funding opportunities within the Statistics department should be directed to the graduate program coordinator.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# NAMED OPTION REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | A grade of B or better must be received in any course used to fulfill the required and elective course requirements. |
| Assessments and Examinations | Students must pass the PhD qualifying examination, an oral preliminary examination on a topic selected with the approval of the student's advisor, and a dissertation defense. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | Statistics doctoral students are not required to complete a minor or graduate/professional certificate by the Graduate School. The program does require students to meet the breadth requirement (https://policy.wisc.edu/library/UW-1200 (https://policy.wisc.edu/library/UW-1200/)) for a minimum of 9 credits in one of three ways:<br>• Complete an Option A (external) minor<br>• Complete an Option B (distributed) minor consisting of at least 3 credits outside the Department of Statistics<br>• Complete a Graduate/Professional Certificate<br><br>Courses or credits applied towards the breadth requirement cannot also be applied to core, methods, or elective categories below.<br><br>See the program website (https://stat.wisc.edu/graduate-studies/phd-program (https://stat.wisc.edu/graduate-studies/phd-program/)/) for more details. |

## REQUIRED COURSES

| Code | Title | Credits |
|---|---|---|
| **Core** | | |
| Students must complete the following courses. | | |
| STAT/MATH 709 | Mathematical Statistics I | 4 |
| STAT/MATH 710 | Mathematical Statistics II | 4 |
| STAT 771 | Computational Statistics | 4 |
| STAT 849 | Advanced Statistical Methods | 4 |
| STAT 998 | Statistical Consulting | 3 |
| **Methods** | | |

| | | |
|---|---|---|
| Students must complete 3 credits of methods. Refer to the "Methods Courses" table for courses that satisfy this requirement. | | 3 |
| **Statistics Electives** | | |
| Students must complete 9 credits of statistics electives. Refer to the "Statistics Electives Courses" table for courses that satisfy this requirement. Note: Students cannot apply the same course towards both the methods requirement and statistics electives requirement. | | 9 |
| **Breadth** | | **9** |
| **Additional Coursework** | | |
| Students must complete 11 credits of additional coursework to meet the minimum credit requirement. Typically, this is earned through a combination of directed research (course listed below) and other elective courses selected in consultation with advisor. | | 11 |
| STAT 990 | Research | |
| **Total Credits** | | **51** |

### Methods Courses

| Code | Title | Credits |
|---|---|---|
| STAT/B M I 620 | Statistics in Human Genetics | 3 |
| STAT/B M I 641 | Statistical Methods for Clinical Trials | 3 |
| STAT/B M I 642 | Statistical Methods for Epidemiology | 3 |

| MATH 521 | Analysis I | 3 |

[1] Students may not apply multiple special topics courses with the same topic title towards their degree.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# NAMED OPTION-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, up to 6 Statistics (STAT) (https://guide.wisc.edu/courses/stat/) credits from a UW–Madison undergraduate degree numbered 600 or above may transfer toward minimum graduate degree credits. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements. Transfer credits from other institutions are not accepted.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, up to 15 Statistics (STAT) (https://guide.wisc.edu/courses/stat/) credits completed at UW–Madison while a University Special student numbered 300 or above are allowed to transfer toward the minimum graduate degree credit requirement. Of these credits, those numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation may also transfer toward the minimum graduate coursework (50%) requirement. Coursework earned ten or more years prior to admission to a doctoral degree is not allowed to satisfy requirements.

## PROBATION

Three consecutive reviews in which a student fails to meet the minimum criteria for satisfactory progress will result in the student being dropped from the program. Contact the program for more information.

## ADVISOR / COMMITTEE

Students are required to meet with their advisor near the beginning of each semester to discuss course selection and progress.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Students must pass the PhD qualifying examination within six semesters from the first fall semester of registration as a graduate student in the department. Students who complete a master's in the department and then are admitted to the PhD program must pass the PhD qualifying examination within four semesters after entering the PhD program.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

## L&S POLICY FOR GRADUATE STUDENT ACADEMIC APPEALS

Graduate students have the right to appeal an academic decision related to an L&S graduate program if the student believes that the decision is inconsistent with published policy.

