

ELEMENTARY EDUCATION AND SPECIAL EDUCATION, BSE

LEARNING OUTCOMES

1. Use knowledge of learners and human development to create responsive, inclusive, and respectful learning activities and environments that maximize learners' cognitive, linguistic, social, emotional, and physical development.
2. Use knowledge of learners, contexts, disciplines, pedagogies, and standards to plan and adjust developmentally appropriate and challenging learning activities and assessments.
3. Use knowledge of learners, contexts, disciplines, pedagogies, and standards to implement planned and unplanned developmentally appropriate, challenging, and learner-responsive learning activities and maintain safe, inclusive, and respectful learning environments.
4. Create and implement meaningful assessments and use assessment results to inform instruction, communicate with parents and others, and provide feedback to learners to guide their future performance and learning.
5. Exhibit professionalism and adhere to ethical practices as they continue their own development and collaborate with others to improve their profession, school communities, and outcomes for students and families.
6. Use studies completed in science and mathematics, social sciences, the humanities, histories, languages, and the arts to inform and deepen their teaching of content areas and meeting learners' needs.
