

FRESHWATER AND MARINE SCIENCES, CERTIFICATE

ADVISING AND CAREERS

ADVISING AND CAREERS

Talk with the certificate advisor about selecting courses from the certificate's options to fit your own interests and goals. Current UW–Madison students should use Starfish to schedule an appointment with Kelin Boldiis, the Freshwater and Marine Sciences Certificate Advising Manager: iBio Starfish (<https://wisc.starfishsolutions.com/starfish-ops/dl/instructor/serviceCatalog.html?bookmark=connection/78583/schedule>).

Freshwater and Marine Sciences certificate students gain experience that prepares them for graduate study and/or careers such as limnology, water resource management, and marine biology. Career paths include water resources policy and management with local, state, or federal agencies, conservation groups, teaching and academic research, and private industry.

SUCCESSWORKS

SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps you turn the academic skills learned in your classes into a fulfilling life, guiding you every step of the way to securing jobs, internships, or admission to graduate school.

Through one-on-one career advising, events, and resources, you can explore career options, build valuable internship and research experience, and connect with supportive alumni and employers who open doors of opportunity.

- What you can do with your major (<https://successworks.wisc.edu/what-you-can-do-with-your-major/>) (Major Skills & Outcomes Sheets)
- Make a career advising appointment (<https://successworks.wisc.edu/make-an-appointment/>)
- Learn about internships and internship funding (<https://successworks.wisc.edu/finding-a-job-or-internship/>)
- Try “Jobs, Internships, & How to Get Them,” (<https://successworks.wisc.edu/canvas/>) an interactive guide in Canvas for enrolled UW–Madison students