Academic decisions that may be appealed include:

- Dismissal from the graduate program
- Failure to pass a qualifying or preliminary examination
- Failure to achieve satisfactory academic progress
- Academic disciplinary action related to failure to meet professional conduct standards

Issues such as the following cannot be appealed using this process:

- A faculty member declining to serve as a graduate student's advisor.
- Decisions regarding the student's disciplinary knowledge, evaluation of the quality of work, or similar judgements. These are the domain of the department faculty.
- Course grades. These can be appealed instead using the L&S Policy for Grade Appeal (https://kb.wisc.edu/ls/22258/).
- Incidents of bias or hate, hostile and intimidating behavior (https://hr.wisc.edu/hib/), or discrimination (Title IX (https://compliance.wisc.edu/titleix/), Office of Compliance (https://compliance.wisc.edu/eo-complaint/formal-investigations/)). Direct these to the linked campus offices appropriate for the incident(s).

### Appeal Process for Graduate Students

A graduate student wishing to appeal an academic decision must follow the process in the order listed below. Note time limits within each step.

1. The student should first seek informal resolution, if possible, by discussing the concern with their academic advisor, the department's Director of Graduate Studies, and/or the department chair.
2. If the program has an appeal policy listed in their graduate program handbook, the student should follow the policy as written, including adhering to any indicated deadlines. In the absence of a specific departmental process, the chair or designee will be the reviewer and decision maker, and the student should submit a written appeal to the chair within 15 business days of the academic decision. The chair or designee will notify the student in writing of their decision.
3. If the departmental process upholds the original decision, the graduate student may next initiate an appeal to L&S. To do so, the student must submit a written appeal to the L&S Assistant Dean for Graduate Student Academic Affairs within 15 business days of notification of the department's decision.
    a. To the fullest extent possible, the written appeal should include, in a single document: a clear and concise statement of the academic decision being appealed, any relevant background on what led to the decision, the specific policies involved, the relief sought, any relevant documentation related to the departmental appeal, and the names and titles of any individuals contributing to or involved in the decision.
    b. The Assistant Dean will work with the Academic Associate Dean of the appropriate division to consider the appeal. They may seek additional information and/or meetings related to the case.
    c. The Assistant Dean and Academic Associate Dean will provide a written decision within 20 business days.
4. If L&S upholds the original decision, the graduate student may appeal to the Graduate School. More information can be found on their website: Grievances and Appeals (https://grad.wisc.edu/documents/grievances-and-appeals/) (see: Graduate School Appeal Process).

### OTHER

Students pursuing the general statistics and biostatistics options are considered for department financial support and may seek a dual degree if desired.

## PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

# VETERINARY MEDICINE - SCHOOL-WIDE

## DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/PROFESSIONAL CERTIFICATES

# DEGREES/MAJORS, DOCTORAL MINORS, GRADUATE/ PROFESSIONAL CERTIFICATES

- Comparative Biomedical Sciences, MS (p. 1915)
- Comparative Biomedical Sciences, PhD (p. 1919)

# COMPARATIVE BIOMEDICAL SCIENCES, MS

The Comparative Biomedical Sciences (CBMS) graduate program emphasizes an integrated approach to contemporary biology that combines molecular and cellular techniques with the analysis of complex whole animal systems. Faculty provide exceptional graduate and undergraduate interdisciplinary research training opportunities in core areas of animal and human health including immunology, molecular and cellular biology, physiology, neuroscience, genomics, oncology, virology, medical technology, infectious diseases and toxicology and pharmacology. They also contribute extensive public services, both nationally and internationally, within related faculty disciplines.

The graduate program serves as a focal point for graduate research training in the School of Veterinary Medicine (SVM) and is administered by the Department of Pathobiological Sciences. Trainers in CBMS have their tenure homes in all four departments of the School of Veterinary Medicine as well as in the College of Agricultural and Life Sciences (CALS), the School of Medicine and Public Health (SMPH), the College of Engineering, and the College of Letters & Science. Faculty in the CBMS program also serve in or interface with other campus training programs including bacteriology, biocore, cellular and molecular biology, endocrinology and reproductive physiology, medical microbiology and immunology, molecular and environmental toxicology, and the Primate Center.

Currently, there are over 100 faculty trainers in the Comparative Biomedical Sciences program. Affiliate faculty outside the School of Veterinary Medicine have their tenure homes in the Departments of Anatomy, Animal Sciences, Biochemistry, Dermatology, Entomology, Human Oncology, Medical Microbiology and Immunology, Medicine, Neurosurgery, Ophthalmology and Visual Sciences, Pathology and Laboratory Medicine, Population Health Sciences, Radiology, and Surgery. The program is currently comprised of approximately 55 graduate students, most of whom are pursuing the PhD degree. The program is recognized as a premier research and graduate training program for students with or without a degree in veterinary medicine.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | June 1 |
| Summer Deadline | December 1 |
| GRE (Graduate Record Examinations) | Not required but may be considered if available. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Admission is competitive. Applicants must hold a BS, DVM, MS, MA or MD from an accredited institution and have a strong background in biology and chemistry. Applications are judged on the basis of previous academic record, letters of recommendation, and the personal statement. Before admission, most applicants must be accepted by an eligible program faculty member who agrees to serve as the major professor. A limited number of applicants may be offered rotations.

Historically, most admitted applicants start in the fall semester.

## FUNDING

# FUNDING

## GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees (https://bursar.wisc.edu/tuition-and-fees/) associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information (https://grad.wisc.edu/funding/) is available from the Graduate School. Be sure to check with your program for individual policies and restrictions related to funding.

## PROGRAM RESOURCES

Most graduate students receive financial support through fellowships, research assistantships through their major professor, and/or National Research Service Awards. Faculty in the program are PIs for Training Grants (Parasitology and Vector Biology Training Program, Comparative Biomedical Sciences Research Training for Veterinarians, and Research Training for Veterinary Medical Students) for which students with the appropriate background and credentials may compete.

## REQUIREMENTS

# MINIMUM GRADUATE SCHOOL REQUIREMENTS

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 30 credits |
| Minimum Residence Credit Requirement | 16 credits |
| Minimum Graduate Coursework Requirement | 15 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students must earn a B or above in all coursework. |

| | |
|---|---|
| Assessments and Examinations | After the committee is chosen, the student must submit certification paperwork that details the intended coursework plan, the committee members' names and signatures, a short explanation of why they were chosen and an appended research plan. Certification plans will be reviewed and approved by the program academic committee.<br><br>Students are expected to meet with their committee at least once per year until degree completion.<br><br>Candidates are required to author a thesis based on original work, or, at the option of the major professor and with the approval of the thesis committee, the equivalent in the form of a substantial paper suitable for publication. The thesis or paper must be must be submitted to the student's committee two weeks before the final exam. A final public presentation, followed by an oral exam in front of their committee are required. Official deposit of the thesis with the Graduate School is not required. |
| Language Requirements | No language requirements. |

## REQUIRED COURSES

- 9 didactic credits.
- Master's students must register for two semesters of PATH-BIO 930 Advanced Seminar and present once during their second semester. MS students will take the course as P/S/U (Progress/Satisfactory/Unsatisfactory) if not presenting.
- 19 (minimum) research 990 credits

### Approved and Recommended Courses

The following is a list of core courses taken by many students and recommended courses that are appropriate to specific research areas. These courses are suggestions only. The student and their committee ultimately decide the best coursework plan for each student's specific program, with final approval from the program's academic committee. Students are responsible for determining that the coursework chosen meets the Graduate School's criteria for graduate work.

| Code | Title | Credits |
|---|---|---|
| **Recommended Course** | | |
| PATH-BIO/ COMP BIO 812 | Research Ethics and Career Development | 2 |
| Any other science-based ethics course | | |

# POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students may transfer up to 6 credits of advanced graduate coursework from other institutions. These courses may not be used toward the Graduate School's minimum residence credit requirement. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students may transfer up to 6 credits of advanced undergraduate coursework from UW–Madison. These courses must meet the Graduate School's criteria as graduate-level coursework and may not be used toward the 50% graduate coursework requirement unless numbered 700 or above. Credits earned at other institutions do not transfer. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students may transfer up to 6 credits of coursework numbered 400 or above taken as a University Special student. These credits are not allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to a master's degree is not allowed to satisfy requirements.

(Students may transfer up to 6 credits of prior coursework between these categories.)

