

POLISH, B.S.

Polish is the most commonly spoken Slavic language of the European Union and the second largest Slavic language in the world, with over 50 million users across the globe. Polish culture has a remarkably rich tradition, shaped by a millennium of artistic and intellectual innovation as well as struggles for political, social, and cultural independence. Poland survived the two world wars and half a century of communist rule to emerge as a regional leader in East-Central Europe, the fastest-growing economy in the EU, and home to one of the most vibrant cultural scenes in the world. Polish diaspora counts among the largest in the world with major concentrations in the US, Canada, the UK, Germany, and France.

The Polish major offers courses in the Polish language, literature, culture, politics, and one of the most intricate, fascinating histories in Europe, providing the knowledge and skills for successful careers in business, politics, diplomacy, arts, translation, international law, environmental science, journalism, national security, tourism, and cultural services.

HOW TO GET IN

To declare a major in Polish, students should make an appointment with or email the undergraduate advisor.

REQUIREMENTS

UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. - Develop and apply critical thinking skills inherent in the liberal arts tradition in the context of Slavic studies.
- Analyze and interpret works of literature in themselves and in the context of specific historical and cultural conditions.
- Demonstrate insight into Polish culture and civilization and apply this knowledge across disciplines such as history, political science, the arts, geography, business, economics, sociology, the sciences, gender studies, philosophy, law, folklore.

FOUR-YEAR PLAN

SAMPLE FOUR-YEAR PLAN

This Sample Four-Year Plan is a tool to assist students and their advisor(s). Students should use it—along with their DARS report, the Degree Planner, and Course Search & Enroll tools—to make their own four-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests. As students become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, they might adjust the order of their courses to accommodate these experiences. Students will likely revise their own four-year plan several times during college.

ADVISING AND CAREERS

ADVISING AND CAREERS

Elementary courses in Polish are designed to meet the needs of students who begin to study the language in college, as well as those who began to study the language in high school. One unit (year) of high school coursework is roughly equivalent to one semester of college work; all incoming students, however, who want to continue their study of Polish are assigned to courses on the basis of placement tests. These tests may admit a student to a more advanced course, but give no credit toward graduation. However, retroactive credits can be granted in recognition of previous language study. L&S Retro Credit Policy (<https://kb.wisc.edu/lc/page.php?id=23736>).

L&S CAREER RESOURCES

Every L&S major opens a world of possibilities. SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps students turn the academic skills learned in their major, certificates, and other coursework into fulfilling lives after graduation, whether that means jobs, public service, graduate school or other career pursuits.

In addition to providing basic support like resume reviews and interview practice, SuccessWorks offers ways to explore interests and build career skills from their very first semester/term at UW all the way through graduation and beyond.

Students can explore careers in one-on-one advising, try out different career paths, complete internships, prepare for the job search and/or graduate school applications, and connect with supportive alumni and even employers in the fields that inspire them.

- SuccessWorks (<https://careers.ls.wisc.edu/>)
- Set up a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Enroll in a Career Course (<https://successworks.wisc.edu/career-courses/>) - a great idea for first- and second-year students:
