## 1

## SCIENCE COMMUNICATION, CERTIFICATE

## LEARNING OUTCOMES

## **LEARNING OUTCOMES**

- Apply knowledge in theoretical and applied communication to help meet society's biggest challenges in science and technology.
- Discuss the interdependencies among individuals and their workplaces, communities, environments, and world; and the interrelationships between science and society.
- Communicate effectively across media and a broad range of audiences.
- 4. Collaborate with others in small and large groups, demonstrating an appreciation for diverse views and a strong sense of personal and professional ethics.