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

All students must have an advisor prior to final admission. A thesis committee consisting of three members, the advisor plus one program trainer and one outside member, must be chosen by the end of the first semester. The third member may be a scientist, industry expert, or a member of the faculty from UW-Madison or from another institution.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Certification should be completed by the end of the first semester of enrollment.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)
- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). For more information see the Graduate School Academic Policies & Procedures: Grievances & Appeals: https://grad.wisc.edu/acadpolicy/#grievancesandappeals

Procedures for proper accounting of student grievances:

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the program's Grievance Advisor or Director of Graduate Study to discuss the grievance. The Grievance Advisor or Director of Graduate Study will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (https://compliance.wisc.edu/).
3. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened by the Grievance Advisor to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
5. The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

### OTHER

All students must be accepted by a major professor in the Comparative Biomedical Sciences Graduate Program before they can be fully admitted to the program.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry and/or schools of practice in the field of study.
2. Articulates sources and assembles evidence pertaining to questions or challenges in the field of study.
3. Assesses and/or applies methodologies and practices in the field of study.
4. Articulates challenges involved in practicing the field of study, elucidates its leading edges, and delineates its current limits with respect to theory, knowledge, and/or practice.
5. Appreciates the implication of the primary field of study in terms of challenges, trends, and developments in a broader scientific context.
6. Demonstrates abilities to apply knowledge through critical thinking, inquiry, and analysis to solve problems, engage in scholarly work, and/or produce creative products.
7. Evaluates, assesses or refines information resources or an information base within the field.
8. Communicates clearly in styles appropriate to the field of study.
9. Recognizes and applies ethical conduct and professional guidelines.

# COMPARATIVE BIOMEDICAL SCIENCES, PHD

The Comparative Biomedical Sciences (CBMS) graduate program emphasizes an integrated approach to contemporary biology that combines molecular and cellular techniques with the analysis of complex whole animal systems. Faculty provide exceptional graduate and undergraduate interdisciplinary research training opportunities in core areas of animal and human health including immunology, molecular and cellular biology, physiology, neuroscience, genomics, oncology, virology, medical technology, infectious diseases and toxicology and pharmacology. They also contribute extensive public services, both nationally and internationally, within related faculty disciplines.

The graduate program serves as a focal point for graduate research training in the School of Veterinary Medicine (SVM) and is administered by the Department of Pathobiological Sciences. Trainers in CBMS have their tenure homes in all four departments of the School of Veterinary Medicine as well as in the College of Agricultural and Life Sciences (CALS), the School of Medicine and Public Health (SMPH), the College of Engineering, and the College of Letters & Science. Faculty in the CBMS program also serve in or interface with other campus training programs including bacteriology, biocore, cellular and molecular biology, endocrinology and reproductive physiology, medical microbiology and immunology, molecular and environmental toxicology, and the Primate Center.

Currently, there are over 100 faculty trainers in the Comparative Biomedical Sciences program. Affiliate faculty outside the School of Veterinary Medicine have their tenure homes in the Departments of Anatomy, Animal Sciences, Biochemistry, Dermatology, Entomology, Human Oncology, Medical Microbiology and Immunology, Medicine, Neurosurgery, Ophthalmology and Visual Sciences, Pathology and Laboratory Medicine, Population Health Sciences, Radiology, and Surgery. The program is currently comprised of approximately 55 graduate students, most of whom are pursuing the PhD degree. The program is recognized as a premier research and graduate training program for students with or without a degree in veterinary medicine.

## ADMISSIONS

# ADMISSIONS

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. ***Applicants must meet* the minimum requirements *(https://grad.wisc.edu/apply/requirements/) of the Graduate School as well as the program(s).*** Once you have researched the graduate program(s) you are interested in, apply online (https://grad.wisc.edu/apply/).

| Requirements | Detail |
|---|---|
| Fall Deadline | December 1 |
| Spring Deadline | June 1 |
| Summer Deadline | December 1 |
| GRE (Graduate Record Examinations) | Not required but may be considered if available. |
| English Proficiency Test | Refer to the Graduate School: Minimum Requirements for Admission policy: https://policy.wisc.edu/library/UW-1241 (https://policy.wisc.edu/library/UW-1241/). |
| Other Test(s) (e.g., GMAT, MCAT) | n/a |
| Letters of Recommendation Required | 3 |

Admission is competitive. Applicants must hold a BS, DVM, MS, MA or MD from an accredited institution and have a strong background in biology and chemistry. Applications are judged on the basis of previous academic record, letters of recommendation, and the personal statement. Before admission, most applicants must be accepted by an eligible program faculty member who agrees to serve as the major professor. A limited number of admitted applicants may be offered rotations.

Historically, most admitted applicants start in the fall semester.

Review the Graduate School minimum degree requirements (p. 17) and policies (p. 18), in addition to the program requirements listed below.

