

EDUCATIONAL POLICY STUDIES, CERTIFICATE

The Educational Policy Studies Certificate was designed specifically for undergraduate students from across the campus. The certificate features multidisciplinary courses in the history, sociology, anthropology, economics, and philosophy of education, comparative and international education, and educational equity. Courses in policy analysis emphasize the socio-economic context and implications of policy decisions on equity, justice, and well-being. The completion of this certificate highlights a student's interest in the multiple dimensions of educational studies.
