DEGREES/MAJORS/CERTIFICATES

Undergraduate programs are offered in the areas listed below. Upon successful completion of a program leading to certification, candidates are certified in their respective subject and grade level and become eligible for a Wisconsin teaching license obtained through the Wisconsin Department of Public Instruction.

Note: Students at UW–Madison become certified to teach secondary English, Mathematics, Science, Social Studies, and World Languages only through graduate-level coursework, not as undergraduates. Information about the Master's degree program is available at UW–Madison Teach (<https://uwteach.education.wisc.edu/>).