# MAJOR REQUIREMENTS

## MODE OF INSTRUCTION

| Face to Face | Evening/ Weekend | Online | Hybrid | Accelerated |
|---|---|---|---|---|
| Yes | No | No | No | No |

### Mode of Instruction Definitions

**Accelerated:** Accelerated programs are offered at a fast pace that condenses the time to completion. Students typically take enough credits aimed at completing the program in a year or two.

**Evening/Weekend:** Courses meet on the UW–Madison campus only in evenings and/or on weekends to accommodate typical business schedules. Students have the advantages of face-to-face courses with the flexibility to keep work and other life commitments.

**Face-to-Face:** Courses typically meet during weekdays on the UW-Madison Campus.

**Hybrid:** These programs combine face-to-face and online learning formats. Contact the program for more specific information.

**Online:** These programs are offered 100% online. Some programs may require an on-campus orientation or residency experience, but the courses will be facilitated in an online format.

## CURRICULAR REQUIREMENTS

| Requirement | Detail |
|---|---|
| Minimum Credit Requirement | 51 credits |
| Minimum Residence Credit Requirement | 32 credits |
| Minimum Graduate Coursework Requirement | 26 credits must be graduate-level coursework. Refer to the Graduate School: Minimum Graduate Coursework (50%) Requirement policy: https://policy.wisc.edu/library/UW-1244 (https://policy.wisc.edu/library/UW-1244/). |
| Overall Graduate GPA Requirement | 3.00 GPA required.<br>Refer to the Graduate School: Grade Point Average (GPA) Requirement policy: https://policy.wisc.edu/library/UW-1203 (https://policy.wisc.edu/library/UW-1203/). |
| Other Grade Requirements | Students must earn a B or above in all coursework. |

| | |
|---|---|
| Assessments and Examinations | After the committee is chosen, the student must submit certification paperwork that details the intended coursework plan, the committee members' names and signatures, a short explanation of why they were chosen and an appended research plan. Certification plans will be reviewed and approved by the program academic committee.<br><br>Students are expected to meet with their committee at least once per year until degree completion.<br><br>There are two preliminary examinations. The first (A) consists of a take-home exam of questions authored by the student's dissertation committee, followed by an oral exam. The student may retake the exam once if they fail on the first attempt.<br><br>The second preliminary examination (B) requires that the student write their research plan in the form of a major grant application and defend it orally before the committee.<br><br>Candidates must present broad-based evidence of general proficiency in research and the ability to conduct independent investigation as demonstrated in a written dissertation presenting original research. A final public presentation, followed by an oral exam in front of their committee and official deposit of the dissertation with the Graduate School is required. |
| Language Requirements | No language requirements. |
| Graduate School Breadth Requirement | A doctoral minor or graduate/professional certificate is not required but may be completed by students who wish to receive one. The decision to fulfill a minor or certificate should be requested at the time of certification. In general, most minors or certificates require a minimum of 9 didactic credits in a single degree program (e.g., neuroscience, population health, genetics). Focused minors or certificates usually require approval from the related program or department and may involve additional rules or credits. Check with the program in which you have an interest early in the process. |

## REQUIRED COURSES

Choose your coursework in consultation with your major professor. The Graduate School requires a minimum of **32** total credits prior to taking the Comparative Biomedical Sciences prelim B and **51** credits to earn the degree (any combination of didactic or lab courses, seminars and research).

- 20 didactic credits.
- PhD students must register for four semesters of PATH-BIO 930 Advanced Seminar and present twice after the first two semesters. One presentation must be completed prior to passing to dissertator status. The second presentation may take place after reaching dissertator status, but no later than the semester prior to the student's dissertation defense. PhD students will take the course P/S/U (Progress/Satisfactory/Unsatisfactory) unless they are presenting.
- 27 Research 990 credits (minimum, unless you take more didactic or laboratory courses.)

### Approved and Recommended Courses

The following is a list of core courses taken by many students and recommended courses that are appropriate to specific research areas. These courses are suggestions only. The student and their committee ultimately decide the best coursework plan for each student's specific program, with final approval from the program's academic committee. Students are responsible for determining that the coursework chosen meets the Graduate School's criteria for graduate work.

## POLICIES

# GRADUATE SCHOOL POLICIES

The Graduate School's Academic Policies and Procedures (https://grad.wisc.edu/acadpolicy/) serve as the official document of record for Graduate School academic and administrative policies and procedures and are updated continuously. Note some policies redirect to entries in the official UW-Madison Policy Library (https://policy.wisc.edu/). Programs may set more stringent policies than the Graduate School. Policies set by the academic degree program can be found below.

