

INTEGRATIVE DESIGN OF BUILT AND NATURAL ENVIRONMENTS, CERTIFICATE

HOW TO GET IN

Undergraduate students from across campus are encouraged to consider completing the Certificate. To declare the Certificate in Integrative Design of Built and Natural Environments through the Department of Planning and Landscape Architecture, students must have completed at least one class that meets Certificate requirements, or be enrolled in at least one class in the current or upcoming semester that meets Certificate requirements. Students pursuing the program are encouraged to declare as early as possible so that they can best align the coursework with their interests. Students can declare the program by scheduling an appointment with the Department of Planning and Landscape Architecture Undergraduate Academic Advising Manager, or by filling out the online declaration form on the Department of Planning and Landscape Architecture website.

Students declared in the certificate should plan to complete the program before, or alongside, their degree and major requirements, as they are not able to extend their time on campus to complete a certificate.
