

CURRICULUM AND INSTRUCTION

The Department of Curriculum and Instruction is one of the premier research and teaching departments devoted to understanding the complex world of teaching, learning, curriculum, and policy. Faculty pursue a diverse array of research combining experience in schools with expertise drawn from a range of disciplinary fields. This world-class research is the foundation of its work preparing future teachers and the next generation of educational researchers.

Undergraduate degree programs offered by the department include Elementary Education (<http://guide.wisc.edu/undergraduate/education/curriculum-instruction/elementary-education-bse/>) and Communication Sciences and Disorders (<http://guide.wisc.edu/undergraduate/education/curriculum-instruction/communication-sciences-disorders-bse/>).

Students interested in Elementary Education can pursue one of five dynamic certification options:

- **Kindergarten through Ninth Grade** - Students completing this core program option will be certified to teach general education at the grade levels of K-9 and will also be eligible to teach in a 4K classroom.
- English as a Second Language (ESL) K-12 (<http://guide.wisc.edu/undergraduate/education/curriculum-instruction/english-second-language-minor/>) **and** Kindergarten through Ninth Grade (<http://guide.wisc.edu/undergraduate/education/curriculum-instruction/elementary-education-bse/elementary-education-kindergarten-9th-grade-bse/>) - A minor in English as a Second Language can be added to the core K-9 program. Students selecting this combination will be certified to teach general education at the grade levels of K-9 (including eligibility for 4K) **and** English as a Second Language in grades K-12.