# MAJOR-SPECIFIC POLICIES

## PRIOR COURSEWORK

### Graduate Credits Earned at Other Institutions

With program approval, students may transfer up to 9 credits of advanced graduate coursework from other institutions. These courses may not be used toward the Graduate School's minimum residence credit requirement. Coursework earned ten or more years prior to admission to the doctoral degree is not allowed to satisfy requirements.

### Undergraduate Credits Earned at Other Institutions or UW-Madison

With program approval, students may transfer up to 7 credits of advanced undergraduate coursework taken at UW–Madison. These courses must meet the Graduate School's criteria as graduate-level coursework and may not be used toward the 50% graduate coursework requirement unless numbered 700 or above. Credits earned at other institutions do not transfer. Coursework earned ten or more years prior to admissions to the doctoral degree is not allowed to satisfy requirements.

### Credits Earned as a Professional Student at UW-Madison (Law, Medicine, Pharmacy, and Veterinary careers)

Refer to the Graduate School: Transfer Credits for Prior Coursework (https://policy.wisc.edu/library/UW-1216/) policy.

### Credits Earned as a University Special Student at UW–Madison

With program approval, students may transfer up to 9 credits of coursework numbered 400 or above taken as a University Special student. These credits would not be allowed to count toward the 50% graduate coursework minimum unless numbered 700 or above or are taken to meet the requirements of a capstone certificate and has the "Grad 50%" designation. Coursework earned ten or more years prior to admission to the doctoral degree is not allowed to satisfy requirements.

(Students may transfer up to the maximum number of credits of prior coursework designated in each category.)

## PROBATION

Refer to the Graduate School: Probation (https://policy.wisc.edu/library/UW-1217/) policy.

## ADVISOR / COMMITTEE

All students must have an advisor prior to final admission unless offered a rotation. A dissertation committee consisting of five members, the advisor plus two program trainers and two outside members, must be chosen by the end of the first year. The fifth member may be a scientist, industry expert, or member of the faculty from UW-Madison or from another institution. All committee members of your final oral examination committee will be designated as readers.

## CREDITS PER TERM ALLOWED

15 credit maximum. Refer to the Graduate School: Maximum Credit Loads and Overload Requests (https://policy.wisc.edu/library/UW-1228/) policy.

## TIME LIMITS

Certification should be completed by the end of the first year of enrollment.

Preliminary examination A should be taken by the end of the second year.

Preliminary examination B should be taken by the end of the third year.

A candidate for a doctoral degree who fails to take the final oral examination and deposit the dissertation within five years after passing preliminary examination B may be required to take another preliminary examination to be admitted to candidacy a second time.

Refer to the Graduate School: Time Limits (https://policy.wisc.edu/library/UW-1221/) policy.

## GRIEVANCES AND APPEALS

These resources may be helpful in addressing your concerns:

- Bias or Hate Reporting (https://doso.students.wisc.edu/bias-or-hate-reporting/)
- Graduate Assistantship Policies and Procedures (https://hr.wisc.edu/policies/gapp/#grievance-procedure)

- Hostile and Intimidating Behavior Policies and Procedures (https://hr.wisc.edu/hib/)
  - Office of the Provost for Faculty and Staff Affairs (https://facstaff.provost.wisc.edu/)
- Employee Assistance (http://www.eao.wisc.edu/) (for personal counseling and workplace consultation around communication and conflict involving graduate assistants and other employees, post-doctoral students, faculty and staff)
- Employee Disability Resource Office (https://employeedisabilities.wisc.edu/) (for qualified employees or applicants with disabilities to have equal employment opportunities)
- Graduate School (https://grad.wisc.edu/) (for informal advice at any level of review and for official appeals of program/departmental or school/college grievance decisions)
- Office of Compliance (https://compliance.wisc.edu/) (for class harassment and discrimination, including sexual harassment and sexual violence)
- Office Student Assistance and Support (OSAS) (https://osas.wisc.edu/) (for all students to seek grievance assistance and support)
- Office of Student Conduct and Community Standards (https://conduct.students.wisc.edu/) (for conflicts involving students)
- Ombuds Office for Faculty and Staff (http://www.ombuds.wisc.edu/) (for employed graduate students and post-docs, as well as faculty and staff)
- Title IX (https://compliance.wisc.edu/titleix/) (for concerns about discrimination)

If a student feels unfairly treated or aggrieved by faculty, staff, or another student, the University offers several avenues to resolve the grievance. Students' concerns about unfair treatment are best handled directly with the person responsible for the objectionable action. If the student is uncomfortable making direct contact with the individual(s) involved, they should contact the advisor or the person in charge of the unit where the action occurred (program or department chair, section chair, lab manager, etc.). For more information see the Graduate School Academic Policies & Procedures: Grievances & Appeals: https://grad.wisc.edu/acadpolicy/#grievancesandappeals

Procedures for proper accounting of student grievances:

1. The student is encouraged to speak first with the person toward whom the grievance is directed to see if a situation can be resolved at this level.
2. Should a satisfactory resolution not be achieved, the student should contact the program's Grievance Advisor or Director of Graduate Study to discuss the grievance. The Grievance Advisor or Director of Graduate Study will facilitate problem resolution through informal channels and facilitate any complaints or issues of students. The first attempt is to help students informally address the grievance prior to any formal complaint. Students are also encouraged to talk with their faculty advisors regarding concerns or difficulties if necessary. University resources for sexual harassment, discrimination, disability accommodations, and other related concerns can be found on the UW Office of Compliance website (https://compliance.wisc.edu/).
3. If the issue is not resolved to the student's satisfaction, the student can submit the grievance to the Grievance Advisor in writing, within 60 calendar days of the alleged unfair treatment.
4. On receipt of a written complaint, a faculty committee will be convened by the Grievance Advisor to manage the grievance. The program faculty committee will obtain a written response from the person toward whom the complaint is directed. This response will be shared with the person filing the grievance.
5. The faculty committee will determine a decision regarding the grievance. The Grievance Advisor will report on the action taken by the committee in writing to both the student and the party toward whom the complaint was directed within 15 working days from the date the complaint was received.
6. At this point, if either party (the student or the person toward whom the grievance is directed) is unsatisfied with the decision of the faculty committee, the party may file a written appeal. Either party has 10 working days to file a written appeal to the School/College.
7. Documentation of the grievance will be stored for at least 7 years. Significant grievances that set a precedent will be stored indefinitely.

### OTHER

Most students must be accepted by a major professor in the Comparative Biomedical Sciences Graduate Program before they can be fully admitted to the program. Rotations are offered to a limited number of entering students (1–2) in the fall semester.

## PROFESSIONAL DEVELOPMENT

# PROFESSIONAL DEVELOPMENT

### GRADUATE SCHOOL RESOURCES

Take advantage of the Graduate School's professional development resources (https://grad.wisc.edu/pd/) to build skills, thrive academically, and launch your career.

## LEARNING OUTCOMES

# LEARNING OUTCOMES

1. Articulates, critiques, or elaborates the theories, research methods, and approaches to inquiry and/or schools of practice in the field of study.
2. Articulates sources and assembles evidence pertaining to questions or challenges in the field of study.
3. Assesses and/or applies methodologies and practices in the field of study.
4. Articulates challenges involved in practicing the field of study, elucidates its leading edges, and delineates its current limits with respect to theory, knowledge, and/or practice.
5. Appreciates the implication of the primary field of study in terms of challenges, trends, and developments in a broader scientific context.
6. Initiates, assembles, arranges and/or reformulates ideas, concepts, designs, and/or techniques in carrying out a project beyond conventional boundaries.
7. Engages diverse cultural, historical or scientific perspectives and articulates how these perspectives contribute to a project, paper or performance.
8. Demonstrates abilities to apply knowledge through critical thinking, inquiry, and analysis to solve problems, engage in scholarly work, and/or produce creative products.
9. Evaluates, assesses or refines information resources or an information base within the field.

10. Communicates clearly in styles appropriate to the field of study.
11. Develops hypothesis, creates research, scholarship or performance that makes a substantive contribution to the field of study.
12. Demonstrates breadth within their learning experiences.
13. Implements methodologies and/or practices to test hypotheses and illustrates the implications of the experimental outcome to the field of study and its relationship to allied fields.
14. Develops new concepts and methodologies and/or identifies new research opportunities.
15. Communicates complex and/or ambiguous ideas clearly.
16. Evaluates the implications of one's own scholarship/research/performance to broader scientific advancement.
17. Recognizes and applies ethical conduct and professional guidelines.
18. Fosters ethical conduct and professional guidelines.
